TO : R. E. Lenihan

DATE: 1-30-64

FROM : W. A. Branigan

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

On 1-29-64 I called SAC Shanklin of the Dallas Office and advised him that members of the President's Commission had today reviewed a portion of the evidentiary material which is maintained in the Bureau Laboratory. SAC Shanklin was advised that the Commission had made the following requests:

(1) Dallas should send as soon as possible all of the outer shirts owned by Oswald (outer shirt was distinguished from a T-shirt or undergarment.)

(2) Dallas should send all of the trousers owned by Oswald.

(3) Dallas should send all of the shoes owned by Oswald.

(4) Dallas should send all jackets owned by Oswald.

Dallas Office was instructed with respect to the photographs, negatives and post cards, etc., to submit a copy of each that had been submitted to Marina Oswald, which photographs, etc., would be properly numbered according to the Dallas inventory system. Dallas was also instructed to identify the investigative report and the page number where it was explained that a particular photograph was shown to Marina Oswald and her identification of it.

SAC Shanklin was instructed to immediately furnish the book in which the Walker letter had been located. Dallas was advised the following items were of particular interest to the members of the Commission and they had requested to be advised in what reports and on what pages these items were set forth. Dallas

was advised that if they had not included the item in a report the Bureau should be informed in order that a translation or a copy could be obtained here at the Seat of Government. The items were as follows:

No. 95	No. 220 thru 224
107	226 thru 230
108	256
109	259
112	268

Dallas was instructed to have the above request handled as soon as possible since the Commission was interested in having the material when they questioned Marina Oswald, which they expected to do on February 3, 1964.

At approximately 12:30 p.m. on January 30, SAC Shanklin was advised that the Commission had changed its mind and that it would not be necessary to show the report and page where the specific items of interest to the Commission were reported. Mr. Shanklin was advised that they would accept the translation or summary of the translation prepared at Seat of Government and would not cross-reference it to the investigative report. Mr. Shanklin stated that they had prepared the material as requested by the Bureau, but would hold it at the Dallas Office for possible future use.

On January 29 and 30, 1964, members of the staff of the President's Commission met with representatives of the Laboratory and the Domestic Intelligence Division to go over each item of evidence being retained by the FBI Laboratory in this case. During these meetings, the Commission's staff indicated the Commission planned to interview Marina Oswald February 3, 4 and 5, 1964. The Commission members stated it would be very much appreciated by the Commission if the Bureau would identify for the Commission the location in Bureau reports previously furnished the Commission specific information pertaining to certain items of evidence. It was requested that such data be orally furnished Mr. Willens by Inspector Malley of this Bureau for relaying to Professor Eisenberg of the Commission.

In accordance with the Commission's request, this data has been assembled and is set out below by FBI Laboratory item number and location in Bureau reports, for furnishing to Mr. Willens by Mr. Malley. (These item numbers are arbitrary numbers assigned by the Laboratory to the evidence for control purposes. As set forth in Mr. Jevons' memorandum to Mr. Conrad 1/30/64, the Commission representatives have indicated on an appropriate listing those item numbers in which they are currently interested.)

During the evening of 1-30-64 SAC Gordon Shanklin, Dallas, was furnished the following requests which were received from members of the President's Commission:

1. In addition to all outer garments and shoes of Oswald requested by the Commission 1-29-64, the Commission on 1-30-64 requested to be furnished all outer garments and shoes which were worn by subject at time of his arrest.

If Dallas has previously furnished these latter items to Bureau, identify by Dallas item number and identify page number in Dallas report which sets out results of Laboratory examination. If these items are in custody of Dallas Police Department being held for Ruby trial, advise Bureau and take no steps to obtain them at this time.

2. See page 292 of Dallas report 12-10-63. The Commission requested it be furnished the replica sack which was made to appear similar to the original sack found on the sixth floor of the Texas School Book building.

3. The Commission noted that Dallas Item 107 was a "No Admittance" sign. The Commission requested to be furnished further information about the sign in order that they could determine the significance of the sign. For example, they inquired to know where the sign was found, whether it was in the home, the garage, or his rooming house. Dallas was instructed to furnish this information by teletype so that it in turn could be relayed to the Commission.

Hon. Earl Warren
Chief Justice
Washington 25, D. C.

Dear Mr. Chief Justice:

I am addressing you in your capacity of Chairman of the Presidential Commission investigating the assassination of President Kennedy, to suggest what might possibly be significant evidence in the case against Lee Harvey Oswald.

Being a historian by profession, specializing in the history of the United States, I have extensively studied the long history of Presidential assassinations. In every case, until November 22, 1963, the weapon used, for the obvious reason of concealment, was a pistol. Oswald, however, used a rifle. What, I asked myself on learning the shocking news of last November, gave him the idea that he could use a rifle with any chance whatever of hitting the Presidential target? The answer might be that Oswald saw a motion picture entitled "Suddenly." This movie, made by United Artists and released in September 1954, starred Frank Sinatra as an assassin hired by a foreign power. He commandeered a house overlooking a railroad station where the President was scheduled to stop and stroll along the platform. The assassin planned to draw bead on the President through a telescopic sight. In the story, the FBI discovered the plot, and the President's train did not stop.

If it could be proved that Oswald saw this movie, either in a theatre or on television (where I saw it), such evidence would greatly strengthen the case. Your Commission could interrogate Mrs. Oswald on this point, as well as subsequent witnesses who were close to L. H. Oswald. Also, the Commission could easily learn by investigation when and where "Suddenly" was publicly shown, and thus determine whether Oswald could have seen the picture and been motivated by it to buy a telescopic rifle from the Chicago mail-order house, even if positive evidence of that cannot be established.

PRESIDENT'S COMMISSION
ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11-22-63
DALLAS, TEXAS

SAC Gordon Shanklin, Dallas, called at 7:00 p.m., and requested a description of the slip of paper which the Laboratory had found in the personal clothing of Lee Harvey Oswald. SAC Shanklin indicated he had talked with Mr. Malley concerning this.

Shanklin was told that the writer had not seen the slip nor did he have a description of it other than a write-up of the numbers contained thereon. Shanklin indicated that it was not urgent and that he would proceed without requested description. He said that a jailer had made a statement concerning ripping a piece of paper from a telephone pad and Shanklin was trying to resolve whether this might have been the slip of paper in question.

Re telephone call from Bureau 2/1/64.

The following items of clothing worn by LEE HARVEY OSWALD at the time he was shot by JACK RUBY have been obtained from the Crime Laboratory of the Dallas Police Department at Parkland Hospital by SA VINCENT E. DRAIN:

1 - Black Slip-on sweater - cut open
1 - Undershirt - cut open
1 - Shirt - cut open
1 - Pair of dark colored trousers
1 - Pair of dark colored socks
1 - Pair of Black slip-on shoes

It is noted that according to the Police, the trousers and shoes in this listing are the same trousers and shoes he was wearing at the time he was arrested.

It is noted that the Deputy Police Chief, CHARLES BATCHELOR, who authorized release of this material to the FBI, has requested that it be returned to the Dallas Police Department by SA DRAIN as soon as possible.

District Attorney HENRY WADE was also contacted and he has stated he is perfectly agreeable for the material to be taken and exhibited to the Commission but he could not authorize their retaining same as he will definitely have to have the material in the trial of RUBY and it is necessary that he have this material in his possession by February 11, 1964.

The "CH-7" had been crossed through. All numbers appeared to have been written with a ball-point pen with the exception of the "RI-8-9711" which was written with a pencil. The significance of these numbers is unknown to the Laboratory.

The items of clothing listed above were examined for visible and invisible laundry or dry cleaners markings but none were found. All items appeared to be of domestic manufacture with the exception of the shoes which were manufactured in Japan.

The above-listed items were photographed and returned to SA Vincent E. Drain on 2/2/64. Eight photographs of the above are attached for your information.

Memorandum

TO : Mr. W. C. Sullivan

DATE: 2/2/64

FROM : W. A. Branigan

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

In connection with our interviews of Marina Oswald, wife of Lee Harvey Oswald, we have been exhibiting to her copies of photographs which were furnished the Bureau by the Dallas police as a result of its search of Oswald's residence at 1026 Beckley Street, Dallas, and at the Paine residence, Irving, Texas.

During our interview with Marina Oswald on 1/31/64 she identified four photographs which she felt depicted a residence possibly that of General Edwin Walker in Dallas. Marina Oswald stated she never saw Walker's house and could not recognize it from photographs. However, she stated Lee Oswald had told her he had taken a photograph of the Walker house and therefore she felt the instant four photographs of a residence might be those of Walker's home.

Two Dallas Agents, through visual observation, determined that two of the photographs identified by Marina Oswald as possibly being those of the Walker residence are actually photographs of Walker's home.

Copies of all photographs displayed to Marina Oswald by Dallas on 1/31/64 along with a memorandum setting forth identifying data furnished by Marina Oswald concerning each picture shown her were furnished the President's Commission by Inspector Malley, Sunday, February 2, 1964.

ACTION:

Attached is a letter to the Commission confirming delivery by Inspector Malley to the Commission the photographs and the identifying memoranda described above.

Re: LEE HARVEY OSWALD, aka

Specimens received 1/29/64

K61 Keystone Auto Zoom, Model K-810, 8 mm movie camera #5094T in black leather carrying case

Result of examination:

It was determined that the average film speed of the K61 camera is approximately 18.5 frames per second. This average does not include the last 5 seconds of running time of the camera, since the camera slows down during the last 5 seconds. When the last portion is considered, the average running time of the camera is 17.825 frames per second. Since the pertinent portions of Mr. Nix's assassination film were exposed prior to the last 5 seconds of running time, the 18.5 frames per second average film speed is the most realistic figure to use in relation to the assassination portion of this film.

The K61 camera is being temporarily retained for such additional tests as may be needed.

(OO DL)

Re telephone call from Section Chief WILLIAM BRANIGAN at the Bureau to SAC SHANKLIN, Dallas, 1/31/64, requesting that certain numbered photographs be shown to MARINA OSWALD for identification purposes.

There are enclosed for the Bureau 10 copies of a letterhead memorandum concerning an interview with MARINA OSWALD on 1/31/64, in which she furnishes identifications where known, of photographs appearing in Item Nos. 1 through 65, 70, 276, 287, 367, 368, 369 and 370. Each item, in addition to having the item number written on the front in ink (which was done at the Bureau), is also identified by the same item number on the back. Where there is more than one photograph depicted in a numbered item, the individual photograph is assigned a photograph number, i.e., "P 1."

In addition to the above-listed item numbers, there is being forwarded to the Bureau Item 107, which is a photograph of the "No Admittance" sign. This photograph was also shown to MARINA OSWALD, and her comments concerning it are contained in the enclosed letterhead memorandum.

LEE HARVEY OSWALD

MARINA OSWALD was interviewed by Special Agents RICHARD L. WIEHL and WALLACE R. HEITMAN at her place of residence, 11611 Farrar Street, Dallas, Texas, on January 31, 1964. During this interview, a number of photographs were exhibited to her, which photographs are identified by item number and photograph number, i.e., "Item 1, P 1." Photographs depicted on Item Nos. 1 through 65, 70, 276, 287, 367 through 370, as well as 107, were shown to MARINA OSWALD.

MARINA OSWALD identified these photographs, where known, as follows:

ITEM 1:

P 1: Subject matter unknown. Probably taken by LEE HARVEY OSWALD while in U. S. Marine Corps as photograph shows date of December 1958.

P 2: Believed to be JOHN PIC, half-brother of OSWALD.

P 3: Office building in Minsk.

P 4: Unknown.

P 5: Unknown. It is possible that the building on the extreme left is General WALKER's house at Dallas because LEE HARVEY OSWALD told her that he had taken photographs of WALKER's house and she is not familiar with the scene herein depicted. To her knowledge, she has not seen the WALKER house.

P 6: Unknown.

LEE HARVEY OSWALD

MARINA OSWALD was interviewed by Special Agents RICHARD L. WIEHL and WALLACE R. HEITMAN at her place of residence, 11611 Farrar Street, Dallas, Texas, on January 31, 1964. During this interview, a number of photographs were exhibited to her, which photographs are identified by item number and photograph number, i.e., "Item 1, P 1." Photographs depicted on Item Nos. 1 through 65, 70, 276, 287, 367 through 370, as well as 107, were shown to MARINA OSWALD.

MARINA OSWALD identified these photographs, where known, as follows:

ITEM 1:

P 1: Subject matter unknown. Probably taken by LEE HARVEY OSWALD while in U. S. Marine Corps as photograph shows date of December 1958.

P 2: Believed to be JOHN PIC, half-brother of OSWALD.

P 3: Office building in Minsk.

P 4: Unknown.

P 5: Unknown. It is possible that the building on the extreme left is General WALKER's house at Dallas because LEE HARVEY OSWALD told her that he had taken photographs of WALKER's house and she is not familiar with the scene herein depicted. To her knowledge, she has not seen the WALKER house.

P 6: Unknown.

The office of the Attorney General made available to the Bureau for any action deemed desirable a copy of a letter that was sent to the Attorney General from one General Protero, Apartado, Number 20, Amadora, Portugal. In this letter General Protero identifies himself as a former communist leader who repudiated communism and is residing in Portugal under protection of authorities. He indicated he is writing an article entitled "Oswald Didn't Killed Kennedy Bret, Yes, ..???" "The Yellow Danger." Protero requested he be furnished the name of an American book publisher who would publish his book. Protero's letter to the Attorney General was in the English language.

A check of Bureau files disclosed that we received a request from J. Lee Rankin, General Counsel of the Commission, dated 1/6/64 forwarding a letter in the Spanish language to the Bureau for its translation. This letter was from General Protero of the same address as above and contents of the letter were almost identical to the letter Protero wrote to the Attorney General. A translation of this letter was sent to Mr. Rankin by letter dated 1/8/64 in order that the Commission could evaluate its contents in accordance with Mr. Rankin's request.

OBSERVATIONS:

Ordinarily upon receipt of a letter such as this from the Department, we would instruct the Legat in Paris to identify General Protero through sources available to him and to interview Protero for any information latter might possess bearing on the assassination of President Kennedy. However, inasmuch as the Commission already has received such data for evaluation, it appears the Commission may have requested the Central Intelligence Agency or another Government agency to run out the necessary investigation abroad. In view of this it is felt Inspector Malley should contact Mr. Rankin and ascertain if the Commission desires this Bureau to conduct any further investigation regarding the information furnished by General Protero.

ACTION:

Inspector Malley should contact Rankin in line with the above observation.

PRESIDENT'S COMMISSION

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11-22-63
DALLAS, TEXAS

CONFIDENTIAL

Lee Oswald

In response to a request from Mr. J. Lee Rankin, Malley attended a meeting which was scheduled at the offices of the President's Commission at 4:00 p.m., today. The meeting actually commenced about 4:35 p.m., and those present consisted of Chief Justice Earl Warren, Richard Helms of the Central Intelligence Agency (CIA), Tom Bellem of the Treasury Department, Inspector Tom Kelly of the Secret Service and Mr. Rankin.

Chief Justice Warren stated that the purpose of the meeting was to consider information now available as a result of investigation relating to Oswald's activities in foreign countries to determine if there was any way to prove or disprove the information now available. Chief Justice Warren stated that he had in mind that there might be some way of talking to individuals that had lived in some of these countries or any other sources that would know whether or not it was possible the information received is correct.

At this point the members present were told that the FBI desired to cooperate in every way possible with this investigation. In any instance where information had been developed by the Bureau which would be of value in a particular situation, we would like to be advised so that we could look it over.

Helms stated at this point that it would not be necessary to necessarily turn over any written record for examination, but that in many instances it could probably be accomplished by merely furnishing some facts, without identifying the sources to these individuals, to see if a verification could be obtained.

The group was again told that the FBI would be glad to assist in any way possible, and as soon as a specific instance was made known to us it would be checked.

Following this discussion, Mr. Rankin stated that he believed that all the agencies represented were more than desirous of cooperating

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA

Memorandum of 1/28/64 from Branigan to Sullivan set forth information concerning a letter directed to the Attorney General from one General Protero, Apartado, Number 20, Amadora, Portugal.

This matter was discussed with Mr. Howard P. Willens of the President's Commission staff in the absence of Mr. Rankin. Mr. Willens advised that a more recent letter had been received from General Protero wherein he made a request of the Commission to take certain action in connection with the United Nations. He advised that the Commission had taken no action to have any further check made on this matter and that the Commission did not intend to initiate any investigation in this matter. Mr. Willens advised the Commission would leave it to the judgment of the Bureau as to whether or not any further action should be taken.

ACTION:

Inasmuch as there is some investigation which can be done concerning this matter, appropriate inquiry should be made in order that it can be completely resolved. Appropriate inquiry should therefore be made through Legat in Paris to handle this matter.

On January 28, 1964, Mr. J. Lee Rankin, General Counsel of the Presidential Commission headed by Chief Justice Earl Warren, called to see me. He stated that the Commission had asked him to personally see me relative to a matter in which the Commission members were extremely interested.

He stated that there had appeared before the Commission, Mr. Henry M. Wade, a former Special Agent of the Bureau and who is now State District Attorney at Dallas, Texas. He stated Wade advised the Commission that he had left the Bureau with a good record and that, in fact, the Bureau had endeavored to dissuade him from leaving. (The summary on Wade, dated January 28, 1964, which is attached, does not substantiate this last statement of Wade as it will be noted that a few months after leaving the Bureau, he sought reinstatement, stating he had made a mistake in resigning, but his request for reinstatement was refused since the Bureau's request for his deferment under the Selective Service Act had already been withdrawn.)

Mr. Rankin stated that Mr. Wade indicated he had left the Bureau with an excellent record and there was no indication of any differences which he might have had with the Bureau.

Mr. Rankin stated that Mr. Wade had advised the Commission that a reporter by the name of Lonnie Hudkins of the Houston Post, Houston, Texas, had printed an article to the effect that Lee Harvey Oswald was a confidential informant or undercover agent for the FBI.

Memorandum for Messrs. Tolson, Belmont, Mohr, Sullivan, Rosen, Bailey, DeLoach

Mr. Wade further advised the Commission that Lee Harvey Oswald bore the designation of "179" as an informant of the FBI and was paid $200 a month. Apparently the Commission questioned Mr. Wade at some length about this and Mr. Wade further advised the Commission that he, Mr. Wade, while in the Bureau worked in South America for the FBI. I note from the summary attached on Wade that he had an SIS assignment at Quito, Ecuador, during 1942 and 1943. I note further that he was placed on leave without pay on June 1, 1942, and departed from Washington for Quito, Ecuador, on July 23, 1942, arriving in Quito in August, 1942. Effective September 1, 1942, he was placed on the confidential rolls. On May 20, 1943, he submitted his resignation with active duty ceasing at the close of business May 30, 1943.

Mr. Rankin stated that Wade informed the Commission that he was supplied from time to time with various sums of money by the FBI for which he did not have to account nor obtain any receipt from the person or persons to whom he disbursed the money. Mr. Wade stated to the Commission that there was no record of how such funds were spent nor for what purposes they were used by the employee of the FBI to whom the money was given. The Commission, according to Mr. Rankin, concluded that there would be no record of expenditures at Washington, D. C., or any other place in the FBI showing who were employed as confidential informants or the amount paid to them.

Mr. Rankin stated that the Commission was concerned as to how this matter could be resolved, and it was for this reason that they had asked him to see me. He stated the Commission did not desire to initiate an investigation on the outside, such as the calling of Mr. Hudkins, who was the originator of the story and from whom apparently Wade gained his first information as it might appear the Commission was investigating the FBI.

I told Mr. Rankin that I thought the Commission should immediately call Mr. Hudkins before it, place him under oath, and demand of him the source of his information. I stated that I doubted he would give it to them and would either take the position he could not recall from where he obtained it or resort to the claim that a newspaper reporter's sources are privileged.

I told Mr. Rankin further that insofar as Mr. Wade's statements were concerned as to how monies were disbursed within the Bureau, off hand I could not speak authoritatively upon the disbursement of funds during the

operation of our SIS, but I did not believe that there was any such loose administration of our funds as had been indicated. I told Mr. Rankin that I most certainly could state that at least for the last twenty years I knew Mr. Wade's statements would not hold water.

I then outlined to Mr. Rankin generally the procedures that are followed, namely, that every cent is strictly accounted for and the identity of every informant is known to and a record maintained of at the Washington headquarters of the Bureau with indications of the amount of money that is paid to him.

Mr. Rankin inquired of me as to how I would suggest this aspect be developed. I told Mr. Rankin I would be very willing to make an affidavit covering these matters or to appear in person and testify under oath as to what the facts were.

I told Mr. Rankin that Lee Harvey Oswald was never at any time a confidential informant, an undercover agent, or even a source of information for the FBI, and I would like to see that clearly stated on the record of the Commission and I would be willing to so state under oath.

I asked for and received from Mr. Belmont a memorandum as to the handling of funds within the Bureau and it does show that there has been strict accounting of our monies disbursed by the Bureau under SIS as well as subsequent to our withdrawal from SIS operations.

I would like to now have a further analysis of exactly how Wade operated and how monies were paid to him as well as a listing of the funds supplied him and what disposition he made of them. Wade has certainly grossly misinterpreted to the Presidential Commission the manner in which the Bureau operates its informants and it is the desire of the Commission and most certainly that of myself to have this clarified and the record set straight.

Mr. Rankin took occasion while he was here to express appreciation of the cooperation which has been extended by the Bureau to the Presidential Commission and how helpful the Bureau has been to it. I commented to him

January 31, 1964

Memorandum for Messrs. Tolson, Belmont, Mohr, Sullivan, Rosen, Malley, DeLoach

that I had not appreciated the what I interpreted as carping criticism of the Chief Justice when he referred to the Bureau's report originally submitted to the Commission as being a "skeleton" report and his more recent command that the Commission was engaged in filling in the "gaps" in the investigation. I stated that the report as originally prepared at the direction of the President was intended to be released as promptly as finished by the White House in order to put an end to the many rumors already in circulation which had no basis in fact and that, therefore, the report was in a narrative form unlike the usual reports which are prepared for use in prosecutions. I stated that as he well knew, we had now supplied to the Commission the so-called "raw material" which was the language of the Chief Justice and that these reports totaled over 10,000 pages and that he no doubt would receive some thousand more as the investigation was still continuing.

As soon as I receive the memorandum which I have requested above, I will want them to have the first memorandum which Mr. Belmont has submitted to me combined with such pertinent material as the memorandum which I have now requested into an affidavit which I may sign and have with me when I am called before the Presidential Commission and which I will ask the Commission to make a part of the record in addition to any statement which they request me to make or any answers to questions which they may propound.

Very truly yours,

JOSEPH GOULDEN, Reporter, "Philadelphia Inquirer," telephonically advised that he had contacted the unidentified law enforcement officer in Dallas, Texas, over the week end by telephone, who had previously told GOULDEN in Dallas that JACK LEON RUBY had gained entrance to the basement of the Dallas Police Department by posing as a TV cameraman's helper on the day that LEE HARVEY OSWALD was shot and who had also told him that LEE HARVEY OSWALD at one time had been contacted by the Federal Bureau of Investigation to become an informant. GOULDEN declined to identify the law enforcement officer after having talked to him on the telephone. He did say, however, that the officer told him that the matter was being "handled through proper channels." GOULDEN said he did not question the officer further as to what these channels were.

WADE'S ASSISTANT, ALEXANDER, WAS ALSO QUESTIONED AND HE ADVISED THAT HE HAD NO INFO AS TO OSWALD BEING AN INFORMANT OF THE FBI, CIA OR ANY GOVERNMENTAL AGENCY. HE DID POINT OUT THAT IN A NOTEBOOK OF OSWALDS, SEIZED BY THE POLICE, THAT AGENT HOSTY'S NAME WAS IN THE NOTEBOOK, ALONG WITH MANY OTHERS, IN ADDITION THE TELEPHONE NUMBER OF THE DALLAS OFFICE OF THE FBI, AND THE LICENSE NUMBER OF A CAR.

ALEXANDER STATED THAT IN addition HE TOLD CHIEF JUSTICE WARREN AND RANKIN THAT ON THE AFTERNOON OF JAN. ALEXANDER PURPORTEDLY ALLEGES THAT HE DOES NOT KNOW THE NAMES OF THESE REPORTERS.

MR. WADE ADVISED THAT HE ALSO DISCUSSED WITH RANKIN AND CHIEF JUSTICE WARREN THE FACT THAT HE WAS GOING TO HAVE TO EXAMINE THE REPORTS AT THE USA'S OFFICE AND THAT HE DEFINITELY PREFERRED TO HAVE THE REPORTS MADE AVAILABLE TO HIM. HE WAS ADVISED THAT THIS WAS A MATTER THAT HAD TO BE DETERMINED BY THE PARTICULAR DEPARTMENT, AND HE RECALLS THAT AT THIS TIME SOME MENTION WAS MADE OF THE FACT THAT THE COMMISSION HAD STILL NOT RECEIVED ANY REPORT FROM THE STATE DEPARTMENT OR CIA. HE SAID HE ALSO TOOK UP WITH THEM THE FACT THAT IT HAD BEEN INDICATED TO HIM BY MR. MILLER OF THE DEPT OF JUSTICE THAT CERTAIN INFO FROM THE FBI REPORTS MIGHT BE MADE AVAILABLE TO THE DEFENSE IN THE RUBY CASE AND HE VOICED HIS DISAPPROVAL OF THIS AND HE WAS ADVISED THAT AGAIN THIS WOULD BE UP TO THE DEPARTMENT. ReBuairtel dated 1/23/64 in the case entitled "LEE HARVEY OSWALD, aka; IS-R-CUBA," specific reference is made to paragraph 2 of this airtel.

JOSEPH ~~GOULDEN~~ TEXAS's allegations have been the source of considerable investigation in this matter. GOULDEN's 302 dated 12/10/62, as set forth in the report of SA MANNING C. CLEMENTS dated 12/14/63 at page 56 in the RUBY case, furnished his original information. GOULDEN identified the cameramen who he said allowed RUBY to carry camera equipment into the Dallas Police Department basement as being JACK RENFRO, WBAP-TV, Fort Worth, Texas, and his superior, JAMES KERR.

Page 58 of this report sets forth the interview of JACKIE D. RENFRO, and paragraph 3 indicates that he was not even in the basement of the Dallas Police Department when OSWALD was shot.

Page 10 of the report of SA MANNING C. CLEMENTS dated 12/19/63 at Dallas in the RUBY case sets forth the interview of JAMES KERR, in which KERR advised that he was not in the basement of the Dallas Police Department when OSWALD was shot.

Bureau teletype dated 12/11/63, at 4:17 PM, in the RUBY case requested interview of RENFRO and KERR on the basis of GOULDEN's information, and Dallas teletype dated 12/12/63, at 6:08 PM, set forth a summary of these interviews.

Dallas teletype dated 12/12/63, at 2:07 PM, on page 3, set forth information concerning a similar incident, probably the basis of GOULDEN's statements but inaccurately detailed. For details of this incident, refer to the report of SA MANNING C. CLEMENTS dated 12/11/63 at Dallas in the RUBY case.

Page 77 of the 12/11/63 report sets forth an interview with Dallas Police Department Officer WILBUR JAY CUTSHAW on 12/2/63, which appears to be the origin of the reported incident. CUTSHAW reported seeing three Channel 5 (WBAP TV) cameramen pushing a TV camera into the basement area shortly before OSWALD was shot. He further reported seeing two of these men pushing the camera out of the area after the shooting. These men reportedly told CUTSHAW they knew nothing of a third man helping them earlier, giving rise to the speculation that RUBY had been the third man.

The two WBAP TV cameramen have been identified as being DAVID A. TIMMONS and JOHN H. TANKERSLEY. The third man has been identified as being JAMES TURNER, also an employee of WBAP TV, but not assigned specifically to assist TIMMONS and TANKERSLEY. TURNER had, however, helped these two men briefly by helping push and steady their equipment when it appeared they were having trouble with it.

Interviews of TIMMONS, TANKERSLEY and TURNER are set forth on pages 138 through 141 of the report of SA MANNING C. CLEMENTS dated 11/30/63 at Dallas in the RUBY case.

No further action concerning GOULDEN's allegations regarding RUBY's entrance to the Dallas Police Department basement is contemplated.

1/27/64 Nation article refers to article of Lonnie Hudkins' in 1/1/64 Huston "Post", "Oswald Rumored as Informant for U. S." wherein Hudkins indicated he received information on authority of William Alexander, Assistant District Attorney, Dallas, that Agent Hosty's home and office phone and car license numbers in Oswald's possession. Hudkins quotes Henry Wade, Dallas District Attorney, saying, "It may be true but I don't think it will ever be made public as it is." We interviewed Wade and Alexander re remarks attributed them, Hudkins analysing Nation article. Attached teletype reflects data received from Wade and Alexander regarding appearance before President's Commission Washington, D. C., 1/24/64. Wade states told Commission was misquoted by reporter and had no info Oswald was informant FBI or any Government agency. Alexander stated told Commission had no information Oswald being informant FBI, CIA or other Government agency. pointed out in Oswald's notebook seized by police, Agent Hosty's name appeared along with any others also telephone number of Dallas office and license number of a car. Wade told Commission he overheard reports and some reporter said Oswald was on payroll of Government at $200 a month.

Wade discussed with Chief Justice en undesirability making FBI reports lable to defense in Ruby case. LEE HARVEY OSWALD

John Albert Kennedy, 5163 South Van Ness Avenue, Los Angeles 62, California, furnished the following information to Special Agents of the FBI on January 28, 1964.

Kennedy is an Indian. He stated that in 1930 he knew a man by the name of Bronsman who had a distillery at Villelasalle, Quebec, Canada. He could not recall the name of this distillery and was unable to furnish the first name of Bronsman.

In December, 1963, he saw an advertisement in a newspaper, the name of which he could not remember, which had in it the name of Lee Harvey Oswald. In view of the fact that Bronsman had been a bootlegger during the Prohibition Era, he wrote the name of Bronsman on the side of the article which bore Oswald's name. He then tore it out of the paper and put it in an envelope and addressed it to Earl Warren, Chief Justice of the United States, care of the United States Department of Justice, Washington, D. C.

Kennedy said that he thought that this bit of information would resolve the assassination case of Oswald. He was unable to explain why. There were long periods during the conversation in which Kennedy would sit and stare at the floor. Certain portions of his conversation were incoherent and did not deal with the question at hand.

Kennedy took this envelope to the La Tijera Post Office Substation. He put the name of George Perrin and the address 2021 West Vernon, Los Angeles, as the return address. He admitted that George Perrin was a fictitious name and that he had never known anyone by the name of Perrin. He also admitted that 2021 West Vernon was a nonexistent address.

He requested that a return receipt be had for this envelope which he addressed to Warren. He claimed that when he mailed the letter that the Postal Clerk stood on a chair and

looked out the window and took down his license number as he drove away. Subsequently, a woman called at his house making a survey and asked him if he had any children under 18 years of age. He said his was the only house on the street which was visited and he believed this was some kind of a pretext. He could not explain the reason for these actions.

Kennedy advised that he realized if he put a fictitious return address on the envelope that it would not be returned to him. He said the reason he put return receipt requested on the envelope was so that it would get "special handling."

Kennedy advised he has no information concerning the assassination of President John F. Kennedy and that both Lee Harvey Oswald and Jack Ruby are completely unknown to him.

Kennedy advised that he has been unemployed for sometime and he cannot recall when he was last employed nor the identity of his last employer. Kennedy stated that his wife supports and takes care of him.

Mrs. Dorothy M. Harrell, 2019 West Vernon, Los Angeles, advised on January 28, 1964, that there is no such number as 2021 West Vernon and to the best of her knowledge there never has been such a number.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

One Russian Language book on cooking and other useful information with green and blue binding, in which book was found the WALKER letter written by LEE HARVEY OSWALD

Q452 One gold box containing a silver-colored bracelet with the word "MARINA" engraved thereon

Result of examination:

It was concluded that the handwritten notation inside the front cover of Q348 was written by LEE HARVEY OSWALD, K3 and K4 in this case.

The bracelet Q452 was examined for cavities of possible use in espionage and none were found.

The inscription "Japan" was found stamped on the inside surface of one of the links of the bracelet. It was not possible to determine whether the bracelet was sold in the United States or a foreign country.

Rereps of SA James A. Marley, Jr., dated 12/13 and 16/63 and 1/27/64. Bureau does not desire to disseminate rerep 1/27/64 in its present form due to loose and clumsy reporting on pages 13, 14 and 15, particularly in reference to Delgado's "bragging or praising a particular food" and comments of Robinson, Gregory, and Bradford concerning their opinions of Delgado's penchant to discuss his affairs with women. Submit amended pages 13, 14, and 15 accurately setting forth results of interviews. If persons interviewed have specifics concerning whether or not Delgado exaggerates, endeavor to obtain specifics and do not include opinions as to Delgado's statements concerning his affairs with women unless specifics on which to base opinions are available.

Note that Bureau in view of repeated interviews of Delgado will have to furnish to the President's Commission on assassination copies of all reports prepared regarding interviews of Delgado. Reports in this case will be made permanent record in National Archives and, accordingly, it is imperative that they be properly prepared.

Bureau is of view that Delgado is probably prone towards exaggeration and may be overstating facts concerning his relationship and dealings with Oswald. We are particularly interested in determining if such may be the case in connection with his statements concerning his ability to teach Spanish to Oswald and his comments concerning trip to Tijuana, Mexico.

Note that in evaluating Delgado's veracity, the following appears pertinent. In all three reports Delgado refers to two individuals who went to Russia by way of Mexico and Cuba. The

12/13 report describes these individuals as two Americans who defected. The 12/16 report describes them as two "men" who "recently defected" and the 1/27 report describes them as two "Americans who had gone to Russia." In connection with these individuals, Delgado stated that about the time of one of his discussions with Oswald, the newspapers carried stories about their defection and travel to Russia. The only individuals known to the Bureau who defected together and who traveled to Russia via Mexico and Cuba were Bernon F. Mitchell and William H. Martin, employees of the National Security Agency, who defected in June, 1960. Delgado claims that his last contact with Oswald occurred in June, 1959. Recontact Delgado and endeavor to determine if the two defectors to whom he referred are Mitchell and Martin. If so, point out his obvious false statement and again press him regarding his previous statements in effort to ascertain if, in fact, he has been exaggerating. Should Delgado admit intention of referring to the Mitchell-Martin story, set this out and significance of same in next report. Please expedite.

NOTE:

The 1/27 report on indicated pages has much loose reporting, particularly, in area touching on opinions of Delgado's friends concerning his affairs with women. We do not want to furnish this to the Commission. Delgado is presently serving in Army and was in Marine Corps with Oswald. He is prone towards exaggeration and has claimed he has taught Oswald Spanish, in which he has become fluent. Delgado himself cannot write the language. His placing time of claimed pertinent discussion with Oswald about escape route to Russia via Mexico and Cuba, tieing this in with the defectors story, clearly shows he is lying on this point.

As noted in rerep, ALAN MAXWELL HIDELL, San Antonio, advised he had an uncle by the name of ALEX HIDELL operating a hardware store in Philadelphia and this individual had a son ALEX in Philadelphia.

According to THEODORE HIDELL, Manager, H. R. Hidell Hardware, Philadelphia, his uncle, ALEX HIDELL, is deceased and ALEX HIDELL, JR., his son, is operating a wholesale hardware business in Dallas, Texas.

The following investigation was conducted by SA PAUL L. SCOTT:

AT DALLAS, TEXAS:

On 1/28/64 Mrs. MARTHA KNOWLES, Hidell Hardware Company, 4507 Travis, advised WILLIAM H. HIDELL (deceased) was formerly

connected with Hidell Hardware Company, and his wife, Mrs. WILLIAM H. HIDELL, aka JACKIE HIDELL, had an interest in the company until about two years ago when her interest was purchased by KNOWLES.

WILLIAM H. HIDELL, JR., son of WILLIAM H. HIDELL (deceased), is an architect with offices at 3000 Turtle Creek Plaza, Dallas. WILLIAM H. HIDELL, JR., has never been connected with Hidell Hardware Company. TEXAS.

According to Mrs. KNOWLES, there is no ALEX HIDELL, JR., connected with this hardware company, and, to her knowledge, there has never been an ALEX HIDELL in Dallas, Texas.

On January 28, 1964, WILLIAM H. HIDELL, JR., 3000 Turtle Creek Plaza, furnished the following information concerning the HIDELL family:

His father, WILLIAM H. HIDELL, SR., (deceased) had three brothers, HENRY ROBINSON HIDELL, CHARLES MAXWELL HIDELL and ALEX HIDELL. The family name was originally HEIDELBERG but was changed to HIDELL.

WILLIAM H. HIDELL, JR., age 42, was born in Dallas, February 1922 Texas and has lived his entire life in Dallas, with the exception of a short time as a small boy in Fort Worth, Texas. His uncle, ALEX HIDELL, oldest of the four HIDELL brothers, has never been in Dallas, Texas, to his knowledge, and it is his recollection that the family lost touch with ALEX HIDELL approximately thirty years ago, at which time he was reportedly on the West Coast and had some connection with the yacht business.

WILLIAM HIDELL, JR., does not know if his uncle, ALEX HIDELL, had any children, and he has never known of an ALEX HIDELL, JR. TEXAS

In view of the above, no further investigation is being conducted by Dallas to locate ALEX HIDELL UACB.

SUBJECT: LEE HARVEY OSWALD

Mr. Melvin Eisenberg of the President's Commission called today and made inquiry as to the availability of certain items described in Agent Gamberling's report dated 12/23/63. He described these items as: (1) "Marina" bracelet (2) Paperback Spanish-English and English-Spanish Dictionary (3) Folder entitled "Rules of Betting" (4) Merriam-Webster Dictionary (5) Cookbook.

Mr. Eisenberg also requested that he be supplied with the chemical analyses of one item described as "Squibbs" tablets (Item A33 on list) and an item identified as two small brown unlabeled bottles with liquid (Item A57 on list). He was told that these results would be submitted to him.

During the telephone conversation, he also suggested that we should arrange to have all of the evidence pertaining to this case that is presently in the field sent to the Bureau where it would be available to the Commission when the need arises.

It has been ascertained that the Dallas Office has just sent the "Marina" bracelet and the cookbook to the Bureau and that Dallas is making arrangements to submit the other three items.

The Domestic Intelligence Division is making arrangements to have the field submit all items of evidence pertaining to this matter and not currently being used in connection with leads.

Mr. Eisenberg was advised that two of the items that he had inquired about are presently on the way to the Bureau and that arrangements were being made for the other three items to be submitted.

DATE: 2-3-64

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

The purpose of this memorandum is to record a request made to Mr. Melvin Eisenberg of the President's Commission with respect to items of clothing worn by Oswald at the time of his arrest.

On 2-1-64 Mr. Melvin Eisenberg, in answer to his previous request, was telephonically advised that the trousers and shoes worn by Oswald at the time of his arrest were held by the Dallas Police Department Laboratory in connection with the State of Texas' investigation of Jack Ruby. At that time, Mr. Eisenberg requested the Bureau to obtain these items from the Dallas Police Department.

After consulting with Mr. Belmont, I called Mr. Eisenberg and pointed out that in view of the fact that these items were being held in connection with the Texas prosecution of Ruby, there was a question as to the chain of evidence and we were, therefore, reluctant to make this request of the Dallas Police Department in the absence of a letter from the Commission making this request. Mr. Eisenberg advised that he would see that a letter was sent to the Bureau. This letter was received on the afternoon of 2-1-64 and the matter has since been handled.

Dear Governor Davis:

Thank you for your letter of January 16, 1964, expressing your readiness to assist the Commission in obtaining the documents requested in our letter of January 13, 1964.

We have been informed by the Federal Bureau of Investigation that our letter has resulted in certain duplication of investigative effort which we did not anticipate. It is not our desire to have any state or local officials conduct interviews relating to Lee Harvey Oswald designed to elicit new information. We recognize that such interviews have already been taken by agents of the FBI and we have no desire to duplicate the exhaustive job which that agency has already done.

Our letter of January 13, 1964, was aimed only at securing copies of the documents specified in the letter. The Commission believes that its files should maintain a complete set of educational, police or other documents related to Lee Harvey Oswald in the possession of states and localities where Oswald lived. For that reason we have sought your assistance, as well as that of other state officials.

I am glad to have this opportunity to clarify our request so as to cause as little difficulty as possible. If you believe that the FBI might be of assistance to you in complying with our request, I am confident that the New Orleans office is ready to assist you in any way.

Thank you very much for your cooperation.

(Lonnie Hudkins,
Reporter for Houston Post)

I called SAC Rightmyer of the Houston Office this morning relative to the article in "Nation" magazine, issue of 1/27/64, by Harold Feldman, entitled "Oswald and the FBI," wherein Feldman refers to an article by reporter Hudkins in the 1/1/64 issue of the Houston Post, indicating Oswald was an informant for the FBI. The Houston Office had previously sent in to us Hudkins' article and SAC Rightmyer was acquainted with it.

I told Rightmyer that we had confidential information to the effect that Hudkins was also stating that Oswald had been an informant of the FBI under Symbol #179, and was receiving $200 a month. I told Rightmyer that, as a consequence, the Houston Office should have far distant dealings with Hudkins and treat him very circumspectly, as it is apparent that he is putting out absolute lies about the FBI. Rightmyer said he would be governed accordingly.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA

The Presidential Commission on the Assassination of President Kennedy has asked by 1/23/64 letter from J. Lee Rankin, General Counsel, that we undertake additional investigation in an effort to determine Oswald's place of residence between 10/19/62, the date he reportedly moved out of the YMCA in Dallas, and 11/2/62 when he took up residence with his wife at 602 Elsbeth Street, Dallas. During this 13-day period Oswald was temporarily estranged from his wife who took up residence with a friend in Fort Worth. Oswald was in the Dallas area during this period as he was then working at the Jaggars-Chiles-Stovall Company.

The YMCA registration cards have been destroyed and while a guest register indicates he registered 10/15/62 as a transient guest he was listed as having checked out on 10/19/62. Dallas 12/8/63 report shows that when Marina Oswald again took up residence with Oswald on 11/2/62 in Dallas she was moved from her temporary residence in Fort Worth by a friend, one Gary Taylor. On that occasion Taylor also picked up Oswald at the YMCA. It accordingly appears that Oswald remained at the YMCA through 11/2/62 and the possibility exists that the record showing him to have checked out on 10/19 may have been for the purpose of changing his guest status from that of a transient to a permanent guest.

Dallas had been telephonically instructed to endeavor to definitely place Oswald between 10/19 and 11/2/62.

ACTION:

For information. This is being followed closely. You will be advised as to the results, which on receipt will be immediately furnished to the Commission.

Department of Justice
Washington, D. C.

Dear Mr. Hoover:

In connection with a phase of its proposed activity, the Commission is interested in knowing more about the residence of Lee Harvey Oswald during the 13-day period occurring between October 19, 1962, the date upon which he moved out of the YMCA at Dallas, Texas, and November 2, 1962, the date upon which he took up residence at 602 Elsbeth Street, Dallas, Texas.

We have reviewed all the information available to the Commission and have found that during the above-mentioned period, Oswald's residence is not known. Accordingly, the Commission has asked me to request of you that the Bureau undertake such steps as may be feasible in developing the desired information.

Thank you for your continued cooperation.

Sincerely,

J. Lee Rankin
General Counsel

Dear Mr. Hoover:

Enclosed you will find a carbon copy of a letter addressed

Dec. 11th, 1963
925 Royal Street
New Orleans, La., 70116

U. S. Attorney General Robert F. Kennedy
Washington, D. C.,

Dear Mr. Kennedy:

I am hesitant about writing you this letter as I do not know if the information it contains will be of any value, and at the same time unless I do, I shall always wonder if I might not have helped in some small way in the investigation of your wonderful brother's death.

Let me introduce myself first. I am a 70 year old retired newspaper woman who worked here on the Times Picayune, until 1928 when I went to New York and served variously as associate editor of Our Navy Magazine, a reporter for several years on the old Brooklyn Eagle, and for a brief time, when Stanley Walker was an editor on the New Yorker magazine I did leg work on assignments which the big brass wrote up. At other times I handled publicity for hotels, and as a volunteer for the Catholic Big Sisters, and Brotherhood Week. Mr. Harold Klein (I believe he now spells it Kline) who holds an executive office with the Manufacturers Hanover Trust Co., in Manhattan, and Mrs. Sarah DeForeest, executive Secretary of the National Layman's Committee which stages Bible Week each year and which has offices 156 Fifth Ave., will remember me, as also Mr. Thomas Deegan of Thomas Deegan Co. Inc., now publicizing the New York World's Fair.

I returned to New Orleans in 1941, serving as publicist for Pan American Airways at a time when no reporters were allowed at the airport because of war time restrictions, also as an air raid warden instructor, during which time I worked with the F.B.I on several cases.

With the above information I hope that you will realize I am not a crank, trying to get my name in the papers. What I have to tell you is this. I am a volunteer worker for our Notre Dame Seminary Library, which is located on Carrollton Ave., and particularly during the warm weather I ride a Carrollton-Poydras Street bus to get back to town. This bus leaves at the junction of South Claiborne Ave., and Carrollton. On one particular day in September, the exact date of which I cannot recall, I boarded one of these buses, probably at 2:30 pm on a week day. I know that it was after school opened, and probably around the middle of the month. I took my favorite seat on the right hand, next the window, of the first cross-wise seat in the bus, going back to the city. Either when I got on or shortly after a group of high school boys boarded the bus and took the front side seats on each side. A little later, at a stop I cannot recall, a slim young man in a rather rumpled but clean sport shirt, khaki trousers, and carrying a small overnight bag of soft canvas such as one can buy at the chain drug stores boarded the bus and sat down [illegible]

way which indicated he wanted to start up a conversation. Evidently he felt the school boys had noticed him and he launched into a breathless and highly elated account of his visit to Cuba, which had just culminated at his arrival at the New Orleans Airport.

"I saw Castro" he told them, "He is a fine guy. A Great person. From now on no prisoners are going to be returned to the United States unless I say so."

This of course startled me and I turned to look at him in the belief he was a hop head of some sort, but he simply appeared to be a highly pleased and excited young man. I asked him how he happened to be in Cuba.

"I flew there" he said, "The State Department is using me because of my contacts with Cuba. I spoke to the people and I told them Castro was a great man."

I then asked him how he got back.

"In an army plane" he said. "A U.S.Army plane. They flew me here, and the F.B.I met me and brought me to the corner of Canal Street (he gave the name of the other street but I don't remember it) and....."

I asked why they didn't take him all the way home.

"They don't want to know where I live. They don't want anybody to know where I live" he said.

The school boys were giggling and this seemed to anger him.

"At the airport they shoved a mike in my hand" he said, doubling his fist like a mike and holding it in front of his face. "I said hello to everybody. I told them Castro was a great guy and that we should all be friends."

At the time I thought he was referring to our own airport but now I believe he meant the airport in Cuba.

I questioned him further about Castro and he said "I never got to talk to him at all. He just shook hands with me and they rushed me right on out to the airport. From now on, I am going to Cuba and arrange every time the prisoners who are going to be sent back."

He then got off the bus, at a cross street, possibly Napoleon Av for he had a transfer in his hand. We all had a laugh, but I was rath disturbed and so when I got to town I went to a friend's apartment and called the City Desk of the New Orleans States, whose editor, Walter Cowan, told me no celebrity had arrived at our airport, and I then called the F.B.I and told them of the incident, saying that the man was probably a nut but that perhaps there might be something in their files on him and they would like to know he was back in town. I recognized this man as Oswald as soon as I saw a clear picture of hi

For the benfit of the A.P writer in New York who wrote that Oswald could not be a Marxist without being a Communist, I would like to point out that at the time I was keeping a couple of people under surveillance for the F.B.I here I was told that one of them, a lad named Bancroft, who now has a United Nations job, was one of the high ranking Communists and did not carry a card, as they removed from their files all information on their top flight operatives so they could not be identified as party members.

My own unalterable belief is that Oswald was a Communist, that he bungled his job and went haywire and that Ruble was assigned to remove him. The indignation over the murder of our president would be the logical out he would use in his defense.

Dorothy Thompson, speaking before the New York Women's Press Club, of which I was a member, told us soon after the fall of France that all Communist take-overs followed a pattern. First, the people by a constant barrage of propaganda were caused to distrust their leaders. Then, which some controversial issue came up, both sides were infiltrated and a revolution started, during which time those of our people who were Communists and were in high places would engineer a take over of the government. That pattern is pretty plain here. The only thing is that this country didn't react according to those in Europe--and Africa.

From my own personal experience with the F.B.I it is easy for me to believe what Oswald told about them meeting him at the plane, and we could well have been using him through the State Department which has a pro-Castro record, without anyone being the wiser.

I am sorry that I cannot remember the date, or the streets where the man boarded and left the bus, but after I called the paper and the F.B.I I put this out of my mind until I saw Oswald's face on TV.

sincerely,

Mrs. Lou Wylie Hayes

LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Enclosed is one copy each of a letter from J. Lee Rankin of the President's Commission on the Assassination of President Kennedy and its enclosure, both of which are self-explanatory.

For your information, Bufiles disclose a letter dated 7-28-42 from Mrs. Lou Wylie Van Sicklen, 725½ St. Peter Street, New Orleans, Louisiana, who appears to be identical with Mrs. Lou Wylie Hayes, wherein she related several unrelated incidents concerning individuals who reportedly made pro-Japanese statements. She indicated she was a former newspaper woman having worked in New York for some 12 years and only recently returned to the south. She stated she would do anything in her power to be of assistance.

With regard to Walter Cowan, city editor, "New Orleans States" newspaper, referred to in the enclosed communication, Bufiles contain no information identifiable with him.

New Orleans immediately check indices to determine whether Mrs. Hayes contacted the New Orleans Office as alleged and definitely resolve this matter. In the absence of information in your files dictating to the contrary, Mrs. Hayes should be contacted for any additional specific information she may be able to furnish concerning this matter, following which Walter Cowan, city editor "New Orleans States" newspaper, should also be contacted for any corroborating information.

contained a letter from OSBORNE dated 10/16/63 at Mexico D. F. which was received at the Canadian Consulate General's office 10/18/63 and thanked the office employees for their kindness and enclosed $5.00 for BLACKSTOCK to purchase a little present for the clerical force. The $5.00 was returned to OSBORNE by letter dated 10/18/63 which was addressed to Reverend ALBERT OSBORNE, C/O American Express Company, Niza 22, Mexico D. F.

Chief Clerk PERCY WHATMOUGH advised 1/31/64 that during his conversation with OSBORNE at the time OSBORNE was in the Consular General's Office, OSBORNE said that he had come to New Orleans from his residence in Montreal by bus and that he was on his way to Mexico City by bus and that he considered this to be a vacation. Mr. WHATMOUGH did not know what bus route OSBORNE had taken from Montreal to New Orleans or the intended route from New Orleans to Mexico City.

Mr. J. A. DONALD, Canadian Consular General's Office, New Orleans, advised 1/31/64 that in many instances natives of Briton claim duel citizenship and therefore continue to carry a British passport innaddition to a Canadian passport. It is suggested that the Bureau may wish to have Legat, London, determine if ALBERT OSBORNE or JOHN HOWARD BOWEN have possession of a valid British passport.

The following individuals advised on 1/31/64 that they had no record of ALBERT OSBORNE:

HARWOOD HOLT, Auditor, Jung Hotel

GEORGE DAWSON, Manager, Hotel New Orleans

Miss DOROTHY PATERSON, Secretary to Reverend JOHN GILBERT, Executive Secretary, New Orleans Baptist Association

Reverend O. S. CHIOCCHIO, Pastor, Canal Boulevard Baptist Chruch, advised 1/31/64 OSBORNE unknown to him

Atlanta will attempt to locate a record of Reverend ALBERT OSBORNE through the main office of the Home Mission Board of the Baptist Church, 161 Spring Street NW, Atlanta 3, Georgia. If OSBORNE is located he should be interviewed if possible in accordance with the instructions contained in Bureau airtel 1/27/64 to Indiana.

For Atlanta's assistance in the event OSBORNE is located, there is being enclosed a Xerox copy of the following communications:

Bureau airtel to Indiana, 1/27/64.
Copies of cablegram from Legat, Mexico City dated 1/7/64, 1/21/64, 1/23/64 and 1/27/64.

Photographs of OSBORNE are available if required by Atlanta.

Result of examination:

Specimens Q439 through Q446 were examined cryptanalytically. While submitted specimens or any similar material could conceivably involve code or cipher, on the basis of material and information available for analysis no valid coded message can be established as being present nor was there any indication that the dictionaries were being used for coding purposes.

Specimens Q439 through Q446 being retained by the Laboratory.

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA

Harold Willens connected with the captioned Commission, called Weekend Supervisor, Henry S. Ursic at 3:30 p.m. and requested that arrangements be made to have the original documents and letters pertaining to the translations delivered to the Commission earlier today.

Mr. Willens furnished a list of the numbers pertaining to the identity of the specific documents desired by the Commission. He stated that if there was any difficulty in having these documents delivered that he be telephonically advised and in his absence that the information be furnished to Mr. Rankin.

The identities for the documents and the request of Mr. Willens was furnished to Roy Jevons of the Laboratory who advised that the documents will be delivered as requested. Mr. Jevons is aware of Willens' request that he be promptly notified in the event there is any difficulty in obtaining the original documents.

The above is being furnished for information.

Specimens received 1/31/64

Q453 Gray long-sleeved shirt
Q454 U. S. Marine Corps overcoat liner
Q455 Beige long-sleeved shirt
Q456 Pair of blue jeans
Q457 - Q458 Two pairs of Marine Corps trou rs in green wool
Q459 Beige short-sleeved sport shirt
Q460 Pair of blue outdoor shorts
Q461 Blue and white print short-sleeved shirt
Q462 Brown and white flannel type shirt, long-sleeved
Q463 Fatigue jacket - U. S. Marine Corps
Q464 - Q465 Two pairs of khaki-colored trousers
Q466 - Q470 Five khaki-colored long-sleeved shirts, one with two Marine Corps collar insignias
Q471 - Q472 Pair of high top shoes
Q473 - Q474 Pair black Russian boots

Results of examination:

White cotton dry cleaner's tags have been sewed to the bottom left shirt tail of specimen Q459 and to the left side pocket of specimen Q466. The numerals "03230" appear on both tags as well as some additional markings which appear to be in Russian.

Labels in the collars of specimens Q455 and Q462 have what appears to be printing in the Russian language. Neither of these specimens appears to have been manufactured in the United States.

The Q473 and Q474 boots also have printing in the Russian language stamped to the inside portions indicating they were probably manufactured in Russia.

The handwritten telephone numbers appearing on the small piece of white paper which was found in the right side pocket of the black trousers of Oswald are too limited and too inconsistent for an adequate comparison with the known writings of Lee Harvey Oswald. Accordingly no conclusion could be reached whether Oswald prepared the writings in question.

Photographs of the telephone numbers on the small piece of paper have been furnished to your office by Bulet dated 2/3/64.

ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

At 8:40 p.m. on 2/4/64, Olla Wells, Room 1744, Sherman Hotel, Chicago, Illinois, telephonically contacted the Bureau and furnished the following information: Wells identified herself as a writer who is active in politics and a personal friend of the Director. She indicated she had information regarding the President's assassination and said her information was that a Mexican meat company had offered a $500,000 reward for the President's assassination and that Lee Harvey Oswald had dropped a cigarette lighter at the scene of the crime which had the name of the meat company painted on it. Wells declined to furnish any additional information over the phone indicating she was fearful of her life and was even reluctant to furnish her name. She concluded by stating that she would be waiting at the hotel and terminated the conversation.

For your information Bureau files discloses that one Olla Wells, 645 Union Street, Chicago, Illinois, voluntarily furnished information to the Senate Special Committee to investigate organized crime in interstate commerce and gave information relating to one Isador Levin

of the Hotel Sherman, whom she stated was engaged in a narcotics business, (Bufile 62-91933).

Bureau files also indicate one Olla Wells, 542 Washington Boulevard, Oak Park, Illinois, was arrested in 1955 by the Chicago Police Department at the Sherman Hotel for soliciting. At this time Wells insisted she was an FBI informant and was subsequently interviewed and she wildly raved about the police. Preston Wells, her husband, advised Chicago Agents his wife had been imagining she was an FBI and police informant for years.

Chicago has additional information on this individual, however, it is not known if she is identical with the Olla Wells who telephonically contacted the Bureau on 2/4/64.

In view of the importance of this investigation and the allegations made, Chicago is instructed to locate and interview Wells concerning the allegations made by her. Her call to the Bureau should be acknowledged and the results of your inquiry furnished to the Bureau and Dallas in appropriate insert form, 25 copies for Dallas.

While it would appear Wells is identical with the subject of prior Chicago investigations and the mental condition of this individual might preclude prosecution, Chicago is nevertheless reminded to be alert for a violation of Title 18, U. S. Code, Section 1001, for furnishing false information to a Federal officer.

Note:

Above based on Shroder to Rosen memorandum dated 2/4/64 same caption, WB:hw. This memorandum indicated Chicago was being instructed to run this matter out.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

The "National ~~Guardian~~ Enquirer," an unreliable national publication often referred to as a "scandal sheet," contains an article in its 12/29/63 issue reporting that Navy Intelligence reported that Lee Oswald was planning his get away route after the assassination of President Kennedy when Oswald made his visits to Mexico. Further, that Navy Intelligence had uncovered information that Oswald planned to escape to Cuba via Mexico after he assassinated President Kennedy. This article further reported that it was believed Oswald panicked when the city bus he was riding was held up in traffic on its way to the out-of-town bus station. Instead of continuing to the Dallas bus station where he could catch a bus to Mexico, he jumped out and tried to hide in a theatre.

On 1/28/64 Bureau liaison contacted Office of Naval Intelligence (ONI) to determine if there was any truth to the "National ~~Guardian~~ Enquirer" article. Mr. C. R. Wilson, ONI, said this is completely untrue and that ONI had developed no such information.

Oswald signed the following statement on Nov. 2, 1959, in Russia:

"I affirm that my allegiance is to the Soviet Socialist Republics."

Lee Oswald Was Headed for Cuba via Mexico

Navy Intelligence reports that Lee Oswald was planning his getaway route when he made those visits to Mexico. They have uncovered information that Oswald planned to escape to Cuba via Mexico after he assassinated President Kennedy. It is believed that Oswald panicked when the city bus he was riding was held up in traffic on its way to the out-of-town bus station. Edward J. McCormack Jr., the nephew of House Speaker John McCormack, has his eye on the Solicitor General post in the Justice Department. Friends of President Johnson say that he would like to give the post to the 39-year-old McCormack. But LBJ hasn't found any way to get the present Solicitor General, Archibald Cox, to resign as long as Robert Kennedy stays on as Attorney General and is Cox's boss.

At present, Cox is working backstage to spark a full-scale investigation of right-wing groups in the U.S. He has been trying to talk members of the President's commission, which was set up to probe President Kennedy's assassination, into making the investigation.

Cox, along with Nicholas Katzenbach, Deputy Attorney General, suggested to President Johnson that Chief Justice Earl Warren be named to head the fact-finding Presidential commission.

The communist newspaper, The Worker, in its edition printed three days before the White House announcement, proposed that a Presidential commission, with Warren as its head, be set up to probe Kennedy's assassination.

SUBJECT: CARL WARD CHAPPEL, Also Known As Carlos Capilla
INTERNAL SECURITY - CUBA

On February 3, 1964, Major Charles Cate, Office of Assistant Chief of Staff for Intelligence (ACSI), Department of the Army, advised Liaison Agent that he had received a message from Fort McPherson, Georgia, February 3, 1964, which stated that on January 31, 1964, Brigadier General Cooper (National Guard, Florida) received a telephone call from a Carl Chappel, also known as Carlos Capilla. Chappel stated he had sent four tape recorder reels concerning expected events involving the Panama Canal Zone and also concerning certain background details relating to former President Kennedy's assassination to Senator Claude Pepper (Democrat - Florida). These four reels were marked "Property of U. S. Government."

Chappel said he had received no word from the Senator and added that he would wait a little longer before disclosing the contents of the tapes to radio, television, and the press. Chappel claimed the contents could have harmful effects on the national security. Chappel also claimed he is affiliated with the "Cuban underground movement." Major Cate advised he is furnishing the foregoing information to the Secret Service with the request that Secret Service pass the information on to the Warren Commission.

Our files show that subject appeared at a Chicago supply house in June of last year seeking to purchase wire for use in communications in an invasion of Cuba. Chappel claimed to be a general in an unnamed Cuban movement and according to our Chicago Office, appeared to be mentally disturbed. He made statements concerning his abilities as a military genius but when asked for details concerning the operation, he became vague and uncertain.

INTERNAL SECURITY - RUSSIA

Dallas teletype of 1/23/64 referred to information furnished the Dallas Office by [redacted] indicating that District Attorney Henry Wade had supposedly received a call from the President's Commission to appear immediately in Washington, D. C. regarding information Wade allegedly had that Oswald was on the FBI payroll at $200 per month and had a code name and number assigned to him and that SA Hosty was supposedly a non-existent person and was just a code name used by the FBI.

SAC Shanklin of Dallas was telephonically advised today to contact [redacted] and advise him that this story was completely without foundation and to try and obtain from [redacted] the source of his information in order that this source could be straightened out.

Shanklin was told that in the event [redacted] refused to divulge his source, [redacted] should be requested to contact his source and straighten out this individual as to the true facts in order that this rumor would not be spread any further.

DON B. REYNOLDS
INFORMATION REGARDING CASE INVOLVING
ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

Don B. Reynolds, Silver Spring, Maryland insurance agent, was interviewed in the office of his attorney, James F. Fitzgerald, Room 300, Citizens Building and Loan Association Building, Silver Spring, Maryland, on January 24, 1964. He acknowledged knowing the FBI was desirous of contacting him on the previous day, but stated he desired to contact the FBI in the presence of his attorney. Reynolds was advised the FBI desired for him to make available any and all information he had in his possession concerning the assassination of President John F. Kennedy. When Reynolds hesitated, his attorney asked if he had any knowledge of this matter, and Reynolds stated he had opinions but would rather not furnish these until the Warren Committee asked him for them. At this point, Fitzgerald requested Reynolds to accompany him from the room, and they apparently conferred for about five minutes. Upon returning to the room, Reynolds stated he would make available all the information in his possession concerning this matter.

Reynolds prefaced his comments with the statement that he has been a long time friend and associate of Robert G. Baker, former Secretary for the Majority, United States Senate. He said on January 20, 1961, on the occasion of the Inauguration of President Kennedy, he, Reynolds, spent the majority of the day in Baker's office or in the Capitol Rotunda. He stated there were many people present in Baker's office during the day, including his wife. Reynolds said that during a discussion with Baker on that date, Baker stated while referring to the swearing in of Kennedy, words to the effect that the s.o.b. is being sworn in but he will never live his term out. He will die a violent death.

DON B. REYNOLDS

Reynolds said Baker told him he was well acquainted with the history of Presidents who were elected in years ending with the number 0, and that historically Kennedy was a doomed man. Reynolds stated no more was said about Baker's apparent dislike of President Kennedy until after the Baker affair broke and became knowledgeable to top people in the government.

Reynolds said that sometime immediately preceding the trip to Texas by President Kennedy, possibly in October, 1963, the Governor of Texas, John Connally, came to Washington, D.C. Someone whom Reynolds could not recall advised him that the President made the trip to Texas to reassure Texans that rumors floating around of Kennedy's intentions to dump Lyndon B. Johnson as a result of the Baker scandal were unfounded. This unnamed source had stated to Reynolds that Connally had visited Washington, D.C. for the purpose of impressing on Kennedy that he himself would have to travel to Texas and tell the people of Texas he had no intention of dumping Johnson. This source reportedly stated Connally told Kennedy there were certain dangers inherent in such a trip and cited the attack on Adlai Stevenson as a manifestation of those dangers. The source stated to Reynolds that Kennedy made the decision himself to go to Texas and try to cement the split which was affecting the efforts of the Democratic Party in Texas.

Reynolds said that Ralph Hill, President of Capitol Vending Company and the person responsible for instituting civil suit against Baker in District of Columbia Court, told him that he, Hill, had John Connally tailed while Connally was in Washington for the purpose of talking with President Kennedy regarding the necessity for keeping Texas in his political campaign. Reynolds said Hill gave him no information as to why he was having Connally followed or anything he might have learned from this, but assumed it was part of Hill's efforts to keep track of the activities of Baker. He said it is his own knowledge that Baker and Connally were close personal friends. Reynolds said he told Baker to watch himself that Connally was being tailed and Baker told him not to worry about it.

DON B. REYNOLDS

Reynolds said he does not know who told him and is in possession of no facts whatsoever to support this, but stated he has been told that during the period Connally was in Washington, D.C., Lee Harvey Oswald was staying at the Young Men's Christian Association in Dallas, Texas, and Oswald was supposed to have received long distance telephone calls. Reynolds stated he was not told that these long distance calls were from Connally or were from Washington, D.C., but the implication was left with him that Oswald might have had calls from Connally.

Reynolds stated he has not discussed his opinions and complete feelings concerning the assassination of President Kennedy with anyone. He stated he has discussed some of his thoughts and observations with Senator John Williams, Delaware, and he may have discussed "facets" of the matter with other individuals. He denied having told anyone that President Johnson was going to be impeached. He stated that he might have said 100 years ago we had a President Johnson who missed impeachment by one vote. He stated after the assassination he was contacted by a Washington news reporter named Stern and they discussed the assassination at which time Reynolds expressed the hope that nothing would happen to Oswald. He stated he recalled the assassination of Abraham Lincoln and the subsequent killing of his assassin and expressed the desire and hope that the authorities would protect Oswald from any similar fate. Reynolds stated he has no knowledge whatsoever of the whereabouts of Oswald prior to the assassination of the President or of his activities during this period.

Reynolds stated to the best of his recollection and knowledge he has never made the statement to anyone that the FBI has information, evidence or data in its possession which would prove Lyndon B. Johnson was implicated in the assassination of the President.

When asked if he had ever stated that the FBI had additional information regarding the assassination of President Kennedy and whether or not Reynolds had made a statement to this effect Reynolds stated he may have said something foolish to this effect on the telephone when he

knew his telephone calls were being electronically intercepted. When asked how he knew his telephone calls were being intercepted Reynolds refused to furnish an explanation. Reynolds denied emphatically that he ever stated that the FBI has information that President Johnson was involved in the assassination of President Kennedy.

Mr. Fitzgerald stated he had speculated in his own mind after hearing that the results of the FBI investigation had been turned over to the Special Committee that the FBI had not finished its investigation. He, Fitzgerald, had speculated that the FBI had additional facts regarding the assassination of President Kennedy.

Reynolds said he had no knowledge that Clint Murchison, Jr., was in any way connected with the assassination but stated that in his mind Murchison stood to gain personally with the loss of President Kennedy. He explained this by stating Murchison would eventually be connected publicly with the Baker scandal because of his close association with Baker.

Reynolds was again asked if he had any facts to support his observations and opinions, previously furnished, concerning the death of President Kennedy. He stated that he did not and that his opinions were based on inferences which he drew from conversations with Baker and hearsay. Reynolds stated he had nothing further to add concerning the assassination.

As the whole world rejoices,
And sings out His praise,
On wonderful Christmas,
Most blessed of days,
May you know all the joys
That our Lord can impart
And may peace and contentment
Abide in your heart.

Dear Mrs. Dykes-

We will appreciate your prayers as we make Christ known among the Indians in these mountains. A small gift of a dollar or more will supply a Bible to a family who is attending our services. I am sure every Bible loving Baptist will want to share.

Yours in Christ, John Howard Bowen.

THE INCOMPARABLE CHRIST

But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him; and with His stripes we are healed. Isaiah 53:5

He came from the bosom of the Father to the bosom of a woman. He put on humanity that we might put on divinity. He became the Son of Man that we might become sons of God. He came from heaven, where the rivers never freeze, winds never blow, frosts never chill the air, flowers never fade, and no one is ever sick. No undertakers and no graveyards are there, for no one ever dies—no one is ever buried.

He was born contrary to natural laws, lived in poverty, reared in obscurity. Only once did He cross the boundary of the land—in childhood. He had no wealth or influence, and no college education, yet the profoundest wisdom of men has never equalled His last discourses in John 14 to 17 and the Sermon on the Mount. "Never man spake like this Man."

His relatives were inconspicuous and uninfluential. In infancy He startled a king. In boyhood He puzzled the doctors, even at twelve years of age, proving He was far in advance of the theologians, for He was taught of God. In manhood He ruled the elements so that He quieted the raging sea and defied the laws of gravitation by walking on the water. He healed the multitudes without medicine and made no charge for His services. He never wrote a book, yet not all the libraries of the country could hold the books that have been written about Him. He never wrote a song, yet He has furnished the theme of more songs than all song writers combined.

He never founded a college, yet all the schools together cannot boast of as many students as He has. He never practiced medicine, and yet He healed more broken hearts than the doctors did broken bodies.

He never marshalled an army drafted a soldier, nor fired a gun, yet no leader ever made more volunteers who have under His orders made rebels stack arms or surrender without a shot being fired.

He is the Star of Astronomy, the Rock of Geology, the Lion and the Lamb of Zoology, the Harmonizer of all discords, and the Healer of all diseases. Great men have come and gone, yet He lives on. Herod could not kill Him, Satan could not seduce Him, Death could not destroy Him, the grave could not hold Him, and even demons obeyed Him. He fed the hungry multitudes with a little boy's lunch, broke up funerals, and gave back to life those that were dead.

He laid aside His purple robe for a peasant's gown. He was rich, yet for our sakes He became poor. As to how poor, ask Mary, ask the Wise Men. He slept in another's manger; He cruised the lake in another's boat; He rode on a borrowed beast; He was buried in a rich man's tomb.

All failed, but He never.

He conquered death, rose on the third day as He said He would, ascended into heaven, is now seated at the right hand of the throne of God, and will one day come into the clouds of heaven with power and great glory for His own born-again, blood-bought ones, who will be forever with Him according to promise. After, He will judge the world in righteousness, when every knee shall bow to Him and every tongue shall confess Him as Lord—His friends gladly, but His enemies in great fear, seeking for a place to hide from His face (Rev. 6:15).

He is the Perfect One—He is the Chief among ten thousand, the only One who can satisfy the soul and give everlasting LIFE to those who have it not.

He is altogether lovely, and He is my Saviour. Is He yours? If not, receive this GIFT today. "The GIFT of God is eternal life through Jesus Christ our Lord" (Rom. 6:23). "But as many as RECEIVED Him, to them gave He power to become the sons of God" (John 1:12).

Re Houston airtel 1/22/64.

Reference is made to New Orleans airtel 1/22/64 which pointed out the time consumed between New Orleans and Austin via routes other than by air.

New Orleans airtel 1/15/64 and the report of SA JOHN T. REYNOLDS submitted 1/20/64 at New Orleans contained the schedules of air flights between New Orleans and Houston, Texas, and leads were set out in the airtel for Atlanta and Miami to review airline tickets to determine if any of these tickets bore the name of OSWALD or one of his aliases for passage from New Orleans to Houston on 9/25/63.

Investigation has disclosed that there is no through air transportation between New Orleans, Louisiana, and Austin, Texas, and that the only logical route between these cities is via Houston.

It is noted that Mrs. LEE DANNELLY, State Selective Service Headquarters, Austin, Texas, believed that OSWALD visited State Selective Service Headquarters on 9/25/63 at about 1:00 PM

RONNIE DUGGER, Editor of the "Texas Observer" interviewed Mrs. STELLA NORMAN, a waitress, at the Trek Cafe, Austin, who advised she waited on a customer about two months ago who looked like a photograph she had seen of OSWALD. Mrs. NORMAN has Wednesday of each week off and therefore could not have seen OSWALD in Austin, Texas, on 9/25/63, since this was a Wednesday.

Prior investigation has determined that OSWALD received an unemployment insurance warrant from the Texas Employment Commission, Austin, Texas. The warrant was dated 9/23/63 and was mailed at 5:15 PM, 9/23/63, and arrived at New Orleans at 5:30 PM, 9/24/63 (see San Antonio airtel 12/10/63). Investigation at New Orleans has determined that the earliest time OSWALD could have obtained this warrant from his Post Office Box was subsequent to 5:00 AM on 9/25/63. The winn-Dixie Store #1425, the place the check was cashed, did not open on 9/25/63 until 8:00 AM.

Accordingly, no further inquiry is being made regarding OSWALD's possible air travel from New Orleans to Austin, Texas, on 9/25/63.

Dear Mr. Tonahill:

I am in receipt of your letter of January 9, 1964, addressed to the Director of the Federal Bureau of Investigation and to the Chief Counsel of the President's Commission to report upon the assassination of President Kennedy. The letter has been referred to me by them for response.

Your letter requests, on behalf of the counsel representing your client, Jack Ruby, in the prosecution instituted by the State of Texas for the killing of Lee Oswald that you be furnished with "the reports, minutes and all evidence" in the possession of the President's Commission. There is excluded from the request, however, material of a recognized confidential character.

At the outset, it should be emphasized that discovery and disclosure of all of the facts surrounding the assassination of President Kennedy are of the greatest importance to the nation. As was stated by a spokesman for the White House on November 29, 1963, in announcing the appointment of the Special Commission,

> The President is instructing the Special Commission to satisfy itself that the truth is known as far as it can be discovered, and to report its findings and conclusions to him, to the American people, and to the world.

The Commission established by Executive Order No. 11130 is, of course, intended to effectuate this purpose. It is directed,

> . . . to examine the evidence developed by the Federal Bureau of Investigation and any additional evidence that may hereafter come to light or be uncovered by federal or state authorities; to make such further investigation as the Commission finds desirable; to evaluate all the facts and circumstances surrounding such assassination, including the killing of the alleged assassin; and to report to me its findings and conclusions.

Obviously, the work of the Commission may be seriously hampered by any premature disclosure of FBI reports or other information turned over to it. It would also be quite unusual, if not altogether unprecedented, for a federal agency which has conducted an investigation into the subject matter of a state prosecution to supply directly to the defendant materials gathered during the course of a federal investigation. Moreover, in such circumstances the federal agency is not under any legal obligation to turn over materials either to the state or the defense. Any information in the hands of the prosecution will be available to you under the provisions of the law of the State of Texas. Consequently, any request for information which the prosecution may have should be directed to the District Attorney.

Due to the special circumstances of this case neither the Department of Justice nor the Commission has any wish to stand upon legal technicalities, and, at the same time we recognize the importance of insuring that Mr. Ruby receives a full and fair defense in his forthcoming trial. Moreover, we believe that subject to the limitations you have recognized in your request it will in fact be possible to make information available in the possession of the Government which may be helpful to the defense without impairing the effectiveness of the Commission's own investigation.

The information you request is stated in your letter to be essential to establish the defense of insanity, that your client's offense was at most "murder without malice," and that Mr. Oswald "was a dangerous man of bad character and reputation and a professed Communist." The point is also made that the information is necessary to counteract an impression assertedly created by the press to the effect that your client and not Oswald "is the guilty party that has put 'Dallas on trial'."

We recognize, of course, that as counsel for Mr. Ruby his defense is entirely a matter for your judgment. Since you have deemed that his state of mind at the time is material to his defense, we will be glad to furnish you with such information as we can on that issue. Information concerning Oswald's assassination of the President will not be made available as it does not appear to be relevant. It would seem that the issue in your case is not whether Oswald assassinated the President but whether Ruby thought he did.

In view of the defenses you are asserting, you are no doubt also attempting to familiarize yourself with the background of your client's life and state of mind at the time of the killing. Locating all those persons who are familiar with one or another aspect of his past is a large task. Since the Federal Bureau of Investigation has conducted an extensive investigation among Jack Ruby's prior acquaintances, you may wish access to the fruit of its labors in this respect. Should you feel this might be helpful, we will prepare for you a list of those persons who have been contacted by the Federal Bureau of Investigation during the course of its investigation and who have known or met Jack Ruby some time during the course of his life. Consistent with our other obligations, we could provide you the names and present addresses of these persons--thus enabling you to locate them quickly. We would also be willing to indicate to you the extent of each person's relationship with Ruby, those persons who expressed to us opinions as to Ruby's character or personality, and those persons familiar with particular incidents in Ruby's life which might be of importance in evaluating Ruby's

state of mind at the time of the killing. We would supply you with this information with the understanding that it may be incomplete, that it may contain inaccuracies, and that it often reflects personal opinions.

The Federal Bureau of Investigation has also investigated other related matters which may be relevant to the preparation of your case, as, for example, persons known to the Department who contacted Ruby after the assassination and prior to the killing of Oswald, and persons known to have been present at the Dallas City Jail at the time Oswald was shot. We will also make this information available to you, if you so request.

Sincerely yours,

Herbert J. Miller, Jr.
Assistant Attorney General

January 30, 1964

GENERAL INVESTIGATIVE DIVISION

Tonahill, one of Ruby's attorneys, requested complete results of our investigations concerning the assassination of the President and the killing of Oswald by Ruby. The FBI and the President's Commission both deferred to the judgment of the Department.

AAG Miller is now advising Tonahill that upon his specific request he will be furnished only with the names and addresses of persons who furnished background information concerning Ruby including the extent of each persons relationship with Ruby and identifying those who furnished opinions or related incidents of importance in determining Ruby's state of mind. AAG Miller offers to furnish upon request, in addition to above, identity of persons contacting Ruby after assassination but before killing of Oswald and identities of those known to have been present when Oswald was shot.

FROM : A. Rosen

SUBJECT: DON B. REYNOLDS
INFORMATION REGARDING CASE
INVOLVING ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY

On 1-22-64, Mr. Walter Jenkins at the White House furnished information that Don Reynolds, an unscrupulous insurance agent in Silver Spring, Maryland, is alleged to have made the following statements: That President Johnson was soon to be impeached and that the Director had collected sufficient data to prove Johnson was involved in the assassination of President Kennedy. That Governor Connally of Texas had been an accomplice of President Johnson in the assassination and that Clint Murchison had kept Oswald in a Dallas hotel for several days prior to the assassination. The Director instructed that Reynolds be interviewed at once and "make him put up or shut up."

On 1-24-64, Reynolds was finally located and interviewed by Agents of the Washington Field Office in the presence of his attorney in Silver Spring, Maryland. He admitted knowing the FBI had been seeking to interview him the previous day but wanted to wait until his attorney was present. Reynolds was confronted with the allegations attributed to him and he gave the following answers:

He denied having told anyone that President Johnson was going to be impeached. He stated he may have said a hundred years ago we had a President Johnson who missed impeachment by one vote. Reynolds stated, to the best of his knowledge and recollection, he has never made the statement to anyone that the FBI has information, evidence or data in its possession which would prove President Johnson was implicated in the assassination of President Kennedy.

Reynolds, when asked if he had any facts to support his observations and opinions previously furnished concerning the death of President Kennedy, stated he did not and that his opinions were based on inferences

which he drew from conversations and hearsay and that he had nothing further to add concerning the assassination.

During this interview, Reynolds said he has no substantiation whatsoever but he had been told while Governor Connally of Texas was in Washington, D. C., and Lee Harvey Oswald was residing in the YMCA in Dallas, Texas, Oswald was supposed to have received long-distance calls. Reynolds stated he was not told these long-distance calls were from Connally or from Washington, D. C., but the implication left with him was that Oswald might have had calls from Connally.

This information was immediately furnished to our Dallas Office so it could be checked out. Dallas advises that investigation at the YMCA where Oswald is known to have stayed on the night of October 3-4, 1963, reveals no telephones in the rooms and no records were kept of long-distance calls made to the YMCA, and further, guests were not permitted to make long-distance calls out.

On 1/27/64, Mr. Jenkins at the White House was furnished a copy of the results of Reynolds' interview.

Inasmuch as Reynolds, on interview, stated he does not know who furnished the information to him relating to Governor Connally calling Oswald and he is in possession of no facts whatsoever to support this, no effort has been made to determine the whereabouts of Governor Connally during the period of October 3-4, 1963.

The interview of Reynolds points up the fact he is an opinionated rumor-monger who apparently gets satisfaction out of spreading deliberate exaggerated stories.

ACTION:

In view of Reynolds' uncontrollable tongue, we will alert the President's Commission to the allegations attributed to Reynolds, furnish it with a copy of his interview, and also advise that we have not ascertained the whereabouts of Governor Connally on October 3-4, 1963. If you approve, the attached letter will be sent to Mr. Rankin.

Dear Mr. Rankin:

I have just recently received unconfirmed information alleging Don B. Reynolds, a Silver Spring, Maryland, insurance agent, had made various statements relating to the assassination of the late President Kennedy. One of the statements attributed to him alleges that President Lyndon B. Johnson, as well as Governor Connally of Texas, was implicated in the assassination. Another statement is that I have gathered sufficient evidence to substantiate this charge. Immediately upon receipt of this information, I instructed Reynolds be located and interviewed to straighten this matter out.

Enclosed are two copies of the interview of Reynolds conducted on 1-24-64, by Agents of this Bureau. You will note Reynolds in essence denies the statements attributed to him. You can also be assured that I have not received any information to implicate President Johnson or Governor Connally in the assassination.

JAN 31 1964
COMM-FBI

In Reynolds' interview, he furnished an additional allegation indicating that while Governor Connally was in Washington, D. C., and Lee Harvey Oswald was staying at the Young Men's Christian Association in Dallas, Texas, Oswald received several long-distance calls. Reynolds states he was not told these long-distance calls were from Governor Connally or Washington, D. C., but the implication left with him was that Oswald might have had calls from Connally. Our Dallas, Texas, Office has checked this

matter out, and I have been advised the room in which Lee Harvey Oswald stayed at the Young Men's Christian Association on the night of October 3-4, 1963, did not have a telephone available. Further, no records are maintained by the Young Men's Christian Association on long-distance calls received and guests are not permitted to make outgoing long-distance calls.

Inasmuch as Reynolds' interview specifies he does not know who told him and he has no facts whatsoever to support the above allegation, this Bureau has made no effort to ascertain the whereabouts of Governor Connally on October 3 and 4, 1963.

The above is being furnished for your information.

Sincerely yours,

SUBJECT: "NATIONAL GUARDIAN"
INTERNAL SECURITY - C

ASAC Roney of New York called on 1-28-64 and advised that New York Office had received a telephone call from the manager of Town Hall. This is a building which has several meeting rooms which are rented from time to time. The manager of Town Hall is a good contact of the office and he advised that the "National Guardian" (procommunist publication) has requested to rent meeting space in Town Hall on 2-18-64. The principal speakers, according to "National Guardian" officials, were to be Mark Lane, a New York attorney, and his client, Mrs. Marguerite Oswald. The manager of Town Hall in his contact with the office stated that he contemplated refusing the use of Town Hall but he desired to touch base with the FBI since he thought the FBI might have an interest one way or the other.

Roney advised that New York contemplated advising the manager of Town Hall that this Bureau had no special interest in the use of one of the Town Hall meeting rooms by Mark Lane and Mrs. Oswald, that this was, of course, a matter for Town Hall officials to decide but we certainly would have no objection to their refusal to permit the use of the meeting space for this occasion.

This is for information.

I called SAC Shanklin, Dallas, and advised him that we have been informed that District Attorney Wade, in his recent appearance before representatives of the President's Commission to investigate the assassination of President Kennedy, had made the statement that Dallas reporter Hudkins claims Oswald was known as Informant #179 in the FBI, and was paid $200 a month. The Commission asked Wade what he knew about informants in the FBI and he said that when he was in South America as a Bureau representative he was given money and never had to get receipts; that the Bureau depended on his integrity to spend the money properly and there was no accounting for the money. The inference, of course, is that under these circumstances the Bureau would not know at headquarters whether Oswald had been an informant and had been paid, as there was no accounting for the money. The Commission asked Wade whether he left the Bureau under a shadow, and he replied that he did not; that he was asked to stay, but that he wanted to practice law.

Mr. Shanklin was advised that the Commission was desirous of knowing how they could run this down and present a convincing picture to the effect that Oswald was not a Bureau informant, and it was suggested to them that they call Hudkins and put him under oath, regardless of the fact that he might go back and write a story that the FBI was being investigated by the Commission. Shanklin was advised that, in addition, we are preparing appropriate information here at the seat of government relative to the handling of informants and the accountability of funds.

Shanklin was informed that we want him to be very circumspect in his dealings with Wade, inasmuch as, by inference at least, Wade indicated that the Bureau was not in a position to state whether Oswald was or was not an informant. I told Shanklin this, of course, is not true, as we account for all funds paid to informants or for information of any kind, and we have a strict accountability for the designation and handling of informants.

I told Shanklin that he is to hold Wade at arm's length; that he is not to give any advice or counsel and that, while we want to cooperate to the extent it is legally desirable, so that we cannot be charged with lack of cooperation in connection with the Ruby matter, the Dallas office should be very circumspect in its dealings with Wade. I further pointed out to Shanklin that this information does not parallel the information which Wade furnished him (Shanklin) the other night about his appearance before the Commission.

Shanklin stated the Dallas office will follow Bureau instructions closely in this matter.

Enclosed herewith for the FBI Laboratory are the following described items of physical evidence in possession of the Houston Office:

1. Envelope bearing return address L. H. OSWALD, Box 2915, Dallas, Texas, postmarked 11/10/62, Dallas, Texas, and addressed to New York Labor News Company, New York, N.Y. This was received on 12/15/63, from HORACE TWIFORD, Houston, Texas, a representative of the Socialist Labor Party, and was originally used by OSWALD in requesting literature of the Socialist Labor Party (background information on page 4, report of SA EDWIN DALRYMPLE, at Houston, dated 12/4/63.

2. Copy of Auditor's Stub of Continental Trailways Bus Ticket #B112230 covering one way travel from Houston, Texas, to Laredo, Texas, and sold on 9/25/63, by Houston Ticket Agent #12. This was received by the Dallas Office from Continental Trailways Bus Company at Dallas, Texas, on 1/17/64. Investigation by Houston revealed this was only ticket sold between 9/24/63 and 9/26/63 for travel from Houston to Laredo. Prior investigation disclosed witnesses reported OSWALD boarded Continental Trailways Bus at Houston at 2:35 AM on 9/26/63, and travelled to Laredo, Texas, en route to Mexico City.

Olla Wells, who stated she was calling from Room 1744, Sherman Hotel, Chicago, Illinois, advised that she had some information regarding the President's assassination. She identified herself as a writer who is active in politics and a personal friend of the Director.

She said her information was that a Mexican Meat Company had offered $500,000 reward for the President's assassination and that Lee Harvey Oswald had dropped a cigarette lighter at the scene of the crime which had the name of the meat company painted on it. She declined to give any other information over the phone indicating she was fearful of her life and was even reluctant to give her name. When attempts were made to obtain further details, she stated that she would be waiting at the hotel and hung up.

Bureau file 62-91933-789, enclosure page 376, discloses that one Olla Wells, 645 Union Street, Chicago, Illinois, voluntarily came to a committee investigator of the Senate Special Committee to Investigate Organized Crime in Interstate Commerce and gave information regarding one Isador Levin of the Hotel Sherman, whom she alleged to be engaged in the [redacted]

Further, Bureau file 47-46404 reflects that one Olla Wells, 542 Washington Boulevard, Oak Park, Illinois, was arrested in 1955 by the Chicago Police Department at the Sherman Hotel, Chicago, [redacted] At this time, Wells insisted to the police that she was an FBI informant. She was interviewed by the Bureau the following day at which time she wildly raved against the police and claimed to be an informant for the Chicago FBI Office. There was nothing in Chicago Office records to substantiate claim of being an informant. Her husband

It has recently come to the attention of the Commission that Roland Spigale, employee of the Southern Bell Telephone Company at New Orleans prior to December 3, 1963, informed Shirley Lamprecht, his fiancee, that he had learned that telephone records in possession of his company showed that Jack Ruby and Lee Harvey Oswald at one time lived in the same apartment house in New Orleans.

Accordingly, the Commission has asked me to request that your Bureau conduct appropriate interviews to determine whether or not Spigale made the statement attributed to him and if so, his basis therefor.

Dear Mr. Rankin:

Reference is made to your letter of January 21, 1964, in which you advised that the Commission had information that a Roland Spigale, an employee of the Southern Bell Telephone Company at New Orleans prior to December 3, 1963, had informed Shirley Lamprecht, his fiancee, that he had learned the telephone records of his company showed Jack Ruby and Lee Harvey Oswald living at one time in the same apartment house in New Orleans.

For your information, this Bureau has determined that Roland Spigale is apparently Roland Spedale, 903 Dante Street, New Orleans, an employee in the Customers Accounting Department of the New Orleans Public Service Company, Incorporated. Spedale, according to Shirley Lamprecht, 1040 Farragut Street, New Orleans, told her soon after the assassination of President Kennedy that the FBI had checked the records for gas and electric service for Oswald's apartment in New Orleans with the New Orleans Public Service Company, Incorporated. Lamprecht stated that Spedale had not mentioned Jack Ruby. She and Spedale were later at a party in the home of Mrs. Vincent T. Lococo, 3713 Dumaine Street, New Orleans, at which she told several individuals present the information given her previously by Spedale. Lamprecht advised that while the name of Ruby entered the discussion as a result of interest in the newspaper stories about Oswald and Ruby, she made no statement to the effect that Ruby and Oswald lived in the same apartment house in New Orleans, and she had no knowledge that such could be true.

NOTE:

In Mrs. Paine's calendar on the page for month of 3-63 appears entry "Oct. 23 - * Hi0 purchase of rifle." We are checking for explanation of entry. Of most significance is the 10-23-63 date for this suggests entry may have been made on that date. Osborne-Bowen has been evading interview and his whereabouts not known. He has been soliciting funds for a mission in Mexico and as Mrs. Paine has been active in religious circles, she may know him. If so, this could be of significance for Osborne went into Mexico with Oswald; left from the same point of departure as Oswald 10-2-63, one day earlier than Oswald; and proceeded on to New Orleans, Oswald's starting point on Mexican trip.J

Dear Mr. Rankin:

Reference is made to my letter dated January 30, 1964, wherein you were advised concerning certain correspondence with Lee Harvey Oswald which was turned over to this Bureau by Mr. Arnold Johnson, Legislative Director of the Communist Party, USA.

There are enclosed the originals and one photographic copy of each of the eighteen items turned over to this Bureau by Mr. Johnson through his attorney, John J. Abt, and described in the reports of Special Agent John James O'Flaherty dated December 6 and 9, 1963, at New York, New York.

For your information, Mr. Johnson and Mr. Abt have requested that the original documents be returned to them when they have served their purpose and that any questions arising therefrom be referred to them.

Mrs. Lee Harvey Oswald

Dear Mrs. Oswald:

I am wondering if you could tell me exactly what was the diet of your husband. Was he prone to eat a lot of sweets, desserts and sandwiches?

I am making a study of the fact that many people are not responsible for what they do and that due to their economic status their diet is so bad that it effects their character. We are creatures of circumstances to that effect. In other words, Lee Harvey Oswald might have been the way he was because of the system of manufacturing foods and refining them and taking out vital things and the fact that he did not have enough money to buy enough of good healthy food. This might be published in our magazine called "PREVENTION".

Sincerely yours,

The memorandum dated 1/29/64, to you from Mr. White regarding this matter advised of the arrangements for representatives of the President's Commission and the Department to view the evidence presently in the Laboratory and to select certain items pertinent to the pending interview of Mrs. Oswald by the Commission.

Yesterday afternoon, 1/29/64, Messrs. Norman Redlich and Melvin Eisenberg of the Commission, along with Mr. Charles Shaffer of the Department, began screening the numerous items and designating those believed to be pertinent to the interview. This screening which was carried out in the presence of representatives of the Domestic Intelligence Division and the Laboratory was continued today by Messrs. Eisenberg and Shaffer and was completed this afternoon.

Those items selected by the Commission representatives are indicated on the attached list with a plus sign before the item number. This designation was placed there by Mr. Eisenberg. (For your information, the "0" designation before the item means they do not want the one so designated at this time. The "B" designation stands for "Book" which they may want at a later time.) The Domestic Intelligence Division has been furnished a copy of this list with the designations.

Mr. Eisenberg stated he would prefer that these items be delivered to the Commission a few at a time as the need arises. He will advise which ones are desired the day before they are needed.

They also selected at this time, certain foreign language items for which they desired the translation. These are being furnished to them under appropriate cover letter.

THE PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

With reference to the Director's comments concerning the telephone numbers which were written on a slip of paper found in Oswald's trousers, there is set forth information which explains the manner in which this slip of paper came into Oswald's possession.

The Dallas Office has advised that Oswald, when arrested by the Dallas Police Department on November 22, 1963, was brought to police headquarters and was thoroughly searched, including all of his pockets, and everything, including all papers, was removed from his clothing. The only article of clothing worn by Oswald which was removed from his person following his arrest was the sport shirt that he was wearing. Subsequent to his arrest another shirt, as well as a sweater, had been brought to the police department for Oswald to make use of. He continued to wear the pants which he had on when arrested and he was wearing the same pants at the time he was shot by Jack Ruby. The Dallas Police Department retained possession of all articles of clothing worn by Oswald at the time he was shot by Ruby as evidence and, consequently, the Dallas Office did not examine this clothing following the killing of Oswald.

Concerning the telephone numbers, the Dallas Office advised that on Friday evening, November 22, 1963, Oswald requested permission to call Attorney John Abt in New York City but did not have his telephone number. Captain J. W. Fritz, Homicide and Robbery Bureau, Dallas Police Department, told Oswald he could call collect and that he would have to give the operator the name of the person he wanted without the number and it being an attorney in New York, the operator would locate Abt and furnish the telephone number to him.

Memo to Belmont from Rosen
Re: Lee Harvey Oswald

Captain Fritz also told Oswald that the operator would want to know the number he was calling from. In this connection the telephone number RI 8-9711 appears on the dial of the telephone in the jail and this was one of the four numbers on the piece of paper found in Oswald's pants pocket.

Captain Fritz advised that when Oswald was permitted to use the telephone, one of the jail officers, Jim Poppelwell, took Oswald from his cell to the phone and Oswald tried to call his attorney collect. He obtained the telephone number from the operator and Oswald then commented he could not recall the number and asked Poppelwell to get him paper and pencil in order to write the number down. Fritz stated that the calling of an attorney and the furnishing the prisoner with pencil and paper to write were all within the regulations of the city jail.

Officer Poppelwell advised that he tore off a small piece of paper from the corner of what is called a Telephone Contact Slip and that after receiving permission from his superior officer, he furnished the piece of paper and pencil to Oswald so that Oswald could write down the telephone number. Poppelwell advised that Oswald again attempted to call Abt and was unable to get the call through. He states he later took Oswald to the phone again and Oswald made two or three attempts to call. He states he did not know if the calls were completed or the identity of the person Oswald was trying to call. The police department kept no records of the numbers Oswald tried to call. Captain Fritz advised that the following morning, November 23, he talked with Oswald and inquired if Oswald had made his call. Oswald told Captain Fritz he had been allowed to make the call but had been unable to contact Attorney Abt. With reference to the piece of paper furnished by Officer Poppelwell to Oswald, it is noted this paper was two and one-fourth inches long by one and a quarter inches wide and that two telephone numbers were written down on each side. An effort has been made by the Laboratory to determine if these numbers were written in Oswald's handwriting. Because of the limited amount of questioned writing it was not possible to make a determination as to the identity of the writing.

With reference to the three New York telephone numbers, it is to be noted that CO 7-3110 is the number for the law firm of David Freedman and Abraham Unger, 320 Broadway, New York City. John J. Abt, the attorney, is listed in the New York telephone directory at this address and the same telephone number, namely, CO 7-3110, is listed as the number for his law office.

Memo to Belmont from [illegible]sen
Re: Lee Harvey Oswald

AC 2-4611 is the number listed to John Abt at his home address, 444 Central Park West, New York City.

OR 9-9450 is the telephone number for "The Worker" and is not readily explainable for being written down on this piece of paper; however, based on the fact that Oswald was trying to reach Attorney Abt through the telephone operator, it would appear the operator, either at the request of Oswald or based on the fact that he is known as representing individuals associated with the Communist Party, may have tried to reach Abt at the telephone number of "The Worker."

ACTION:

There is attached a letter to Mr. Rankin setting forth the additional information concerning the telephone numbers located in the trousers worn by Oswald at the time he was killed by Jack Ruby.

ReBucab 12-10-63 and your cab 12-13-63 concerning interview of Dr. and Mrs. John McFarland. Enclosed are four photographs of a male believed identical with the elderly male who sat next to Oswald on bus trip from Nuevo Laredo to Mexico City 9/26-27/63 who was described by the McFarlands. True identity of this individual believed to be Albert Osborne born 11-12-1888 or 1898 at Grimsley Lincolnshire, England. Osborne claims Canadian citizenship and holds Canadian Passport Number 5-605377, issued to him by Canadian Consulate, New Orleans, 10-10-63, described as five feet ten inches, 200 pounds, brown, graying hair. He claims to have been Baptist minister operating a mission at Texmelucan, Mexico, for many years. It is known that Osborne also uses identity of one John Howard Bowen, under which identity he was traveling on the bus to Mexico City 9/26-27/63. In applying for Canadian passport he said he had resided in Canada since 1917. He is believed to have traveled to Spain and possibly Europe in late 1963 and as of January, 1964, has left numerous general delivery post office addresses at various points in U. S. His present whereabouts is unknown. Bureau is endeavoring to locate and interview him. On 1-7-63, prior to possession of knowledge regarding use of dual identity, Osborne was interviewed by Legat, Mexico City, at which time he furnished false information concerning whereabouts of Bowen.

Re: LEE HARVEY OSWALD

The Australian girls referred to by McFarlands have identified Oswald and spoke of elderly male believed to be Englishman who sat next to Oswald during bus trip. During trip this individual, believed to be Osborne-Bowen, made comment to effect that Oswald appeared to have been to Mexico before.

Reinterview McFarlands displaying photographs of Osborne-Bowen in effort to identify. Ascertain if they have further information concerning revelations of Osborne-Bowen during trip, with particular reference to his comment concerning Oswald's previous trips to Mexico. During trip Oswald told girls he had previously stayed at Hotel Cuba, Mexico City, as it was inexpensive, but did not intend to stay there during current trip. Do McFarlands recall this?

Among the effects of Osborne at Mexican residence on 1-21-63 was unopened letter from Walter Osborne, Old Folks Home, Grimsby (possibly Grimsley) Lincolnshire, England, possibly a close relative. Arrange for interview of Walter Osborne and for check of birth records regarding Albert Osborne. Check Immigration to ascertain if Osborne or Bowen entered England in late 1963. Expedite. Should Osborne-Bowen be in England, hold interview in abeyance pending additional Bureau instructions. Sucab.

At 10:15 AM, 1-29-64, Mr. Howard P. Willens, Criminal Division, of the Department called in regard to the possibility of two members of the President's Commission and a representative from the Department looking at the evidence presently being held in the Laboratory in this case. He stated that the reason for this request was that they would like to pick out a few items of the evidence which might be pertinent to an interview of Mrs. Oswald which the Commission intends to hold on February 3, 1964. He stated that he did not desire to take the material immediately to the Commission but would probably like to have some of the items prior to the interview.

I told him that we would be glad to show the evidence at any time to members of the Commission and he indicated that 3:00 PM, this date, would be satisfactory.

Mr. Willens advised that a Mr. Charles N. Shaffer of the Criminal Division of the Department will be with the two members of the Commission, Professor Norman Redlich and Mr. Melvin A. Eisenberg. It was suggested that they come to the office of Assistant Director Conrad.

THINKING ALOUD!

Americans have been asked to wait in good faith for the facts surrounding the tragic death of our late President Kennedy. I, for one, refuse to believe a thorough and penetrating investigation of this crime committed by a COMMUNIST can be expected from the EARL WARREN COMMISSION. After all, the Communists themselves have proclaimed some of the Warren Court decisions as great victories for the "comrades" of this nation.

Our Chief Justice Warren was among the first to be on nationwide TV immediately after the assassination of Mr. Kennedy. Warren maligned the "right wing" by accusing them for being instrumental in the Dallas death-facts available as soon as the Communist killer was captured haven't caused Warren to retract his irresponsible statements and I feel he has disgraced his profession.

Perhaps this investigation could bring out the facts by starting with our Atty. General Robert Kennedy- why did he imagine danger from the right when the Communists have openly stated their avowed plan to take over this country. Lee Oswald toured Russia with his wife who, incidentally, is the daughter of a Russian Intelligence Colonel! Demand the facts from the Warren Commission soon or they'll be forgotten!

ReDElet 1-30-64 enclosing for the Bureau and the other interested offices a letter addressed to the Editor, "Mining Journal," Ishpeming, Michigan, from R. A. Bennett, Pico Rivera, California.

A check of Bufiles discloses no information identifiable with R. A. Bennett. The Los Angeles Office should immediately identify R. A. Bennett and thereafter interview him to ascertain all information he might possess bearing upon the assassination of President John F. Kennedy or information in his possession regarding subject and his wife, Marina Oswald.

Handle immediately and submit results of investigation in a report suitable for dissemination in captioned matter.

NOTE:

Detroit Office received a letter written by Bennett from Mr. Ken Lowe, Editor of the "Mining Journal." In this letter Bennett is critical of the Earl Warren Commission and Chief Justice Warren. He also alleges that Lee Oswald toured Russia with his wife who "incidentally, is the daughter of a Russian intelligence colonel." We are having Bernett identified and interviewed to obtain firsthand any information he might possess in this matter.

Re Cleveland letter to the Director dated 1/21/64.

The following investigation was conducted by SA ROBERT D. COOPER:

At Grand Rapids, Michigan:

On January 28, 1964, ERNEST MC CLAIN, home address 1051 Fountain, N.E., was contacted at his place of employment, the Gear Research Co., 4339 Eastern, S.E., but he stated he did not have the address of his daughter, NANCY RITZ, nee MC CLAIN, aka. Mrs. EDWARD MICHAEL RITZ, Mrs. WILLIAM MARLOWE, but that she was last known to be residing in Columbus, Ohio.

On January 28, 1963, Mr. ERNEST and Mrs. LOIS MC CLAIN were interviewed at 1051 Fountain, N.E. and jointly furnished the following information:

About two years or more ago, NANCY MC CLAIN ran away from home and disappeared for some length of time, after family trouble. She met and married one EDWARD MICHAEL RITZ somewhere in Ohio. They lived together a few months in the vicinity of Elyria, Lorraine, and Cleveland, Ohio. They

made one or two trips to Arizona or New Mexico where RITZ allegedly had relatives. RITZ allegedly inherited some money when his grandfather died in the west. RITZ, NANCY and one WILLIAM MARLOWE (reportedly a long-time friend of RITZ) started back to the west, after the inheritance, and allegedly were held up in St. Louis, Missouri, and lost all their belongings. TENN Ohio NM

On April 17, 1963, NANCY called her home from Anton, Texas, and gave most of the above information. On April 18, 1963, she again called from Las Cruces, New Mexico, and reported that she was stranded with WILLIAM MARLOWE and that RITZ had disappeared. On April 21, 1963, Mr. ERNEST MC CLAIN called the Las Cruces Police Department and it was reported to him that NANCY and EDWARD RITZ had been together in Las Cruces, had been given food and lodging and the police had endeavored to get RITZ a job as a short order cook.

On April 25, 1963, Mrs. LOLA MC DONALD, great aunt to NANCY, Rural Route (Plantersville) Tupelo, Mississippi, telephoned the McClain residence and reported that NANCY and WILLIAM MARLOWE were at her home. It was learned that MARLOWE had left after staying one night. After two or three unsuccessful attempts, Mr. ERNEST MC CLAIN reached his daughter, by telephone, in Tupelo, and she confessed she was not married to MARLOWE. NANCY promised to return to Grand Rapids, Michigan. ERNEST MC CLAIN sent her a non-cashable bus ticket for her return to Grand Rapids, Michigan. It was subsequently learned that NANCY telephoned a brother of MARLOWE in the Cleveland area and told him that she was returning to Grand Rapids, by bus, via Chicago. WILLIAM MARLOWE, meantime, had been arrested in Memphis, Tennessee, and he telephoned the same brother and learned of the plans of NANCY. Somehow MARLOWE managed to meet NANCY in Chicago and NANCY never got to Grand Rapids. It was learned that NANCY made the following telephone calls while at the home of Mrs. LOLA MC DONALD in Tupelo, Mississippi:

1. SU. 1-1085 at Cleveland, Ohio
2. 322-2783 Elyria, Ohio
3. 323-1212 Elyria, Ohio

After April 28, 1963, NANCY and WILLIAM MARLOWE went to Cleveland, Ohio. On June 17, 1963, NANCY telephoned her parents from somewhere near Grand Rapids and informed that she was bringing her new husband to Grand Rapids. They arrived on the same date. NANCY explained that MARLOWE was an old acquaintance of her first husband, EDWARD MICHAEL RITZ; that MARLOWE had loaned RITZ considerable money; that RITZ had not repaid MARLOWE; that all of them started from the west after RITZ learned about his inheritance; that all were involved in an auto accident in St. Louis, Missouri; that RITZ disappeared later; that she divorced RITZ; that she later married MARLOWE. The date and place of the divorce and the marriage to MARLOWE are unknown.

Later, the Welfare Office in Elyria, Ohio, advised that they had no information that would indicate that RITZ and NANCY had been divorced nor any information indicating a legal marriage of NANCY to MARLOWE.

On October 28, 1963, NANCY furnished the address of 867 Dennison, Apartment 4, Columbus, Ohio, by letter to her parents. On November 9, 1963, she furnished the address of 1031 Dennison, Columbus, Ohio. On December 20, 1963, and January 9, 1964, she furnished the address of 922½ North High Street, Apartment 12 (rear), Columbus 11, Ohio. She advised that WILLIAM MARLOWE was employed by the A. W. Auld Company, in the painting department and that she was employed at the Doctor's Hospital, Columbus, Ohio, in the maternity ward.

The above is all the information known to Mr. and Mrs. MC CLAIN, and they have no information whatsoever that anyone mentioned above has contacts in Dallas or knows either LEE HARVEY OSWALD or JACK RUBY.

For the information of Cincinnati, one copy of the referenced letter plus a copy of the Cleveland airtel to the Bureau dated January 2, 1964, are enclosed for background information. Also enclosed are photos of NANCY JANE RITZ and WILLIAM MARLOWE.

LEAD THE CINCINNATI DIVISION, at Columbus, Ohio, will interview NANCY JANE MARLOWE, nee MC CLAIN, aka. Mrs. WILLIAM MARLOWE, 922½ N. High Street, Apartment 12 (rear) or at the Doctor's Hospital, in accordance with the information set out on page 1 of Cleveland letter to the Director dated January 21, 1963.

Reurtel 2-3-64. Recontact Reverend Walter Hluchan to develop specifics concerning his knowledge of Osborne's work as a clergyman and as to Osborne's travels from 9-1-63 to date. Ascertain if Reverend Hluchan can shed any light on Osborne's educational background, particularly in reference to his training for the ministry. Retel states that Osborne, according to Hluchan, has in the past used the identity of name John Howard Bowen, as 20 years ago he had tourist hermit (presumed to mean permit) in name of Bowen. This does not explain why Osborne has continually used Bowen identity. Ascertain from Hluchan his understanding of why Osborne had tourist permit in name of Bowen and why he has used this identity. Re your airtel 1-28-64, same caption.

You should immediately contact Frank Capell, editor of "The Herald of Freedom", regarding certain points appearing in the 1-17-64 issue of his publication.

(1) The Bureau desires to learn the exact sources of Capell's information and to obtain copies of same, if available, for information appearing in the first paragraph under the heading "The Assassination" on the second page, first column of the pamphlet.

(2) The Bureau questions the date of 11-29-63 given for the Munich, Germany newspaper, "Deutsche National Zeitung," which appears on the second page, column two, paragraph three. The specific source and any available copy thereof for information from that newspaper should be obtained. As the New York Office may be aware, information re Oswald's reported attempt on General Walker's life in Dallas in April, 1963, was not developed by this Bureau until several days after 11-29-63.

(3) You should determine the source and obtain available copies thereof for the Bureau on the point that Mrs. Ruth Paine "called John Abt, the communist lawyer, for Oswald." This statement appears in paragraph three on the third page, first column of Capell's publication.

Submit results of contact with Capell as soon as possible.

COVER-UPS

[illegible] Communists, Soviet agents and [illegible] security risks have been protected and [illegible] in our government for [illegible] years. In spite of [illegible] reports, findings of Congressional investigating committees have shown that [illegible] and Soviet agents have remained [illegible] in government even in the face of [illegible] long as seven and eight years after the [illegible] gave full reports of their activities to the [illegible] partment heads, to the Attorney General, even to the President of the United States [illegible] no action being taken. On this subject we recommend two books, "Operation Solitaire" by Robert Moss, and "Red Star Over [illegible]" by Lyle Munson.

SPECIAL INVESTIGATING COMMISSIONS

There is no possibility that the Warren Commission will make the truth known to the American public, for this would lead to the exposure of thirty years of pro-Soviet activities and betrayal of too many people, including members of our government and [illegible] commissions.

The Roberts Commission which was created similar to the Warren Commission was charged with an investigation of the Japanese attack on Pearl Harbor. It reported that Admiral Kimmel and General Short were negligent [illegible] which was completely untrue. Many years later a Congressional Committee revealed that we had broken the Japanese code and had intercepted a message [illegible] the impending attack and the ships could have been at sea and the planes could have been moved [illegible]

Dear Sir:

I read recently in The Nation magazine that it is thought amoung certain groups that Oswald was an undercover agent for the Federal Bureau of Investigation.

I am wondering if your office has taken the time to debunk this lastest hallucination.

I await your reply.

Thank you.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

By letter 1-31-64 J. Lee Rankin, General Counsel, President's Commission On the Assassination of President Kennedy, furnished a copy of a letter addressed to the Attorney General which was sent to Congressman Hale Boggs, a member of the President's Commission. This letter was written by Mrs. Lou Wylie Hayes, a 70-year-old retired newspaper woman residing in New Orleans, Louisiana. Congressman Boggs has described Mrs. Hayes as a thoroughly responsible person and stated information contained in her letter should be thoroughly checked out.

Mrs. Hayes alleges that a person whom she now believes to have been Lee Harvey Oswald sat next to her on a bus in New Orleans during September, 1963 (exact date not recalled), at which time Oswald told everyone on the bus he had just returned from a State Department assignment in Cuba on a U. S. Army plane and had been met at the airport in New Orleans by the FBI. The FBI had then taken him to a bus stop rather than to his home for security reasons. Oswald praised Castro and stated he, Oswald, now had the "say so" as to the return of prisoners to the U. S. from Cuba.

Mrs. Hayes claims she contacted the local FBI and Walter Cowan, city editor of a local newspaper, concerning this matter. Mrs. Hayes also states she has previously assisted the FBI in its investigations of two other individuals.

Bufiles disclose Mrs. Lou Wylie Van Sicklen, who appears to be identical with Mrs. Lou Wylie Hayes, directed a letter to this Bureau 7-28-42 wherein she related several unrelated incidents concerning individuals who reportedly made pro-Japanese statements.

Dear Mr. Rankin:

Reference is made to my letter dated January 17, 1964, relating to a contact with this Bureau by attorneys for General Edwin A. Walker. In this letter I also advised you efforts were being made to locate William McEwan Duff, who had been linked to Lee Harvey Oswald during April or May, 1963, by a Dallas lunchroom proprietor.

We have located Duff and I am enclosing two copies of the report of Special Agent J. A. Grimes dated January 28, 1964, at Oklahoma City, Oklahoma, containing the results of interview with Duff. 105-82555-1570

This concludes our inquiry into this particular matter.

NOTE:

By letter to Rankin dated 1-17-64, we advised him attorneys Clyde J. Watts and A. V. Grant had requested the FBI to confirm or deny reports that Oswald attempted to murder Walker on 4-10-63. One of the attorneys also wanted us to furnish a transcript of all evidence and information relating to this alleged attempt on Walker's life so that they could take appropriate action to protect the General. Attorney Watts indicated he might contact the President's Commission or endeavor to interview Oswald's widow. In view of the above, we furnished the Commission background on this contact as well as what action we had done in the Walker shooting, which was primarily a ballistics examination. Duff was the only suspect in the Walker shooting developed by the Dallas Police Department and he was subsequently absolved by that department. A lunchroom proprietor was the only individual who linked Duff with Oswald, therefore, efforts were made to locate Duff for interview to iron this matter out. The enclosed copies of a report from Oklahoma City disclose that Duff never knew Oswald or any other of the principals in this matter. At the time of our letter to Rankin on 1-17-64, we advised when Duff was located and interviewed he would be furnished the results thereof. This now concludes our inquiry.

REQUEST BY INVESTIGATING COMMISSION

On February 3, 1964, Mr. Willens requested a handwriting examination in connection with the telephone numbers appearing on a slip of paper found in the clothing of Oswald.

Because of the limited nature of the telephone numbers and the lack of consistency in the handwriting, no conclusion could be reached whether the telephone numbers were or were not written by Oswald.

A letter to Honorable J. Lee Rankin, reporting the results of the handwriting examination, is attached.

Title: LEE HARVEY OSWALD

Character: INTERNAL SECURITY - R - CUBA

Synopsis: Records of Eastern Airlines (EAL) and National Airlines (NAL), maintained at Miami, Florida, fail to reflect travel by LEE HARVEY OSWALD under true name or aliases, from New Orleans, Louisiana to Houston, Texas on 9/25/63.

- P -

DETAILS: On January 20, 1964, Mr. CHARLES POWERS, Accounting Department, EAL, Miami, Florida, made available EAL passenger tickets for all flights from New Orleans, Louisiana to Houston, Texas on September 25, 1963. A review of these passenger tickets failed to reflect any ticket in the name of LEE HARVEY OSWALD or in any of his known aliases.

On January 24, 1964 Mr. ROBERT H. COLLEDGE, Revenue Accounting Department, NAL, Miami, Florida, advised that under the record system used by NAL, the passenger tickets are not maintained according to date or flight number, but rather by the ticket coupon number. He said the tickets are thus filed in numerical order for the entire NAL operations.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

He explained that an alternative method of determining if an individual had flown between any two points on a given date, would be to review the auditor's coupons, i.e., the copies of the airline tickets which are kept by the airline at the time of issuance of passenger tickets. He said the auditor's coupons are filed according to date of issuance although passenger ticket may not actually be used for an extended period of time following its issuance.

Mr. COLLEDGE made available the auditor's coupons covering the period of issuance from September 22 through 25, 1963 for NAL flights from New Orleans, Louisiana to Houston, Texas. He also made available auditor's coupons for all NAL tickets sold at New Orleans during the period September 15 to 30, 1963 by the New Orleans travel agencies.

A review of these auditor's coupons resulted negatively in noting any coupon in the name of LEE HARVEY OSWALD or aliases.

Dr. ALEXIS H. DAVISON advised that he is presently employed as a physician at Grady Hospital, Atlanta, Georgia. Dr. DAVISON was formerly a physician at the American Embassy in Moscow, USSR. He stated that a few months ago he examined an attractive young Russian female with two children, who was planning to emigrate to the United States. He stated that after conducting his physical examination of her he went to the reception room where he was introduced to her husband. He stated that he asked her husband where he was going in the United States and he stated that he did not know but that it would be somewhere in the south. Dr. DAVISON then stated to this man that his mother lived in Atlanta and that his mother was of Russian decent. He stated that if he should go through Atlanta, he might wish to call Dr. DAVISON's mother and he gave this man his mother's address. Dr. DAVISON stated that he has seen photographs of Mr. and Mrs. LEE HARVEY OSWALD and cannot state that these were the individuals referred to; however, this is the only instance he realls where he gave his mother's address to a person coming to the United States while he was assigned to the Embassy in Moscow.

[redacted] who has furnished reliable information in the past, furnished a written report on January 22, 1964, to SA GARRETT P. FLEMING concerning a Communist Party meeting held on December 4, 1963. The report reflected as follows: On December 4, 1963 a Communist Party meeting on the National Association for the Advancement of Colored People Affairs was held at the residence of EARL DURHAM. DURHAM gave a lecture concerning the Party's viewpoint on the assassination of President KENNEDY. DURHAM stated that there is more to it than meets the eye and there are many questions which have to be answered. DURHAM questioned, "Who really murdered President KENNEDY?" He mentioned that the people in Dallas say that LEE OSWALD did it; however, it must be kept in mind that Dallas is one of the strongholds of the "Ultra-right". DURHAM also stated that it has to be accurate as to why an individual by the name of RUBY was able to wander about the Dallas Police Department without being questioned.

Also, why was the Dallas Police Department able to hold OSWALD for two days without counsel? DURHAM added that OSWALD maintained his innocence until the end. DURHAM also questioned, "What did OSWALD know that the police department went afraid of?"

DURHAM added that the original plan seemed to be to pin the matter on the Ultra-right but blame was quickly changed to the Ultra-left.

DURHAM stated that within two hours after OSWALD's arrest, they were able to come up with a television taped interview by OSWALD making it appear just as if everything was all set. DURHAM stated that there is one hope that the full story might be told since he did not believe BOBBY KENNEDY would hold still for a whitewash.

On January 17, 1964, a written report was furnished by [redacted], who has furnished reliable information in the past, to SAC BRICE S. PIEBNER, concerning a meeting of the Industrial Club Chairmen, Illinois Communist Party, held on December 5, 1963, at 2057 West Garfield Boulevard, Chicago.

This report contained the following information:

GIL GREEN spoke concerning the assassination of former President KENNEDY. He pointed out that the State Board had recently met and carefully analyzed reasons and circumstances of this assassination.

GIL stated that the CP does not condone such activities and will fight against any force whose motives are to assassinate heads of state. Such action is a "black eye" to the United States in the eyes of other countries throughout the world. Each Party member should read GUS HALL's statement on the assassination of President KENNEDY. HALL gives a clear picture of the Party position on such a matter and which position points out that the Party is opposed violently to any act of this nature. The Party's position is to work for unification of the country and to support the programs of the new president and to fight and

oppose any part of the president's program which is contrary to the beliefs of the Party.

GREEN stated that the Board is of the opinion that OSWALD was guilty of firing the shot that killed President KENNEDY. OSWALD was not the murderer but was merely the paid assassin to do this job. He was paid by a group from the ultra-right like HUNT, the oil millionaire, and General WALKER. This group actually did the planning of the assassination and to make their plan a success they had to find a "nut" like OSWALD to carry out the deed.

OSWALD at one time attempted to join anti-CASTRO forces for the purpose of invading Cuba. These forces refused to admit OSWALD because they felt that he was of the opposite political belief and sent to them by the "Reds" to upset the plans of their invasion forces.

Sometime after being refused admittance to this anti-CASTRO group, OSWALD was distributing leaflets in New Orleans in the name of the Fair Play for Cuba Committee (FPCC). Investigation reflects that OSWALD was never a member of the FPCC in New Orleans.

After being arrested for distributing FPCC leaflets in New Orleans, OSWALD returned to Dallas and it is interesting to note that there is no FPCC Committee in Dallas.

GREEN stated that the question which comes to his mind is why was OSWALD seen in a night club owned by RUBY on several occasions. There is some speculation that RUBY is a go-between man who carried the messages to OSWALD which were handed by the big "slick" who were actually responsible for the President's assassination. GREEN stated that possibly OSWALD was killed because there were indications that he was going to cooperate with the Dallas Police and because of this RUBY was given the assignment of murdering him.

CI 62-6115

Some claim has been made that OSWALD shot at General WALKER some time ago. GREEN stated that he doesn't know the facts even though the statement was made by OSWALD's wife that OSWALD admitted attempting to kill WALKER. GREEN stated that if OSWALD had shot at WALKER probably WALKER would not be around today. If he did shoot at WALKER he probably did not know WALKER's position with the ultra-right group. GREEN stated that if OSWALD attempted to kill WALKER he was certain that OSWALD did so as the result of being offered a sum of money.

GIL stated that he wanted it clear in the minds of all Party members that the Party had nothing whatsoever to do with the President's assassination and would not condone such action. It is the feeling of the Party that the individuals guilty of this act should be found and brought to justice.

GREEN stated that the Government Committee looking into this matter should push to make certain that every single lead on the matter is investigated in order to determine the cause of the assassination as well as those in the conspiracy.

GREEN stated that the Soviet Union made its position clear through a statement by KHRUSHCHEV. The Soviet Union also turned over to the United States a complete file they maintained on OSWALD reflecting his entire activities while he was in Russia. This file even reflected OSWALD's efforts to become a Soviet citizen, which efforts were denied by the Soviet Government. This file also reflects that OSWALD attempted to commit suicide on one occasion by cutting his wrists. This all points to the fact that the CP in the United States had nothing whatsoever to do with the assassination.

NATE inquired as to who the group was who attempted to have WALKER killed. He also asked who was to pay for the assassination of the president. GIL stated that he feels

that the people who plotted to have WALKER murdered were probably from the right and the group within the ultra-right that felt that WALKER had gone too far in his activities. They probably made such a move thinking that if WALKER was eliminated his group could control the right factions in both parties.

GIL stated that the conspiracy to assassinate President KENNEDY was a broad thing and got support from all groups of the ultra-right.

Someone indicated that it was their understanding that BERNARD ~~WEISSMAN~~, head of the American Fact Finding Committee, wrote an article criticizing KENNEDY prior to the assassination. It is understood that WEISSMAN has now left Dallas and no one knows why.

DETAILS: AT CHICAGO, ILLINOIS

HARRY FANNING, Executive Editor "Chicago Daily News", had previously advised that on November 2, 1963, four men were reportedly arrested in Chicago, Illinois, and charged with carrying a concealed weapon. One of these individuals, according to FANNING's source, was believed to be the subject OSWALD.

SAC MARLIN W. JOHNSON has periodically maintained contact with Mr. FANNING in an effort to determine FANNING's sources for this story. On January 22, 1964, Mr. FANNING advised SAC JOHNSON that he had looked into the matter thoroughly and there was absolutely no truth whatsoever in the story. He stated he could not tell Mr. JOHNSON exactly how the story originated.

On January 24, 1964, THOMAS VALLE appeared before Judge CORDON B. NASH, Branch 46, Municipal Court, Chicago, Illinois, charged with "Unlawful Use of Weapon". VALLE had been arrested on November 2, 1963, for a traffic violation, at which time arresting officers observed a hunting knife lying on the floor in front of VALLE's car. During the interrogation of VALLE by Chicago Police Officers, VALLE revealed he was very much opposed to the present administration. On the date of trial, VALLE, through his attorney, PETER GEORGES, entered a plea of not guilty. His attorney submitted a motion to suppress the evidence on the grounds that the weapon in question was found in an illegal search of VALLE's vehicle. During the course of testimony by the arresting officer PETER SCHURIA, SCHURIA stated that the weapon was observed on the passenger side of the front seat. VALLE in testifying on his behalf stated that he maintained this weapon for protection purposes and kept the weapon on the front seat of his car. Judge NASH denied the motion to suppress the evidence. On the conclusions of hearing evidence Judge NASH found THOMAS VALLE guilty of the charge of Unlawful Use of Weapon, and endorsed a $5.00 suspended fine on the traffic violation. At this time Judge NASH granted a continuance for a hearing on the sentence and set the date for sentencing as January 29, 1964. VALLE was released on a $100.00 bond.

Dear Mr. Rankin:

Reference is made to page 217 of the report in the Lee Harvey Oswald case of Special Agent Robert P. Gemberling dated January 22, 1964, at Dallas, Texas, wherein are recorded the results of the interview of Colonel J. D. Wilmeth, U. S. Army (Retired).

Colonel Wilmeth was reported to have stated that he was a member of the U. S. military forces in Mexico for two years during World War II. We have been advised that the report of Colonel Wilmeth's interview should have recorded him as stating that he served as a member of the U. S. military forces in Moscow for two years during World War II. It would be appreciated if you would note the foregoing in connection with your review of the aforementioned report.

Sincerely yours,

100-82555

NOTE: Dallas 2/1/64 airtel notes this necessary change. Believed advisable to inform Commission of this as they may question Wilmeth's reported claim to have been with the military in Mexico. Wilmeth is a Russian language teacher who heard of Mrs. Oswald and visited with her on 11/19/63 to discuss modern Russian language. He does not know Lee Oswald and has no intention of making further contact with Mrs. Oswald. The rpport shows that Wilmeth claimed he learned a great deal about the Russian language during his service in Mexico. We have had numerous allegations concerning Oswald's trip to Mexico and it is possible the Commission may read something into Wilmeth's claim to have served there. Explanations being obtained from DL by separate communication.

On January 29, 1964, Mrs. WILLIAM ALEXANDER, No. 5 Sharon Drive, Edwards Air Force Base, California, advised SA JOHN EDWARD DAILEY that the friend who recently wrote to her with reference to a mutual friend was ROBERT HOFFMAN, a student at the North Carolina State University, Rawleigh, North Carolina. HOFFMAN told Mrs. ALEXANDER in the recent letter that mutual friend was BRIAN AMPOST (PH), a student at the Louisiana State University in New Orleans, Louisiana, had recently written a letter to HOFFMAN stating that he had once met OSWALD. In the letter AMPOST furnished no further details nor did HOFFMAN furnish any details in his letter to Mrs. ALEXANDER.

New Orleans will attempt to locate and interview BRIAN AMPOST (PH), Louisiana State University, and determine his knowledge of OSWALD.

Dear Mr. Rankin:

"The Nation" magazine has printed an article in its January 27, 1964, issue entitled "Oswald and the FBI" by Harold Feldman. Our letter of January 27, 1964, transmitted to the Commission a copy of this article.

Your attention is directed to pages 88 and 89 of the article in "The Nation," wherein the author is quoted as follows:

> "Equally puzzling, his mother, Mrs. Marguerite Oswald, has insisted that an agent of the FBI showed her a photograph of Jack Ruby just about seventeen hours before Ruby shot her son.
>
> 'It was understood, however, that Federal agencies had acknowledged that she had been shown a photograph that night for identification, but spokesmen would not disclose whether it was that of Ruby. (The New York Times, 12/2/63.)'
>
> 'The next day the FBI denied that the photograph was that of Jack Ruby but they would not comment further. Mrs. Oswald repeated her statement and has demanded that the pictures be produced again."

For your information, Special Agent Bardwell D. Odum of this Bureau did display a photograph of an individual to Mrs. Marguerite Oswald on November 23, 1963, at Dallas, Texas, for the purpose of attempting to determine if the individual depicted in such photograph was known to Mrs. Oswald as an associate of Lee Harvey Oswald. Mrs. Oswald could not identify the photograph as anyone she knew.

On 1-7 Legat interviewed him at Texmelucan under the Osborne identity and he furnished false information concerning travel in U. S. of Bowen. Thereafter, he left Mexico and his whereabouts are not known. Osborne-Bowen has repeatedly furnished false information concerning his whereabouts, background and activities. As he indicated to fellow passengers on bus that Oswald appeared to have been in Mexico in past, we are interested in interviewing him to see what he knows of the subject and his activities in Mexico. Ruth Paine, who he befriended Oswalds, is very active in religious circles and in September made $25 donation to a Baptist congregation in Birmingham. Paine is a Quaker. It is possible that Ruth Paine may know of Osborne and, if so, this may be significant.

ReBuairtel to New York, 1/21/64.

A review of NYO files disclosed that MIGUEL ERICE, alias "Nono", referred to in anonymous letter enclosed in reairtel, is not identical with MICHAEL ANGEL ERICE, a newspaperman, subject of NY file 105-37297; Bufile 62-100695. Review of files did reveal, however, that MIGUEL ERICE, is identical with subject of NY file 105-60263, captioned, "MICHAEL ERICE, aka Miguel, Mike; IS-CUBA". Subject of NY 105-60263 is described as a plumber residing in basement apartment at 22 Menahan St., Brooklyn, NY, and also having alias of "Nono". Furthermore, NY file 105-43196 contains a reference to MIGUEL ERICE, aka "Nono", same address as above, which reflects that on 2/9/62, an anonymous letter was received at the New York Office stating that ERICE was a member of the Communist Party (CP). Subsequent investigation in above New York files 105-60263 and 105-43196 failed to substantiate allegations re ERICE and cases were placed in a closed status.

In connection with information set forth in anonymous letter enclosed in reairtel, the following is a summary of investigation conducted:

On 1/23/64, inquiry with CELIDA VILLARINO, ROSA GARCIA, and Mrs. M. RODRIGUEZ, all tenants at 22 Menahan St., Brooklyn, failed to elicit any derogatory information re ERICE or any information indicating an association with subject, LEE HARVEY OSWALD.

On 1/24/64, MICHAEL ERICE, a plumber, age 58, born 8/12/05, Rodas, Cuba, was interviewed and advised he entered the United States at Key West, Florida, in May, 1929; arrived in NYC May, 1929; and became a naturalized citizen in approximately 1938. ERICE admitted prior attendance at the Casa Cuba Club (CCC), NYC, but denied any association with LEE HARVEY OSWALD. He stated that he did not hear of the name until the assassination of President KENNEDY. ERICE commented that he considers two women in the neighborhood, CARIDAD ORTEGA and MARIA ANTONIO BALUJA, to be his enemies.

On 1/27/64, ROSA MARIA ORTEGA, alias, "Cari", 946 Bushwick Ave., and MARIA ANTONIA BALUJA, 22 Menahan St., both Brooklyn, advised that ERICE is pro-CASTRO and has stated to them that he is a member of the CP. ORTEGA stated that one DAISY GUERRA, wife of superintendent at 22 Menahan St., told her that on the evening of 11/22/63, ERICE, while apparently intoxicated, and in the presence of GUERRA and one ANNA BOSCH, of 22 Menahan St., remarked, "If OSWALD talks what will happen to me". ORTEGA also stated that about two or three years ago, ERICE remarked to her that he was "an active member of the Communist Party" and when she suggested that he go to Russia, if he likes Communism, ERICE's reply was that he had "a mission here". ORTEGA denied writing any letter to the Attorney General re ERICE but admitted that she had thought about it but decided against it.

On 1/27/64, DAISY GUERRA and ANNA BOSCH interviewed re alleged incident on 11/22/63 involving ERICE, and both deny any such conversation took place. They were unable to furnish any information indicating a possible association between ERICE and OSWALD. GUERRA commented that, in her opinion, however, ERICE is in sympathy with the CASTRO Government, but she did not believe he was active in any pro-CASTRO organizations.

On 1/27/64, MICHAEL ERICE was reinterviewed regarding alleged incident on 11/22/63, and he denied making any statements concerning LEE HARVEY OSWALD, and advised that he never knew or contacted OSWALD. He also denied making any statement to the effect that he was a member of the CP. He remarked that his loyalty is with the United States and if there ever is a national emergency, he would gladly fight for the United States against any nation, including Cuba. ERICE did admit that he occasionally drinks to excess and while in this condition has a propensity toward being loquacious to the point of exaggeration.

ERICE stated that in approximately May, 1962, he traveled to Mexico for a one month vacation. He stated that an acquaintance of his, ALBERT MORE, had sustained a heart attack and requested ERICE to drive him, his wife and mother-in-law to Mexico for a vacation.

It is believed that above-mentioned ALBERT MORE is identical with ALBERTO MORE, NY 100-99188; Bufile 100-322005.

On 1/28/64, FRANCIS I. MC CARTHY, United Press International (UPI), advised that ALBERTO MORE, approximately 60 years, is the Latin reporter for UPI at the United Nations, and is a close friend to Cuban Ambassador CARLOS LECHUGA.

The above information re MICHAEL ERICE will be submitted in next report of NYO, and inasmuch as investigation has failed to establish any association between LEE HARVEY OSWALD and MICHAEL ERICE, no further action re this allegation will be taken by NYO.

ReBulet to NY, 1/28/64.

ReBulet granted NY authority to interview the subject.

On 1/27/64, the subject was telephonically interviewed at the specific request of J. LEE RANKIN, General Counsel, Presidential Commission on the Assassination of President KENNEDY. LEE was asked if he could furnish any additional information regarding LEE HARVEY OSWALD and he replied that he had previously furnished all of the data in his possession. He added that if he did have any additional information he would furnish it directly to Mr. RANKIN because he does not wish to have anything whatsoever to do with the FBI. He was hostile and belligerent and accused the FBI of leaking information to the press. He stated that the FBI serves no useful purpose and personifies many of the evils existing in the US today.

In view of the above, NY will not attempt to interview the subject again at this time.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of January 31, 1964, and my previous reply of February 5, 1964, concerning information allegedly received by a Shirley Lamprecht from a Roland Spigale, now believed to be Roland Spedale, 903 Dante Street, New Orleans.

Mrs. Lynda Goodier Lococo, 3713 Dumaine Street, New Orleans, advised this Bureau on February 4, 1964, of the following information given to her by a friend, Shirley Lamprecht, during a telephone conversation in early December, 1963:

Lamprecht stated that Spedale, an employee of the telephone company, told her the FBI was inquiring about Oswald in New Orleans. Lamprecht also mentioned that Spedale had learned that his company records showed that Oswald had lived in the same apartment building in New Orleans with a private detective as well as Jack Ruby. Mrs. Lococo stated she is positive that the only information she received regarding Oswald was from Lamprecht who had reported Spedale as her source of information.

Spedale, actually an employee of the New Orleans Public Service Company, Incorporated, was reinterviewed by this Bureau on February 4, 1964, at which time he denied any knowledge of information contained in the company records regarding occupants of the apartment building where Oswald resided. Spedale also said he had no information that a private detective and Jack Ruby also resided in the same apartment house with Oswald. Spedale reiterated that the only

information concerning the Oswald case that he had was the fact the FBI had checked the records of the New Orleans Public Service Company, Incorporated, regarding gas and electric service for Oswald's apartment. According to Spedale, the only information he furnished to Lamprecht concerned the FBI checking of the gas and electric records.

As the Commission is undoubtedly aware, no information has been developed by this Bureau to indicate that Jack Ruby resided in New Orleans during the period of April through September, 1963, while Oswald lived there.

This concludes our inquiry into this particular matter.

Sincerely yours,

J. Edgar Hoover

NOTE:

Information in this matter obtained from New Orleans teletype 2/4/64 captioned "Lee Harvey Oswald, aka, IS - R." Referenced teletype also advised that Mrs. Lococo said she told her husband, Vincent T. Lococo, the information she alleges she received from Lamprecht. Mrs. Lococo said her husband is an attorney in the New Orleans law firm of Hubert, Baldwin and Zibilich. She stated that Leon D. Hubert, Jr., a member of the law firm, had been appointed an investigator on the President's Commission and is presently in Washington for the hearing. No identifiable derogatory information found in Bufiles regarding Mr. and Mrs. Lococo. No further action being taken in view of denials by Lamprecht and Spedale regarding the allegation.

DATE: February 5, 1964

SUBJECT: SENATOR JOHN G. TOWER (R-TEXAS)
ASSASSINATION OF THE PRESIDENT
RUMOR

Mr. Ken Towery, who is the press secretary to Senator Tower, called and stated that he had heard some rumors concerning Oswald and his relationship to the FBI and wanted to talk to someone about it.

Kemper in my office called on Towery on 2-4-64 and he said that last week, he got a long-distance call from a reporter of the "Dallas News." The reporter, whose name he could not recall, advised that there was a rumor going around to the effect that Oswald was receiving $200 a month from the FBI as a confidential informant and that he had a symbol number of 139. Towery said that he told the reporter he had never heard of such an outlandish thing and frankly he felt it was just a rumor.

Mr. Towery said that he told the Senator about it but made no further move because they have been bombarded with rumors on all phases of the assassination. The day following the call from the "Dallas News," a reporter from the "Washington Post," whose name Towery thinks is Albright or Albrecht, called in person in the Senator's office and said he understood that the Senator had information that Oswald was a confidential informant of the FBI, had received $200 a month and had the symbol number of 139. Towery told the "Post" reporter that this was not true, that they had no such information and as far as he, Towery, was concerned, it was just a vicious rumor.

This rumor, of course, has previously been brought to our attention by the Dallas Office and is strictly a rumor.

DATE: February 5, 1964

FROM : C. D. DeLoach

SUBJECT: BYRON DE LA BECKWITH TRIAL
PRESS INQUIRY
FEBRUARY 5, 1964

Mike Miller, Scripps Howard correspondent, called my office today and talked to Leinbaugh. He said that he had just received an inquiry from their representative in Jackson, Mississippi, wanting to know if it was possible that Lee Harvey Oswald could be involved in the slaying of Medgar Evers. Miller said that supposedly defense attorneys had claimed some time this morning that Oswald was implicated in the slaying of Medgar Evers. Miller had no other details and a quick check made at that time failed to reveal that we had been advised of such a rumor.

After checking, Miller was contacted and told that the FBI could make no comment regarding his query. He fully understood and appreciated the Bureau's position.

A check was made of our files on Oswald and he was working for the William B. Reily and Company, Inc., New Orleans, Louisiana, from May 10 through July 19, 1963. Medgar Evers was shot at about 12:30 a.m. on the morning of June 12, 1963. On the pertinent dates our investigation reveals that Oswald left his place of employment at 5:30 p.m., June 11, 1963, and that he reported at 8:56 a.m. on the morning of June 12, 1963.

The above is for information.

MR. SULLIVAN
MR. DE LOACH

The Attorney General called and stated he had heard that there has been some discussion about a report on Martin Luther King before the Rooney Committee and also some discussion about the Department of Justice wanted to recall that report and he, the Attorney General, wanted to recall our conversation about it because someone got the impression he, the Attorney General, requested it be recalled. I told the Attorney General that the only discussion before the Rooney Committee was off the record; that there was inquiry off the record as to the association of Martin Luther King with the Communist movement and I reviewed the information that we had developed in the monograph and said copies of the monograph had been delivered to the Secretary of Defense, the Secretary of State, and the White House, and that it was later recalled because it was feared it might leak out. I stated one of the members of the Committee, a Republican, made the statement he thought it ought to be exposed, and Chairman Rooney said he thought information of that kind should be kept in the back of the head rather than come out as public information. I stated I made the remark that that was the intention in recalling the document. The Attorney General stated he understands that they are saying he had requested it be withdrawn. I stated it was nothing of the kind; that in other words he, the Attorney General, and I had talked about it several times and he had questioned the wisdom of its distribution and I indicated I would have the copies withdrawn and I did. The Attorney General stated he did not want to have the idea that he had requested it. I stated both of us had feared a leak might get out from the Departments which had copies of the monograph; and if it happened during a sensitive time of negotiations going on with the Negro leaders, it would have caused a ruckus insofar as King was concerned.

The Attorney General said another thing he was calling about is that DeLoach said to Ed Guthman that the Attorney General should be concerned about the letter written about King and speaking on behalf of the FBI, if they were he, the Attorney General, they would be concerned. The Attorney General

stated he did not know what is going on with this thing, that he just knew the letter was cleared with the FBI before it was sent. I stated I did not know what the letter is, that I would check on it because that is a new development I had not heard about. The Attorney General stated that just last weekend he heard that there was apparently some conspiracy on the part of President Kennedy and himself in connection with this; that he did not mind it coming out, but he wanted the facts. I stated there was no discussion on the record at all, it was all off the record and as I had stated, there was one member who thought this information about King ought to be exposed and Rooney spoke up that it is better at times to have matters of this kind in the back of the head rather than have it leak out or be dissemination, and I stated that was the intention of recalling the document. The Attorney General stated he remembered the conversation we had had. I stated in regard to this matter of some letter that DeLoach mentioned, I did not know what that is about and I would talk to DeLoach about it and check on it.

10:00 AM

I called the Attorney General and advised him I spoke to DeLoach about it and he emphatically denies he made any such statement to Guthman; DeLoach said Guthman came around to see him yesterday about the fact the press is getting information regarding Martin Luther King which concerned him. DeLoach says his remark was it also concerned us because it imperils any sources of information we might have. I continued that there was a reporter in Atlanta who, I believe, arrived in Washington yesterday and who is doing an article for the Saturday Evening Post exposing King; that while he was in Atlanta he made the statement down there concerning O'Dell's connection with the Communist Party and was concerned about Levison writing King's speeches and he was then coming on to Washington to see the Department people here to supplement this or get any additional information he could. I stated that gives us great concern because of the fact what Levison does, that is a highly confidential matter from one of our informants who is associated with Levison. I stated there has been a leak somewhere concerning that particular thing, but at no time was any reference made concerning the fact that he, the Attorney General, should be concerned about any letter he wrote.

February 5, 1964

Memorandum for Messrs. Tolson, Belmont, Rosen, Sullivan, DeLoach, Evans

The Attorney General stated he is concerned about that as he understood I was. He stated a lot of these things seem to be coming out in the papers which were not before. I agreed and stated Drew Pearson, I happen to know, in regard to his column this morning, got the entire information from the Air Force who have copies of our reports; that this man (Reynolds) was in the Air Force and we made an investigation of him then because of the security risk; that Pearson got access to the files of the Air Force and has attributed it to us - that when you read the thing, it sounds as though everything was furnished by the FBI when in reality Pearson could not get inside any door of the Bureau as he is held in contempt by everybody in the Bureau. I stated Pearson hangs it on to the FBI as if it emanated from us. I stated Pearson did the same thing in regard to the assassination of the President, that he attributed certain information to the FBI which, as a matter of fact, he got from Earl Warren himself. I stated Pearson and Warren are close friends; they travel together and spend vacations together. I stated I had been tipped off in advance that Pearson was writing a column critical of the Bureau and giving information regarding the Lee Harvey Oswald case and Pearson made it appear we were leaking information when as a matter of fact nothing ever was leaked out until after the report left the Bureau and then things began leaking out. I stated a lot leaked out in Dallas from the Police Department, which was doing a lot of talking about the evidence they sent us like the gun, the fingerprints, et cetera. I stated we identified them and in turn made a report to the Dallas Police Department and the Chief then went on TV and radio and reported what we found. I stated I told the Agent in Charge to tell the Chief I wanted him to shut up; of course, the Chief could have ignored me, but nevertheless I thought he was doing a great deal of harm, but the Chief did shut up and he never appeared on TV or radio again, but the harm had been done because certain members of the Presidential Commission on the Assassination thought the material was leaked out by the FBI. I stated Pearson was the author of that kind of a column just as this morning; if you read his column, the FBI furnished everything about this fellow Reynolds who is involved in the Bobby Baker case when, in fact, copies of our reports of an investigation on Reynolds years ago went to the Air Force. I stated I was tipped off last week that Pearson's man had obtained access to those files in the Air Force and he was going to write a column, not only one but I think four columns, which will be favorable to Walter Jenkins and the President and discrediting Reynolds particularly.

February 5, 1964

Memorandum for Messrs. Tolson, Belmont, Rosen, Sullivan, DeLoach, Evans

The Attorney General stated he thought his relationship with me, and the Department and the FBI, have been good since he has been there; that he was going to be there just a few months longer and if at any time there are any disagreements, he would like to continue talking as we have in the past; that he just wants to make sure we continue our close relationship. I stated as the campaign comes on there are a lot of lies which people begin to circulate in columns or by word of mouth which spread around. I stated just like that woman we had in here last week who retracted all the statements she had made about sexual relations with the former President; with him, the Attorney General; and everybody else; that there were only two Senators she stuck to, but we had gotten her under oath and she had retracted her statements. I stated some private detective had recorded her statements and was selling it for $500 a copy. I stated I understand the Hearst papers bought one for $500, but she involved President Johnson and any number of Senators. I stated she is another one of these call girls, but she admitted under oath, as the Rometsch girl did, that it was false. I stated it is so hard to catch up with these liars and when you get a retraction there is no way to get it out. I said people who listen to the recording, which is a vile recording, get a salacious pleasure out of it and then repeat it until it builds up. I stated it rolls like a snowball. I said it is an outrage to the people involved, but Washington is filled with gossip. The Attorney General stated he thought if we all just work closely together that is the best thing and I agreed.

Very truly yours,

J. E. H.

PX 105-1529

March, 1961, a nephew of WILLIAM MC KENZIE by the name of WILLIAM MARLOWE showed up at the MC KENZIE apartment with a young girl and caused quite a commotion. MARLOWE had been drinking, whereupon Mr. LIEBER asked both Mr. MC KENZIE and MARLOWE to leave, whereupon they did move out from the apartment. Since that time Mr. LIEBER has not seen WILLIAM MARLOWE nor did he possess any other information about him. He identified photographs of WILLIAM MARLOWE and NANCY RITZ as being the individuals who had stayed at WILLIAM MC KENZIE's apartment.

The records of the Maricopa County Sheriff's Office, Phoenix, were checked against the names of WILLIAM MARLOWE, NANCY JANE RITZ, NANCY MARLOW, NANCY MC CLAIN, said records having been checked by JACK WATSON, Identification Officer, on 1/28/64, but with negative results.

At the Phoenix Police Department, PETER LOPEZ, Identification Officer, advised on 1/28/64 that there was no identifiable record on NANCY JANE RITZ, NANCY MARLOWE, or NANCY MC CLAIN. There was located the following information relating to one WILLIAM ALBERT MARLOWE, JR., FBI No. 849 560 D, Phoenix PD No. C5543.

MARLOWE was arrested on 6/1/61 by the Sheriff's Office at St. Johns, Arizona, and charged with burglary, and he subsequently was sentenced to the Arizona State Penitentiary, on 6/13/61. He was sentenced to a one-to-three-year sentence.

On 4/12/63 MARLOWE registered as an ex-convict and at that time gave his address as Mayse Hotel, Phoenix, Arizona. He had been released from Arizona State Penitentiary on 2/7/63 after serving 20 months. He furnished his address as of 8/27/63 as 8260 W. Picadilly, Phoenix. There were three interrogation cards contained in the files, one in 1963 (no specific date) at which time MARLOWE was questioned and he gave his address as the Imperial Hotel, 5th Street and Jefferson, Phoenix.

Again on 9/12/63 he was interrogated, at which time he claimed he had been out of the state and had just returned. He gave his address then as 8260 W. Picadilly, Phoenix.

On 9/17/63 he was questioned, at which time he was hitchhiking on the freeway, and stated he had been in Phoenix for two weeks and was on his way back to Ohio. He gave his address at that time as 750 Broadway, Lorraine, Ohio.

The following investigation was conducted by SAs FREDERIC A. BROWNELL and PAUL G. TAYLOR at Phoenix, Arizona:

Mrs. MARY MARLOWE, 8260 W. Picadilly, Phoenix, advised on 1/30/64 that her family has resided in Phoenix from September, 1956, until May, 1962, and then again from June, 1963, to the present time. While absent from Phoenix during the period from May, 1962, until June, 1963, the family lived at 542 N. Field, Bedford, Ohio. She stated the last time she saw her son, WILLIAM A. MARLOWE, JR., was on 5/31/63 in Cleveland, Ohio. As of December 25, 1963, WILLIAM A. MARLOWE, JR., was residing at 922½ High Street, Columbus, Ohio. He telephonically contacted his mother on 12/27/63, at which time he stated he was working at the A. W. Auld Company in Columbus, Ohio. He said he had other part time work and that NANCY was with him and was working at a hospital in Columbus. He claimed that they were married.

LEADS:

THE CINCINNATI DIVISION

AT COLUMBUS, OHIO

Will endeavor to contact NANCY JANE RITZ at 922½ High Street, Columbus, and interview her regarding Bureau airtel as set out in attached enclosures.

It will be noted allegedly as of 12/27/63 WILLIAM A. MARLOWE, JR. was supposed to be living at 922½ High Street, Columbus, and working for the A. W. Auld Company in Columbus. NANCY RITZ was allegedly living with him as his wife, and was allegedly working at a hospital.

Synopsis: Record located of rental of U-Haul trailer to S. E. or G. E. TAYLOR of Fort Worth, Texas, 11/30 to 12/2/62.

- RUC -

DETAILS:

WILLIAM PICK, assistant to the legal counsel, Arcoa, Inc., 1006 SE Grand, Portland, Oregon, headquarters of the U-Haul Trailer System, advised on February 3, 1964, that a search of the records of that concern for the months of October and November, 1962, disclosed no rental of a trailer during those months to a GARY E. TAYLOR, 3519 Fairmount, Dallas, Texas.

Mr. PICK said, however, that a record was located which showed that at about one p.m. on November 30, 1962, a G. E. TAYLOR or S. E. TAYLOR (handwriting difficult to read), 4304 Curron, Fort Worth, Texas, had rented a covered van type trailer number 6078FK652, measuring four feet by seven feet by five and one-half feet at the service station of J. H. PENDLEY in Fort Worth. The rental apparently had been handled by an individual by the name of HELLBETH.

Mr. PICK noted, however, that this trailer had not been returned until about one p.m., on December 2, 1962, when it was received by an individual with the initials J. H. P., presumed by Mr. PICK to be J. H. PENDLEY. The TAYLOR who rented this trailer held driver's license number 3134711, or 5134711, and drove a vehicle bearing license number EY8854.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The record does not indicate the state for either the driver's license or the vehicle plate.

Mr. PICK noted the discrepancies but said that this was the only record that could be found during the months of October and November, 1962, that might be identical.

Mr. PICK provided autostatic copies of the lease contract covering the above rental and one copy is attached hereto.

Re Dallas airtel to Director dated 2/5/64, in regard to movie being filmed in Dallas, Texas.

On 2/6/64, TONY ZOPPI, columnist, "Dallas Morning News", advised LARRY BUCHANNAN would finish shooting the movie "The Trial of Lee Harvey Oswald" at 3024 Fort Worth Avenue, on 2/9/64.

BUCHANNAN then will attempt to sell the film to a film distributor.

ZOPPI advised the movie is to be a courtroom scene starting with the arrest of LEE HARVEY OSWALD and continuing through the trial pointing out what would have happened if OSWALD had gone to trial.

The above is submitted for the Bureau's information and no investigation is being conducted UACB.

Re Denver airtel to Bureau 12/9/63.

On December 18, 1963, a copy of Denver memorandum December 9, 1963 transmitted by Denver airtel same date was furnished to Assistant Chief of Staff, G-2, with the request that appropriate Army authorities at Metz, France, interview HOWARD COHEN for any information he might have in the captioned matter.

On February 5, 1964 the 766th Intelligence Corps Detachment was asked to ascertain the status of this matter with their headquarters at Orleans, France. The 766th Intelligence Corps Detachment subsequently advised that their headquarters at Orleans is temporarily unable to locate any record of the memorandum previously furnished to them and is making further inquiries.

Copies of our memorandum December 18, 1963 and its enclosure were furnished to the 766th Intelligence Corps Detachment with the request that they attempt to expedite the coverage of the lead therein.

We will follow this matter closely with the 766th Intelligence Corps Detachment and advise the Bureau promptly of any pertinent information developed.

Newspaper "SOVETSKAYA BELORUSSIA" (Soviet White Russia), issue No. 74(9693), Thursday, March 28, 1963. An organ of the Central Committee of the Communist Party of Belorussia (White Russia) and the Council of Ministers of the Belorussian SSR, published in Minsk, BSSR.

The greatest portion of this issue is devoted to reporting of the session of the Plenum of the Central Committee of the C.P. of Belorussia, held March 27, 1963, including the text of a speech on agricultural program for Belorussia for 1963 and ensuing debates. The rest of the issue contains international and domestic news and other short articles.

General contents of the newspaper run along the lines of Soviet official publications, such as "Pravda" and "Izvestiya."

Among international news the following item appears:

"Stop Provocations in the Caribbean. A Note of Protest to the U. S. Government," dated March 27, 1963 (page 1, columns 6-7). The note, sent to the U. S. Embassy in Moscow by the Ministry of Foreign Affairs of the USSR, accuses the U. S. Government of aiding and abetting the Cuban "counterrevolutionaries" who, in this particular case, fired upon a Soviet merchant marine ship, "Lgov" in a Cuban port.

Synopsis: Mr. and Mrs. ERNEST MC CLAIN, parents of NANCY JANE MARLOWE, nee MC CLAIN, aka., advised NANCY was last known to reside 922½ N. High Street, Apt. 12, rear, Columbus, Ohio.

- RUC -

DETAILS:

At Grand Rapids, Michigan:

On January 28, 1964, ERNEST MC CLAIN, home address 1051 Fountain, Northeast, was contacted at his place of employment, the Gear Research Company, 4339 Eastern, Southeast, but he stated he did not have the address of his daughter, NANCY RITZ, nee MC CLAIN, also known as Mrs. EDWARD MICHAEL RITZ, Mrs. WILLIAM MARLOWE, but that she was last known to be residing in Columbus, Ohio.

On January 28, 1964, Mr. ERNEST and Mrs. LOIS MC CLAIN were interviewed at 1051 Fountain, Northeast, and jointly furnished the following information:

About two years or more ago, NANCY MC CLAIN ran away from home and disappeared for some length of time, after family trouble. She met and married one EDWARD MICHAEL RITZ somewhere in Ohio. They lived together a few months in the vicinity of Elyria, Lorraine, and Cleveland, Ohio. They made one or two trips to Arizona or New Mexico where RITZ allegedly had relatives.

This document contains neither recommendations nor conclusions of any kind. It is the property of the FBI, and is a loan to your agency; it and/or its contents are not to be distributed outside your agency.

RITZ allegedly inherited some money when his grandfather died in the west. RITZ, NANCY and one WILLIAM MARLOWE (reportedly a long-time friend of RITZ) returned back to the west, after the inheritance and allegedly were held up in St. Louis, Missouri, and lost all their belongings.

On April 17, 1963, NANCY called her home from Anton, Texas, and gave most of the above information. On April 18, 1963, she again called from Las Cruces, New Mexico, and reported that she was stranded with WILLIAM MARLOWE and that RITZ had disappeared. On April 21, 1963, Mr. ERNEST MC CLAIN called the Las Cruces Police Department and it was reported to him that NANCY and EDWARD RITZ had been together in Las Cruces, and had been given food and lodging and the police had endeavored to get RITZ a job as a short order cook.

On April 25, 1963, Mrs. LOLA MC DONALD, great aunt to NANCY, Rural Route (Plantersville) Tupelo, Mississippi, telephoned the MC CLAIN residence and reported that NANCY and WILLIAM MARLOWE were at her home. It was learned that MARLOWE had left after staying one night. After two or three unsuccessful attempts, Mr. ERNEST MC CLAIN reached his daughter, by telephone, in Tupelo, and she confessed she was not married to MARLOWE. NANCY promised to return to Grand Rapids, Michigan. ERNEST MC CLAIN sent her a non-cashable bus ticket for her return to Grand Rapids, Michigan. It was subsequently learned that NANCY telephoned a brother of MARLOWE in the Cleveland area and told him that she was returning to Grand Rapids, by bus, via Chicago. WILLIAM MARLOWE, meantime, had been arrested in Memphis, Tennessee, and he telephoned the same brother and learned of the plans of NANCY. Somehow, MARLOWE managed to meet NANCY in Chicago, and NANCY never got to Grand Rapids.

It was learned that NANCY made calls to the following numbers while at the home of Mrs. LOLA MC DONALD in Tupelo, Mississippi:

1. SU. 1-1085 at Cleveland, Ohio
2. 322-2783, Elyria, Ohio
3. 323-1212, Elyria, Ohio.

After April 28, 1963, NANCY and WILLIAM MARLOWE went to Cleveland, Ohio. On June 17, 1963, NANCY telephoned her parents from somewhere near Grand Rapids and informed that she was bringing her new husband to Grand Rapids. They arrived on the same date.

NANCY explained that MARLOWE was an old acquaintance of her first husband, EDWARD MICHAEL RITZ; that MARLOWE had loaned RITZ considerable money; that RITZ had not repaid MARLOWE; that all of them started for the west after RITZ learned about his inheritance; that all were involved in an auto accident in St. Louis, Missouri; that RITZ disappeared [illegible]; that she divorced RITZ; that she later married MARLOWE. The date and place of the divorce and the marriage to MARLOWE are unknown.

Later, the Welfare Office in Elyria, Ohio, advised that they had no information that would indicate that RITZ and NANCY had been divorced nor any information indicating a legal marriage of NANCY to MARLOWE.

On October 26, 1963, NANCY furnished the address of 867 Dennison, Apartment 4, Columbus, Ohio, by letter to her parents. On November 9, 1963, she furnished the address of 1031 Dennison, Columbus, Ohio. On December 20, 1963, and January 9, 1964, she furnished the address of 922½ North High Street, Apartment 12 (rear), Columbus 11, Ohio. She advised that WILLIAM MARLOWE was employed by the A. W. Auld Company, in the painting department and that she was employed at the Doctor's Hospital, Columbus, Ohio, in the maternity ward.

The above is all the information known to Mr. and Mrs. MC CLAIN, and they have no information whatsoever that anyone mentioned above has contacts in Dallas or knows either LEE HARVEY OSWALD or JACK RUBY.

LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Reference is made to your conversation on January 2, 1964, with Mr. Courtney A. Evans of this Bureau concerning the treatise entitled "Possible Psychological Motivations in the Assassination of President Kennedy," prepared by Dr. Jose I. Lasaga, and which was presented by Dr. Lasaga to a member of the White House Staff on December 31, 1963.

Dr. Lasaga's treatise contained the statement that through very reliable sources it had been ascertained that Lee Harvey Oswald held an extended interview with the Cuban Ambassador in Mexico, whom he met in a restaurant on the outskirts of the city, from where they both later departed in the Ambassador's automobile for a private talk. Dr. Lasaga reportedly advised Mr. Ralph A. Dungan of the White House Staff that he received the aforementioned information from Angel Fernandez Varela, an employee of The Voice of Cuba in Miami, who in turn received it from Salvador Diaz Verson, who was in Mexico City after the assassination performing investigative work on behalf of an unnamed principal.

There is enclosed for your information one copy each of a memorandum dated January 29, 1964, and a report in the Lee Harvey Oswald case of Special Agent James J. O'Connor dated January 23, 1964, at Miami, Florida, setting forth the results of our inquiry into Dr. Lasaga's allegation. As indicated in the enclosed report, Mr. Diaz Verson claimed that while in Mexico City in late November, 1963, shortly after the assassination, he was told by Dr. Borrell Navarros that Oswald met an official of the Cuban Embassy in a restaurant in Mexico City. Mr. Diaz Verson denied being told

For record purposes, it is to be noted that on 2/4/64, the President's Commission requested that numerous items of evidence be delivered to them on the morning of 2/5/64, in connection with their questioning of Marina Oswald. This material was delivered as requested and later in the day the Commission requested that these items should be returned to the FBI Laboratory for safekeeping until the morning of 2/6/64, at which time they would want back many of the same items. They stated that they did not want us to check the items since they had arranged them in the order in which they would be needed the next morning and that they would assume full responsibility of the accuracy of the listing.

Boxes reportedly containing items designated as B4, C15, C137, C138, D20, C8, C10, C12, C14, D1, D27, C60, C139 through C147, A3, A4, A5, A14, A15, A16, C11, C226, 375, 378, 379, C37 and D53, were tied with string by the Commission and brought back to the Laboratory by Laboratory representatives and locked in a cabinet for safekeeping. These same boxes were returned to the Commission on the morning of 2/6/64, at their request in the same condition as they were received never having been opened in the Laboratory during this time.

SAC Shanklin called from Dallas at 12:15 p.m. today. He had interviewed District Attorney Wade and his assistant Alexander regarding their alleged statements in the Nation article. Wade said he had never made the statements attributed to him in the article; that he did talk to the reporter, Lonnies Hudkins, and when asked whether Oswald was an FBI informant replied that he did not know, but if he was he did not think such information should be made public.

Alexander said Hudkins talked to him and told him he was going to get a good story because he thought Oswald was an informant of CIA or the FBI because Oswald had the name of Agent Hosty and the telephone number of the Dallas Office in his address book. Alexander said he told Hudkins that he did not know anything about Oswald being an informant, but it was true that Oswald's address book contained the name of Hosty and the telephone number.

District Attorney Wade told Shanklin, in confidence, that he and Alexander were called to testify before the President's Commission, but were sworn to secrecy. Wade said he thinks this came about because Attorney General Carr got a copy of the Nation article and brought it to the attention of Chief Justice Warren. Carr called Wade late Wednesday night and told him they were going up to Washington and they took a Braniff plane Thursday night.

Present at the hearing were Chief Justice Warren and Lee Rankin, Attorney General Carr, Robert Storey (former Dean of SMU), Leon Jaworski (Houston attorney), Wade and Alexander. Storey and Jaworski are working for the State of Texas.

Belmont to Tolson Memorandum
RE: LEE HARVEY OSWALD

Wade said they were questioned as to whether they had any information regarding Oswald being an informant of the FBI, CIA or other government agency. Wade told them he had no information to that effect. Alexander says he also told them he had no knowledge of Oswald being a government informant. He did testify police recovered an address book from Oswald's residence that contained the name of Hasty, the telephone number of the FBI in Dallas and the license number of a car (we have this address book. Agent Hosty was the Agent who interviewed Mrs. Payne and gave her the office telephone number so she could advise him further concerning Oswald. The license number of the car is the same as Hosty's car, but is one letter off).

Alexander said he told the Commission that after the bond hearing on Jack Ruby last Tuesday, he heard news reporters speculating as to whether Oswald was a counterspy for the FBI, CIA or other government agency. One reporter (Alexander does not know who) said he thought Oswald was on the government payroll since September, 1962, at $200 a month, payroll or voucher number 179.

Wade said they were before the Commission for about 3 hours and also talked about FBI reports being made available to Wade and what information should go to the defence. The Commission told him this was the problem of the Department of Justice.

RECOMMENDATIONS:

It is recommended that we send a letter to Rankin telling him we have been advised that Texas authorities, including the District Attorney of Dallas and his assistant, were questioned by the Commission relative to the allegation appearing in the Nation article that Oswald was an FBI informant; that we have previously fully advised the Commission concerning our investigation and interviews of Oswald and here are the facts again concerning our contacts with Oswald and that he was never in any sense an informant of the FBI. Further, this letter will advise Rankin that if the Commission has any further questions concerning this or any other phase of FBI activities, we would appreciate a direct contact from the Commission relative thereto.

Chief COMER related that over the past year or two, DICKINSON has been a chronic complainer to the Pulaski PD, most of the complaints being somewhat childish. At times DICKINSON has mailed papers to the Pulaski PD containing clippings and photographs from newspapers and magazines and containing incoherent scribblings in the margins.

Chief COMER described DICKINSON's parents as elderly, hard work, reliable and loyal American citizens.

Since DICKINSON has no knowledge of LEE HARVEY OSWALD, OSWALD's wife or the assassination of President KENNEDY, no further investigation being conducted by Richmond and UACB, no report being submitted.

On January 17, 1964, J. C. WYGAL, Security Department, Sperry - Farragut Company, Division of Sperry - Rand Corporation, Bristol, Tennessee, furnished a Special Agent of the Federal Bureau of Investigation with copies of letters from ROBERT PRESTON DICKINSON dated January 12 and January 13, 1964. DICKINSON enclosed with his first letter a write up on his employment, showing various jobs as technical writer, editor, television actor, engineer, analyst, motion picture actor, etc. This write up appears to make sense, as many of the supervisors named are prominent in the fields mentioned according to Mr. WYGAL. However, at the end of the described write up, he made the following notation in hand printing:

"Age: 39, marital status: single, but am courting Mrs. Lee Oswald and her $24,000 via letter proposals."

Mr. WYGAL noted that DICKINSON uses good English but apparently is not of sound mind, making such remarks as "will not fill out any more application forms so don't send them. I mean it." Also, "don't want any local interview and will not come if it is offered". DICKINSON offered to work in his home as a "technical editor" for $40.00 per week, working on nonclassified technical reports.

In the second letter, DICKINSON offered to send all of his work to a BILL BEALER, Katt Engineering Corporation, Santa Monica, California, and this letter wanders and makes use of lengthy phrases making little sense.

RE: LEE HARVEY OSWALD

On February 7, 1964, ROBERT PRESTON DICKINSON, 25[illegible] Lexington Avenue, Pulaski, Virginia, advised a Special Agent of the Federal Bureau of Investigation he had submitted letters to the Sperry - Farragut Company, Bristol, Tennessee, in an effort to secure employment.

DICKINSON stated he felt that since he had such a wide work experience with various companies, the Personnel Officer of the Sperry-Farragut Company would recognize his name and realize that he had not been employed for five years. DICKENSON stated that to show his bitterness, he used the comment about courting Mrs. LEE OSWALD by mail to demonstrate his desperation regarding unemployment.

He stated he has never been to Texas, has not corresponded with Mrs. OSWALD, and the only information he has regarding the assassination of President KENNEDY is what he has read in the newspapers, and observed on the television.

DICKINSON exhibited a suitcase full of notebooks and papers which he claims documents his feeling that companies having defense contracts are wasting scientific potential by releasing qualified scientists such as he when contracts are terminated. DICKINSON feels that scientists should be retained by these companies at a reduced pay scale until new contracts are obtained.

DICKINSON also complained that various companies had hired him, knowing of his vast experience and capabilities in order to show in their bidding for Government contracts that they had the best personnel available. He stated that after the contracts were obtained, these companies would then release him and refuse to rehire him.

During a conversation DICKINSON rambled and made various other complaints dealing with Hollywood theatrical agents and foreign aid.

DICKINSON felt that management in the entertainment field needs to be investigated.

DICKINSON verified that he had not worked in five years, is depressed and draws a disability pension of $20 per month and is mainly supported by his parents. He concluded by saying that his main concern is to obtain employment, and this is his sole reason for writing letters.

Dear Mr. Rankin:

Reference is made to your oral request of this Bureau on January 22, 1964, that appropriate officials of the Communist Party, USA, the Socialist Workers Party and the Fair Play for Cuba Committee be contacted officially by this Bureau and be requested, on behalf of the President's Commission, to make available copies of all correspondence and any other material that they might have relative to Lee Harvey Oswald.

Vincent Theodore Lee

On January 27, 1964, we contacted Mr. Vincent T. Lee, National Director, Fair Play for Cuba Committee, New York, New York, in this matter. Mr. Lee advised that his organization has no data concerning Oswald which has not already been furnished to this Bureau for forwarding to the President's Commission. The material furnished by Mr. Lee was described in report of Special Agent John James O'Flaherty dated December 11, 1963, at New York, New York, in the Lee Harvey Oswald investigation.

BY COURIER SVC. - COMM.-FBI

We also contacted Mr. Farrell Dobbs, National Secretary, Socialist Workers Party, New York, New York, on January 27, 1964, in the presence of his attorney, Mr. Rowland Watts. Mr. Dobbs declined to furnish information to the Federal Bureau of Investigation but stated that the Socialist Workers Party does have certain data concerning Oswald which had been turned over to Mr. Watts who would make this material available directly to the President's Commission.

Honorable J. Lee Rankin

Mr. Watts requested that he be sent a letter from Mr. J. Lee Rankin requesting material concerning Oswald in the possession of the Socialist Workers Party and he would then forward such material directly to the President's Commission. Mr. Watts stated this letter should be directed to Rowland Watts, President, Workers Defense League, 112 East 19th Street, New York, New York.

Mr. Watts and Mr. Dobbs described the material in the possession of the Socialist Workers Party concerning Oswald as follows:

1. A record of Oswald's subscription to the "Militant," the official Socialist Workers Party publication.

2. A letter from Oswald indicating his desire to join the Socialist Workers Party.

3. A letter from Oswald setting forth a change of address.

Mr. Watts stated that Oswald's request for membership in the Socialist Workers Party was answered routinely to the effect that since there was no Socialist Workers Party branch in Oswald's area, Oswald might desire to distribute the "Militant" in his home area.

Mr. Dobbs was informed by this Bureau that his request to deal directly with the President's Commission would be furnished to the Commission.

Mr. Arnold Johnson, Legislative Director of the Communist Party, USA, was interviewed on January 29, 1964, at the office of attorney John Abt and stated that the statement he made to the press to the effect he forwarded correspondence with Oswald to your Commission was made on the basis of his assumption that such correspondence, which he turned over to this Bureau, had in turn been forwarded to the Commission. Mr. Johnson stated he has no documents dealing with Lee Harvey Oswald in addition to the material previously furnished to this Bureau. The material referred to by Mr. Johnson is described in Special Agent O'Flaherty's reports dated December 6 and December 9, 1963, at New York, New York.

Honorable J. Lee Rankin

[redacted]

John Abt, on the occasion of our January 29, 1964, interview of Mr. Johnson, said that he was to be in contact with Gus Hall, General Secretary of the Communist Party, USA, and would arrange an interview of Hall as soon as possible. The results of our interview of Mr. Hall will be immediately brought to your attention upon receipt.

Sincerely yours,

J. Edgar Hoover

NOTE:

Hall and Johnson were supposed to be available for interview on 1-28-64. They stalled us until the morning of the 29th and it is possible there may be further delay; hence, we are not specifically advising the Commission when we expect to complete the interviews.

TRANSLATION FROM RUSSIAN

DL - 31

A four-page handwritten letter to MARINA OSWALD from RUTH PAINE.

* * *

2515 W. 5th Street
Irving, Texas
December 27, 1963

Marina, dear,

I really do not know what to say. I do not know whether it is better to be silent or to speak. It is hard for you as it is and I do not wish to trouble you. But I wish to explain that I felt myself lonely when I finished reading your letter to me. I was very glad to see the letter but, after I read it, I did not know any more about you. You wrote to me as if I were an old grandma and not a friend. You closed (your ?) face to me. (Translator's Note: the meaning of this sentence is not clear; perhaps the writer, whose Russian is not always adequate, wanted to say "you shut me out"?) Is it true that I offended you? If so, please forgive me. I did not wish and I do not wish to offend you. But I am stupid and rude - especially in Russian.

Or, perhaps, you simply do not want my friendship? Of course, this is up to you; I cannot do anything. But I wish you to understand me and to know what I think, and not to cast me aside without knowing my thoughts.

Another matter worries me. I sent you letters from nice people who wrote to me saying that I was good, because I gave you a place to live and was your friend. In the letters also was money for you. I wanted you to see where this money was from and how nice the people were. But do not think that I

consider that I did something unusual for you, or that you had to be grateful to me (how do they say it?). Absolutely not. Such thoughts hamper friendship; likewise, this is not true. How many times did I tell you (when you were here), that I was not giving any more than I was getting. You have never understood how useful it was for me to speak Russian every day. (And interesting too; you do not know either, how lonesome I am at home now.) Also, I was at home alone and it was very pleasant to talk and chat with you in the evening and, generally, it was nice to have company. You know, that I did not get more money from Michael when you lived with me, but we had no money difficulties; i.e., it is clear to me and, I hope, it is clear to you, that if you had to be grateful (to me), I would have to be no less grateful to you. (Translator's Note: a sentence "that is why I want to send you a letter and tell you again that I was very glad to live with you," was crossed out.) I hope that you understand me. I would like to talk with you. I merely want to know, Marina, how you are and what you think and feel. But, of course, it is your affair, with whom you talk and, what you talk about. Is it not?

Sincerely,

/s/ Ruth.

I kiss June, Rachel, and you.

Re: GENERAL PROTERO

B[illegible] 1845-1895

On February 1, 1964, a confidential source abroad advised that "GENERAL PROTERO" of Apartado #20, Amadora, Portugal, is a senile, partially demented individual in his seventies who is a prolific writer on anti-Communist themes but whose writings are devoid of significance and substance. Source said that subject is well known to the Portuguese authorities, who tolerate him as a harmless fool who was a Communist in his youth and who spends his declining years in producing anti-Communist propaganda of no particular value. Source advised that the name "GENERAL PROTERO" is not subject's true name and that subject has never been in the military.

Also under date of February 1, 1964, the U. S. Embassy in Lisbon, Portugal, characterized subject as an aged and eccentric individual known to the Portuguese Police as an author and peddler of numerous books having dramatic titles but disappointing content. The Embassy added that subject frequently addresses letters to foreign Chiefs of State but has neither the military nor the Communist background which he claims.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

In connection with a brief which was prepared for the Director concerning this case, field offices where Oswald was interviewed were instructed to have any Agent who ever contacted Oswald submit an affidavit stating whether he had developed Oswald as an informant. In addition, the Special Agents in Charge (SAC) of the offices were also instructed to submit affidavits in this matter.

The affidavits from the Dallas, New Orleans, and San Francisco Offices were not notarized. Inasmuch as these affidavits may be furnished to the President's Commission investigating the assassination of the President, it was felt that if the affidavits are to be furnished to the Commission, they must be notarized and not be sworn affidavits witnessed by other employees in the field office.

In view of this, on 2-5-64 I talked to SAC Shanklin of our Dallas Office and instructed him to reprepare the affidavits and have them sworn to before a notary public. Mr. Shanklin said they do have a notary public in the office and that the affidavits would be reprepared and submitted to the Bureau today.

I also talked with Assistant Special Agent in Charge (ASAC) Joseph Sylvester of our New Orleans Office. Mr. Sylvester said that they do not have a notary public in the New Orleans Office. He asked whether they should have an outside notary take the sworn statements from the Agents. I told him not to go outside the office; that he could have one of the employees of his office made a notary public in order to handle this matter. I told him that if this could not be done to let us know. ASAC Sylvester subsequently advised that in New Orleans the number of notary publics are limited; that they must take examinations which are given only twice a year and the New Orleans Office could not have one of its employees made a notary public at this time. In view of this, I told him not to take any further action.

In addition, I called ASAC Paul O'Connell of our San Francisco Office concerning this matter and he said they do not have a notary public in the San Francisco Office. I told him if it is feasible to arrange to have one of his employees made a notary public and to resubmit

the affidavit from his office in notarized form. I told him that the cost of having the employee made a notary public should not be taken from official Bureau funds. ASAC O'Connell said this would be done immediately.

ACTION:

When the notarized affidavits arrive from Dallas and San Francisco, they will be retained for possible use before the Presidential Commission. If it becomes necessary to submit these affidavits to the Commission, we may have to arrange at that time for the Agents of the New Orleans Office to resubmit their affidavits in notarized form.

In connection with the affidavits submitted by Agents who interviewed Oswald, the affidavits sent in from our New Orleans Office were not sworn to before a Notary Public. The New Orleans Office does not have a Notary Public in the office.

On the afternoon of 2-7-64 I called our New Orleans Office and talked with ASAC Sylvester. I told Mr. Sylvester that the Agents who had submitted the affidavits would have to resubmit affidavits sworn to before a Notary Public. I told him it would have to be a Notary Public inside the FBI. ASAC Sylvester said the closest office he knew with a Notary Public was the Dallas Office.

I instructed Mr. Sylvester to have the New Orleans Agents who are involved in this matter fly up to Dallas immediately today. They should resubmit their affidavits concerning their interviews with Oswald and should have them properly notarized and forwarded to reach the Bureau not later than noon, Eastern Standard Time, Monday, 2-10-64. I told him it was absolutely essential that the affidavits be in the hands of the Bureau at Washington on or before the time indicated and that whatever arrangements were necessary to get them here should be worked out by the Dallas Office.

Dear Mr. Rankin:

Reference is made to my letter of February 3, 1964, concerning the clothing worn by Lee Harvey Oswald at the time of his arrest in Dallas by the Dallas Police Department.

In accordance with the oral request of Mr. Howard P. Willens on February 3, 1964, a handwriting comparison was made of the four telephone numbers on a small slip of paper found in the clothing of Oswald. Because of the limited nature of the telephone numbers and the lack of consistency in the handwriting, no conclusion could be reached whether the telephone numbers were or were not written by Oswald.

For the completion of your records, there are attached hereto photographs of Oswald's clothing referred to above and of the slip of paper bearing telephone numbers.

Sincerely,

J. Edgar Hoover

Dear Mr. Rankin:

Reference is made to your letter of February 1, 1964, wherein you requested to be advised what further items are currently in possession of the Dallas Police Department which are relevant to this investigation.

Enclosed herewith are copies of two letters, each with envelopes, which were made available to this Bureau by Captain Will Fritz of the Dallas Police Department, Dallas, Texas, February 4, 1964. Captain Fritz informed us that these letters were obtained by the Dallas Police Department during its search of the residence of Lee Harvey Oswald at 1026 North Beckley Street, Dallas, Texas, and its search of the residence of Michael and Ruth Paine in Irving, Texas.

For your additional information, Captain Fritz informed this Bureau that there is no additional evidence concerning Lee Harvey Oswald being retained by the Dallas Police Department, Dallas, Texas.

Sincerely yours,

R. F.

NOTE: By letter 2-1-64 Mr. Rankin requested that the trousers and shoes of Oswald which he wore when arrested be obtained from the Dallas PD and forwarded to the Commission. He also requested to be advised what further items were in the possession of Dallas PD relevant to this investigation. We did obtain the trousers and shoes of Oswald and they were delivered to the Commission, for its use 2-2-64, by a SA of the Dallas Office. We also have now received 2 letters which were in the possession of the Dallas PD concerning Oswald which inadvertently had not been turned over by the police to be forwarded to the Bureau along with all other evidence that was sent to the Bureau. We have made copies of these letters and are enclosing them herein. The originals of the letters will be maintained by the FBI Laboratory along with all the other items of evidence in this case.

Dear Mr. Rankin:

This refers to a treatise by Dr. Jose I. Lasaga entitled "Possible Psychological Motivations in the Assassination of President Kennedy," a copy of which has been furnished to the Commission by the Department of Justice.

In his treatise Dr. Lasaga stated that through very reliable sources it had been ascertained that Lee Harvey Oswald held an extended interview with the Cuban Ambassador in Mexico, whom he met in a restaurant on the outskirts of the city, from where they both later departed in the Ambassador's automobile for a private conversation. We have been informed that Dr. Lasaga, in presenting his paper to a member of the White House Staff, said he received the aforementioned allegation from Angel Fernandez Varela, an employee of The Voice of Cuba in Miami, who in turn received it from Salvador Diaz Verson, who was in Mexico City after the assassination doing investigative work on behalf of an unnamed principal.

There are enclosed for your information two copies of a memorandum dated January 29, 1964, and a report of Special Agent James J. O'Connor dated January 23, 1964, at Miami, Florida, setting forth the results of our investigation into Dr. Lasaga's allegation. SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Pursuant to your instructions, SAC Robert Rightmeyer of the Houston Office was contacted during the evening of 2-7-64. He was referred to the article that appeared in "The Nation" magazine which in turn referred to an article prepared by Lonnie Hudkins of the "Houston Post" under the headline "Oswald Rumored as Informant for the U.S." SAC Rightmeyer was advised that the Bureau had been informed that Hudkins had claimed that Lee Harvey Oswald bore the designation of 179 as an informant of the FBI and was paid $200 a month for the FBI. SAC Rightmeyer was instructed to arrange for the immediate interview of Hudkins concerning his knowledge as to whether Oswald was an informant of the FBI or the U. S. Government. He was instructed to advise Hudkins that it had been reported to this Bureau that he had made a statement that Oswald had a symbol number of 179 and was paid $200 as an informant for the FBI. Concerning this latter, SAC Rightmeyer was instructed to pin Hudkins down and, if he had any evidence of this, he should produce it. If not, we should get a signed statement from Hudkins. SAC Rightmeyer was advised that the entire interview with Hudkins should be reduced to a signed statement but he most specifically should cover the payment of $200 and the symbol number 179.

SAC Rightmeyer raised a question whether or not the Bureau wanted to have Hudkins interviewed if they could not reach him until late tonight. He was advised that, under the circumstances, it would probably be best to reach Hudkins tonight and make an appointment to meet him tomorrow. SAC Rightmeyer also noted that it is entirely possible that Hudkins is presently in Dallas in which event he will contact the Dallas Office and relay these instructions to that office. SAC Rightmeyer was instructed to send in the material by teletype tomorrow.

RE: LEE HARVEY OSWALD

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

It is to be noted that the White House was in receipt of a paper entitled "Possible Psychological Motivations in the Assassination of President KENNEDY" written by JOSE I. LASAGA of Miami, Florida. This speculative paper attempted to establish that the motivation of OSWALD in the assassination of President KENNEDY was FIDEL CASTRO or a CASTRO agent and that OSWALD was motivated during his trip to Mexico between September 27 and October 2, 1963. The paper alleged that OSWALD held an extended interview with the Cuban Ambassador in Mexico City whom he met in a restaurant on the outskirts of Mexico City, from which restaurant they both later left in the Ambassador's car for a talk without being overheard.

The source of this latter information was alleged to be SALVADOR DIAZ VERSON. This individual was interviewed at Miami. He stated that while in Mexico City November 20-29, 1963, attending the Congress of the International Federation of Professional Newspaper Organizations, he was at the offices of the newspaper "Excelsior" on the night of November 25, 1963. There he learned through the Mexican press that the Mexican Government had arrested one SILVIA DURAN; that DURAN

COPIES DESTROYED

allegedly had OSWALD as a guest in her house during his visit to Mexico; and that DURAN placed OSWALD in contact with officials of the Cuban Embassy in Mexico City.

DIAZ VERSON went on to claim that he was told by Dr. BORRELL NAVARROS, an exiled Cuban newspaperman employed by "Excelsior," that OSWALD and DURAN on the day following OSWALD's arrival in Mexico City went to a restaurant called the Caballo Blanco or possibly the Caballo Bayo where they met an official of the Cuban Embassy. DIAZ VERSON claimed that he knows nothing about OSWALD and the Cuban official leaving the restaurant together in a car.

It was ascertained that Dr. EDUARDO BORRELL NAVARRO, a former Cuban Cabinet Minister who on occasion writes feature articles for the Mexico City daily newspaper "Excelsior," currently resides at 1303 Homero Street, Apartment 301, Mexico City. BORRELL NAVARRO was interviewed by a confidential source abroad on January 11, 1964, at which time he furnished the following information:

SALVADOR DIAZ VERSON was in Mexico City as claimed and discussed LEE OSWALD with BORRELL and other Cuban exiles. DIAZ VERSON also visited BORRELL in BORRELL's home.

BORRELL did not tell the story credited to him by DIAZ VERSON concerning the visit to a Mexico City restaurant by OSWALD and SILVIA DURAN. BORRELL had never heard this story or any similar story before.

BORRELL knew of no meeting between OSWALD and Cuban Embassy officials other than the meetings which allegedly occurred at the time OSWALD visited the Cuban Consulate in Mexico City.

BORRELL knew nothing concerning any visit by OSWALD to the home of DURAN.

It is to be noted that DURAN, whose complete name is SILVIA TIRADO DE DURAN and who was an employee of the Cuban Consulate in Mexico City, was questioned by Mexican authorities on November 23, 1963. At that time she confirmed that OSWALD had visited the Cuban Embassy in Mexico City during the time

he was in Mexico City from September 27 to October 2, 1963. She alleged that the purpose of his visits to the Cuban Embassy was to obtain a Cuban visa. She stated she had given him a telephone number to use in calling her concerning the visa, but denied that he had ever visited in her home.

On January 17, 1964, a source who has furnished reliable information in the past advised that he had been unable to locate a Caballo Blanco Restaurant in Mexico City, but stated that there is a Caballo Bayo Restaurant located on the outskirts of Mexico City. The source said this is an extremely large, typical Mexican restaurant which does a very thriving business. He advised that on January 11, 1964, he exhibited photographs of former Cuban Consul EUSEBIO AZCUE LOPEZ, who was in charge of the Cuban Consulate at the time of OSWALD's visit there, of Cuban Ambassador JOAQUIN HERNANDEZ ARMAS, of SILVIA DURAN, and of the subject to employees of the Caballo Bayo Restaurant and had conducted extensive interviews of these employees. The source said he was unable to find anyone among the employees who could recall any of the persons whose photographs were exhibited as having been at the restaurant.

ANONYMOUS LETTER ON BUREAU OF PRISONS FORM NO. 70, DATED November 23, 1963

On November 28, 1963, Mr. L. P. Gollaher, Warden, Federal Correctional Institution, Seagoville, Texas, made available to representatives of the Federal Bureau of Investigation an anonymous letter written by an unknown inmate at that institution. This letter is quoted as follows:

"Nov. 23 - 63

"Warden Gollaher

"You peoples have the wrong man. I know who shot the president cause he got out of the Federal prison while back. Was all he talkted about. Don't want to see a wrong man condemned for a wrong done by another.

"I'm not going to sign this at the present cause I want to thank to be sure if I'm doing the right thing and live. My two friends here thank I should wait before I come forth."

Warden Gollaher stated that he had no idea who the author of this letter was and that the only way he knew the author's identity could be determined would be by handwriting comparison of all the inmates in the Federal Correctional Institution at Seagoville, Texas, on that date, which he stated would number approximately 500.

Washington, D. C. 20530

Dear Mr. Hoover:

This letter will confirm a request made this afternoon by a member of my staff to Mr. Malley regarding delivery of certain specified items of physical evidence tomorrow for use in taking the testimony of Marina Oswald.

If possible, the Commission would like delivered to my office at 9:15 a.m. tomorrow morning the items enumerated on the three attached lists entitled "Weapons," "Clothing," and "Cameras." In addition, we wish to request delivery also of Items C 37 and D 53, as well as a few good pictures of Jack L. Ruby, if any are available.

I would also appreciate being advised as to the status of my request contained in a letter dated February 1, 1964 for an inventory of the evidence currently in the hands of the Dallas Police Department which may be relevant to this investigation.

In order to ensure proper handling of these evidentiary items we would appreciate your making the necessary arrangements so that they might all be picked up by an agent at 5 p.m. tomorrow afternoon. At that time, we will be in a position to indicate which of these exhibits might be needed on the following day, Thursday, February 6, 1964.

Thank you for your assistance.

Sincerely,

J. Lee Rankin

PAUL F. KRIETHE, Jr., Director of Security, Continental Airlines, Los Angeles International Airport, furnished the following information to SAs HOWARD H. DAVIS and CHESTER C. ORTON on 2/6/64.

Continental Airlines had three flights from Austin, Texas, to Houston, Texas, on 9/25/63. They were Flight 210 at 1056, Flight 212 at 1520, and Flight 214 at 2200. There were also three flights from Houston to Austin, Flights 211, 215, and 217.

MATT TRAVIS, Manager, Revenue Accounts, Continental Airlines, produced manifests for these six flights. Review negative, except for Flight 214, leaving Austin 10:00 p.m. and arriving Houston 10:42 p.m. on 9/25/63, which reflects seven persons boarded plane at Austin for Houston, three first class and four tourists, One of the tourists was "LEE" with three pieces of luggage, not otherwise identified.

Check of tickets for this flight failed to disclose one for "LEE". TRAVIS advised if a passenger came into Austin on another airline and then took a Continental flight to Houston, Continental would honor the ticket from another airline, but only hold the ticket for about four days and then send the ticket on to the issuing airline for reimbursement of the fare to Continental. Therefore, Continental would not have the ticket.

Enclosed to Dallas is a Xerox copy of the manifest containing the name of "LEE" which is printed.

SUBJECT: ASSASSINATION OF THE PRESIDENT

At 9:45 p.m. on 2-9-64, Kemper received a call from Sid Roberts of Associated Press. Roberts said that an exclusive had just come out in the "Fort Worth Star Telegram" that there was an eye witness to the assassination of the President. This eye witness was purported to be a Negro janitor who saw Oswald shoot the President and that he is going to testify to this before the Warren Commission. According to the story, the janitor was on the same floor with Oswald and stated, "Oswald almost stepped on me." According to the story, the janitor was arrested for vagrancy and has been held since that time in protective custody.

In line with our policy, no comment was made on this matter.

At 9:55 p.m., 2-9-64, Tom Pettit of NBC, Dallas, called about the same story. He said that he had talked to Mr. Ed Guthman of the Department and Mr. Guthman said that he had not seen anything in FBI reports concerning such a witness.

It is noted that Mr. Guthman had called me in this regard and stated he was going to cut the rumor off.

At 10:06 p.m., 2-9-64, Mr. John Riseling of the "Washington Post" called concerning this story and he was given no comment and referred to Mr. Guthman.

We are checking for explanation of this entry as it suggests that Mrs. Paine may on 10-23-63 have known of subject's purchase of the rifle. If so, this will establish that Paine has been untruthful to us re her knowledge of the rifle and it is also possible she may have had knowledge of the Walker incident. Marina Oswald's refusal to admit to us her knowledge of subject's Mexican trip appears significant and suggests either that there was more to the trip than has been developed to date or that Marina was protecting someone possibly Mrs. Paine whohas denied ever talking to Marina about the trip. Necessary that we have report on these aspects by Friday to insure Commission has all the facts prior to taking testimony from Mrs. Paine.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

By referral from Deputy Attorney General Katzenbach on 1/2/64, we were furnished a copy of a treatise on the possible psychological motivations of the assassination of the President, which had been presented to the White House by Dr. Jose I. Lasaga, an exiled Cuban psychologist. The treatise contained an allegation that "through very reliable sources" Dr. Lasaga ascertained Oswald held an extended interview with the Cuban Ambassador to Mexico, whom he met in a restaurant on the outskirts of Mexico City, from where they both later left in an automobile for a talk without being overheard. From this Lasaga concluded that Oswald's actions in applying for Cuban and Soviet visas while in Mexico City were nothing "but a gigantic alibi." This details results of our inquiry into this allegation, which we find has no basis in fact.

THE TREATISE:

Dr. Lasaga's paper is a highly speculative document in which the basic premises have been drawn from articles in the press. In it he endeavors to reason that Oswald was motivated in the assassination by unnamed Cuban agents during his trip to Mexico City in late September and early October, 1963. The above allegation was made by Dr. Lasaga in support of the above conclusion. Pressed by a White House Staff member for his source of this allegation, Lasaga said he received it from Angel Fernandez Varela, an exiled Cuban attorney and editor who, in turn, received the information from Salvador Diaz Verson, an exiled Cuban newspaperman. Dr. Lasaga volunteered the information that Diaz Verson developed the information in Mexico City where, after the assassination, he was doing investigative work in behalf of an unnamed principal.

The Department, in furnishing a copy of the treatise to us, advised it was making a copy of it available to the President's Commission.

Memo W. A. Branigan to W. C. Sullivan
Re: LEE HARVEY OSWALD
105-82555

RESULTS OF INVESTIGATION:

Investigation by Miami and Legal Attache, Mexico City, has developed the following: Diaz Verson stated that while in Mexico City in late November, 1963, shortly after the assassination, attending a newspaper congress, he was told by Dr. Borrell Navarros, a medical doctor employed by Mexican newspaper "Excelsior," that Oswald on the day after his arrival in Mexico City in September, 1963, traveled to the Caballo Blanco or Bayo restaurant where he met a functionary of the Cuban Embassy in Mexico City. Diaz Verson said no mention was made by Dr. Navarros that Oswald left the restaurant in a car in order to engage in private conversation and he denied that Borrell referred to the Cuban Embassy official as the Cuban Ambassador. Diaz Verson admitted passing the information received from Dr. Borrell to Fernandez Varela but he denied saying the Cuban official was actually the Cuban Ambassador and that the Cuban and Oswald left the restaurant together in a car.

Fernandez Varela stated that Diaz Verson told him that the Cuban Ambassador to Mexico met with Oswald at the Caballo Bayo restaurant in Mexico City and left the restaurant in a car. He admitted passing this information to Dr. Lasaga, telling Lasaga that in his opinion all of the statements of Diaz Verson might not be true, as he believed Diaz Verson was inclined to embellish a story to make it more interesting. Fernandez Varela denied telling Dr. Lasaga that Diaz Verson was in Mexico acting on behalf of an unnamed principal.

Dr. Borrell Navarro, former Cuban Minister of Education during the Batista regime, on interview in Mexico City stated he did not tell the story credited to him by Diaz Verson. He added he had never heard such a story and knew of no meeting between Oswald and any official of the Cuban Embassy in a restaurant in Mexico City. He said that all he knew concerning Oswald's activity in Mexico were the published accounts of Oswald's visit to the Cuban Consulate. Investigation through our sources at the Caballo Bayo restaurant was negative.

RECOMMENDATION:

That reports of our investigation into Lasaga's allegation be furnished to the Deputy Attorney General and the President's Commission. Attached are letters for this purpose.

SUBJECT: LEE HARVEY OSWALD

Reference is made to my memorandum 2/7/64, wherein information was set forth concerning articles appearing in the Italian press to the effect that Oswald had worked for the Bureau and CIA. You were informed that Bureau files were being checked concerning Lucio Manisco, New York City correspondent for the Italian newspaper "Il Messagero"; Manisco was the author of one of the referenced articles. Bureau files disclosed the following:

In March, 1962, a confidential informant furnished information indicating that Manisco was making arrangements to obtain a visa to travel to Cuba. In this connection, he was in contact with the Czech Embassy. (Bureau file 105-108744).

In 1960, we were investigating Mario Rossi, a newspaper writer who allegedly had cooperated with the Israeli intelligence service. Our investigation disclosed that in 1959 a check from the bank account of Rossi was endorsed for deposit to the account of Manisco. In 1959, Rossi advised us that his only association with Manisco was to substitute for Manisco as a correspondent for an Italian newspaper. (Bureau file 64-33017, Serials 49 and 54).

Dear Mr. Rankin:

At the request of representatives of the Commission, the Laboratory has reviewed the cameras recovered that are reported to be Lee Harvey Oswald's, as well as an Ansco flash attachment and an empty leather case. Representatives of the Commission asked whether or not the empty leather case could be used on either of the cameras and whether or not the Ansco flash attachment could fit either camera.

These items were reviewed and the empty leather case was found to be a case for a small pair of binoculars and could not have been used for either of Oswald's cameras. It is noted that both of the cameras are presently in cases. The flash attachment was found to contain a camera connection that is different from that used on Oswald's cameras and, therefore, it could not be used without some intermediate adapter. A Minox camera, which has just been received from Dallas and is reported to be the property of Mrs. Ruth Paine's husband, was also checked and found to have no flash connector for use with a flash adapter.

The above information was telephonically conveyed to Mr. Howard P. Willens.

Dear Mr. Hoover:

It would facilitate the work of this Commission if your Bureau would conduct appropriate tests to determine the amount of time required to travel by bus from the stop located nearest Crozier Technical High School, 2218 Bryan, to the stop nearest to the erstwhile Oswald residence on Neeley Street in Dallas. These tests should be conducted on any weekday at approximately 6 p.m. and 7:15 p.m.

It would also be helpful if the Bureau could determine the time required to ride a bus from the stop nearest General Walker's home at 4011 Turtle Creek Boulevard to the stop located nearest Oswald's erstwhile home on Neeley Street in Dallas. This latter test should be conducted at any time after 9 p.m. on a weekday evening.

Thank you for your continued cooperation in the work of this Commission.

Sincerely,

J. Lee Rankin

REC'D-READING ROOM

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of January 31, 1964, requesting this Bureau conduct time tests on bus travel between specified locations in the Dallas, Texas, area.

On February 3, 1964, Special Agent Ivan D. Lee of our Dallas Office conducted the requested tests with the following results:

At 6:12 p.m. Special Agent Lee boarded a Dallas Transit Company Beckley Avenue bus at the corner of Bryan and Crockett Streets, adjacent to Crozier Technical High School, 2218 Bryan Street. He took this bus to the corner of Beckley Avenue and Neeley Street, which is the nearest bus stop to Oswald's former residence, 214 West Neeley Street, arriving at 6:33 p.m., elapsed travel time being 21 minutes.

This same route was again traveled commencing at 7:19 p.m. and terminating at 7:36 p.m., elapsed travel time being 17 minutes. Special Agent Lee pointed out the above two buses taken by him at 6:12 p.m. and 7:19 p.m. are the first buses scheduled to depart after the hour.

Special Agent Lee walked at an average pace from the bus stop at the corner of Beckley Avenue and Neeley Street to Oswald's former residence, elapsed walking time being two minutes and fifty seconds.

Honorable J. Lee Rankin

The nearest bus stop to General Edwin A. Walker's residence, 4011 Turtle Creek Boulevard, Dallas, is located at the corner of Avondale and Oak Lawn Avenues, approximately one block west of the residence. The first bus scheduled to leave from this bus stop after 9:00 p.m. is a Preston Hollow Express which Special Agent Lee boarded at 9:26 p.m. He arrived at a bus transfer point in the 1600 block of Elm Street at 9:38 p.m. and alighted. At 9:53 p.m. Special Agent Lee boarded a Beckley Avenue bus and alighted from same at the corner of Beckley Avenue and Neeley Street at 10:05 p.m., elapsed travel time being 39 minutes.

The Dallas Transit Company advised Special Agent Lee the bus schedules in effect on February 3, 1964, have been in effect for over a year. This concludes our inquiry into this particular matter.

Sincerely yours,

J. Edgar Hoover

This item is on the Director's "Special List."

NOTE: By letter dated 1/31/64 the President's Commission requested appropriate tests be made to determine bus travel time from Crozier Technical High School to the former Oswald residence on Neeley Street in Dallas around 6:00 and 7:15 p.m. The Commission also desired to know the time it would take to go by bus from General Walker's residence to Oswald's former residence after 9:00 p.m.

Dallas Office immediately instructed to conduct these tests, results of which furnished to Bureau on 2/4/64 and are set out in the above letter.

While we have not been apprised of the purpose of these tests by the President's Commission, the following is set out as a possible explanation for same.

(note continued)

Dallas Police Department records disclose General Walker reported a shot was fired into his residence about 9:00 p.m. on 4/10/63.

Dallas report of SA Warren C. DeBrueys dated 12/8/63 on pages 284 and 285 set out interviews of Marina Oswald on 12/3 and 12/4/63. She advised during the Spring of 1963 they resided on Neeley Street. One evening in the Spring of 1963 her husband indicated he was going to typing class at the Dallas evening school (Crozier Technical High School where Oswald last attended on 4/8/63) where he normally attended two or three times a week. On this particular evening he was very late and arrived home about midnight, very pale, agitated and excited at which time he admitted trying to kill General Walker by shooting at Walker with a rifle. Marina Oswald stated her husband normally would depart the Neeley Street address sometime between 6:00 p.m. and 7:00 p.m. returning home about 9:00 p.m.

From the above it would appear the Commission is endeavoring to determine the truthfulness of statements and feasibility of information previously furnished by Marina Oswald as it relates to the other known activities of Oswald. It is possible this information may be necessary in connection with the current questioning of Marina Oswald by the Commission.

On 2/2/64, the clothing worn by Oswald at the time he was shot by Jack Ruby was brought to the Laboratory by SA Vincent E. Drain of the Dallas Office. This clothing consisted of the following items:

1 pair of black shoes, loafer style
1 pair of black trousers
1 gray flannel shirt
1 T shirt
1 black sweater
1 pair of black socks

These items were examined for visible or invisible laundry and dry cleaners markings, but none were found. All items appeared to be of domestic manufacture with the exception of the shoes which were made in Japan.

A small piece of white paper bearing the following telephone numbers was found in the right side pocket of the trousers:

"OR 9-9450
RI-8-9711
AC-2-4611
CO-7-3110
CH-7"

The "RI-8-9711" number was written in pencil. The remaining numbers in what appeared to be a ball-point pen. The "CH-7" number was crossed through.

These numbers were called to the attention of Supervisor James Malley, Division VI, who telephonically furnished them to the SAC of Dallas.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

It will be noted that our New Orleans Office has previously stated that they interviewed Lee Harvey Oswald on 8-10-63 at his request.

On 2-7-64 SAC Harry Maynor was contacted and he was instructed to obtain information concerning the following: (1) How did the New Orleans Office learn that Oswald wanted to see an Agent while he was incarcerated in jail on 8-10-63? (2) Why did Oswald want to see an FBI Agent? Mr. Maynor was advised that if information concerning the above was not readily available, he should contact the person who made the request to the New Orleans Office and find out from this person what Oswald said as to why he wanted to see an Agent.

SAC Harry Maynor telephonically advised that Lieutenant Francis Martello, First District, New Orleans Police Department, telephonically advised the New Orleans Office on 8-10-63 that his department had arrested an individual on 8-9-63 who desired to talk with an FBI Agent.

SA John Lester Quigley proceeded to the New Orleans Police Department and went directly to Martello's office. Martello had on his desk several documents that appeared to be connected with the Fair Play for Cuba Committee. While looking at the literature, another officer brought Oswald to Martello's office. Martello then introduced Quigley to Oswald as being an FBI Agent. Quigley showed his credentials and proceeded to interview Oswald regarding his activities, particularly on 8-9-63, and his background. At no time during the interview did Oswald indicate why he wanted to talk to an FBI Agent. Oswald was not specifically questioned in this regard since Martello had previously stated Oswald wanted to talk to an Agent.

On 2-7-64 Martello was questioned by SA Quigley to determine the basis for Martello's prior advice to the effect Oswald desired to see an FBI Agent. Martello said he interviewed Oswald on the morning of 8-10-63 and had secured some information concerning Oswald's activities in the Fair Play for Cuba Committee in New Orleans. Near the end of the

MRS. PAINE TOLD HUDKINS SHE KNEW OF NO SUCH SITUATION, AND VENTURED OPINION TO HUDKINS THAT THE STORY WAS HIGHLY UNLIKELY SINCE SHE COULD NOT IMAGINE ANYONE HAVING THAT MUCH CONFIDENCE IN OSWALD.

DEC. THIRTYONE, LONNIE HUDKINS INTERVIEWED AT HOUSTON, AND ADVISED THAT IN HIS CONVERSATIONS WITH RUTH PAINE THE SOCIALLY PROMINENT FORT WORTH WOMAN REFERRED TO WAS LINDA ROSENTHALL, WHO HAD EMPLOYED Fort Worth, Texas MRS. OSWALD IN SEPT AND OCTOBER SIXTYTWO. HUDKINS STATED DURING INTERVIEW HE WAS ON A "FISHING EXPEDITION" AND WAS ATTEMPTING TO DETERMINE IF OSWALD HAD BEEN A "STOOL PIGEON" FOR SOME GOVERNMENTAL AGENCY, SUCH AS CIA OR THE FBI.

DL 100-10461

LINDA ROSENTHAL HAD BEEN INTERVIEWED ON NOV TWENTYNINE LAST, THE RESULTS OF WHICH ARE CONTAINED ON PAGE ONE FORTYTWO, REPORT OF SA ROBERT P. GEMBERLING DATED JAN. SEVEN LAST. ROSENTHAL ADVISED, DURING THIS INTERVIEW, THAT OSWALD'S MOTHER WAS A FLUENT TALKER AND DISCUSSED NUMEROUS TOPICS, AND IN CONVERSATIONS MRS. ROSENTHAL GOT IMPRESSION FROM MRS. OSWALD THAT HER SON WAS WORKING FOR US GOVERNMENT IN RUSSIA. ROSENTHAL WAS UNABLE TO RECALL ANY DEFINITE STATEMENTS MADE BY OSWALD'S MOTHER CONCERNING THE NATURE OF HER SON'S WORK IN RUSSIA. MRS. ROSENTHAL STATED THAT OSWALD'S MOTHER AT THAT TIME (SEPT SIXTYTWO) SEEMED TO HAVE PERSECUTION COMPLEX AND TALKED ABOUT EVERYBODY BEING AGAINST HER.

ALL OF ABOVE INFORMATION WITH THE EXCEPTION OF LINDA ROSENTHAL INTERVIEW BEING INCLUDED IN REPORT NOW BEING PREPARED BY DALLAS.

JAN TWENTYTHREE LAST DISTRICT ATTORNEY HENRY WADE ADVISED THAT SOMETIME IN LATE DEC SIXTYTHREE HUDKINS APPROACHED HIM AND POSED SOME LEADING QUESTIONS AS TO WHETHER OSWALD WAS INFORMANT FOR FBI OR SOME GOVERNMENTAL AGENCY, AND WADE CLAIMS HE TOLD HUDKINS HE KNEW NOTHING ABOUT IT.

JAN TWENTYFIVE, MR. WADE ADVISED THAT HUDKINS WHO WAS ALSO MENTIONED IN THE ARTICLE APPEARING IN "THE NATION" MAGAZINE OF JAN TWENTYSEVEN LAST, WAS FORMERLY A POLICE REPORTER FOR THE DALLAS TIMES HERALD AND THE DALLAS MORNING NEWS, AND WAS A "WILD" TYPE REPORTER.

JAN TWENTYFIVE, ASSISTANT DISTRICT ATTORNEY WILLIAM ALEXANDER ADVISED THAT SOMETIME IN DEC. SIXTYTHREE HUDKINS TALKED WITH HIM AND INDICATED HE WAS WORKING ON A REAL GOOD STORY TRYING TO PROVE OSWALD WAS AN INFORMANT OF THE FBI, CIA, OR SOME GOVERNMENTAL AGENCY. ALEXANDER CLAIMED HE TOLD HUDKINS HE KNEW NOTHING ABOUT OSWALD BEING INFORMANT.

ABOVE INFO FROM WADE AND ALEXANDER BEING INCLUDED ON ADMINISTRATIVE PAGES OF REPORT NOW BEING PREPARED BY DALLAS.

I talked with SAC Shanklin, Dallas, on the morning of 2/7, to refresh my recollection that we had talked to Reporter Lonnie Hudkins of the Houston Post some time ago.

Shanklin said that on 12/28/63 Mrs. Paine advised that a reporter had talked to her and was coming back again to see her; that he said that according to a socially prominent woman in Fort Worth, who Mrs. Marguerite Oswald (the mother) worked for in September or October 1962, Lee Oswald was doing important antisubversive work for the government. The reporter was Lonnie Hudkins, who referred to an article in the NY Times speculating that Oswald might have made a deal with the US Government to return to the US from Russia and work on anti-subversive work.

Our Houston office interviewed Hudkins on 12/31/63. The socially prominent woman was Linda Rosenthal, of Fort Worth. Hudkins said that he was on a "fishing expedition" and was attempting to determine if Oswald was a stool pigeon for a government agency.

We had already interviewed Mrs. Lowell N. (Linda) Rosenthal on 11/29/63. She said she got the impression from Mrs. Marguerite Oswald that her son was working for the US in Russia, but she had nothing specific in this respect.

I told Shanklin to send this in by teletype so that we would have it all together in case we had to reinterview Hudkins and/or Wade. The teletype is attached.

VENUE HEARINGS BEGAN TODAY IN CRIMINAL DISTRICT COURT NO. THREE, DALLAS. WITNESSES CALLED IN THIS COURT, PRESIDED OVER BY JUDGE JOE. B. BROWN, AFTER JUDGE BROWN RULED AGAINST OPENING MOTION BY DEFENSE THAT THE COURT ITSELF CHANGE VENUE. WITNESSES IN MORNING WERE DR. FREDERICK S. CARNEY, PROFESSOR AT SOUTHERN METHODIST THEOLOGICAL SEMINARY AND A. C. GREEN, EDITORIAL PAGE EDITOR OF DALLAS TIMES-HERALD. THESE WITNESSES WERE QUESTIONED CONCERNING ARTICLES THEY WROTE ON THE ASSASSINATION AND LATER MURDER OF LEE HARVEY OSWALD, AND ABOUT THE QUOTE OLIGARCHY END-QUOTE WHICH RULES DALLAS. BOTH EXPRESSED OPINION RUBY COULD RECEIVE FAIR TRIAL IN DALLAS.

DURING AFTERNOON SESSION RAY ZAUBER, EDITOR OF OAK CLIFF TRIBUNE, SUBURB OF DALLAS, QUESTIONED CONCERNING ARTICLES APPEARING IN HIS PAPER ALLEGEDLY WRITTEN BY A HIGH LAW ENFORCEMENT OFFICER, CONCERNING RUBY AND OSWALD MATTER, AND HE ADMITTED THAT SUCH ARTICLES WERE HIS COMPILATION OF INFO. RECEIVED FROM VARIOUS LAW ENFORCEMENT OFFICERS THROUGHOUT THIS AREA. CONCLUDED THAT RUBY COULD RECEIVE FAIR TRIAL IN DLLAS.

HARRY MC CORMICK, NEWSPAPER REPORTER FOR THE DALLAS MORNING NEWS THEREAFTER TESTIFIED, CONCLUDING THAT RUBY COULD GET FAIR TRIAL. JUDGE PIERCE MC BRIDE, JUSTICE OF PEACE, DALLAS, ALSO QUESTIONED AND EXPRESSED OPINION RUBY COULD GET FAIR TRIAL IN DALLAS BUT THAT ONLY TO FIND OUT

S. GOVERNMENT WAS GIVEN TO HIM BY HENRY WADE, DISTRICT ATTY. FOR DALLAS COUNTY, AND BILL ALEXANDER, ASST. D. A. HUDKINS REPLIED NO. DEFENSE POINTED OUT THAT STORY SAID WADE, WHEN ASKED IF RUMOR COULD BE TRUE, SAID IT COULD POSSIBLY BE TRUE BUT IF SO MIGHT NEVER BE MADE PUBLIC. HUDKINS WAS ASKED WHETHER HE HAD LEARNED THAT WDE AND ALEXANDER HAD BEEN CALLED TO WASHINGTON TO TESTIFY BEFORE THE WARREN COMMISSION CONCERNING THE ABOVE STORY, AND COURT RULED THIS WAS NOT PERTINENT. DEFENSE SAID IT WAS PERTINENT BECAUSE IF WADE AND ALEXANDER WAS PLANTING SUCH MATERIAL IN THE NEWSPAPERS IT WOULD BE PREJUDICIAL TO THE RUBY TRIAL. HUDKINS WAS ASKED IF HE KNEW FOR A FACT THAT OSWALD HAD BEEN STOOL PIGEON FOR THE FBI. WADE OBJECTED TO THIS QUESTION, OBJECTION SUSTAINED. HUDKINS WAS ASKED WHETHER HE HAD DISCUSD THIS STORY WITH WADE OR ALEXANDER SINCE WRITING THE STORY, AND REPLIED D HUDKINS POINTED OUT DURING QUESTIONING THAT HIS STORY DID NOT ALLEGE THAT OSWALD WAS FBI STOOL PIGEON, BUT MERELY POSED THE QUESTION AS TO WHETHER HE MIGHT BE INFORMANT FOR FBI OR CIA. HE WAS ASKED IF HE HAD READ ANYTHING IN ANY OTHER NEWSPAPERS LINKING OSWALD TO THE FBI AS AN INFORMANT, AND HE ANSWERED IN NEGATIVE. ALSO EXPRESSED OPINION THAT FAIR TRIAL COULD BE HAD HERE.

ASSASSINATION OF PRESIDENT JOHN
FITZGERALD KENNEDY, November 22, 1963,
Dallas, Texas
MISCELLANEOUS INFORMATION CONCERNING

On 2/4/64 Mr. TIM O'CONNER, Manager, Radio Station KFML, 290 Filmore Street, Denver, Colorado, while being interviewed on another matter, advised SA RICHARD N. THOMAS that during the first week of January, 1964, a man whose name he never possessed had arranged a meeting with him at Denver in order to furnish information from an alleged FBI report on the assassination of President JOHN F. KENNEDY. Mr. O'CONNER stated at this time that it was his recollection that the material in the possession of this man was stamped "Classified."

On 2/5/64 Mr. O'CONNER advised SA RAYMOND J. FOX that on an unrecalled date between the Christmas and New Years holidays he received a phone call at Radio Station KFML from a man who informed him that he had information which he considered urgent and newsworthy and which he wanted to furnish to Mr. O'CONNER. O'CONNER stated that at the man's instructions he went to a small coffee shop located on South Broadway across from the Montgomery Wards Department Store on that same afternoon. On arrival at the coffee shop he was met by two men, one of whom did all the talking, and the other of whom had very little to say. O'CONNER advised that neither of these men would furnish their names and the spokesman for the two

[redacted] stated that he was in possession of information which he was afraid would not be made available to the public unless he took this action. He said the man thereupon showed him 4 or 5 pages of mimeographed material, the first page of which bore the heading "The following is a report of the Federal Bureau of Investigation." Mr. O'CONNER stated that the page also had the notation "Classified" stamped on it within a black border. Mr. O'CONNER stated that no degree of classification was listed on this page and that the word "Classified" was all that appeared thereon. He described the mimeographed pages as being in his opinion a copy of another copy and stated that the words were barely legible and the condition of the pages themselves as being very poor. He also stated that it looked to him like a church or school bulletin and that the grade of the paper appeared to be very inferior.

Mr. O'CONNER stated that a perusal by him of the contents of these pages disclosed that it was merely a recount of the events of the assassination of the President JOHN F. KENNEDY which appeared in many newspapers. He said the only information which had not been public knowledge up to this time was a short paragraph claiming that the assassination of the President had been planned and executed by the "La Cosa Nostra" and that LEE HARVEY OSWALD had been paid by the "Cosa Nostra" to carry out the assassination of the President. O'CONNER said that this material also indicated that JACK RUBY was a "soldier" of the "Cosa Nostra" and had been instructed to do away with OSWALD after the assassination.

O'CONNER advised that since the news content of this material was not substantiated by any facts and in his opinion did not seem real to him, he told the two men that he was not interested in putting this information out over the air. He said that his reluctance to handle this information was further strengthened by the fact that they did not furnish their names or support the content of the material by any factual source.

Mr. O'CONNER advised that neither of these men claimed to be associated with the FBI nor did they furnish any credentials to support any association with any Government

[redacted]

agency. He recalled that the spokesman for the two inferred that he had access to classified material and that he "got this out of the top secret classified file."

The format of the first page of the usual report of the FBI was described to Mr. O'CONNER who stated that the collection of pages shown to him by the unknown man was not similar in any respect to an FBI report. He said the first page of the pages shown to him contained nothing other than the introductory paragraph alleging that it is a report of the Federal Bureau of Investigation, immediately followed by the subject matter.

Mr. O'CONNER stated that he did not observe either of these individuals in or near an automobile and that he has not been recontacted by either since this initial contact. He was unable to furnish any information which would be helpful in identifying either of these persons. He described these men as follows:

No. 1, who was the spokesman:

Race	White
Sex	Male
Age	45 - 49
Height	6'2"
Weight	195 lbs.
Eyes	Unobserved
Hair	Gray, distinguished looking
Characteristics	Wore glasses

No. 2:

Sex	Male
Age	45
Height	6'
Weight	180 lbs.
Charcteristics	No glasses or distinguishing ma[illegible]

Mr. O'CONNER stated that should either of these men contact him in the future, he would notify the Denver Office of the FBI.

NOTE: O'Conner states was telephonically contacted by individual whom he later met in company of a second unidentified male who desired to sell him an alleged "classified FBI report." O'Conner states there was nothing of pertinence in this report which had not been previously seen by him in newspapers other than paragraph alleging assassination planned and executed by "La Cosa Nostra"; and that Ruby killed Oswald based on instructions from this group. There appears to be serious doubt as to the authenticity of this being an actual Bureau report, however, logical efforts are being made to identify the persons involved.

SAC J. Gordon Shanklin, Dallas Office, called at 11:00 p.m., 2/9/64 to advise SA W.H. Floyd, Extra Duty Supervisor, Domestic Intelligence Division, that a current news item out of Fort Worth, Texas, charged that a law enforcement agency has had an eye witness to the shooting by Oswald of President Kennedy in custody since November 22, 1963. The news item inferred that the agency was the Dallas Police Department.

SAC Shanklin said inquiries were made locally with Secret Service, the Sheriff's Office and Chief Curry of the Dallas Police Department. All denied any knowledge of such an eye witness being held and efforts to determine the source were negative. Shanklin said Dallas had checked with the manager of the building where Oswald worked and he had no knowledge of such a person, that the story was evidently a wild rumor.

SAC Shanklin will furnish further details on February 10, 1964 as they develop.

REQUEST BY INVESTIGATING COMMISSION

At the request of representatives of the Commission investigating the President's assassination, the Laboratory has reviewed the cameras recovered in this case that are reportedly Oswald's, also an Ansco flash attachment and an empty leather case. Based on the list of evidence furnished to the Commission, they have asked whether or not the empty case could be a camera case for one of the cameras recovered or an unknown camera, and whether or not the Ansco flash attachment could be used with the two cameras recovered.

These items were reviewed and the empty leather case was found to be a case for a small pair of binoculars and could not have been used for either of Oswald's cameras. It is noted that both of the cameras are presently in cases. The flash attachment was found to contain a camera connection that is different from that used on Oswald's cameras and, therefore, it could not be used without some intermediate adapter. The Minox camera, which has just been received from Dallas and is reported to be the property of Mrs. Ruth Paine's husband, was also checked and found to have no connection for use with a flash adapter. This adapter given to Dallas Police by Mrs. Paine. Dallas Office instructed to find out who owns it.

The above information has been telephonically furnished to Mr. Howard P. Willens at the Commission.

correspondents who were allowed into the court-room for the trial of Lee Harvey Oswald for the assassination of President Kennedy. The Producer is Harold Hoffman (who signed our checks) and the Director is Larry Buchanan (whose last movie was 'Free, White, and Twenty-One'). Mr. Carter, of T. E. C., knew before-hand the nature of the film but was asked not to reveal anything about it to those he hired to play in it. Mr. Hoffman stated at the beginning: 'If a reporter asks any of you about the movie, don't say anything; send him to me.' I was called down once for attemptin to read the script (which, I understand, was largely written by Mr. Hoffman). The shooting commenced at about 8:30 a.m. and was completed, as far as we were concerned, by 5:30 p.m. Essentially, sir, this film is an exoneration of the Communist, Lee Harvey Oswald. But I am convinced that it is an even more direct assault upon your prosecution of Jakob Leon Rubenstein (alias 'Ruby'). In the first place, Oswald's defense attorney is portrayed by an old-time KSKY announcer who even looks like Belli, and who is constantly jumping up shouting 'Objection!' to any incriminating evidence (none of which is ultimately entered). Apparently, even the evidence which came out in the local papers (Oswald's prints and coat-hairs on the weapon etc.) is dis- allowed. There is admitted, to the best of my knowledge, only insignificant circumstantial evidence. There is at least one instance in which reference to Rubenstein is thrown out. Witnesses for the Prosecution are castigated by the Defense who is palpably the 'hero' of the documentary. An objective observation would be that there can be no true documentary as long as the F.B.I. files are retained by Pravda-sponsored Earl Warren and his Commission. At one point, to accentuate 'police brutality,' the Defense shouts, 'a client was questioned for as long as 24 hours at a time by TEAMS of interrogators!' Knowing the reputation of Capt. Fritz as an interrogator, I can not bring myself to entertain such slander. While Oswald's attorney is consistently depicted as a suave, knowledgeable, crusader, the prosecutor is consistently portrayed as a first-class fop, who -- even if victorious in the

TEXAS

TEXAS

trial -- is disgustingly artificial. I might add that the plea was 'innocent on the grounds of existing insanity' and the production title was 'You Are The Jury'. Evidently, there is a long spiel by the judge (a foreigner) at the end of the trial adjuring everyone to test the criminal's sanity (not his misdeed) only on what the script-writer allowed to be entered as evidence in the farce. The jury then walks out to deliberate and that ends the saga. Finally, we were all paid $1.15 per hour, so I presume that the film cannot be distributed nationally. The Producer advised me that it would be released in the state sometime in April or May, and locally about June. It's my guess that the lawyers for Rubenstein and the Oswalds are behind the production, among others, because the film certainly will not benefit your cause.

"I hope this may be of some interest to you.

"Sincerely

It is noted that DELGADO had previously claimed that OSWALD had become proficient in Spanish. During the current interview, this fact was gone into in detail with DELGADO, first pointing out to him that DELGADO himself is not proficient in Spanish since he used English intermingled in his Spanish, admitted he had poor grammar and could not spell. He then admitted his earlier statements were exaggerations on his part.

It appears that DELGADO is proud of his ability to speak the Spanish language and endeavors to create the impression his linguistic abilities are greater than they actually are. For example, during the current interview, he described himself

as having a much greater language ability than Special Agent RICHARD B. MURDOCK, whose ability in the Spanish language is considered excellent. In claiming this superiority, he considered SA MURDOCK's ability to be in the scholastic field while he considered himself better qualified in the speaking language.

When DELGADO previously described his trip to Mexico, he had furnished the name of Private WATTS as one who had accompanied him. He was closely questioned concerning the trip and steadfastly maintained such a trip was made and that OSWALD definitely accompanied them. He admitted he could not name but only guessed at the name Private WATTS. He stated since the early interviews he has been thinking about this and concluded it was not the name Private WATTS but does not recall at all who the other Marines were.

DELGADO was closely questioned regarding his allegation that he believed OSWALD must have "penciled in" his score in order to qualify and was pressed for specifics regarding this statement. DELGADO admitted his earlier remarks were occasioned by his opinion OSWALD was not particularly interested in firearms training. He felt anyone with as little interest in such training as OSWALD had exhibited in his presence would not be a good shot and would not have qualified if his true score were recorded. He admitted as far as he knows it would have been impossible for OSWALD to personally have entered a false score.

With regard to DELGADO's claim he had observed certain material in OSWALD's locker, he admitted during the current interview he had never seen any written material which he could specifically identify as emanating from the Cuban Consulate. He did claim to have seen some foreign language material in the locker but due to his inability to understand any foreign language he admitted he could not identify it specifically.

It is the opinion of the Newark Office that DELGADO, a young Puerto Rican of limited education, has exaggerated the extent of his knowledge of OSWALD during the previous interviews. Based on the interviews conducted with DELGADO together with interviews about him with others associated with him, it would appear that DELGADO would at any opportunity magnify his own importance. It is felt that only after repeated interviews could the basic facts be determined and beliefs and opinions be distinguished from actual knowledge. It appears evident that DELGADO's pertinent knowledge of OSWALD is extremely limited

and that they had barely more than a casual acquaintance, at best, for a few months in 1959, while both were teen-agers in the service.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

1

Date February 11, 1964

SP/4 NELSON DELGADO, Battery D, 4th Missile Battalion, 71st Artillery, Holmdel Site, Holmdel, New Jersey, advised he previously furnished information to the Federal Bureau of Investigation (FBI) in this matter; however, after having additional time to recollect and reflect on topics discussed concerning LEE HARVEY OSWALD, he now felt information previously furnished by him consisted in part of supposition and opinion rather than specific, actual facts. He desired now to furnish more exact, factual information based on his association and knowledge of OSWALD.

DELGADO stated he was born June 3, 1939, Brooklyn, New York, and resides at 30 Oakwood Road, Leonardo, New Jersey, with his wife. He was a member of the United States Marine Corps from November, 1956, to November 1, 1959, Serial Number 16 44 884, and received an honorable discharge. He enlisted in the United States Army November 2, 1960, and is presently assigned as a Mess Steward, Battery D.

DELGADO was assigned to Marine Control Squadron 9, Santa Ana, California, from July 1, 1958, to July, 1959, as a radar operator and lived in Quonset Hut 34 during this time. OSWALD was assigned to the same squadron and at times they worked together with the result they became somewhat friendly. In January, 1959, OSWALD transferred to Hut 34 and on occasions they would discuss the situation in Cuba and CASTRO in particular. DELGADO recalled OSWALD was in favor of CASTRO's activities, as he himself then was, but he never heard OSWALD state he was a communist or talk about Russia. OSWALD did praise a socialist form of government, according to DELGADO, and had Marx' book, "Das Capital", available but DELGADO never saw him reading it.

It is DELGADO's recollection that at one time OSWALD mentioned to DELGADO one could get to Russia by way of Mexico and Cuba but DELGADO cannot remember how this matter came up. He had thought they were discussing the "two mathematicians who defected" but subsequently he realized these men had not defected until around June, 1960, and he had last seen OSWALD in July, 1959. He commented that his recollection of OSWALD's statement regarding entering Russia via Mexico and Cuba is extremely vague.

On 2/6/64 at Holmdel, New Jersey File # Newark 105-15291

by SA ROBERT E. ROETZEL
SA JOHN T. MURPHY / spa Date dictated 2/11/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

DELGADO mentioned he himself at this time speaks Spanish mainly understood by Puerto Ricans and while he knew OSWALD he tried to help OSWALD learn some words and phrases of the language. He stated he himself cannot put the language on paper since he cannot spell and uses poor grammar and, therefore, considered OSWALD did not learn too much from him while they were together; definitely not enough to speak the language to any degree. Since DELGADO himself does not read, write or understand any other language, he declared he was not in any position to comment whether OSWALD was able to read, write or understand any other foreign language. DELGADO noted other Marines would come to him asking for a particular word or phrase in Spanish but he would not consider this as teaching them Spanish.

DELGADO stated it is his best present recollection that OSWALD had told him he had contacted the Cuban Consulate, Los Angeles, California, on matters not known to DELGADO. DELGADO commented he was not able to confirm this since he never accompanied OSWALD to the Consulate and never observed any specific mail received by OSWALD which could be identified by DELGADO as coming from the Consulate.

DELGADO advised that because they were not in a "line company" he and OSWALD were required to fire the rifle only once a year and they did this in the spring of 1959. He stated OSWALD must have qualified since he did not have to return for a make-up shoot after the only day he and OSWALD were together on the range.

DELGADO mentioned that either in June or July, 1959, he was asked by two Marines, whom he recalled as Negroes, if he would drive them in his car to Tijuana, Mexico, on a Saturday and return on the next day. He asked OSWALD to go along to keep him company and while there they visited a bar, each picked up a girl for the night, and returned to the base as planned on the following day. DELGADO stated he had been to Tijuana a number of times before, but only knew of OSWALD going there on this one occasion. He could not recall the names of the other Marines who accompanied him on this trip since he was only with them for a short period of time.

In May or early June, 1959, DELGADO declared, he became disillusioned about CASTRO; and, due to this, he and OSWALD had a difference of opinion with the result they became less friendly and DELGADO was transferred to another hut after requesting a change. He went on leave in July, 1959, and he never saw OSWALD after that time. On the day of the assassination of President KENNEDY, he heard the name of the alleged assassin,

LEE HARVEY OSWALD, but the name meant nothing to him at the time. It was not until he saw OSWALD's picture on television that it came to him that OSWALD was the Marine whom he had known during the period described.

DELGADO expressed complete cooperation in furnishing information to the best of his knowledge, but indicated that since the events took place more than four years ago and since his youthfulness while in the Marines should be taken into consideration, he declared he was unable to furnish any other pertinent information than set forth above.

Reference is made to Airgrams numbered A131 dated December 8, 1963, and A153 dated December 22, 1963, from the American Embassy, Port-au-Prince, Haiti, setting forth the results of interviews of Mr. and Mrs. George DeMohrenschildt concerning their knowledge of Mr. and Mrs. Lee Harvey Oswald.

We are endeavoring to identify Lee Harvey Oswald's place of residence during the period from October 19, 1962, when he moved out of the YMCA in Dallas to November 2-3, 1962, when, with his wife, he moved into a furnished apartment at 604 Elsbeth Street, Dallas, Texas.

During October, 1962, Oswald and his wife were temporarily separated and at that time Mrs. Oswald resided with Mr. and Mrs. Gary E. Taylor at 3519 Fairmount Street, Dallas, and with a Mrs. Elena Hall of Fort Worth, Texas. Mr. and Mrs. Taylor moved Marina Oswald and her personal effects from Mrs. Hall's residence in Fort Worth to the apartment on Elsbeth Street, Dallas, Texas.

Alexandra Taylor, the wife of Gary E. Taylor, is the daughter of Mr. George DeMohrenschildt. Mrs. Taylor is unable to state where Oswald resided after he checked out of the YMCA on October 19, 1962. She suggests that Oswald may have stayed temporarily with her father and stepmother who, in October, 1962, were residing on Copper Street, Dallas, Texas.

Another source has stated that George DeMohrenschildt may have been instrumental in recommending that Oswald stay at the YMCA in October, 1962, and may have assisted him in paying his room rent there.

It would be appreciated if you would arrange for the reinterview of Mr. and Mrs. DeMohrenschildt to determine if they can furnish any information concerning Lee Harvey Oswald's place of residence for the above-indicated period. It is also requested that Mr. DeMohrenschildt be questioned concerning his knowledge of Oswald's residence at the YMCA in Dallas. It appears that Oswald resided at the YMCA from October 15, 1962, until October 19, 1962.

NOTE:

Letter furnished by Office of Attorney General and J. Lee Rankin addressed to Attorney General by Mr. Lou Wylie Hayes contained wild allegation that Lee Harvey Oswald was observed on bus in New Orleans sometime in 9-63, at which time he indicated he had just returned from Cuba on State Department assignment on U.S. Army plane and was met at airport by FBI. Investigation fails to confirm this info, and info developed indicating Hayes a 70-year-old retired newspaper woman has frequently furnished info to local newspaper editor which could not be verified. She also reportedly envisions "skulduggery" and dreams up wild tales. ~~President's Commission and Attorney General have been advised and no further action appears warranted.~~ Above clarification necessary prior to furnishing to President's Commission and Attorney General.

Re Albert Osborne, also known as John Howard Bowen.

Bureau is endeavoring to locate and interview Osborne - Bowen who is believed to have sat next to Oswald on bus trip via "Red Arrow" line from Nuevo Laredo to Mexico City on 9-26-27 last. Osborne claims to be member of clergy who has operated a mission at Texmelucan, Mexico, for many years. He presently holds Canadian passport in name Osborne issued to him at Canadian Consulate, New Orleans, October 10 last. He was interviewed as Osborne by Legal Attache, Mexico City 1-7 last and furnished false information concerning the whereabouts of John Howard Bowen. He is believed presently traveling in the U.S. and from information developed to date it is likely that he has been engaged in fraudulent scheme involving solicitation of funds for claimed missionary work in Mexico. On February 8 last determined that American Express, Mexico City, is holding letters for John Howard Bowen from George Fuller Cuidlin, Jonesville, Virginia, postmarked January 29 last, and from Pisgah Home Movement, Pikeville, Tennessee, postmarked February 5. Caretaker at Osborne's Mexican residence received picture postcard postmarked January 22 last at Chattanooga, Tennessee, with return address General Delivery, Atlanta, Georgia, and letter postmarked January 21 at Chattanooga containing postcard in envelope of William Len Hotel, Memphis. Letter contained note on stationery William Len Hotel[illegible]

informing caretaker that Osborne was leaving Memphis next day.

In early January last Osborne advised officials, YMCA, Montreal, that his forwarding address was in care of General Delivery, Detroit.

While Osborne traveling as John Howard Bowen entered Mexico at Nuevo Laredo 9-26 last, same date as Oswald, and traveled with subject to Mexico City on same bus, records have established that he left Mexico City at Nuevo Laredo as Bowen on October 2 last, one day prior to Oswald. On "Red Arrow" bus from Mexico City to Nuevo Laredo October 1-2 last, one William S. Shively, a student 22 years of age, address listed as Cincinnati, Ohio, purchased next consecutive ticket to that of Bowen's. Shively and Bowen were checked out of Nuevo Laredo by same Mexican Immigration Service employee.

Recipient offices handle leads in your territory seeking to develop available background data re Osborne - Bowen and to determine his present whereabouts. If located, advise Bureau immediately so that detailed instructions for interview may be forwarded.

Former SA W. Turner wrote a highly critical and inaccurate account of the Bureau's investigation in the Oswald case. Dallas Office established through check of records that Turner arrived in Dallas 11-25-63 and left there 11-27-63. Dallas has identified the recipients of toll calls emanating from the Sheraton-Dallas where Turner stayed. Dallas says unless advised to the contrary, they are conducting no further investigation of Turner in Dallas. This action is correct.

Dear Mr. Rankin:

A five-page typewritten summary of a speech given by Lee Harvey Oswald at Springhill College, Mobile, Alabama, on July 27, 1963, was recently received from our Mobile Office. There are attached photographs of this summary, item number C249. This summary was made by Robert J. Fitzpatrick, S. J., a Scholastic at the Jesuit House of Studies, Springhill College, and it was set forth in the FBI report dated December 1, 1963, of Special Agent John J. Sweeney of the Mobile Office.

There is also attached a color photograph of Lee Harvey Oswald's shirt, allegedly worn at the time he assassinated the President (Commission's Exhibit 150). This photograph was orally requested by Mr. Melvin Eisenberg for the Commission's file.

Sincerely yours,

J. Edgar Hoover

Summary Oswald speech 7/17/63
Springhill College, Mobile Ala.
Prepare by. Robert J. Fitzpatrick
Springfield College -

(SA John J Sweeney
St Louis Mo 11/26/63)

On Saturday, July 27, 1963, a relative of Lee Oswald, a member of the community at the Jesuit House of Studies, asked Mr. Oswald if he would address the scholastics on his experiences in Russia. The request was not unusual, for the scholastics try from time to time to have either prominent persons or others who have something interesting to relate speak to the scholastics on their experiences. Because Mr. Oswald was an American who had gone to live in Russia and who had returned, obviously for a reason, it was thought that he might be able to communicate the nature of the Russian people themselves better than any official reports might. Those who went to listen to him expected to hear a man who had been disillusioned with Soviet communism and had chosen America to it. What they heard was only partially this.

The major points of Mr. Oswald's address and details from it are given below, probably never in verbatim form, but always true to his intent, at least as he was heard by a number of people.

He worked in a factory in Minsk. When he applied for permission to live in the Soviet Union, the Russian authorities had assigned him to a fairly well advanced area, the Minsk area. He said that this was a common practice: showing foreigners those places of which the Russians can be proudest.

The factory life impressed him with the care it provided for the workers. Dances, social gatherings, sports were all benefits for the factory workers. Mr. Oswald belonged to a factory-sponsored hunting club. He and a group of workers would go into the farm regions around Minsk for hunting trips. They would spend the night in the outlying villages, and thus he came to know Russian peasant life too. In general, the peasants were very poor, often close to starvation. When the hunting party was returning to Minsk,

it would often leave what it had shot with the village people because of their lack of food. He spoke of having even left the food he had brought with him from town. In connection with the hunting party, he mentioned that they had only shotguns, for pistols and rifles are prohibited by Russian law.

Some details of village life: in each hut there was a radio speaker, even in huts where there was no running water or electricity. The speaker was attached to a cord that ran back to a common receiver. Thus, the inhabitants of the hut could never change stations or turn off the radio. They had to listen to everything that came through it, day or night. In connection with radios, he said that there was a very large radio-jamming tower that was larger than anything else in Minsk.

More about the factories: factory meetings were held which all had to attend. Everyone attended willingly and in a good frame of mind. Things came up for discussion and voting, but no one ever voted no. The meetings were, in a sense, formalities. If anyone did not attend, he would lose his job.

Mr. Oswald said that he had met his wife at a factory social.

The workers, he said, were not against him because he was an American. When the U-2 incident was announced over the factory radio system, the workers were very angry with the United States, but not with him, even though he was an American.

He made the points that he disliked capitalism because its foundation was the exploitation of the poor. [He was disappointed in Russia because the full principles of Marxism were not lived up to. The gap between Marxist theory and Russian practice disillusioned him with Russian communism.*] He said, "Capitalism doesn't

* implied by him but not stated directly.

work, communism doesn't work. In the middle is socialism, and that doesn't work either."

After his talk a question and answer period followed. Some questions and his answers:

Q: How did you come to be interested in Marxism? to go to Russia?

A: He had studied Marxism, became convinced of it and wanted to see if it had worked for the Russian people.

Q: What does atheism do to morality? How can you have morality without God?

A: No matter whether people believe in God or not, they will do what they want to. The Russian people don't need God for morality; they are naturally very moral, honest, faithful in marriage.

Q: What is the sexual morality in comparison with the United States?

A: It is better in Russia than in the United States. Its foundation there is the good of the state.

Q: What impressed you most about Russia? What did you like most?

A: The care that the state provides for everyone. If a man gets sick, no matter what his status is, how poor he is, the state will take care of him.

Q: What impresses you most about the United States?

A: The material prosperity. In Russia it is very hard to buy even a suit or a pair of shoes, and even when you can get them they are very expensive.

Q: What do the Russian people think of Khrushchev? Do they like him better than Stalin?

A: They like Khrushchev much better. He is a working man, a peas-

ant. An example of the kind of things he does: Once at a party broadcast over the radio, he had had a little too much to drink and he began to swear over the radio. That's the kind of thing he does.

Q: What about religion among the young people in Russia?

A: Religion is dead among the youth of Russia.

Q: Why did you return to the United States? (The question was not asked in exactly this way, but this is its content.)

A: When he saw that Russia was lacking, he wanted to come back to the United States, which is so much better off materially. (He still held the ideals of the Soviets, was still a Marxist, but did not like the widespread lack of material goods that the Russians had to endure.)

More points that were contained in the main part of the talk:

He lived in Russia from 1959 to 1962. He only implied that the practice in Russia differed from the theory, never stated it directly. The policy of Russia was important:

1) After death of Stalin, a peace reaction.

2) Then an anti-Stalin reaction.

3) A peace movement, leading up to the Paris conference.

4) The U-2 incident and its aftermath.

At the factory, he had trouble at first meeting the men. They did not accept him at first. He joined a hunting club. He belonged to two or three discussion groups. He praised the Soviets for rebuilding so much and for concentrating on heavy industry. He said at one point that if the Negroes in the United States knew that it was so good in Russia, they'd want to go there.

Another question:

Q: Why don't the Russians see that they are being indoctrinated and that they are being denied the truth by these jamming stations?

A: They are convinced that such contact would harm them and would be dangerous. They are convinced that the state is doing them a favor by denying them access to Western radio broadcasts.

PRESIDENT's COMMISSION
ASSASSINATION OF THE PRESIDENT

During a discussion with Mr. J. Lee Rankin of the President's Commission on February 11, 1964, it was mentioned that according to news media, Marina Oswald, when testifying before the Commission, had furnished information that she had been aware of her husband's trip to Mexico and that she had furnished information concerning her husband engaging in target practise.

It was suggested to Mr. Rankin that if any information was available relative to the time and place where Oswald was supposed to have engaged in target practise, the Bureau would be most desirous of fully exploring this matter in order that it could be proven or disproven. Mr. Rankin was advised that every allegation made concerning Oswald's target practise was fully run out but in each instance the allegation had proven to be unfounded.

Mr. Rankin advised he was fully aware of the efforts made by the Bureau on this matter, that Mrs. Oswald did furnish some information which was susceptible of further investigation, and that no one would have considered the place where Mrs. Oswald says her husband had practised. Mr. Rankin furnished no further comments concerning this but stated that in the near future a specific request would be directed to the Bureau based on Mrs. Oswald's testimony in this regard.

Concerning the trip to Mexico, Mr. Rankin advised that his staff was working on the testimony of Mrs. Oswald and that as soon as they were able to get all the facts together a request would be made for further checking relative to the trip to Mexico.

Mr. Rankin was most appreciative of the Bureau's interest in this matter and stated that the request would be made available as soon as possible.

PRESIDENT's COMMISSION
ASSASSINATION OF THE PRESIDENT

On January 30 and 31, 1964, Mr. Melvin Eisenberg, Norman Redlich, and Charles N. Shaffer of the President's Commission staff came to the Bureau and examined certain items of an evidentiary nature which were in the possession of the Bureau. During their examination an official request was made through Charles N. Shaffer to have made available to the President's Commission the items of clothing worn by Lee Harvey Oswald at the time of his arrest in Dallas on November 22, 1963, by the Dallas Police Department.

After checking into this matter it was determined the only item of clothing in the Bureau's possession was a brown sport shirt which had been obtained for examination purposes from the Dallas Police Department and was still in our possession. The other items of clothing worn by Oswald at the time of his arrest were retained by the Dallas Police Department for evidence in connection with the trial of Jack Ruby who shot Oswald.

The request was then made that the items of clothing available in the Dallas Police Department be made available to the President's Commission and to have such material available during the questioning of Marina Oswald, which was to commence at 10:00 a. m. on February 2, 1964. This request was confirmed in writing on February 1, 1964, in a letter signed by Honorable J. Lee Rankin. After appropriate contact with District Attorney Wade and officials of the Dallas Police Department, arrangements were made for all items of clothing worn by Oswald to be brought to the Bureau on Sunday, February 2, 1964, by an Agent of the Dallas Office. In order to obtain these items of clothing, it was necessary to guarantee to the Texas authorities that these items would be returned to Dallas not later than the end of this week, inasmuch as a local hearing in the Ruby case was scheduled in Dallas on February 10. It was also necessary to agree with the Dallas authorities that these items of clothing would remain in the custody of Special Agent Vincent Drain until returned to the Dallas Police Department in order to maintain the chain of evidence.

Memo to Mr. Belmont from A. Rosen
Re: Lee Harvey Oswald

Prior to making these articles of clothing available to the Commission, Mr. Rankin was located in New York and telephonically advised of the circumstances under which the clothing was obtained and it would therefore be necessary that these items of clothing be returned to Dallas by the end of this week. Mr. Rankin stated that the request would be complied with and if any difficulty arose he would personally contact the local authorities in Texas in order to try and work out appropriate arrangements; otherwise, it would be returned as requested.

Upon receipt of the clothing and prior to making it available to the President's Commission, it was checked by Laboratory personnel only for the purpose of seeing if any extraneous items might be in the pockets of the clothing. A slip of paper bearing four telephone numbers was located in the right-hand side pocket of the trousers. These telephone numbers are as follows: OR 9-9450; RI 8-9711; AC 2-4611; and CO 7-3110. Inquiry by our Dallas and New York Offices has resulted in these numbers being identified as follows:

RI 8-9711 is the general telephone number for the City of Dallas, Texas;

OR 9-9450 is the telephone number for "The Worker", 23 West 26th Street, New York City;

CO 7-3110 is the telephone number for the law firm of David Freedman and Abraham Unger, 320 Broadway, New York City. (The firm of Freedman and Unger has represented the Communist Party and various members on numerous occasions for a period of years.)

AC 2-4611 is listed to John J. Abt, residence 444 Central Park West, New York City. (Abt is an attorney and has represented individuals in the Communist Party for a number of years.) This number is also listed to Jessica Smith, who is the wife of John J. Abt and uses her maiden name as a practising attorney. (Both Abt and Smith have represented members of the Communist Party for a number of years.)

The clothing was taken to the President's Commission offices 2/3/64 at which time Norman Redlich and Melvin Eisenberg advised they did not know when these items of clothing would be needed in connection with the questioning of Mrs. Oswald. They were advised of the circumstances under which the clothing was

obtained, the necessity for maintaining the chain of evidence, which both fully understood, and the clothing was therefore returned to the Bureau for safekeeping and will be made available to the Commission upon their request.

In conversation today with Mr. Howard Willens, Willens advised the questioning of Marina Oswald relative to the clothing would be handled at the earliest possible time in order that it could be returned to the Dallas authorities.

ACTION:

There is attached a letter to Mr. Rankin in response to his letter of February 1, 1964, relative to these items of clothing and information regarding the telephone numbers.

Tom
It is significant that the last three numbers were in Oswald's pants at time of arrest. It raises question as to him possibly anticipating trouble from some act of his. Also he don't know why our Dallas Office didn't do something with articles at time of Oswald's arrest.

February 4, 1964

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter of February 3, 1964, setting forth information concerning a slip of paper bearing four telephone numbers which was found in one of the pockets of the trousers worn by Oswald at the time he was shot by Jack Ruby. Inquiry concerning this matter has been made by our Dallas Office and the following information is submitted:

Captain J. W. Fritz, Homicide and Robbery Bureau, Dallas, Texas, Police Department, advised that Oswald requested permission to call Attorney John Abt in New York City but did not have his telephone number. Captain Fritz told Oswald he could call collect and that he would have to give the operator the name of the person he wanted without the number and it being an attorney in New York, the operator would locate Abt and furnish the telephone number to him. Captain Fritz also told Oswald the operator would want to know the number he was calling from. In this connection, it is noted the telephone number RI 8-9711 appears on the dial of the telephone in the jail and this was one of the four numbers on the piece of paper found in Oswald's trousers.

Captain Fritz advised that when Oswald was permitted to use the telephone, one of the jail officers, Jim Poppelwell, took Oswald from his cell to the phone and Oswald tried to call his attorney collect. He obtained the telephone number from the operator and Oswald then commented he could not recall the number and asked Poppelwell to get him paper and a pencil in order to write the number down. Captain Fritz stated that the calling of an attorney and the furnishing of a pencil and paper to the prisoner to write were all within the regulations of the city jail.

Officer Poppelwell advised he tore off a small piece of paper from the corner of what is called a Telephone Contact Slip and, after receiving permission from his superior officer, furnished the piece of paper and pencil to Oswald so Oswald could write down the telephone number. Poppelwell advised that Oswald again attempted to call Abt but was unable to get the call through. He states he later took Oswald to the phone again and Oswald made two or three attempts to call. He states he does not know if the calls were completed or the identity of the person Oswald was trying to call. The police department kept no records of the numbers Oswald tried to call. Captain Fritz advised that the following morning, November 23, 1963, he talked with Oswald and inquired if Oswald had made his call. Oswald told Captain Fritz he had been allowed to make the call but had been unable to contact Attorney Abt. With reference to the piece of paper furnished by Officer Poppelwell to Oswald, it is noted this paper was two and one-fourth inches long by one and a quarter inches wide and that two telephone numbers were written down each side.

Our New York Office has advised that the office address for Attorney John J. Abt is 320 Broadway, New York City, the same address as the law firm of David Freedman and Abraham Unger. The telephone number for the law firm of Freedman and Unger is CO 7-3110 and this same telephone number is listed in the New York telephone directory for John J. Abt.

It is noted that the telephone number AC 2-4611, which appeared on the slip of paper in Oswald's trousers, is listed to Attorney John J. Abt, 444 Central Park West, New York City.

Telephone number RI 8-9711 is the general telephone number for the City of Dallas, Texas, and it is noted Captain Fritz states that this number appears on the dial of the telephone which was utilized by Oswald in making his calls.

The reason why the telephone number OR 9-9450, the number for "The Worker," 23 West 26th Street, New York City (East Coast Communist Party newspaper), appears on this slip of paper is not known. The possibility exists that the operator, at Oswald's request or on her own initiative, may have attempted to reach Attorney Abt at this number.

Honorable J. Lee Rankin

The foregoing is submitted to you for your assistance in the inquiry you are conducting.

While at the office of the President's Commission today, Inspector Tom Kelly of the Secret Service advised that Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, had spent the greater part of February 10, 1964, ridiculing the activities of the Secret Service in Dallas during her appearance before the Commission. Kelly stated that to the best of his knowledge, the FBI was not mentioned by Mrs. Marguerite Oswald during her appearance on February 10.

Inspector Kelly stated that Mrs. Marina Oswald, who is now on her own insofar as the Secret Service is concerned, had returned to Dallas, Texas, having departed Washington Friday evening, Feb. 7, 1964, one day after she completed her testimony before the President's Commission.

TRANSLATION FROM THE SPANISH

PRESIDENT KENNEDY'S STRANGE ASSASSINATION

By HERMINIO PORTELL-VILA

President JOHNSON has just appointed a special investigative commission to inquire into all the aspects of the assassination of his predecessor, President JOHN F. KENNEDY (R.I.P.), until the circumstances surrounding his death are cleared up. With the precedence set by President Lincoln, President Garfield and President McKinley who were assassinated while in office and the attempts against President Theodore Roosevelt, President F.D. Roosevelt and President TRUMAN which failed, it must be agreed that the attempts to assassinate the presidents of the United States have been numerous. What is extraordinary is that a commission has been appointed to investigate the happenings in a definite and concluding manner as if this were a different case and as if it required special treatment, asides from the inquiries conducted by local judges, district attorneys and policemen and those being conducted by the agents of the internationally-famous Federal Bureau of Investigation. Among the members of the commission are Chief Justice WARREN; the ex-director of the Central Intelligence Agency, Mr. DULLES; and General MCCLOY, U.S. ex-Commissioner in Germany who for many years conducted important investigations on foreign criminal espionage in the United States.

The decision taken by President JOHNSON is completely justified since President KENNEDY's strange assassination and the

105-82555 - 1693

ENCLOSURE

subsequent events must be clarified completely.

If the man accused of the assassination and then, assassinated himself, had had any connections with the radical right wing of the United States, with the white racists of the country, etc., a "St. Bartholemew Eve" would have taken place against the reactionary and racial elements during the critical moments endured by the North American people on learning of the death of President KENNEDY. However, all the evidence pointing to the guilt of LEE HARVEY OSWALD or "A. HYDELL" as he was also called (as if the syllables of Dr. Jekyll and Mr. Hyde had been combined), who had one other alias, showed him as a man inclined to the extreme left. He was a resident of the Soviet Union for several years and was married to a Russian citizen. He was a stanch critic of the United States and he tried to renounce his U.S. citizenship in order to become Russian. He defended the Communist regime of FIDEL CASTRO RUZ and was a member of the FAIR PLAY FOR CUBA COMMITTEE which makes the propaganda of the Cuban Communists in the United States. He was on the mailing list of the Communist Party of the United States and he visited the Consulates of the Soviet Union and Communist Cuba in Mexico City weeks before the attempt against Mr. KENNEDY with the apparent purpose of obtaining a Communist Cuban transit visa to return to the Soviet Union, employing the same methods used two yaars ago

by two North American counterespionage officials. They were at the service of the Soviet Union and were about to be arrested in the United States for treason. They fled to Mexico and then, to Havana and from there, on board a Russian ship, they sought refuge in the Soviet Union, where they can still be found at present. All these facts and many more are extremely compromising for the Communists; but they, the Communists and the "useful idiots", to which Lenin referred, are making great efforts to clear themselves of all responsibility and connections with the crime and to accuse the radical right.

LEE HARVEY OSWALD, scarcely 24 years old, had accumulated all the frustrations, scorn, resentments, hates, ambitions, hostilities, complaints and violence, which are found in all the fanatic Communists. Interested in Communism as a sympathizer since the age of 15, he enlisted in the Marines Corps and received the rigorous training of that military corps serving abroad. He became a sharpshooter and later, as a civilian, he never lost his interest in firearms to the extent that one of his difficulties with the Russians stemmed from the fact that while he lived in the Soviet Union, he met with restrictions in owning a rifle. OSWALD used a trick to get his discharge from the Marines and shortly afterwards went to Moscow. He showed up at the U.S. Embassy; threw his passport on the desk and notified the North American Consular official that he was going to become a Russian citizen and wanted no further links

with the United States. His brother, who had remained in the United States, tried to dissuade him; but LEE HARVEY OSWALD remained in the Soviet Union for three years. He did a bit of travelling throughout the country; endured privations and ended up marrying a Russian girl. He decided to return to the United States when a child was born out of the marriage. By then, the Marines had issued him a dishonorable discharge and when OSWALD found out about it, OSWALD wrote a threatening letter to the Secretary of the Navy, Mr. CONNALLY, the same one who was seriously wounded in the automobile where he accompanied President KENNEDY. in his status as Governor of Texas, an office which he now occupies. OSWALD also demanded that Senator TOWER of Texas help him leave the Soviet Union with his family because the Soviet Government had placed obstacles to prevent his departure. Senator TOWER, who has very conservative tendencies, forwarded the letter to the State Department which supported OSWALD's request. The Kremlin, which is always opposed to the departure of its nationals abroad, allowed the departure of Mrs. OSWALD and their little girl and ignored the pleas of OSWALD himself. The return trip was paid by the United States with a loan which he never paid back. There is data from foreign correspondents in the Soviet Union who knew OSWALD over there and he lied to all of them about his background and he did the same thing on his arrival to New York with the Traveller's Aid Society officials who helped him.

OSWALD and his family arrived in New York, where he had lived as a child, from the Soviet Union, via Rotterdam, on June 13, 1962, when the Soviet Union was already actively setting up its nuclear bases in Communist Cuba. Aided by one of his brothers, he went to Texas and then, to New Orleans, the city of his birth. There, according to reports, he hired a stenographer by the name of Miss PAULINE V. BATES during June 18, 19 and 20, 1962, to polish up one of his manuscripts on the Soviet Union which he claimed a Fort Worth, Texas, engineer wanted to publish. OSWALD had a certain interest in books and he borrowed several volumes from a public library. One of the books was President KENNEDY's biography; another dealt with the sensational assassination of Senator HUEY LONG of Louisiana many years ago and the rest dealt with Communism. When he returned President KENNEDY's biography, one of its pages contained a sticker with the name of FAIR PLAY FOR CUBA COMMITTEE. This organization, devoted to CASTRO propaganda in the United States, began to function in April, 1960, when the New York Times (the newspaper in which HERBERT L. MATHEWS has heatedly defended FIDEL CASTRO RUZ) published a full page ad in favor of the Communist Cuban dictatorship. As it was found out afterwards in the investigation conducted by the Senate Committee on the Judiciary, that ad, which cost several thousands of dollars, was paid for with a check from the Ministry of State of Communist Cuba made out to RAUL ROA KOURI, the (then) U.N. Cuban Ambassador and at present, CASTRO's Ambassador in Rio de Janeiro. Young ROA had to obtain an

endorsement from Ambassador MANUEL BISBE in order to cash said check, which he used to pay for the ad. The chairmen of the Committee were the writers WALDO FRANK (later the author of a book in favor of CASTRO, well-paid by Communist Cuba) and CARLETON BEALS (who was a salaried employee for several months of the official press of Communist Cuba). The FAIR PLAY FOR CUBA COMMITTEE organized chapters in various cities of the United States and in many of its universities; it sponsored trips to Communist Cuba; it published bulletins; it organized propaganda activities over the radio and television and held meetings in defense of the CASTRO Regime. In one of them held at Harvard University, I had to debate the Communist Cuba issue with reporter WILLIAM WORTHY. Said meeting was presided by TRUMAN WINTER, the novelist who was the guest of CASTRO at the July 26, 1963, celebrations. I believe that I shook the Communists and their followers hard that day; but I recall very well that TRUMAN WINTER was on the side of my opponent and threw him a towel every time that I had him on the defensive. The reference to the FAIR PLAY FOR CUBA COMMITTEE in the book borrowed from the public library by OSWALD is very significant; but there is more to this as we shall see later on.

For about a year, OSWALD roamed between New Orleans, Fort Worth, Dallas and a small town by the name of Irving, near the Texan city where the November 22, 1963, tragedy took place. He had

various jobs but none of them permanent. However, he supported himself with various resources including his unemployment pension. His wife and daughter (another daughter was born later) lived practically from the charity of a family by the name of PAINE from Irving, whom they met in February, 1963. PAINE, an alumnae of Antioch College, a very liberal branch of the University of Ohio and the University of Pennsylvania, both institutions with chapters of the FAIR PLAY FOR CUBA COMMITTEE, exchanged Russian lessons with OSWALD and his wife. It even seemed as if OSWALD's mother showed interest in learning that language, too. The PAINE garage was used by OSWALD to hide a special type rifle which he later used to fire against President KENNEDY.

OSWALD lived for a long time separated from his wife or visiting her at irregular intervals. He went to New Orleans at the beginning of 1963 and in June, requested there a new passport because he was going to take a trip that would take him to Great Britain, France, Germany, the Soviet Union, Finland, Poland and Italy. He did not mention Communist Cuba then; however, there is evidence that he had manifested plans for visiting Cuba and having expressed sympathies for the CASTRO regime. He was issued a passport with no difficulty and a few weeks later, when his landlord had already asked him to remove the FAIR PLAY FOR CUBA COMMITTEE poster from his room, OSWALD appeared at the New Orleans headquarters of the DIRECTORIO REVOLUCIONARIO ESTUDIANTIL DE CUBA (Revolutionary Student Directory of Cuba), an anti-Communist organization. There

he spoke to CARLOS BRINGUIER, the head of the Directory; asked him various questions and offered his help to train Cuban exiles in the handling of arms since he had been a soldier. He implied that he, himself, was willing to participate in any military operations against Communist Cuba. BRINGUIER instinctively suspected OSWALD's good faith. However, he did not imagine him to be a Communist sympathizer with the record he boasted of and in which, of course, he never mentioned his trip to the Soviet Union and his plans to become a Russian citizen. The young Cuban even thought that OSWALD was an FBI or CIA agent with orders to find out the activities of the exiles, even more so because at the time the North American federal officials had been persecting the Cuban exiles. Furthermore, OSWALD used to hint that he was an agent of one of the law-enforcing agencies. Several days later BRINGUIER bumped into OSWALD in one of the streets of New Orleans and there, he discovered that the individual who had said to be willing to fight against the Cuban Communists was distributing printed propaganda of the FAIR PLAY FOR CUBA COMMITTEE in favor of CASTRO. An argument occurred and OSWALD was charged with provoking a disturbance and was fined $10. OSWALD, using the name of "A. HYDELL", represented the FAIR PLAY FOR CUBA COMMITTEE; corresponded with its leaders and with certain Communists of New York.

At the end of August, the first news of President KENNEDY's trip through several Southern states was made known and it

was learned later that Texas would be one of them. It was about this time that KENNEDY made his famous speech in Miami urging the Cubans to reconquer their freedom and their independence; however, prior to that, CASTRO had launched a vitriolic attack against Mr. KENNEDY containing more than one threat.

OSWALD was seldom employed; however, he never lacked money to get along and it has not been ascertained where he used to obtain it. When his wife was about to have a baby, he arranged to send her to the PAINES in Irving and he travelled to Mexico by car on September 26, accompanied by two women and one man who have not been identified to date. In Laredo, he spent thirty dollars in clothes; he crossed the border and arrived in Mexico City. According to the newspaper "Excelsior", OSWALD visited the offices of the Cuban Embassy and Consulate on September 27. It is rumored that he wished to obtain a transit visa for the Soviet Union and that it was not granted. However, MITCHELL and MARTIN, who betrayed the United States and escaped to Havana through Mexico on their way to the Soviet Union, had also done the same thing. OSWALD also visited the Russian Consulate in Mexico City and returned to the United States on October 3rd. No one knows how he defrayed the expenses of the trip which, in the long run, must have been close to two hundred dollars. He also had money to rent a post office box, to buy a special rifle under a fictitious name which he ordered from Chicago and to which he adapted telescopic lenses of the kind that FIDEL and RAUL CASTRO RUZ are fond of and to buy a .38 caliber

gun, all of them with the right kind of ammunition.

By then, it was already known that President KENNEDY would tour the State of Texas and that he would naturally visit Dallas, the second most important city. Dallas had strong rightist organizations opposed to the KENNEDY Administration and around that time, Ambassador STEVENSON had been beaten and spat as he was finishing a speech there. If there was a city where an attempt against KENNEDY could be attributed to the radical right wing, that city was Dallas. Well, now, OSWALD who was to commit such a crime belonged to the radical left wing, was a sympathizer of the Soviet Union and Communist Cuba and had just arranged a trip to those countries. OSWALD got a job in Dallas in a book store, which was located in a strategic corner of the Avenue usually used for parades and political demonstrations. On the morning of November 22nd, when he was leaving for work, he took his rifle from the PAINE garage; he wrapped it up and told a fellow worker that the package contained some venetian blinds. When he arrived at the book store, he was identified as an employee and he was able to go up to the sixth floor where he could hide without any difficulty. From there, this sharpshooter fired three shots with his telescopic lens rifle: two hit President KENNEDY and killed him almost instantly and the other seriously wounded Governor CONNALLY. OSWALD fled from the book store; however, he was not able to continue the flight he had planned to cross the border into Mexico and go on to Communist Cuba. Someone failed to help him

at that critical moment and things got complicated when he killed a policeman. Confused and crushed, he entered a theater where he was arrested by the policemen without any more bloodshed because he was not able to fire again.

Twenty minutes later the Mexican government ordered the closing of the border with the United States. The plane "Britania" of the stolen Compania Cubana de Aviacion, Captain ARMENGOL, was approaching Mexico City from Havana when the radio gave the news of President KENNEDY's assassination which was confirmed when it arrived in the City of Palaces. OSWALD was not able to enter Mexico again or to reach the "Britannia" in which he planned to reach Havana. Consul ALVARO AZCUE of Communist Cuba, with whom he had met several weeks before, had been called to Havana by the CASTRO dictatorship. His employee, SILVIA DURAN, was questioned by the Mexican police and when she mentioned RAUL ROA, the Minister of State of Communist Cuba, she was treated violently and forced to testify against the CASTRO regime and "to play the game" of those who were "trying to implicate" the CASTRO dictatorship in crime. Mexico rejected that note of RAUL ROA because of the incoherent tone in which it was written.

In Dallas, OSWALD raised his closed fist in greeting as the Communists do and refused to admit his guilt in the assassination of President KENNEDY, the shooting of the policeman and seriously wounding Governor CONNALLY. Firm in his denials during

the interrogations, OSWALS was murdered as he left one of them by JACK (RUBY) RUBINSTEIN, in whose nightclub OSWALD had been seen at least on one occasion.

The Communist propaganda throughout the entire world ignored or denied all evidence that might have complicated International Communism on the one hand or the CASTRO dictatorship on the other hand in President KENNEDY's Strage Assassination. At the same time, they resorted to the usual charges against the conservatives, the reactionaries and the racists, accusing them of a crime which was committed by a confessed Communist and one known as such. The "useful idiots" in Ghana, Italy, India, Nigeria, Great Britain and other countries were satisfied with the Communist propaganda and closed their eyes to the truth that the assassin was a Communist.

This explains why a special commission was assigned to render a last verdict on President KENNEDY's Strange Assassination, while it is evident that OSWALD had accomplices unidentified to date and who were much more crafty than he.

For the Bureau's information, PEDRO GUTIERREZ VALENCIA appears to be an intelligent and sincere individual who seems convinced that the American seen by him in the company of a Cuban at the Cuban Embassy on or about 10/1/63 is identical with photographs he later observed in newspapers at Mexico City of LEE HARVEY OSWALD. The Legal Attache is of the opinion, however, that the possibility of a monetary transaction between OSWALD and an unknown Cuban on the sidewalk outside the Cuban Embassy in broad daylight where the transaction could be observed by anyone on the street is highly remote. It is also to be noted that the identification made by GUTIERREZ VALENCIA was based on newspaper photographs of OSWALD which he first observed more than three weeks after the events related by him had occurred. It is accordingly felt that further investigation concerning GUTIERREZ's allegations is not warranted inasmuch as substantiation of his allegations U

through further investigation would appear to be unlikely if not impossible.

LEE HARVEY OSWALD

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

A confidential source abroad has advised as follows:

On January 23, 1964, Mr. ELDRIDGE A. SNIGHT, Regional Security Officer, United States Embassy, Mexico, D. F., Mexico, made available a letter written in the Spanish language, dated December 2, 1963, which had been directed to President Lyndon B. Johnson by PEDRO GUTIERREZ VALENCIA, a credit investigator for a Mexico City department store.

The letter from GUTIERREZ sets forth that he was at the Cuban Embassy in Mexico City on September 30, 1963, or October 1, 1963, to conduct a credit investigation of an employee of that Embassy, and upon leaving he observed a Cuban in the company of an American citizen also leaving the premises of the Cuban Embassy. These two individuals, according to this letter, were engaged in a heated discussion in English involving "Castro, Cuba, and Kennedy." GUTIERREZ in his letter also alleged that the Cuban observed by him at that time was counting American dollars and that both persons departed the area in an automobile. GUTIERREZ's letter also indicated that he had later seen photographs of LEE HARVEY OSWALD and had concluded that the American seen by him as indicated above was LEE HARVEY OSWALD.

On January 27, 1964, inquiry at the Credit Department of the Mexico City department store known as "Palacio de Hierro," Calle Durango #230, revealed that GUTIERREZ is known there as a credit investigator but is usually out on the street and contacts his office at infrequent intervals.

On January 29, 1964, GUTIERREZ was located at Mexico, D. F., and he advised that he is currently employed by the afore-mentioned Mexico City department store as a credit investigator and that during the period 1947 to September 20, 1949, he was the Assistant Commandant of the Penitentiary of the Federal District, located on Calle Lucumberri, Mexico, D. F. He said that during the period 1943 to 1946, he was connected with the management of the restaurant "Le Rendez Vous," Mexico, D. F.

GUTIERREZ on January 29, 1964, advised that when he was the Assistant Commandant of the Penitentiary, JACQUES MORNARD, the alleged killer of LEON TROTSKY, was then incarcerated at that jail and that a well-known communist, Dr. ESTHER CHAPA, was then the Parole Board Director at that prison. During that time, according to GUTIERREZ, Dr. CHAPA and various of her communist friends were teaching communist ideology within the Penitentiary and were fomenting various problems there. He stated that these activities were brought to a head when there was a prison riot at the Penitentiary on May 10, 1947, by the prisoners who were against the communist principles of Dr. CHAPA and rioted in order to secure her dismissal.

GUTIERREZ stated that Dr. CHAPA formally accused him of being an anti-communist at that time, which was a correct accusation since he most certainly was anti-communist. He stated that Dr. CHAPA was finally dismissed from her position by official order of her superiors.

GUTIERREZ offered the above facts as substantiating his self-avowed anti-communist feelings over a long period of time.

GUTIERREZ stated that he has, in his capacity as a credit investigator, investigated many highly placed

persons, such as the former United States Embassy Military Attache in Mexico City, Brigadier General PHILIP H. BETHUNE; BERTHA VALDEZ DE PORTUONDO, the wife of the former Cuban Ambassador to Mexico, JOSE ANTONIO PORTUONDO VALDOR; LEOPOLDO ROMERO, a Vice Consul in the United States Embassy Citizenship Section; and JUAN JOSE AREVALO, an ex-President of Guatemala, in addition to other highly placed Mexican officials.

GUTIERREZ on January 29, 1964, advised that he was the author of a letter dated December 2, 1963, directed to President Lyndon B. Johnson, in which he furnished background information concerning himself and in which he set out that on September 30, 1963 or October 1, 1963, he visited the Cuban Embassy in Mexico City and upon leaving that Embassy, he saw an American accompanied by a possible functionary of the Cuban Embassy also departing. In this letter he had set out that the Cuban was counting United States dollars and that both the American and the Cuban were engaged in a heated discussion when he observed them. His letter, a carbon copy of which he had in his possession on January 29, 1964, sets forth that he was able to overhear words such as "CASTRO, Cuba, and KENNEDY." His letter also set out that these two individuals, upon leaving the Cuban Embassy, got into an automobile and drove away. His letter further stated that when he later saw photographs of Subject OSWALD, he immediately recognized these photographs as being identical with the person observed by him at the Cuban Embassy, as described above.

On January 29, 1964, GUTIERREZ stated that on September 30, 1963, or October 1, 1963, he had occasion to go to the Cuban Embassy in Mexico, D. F., in connection with the investigation of a Cuban female employee of that Embassy who had desired to secure 2,000 pesos ($160 U. S.) credit at the Palacio de Hierro department store. He said that he had been to the Mexican Foreign Office and had found that this woman, whose name he could not recall, was not registered with the Mexican Foreign Office as an employee of the Cuban Embassy and that, for this reason, he had gone to the Cuban Embassy and established that she was employed there.

GUTIERREZ stated that on the dates indicated above, he went to see this woman and upon arriving at the Cuban Embassy in Colonia Tacubaya, Mexico, D. F., he parked his car on Calle Francisco Marques at about 10:30 a.m., parking just outside the parking area reserved for the use of the Cuban Embassy vehicles.

He said that he entered the Cuban Embassy at about 10:30 a.m. on that date, and upon entering, he was able to locate the woman he wanted to see without engaging anyone that he could recall in a conversation about her. He said that this woman showed him a card which identified her as a "Second Counselor" of the Cuban Embassy, but that when he asked her to show him her "Carnet" to identify her as an employee of the Cuban Embassy accredited by the Mexican Government, she said that an application had been made to the Mexican Foreign Office but that her status had not, at that time, been recognized or accredited by the Mexican Government. GUTIERREZ said that this was an obvious falsehood because he had checked at the Mexican Foreign Office previously and had found that no application was on file for this female employee of the Cuban Embassy and that the Mexican Foreign Office had no knowledge of her presence in Mexico.

GUTIERREZ stated that he told this Cuban Embassy employee that she would have to have a "fiador" (second person who would guarantee payment) in order to have her credit application approved. He said she indicated she could not furnish a "fiador" and that, for this reason, her credit application was not approved by the department store and no further action was taken.

GUTIERREZ felt that he might be able to locate the application made by this woman, as well as any notes or report he may have made of his investigation in order to firmly establish the date he was at the Cuban Embassy and to establish her identity.

GUTIERREZ further informed that upon leaving the Cuban Embassy, which was within a very few minutes after he had entered, he paused in the courtyard between the entrance to the main building and the gate in the wall which leads to

the outside sidewalk to light his cigarette lighter and that he was bumped into by a person who was also leaving the Cuban Embassy and who was accompanied by an adult American. GUTIERREZ said that the person who bumped into him had a very light complexion and that, since he was accompanying an American, he, GUTIERREZ, said in English, "Excuse me," and the person who bumped into him responded in Spanish, "Esta bien, chico," which is a common expression used by Cubans to indicate that no harm was done. GUTIERREZ stated that he then recognized that the person who bumped into him was a Cuban and he described this individual as follows:

Sex	Male
Race	White
Nationality	Cuban
Build	Short, about 5 feet 3 inches to 5 feet 5 inches, but very stocky and appeared to be a person of considerable physical strength.
Hair	Black and curly
Complexion	Very white for a Cuban
Dress	Wore dark colored business suit, with sport shirt open at the collar, and no necktie.
Remarks	Not wearing a hat. Spoke English fluently and rapidly, and also spoke Spanish with a Cuban accent.

GUTIERREZ described the American who was accompanying this Cuban as follows:

Sex	Male
Race	White
Citizenship	Presumed to be United States citizen.
Age	27 to 30 years
Complexion	Very light
Eyes	Unknown

Build	Rather slender but not skinny
Height	5 feet 9 inches to 5 feet 10 inches
Hair	Dark brown
Dress	Wore beige or khaki-colored slacks and shirt of unrecalled type, with short jacket or windbreaker; wore no hat.
Remarks	Appeared nervous and had appearance of an aggressive type. Heard to speak only English.

GUTIERREZ stated that when the Cuban bumped into him and immediately thereafter, he noted that the American and the Cuban were engaged in a heated discussion in English and, although GUTIERREZ admittedly speaks very little English, he said he heard the words "Mr. CASTRO" and "KENNEDY" mentioned during the heated conversation between these two individuals. He said that he became interested because he noted immediately after the Cuban bumped into him that the Cuban had some American currency, the denominations of which he could not observe, in his hand and appeared to be running through or counting this money.

GUTIERREZ stated that he walked across the courtyard toward the exit gate in the wall surrounding the Cuban Embassy about two yards behind these two individuals and that they continued their heated discussion. He said he could not determine the exact nature of the discussion, other than hearing the above-mentioned names, and he said that these two persons walked through the gate and turned to the left on the sidewalk in front of the Cuban Embassy, which faces on Calle Francisco Marques.

Immediately after passing the gate, GUTIERREZ said he saw the Cuban hand the money he had in his hand to the American and that the American took this money with his left hand, folded it and pushed it into his lefthand trouser pocket.

GUTIERREZ stated that although his car was parked to the right of the entrance gate, he continued to walk behind these two persons to the corner of Calle Francisco Marques and Calzada Tacubaya, which is the corner on which

the Cuban Embassy is located. GUTIERREZ further advised that the two persons he was following turned to the left at this corner, which is also along a side wall of the Cuban Embassy, and he observed the Cuban take a key from his pocket and unlock the door to an automobile which was parked there. Both the Cuban and the American then got into the car.

GUTIERREZ stated that he did not note the license number of this vehicle but was sure that the vehicle bore Mexican plates since these plates had white numerals on a black background, which is the coloring of the current 1962-1963 Mexican plate. He was unable to say whether the license plate was for the Federal District of Mexico; whether it may have been a "diplomatic" plate; or may have been from some other state or territory of Mexico.

He said he did note that this car was a Dina Renault automobile, was a solid light beige color, and was a fairly new or current model.

GUTIERREZ said that he then walked to his own automobile, which was parked down the block on Calle Francisco Marques to the right of the main Embassy entrance, and entered his car and drove back to the corner where he had

various Mexico City newspapers and immediately came to the firm conclusion that the American he had seen with the Cuban, as indicated above, was identical with the person depicted in these newspaper photographs as LEE HARVEY OSWALD. He said that upon first viewing a photograph of OSWALD in a Mexico City newspaper, he commented to his wife that he was certain that OSWALD was the person he had seen with the afore-mentioned Cuban at the Cuban Embassy on September 30, 1963, or October 1, 1963.

GUTIERREZ stated that the only additional information he can provide is that he seems to recall that the person he thinks was OSWALD during the conversation called the Cuban "ERNIE" on at least two occasions which he could overhear. He said that the use of the name "ERNIE" may indicate that this Cuban's name may be ERNESTO, which would be the normal Spanish name for a person who might be known as ERNIE or ERNEST.

GUTIERREZ said that it is his recollection that the American was talking very rapidly and that the Cuban was speaking English in a very rapid fashion also.

GUTIERREZ further advised that two days following the assassination of President KENNEDY (on or about November 24, 1963), he again returned to the Cuban Embassy for the purpose of trying to identify the unknown Cuban he had seen in the company of the American, but was again unsuccessful and saw no one there who in any way resembled this Cuban.

[redacted]

GUTIERREZ on January 29, 1964, also examined a photograph of OSWALD which had appeared in Mexico City newspapers and a front, side and full length photograph of OSWALD taken on August 9, 1963, by the Police Department at New Orleans, Louisiana, and he stated that these photographs are, in his opinion, identical with the American seen by him at the Cuban Embassy, as mentioned above.

A photograph of OSWALD which had appeared in "Life" magazine and depicts OSWALD passing out pro-Cuban literature on a street in New Orleans was mixed in with sixteen miscellaneous photographs of other persons and demonstrated to GUTIERREZ, and he indicated no recognition of this particular photograph of OSWALD.

It is to be noted that GUTIERREZ seemed to be an intelligent and mature individual who was apparently sincerely convinced that he saw OSWALD at the Cuban Embassy on one of the dates mentioned, and on January 29, 1964, he indicated his only desire is to assist the United States in its struggle against communism. He made no mention of possible compensation and, in fact, stated that he would attempt to secure the credit application made by the afore-mentioned female employee at the Cuban Embassy without asking for any compensation for costs of photographing or copying such documents.

During a contact with GUTIERREZ's wife on January 27, 1964, it was noted that he resides in a dilapidated apartment building adjacent to the bull ring off Avenida Insurgentes Sur, Mexico, D. F., in a rather poor section of the city, and it would appear that such an apartment would normally be occupied by a person of very limited financial means.

It was noted that the description of the American, as provided by GUTIERREZ, generally fits that of OSWALD except that he estimated the age at 27 to 30 years, with dark brown hair and very light complexion, which is at slight variance with the description of OSWALD.

On February 3, 1964, GUTIERREZ advised that an exhaustive search of the credit reports made by him in September and October, 1963, revealed that the credit report he made on a female employee of the Cuban Embassy at Mexico City on or about October 1, 1963, had been destroyed because her credit application was rejected.

GUTIERREZ stated that it is his definite recollection that the female Cuban Embassy employee was employed in the Commercial Department of that Embassy because that is the section he visited to contact her on or about October 1, 1963.

GUTIERREZ stated that the Commercial Department of the Cuban Embassy has an entrance doorway on Calle Samora near the corner of Calle Francisco Marques and that he entered those offices through the entrance on Calle Samora. He stated that he left those offices through the doorway leading to the patio section of the Cuban Embassy property and exited the premises through the gate which leads onto Calle Francisco Marques, Mexico, D. F. These happenings occurred on or about October 1, 1963, when he observed the American believed by him to be OSWALD in the company of a Cuban as previously related by GUTIERREZ.

GUTIERREZ stated that he was able to locate a credit report under the department store file number 121189 for one JOSEFINA ~~LORENZANA~~ HERNANDEZ, which shows that he conducted the credit investigation concerning this individual in Colonia Coyoacan, Mexico, D. F., on October 1, 1963. GUTIERREZ recalled that he had traveled to Colonia Coyoacan for the investigation of LORENZANA immediately following his visit to the Cuban Embassy on October 1, 1963, and that this is his only means of establishing the date of his visit to the Cuban Embassy as having occurred on October 1, 1963.

On February 3, 1964, GUTIERREZ stated that he now estimates that he entered the premises of the Cuban Embassy on October 1, 1963, at about 10:30 or 10:35 a.m. and left those premises at about 10:50 a.m. on that same date. He said that he can fix the time rather closely because he was in Colonia Coyoacan conducting investigation concerning LORENZANA at about 11:15 a.m. on October 1, 1963.

LEE HARVEY OSWALD

On February 7, 1964, Henry Mundt, 21041 Avenue San Luis, Woodlawn, California, furnished the following information to a Special Agent of the FBI.

Mundt advised he was very much disturbed when he received a mimeographed notice from the Woodland Community Church dated January 23, 1946, from Minister Fred O. Doty, which requested that any donations of money for Mrs. Lee Harvey Oswald could be sent to Minister Doty or to the address "Secret Service, P. O. Box 1407, Dallas, Texas." Mundt advised that this was the first time that he knew money was being contributed for Mrs. Oswald and he considered it to be "a crazy maneuver" and he wondered just what is happening to the people of the United States when they donate money to the wife of the assassin of an American President.

Mundt advised that the above address "P. O. Box 1407, Dallas, Secret Service" did not pertain to the United States Secret Service, but to a "Secret Service organization" which is assisting the cause for Mrs. Oswald. The latter was merely the opinion of Mundt.

DETAILS:

AT COLUMBUS, OHIO

On February 6, 1964, inquiries were made at 922½ North High Street where WILLIAM and NANCY MARLOWE had lived at apartment 12. It was learned they had lived there until Friday, January 31, 1964, when they moved, destination not known.

Mrs. JUDY SPIRES, 60 West First Avenue, manager of the property at 922½ North High Street, on February 6, 1964, advised that WILLIAM and NANCY MARLOWE had occupied apartment 12, 922½ North High Street, beginning December 1, 1963, until January 31, 1964, when they both moved away giving no notice. She said they owe rent in the amount of $9.60 and furnished no forwarding address. She advised NANCY MARLOWE stated that WILLIAM MARLOWE was employed by Ranco, Columbus, Ohio.

JOSEPH LEVINGOOD, Personnel Supervisor, Ranco Manufacturing Company, 601 West Fifth Avenue, on February 6,

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

1964, advised there is no record there of a WILLIAM MARLOWE being employed.

Mrs. CLAIRE ATKESEN, Payroll Supervisor, Doctors Hospital, Dennison Avenue and Third Avenue, on February 6, 1964, advised from records NANCY J. MARLOWE was employed there as a nurse's aide from October 28, 1963, until November 25, 1963, when she quit. Her address was listed as 867 Dennison Avenue. She said she has no information concerning the present address or employment of MARLOWE.

DAVID AULD, Vice President, D. L. Auld Company, Fifth Avenue and North Fifth Street, on February 6, 1964, advised from records that WILLIAM A. MARLOWE, JR., Social Security Number 526-58-4398, born December 2, 1942, had been employed in the paint shop of this company beginning October 4, 1963, until January 28, 1964, when he walked off the job and did not return. His address was listed as 922½ North High Street, former addresses as 1031 Dennison and 1508 Minnesota. No reason was given for his leaving the job, he did not formally resign, and Mr. AULD had no information as to his current whereabouts. There were no inquiries received concerning subsequent occupation.

KEITH BRENOT, Superintendent of Manufacturing, D. L. Auld Company, on February 6, 1964, advised he received a telephone call from NANCY MARLOWE the night of January 31, 1964, during which she said her husband had deserted her. She said he had left Ohio and probably would return to his home at Arizona. She complained that her husband, WILLIAM MARLOWE, did not come home for several days and she wanted to know where he was. Mr. BRENOT said he did not know of WILLIAM MARLOWE's whereabouts.

After inquiry, Mr. BRENOT said he had learned that NANCY MARLOWE was living with another employee and his family, VICTOR HOLSINGER, at 833 Clarendon Avenue.

Inquiry on February 7, 1964, at 833 Clarendon Avenue, disclosed that NANCY MARLOWE is not known there.

KIETH BRENOT on February 7, 1964, telephonically contacted the Columbus Resident Agency of the FBI to advise he learned that NANCY MARLOWE was residing 58 South Hague Avenue and had obtained employment in the laundry of the Columbus State Hospital.

FEDERAL BUREAU OF INVESTIGATION

Date 2/11/64

NANCY JEAN McCLAIN advised as follows:

She is legally married to EDWARD RITZ from whom she is separated, but not divorced. She has been living with WILLIAM MARLOWE and has been using the name NANCY JEAN MARLOWE for at least the past year. She was born December 25, 1941, Shelby, Michigan. Since January 31, 1964, she has been residing at 58 South Hague Avenue, Columbus, Ohio, with the family of VICTOR and DOROTHY HOLSINGER. She had been living in various places with WILLIAM MARLOWE since April, 1963, until he deserted her January 29, 1964.

The two had lived in Columbus, Ohio, since September or October, 1963.

During January, February and March, 1963, NANCY lived at 246 Fifth Avenue, Elyria, Ohio, with her husband EDWARD RITZ. Both were living on city welfare payments. During the first week in April, 1963, EDWARD RITZ travelled to Cleveland and she stayed at Elyria. He returned and said he had met a man known to him as BILL at Cleveland, Ohio. Both she and EDWARD travelled to Cleveland on the following weekend and met BILL, whose full name is WILLIAM MARLOWE.

During the second week of April, 1963, NANCY, EDWARD RITZ and WILLIAM MARLOWE hitchhiked from Cleveland, Ohio, to Phoenix, Arizona. EDWARD travelled as far as Columbus, Ohio, then decided to return to Cleveland and left the trio. NANCY and BILL finished the trip to Phoenix together and arrived there approximately two weeks later. Their hitchhiking travels took them through St. Louis, Missouri, Oklahoma City, Oklahoma, and Dallas, Texas. She explained they rode straight through the city of Dallas on a freeway and did not stop. They did not get out of the car at Dallas and they were riding with a stranger, name not known.

Upon arrival at Phoenix, Arizona, they stayed at the Salvation Army for approximately one week. WILLIAM MARLOWE could find no work so both decided to hitchhike to the home of her aunt, Mrs. LOLA McDONALD, who lives at Tupelo, Mississippi. They arrived there about five days after leaving Phoenix. Again MARLOWE could find no employment and after staying there for about three days he disappeared and deserted NANCY. She stayed several days, then hitchhiked from Tupelo to Cleveland and arrived there early in May, 1963. There she met MARLOWE again at the Greyhound Bus Station and went to live with him on Fifth Street, Loraine, Ohio, and at 759 Broad Street, Loraine, Ohio. Again she said WILLIAM MARLOWE could find no employment.

During the last week in May, 1963, she, WILLIAM MARLOWE and a young man known to her as MARSHALL CARROLL were arrested by the Cleveland, Ohio, Police Department and charged with suspicion of car theft. All were released two days later. The day following their release, she and WILLIAM MARLOWE left Cleveland and again hitchhiked to Phoenix, Arizona. They arrived there in June, 1963, and again their hitchhiking travels took them through Dallas, Texas. She said they did not stop at Dallas and she knew nothing of the city nor did she ever spend any time there. One day following their arrival at Phoenix, Arizona, they left and hitchhiked to Lovington, New Mexico, where she obtained a job as a babysitter for a family whose name she does not remember and WILLIAM MARLOWE got a job at the Perinun (phonetic) Oil Field at Lovington, New Mexico.

Both stayed in this place for about one week when WILLIAM MARLOWE again deserted her. Sometime during the first week of July, 1963, she hitchhiked to Cleveland, Ohio, and WILLIAM MARLOWE showed up four days later and met her at their usual hangout, the Greyhound Bus Station in Cleveland. Both then lived in Cleveland with a friend, DAVID (LNU), address not known. Both were unemployed.

On September 25, 1963, WILLIAM MARLOWE, FRANK REYNOLDS and NANCY MARLOWE were arrested by the Cleveland Police Department. She was charged with prostitution. All were released approximately three days later. At the time of their arrest, she and BILL were

living at the Ohio Hotel, Cleveland.

After their discharge from the Cleveland Jail, they returned to Loraine, Ohio, to live with a family known to her as ZUTERBERN (phonetic), unknown address, Eighth Avenue. About the first part of October, 1963, WILLIAM MARLOWE again deserted her and she stayed at Loraine. He was gone one week and then he returned. During a subsequent conversation with him, she said WILLIAM MARLOWE told her he had "pulled a job" in Columbus, Ohio, during his absence and asked if she had heard about the A & P Store robbery at Columbus where $4,000.00 was taken. NANCY MARLOWE said she does not know whether to believe him, but at that time he was driving a 1957 Plymouth Convertible coupe, white body, black top. He has since disposed of this car.

Sometime in October, 1963, WILLIAM MARLOWE convinced her that they should go to Columbus and they travelled there by bus where both obtained employment, she at Doctors Hospital and he at the D. L. Auld Company. She maintains she quit because of health reasons.

NANCY MARLOWE denied having lived at the Dakota Hotel in Cleveland, but said occasionally she and WILLIAM MARLOWE stayed there for no more than two days at a time.

She further denied having ever met or known LEE HARVEY OSWALD, denied having known or met JACK RUBY, and denied knowledge of anyone threatening her dates with a knife. She said she never saw BILL MARLOWE with a gun. She claims to be three months pregnant by WILLIAM MARLOWE.

NANCY MARLOWE stated she can furnish no information concerning LEE HARVEY OSWALD or anything in connection with him.

This memorandum briefly outlines the basis for our investigation of Oswald and the scope of this investigation prior to the assassination of President Kennedy. U

PURPOSE OF INVESTIGATION OF OSWALD:

We had no information on Oswald in our files prior to his defection to Russia. Our investigation of Oswald after his return from Russia in 1962 was to determine if he had been recruited by the Soviets for intelligence purposes. U

SCOPE AND RESULTS OF INVESTIGATION:

The investigation included two interviews* of Oswald shortly after his return to the U.S. We developed background information and took steps to correlate in his file information received through our sources concerning any subversive activity. In this connection, as a result of our counterintelligence responsibilities, we have developed through the years many sources through whom it is possible to obtain information concerning communist-bloc intelligence activities in the U.S. U

Neither the interviews nor information from sources indicated that Oswald had been recruited by the Soviets. However, in September, 1962, a source reported that he was a subscriber to "The Worker," an east coast communist newspaper. In April, 1963, a source reported that Oswald was in communication with the Fair Play for Cuba Committee (FPCC) in New York and reportedly had said that he passed out FPCC pamphlets. His arrest in New Orleans 8-9-63 which grew out of his distribution of FPCC literature, was called to our attention and the following day he was interviewed at his request. He admitted FPCC activities in New Orleans but there was no further indication of intelligence recruitment or other subversive activities. U

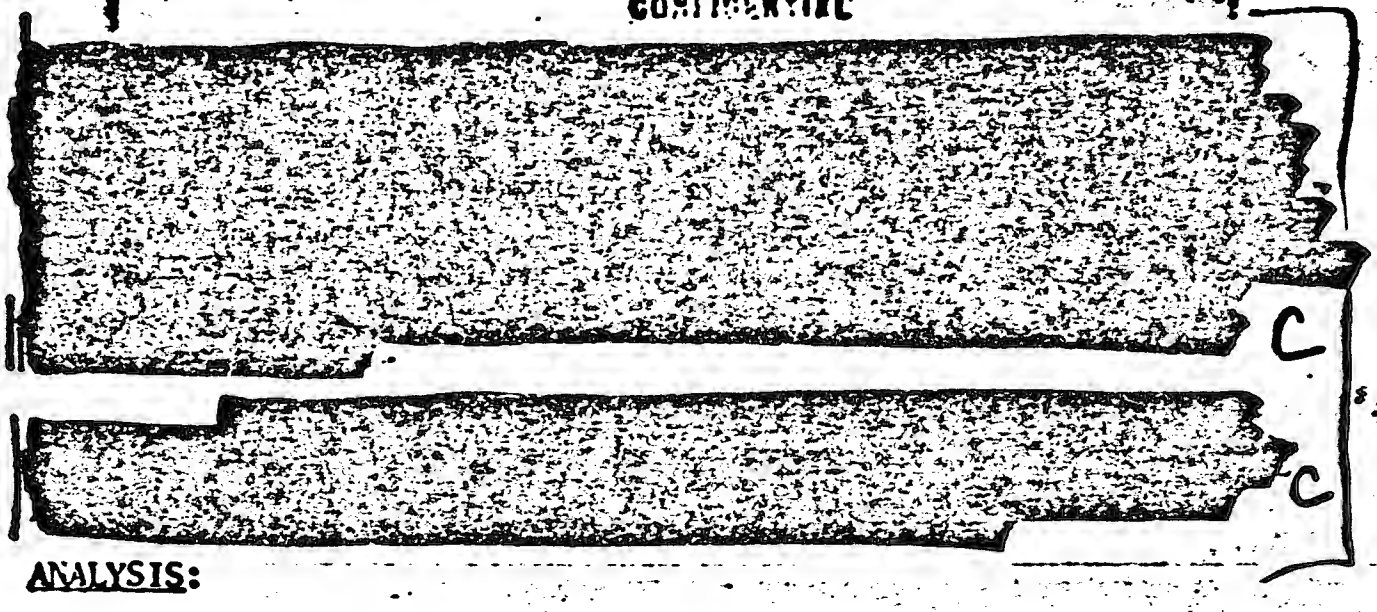
MEMORANDUM FOR MR. BELMONT
RE: LEE HARVEY OSWALD

CONFIDENTIAL



ANALYSIS:

Lee Harvey Oswald had gone to the Soviet Union at the age of 19 and had attempted to renounce his American citizenship. But he had recanted, requested the return of his passport, been granted the passport, and permitted to return to the U.S. as an American citizen. After his return, he had subscribed to "The Worker," had distributed pamphlets for the FPCC and had admitted publicly during a radio broadcast that he was a Marxist. Also, it had been reported that he was in contact with the Soviet Embassies in Washington, D. C., and Mexico City. U

Oswald denied, and the investigation did not indicate, that he had been recruited or was acting as an intelligence agent for the Soviets. The information developed about Oswald prior to the assassination of President Kennedy 11-22-63 did not suggest in any way that he represented a threat to the personal safety of the President. U

FACTORS AFFECTING SECURITY INVESTIGATIONS:

Literally thousands of people come to our attention each year who exhibit unusual behavior, oppose those in public office and profess support for extremist movements of both the right and the left. The Bureau is extremely careful to make certain we have sound basis for our investigation. Furthermore, we must conduct our investigations in such a manner so we do not violate the rights of individual citizens and engage in improper activities. We must always be careful to maintain a proper balance between the indiscriminate invasion of privacy and the need for protection of the national security. U

MEMORANDUM FOR MR. BELMONT
RE: LEE HARVEY OSWALD

CONFIDENTIAL

The Oswald investigation was only one of thousands of security cases handled by the FBI. For example, during the calendar year of 1963 we completed investigation in over 120,000 such matters (actual figure is 120,896).

These cases are handled by only a [redacted] portion of the Bureau's approximately 6,000 investigative Agents who are required to handle in addition to security matters all of our investigations in the criminal field, special inquiries, and related type work.

The extent of our investigation in each of these cases depends upon the facts of the individual case and the information available. For example, the investigation of known Soviet illegal agents such as Mr. and Mrs. Robert Baltch, now awaiting trial in New York, requires the constant services of numerous Agents and individuals like the Baltchs are closely followed and observed. To attempt to investigate individuals such as Oswald on a similar basis would require thousands of additional Agents.

ACTION:

For information.

Additional detail concerning our investigation is set forth on pages ten through sixteen of the brief previously prepared for the Director's information.

Memorandum from Sullivan to Belmont 1-28-64 briefly outlined the basis for and the scope of investigation of subject prior to the assassination. The Director inquired if we checked with other Government agencies (CIA, State and Defense) to determine what, if anything, they had on subject before the assassination.

State Department Checks:

Prior to the assassination, State Department furnished us copies of communications received from the American Embassy in Moscow at the time and subsequent to subject's defection to Russia in October, 1959. In a letter to State Department 2-27-61, we requested any additional information regarding subject and WFO agents also checked State Department files on 5-9-61, 8-22-61, 1-29-62 and 6-5-62. The last date was just before Oswald's return to the U. S.

After the assassination we again checked State Department for data concerning Oswald and State Department made available to us a copy of the file the American Embassy in Moscow maintained on Oswald. This file consisted of communications from Oswald to the American Embassy in Moscow while Oswald was in Russia, letters to him from the Embassy and memoranda prepared by consular officers concerning his case. There was nothing in the American Embassy, Moscow, file which would indicate or suggest that Oswald in any way represented a threat to the personal safety of the President.

Department of Defense Checks:

Prior to the assassination we did not specifically check with the Department of Defense, but did contact Office of Naval Intelligence (ONI) on 11-2-59 at the time of Oswald's defection to Russia, because Oswald was described in publicity as a former U.S. Marine.

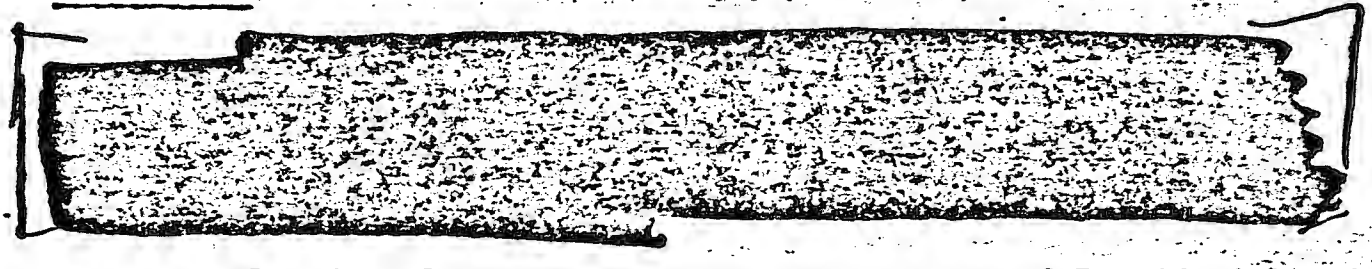
At that time we obtained a summary of his Marine file and later, on 11-15-60, ONI informed us that subject had been given an undesirable discharge.

Immediately following the assassination we again checked with ONI concerning Oswald and were furnished a copy of the Marine Corps file concerning Oswald. The only items of significance in the Marine Corps file that had not previously been obtained from Marine records concerning Oswald was information that Oswald was convicted by two Summary courts-martial hearings in 1958. The first was based on a charge that he possessed a privately-owned weapon, a .22 caliber derringer, that was not registered. The second was based on the charge that Oswald had wrongfully used provoking words to a staff non-commissioned officer.

Subsequent to the assassination of President Kennedy we also determined that Departments of the Army and the Air Force had no information of significance on Oswald in their files prior to the assassination of President Kennedy.

CIA Checks:



Immediately following the assassination of President Kennedy we again checked with CIA to see if they had any data in their possession not previously furnished us. CIA indicated it had no data in its possession that had not already been made available to Bureau prior to the assassination.

INS Checks:

Prior to the assassination of the President we checked records of INS on 6-22-62. On 7-12-62 we checked INS files concerning subject's wife. No information was obtained from INS concerning subject or his wife of pertinence subsequent to the assassination of President Kennedy.

ACTION: None. This is for information.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

The Director made inquiry for the facts concerning certain of the negotiations by Lee Harvey Oswald with the American Embassy in Moscow when he was seeking to return to the U. S. The following is set forth:

On 7/8/61 Oswald appeared at the American Embassy in Moscow on his own initiative. He executed under oath an application for the renewal of his U. S. passport and in connection with such application, he executed a questionnaire relating to possible expatriating acts. He claimed he never had applied for Soviet citizenship and that he took no oath to the Soviet Union and signed no papers for employment in Russia. He stated he had not joined any trade union organization; never had been called upon to make any radio, press or personal statements concerning his decision to live in Russia. He stated he had been interviewed briefly at the Metropole Hotel in Moscow on the third day after his arrival by Radio Moscow but only a few routine comments were made of no political significance.

Oswald also claimed he had never been subjected to questioning or briefing by Soviet authorities concerning his life before entering Russia and he had never provided such information to any Soviet organization. He further stated he doubted that he would have given any information acquired as a radar operator in the USMC to the Soviets despite statements made at the American Embassy 10/31/59 at which time he indicated he had offered to make the knowledge he had learned in the Marine Corps job available to Soviet officials when he became a Soviet citizen.

State Department records indicate Oswald exhibited some anxiety over possible imprisonment for his remaining in the Soviet Union and that Oswald was told informally by Embassy officials that they did not perceive on what grounds he might be prosecuted leading to lengthy imprisonment. State Department records also reveal, however, that Oswald was clearly informed Embassy officials could give him no assurances concerning prosecution and this was understood by Oswald.

REC-117 105-82555-1903

During this appearance at the American Embassy 7/8/61, Oswald reported he was married 4/30/61 to Marina Nikolaevna Pusakov, a dental

technician, and was arranging for his wife to join him in Moscow for the purpose of an interview concerning visa arrangements to come to the U. S. State Department records reveal Oswald's American passport was returned to him made valid only for return to the U. S. This action was for the purpose of Oswald making an application for a Soviet exist visa in Minsk.

State Department records reveal that in an Embassy communication wherein the U. S. Embassy in Moscow furnished the Department of State, Washington, D. C., details regarding Oswald's contact with the Embassy 7/8/61, the Embassy reported that 20 months of the realities of life in Russia had clearly had a maturing effect on Oswald. Further, that Oswald had stated frankly he had learned a hard lesson the hard way and that he had been completely relieved of his illusions about the Soviet Union. At the same time he acquired a new understanding and appreciation of the U. S. and the meaning of freedom. The Embassy further reported that much of the arrogance and bravado which characterized Oswald on his first visit to the Embassy 10/31/59 appeared to have left him. (see page 9 of State Dept report)

Dear Mr. Rankin:

Reference is made to your letter of February 4, 1964, inquiring as to the basis for the conclusions with respect to the identification of the bullets and cartridge cases in this matter and concerning the metal fragments from the President's head.

Firearms identifications such as those made on the bullet and cartridge case evidence in the Oswald matter are based upon a microscopic study of the individual characteristic markings impressed in the surfaces of the bullets and cartridge cases by the mechanism of the weapon and upon a microscopic comparison of these markings with those produced on test specimens fired from the suspected weapon. Since the markings left by a weapon on a bullet or cartridge case are characteristic of that weapon, a suspected bullet or cartridge case bearing such markings, in general, can definitely be identified as having been fired from a particular weapon. These identifications are thus based on sound scientific principles which have been accepted in court for many years.

The metal fragments from the President's head are very small pieces of lead which bear no markings that could be used for identification purposes and, therefore, there is no basis on which they could definitely be associated with any weapon. It is noted in this regard that the rifle bullets involved in this matter consisted of a lead core surrounded by a copper alloy jacket; the identifying marks left by a gun barrel in such a situation appear only on the metal jacket and not on the lead core or fragments of the lead core.

Honorable J. Lee Rankin

In the list of specimens on page one of your letter, it was noted that specimen Q8 was described as a cartridge case. Actually, this specimen was described in Special Agent Gemberling's report dated November 30, 1963, as a cartridge and is in fact an unfired cartridge.

Sincerely yours,

J. Edgar Hoover

NOTE: The bullet found on the stretcher at the hospital, specimen Q1, and the large bullet fragments, Q2 and Q3, found in the President's automobile were identified in the Laboratory as having been fired from the Mannlicher-Carcano rifle submitted in this case and which was identified as belonging to Oswald. The three cartridge cases found in the Texas School Book Depository Building were definitely identified in the Laboratory as having been fired in the submitted rifle. Several cartridge cases recovered in connection with the shooting of Officer Tippett were identified as having been fired in the .38 Special Smith and Wesson revolver, SN V510210.

The tiny lead fragments removed from the President's head bore no markings suitable for identification purposes. To further our study in respect to these small fragments, a spectrographic examination was made of them and they were found to be composed of a bullet alloy comparable in composition to the core of the fragments from the President's automobile; however, this is not sufficient to definitely establish that they are from a bullet fired from Oswald's gun.

"Specimen Q6 and Q7 are 6.5 millimeter Mannlicher-Carcano cartridge cases. . . .

"Test cartridge cases obtained from the submitted rifle were compared with specimen Q6 and Q7. As a result, specimen Q6 and Q7 were identified as having been fired in this rifle."

With respect to the same rifle the report of Special Agent Robert P. Gemberling dated December 10, 1963, at pages 333-334 in part states:

"Q48 6.5 millimeter Mannlicher-Carcano cartridge case from building.

"Results of Examination: . . .

"Q48 is a 6.5 millimeter Mannlicher-Carcano cartridge case . . . The cartridge case Q48 was compared with test cartridge cases fired in the K1 6.5 millimeter Mannlicher-Carcano rifle, serial No. C2 766. As a result Q48 was identified as having been fired in this rifle."

With respect to the revolver taken from Lee Harvey Oswald at the time of his arrest on November 22, 1963, Special Agent Robert P. Gemberling's report dated November 30, 1963, at page 162 states in part:

"K3 .38 Special Smith and Wesson revolver, serial # V510210, assembly # 65248."

In addition, Special Agent Robert P. Gemberling's report dated December 10, 1963, at page 351, in part, states:

"Specimens received:

"Q74 - Q77 four .38 special cartridge cases . . .

"Results of Examination:

"The four cartridge cases Q74 - Q77 were compared with test cartridge cases obtained from the previously submitted revolver K3. As a result, Q74 - Q77 were all identified as having been fired in K3."

It would be greatly appreciated if your laboratory would describe in some detail the evidentiary facts upon which the above-quoted ultimate conclusions are based with respect to the respective connection between the bullet, the cartridge and the cartridge cases and the corresponding weapon. I assume -- but would like to be advised if the contrary be the fact -- that no conclusion can be drawn relating Q4 and Q5, the metal fragments from the President's head, with either weapon.

I appreciate your continuing cooperation in the work of this Commission.

Sincerely,

J. Lee Rankin

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Special Agent Vincent Drain of the Dallas Office was called before the President's Commission today to exhibit the clothing worn by Oswald on 11-24-63, when Ruby shot him. This clothing had been in the custody of the Dallas Police Department (DLPD) and is to be used in Ruby's forthcoming trial. The Commission had requested we obtain this clothing, which we did, after assuring local Texas authorities we would maintain the chain of evidence so as not to prejudice the prosecution of Ruby.

The items which SA Drain brought with him included Oswald's shoes, sweater, khaki shirt, and black pants. These items were grouped on the top of a desk with other items of his clothing being examined by the Commission. Due to the necessity for SA Drain to maintain the chain of evidence, he was present during part of the questioning of Mrs. Marina Oswald.

Mrs. Oswald identified all of the above items presented by SA Drain as belonging to her deceased husband. She also identified a brown shirt worn by Oswald at the time of his apprehension by the DLPD on 11-22-63.

During this phase of questioning SA Drain was requested to remain so as to preclude any possible distraction. The questioning was done by Chief Justice Warren, Senator John Sherman Cooper, and Congressmen Hale Boggs and Gerald Ford.

SA Drain furnished the following account of the Commission's questions and Mrs. Oswald's answers during the approximately 25 minutes he was present in the hearing room:

Memorandum to Mr. Belmont
RE: LEE HARVEY OSWALD

Question: Did you ever hear your husband make any remarks of any kind against President Kennedy?

Answer: No.

Question: Do you think he disliked President Kennedy?

Answer: No.

Question: Why do you think he killed President Kennedy?

Answer: I think he wanted a place in history or wanted to be a big shot or something.

Question: Do you think he was of sound mind?

Answer: Yes, I do, but I think he used it in the wrong way.

Question: Did you ever hear him say he was a Communist?

Answer: Yes, I did; one time when we were in New Orleans, I asked him if he really knew what a Communist was; I don't think he did.

Question: Do you think that he thought the economic conditions were better in Russia than in the United States?

Answer: No, I think he was dissatisfied with Russia, too.

Question: Do you think he killed the President?

Answer: Yes, I do.

Question: Do you have any reason to believe that he was antagonistic toward the President?

Answer: I never heard him express any words like that.

Question: Do you think he conspired with anyone else to kill the President?

Answer: No, I think he was alone.

Question: Do you think he did it by himself.

Answer: Yes, I do.

Question: Do you think he told anyone what he was going to do?

Answer: No, I don't think he told anyone.

SA Drain advised he took as many notes as possible under the circumstances and has attempted to fill in the questions and answers as he remembers them.

THE PRESIDENT'S COMMISSION

While talking with J. Lee Rankin of the President's Commission today, Mr. Rankin advised that John F. Doyle, an attorney in Washington, D. C., had been designated by the President of the Washington, D. C., Bar Association to represent Mrs. Marguerite Oswald (the mother of Lee Harvey Oswald) when she appears before the President's Commission on Monday, February 10, 1964.

Mr. Rankin advised that Doyle is considered a very capable attorney; that he was formerly Assistant Corporation Counsel under Oliver Gasch from 1948 to 1951 and was Assistant United States Attorney in the District of Columbia from 1953 to 1955 and 1957 to 1961.

Mr. Rankin stated Mark Lane, the New York attorney who is representing Mrs. Oswald, stated that he was too busy obtaining affidavits and other material to show Oswald was not guilty of shooting the President to appear before the Commission with Mrs. Marguerite Oswald on February 10. Rankin commented he was very thankful for this development so they would not have Lane to deal with.

Indices are being checked concerning Mr. Doyle and you will be advised of any significant information in the Bureau files concerning him.

Mr. Rankin stated he did not know the exact schedule of the Commission for the immediate future but mentioned that following the obtaining of testimony from Mrs. Oswald they planned on calling Mrs. Ruth Paine (the woman with whom Mrs. Marina Oswald was living at the time the President was shot) before the Commission and that it would probably be next week or the following week.

Honorable J. Lee Rankin
General Counsel
The President's Commission

FEB 14 1964

Dear Mr. Rankin:

Reference is made to your conversation with Inspector James R. Malley of this Bureau on February 7, 1964, regarding Lonnie Hudkins, the Houston "Post" reporter who wrote an article in the January 1, 1964, issue of the Houston "Post" entitled "Oswald Rumored as Informant for U.S."

For your information, Mr. Alonzo F. Hudkins, III, also known as Lonnie Hudkins, was interviewed by Agents of this Bureau on February 8, 1964, in this matter. Mr. Hudkins stated he arrived in Dallas, Texas, in late December, 1963, to check out rumors that Oswald might have been an informant of the FBI. He stated such rumors were based on information he had received from Assistant District Attorney William Alexander to the effect that Oswald's address book contained the name of Agent Hosty, his office and home telephone numbers and his automobile license number. Mr. Hudkins also stated he had interviewed Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, who said that Oswald was doing important subversive work for the Government.

Mr. Hudkins further stated he had contacted a Government official, not a Federal official in Dallas, who had told him that Oswald was on the payroll of either the FBI or the Central Intelligence Agency (CIA) with voucher number 179 and that he had received no less than $150 a month and no more than $225 a month. Mr. Hudkins claimed that the official who furnished him this information had furnished him reliable information in the past which he had been able to print. Mr. Hudkins stated he did not print anything stating Oswald was

an informant of the FBI or CIA but merely raised this question in his article in the Houston "Post" of January 1, 1964, since he had only this official's word and did not have any supporting documents of any kind to substantiate this allegation. He further stated he had made inquiries of some of his friends in Houston, Texas, whose names he would not divulge and had also requested his Washington, D. C., headquarters to attempt to check out this allegation. According to Mr. Hudkins this allegation could not be verified through any of his sources and, therefore, was not printed in the Houston "Post."

Mr. Hudkins was questioned at length in an attempt to ascertain his source that Oswald was an FBI or CIA informant, but Mr. Hudkins refused to divulge his source or to furnish a signed statement. He stated that when he received this information from his source he was alone and no other reporters were present.

According to Mr. Hudkins, the only other information he had heard that Oswald might be a symbol number informant was from Joe Golden, a reporter of the "Philadelphia Inquirer," who was in Dallas in late December, 1963. According to Hudkins, Mr. Golden mentioned to him a number different from 179, that might have been a voucher number. Mr. Hudkins stated he could not recall the number.

At the conclusion of our interview with Mr. Hudkins he stated that even if he were called to appear before the President's Commission, he would decline to furnish the source of his information.

In connection with Mr. Hudkins' reference to Joe Golden, please be advised that we have interviewed Mr. Joseph Goulden, a reporter for the "Philadelphia Inquirer," in connection with an article Mr. Goulden reported in the December 8, 1963, issue of the "Philadelphia Inquirer," wherein he alleged that Lee Harvey Oswald at one time had been contacted by the FBI to become an informant. He said he had obtained this information from a law enforcement officer in Dallas whom he declined to identify. We reinterviewed Joseph Goulden on December 16, 1963, in an attempt to pin down the source of his allegation, but Mr. Goulden declined to identify the law enforcement officer after allegedly having talked to him on the telephone. He did say, however, that the officer told him that the matter was being "handled through proper channels."

The foregoing is furnished for your information in this matter.

Dear Mr. Hoover:

Thank you for your letter of February 6, inclosing your affidavit of that date.

I would like to take this occasion to clarify several points in connection with the matter covered by your letter. District Attorney Wade did not testify before the Commission. He and other Texas officials held discussions with members of the Commission in Washington. In the course of these discussions, Mr. Wade mentioned having heard the rumor that Oswald had been an informant of the Federal Bureau of Investigation. Mr. Wade did not suggest that he gave credence to this rumor, but felt obliged to report it to the Commission.

Your affidavit refers to affidavits that were obtained from all FBI Special Agents who were in contact with Oswald, as well as affidavits from the Special Agents in charge of their respective field offices. I should like to confirm my verbal request to Mr. Malley that these affidavits be made available to the Commission.

After the Commission has reviewed these additional affidavits, I will undoubtedly be writing to you again to request information supplemental to your affidavit and the affidavits of the agents, to make certain, by any standard, that the historical record on this matter will be complete and unassailable.

FORT WORTH--MRS. MARGUERITE OSWALD FLEW TO WASHINGTON UNDER SECRET SERVICE PROTECTION TODAY TO LAY WHAT SHE CALLED "TRUMP CARDS" BEFORE THE WARREN COMMISSION AND TELL THE INVESTIGATORS ABOUT A MYSTERIOUS "THIRD LIFE" INVOLVING HER SON, THE ACCUSED ASSASSIN.

PROTESTING HIS INNOCENCE, THE 56-YEAR-OLD MOTHER OF LEE HARVEY OSWALD SAID SHE WOULD PRESENT INFORMATION "THE COMMISSION HAS NOT HAD ACCESS TO BEFORE." SHE INDICATED SHE WOULD ACCEPT THE FINDINGS OF THE COMMISSION.

THE COMMISSION HEADED BY CHIEF JUSTICE EARL WARREN APPOINTED WASHINGTON ATTORNEY JOHN DOYLE TO REPRESENT MRS. OSWALD AT THE HEARINGS DESIGNED TO SIFT THE EVIDENCE AGAINST OSWALD AS THE SLAYER OF PRESIDENT KENNEDY IN DALLAS LAST NOV. 22.

ALTHOUGH MARINA OSWALD, WIDOW OF THE SLAIN MAN, TOLD THE COMMISSION SHE BELIEVED HER HUSBAND GUILTY, HIS MOTHER HAS ARGUED THAT THE EVIDENCE IS "CIRCUMSTANTIAL," AND THAT HER SLAIN SON WAS INNOCENT.

A SECRET SERVICE AGENT AND AN FBI MAN ACCOMPANIED HER ON THE TRIP TO WASHINGTON. SHE SAID SHE DID NOT ASK FOR THE PROTECTION.

MRS. OSWALD SSAID IT WAS A "REAL FIGHT" TO WIN AN APPEARANCE BEFORE THE WARREN COMMISSION.

"I WILL TELL THE COMMISSION ABOUT LEE'S LIFE, MY LIFE AND A THIRD LIFE," SHE SAID.

THERE WAS NO FURTHER REFERENCE TO A THIRD LIFE. MRS. OSWALD HAS TWO OTHER SONS. OSWALD'S FATHER, A SALESMAN, DIED SHORTLY BEFORE HE WAS BORN.

(MRS. OSWALD)

WASHINGTON--MRS. MARGUERITE OSWALD TODAY FINISHED TELLING THE WARREN COMMISSION HER VERSION OF HER SON'S LIFE STORY.

CHIEF JUSTICE EARL WARREN, WHO HEADS THE COMMISSION INVESTIGATING THE ASSASSINATION OF THE LATE PRESIDENT KENNEDY, SAID THE MOTHER OF KENNEDY'S ACCUSED ASSASSIN WOULD COMPLETE HER TESTIMONY WITH A NARRATIVE OF HER OWN LIFE.

THE CHIEF JUSTICE SAID HE EXPECTED MRS. OSWALD TO COMPLETE HER OWN STORY BEFORE THE DAY IS OUT.

WARREN SAID THE COMMISSION HAS IDENTIFIED AND RECORDED ALL THE CORRESPONDENCE AND DOCUMENTS WHICH MRS. OSWALD SUBMITTED AS EVIDENCE IN THE INVESTIGATION.

BUT HE SAID THE GRANDMOTHERLY WOMAN HAD DECIDED AGAINST FURNISHING THE COMMISSION WITH SOME PHOTOGRAPHS BECAUSE THE COMMISSION HAD REFUSED TO GUARANTEE HER THAT THEY WOULD NOT BE SHOWN TO ANYONE ELSE.

MRS. OSWALD, WARREN SAID, INDICATED SHE WANTED TO USE THE PHOTOGRAPHS IN A BOOK OR SOME OTHER PUBLICATION LATER.

UPON THE ADVICE OF HER ATTORNEY, MRS. OSWALD DECLINED TO SPEAK TO REPORTERS AS THE COMMISSION BROKE FOR LUNCH AT 1 P.M.

Dear Mr. Rankin:

Reference is made to my letter of February 6, 1964, enclosing an affidavit executed by me, wherein I categorically state that Lee Harvey Oswald was never an informant of the FBI.

Pursuant to your request, there are enclosed nine additional affidavits, executed by personnel of this Bureau who, because of their assignments, would have been responsible for or cognizant of any attempt to develop Lee Harvey Oswald as an informant of the FBI. In addition, there is enclosed an affidavit, executed by John W. Fain, retired Special Agent of the FBI. Mr. Fain took part in interviews of Lee Harvey Oswald on June 26, 1962, and August 16, 1962, at Fort Worth, Texas.

You will note that each of the individuals concerned denies any knowledge that Lee Harvey Oswald ever was an informant of the FBI.

NOTE:

By letter 2/6/64 there was transmitted to the Commission an affidavit executed by the Director, wherein the Director categorically stated Oswald was never an informant of the FBI. The enclosed affidavits are from FBI personnel in Dallas, New Orleans, and San Francisco, who at some time had contact with Oswald or would have been responsible for any funds paid to Oswald as an informant. We also have obtained an affidavit of former Agent John W. Fain, which is being enclosed for the Commission since Fain had personal contact with Oswald during two interviews in 1962.

The Washington Merry-Go-Round

Fears Hidden by Greek Queen

By Drew Pearson

When Queen Frederika of Greece gave her delightful impromptu toast at the White House luncheon in her honor, no one would have guessed that she was extremely worried over the prospects of war between her country and Turkey.

Pearson

Late cables from Cyprus and London had just reported the peace talks deadlocked and Turkey threatening to send troops from the mainland to the island of Cyprus.

The Greeks have informed high American and British officials that if the Turks do land troops on Cyprus, Greece will attack.

War between these two NATO allies and friends of the United States would be extremely embarrassing, to say nothing of dangerous.

The Turkish population, 18 per cent of the total, has one half representation in the Cyprus Parliament and the right of veto over legislation. Greeks say this is unfair, also claim the Turks have [illegible]

[illegible] were some of the backstage problems worrying the Queen of Greece when she paid an impromptu gracious tribute to her host, President Johnson, at the formal White House luncheon.

FBI's Failure

The FBI was irate over this column's disclosure on Dec. 2, 1963, that the FBI, though fully aware of Lee Oswald's presence in Dallas, had failed to report him to the Secret Service in advance of President Kennedy's arrival. This, I stated, was an important factor in the death of the late President.

This week, William Turner, for 10 years a G-man, reports in Saga magazine: "Lee Oswald . . . was probably aided by jealousy and lack of cooperation and communication between law enforcement agencies . . .

"I learned that a Dallas FBI agent had especially interviewed Oswald only ten days before the assassination . . . I also learned that eventually the FBI did give the Secret Service a 'risk list' of people the Bureau feared might harm the President. But Oswald's name was not on it."

Congress Moves

The Republicans at long last have seen the handwriting on the wall of Congress. It looks as if the Kennedy-Johnson legislative program, under the whiplash of Mr. Johnson is going to proceed with almost assembly line smoothness in the House of Representatives — beginning Thursday.

Thursday the House Rules Committee will report out the much debated civil rights bill, will begin debate Friday, and even continue debate Saturday. There is a commitment that debate will even continue the following Saturday until the bill comes to a vote.

Rep. Howard Smith, the distinguished Virginia Dixiecrat who sits supreme on the House Rules Committee, doesn't like this procedure a bit. And on previous occasions he's ambled off to visit the cows on his five dairy farms in Virginia. But this time the 80-year-old czar of the Rules Committee isn't going cow visiting. He's a realist. He knows when he's beaten, and he's staying right here.

Meanwhile in the Senate, the tax bill is due to be whipped into final shape and reach the Senate floor by the end of this week. It could be held up by Southern Senators as a concealed filibuster against the civil rights bill; because if the Senate is busy discussing taxes, it can't take up civil rights. In this case, President Johnson will have to get on the telephone again.

However, thanks to his

goading and thanks to your public reaction to the 87th Congress, it has finally begun to move in the House of Representatives.

Anti-Rights Lobby

In contrast to progress in the House, John Synon a lobbyist hired by the State of Mississippi, has boasted that he has now lined up enough votes in the Senate to kill the civil rights bill. He claims to have the 34 votes he needs to stop the Senate from breaking a filibuster.

Synon has stayed carefully behind the scenes, seldom approaching Senators openly. Instead, he has been dickering and dealing with the lobbyist and special business interests. First, he held off-the-record breakfast meetings to get acquainted with them, then followed up with private approaches to those who seemed susceptible. He offered to secure Southern support for their special interests if they, in turn, would use their influence to help sabotage the civil rights bill.

Synon has also flooded country newspapers with stories and advertisements attacking civil rights.

On the record, Synon is director of the Coordinating Committee for Fundamental American Freedoms. Most of his money, however, is put up by a Mississippi state agency.

Drew Pearson's 1-29-64 column makes reference to former SA William W. Turner's article concerning the assassination of President Kennedy which appears in the March, 1964, issue of "Saga" magazine. Pearson quotes Turner from his article as follows:

"I also learned that eventually the FBI did give the Secret Service a 'risk list' of people the Bureau feared might harm the President. But Oswald's name was not on it."

The Director has inquired if we furnished Secret Service any list in Dallas.

We did not give the Secret Service a "Risk List." On 10-30-63 Dallas advised Secret Service that one Norman Lee Elkins had reportedly made a statement that if President Kennedy made a trip to Texas, that a "reception" was planned for him. On the same date Secret Service interviewed our original source of that information and Elkins himself. In addition, on the morning of 11-21-63 an Agent of the Dallas Office found in Dallas a bundle of leaflets captioned "Wanted For Treason," which contained seven separate criticisms of President Kennedy's policies. These leaflets and further information subsequently received by Dallas concerning the origin of these leaflets were furnished to Secret Service 11-21-63. It is true that Secret Service was not furnished any information concerning Oswald since we had no information which would suggest in any way that he represented a threat to the personal safety of the President.

In view of newspaper publicity resulting from statements allegedly made by Martino and investigation conducted by MP in this regard, it is felt pertinent data developed would be of interest to other U.S. Governmental agencies including the President's Commission on the assassination of President Kennedy. MP should, therefore, immediately surep all pertinent information developed to date concerning this matter including basis for investigation.

MM should also surep results of interview with Martino as instructed in reairtel.

For the information of MP, Bufiles disclose John Vincent Martino, an electronics manufacturer in MM, was imprisoned by Fidel Castro in Cuba from July, 1959, to October, 1962. Martino has been previously interviewed by MM at which time he pretended greater knowledge of Cuban affairs than he actually possessed. He also indicated previous statements made re subject based on information received from unidentified Cuban aliens and he had no firsthand knowledge or information concerning subject at that time.

RE ALLEGED ALLEGATIONS BY JOHN MARTINO

Enclosed herewith for the Bureau, Miami and Dallas is one copy each of a news story appearing in the Press-Scimitar newspaper, page 40, issue of 1/30/64 entitled "Oswald Was Paid Gunman for Castro, Visitor Says." The story was written by Press-Scimitar staff writer KAY PITTMAN. PITTMAN's story stated in part, "LEE HARVEY OSWALD was paid by CASTRO to assassinate President KENNEDY, JOHN MARTINO, an American businessman who was imprisoned in Cuba for 40 months, said today." The story continued in part, "We know that OSWALD was in Mexico. We know that he left from a clandestine airport in Yucatan for Cuba and was there the week of Oct. 4."

This news story further indicated that MARTINO was in the Memphis area on a speaking tour and was to speak on 1/31/64 at the Christian Youth Auditorium, Memphis, before the "Speakers for America group." According to the article, MARTINO claimed to be working with the Cuban underground in the Miami area. He claimed in the news story that on 7/23/59 he, along with his 13 year old son, left Miami for Cuba on a business-pleasure trip and that MARTINO, who then worked in electronics, and his son were arrested, thrown in prison and MARTINO was accused by the Cubans of being a gun runner. allegedly was held as a prisoner in Cuba for some 40 months hereafter and was reported as author of a book, "I Was A Prisoner Of Castro."

On 2/4/64 KAY PITTMAN, reporter, Press-Scimitar newspaper, Memphis, was interviewed and advised that actually her story was somewhat misleading in that MARTINO did not indicate that he had any firsthand information concerning LEE HARVEY OSWALD and OSWALD's alleged connection with CASTRO. He claimed that he got his information about OSWALD from the "Cuban underground."

Miss PITTMAN's news story revealed that MARTINO was welcomed at the Memphis airport by C. M. WHITAKER and Mrs. W. M. CHAMBERS, aka Irene Chambers, and the news story listed WHITAKER as the chairman of the "Speakers for America" and listed Mrs. CHAMBERS as a member.

On 2/4/64 [redacted] Confidential Source - Racial, (protect identity) advised SA WILLIAM H. LAWRENCE that [redacted] heard MARTINO speak at the Christian Youth Auditorium 1/31/64 and that MARTINO stated that he had been grossly misquoted by Miss PITTMAN in her news story and that he had no direct knowledge concerning LEE HARVEY OSWALD and that he was merely conjecturing that OSWALD may have been paid by the CASTRO forces to assassinate President KENNEDY.

On 2/4/64 CORNELIUS M. WHITAKER, 1788 Peabody, advised that he is an active conservative in the Memphis area, a member of the John Birch Society, and had at the request of BILL NASH, 4420 Powell Street, Memphis, agreed to serve as chairman of a paper group known as "Speakers for America" for the purpose of bringing MARTINO to Memphis for a speech concerning conditions in Cuba. He stated that NASH is a West Tennessee representative of American Opinion, a subsidiary of the John Birch Society. Mr. WHITAKER stated that he was present during the interview with MARTINO by Miss PITTMAN and that he did not recall MARTINO giving any indication that he had any direct knowledge concerning LEE HARVEY OSWALD, that Miss PITTMAN asked MARTINO if CASTRO could have hired OSWALD to assassinate President KENNEDY and that MARTINO had, to WHITAKER's recollection, stated that this was possible. He did not recall MARTINO making any statements concerning any alleged trip by OSWALD from Yucatan to Cuba or being in Cuba during the week of 10/4/63.

He stated, that on 1/31/64 MARTINO was very upset as a result of the news story by KAY PITTMAN, stating that he had been misquoted in many facets of her story. WHITAKER described MARTINO as an American citizen, a staunch Catholic and a fine Christian gentleman whom he considered sincerely anti-Communist.

On 2/5/64 BILL NASH, 4420 Powell Street, who described himself as a West Tennessee representative of American Opinion, advised that the Speakers Bureau of America was a temporarily formed paper group operating on behalf of the American Opinion Bureau, a subsidiary of the John Birch Society, and that he, NASH, had been responsible for bringing MARTINO to Memphis to speak. He said that MARTINO had spoken on the night of 1/30/64 at Forrest City, Arkansas, had later gone to Wichita, Kansas, and had later gone to Nashville, Tennessee, to speak. NASH was upset due to the fact that he claimed that the newspapers consistently misquoted MARTINO and that recently the Nashville Tennesseean in describing him called him an ex-Cuban felon, when actually MARTINO is a native born U. S. citizen. NASH was not present during the interview of MARTINO by PITTMAN but stated that MARTINO on the following day, 1/31/64, was most upset and commented that because of the story by Miss PITTMAN that the FBI and Communist Party would probably both be angry with him for having such statements attributed to him. NASH elaborated that MARTINO claimed that he had cooperated extensively with the FBI in the Miami area, furnishing information concerning possible pro-CASTRO activities. NASH advised that he was not certain as to MARTINO's current itinerary but that he was to be in Kansas and North Carolina during the week ending 2/7/64 and was to return to his home in Miami Beach, Florida, on or about 2/7/64. His home address is 2326 Alton Road, Miami Beach, Florida.

Oswald Was Paid Gunman For Castro, Visitor Says

Businessman Learned From Underground

By KAY PITTMAN
Press-Scimitar Staff Writer

Lee Harvey Oswald was paid by Castro to assassinate President Kennedy, John Martino, an American businessman who was imprisoned in Cuba for 40 months, said today.

Martino, who says he now works with the Cuban underground, was in Memphis on his way to a speaking engagement in Forrest City, Ark. He will speak in Memphis at 8 tomorrow night at the Christian Youth Auditorium, 385 Poplar, before the Speakers for America group.

Details Given

Martino says his Cuban underground sources tell him that Kennedy was embarked on a plan to get rid of Castro. There was to be another invasion and uprising in Cuba, before the elections, and the Organization of American States—in on the plan—was to go into Cuba and stop the fighting. The OAS would then control the country until an election could be set up. Castro knew all this.

"When Castro was in Brazil an attempt was made on his life. He said then, in the Brazilian embassy, that 'John F. Kennedy and Robert Kennedy were not the only heads of state that could have someone executed.'"

He added, "we know that Oswald was in Mexico. We know that he left from a clandestine airport in Yucatan for Cuba and was there the week of Oct. 4. We know also that since the death of Kennedy the work on an invasion has virtually stopped."

Invasion View

Martino believes that an invasion against Cuba would be foolish. "It would be too high a price to pay in American lives. It would take 20 or 30 invasions to defeat Castro. He has an Army of 100,000 Cubans, not counting the Russians. He also has a big Air Force with fast enough MIGs to make a nuclear strike on Miami before we could shoot them down.

"The only solution would be a total blockade by the Organization of American States. This would cut off his petroleum supply and he couldn't last without this."

On July 23, 1959, Martino and his 13-year-old son left Miami for Cuba on a business-pleasure trip. Martino, who worked in electronics, and his son were arrested and thrown in prison a few hours after they arrived. The Cubans accused Martino of being a gunrunner. They let his son go after five days.

He is author of the book, "I Was a Prisoner of Castro."

Department has furnished Bureau by routing slip a typewritten letter and envelope in Spanish language sent to Attorney General Robert F. Kennedy by one Ernesto Flores Luna, not further identified, postmarked Mexico, D. F., 1-17-64. Letter contains wild allegation concerning Oswald receiving some undescribed documents in Mexico through clerk in a shoe store run by an intimate friend of Castro; further, that the shoe store owner, a Victor Cohen, harbored Oswald when he was in Mexico.

The Laboratory has compared typed envelope and letter with other typing specimens in this case with negative results.

Bufiles contain no information identifiable with Flores based on available data; however, Victor Cohen is possibly identical with an individual mentioned in Legat, Mexico, report 7-14-61 concerning "Foreign Political Matters-Guatemala" indicating that Victor Cohen, son of Isaac Cohen, is a businessman in Tapachula, State of Chiapas, Mexico, and maintains close relations with Customs and Immigration officials in the area. He is also engaged in contraband of arms and is in possession of Russian-made .22 caliber machine gun.

Legat, Mexico, has been instructed by Cable 2-7-64 to attempt to identify Cohen and resolve above allegations through available sources. Further efforts should be made to identify Ernesto Flores Luna and interview him for more specific data concerning this matter.

DATE: February 7, 1964

FROM : MR. W. C. SULLIVAN

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

The Director's affidavit prepared for submission to the President's Commission to refute the allegation that Oswald was an FBI informant states, in part:

"The emergency conditions that prevailed during World War II when the FBI conducted its SIS program did not permit the tight supervision that prevails currently in the FBI's informant operations. But this is true only in regard to the fact that SIS men necessarily were given the latitude to develop and pay informants on the spot without prior approval from FBI headquarters. Nevertheless, SIS men operated under a control system and adhered to it by advising FBI headquarters of payments made and the identity of the individuals paid. Such payments were supported by receipts in nearly every instance."

This statement is supported by the following details which have been developed:

Eight Bureau Officials and Agents who were actively engaged in the SIS Program have been specifically interviewed on this point and are unanimous in declaring that every cent expended in our foreign operations was meticulously accounted for in official vouchers which were subjected to thorough review and supported in nearly all instances by actual receipts. These men state that so far as the accountability of funds was concerned, the same rules applied in the foreign field as were enforced in the domestic field. In this regard, the Manual of Rules and Regulations then in force in Section 130, captioned "Vouchers," required that "receipts should be secured for confidential expenditures wherever it is possible and practical to do so."

It is my personal recollection from my SIS experience that this rule was strictly adhered to and that never was there any question of operating in any other manner. This is borne out by the record.

Memorandum from Mr. Sullivan to Mr. Belmont
RE: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

George Hall (now ASAC, Baltimore) was responsible for reviewing all vouchers submitted by SIS Agents from mid-1942 until 1946. In addition, he lectured to each class of new SIS Agents during this period. He states he instructed the Agents to secure receipts for every expenditure, including those to informants, to the fullest extent possible and in any event to fully account for each and every expenditure. That this was done is attested by the research conducted by the Administrative Division in locating the vouchers submitted by Wade. Mr. Jackson of that division personally examined all of the vouchers and receipts submitted by fifty other SIS Agents and noted that the expenditures of funds by these Agents were properly accounted for in each instance.

Heber Clegg (now ASAC, Salt Lake City) was Number One Man to C. H. Carson (now deceased) in the SIS Division and also recalled that payments to informants were handled in accordance with regulations in force in the domestic field. Clegg not only supervised operations at headquarters but also made actual inspection trips throughout Latin America and states that he and the other Inspectors made a point of looking into the expenditures made in connection with the informant program. He recalls that the Inspectors talkedwith each Agent whether undercover or on open assignment and discussed their informants and the payments they received making sure that the Bureau was receiving full value for the money that was being spent.

Assistant Director Tavel recalls that Agents were required to submit regular expense accounts, that these were subjected to rigid examination and inspection and that it was necessary to account for every single expenditure that was made.

SAs Nathan L. Ferris, Sam Papich, Sheldon Parks, and Wade Knapp, all of whom saw extensive SIS duty, fully support the foregoing statements.

Wade's own file contains a memorandum from C. H. Carson to Mr. Ladd, July 30, 1942, which states that Wade was given definite instructions in regard to the preparation of his expense vouchers. While Wade was still in training, an audit and inspection of SIS accounting methods was performed and they were found to be in order and correct, and a system of 90-day audits was established.

Memorandum from Mr. Sullivan to Mr. Belmont
RE: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

OBSERVATION:

It is abundantly clear from the foregoing that we had controls in effect and that those controls were followed, even by Wade. While we cannot prevent future irresponsible and unjustified statements, we believe we can refute them, too, by the detailed records which we have available.

ReBuairtel to Dallas, 1/14/64, and Dallas airtel to Bureau, 2/5/64.

For information of St. Louis, the late city edition of 11/30/63 of "The New York Times" contained an article on page ten entitled "Activities of Oswald Before the Death of President", described as "Special to the New York Times, Dallas, Nov. 29" that recounts in chronological order the activities of OSWALD up to and including 11/26/63. This article contained no by-line. The third paragraph states that on 9/26/63 OSWALD appeared at a store in Laredo, Texas where employees reported he purchased $32 worth of clothing. Further, that FBI agents were in Laredo Monday through Wednesday (presumably 11/25 through 11/27/63) tracing his activities there because of a receipt from the store dated 9/26 that was found among his belongings in Dallas after the assassination.

Re Dallas airtel indicates that Dallas and San Antonio are unable to resolve the allegation in article outlined above and requests the NYO through "The New York Times" to determine source of the allegation and to interview this source.

On 2/12/64, GRADWIN HILL, manager of the "Times" Los Angeles office presently sitting on the national desk at the "Times" in NYC, advised that he and four other "Times" writers were in Dallas on 11/29-30/63. He stated that he himself does not know who wrote the article but that it appears to be a composite of old news already known which appeared in prior editions. He stated that the following writers were with him in Dallas at the time:

1) JACK LANGGUTH, presently in Dallas, Texas.
2) DON JANSON, presently in Tucson, Arizona on vacation but returning to his permanent post of the "Times" St. Louis, Mo. office on Monday, 2/17/64.
3) JOE LOFTUS, presently in Chicago, Illinois.
4) FRED POWLEDGE, presently in NYC.

HILL advised that after telephoning the various persons listed above, none of them can specifically recall who wrote the article. He stated that JANSON believes he could have written it, but will not be able to recall for certain until he checks his notes at his office in St. Louis. On 2/13/64, HILL stated that JANSON could be reached in Tucson at AX 8-2358, but he was told that the FBI would contact him (JANSON) in St. Louis on 2/17/64 where he can refer to his notes.

The February 4, 1964, article of "Avanti" shows no mention of the possible employment of the subject by CIA or the FBI, whereas the February 5, 1964, issue of "Avanti" (furnished to Bureau by relet) does so, indicating rather clearly that the February 5, 1964, article was based directly upon the February 4, 1964, article by LUCIO MANISCO in "Il Messaggero" (furnished Bureau by relet).

The enclosed articles dated February 7 and 11, 1964, and the Italian language article dated February 12, 1964, indicate that "Avanti" and "L'Unita" are not at this time following up on their efforts to convey the idea that the subject was employed by the FBI or the CIA.

The enclosed English-language article dated February 12, 1964, indicates that the leftist press in the United States has also picked up the rumor of CIA and FBI employment of subject.

As in the past, Rome office personnel are constantly alert to any pertinent information of interest to the Bureau. Any additional material developed of interest to the Bureau in instant matter will be promptly forwarded.

Leftist Accepts Oswald

By Victor Lasky

NEW YORK (NANA) — Dwight MacDonald, one of the more honest of the leftwing journalists, has chastised fellow-intellectuals for attempting to pin the assassination of President Kennedy on the lunatic right.

"Oswald is our baby, not theirs," says MacDonald.

As a result, MacDonald will undoubtedly suffer the slings and arrows of certain know-it-alls who cannot bring themselves to believe that someone of the "progressive" faith might have brutally murdered Mr Kennedy

Naturally, to their way of thinking, the foul deed had to have been perpetrated by an evil rightist.

The leftwing is not of one mind about Lee Harvey Oswald, however. The pro-Castro weekly National Guardian, for example, is arguing that the accused assassin was apparently the victim of a rightist-engineered frame-up. Of course, this argument presupposes that the FBI and the Secret Service are involved in a monstrous plot to cover up for the real assassins.

On the other hand the Communist Party "Worker" acknowledges that Oswald may have been the killer, but the Khrushchev organ vehemently denies Oswald's connections with the left. In fact, the Worker has suggested that Oswald was, in reality, a rightwing agent in the employ of the FBI and CIA.

Meanwhile, the Warren Commission has decided to probe the activities of a so-called rightwing group recently accused of having threatened the lives of 20 congressmen who had voted against appropriations for the House Committee on un-American Activities. Counsel J. Lee Rankin said the commission would explore any relationship between the Minutemen, a para-military group, and the events of last Nov. 22.

But the FBI report on Oswald, now in the hands of the Warren Commission, in effect fully exonerates the so-called rightwing from any involvement in the President's assassination. In fact, the FBI report fully explores Oswald's direct links with leftist-liberal groups such as the Fair Play for Cuba Committee and the American Civil Liberties Union. The FBI report also makes it clear that, in all probability, the assassination was not the product of a conspiracy, but rather the end-product of a tortured psychopathic mind. Oswald's psychiatric history, ranging from the streets of the Bronx through service in the Marine Corps and defection to the Soviet Union, is thoroughly explored.

Dwight MacDonald's remark came as a result of a column by "TRB" (actually Richard L. Strout of the Christian Science Monitor) in the New Republic. Strout, alias "TRB" concluded an item on the broadcasting network of the so-called right as follows: "They are the kinds of programs . . . that the brooding Oswalds of the left or right wing listen to and sometimes act on."

MacDonald, one of our liveliest intellectual journalists, took umbrage. In a letter to the New Republic, MacDonald observed that "the awkward thing for liberals about Oswald was that he was a crackpot leftist — it now appears he did take an unsuccessful shot at General Walker."

Il «Corriere» di Dallas

Se qualcuno volesse documentarsi sulla ricchezza e, soprattutto, sulla libertà d'informazione di un grande giornale della borghesia italiana come il Corriere della Sera, farebbe bene a sfogliarsi con una certa attenzione le non poche pagine di questo quotidiano di ieri e di oggi. Inutilmente questo qualcuno cercherebbe, non diciamo in prima pagina, ma nemmeno nelle ultime, una notizia pure non priva di importanza e cioè le dichiarazioni che il giudice Warren ha rilasciato dopo il primo interrogatorio di Marina Oswald: «La testimonianza della signora probabilmente non verrà divulgata durante la nostra generazione. Si tratta di una questione concernente la nostra sicurezza nazionale».

Il Corriere della Sera, che impiegava ieri ben tre colonne di piombo della prima pagina per illustrare la «sorprendente storia del mancato fidanzamento di Irene», non ha dato nemmeno una notizia e una colonna sulle affermazioni del giudice americano, scambiando evidentemente la sicurezza nazionale degli USA con la propria. Non saremo certo noi a stupirci per questa significativa disinformazione di un giornale che nel dare le informazioni sull'assassinio del presidente Kennedy si è comportato quasi peggio dei quotidiani razzisti di Dallas.

Pure, il giornale della grande borghesia del nord ha non soltanto un proprio corrispondente negli Stati Uniti, ma invia spesso in quel paese anche propri inviati, mentre invece il nostro giornale, quando ha chiesto di mandare un proprio inviato per i funerali del Presidente assassinato, si è visto rifiutare il visto di ingresso.

Ma un conto è descrivere i locali notturni di Los Angeles o il colore degli occhi della figliola di Johnson e un altro parlare di cose che scottano, che rivoltano la coscienza del mondo. Nella grande famiglia del Corriere anche l'indignazione deve essere a senso unico, e siate tranquilli che anche il più piccolo fatto di cronaca che possa accadere, poniamo, a Novosibirsk verrà registrato con evidenza dal quotidiano lombardo, con appropriati riferimenti alla inciviltà del regime comunista, negatore di ogni libertà.

Quando invece il massimo esponente della giustizia degli Stati Uniti dice parole di una gravità addirittura agghiacciante, il Corriere se ne sta zitto. Vero è che anche gli altri giornali della borghesia, i quotidiani cosiddetti indipendenti, dal Giorno alla Stampa non si sono comportati molto meglio, ma la notizia, sia pure un po' distorta, l'hanno data. Nelle colonne del Corriere invece non si bestemmia, non si sciupa lo spazio per i vergognosi retroscena del delitto del secolo. Il farlo significherebbe ammettere, infatti che, anche negli Stati Uniti, oltre che in Danimarca, ci sia qualcosa di marcio.

Deplora Marina Oswald

La vedova del presunto assassino di Kennedy ha accusato il marito in una dichiarazione alla televisione

Marina Oswald si reca a deporre di fronte alla commissione d'inchiesta (Tel. AP)

WASHINGTON, 2. — Marina Oswald, vedova di Lee Harvey Oswald il presunto assassino del presidente Kennedy, ha testimoniato oggi dinanzi alla commissione Warren incaricata dal presidente Johnson di condurre una inchiesta sui tragici fatti del novembre scorso a Dallas. La vedova di Oswald era giunta ieri sera a Washington in aereo scortata da agenti del servizio segreto che non hanno permesso ai giornalisti di avvicinare la ventiduenne sovietica che dal 24 novembre, giorno in cui suo marito venne ucciso da Jack Ruby, ha vissuto sempre appartata.

Martedì scorso in una intervista alla televisione la vedova di Oswald fece delle dichiarazioni che a molti apparvero un po' strane sulla sua bocca. Ella cioè affermò di essere convinta che sia stato proprio suo marito ad uccidere il presidente Kennedy.

Quasi subito la madre di Lee Oswald, signora Margherite Oswald protestò energicamente per questa affermazione della nuora, sostenendo che i «fatti» di cui aveva parlato Marina le erano stati «passati» dagli agenti del servizio segreto.

La vedova Oswald faceva la farmacista a Minsk, nell'Unione Sovietica, quando nella estate del 1961 conobbe Oswald.

Il giovane benchè gli fosse stata rifiutata la cittadinanza sovietica, restò ancora per qualche tempo nell'URSS. Nel frattempo si sposò con Marina e, quindi i due partirono per gli Stati Uniti.

Si tratta di documenti, lettere e altro materiale, sottoposto al giudice Warren

Il « Federal Bureau of Investigation » e la polizia di Dallas produttori di un film

WASHINGTON, 10

Dinanzi alla commissione d'inchiesta sull'assassinio di Kennedy, presieduta dal giudice Warren, ha deposto oggi la signora Marguerite Oswald, madre di Lee Harvey Oswald, l'ex-*marine* arrestato a Dallas come presunto autore del delitto e « liquidato » poche ore dopo da Jack Ruby, nelle note circostanze. Nessuna informazione è stata resa pubblica sulla sua deposizione, che si protrarrà per diversi giorni, ma si ha ragione di ritenere che essa segni un nuovo colpo di scena nella movimentata vicenda: la signora Oswald ha infatti preannunciato che si propone di provare, con « documenti decisivi », l'innocenza del figlio.

« Io credo — ella ha dichiarato la notte scorsa, arrivando in aereo da Dallas nella capitale federale — che mio figlio sia innocente e credo di poter fornire le prove della sua innocenza... Ho documenti, lettere e altro materiale ». Marguerite Oswald ha detto di aver dovuto condurre « una vera e propria battaglia » per essere ascoltata dalla commissione e di essere stata chiamata a deporre soltanto dopo numerosi telegrammi inviati a Washington. « Ritengo — ha detto la donna — di avere delle carte decisive. Dirò alla commissione quale era la vita di mio figlio, qual era la mia e parlerò di *una terza vita* ».

Che cosa ha inteso dire la signora Oswald con queste parole? Ella non lo ha spiegato, ma l'attenzione generale si è immediatamente appuntata sulla grossa busta di cuoio, di forma quadrata, che Marguerite Oswald porta con sé e che stamane stringeva sotto il braccio allorchè, sotto la scorta degli stessi quattro agenti segreti che accompagnavano giorni fa sua nuora Marina Oswald, ha fatto il suo ingresso nell'edificio dove la commissione Warren tiene le sue riunioni. Gli stessi agenti hanno però fermamente respinto i giornalisti che tentavano di avvicinarsi alla testimone, impedendo a quest'ultima di rispondere a qualsiasi domanda.

L'opinione pubblica ha, in effetti, molti e validi motivi per seguire con tanta emozione i nuovi sviluppi del « giallo di Dallas ». L'ultimo, in ordine di tempo, è la dichiarazione del giudice Warren, secondo la quale la testimonianza di Marina Oswald non sarà pubblicata « durante la vita dell'attuale generazione », coinvolgendo essa la « sicurezza nazionale » degli Stati Uniti: dichiarazione che è stata accolta come un allarmante cedimento (tale è, ad esempio, l'opinione del *St. Louis Post Dispatch* e del *Detroit News*), rispetto alla missione affidata al comitato di inchiesta.

Ieri, poi, l'avvocato Mark Lain, ex-membro dell'assemblea legislativa dello Stato di New York e legale della madre di Oswald, ha dichiarato a San Francisco: « La polizia di Dallas sa che Lee Oswald non ha sparato col fucile il giorno dell'assassinio del presidente Kennedy ». Lain ha detto, e la signora Oswald lo ha ripetuto ai giornalisti al suo arrivo, che l'ex-*marine* « è stato giudicato colpevole nel giro di alcune ore, senza processo nè consiglio di difesa, sulla base di prove circostanziali », con una procedura a dire poco inconsueta.

Allarmati per la vastità delle crepe che la loro versione dei fatti rivela, il FBI e la polizia di Dallas ricorrono, per sostenersi, ad espedienti clamorosi. Essi hanno curato, a quanto si apprende, la produzione di un film, che apparirà ai primi di marzo e il cui obbiettivo, fin troppo chiaro, è quello di confondere l'opinione pubblica. Il film si intitolerà *Il processo a Oswald* e la sua tesi centrale sarà che il giovane era « innocente perchè pazzo »: con questa comoda formula la difesa ne chiede, al termine dell'immaginaria vicenda, la assoluzione. Risulta che nè nella produzione nè nel lancio pubblicitario del film si è badato a spese e che sono stati reclutati, per le diverse parti, attori di primo piano.

La vicenda di Dallas — quella vera — registra oggi altri sviluppi interessanti. Nella città texana, il giudice Joe Brown ha respinto la richiesta dei difensori di Jack Ruby, intesa ad ottenere che il processo, fissato per il 17 febbraio, venisse celebrato in un'altra città, per evitare un giudizio « poco sereno ». Un giornale di Fort Worth, lo *Star Telegram*, aveva poi lanciato stamane la notizia-bomba che un « testimone segreto » avrebbe visto Oswald sparare, mentre guardava da una finestra dello stesso *Texas School Book Depository*: si tratterebbe di un negro, attualmente sotto custodia in attesa di essere trasferito a Washington. Tanto il Dipartimento della giustizia quanto la polizia di Dallas hanno però smentito il giornale.

Oswald

Davanti alla commissione Warren

La madre di Oswald ha difeso il figlio

Jack Ruby sarà processato a Dallas

WASHINGTON, 10. — La signora Marguerite Oswald di 56 anni ha deposto oggi dinanzi alla commissione d'inchiesta Warren sull'uccisione del presidente Kennedy il 22 novembre scorso a Dallas.

La signora, madre di Lee Harvey Oswald, il presunto attentatore, aveva con sè una grossa borsa quadrata con documenti con i quali ella ha voluto contraddire la testimonianza della nuora, Marina Oswald, sfavorevole al figlio. Marina, che ha 22 anni, è stata interrogata dalla commissione per quattro giorni di seguito la settimana scorsa.

Oggi la signora Marguerite Oswald, che è convinta dell'innocenza del figlio, è stata scortata dagli stessi quattro agenti del servizio segreto che accompagnavano la vedova del presunto attentatore. Gli agenti le hanno con gentilezza, ma con decisione, impedito di rispondere alle domande dei giornalisti raccoltisi nell'atrio dell'edificio dove la commissione tiene le sue riunioni.

L'apertura del processo contro Jack Ruby è prevista per il 17 febbraio a Dallas. Questa è l'indiscrezione che è circolata stasera dopo che il giudice Brown ha respinto la richiesta del difensore di Ruby, avvocato Melvin Belli di San Francisco perchè il processo contro l'assassino del presunto uccisore di Kennedy fosse tenuto in un'altra città del Texas per avere garanzia di un giudizio imparziale.

L'udienza odierna ha visto il primo scontro diretto fra la pubblica accusa, rappresentata dal procuratore distrettuale Henry Wade e la difesa di Ruby. Belli ha chiesto innanzi tutto che le prove contro Ruby raccolte dall'accusa siano trasmesse alla difesa, ma il giudice Brown ha respinto la richiesta. Successivamente la difesa ha cercato di procedere alla lettura a alta voce di tutti gli articoli e i commenti della stampa relativi al caso Ruby. Il procuratore Wade si è alzato allora per opporsi a tale manovra

Secondo il presidente della supercommissione

Utile la testimonianza della madre di Oswald

WASHINGTON, 11. — *La deposizione di Marguerite Oswald, madre del presunto assassino del presidente Kennedy, «non modifica in nulla l'idea generale del delitto così come io me lo raffiguro attualmente», ha detto ieri sera alla stampa il giudice Earl Warren, alla fine della prima deposizione.*

Il presidente della Commissione d'inchiesta presidenziale ha rivelato che la madre di Lee Harvey Oswald non aveva avuto «alcun contatto con suo figlio» nel corso dell'anno che ha preceduto il dramma. Secondo il parere degli esperti, questa constatazione diminuirebbe sensibilmente la importanza attribuita alle antecedenti dichiarazioni della signora Oswald che, in numerose occasioni, si era dichiarata convinta dell'innocenza del figlio. Il giudice Earl Warren ha d'altra parte precisato che la signora Oswald «non ha dichiarato» ieri «che suo figlio non aveva ucciso il presidente Kennedy». Egli ha aggiunto che la deposizione della madre di Lee Harvey, durata sei ore, «contiene taluni elementi utili». Marguerite Oswald affermò infatti «di avere molte più prove da fornire sull'innocenza del figlio». La signora Oswald, che, secondo Warren, appariva «calma», ha rivelato, nel corso dell'udienza di ieri, la vita del figlio dall'epoca della partenza per l'URSS, nell'ottobre del 1959, fino al giorno dell'assassinio del presidente Kennedy. La teste è stata anche chiamata ad identificare un certo numero di lettere che Lee Harvey le aveva scritto dall'URSS.

Alla fine della sua deposizione la signora Oswald ha espresso il desiderio di fare una dichiarazione alla stampa, ma il suo avvocato, John F. Dyle, di Washington, si è opposto categoricamente limitando a consigliarle di parlare quando avrà finito la deposizione davanti alla commissione. A questo proposito, le dichiarazioni del giudice Warren fanno capire che, verosimilmente, la commissione concluderà l'escussione della teste verso la metà della settimana.

FBI File No. 105-82555
Lab. No. D-442259 AX

Specimens received 2/7/64

K62 Three pages of typewriting from Smith-Corona portable typewriter, Serial No. 4A 303942, property of RUTH HYDE PAINE

Result of examination:

It was concluded that the typewriter used to prepare K62 was also used to prepare the typewritten letter dated 11/9/63, signed by LEE HARVEY OSWALD, and contained in specimen Q176 previously submitted and designated as the Soviet Embassy file.

K62 is retained.

TO : Mr. Belmont

DATE: February 7, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R

The Director's affidavit relative to the fact that Lee Harvey Oswald was never an informant of the FBI and the administrative procedures for the handling and payment of confidential informants was delivered to Mr. J. Lee Rankin of the President's Commission today.

Mr. Rankin read the cover letter and the affidavit very carefully, after which he commented that he wanted to make it clear that Henry Wade did not actually testify before the President's Commission. Rather than testifying, Mr. Wade appeared at the offices of the Commission and was interviewed relative to his knowledge concerning the allegation that Oswald had been an informant of the FBI and was then questioned concerning his recollection of procedures for handling informants while Wade was a Bureau employee. Rankin stated that he wanted to make it extremely clear to the Director that Mr. Wade was furnishing information to the best of his recollection concerning Bureau procedures and was not vouching for the correctness of his statements. Mr. Rankin also advised that Wade was not in any way critical of the Bureau or any of its procedures.

Mr. Rankin commented that Chief Justice Warren and he, Mr. Rankin, were extremely appreciative of the Director's attitude concerning this matter, that he had seen fit to furnish an affidavit covering this situation, and that he had expressed a willingness to testify before the Commission if such should be necessary. He also commented that the Commission was most certainly not questioning the word of the Bureau and that they certainly accepted the Director's statement as being true, but they were considering this problem from two angles: (1) The necessity for satisfying the Commission of the truthfulness of the situation, which had already been done; and (2) having the records sufficiently complete so that at such time as the public would have an opportunity to see the work of the Commission there would be sufficient facts to show that the matter was fully explored and that the record would completely reflect the true situation.

With regard to Mr. Hudkins, the reporter from a Houston, Texas, newspaper, Mr. Rankin stated that the matter of calling Hudkins before the Commission had been considered and that prior to calling Hudkins the Chief

Justice desired to see the Director's affidavit. He advised that now that the affidavit has been received consideration will be given to calling Hudkins before the Commission. He advised that there was no objection to the Bureau going right ahead with an interview with Hudkins or anyone else that the Bureau desired to interview to nail this situation down. He stated that if Hudkins were interviewed he would appreciate it if a signed statement could be obtained from him. He also stated that in the event Hudkins attempted to rely on some source of his for this story and would not disclose the source he had in mind calling his employer and Hudkins before the Commission in order to obtain the true facts.

Concerning Henry Wade and the material which was shown to Mr. Rankin portraying the actual handling of expense money and payments to informants and receipts and full accounting of Wade's expenditures in South America, Mr. Rankin stated he would like very much to have a copy of this material and he was told it would be prepared and made available to him as soon as possible. He also advised that there was no objection to talking to Mr. Wade concerning his expenditures while he was in South America in order that Wade would be fully apprised of what his activities were at that time and how he accounted for his expenditures.

RUMORS THAT OSWALD WAS FBI INFORMANT

Mr. Rankin was advised that the allegation that Oswald was an FBI informant is spreading rapidly; that the Bureau had had a number of press inquiries and that we were answering such inquiries with "No comment." He was told that if this story breaks and the allegation is made in the press, the Director would necessarily have to make a statement that it is an absolute lie. Rankin was told that Senator James O. Eastland (D.-Mississippi) of the Senate Internal Security Subcommittee had advised this rumor had come to his attention and that it had also been brought to the attention of Senators Roman L. Hruska (R.-Nebraska) and Everett McKinley Dirksen (R.-Illinois). He was told that consideration was being given to calling a meeting of the committee to air this matter fully and the committee was considering calling the Director to furnish testimony on the matter. Rankin was told that the Director was instructing that Senator Eastland be contacted to let him see in confidence the affidavit that the Director had prepared concerning this matter. He was also advised that if Senator Eastland desired, the affidavit would also be shown to Senators Hruska and Dirksen. Rankin was advised that any hearing by the Internal Security Subcommittee would be a duplication of the work of the President's Commission and that the purpose of contacting Senator Eastland and the other Senators was to keep the matter in the hands of the President's Commission to avoid publicity. He was advised that the Bureau was being placed in a bad position and that the best way to handle this situation was to show the affidavit to Senator Eastland in confidence.

DC

Memorandum to Mr. Belmont
Re: LEE HARVEY OSWALD

MR. RANKIN DESIRES THE BUREAU TO PROTECT ITSELF

Mr. Rankin commented that this situation was extremely bad and that the Bureau's reputation was involved; that the President's Commission did not desire to interfere in any way with the Bureau's handling of this situation. He stated the Bureau should proceed in this matter in the same manner that it would handle any situation arising and disregard the existence of the President's Commission. He also commented that, in addition to this being a problem for the FBI, the Commission considered it a problem involving all of the intelligence agencies. He stated that rumors were beginning to circulate involving other intelligence agencies and that for this reason the Commission intended to go into this matter thoroughly and would explore it to whatever extent necessary to clarify the record. He stated that when the Bureau completed its inquiries into this matter he would appreciate being furnished the results and he was assured that this would be done at the earliest possible time.

Mr. Rankin again repeated his statement that he wanted the Director to know that the Commission was not questioning the Bureau's statement concerning the fact that Oswald was not an informant but they were desirous of clarifying the record.

Mr. Rankin also asked if we could furnish him with the affidavits which we have taken from our agents who interviewed Oswald and our SACs in the field where these interviews were conducted. He was told that these would be made available to him promptly.

ACTION (AHB/csh):

1. Mr. DeLoach was advised that the Bureau's affidavit should be shown to Senator Eastland at once, and if Eastland agreed it should be shown to Senators Hruska and Dirksen; further, Mr. DeLoach should press Sourwine for his source in the State Department and CIA who allegedly confirmed the story that Oswald was an informant of the FBI.

2. Following Mr. DeLoach's discussion with Sourwine, our Liaison will contact State Department and CIA, refer to these allegations, and pin them down.

(continued, next page)

3. We have notarized affidavits from our field agents and SACs, with the exception of New Orleans which does not have a notary public. REC'D-READING ROOM

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to our conversation of January 28, 1964, concerning information furnished to the Commission by Mr. Henry M. Wade, the District Attorney of Dallas County, Texas. You advised that Mr. Wade indicated he had heard that Lee Harvey Oswald had been an informant of the FBI, had been assigned symbol number "179," and had been paid $200 monthly in this capacity. You further advised that Mr. Wade also indicated that FBI Headquarters was not in a position to know in all instances whether an individual was an informant of this Bureau.

For your information, Mr. Henry M. Wade was interviewed by Special Agent in Charge J. Gordon Shanklin and Assistant Special Agent in Charge Kyle G. Clark of our Dallas, Texas, Office on February 8, 1964, in this matter.

Mr. Wade claimed that during his discussion with the Commission in Washington, D. C., on January 24, 1964, which he referred to as a very informal discussion with no notes taken to his knowledge, there were present Chief Justice Earl Warren and yourself. Wade stated that William Alexander, his assistant; Waggoner Carr, District Attorney for the State of Texas; Robert Storey, former Dean of Southern Methodist University; and Leon Jaworski, Houston attorney, accompanied him during his discussion with the Commission.

According to Mr. Wade, during his discussion with the Commission on January 24, 1964, mention was made of voucher number 179 and the name Lee Harvey Oswald. Mr. Wade stated that no such voucher was produced or exhibited. Mr. Wade claimed that he told the Commission that the FBI did not have any

informant without a number and that an informant's identity was always known in FBI Headquarters. Mr. Wade added that he told the Commission that an individual Special Agent, in getting money for an informant from FBI Headquarters, submitted the informant's number on a voucher without a name. Mr. Wade also claimed he told the Commission that he had never heard of having an informant on the payroll by name.

Mr. Wade further stated that during his discussion with the Commission he thinks he was asked about retaining receipts from informants but he could not recall whether he had to obtain such receipts when he was handling informants on Special Intelligence Service assignment as an FBI Agent. Mr. Wade claimed he tried to convey to the Commission that an informant could not be developed by an FBI Agent without knowledge of FBI Headquarters.

During our interview with Mr. Wade, he reviewed the expense accounts submitted by him while he was on Special Intelligence Service assignment and he stated that all funds expended by him were entirely and accurately acccunted for and that he now realizes he did get receipts and that the expenditures by him were reported to FBI Headquarters in detail. Mr. Wade also stated he did not handle any informants without the full knowledge of FBI Headquarters.

Mr. Wade volunteered that he would be talking to you within the next few days and he was going to clarify the fact that he did obtain receipts from informants.

Mr. Wade further stated that during his discussion with the Commission on January 24, 1964, he recalls there was a limited conversation about the possibility that Lee Harvey Oswald might have been an FBI informant and that there was more speculation that Oswald might have been an informant of the Central Intelligence Agency. He recalled that Mr. Robert Storey stated he was with the War Crimes Commission in Germany after World War II and either worked for or with the Central Intelligence Agency in Europe. Mr. Wade added that Mr. Storey indicated that the Central Intelligence Agency had informants that no one knew about except the Central Intelligence Agency Agent and that the informant might have an informant.

Honorable J. Lee Rankin

In conclusion, Mr. Wade reiterated that he told the Commission that he had no information to the effect that Lee Harvey Oswald was an informant of the FBI or any Governmental agency.

Sincerely yours,

NOTE: On 1-28 Mr. Rankin of the Commission met with the Director. At that time Mr. Rankin informed that Mr. Wade in appearing before the Commission stated that Lee Harvey Oswad bore the designation of "17" as an informant of the FBI and was paid $200 per month. Mr. Rankin also informed the Director of other comments made by Wade re the latter's assignment with the SIS during 1942 and 1943 wherein Wade alleged there was no record of how FBI funds were spent nor for what purposes they were used by employees of SIS.

SAC Shanklin, Dallas, called at 2:15 p.m. today to advise of the results of his interview with Dallas District Attorney Henry Wade regarding his statements before the President's Commission.

Shanklin advised that Wade claimed that the discussion with the Commission was quite informal and that as far as he knew no notes were taken. He recalled that during the meeting someone, he believed from the Commission, made mention of a voucher number 179 and connected it with Oswald. Wade said he told the Commission the FBI didn't have an informant without a number and that the identity of every informant was known at FBI headquarters but that in getting money from headquarters only the symbol number would be submitted in a voucher. Wade stated that in referring to a voucher, he had in mind an Agent's expense voucher and he said that the informant's name would never be submitted with such a voucher.

He also said that he had never heard of putting an informant on the payroll by name. He thinks he was asked about retaining receipts from informants and stated that he couldn't recall whether he had to retain receipts from informants or not. He said he tried to convey to the Commission that an informant could not be developed by an Agent without the knowledge of FBI headquarters.

Wade reviewed the expense accounts submitted while he was on SIS and he said that all funds expended by him were entirely and accurately accounted for and that he now realizes that he did get receipts and that the expenditures were reported to the Bureau in detail. He said he didn't handle any informants without the full knowledge of the Bureau.

Wade volunteered that he would be talking to Mr. Rankin in the next few days and that he was going to clarify the fact that he did obtain receipts from informants.

According to Wade, there was very limited talk about the possibility of Oswald having been an FBI informant and Wade told those present that he didn't think Oswald was, but then there was general

speculation about the possibility of Oswald having been a CIA informant. Wade recalled that Dean Storey (former President of the American Bar Association and Southern Methodist University), who is a close personal friend of Chief Justice Warren, told the Commission that he was aware that CIA had informants that were not known except to the individual CIA agents who were handling the informants. Wade pointed out the informality of the discussion and said it was more or less a general conversation with all present asking and answering questions and interjecting comments. Dallas is sending in a teletype of the interview with Wade.

Concerning the interview of reporter Lonnies Hudkins, it has been ascertained that Hudkins left Houston late yesterday with his family en route to Dallas. He has a residence in Dallas which he is attempting to sell. As yet he has not been located but Dallas is making every effort to locate him and expects to interview him later today. The results will be submitted to the Bureau immediately by teletype.

ACTION:

For information. When the complete results of the interviews of Wade and Hudkins are received, an appropriate letter will be prepared to Mr. Rankin.

Dear Mr. Hoover:

Your Memorandum of December 23, 1963, regarding Lee Harvey Oswald states that on November 28, 1963, a confidential source abroad made available to a representative of the Bureau a copy of a bus manifest from a company called "Transportes Frontera".

According to the Memorandum, this manifest covered a trip departing Mexico City at 1 p.m. on October 2, 1963 for Nuevo Laredo, with a scheduled arrival time at Nuevo Laredo of 6 a.m. on October 3, 1963. The manifest was reported to show that a passenger named "Oswald" was to occupy seat No. 4 and that his destination was Laredo. The confidential source also gave the names of the chauffeurs who drove this bus from Mexico City to Nuevo Laredo. However, it does not appear to us that the confidential source has furnished us with the names, destinations and other available information on other passengers on this same bus. We would appreciate your obtaining this additional information for the Commission if it is possible to do so.

If you are able to obtain this additional information, we would like you to contact as many of Lee Harvey Oswald's fellow passengers as possible for whatever relevant information they may have and to conduct any further investigation you consider appropriate.

In consideration of the previous mental history of GARRETT BROCK TRAPNELL plus the fact that on 1/20/64 TRAPNELL was found not guilty of a criminal violation by reason of insanity and was committed by court order to the Clifton T. Perkins State Hospital (for mentally defective criminals), it appeared most unlikely that a successful prosecution for violation of Section 1001, Title 18, USC, for furnishing false information to the FBI could be maintained against TRAPNELL. Previous contact with TRAPNELL had reflected he was very wily and clever in protecting his own interests. It appeared evident that information previously furnished by TRAPNELL with reference to alleged plot against U.S. Attorney General ROBERT KENNEDY and

TRAPNELL's subsequent alteration of his original story indicating that OSWALD was involved in this matter was untrue, and that the Bureau's best interests would be served if the true facts in this matter could be obtained from TRAPNELL. In view of the above, at the outset of the interview of TRAPNELL on 2/4/64 he was not again advised of his constitutional rights against self-incrimination and of his right to legal counsel.

Synopsis:

At criminal trial held at Chestertown, Md., on 1/20/64 GARRETT BROCK TRAPNELL was found not guilty by reason of insanity and was committed to the Clifton T. Perkins State Hospital. TRAPNELL interviewed on 2/4/64 at Perkins Hospital and at this time advised that he fabricated the entire story concerning an alleged plot against U.S. Attorney General ROBERT F. KENNEDY for the purpose of confusing the facts in connection with his trial on a local fraud charge.

GARRETT BROCK TRAPNELL was interviewed at the Clifton T. Perkins State Hospital where he is presently committed for examination and evaluation to determine whether or not by reason of mental disease or defect he is a danger to himself or his own safety or will be a menace to the safety of the person or property of others.

At the start of the interview TRAPNELL was asked about the results of his trial at Chestertown, Maryland, for issuance of a fraudulent check in connection with the rental of a boat which TRAPNELL had intended to sell. TRAPNELL jubilantly advised that the outcome of the trial was as planned and that he had been found not guilty by reason of insanity. TRAPNELL stated that in a few months he intended to petition for a transfer from the Clifton T. Perkins State Hospital to a mental hospital in Florida pointing out that his wife resided in Florida and TRAPNELL had hopes of obtaining a discharge from the mental hospital in Florida and residing in that State with his wife. TRAPNELL was questioned as to how he had succeeded in bringing about this verdict of not guilty and he stated that a psychiatrist who had known him since 1958 had testified at his trial.

TRAPNELL was asked if he desired to change any of the information previously furnished and he said that he could not add to or alter information previously furnished. He was again asked to state where he had originally met MIGUEL AMADOR FUENTES, and he at first said that he had previously furnished this information and could add nothing to it. TRAPNELL then said that he had originally met FUENTES at Fort Campbell, Kentucky when both he and FUENTES were in the U.S. Army. When advised that no Army service record could be located for FUENTES, TRAPNELL stated he could not understand this since he knew FUENTES had been in the U.S. Army. TRAPNELL was advised that it appeared obvious that he had lied on this point and that further it was clear that he had also lied about the fact that in a previous interview he had denied having been previously questioned by the Secret Service relative to an alleged plot to kidnap the children of President KENNEDY. TRAPNELL again denied that he had been interviewed by the Secret Service prior to the interview by the FBI in November 1963 but later said that he thought it was the FBI who questioned him at Miami, Florida, in January 1962 rather than the Secret Service.

On 2/4/64 at Jessups, Maryland File # BA 105-7740

by SA RICHARD G. SULLIVAN:dvr Date dictated 2/8/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

It was pointed out to TRAPNELL that when interviewed by the FBI in August 1963 he had furnished the names of FUENTES and a number of other individuals whom he had met in Miami and who had discussed a plot to kidnap ROBERT KENNEDY, the Attorney General of the United States, and that when he was reinterviewed in November 1963 he substituted the name OSWALDO for the name of an individual he previously identified as ANTONIO VENTURA BART, allegedly an associate of MIGUEL AMADOR FUENTES. TRAPNELL was again asked if he wanted to change any or all of the information previously furnished by him to the FBI in this matter. He paused a moment and muttered "You will be very angry with me." It was pointed out to TRAPNELL that Special Agents of the FBI were only interested in obtaining the true and complete facts in any investigation conducted by the FBI, and TRAPNELL then said, "Well, I will tell you the truth but I will deny it later if I have to."

TRAPNELL then admitted that the entire story about meeting MIGUEL AMADOR FUENTES and other individuals in Miami, Florida, in May 1963 and the information concerning an alleged plot to kidnap the Attorney General ROBERT KENNEDY was a fabrication. TRAPNELL said there was no truth in it at all and that he had invented the story to confuse and complicate the facts surrounding the local criminal charges against him at Chestertown, Maryland.

TRAPNELL stated he was as shocked and surprised as everyone else when President KENNEDY was assassinated and that he introduced the name OSWALDO and the fictitious story he previously furnished since his trial was still pending and he thought that to do so would serve his own purposes. TRAPNELL stated that he originally obtained the idea to invent a fictitious story to bring the Secret Service and the FBI into this matter through a story he read some time ago which he believed to be factual. According to TRAPNELL this story related that in the 1920's a man named ROMINOF, proprietor of a well known restaurant in California, was facing deportation from the United States and that ROMINOF did or said something to bring the Secret Service into the case and the Secret Service took ROMINOF from the custody of the Immigration and Naturalization Service and in the confusion that followed ROMINOF escaped deportation.

TRAPNELL attempted to justify his own falsehoods in this matter stating that he had been facing trial in the small city of Chestertown, Maryland, and feared a heavy sentence unless he created enough confusion to bring about his removal from the control of the local authorities. He continued that after he had once started the fabrication he embellished it after President KENNEDY's death by indicating that one of the individuals he had met with FUENTES was named OSWALDO. TRAPNELL said he had realized that in previous interviews with FBI agents they had not believed his story was factual, but he stated that at that time his mental condition was under evaluation and that his own interests indicated to him that he should continue to insist that this fabrication was factual.

TRAPNELL viewed photographs of an area in Miami, Florida, and stated that these photographs represented an area in Miami, Florida, with which he was familiar and that this was the area which he had in mind when he furnished the fictitious story relative to a meeting with FUENTES and other alleged plotters. TRAPNELL stated he realized there must be something mentally wrong with him in view of his past actions, but he stated he was not insane and that he intended to attempt to obtain a transfer to a mental hospital in Florida and after he obtained his release would thereafter stay out of conflict with the law.

TRAPNELL stated he would not sign any statement relative to this matter.

Miss T. D. TRAYNOR, Secretary to Dr. WILLIAM G. CUSHARD, Superintendent of Clifton T. Perkins State Hospital, Jessups, Maryland, made available the following letter dated November 26, 1963, from Dr. WILLIAM G. CUSHARD to Judge GEORGE B. RASIN, JR., Circuit Court of Kent County, Chestertown, Maryland:

"GARRETT B. TRAPNELL, No. 855, was admitted to the Clifton T. Perkins Hospital on August 20, 1963, by the order of your court for a pre-trial mental examination. He received comprehensive psychiatric examination with psycholigical testing, social service investigation, electroencephalography, and other pertinent clinical laboratory tests.

"It is the opinion of the staff and my opinion that he is of such mental capacity as to be able to understand the nature and extent of the charges against him and to be able to cooperate with counsel in the conduct of his defense. It is also our opinion that he was responsible at the time of the alleged offenses. While it is true that TRAPNELL has been previously hospitalized on numerous occasions in mental hospital facilities and has been given a diagnosis of schizophrenic reaction, paranoid type, it seems that he is functioning on a sociopathic level. His schizophrenia seems certainly to be in remission. He is likely one of the individuals who normally adjusts in an antisocial impulsive, and hedonistic manner until he experiences an overwhelming frustration at which time he may exhibit dissent, psychotic-like effects. Mr. TRAPNELL has certainly not given any evidence of overt psychotic phonemena since his hospitalization with us, and in my opinion was not psychotic at the time of the alleged offenses."

Miss TRAYNOR was questioned as to whether any doctors from Clifton T. Perkins State Hospital testified at TRAPNELL's trial, and she stated that no subpoena had been received for such testimony. She was asked whether any other psychiatrists had examined TRAPNELL and she reviewed the file and located a report from a psychiatric report prepared by OSCAR G. PRADO, Director of Forensic Psychiatry, Department of Mental Hygiene, State of Maryland. Miss TRAYNOR stated that Dr. PRADO sits md

in on staff conferences at the Clifton T. Perkins State Hospital but that he is not on the staff of the Perkins Hospital. She stated she did not believe that Dr. PRADO testified at TRAPNELL's trial, however, through contact with Dr. PRADO's secretary she determined that a copy of the report of Dr. PRADO relative to an examination of GARRETT B. TRAPNELL had been forwarded to the Circuit Court of Kent County, Maryland. Dr. PRADO's report is as follows:

"OPINION TO COURT"

"Diagnosis--Schizophrenic reaction, schizo-affective type with paranoid components, with Secondary Antisodal Behavorial Patterns. He has led for most of his life at least a schizophrenic-type existence.

"(1)Responsibility--In my opinion patient was insane and not resporsible at time of crime.

"(2) Competence (For Trial Only)--In my opinion he is competent to stand trial in his own defense and/or to assist his counsel as to the same. While he has been, is and most likely will be a mentally ill person he is now sufficiently improved (almost in remission under treatment here), to be considered sane under the McNaghten Rule for the purpose of standing trial.

"Further Comments--In my opinion this patient belongs in a mental hospital, for years not unlikely.

I would like to recommend to your court that if he is found not guilty by reason of insanity he be committed to the Clifton T. Perkins Hospital (maximum security hospital). He is a manace to society by virtue of his psychotic-insane mental illness whose prognocis for full recovery is very poor. Perhaps at some later time his transfer to a non-maximum security hospital upon improvement could be in his best therapeutic interest and not unusually risky as far as society would be concerned."

Miss TRAYNOR appeared surprised when she found this report by Dr. PRADO which she stated was completely contrary to the report on TRAPNELL prepared by the hospital staff, and

she stated that she wondered if Dr. CUSHARD, Superintendent of the Hospital, had seen this report. However, after reviewing the report she stated that Dr. CUSHARD had initialed it indicating that he had seen it.

Miss TRAYNOR advised that TRAPNELL had forwarded letters to the judge and other individuals in Kent County, Maryland, thanking them for the treatment he received at his trial and that he was also petitioning for transfer from the Perkins Hospital to a mental hospital in Florida.

JESSE A. SKRIVANEK, resident of 5909 Carleen Drive, employed as purchasing clerk, Procurement Division, State Headquarters, Selective Service System, 515 Western Republic Building, advised the following:

The Monday following the assassination of President JOHN F. KENNEDY, Mrs. DANNELLY of his office asked him if he could recall an individual who she believed to be HARVEY OSWALD having visited that office.

Thereafter he "racked his brain" but could not recall having ever seen anyone resembling OSWALD, having seen several photographs of OSWALD in the newspapers as well as having observed him on television.

More specifically he could not recall the individual or instance referred to by Mrs. DANNELLY.

[redacted] SHULER, Cashier, Trek Cafe, 3100 South Congress, advised the following:

STELLA NORMAN was no longer employed as a waitress at this cafe. NORMAN's last known residence was the second house on the east side of Bannister Street, running north off of Ben White Boulevard.

During NORMAN's employment at the Trek Cafe her hours were from three until eleven p.m., except on Fridays and Saturdays when she worked from five p.m., until one a.m.

NORMAN's day off was Wednesday.

She could not recall an instance during NORMAN's employment when NORMAN had been the only waitress on duty at the Trek Cafe. The work schedules were set up so there would always be two waitresses on duty at all times, but one might be temporarily preoccupied by answering the telephone or using the washroom normally for very few minutes at a time.

SHULER advised that on three or four different occasions within a week's span of time shortly after the assassination of President JOHN F. KENNEDY, NORMAN mentioned to her that she had seen LEE HARVEY OSWALD as a customer in the Trek Cafe sometime prior to the assassination. However, she did not pay too much attention to NORMAN and could not recall the details of what NORMAN had told her but that each time the story was told by NORMAN she varied from the previous story or stories. These remarks by NORMAN were made while on duty at the cafe. To her recollection NORMAN made these remarks to her, SHULER, and to her alone.

In conclusion SHULER said she did not place any faith in the stories related by NORMAN hence more or less dismissed the matter from her mind.

[redacted] ESTELLA NORMAN, widow, 4301 Bannister, advised the following:

She began employment at the Trek Cafe, 3100 South Congress, the latter part of August, 1963, and was so employed until the Monday before Thanksgiving.

From the beginning of this employment until October, 1963, her hours were from 5:00 p.m., until 1:00 a.m., seven days a week. Her hours were changed and she began work either at 1:00 or 3:00 p.m., and worked until either 11:00 p.m., or midnight except Fridays and Saturdays when her hours were from 5:00 p.m., until 1:00 a.m.

The Sunday after the assassination of President KENNEDY while at the Trek Cafe she saw a picture of LEE HARVEY OSWALD in an Austin paper and recognized him as a customer she had served at the Trek Cafe.

This customer was at the cafe in the midafternoon so by the abcve working hours she concluded this individual was present at the Trek Cafe either the latter part of October or the early part of November 1963.

She recalled the following concerning this incident:

She was alone in the restaurant, neither other employee nor customer being present. The cook was in the kitchen. This individual came into the restaurant and ordered coffee. He appeared very nervous. He kept fooling with the paper napkins and appeared to be writing or doodling on these napkins. He used three or four napkins and must have put these in his pocket before leaving as the napkins were not left on the table, ashtray or floor.

The customer remained 30 or 45 minutes and had either three or four cups of coffee. He paid 10¢ for each coffee as the Trek does not give refills on coffee.

This customer was alone at all times. She did not notice his mode of transportation on leaving and neither did she notice the direction in which he left.

Seeing he was nervous she tried to start a conversation with him but he did not respond.

On seeing the photograph of the accused assasin in the paper that Sunday she exclaimed out loud, "My God I know him."

A Mr. DAY who is employed at a local newspaper was in the cafe as a customer.

Mr. DAY asked her how she knew the accused assasin and she told him, "As a customer."

Mr. DAY then said he thought he too had seen this individual in the Trek Cafe.

She could not recall Mr. DAY being in the cafe when this customer whom she believed to be identical with the accused assassin of President KENNEDY was there, but Mr. DAY could have been present.

NORMAN advised she could not recall having discussed this matter with anyone other than Mr. DAY and the newspaper reporter who had contacted her about two weeks prior to this interview at her then place of employment, Bill's Grill, located at South Congress and Riverside Drive. As a matter of fact she had not even discussed this with her parents.

In conclusion NORMAN said she did not know who had directed the newspaper reporter to her.

WILLIAM COVINGTON, owner, Trek Cafe and Motel, 3106 South Congress, Austin, Texas, advised as follows:

FLORENCE NORMAN, who was commonly known as STELLA NORMAN began employment as a waitress at the Trek Cafe on July 26, 1963, with her hours being from three o'clock p.m., until eleven o'clock p.m., Sunday, Monday, Tuesday and Thursday and from five o'clock p.m., until one o'clock a.m. on Friday and Saturday.

Wednesday was NORMAN's day off.

Her last day of employment was on Monday of the week ending Saturday, November 30, 1963.

He determined these dates of employment by referring to his payroll book and the hours of her employment he recalled from memory.

Specifically concerning the date of September 25, 1963, his payroll record showed that NORMAN had been paid for the usual six days week for the week ending September 28, 1963, indicating to him that NORMAN had her regular day off on Wednesday September 25, 1963.

According to his records, NORMAN worked on only two Wednesdays during her employment, these being the Wednesdays of weeks ending on Saturdays, August 31, 1963, and October 19, 1963, on these occasions NORMAN was paid for full seven days of work.

NORMAN was not related to him. To his knowledge NORMAN was not related with anyone connected with the Trek Cafe.

He had heard NORMAN make mention of having seen LEE HARVEY OSWALD, reputed assassinator of President JOHN F. KENNEDY, at the Trek Cafe, though he could not recall the party to whom she made this statement and she had never discussed the matter with him directly.

[redacted] did not pay too much attention to NORMAN in this regard as he felt it was "foolishness" on NORMAN's part.

He believes NORMAN to be somewhat irresponsible and unreliable for the following reason. In terminating this employment, NORMAN did not resign, but, for several days she would call in and say she was ill and could not report for work. It seemed that each time some other employee would mention having seen NORMAN at a night club the previous evening. Being fed up, After several days she quit calling in and just did not show for work again.

Mr. [redacted] advised that in his manner of operating the Trek Cafe there are always at least two waitresses on duty in the cafe and one waitress should not be left alone by the other for a period of more than ten minutes for he would not permit this. Such an absence should be only to use the wash room or answer the telephone.

In connection, Mr. [redacted] advised that the guests in the Trek Motel for the nights of September 24 and 25, 1963, were all regular customers who were known to him, and not identifiable by name or photograph with LEE HARVEY OSWALD.

L. (only) P. (only) DAY, 4524 Duval Street, Austin, Texas, was contacted after attempts had been made to contact him on January 2, 5, 7, 9, 10, and 13, 1964, at various times of the day. DAY advised as follows:

When he first saw the photograph of LEE HARVEY OSWALD in the newspaper a day or two after the assassination of President JOHN F. KENNEDY, he was in the Trek Cafe located on South Congress in Austin. Present was STELLA, the waitress at the cafe, whose last name was not known to him.

On seeing the photograph, he said, "Gol dang, STELLA, don't you remember him?" Whereupon she answered, she did not.

He then told STELLA she had waited on that man, there in the Trek Cafe, about six weeks prior to this occurrence. He then told STELLA that OSWALD was sitting in the cafe one day when he, DAY, was "ragging her" and reminded her that on that occasion he told her, "If I could find a wife who would make me a living, I'd marry her," and that STELLA had said not to try to trap her, that she was already married and making a living for that husband.

He reminded STELLA that OSWALD had been sitting on the third or fourth stool from the cash register and that he, DAY, had sat on the last stool in the rear of the cafe.

He reminded STELLA that OSWALD had what appeared to be a pencil in his hand and seemed to be "jotting" on something; that OSWALD kept looking in the direction of the kitchen.

After reminding STELLA of the above, STELLA sat down and after appearing to give the "matter some deep thought", told him she too recalled seeing OSWALD in the

on that occasion.

He supposed he recalled OSWALD's appearance in Trek so vividly because OSWALD, to him, resembled two his friends, BERNIE BALKY, who would be known to TOMMY [illegible]A, and BILL, who operates Bill's Wrecking Yard on the San Antonio Highway out of Austin.

He did not mention this resemblance to a reporter who talked to him about this matter as he had already told the reporter that OSWALD resembled a "cedar chopper," a not too favorable comparison, and did not want to embarrass BERNIE BALKY and BILL by extending such a comparison to them for their resemblance to OSWALD.

He did not tell STELLA to joke with OSWALD, as related by the reporter in the Texas Observer, and this was a misunderstanding on the reporter's part.

Referring back to the incident of OSWALD's appearance in the Trek Cafe, he advised that OSWALD was sitting at the counter on his arrival there and estimated this was some time over seven weeks prior to President KENNEDY's assassination. He said OSWALD remained thirty or forty minutes; that he did not notice OSWALD on his departure as to what direction he took or his mode of travel.

Normally, there are at least two waitresses present at the Trek Cafe, but on this occasion he could recall only STELLA being present.

While OSWALD was there, two or three people came in and had coffee, though he could not recall who they were, or even if he knew them.

This must have occurred after 3:00 p.m. as at that time STELLA was reporting for work at 3:00 p.m.

In conclusion, he wished to say that he was wrong as many times as he was right, but that he believed the man at the Trek Cafe was, in fact, OSWALD.

He has known L. B. DAY for a number of years. In the last few years DAY has had several different wives and has given the appearance of being a bit unstable.

He was of this opinion as in his infrequent conversations with DAY, DAY had conversed "in a wandering manner" and really appeared to have imagined some of the things he related.

As a result thereof, he has accepted things told to him by DAY with "a grain of salt."

Colonel VANCE E. MURPHY, Director, Department of Aviation, City of Austin, Municipal Airport, 3600 Manor Road, Austin, Texas, advised the following:

There were no direct scheduled commercial flights between Austin, Texas, and New Orleans, Louisiana, in September of 1963.

Continental Airlines had direct flights between Austin, Texas, and Houston, Texas, in September, 1963. This was the only direct scheduled service available between Austin and Houston at that time.

More recently, Continental Airlines has removed its entire service from Austin Municipal Airport.

Records of Continental Airlines Company are maintained at the home office located at the Los Angeles International Airport, Los Angeles 9, California.

In conclusion, MURPHY advised he had not retained a schedule of Continental Airlines, Austin - Houston service, which would have been in effect on September 25, 1963; however, he said from memory he believed flights to Houston departed Austin at 10:30 a.m., 3:00 or 4:00 p.m., and 8:00 or 9:00 p.m., with return flights departing Houston 7:00 a.m., 1:00 p.m., and 5:30 or 6:00 p.m.

SA 105-2909

The following investigation was conducted by SA ROBERT L. CHAPMAN:

AT LAREDO, TEXAS:

On January 21, 1964, GILBERTO CAZARES GARZA, Chief of Mexican Immigration, Nuevo Laredo, Mexico, advised that he could find no cancellation of tourist permits for October 3, 1963, on the following persons:

Sra. LANDEROS
JUANA (Last name unknown)
Sra. MORLAES
RAFAEL FLORES
GANSTIERE
ANGEL PEREZ
Sra. AGUILAR
LUZ TRICARCO
CONSTANTINO GARCIA.

These names appeared on the passenger list of the Transportes Frontera Bus Line, Bus Number 340, which left Mexico City on October 2, 1963, and the name of OSWALD also appears on the manifest.

CAZARES stated that his records did reflect, however, that one JUANA MARIA ALANIZ, married, age 47, American, who had entered Mexico on October 1, 1963, and whose destination in Mexico was Monterrey, Tourist Card Number 626392, had departed Mexico at Nuevo Laredo, Mexico, on October 3, 1963, and her destination in the United States was San Antonio, Texas. CAZARES stated ALANIZ was traveling by bus.

SA 105-200

The following investigation was conducted by SA FRED T. LEE, JR.:

AT EAGLE PASS, TEXAS

On February 3, 1964, Reverand WALTER LADDIE HLUCHAN, Church of God, 711 Madison, advised that he has known ALBERT OSBORNE for about 25 years. Reverand HLUCHAN stated that Mr. OSBORNE who has also used the name JOHN HOWARD BOWEN, is presently residing at San Martin, Puebla, Mexico, which city is also known as Texmelucan, Puebla, Mexico, and is about 70 miles southeast of Mexico City.

Reverand HLUCHAN stated that he recalls that OSBORNE told him many years ago that when he, OSBORNE, was in Mexico some twenty years ago he was associated with a person by the name of JOHN HOWARD BOWEN. According to OSBORNE, he, OSBORNE, lost his tourist card and at this time BOWEN was leaving Mexico and for purposes of identification he, OSBORNE, began using the name BOWEN as he had the identification card of this person.

Reverand HLUCHAN further advised that inasmuch as OSBORNE is a tourist in Mexico, he is required to renew this tourist permit every six months and for this reason he travels usually to Nuevo Laredo, Mexico, or Laredo, Texas, to obtain a new permit. Reverand HLUCHAN further advised OSBORNE is approximately 80 years of age and to his knowledge always travels by bus. Reverand HLUCHAN concluded by stating he has not seen OSBORNE for over two years and does not know anything of his travel during the period. Further he stated there would be no difficulty in locating OSBORNE in San Martin, Puebla, Mexico, as he is well known in that city and is associated with a non-Catholic church in this area.

II. MISCELLANEOUS

SA 105-2909

On December 13, 1963, OSCAR S. WARNKE, Chief Jailer, Bexar County Jail, San Antonio, Texas, advised Complaint Clerk LARRY M. HILL that he had received information from one MARY CONAWAY to the effect that a man by the name of ALAN HIDELL might possibly have information concerning the activities of LEE HARVEY OSWALD.

On December 21, 1963, Mrs. CONAWAY, 2231 Basse Road, San Antonio, advised SA GEORGE KEEFER that she had contacted Mr. WARNKE for the reason that she wanted to do anything that would be helpful in the investigation surrounding the assassination of President JOHN F. KENNEDY. She said that she is not personally acquainted with ALAN HIDELL and does not know where he lives but that she associated him in her mind with the events surrounding the assassination because of the similarity between his name and the name ALEK HIDELL which according to newspaper accounts was used by OSWALD. Mrs. CONAWAY stated that at one time she worked in the Bad Check Division of the Bexar County District Attorney's Office and that several accounts involving ALAN HIDELL came to her attention. She said that she gathered the impression that ALAN HIDELL was a trouble maker and a very unreliable person and added that she felt that there was possibly some connection between him and OSWALD. She said she had no information concerning the activities of OSWALD and was unable to furnish any physical description or background information concerning ALAN HIDELL.

On December 27, 1963, Mr. GEORGE ZEPEDA, Retail Merchants Association, advised Investigative Clerk JOHN SMITH that his office has a record for ALLAN M. HIDELL of 123 Sutton Street, San Antonio. This record reflected that HIDELL was the proprietor of a used car lot at 1603 Broadway, San Antonio and that his credit was unsatisfactory reflecting numerous unpaid and delinquent accounts.

On December 27, 1963, IC SMITH checked records of the Identification Bureau of the San Antonio Police Department, and advised that these records contain a file numbered 43618 concerning ALLEN M. HIDELL, 123 Sutton Street, San Antonio. This individual was listed as having been born May 23, 1921, in Pennsylvania and

SA 105-2909

having fingerprint classification number 15 0 27 000 15
20 III

This individual was arrested November 3, 1955, for a violation of city ordinance Section 60-70 but this charge was dismissed on November 23, 1955. He was again arrested October 13, 1962, for malicious mischief and released on county bond. The records of the Bexar County Sheriff's Office indicate that this case number 3671 was reported in the magistrate's docket but never filed upon. A photograph of ALAN M. HIDELL under San Antonio Police Department number 24810 was obtained.

On January 3, 1964, ALAN MAXWELL HIDELL voluntarily appeared at the San Antonio Office. He was advised by SA GEORGE KEEFER that he need not answer any questions, that anything he might say could be used against him in court and that he was entitled to have an attorney. HIDELL stated that he had no objection to answering any questions concerning his past or present activities and that he did not desire to have a lawyer.

ALAN MAXWELL HIDELL advised that he was born on May 23, 1921, at Allentown, Pennsylvania. He identified his father as CHARLES MAXWELL HIDELL (deceased) and his mother as FLORENCE KEIDEL HIDELL, who presently resides at 123 Sutton Drive, San Antonio, Texas. He stated that when he was a very small child his family moved to Orlando, Florida, and when he was about five or six years of age they again moved to Los Angeles, California. In about 1930 he and his family moved to San Antonio, Texas, where he attended Jefferson High School graduating in 1939. At that time he lived on Rosewood Street and following graduation attended St. Mary's University in San Antonio for one year. In 1941 he was drafted into the United States Army receiving Army serial number 38061231. He received a medical discharge in November, 1945, and returned to San Antonio where his residence was 2309 W. Mulberry Street and his occupation that of buying and selling used cars at 1603 Broadway. In 1952 he married MARTHA BECK and lived at 123 Sutton Drive continuing in the same business as above. MARTHA passed away in 1957 and in 1960 he married VIRGINIA GRONA. At this time the HIDELLS lived at 2803 Arrowhead in San Antonio but in 1961 his business

failed and he was divorced by VIRGINIA. On November 15, 1963, he married FRANCES IMELL at Seguin, Texas, and he now lives with his mother at 123 Sutton Drive. FRANCES IMELL HIDELL maintains an apartment at 138 Vanderheck and operates a bookkeeping service in the Milam Building. HIDELL stated that he receives a small pension as a result of service connected injury and that he makes a little money from time to time as a free lance wholesaler of used cars.

ALAN HIDELL advised that in 1960 or 1961 he was arrested on bad check charge in San Antonio but that the Grand Jury failed to return indictment.

HIDELL stated that he has not visited Mexico City for the past thirty years although he has been in Mexico twice during recent years. In September of 1961 he visited Monterrey, Mexico, with his wife VIRGINIA on a pleasure trip and on July 3 and 4, 1963, he made a similar pleasure trip to Monterrey. On this occasion he entered Mexico via Zapata due to the fact that roads leading South from Laredo were in bad condition. This trip was made with FRANCES HIDELL and her two children ages 13 and 10 and they were accompanied by CLAYTON P. MYER, an insurance agent who resides at 127 Cloverleaf, San Antonio. ALAN MAXWELL HIDELL advised that he has never used any other name than the above although he has discovered that it is a common mistake for others to spell his given name ALLEN. He stated that he does not possess any information concerning the assassination of President KENNEDY other than that which he obtained from reading newspapers and watching television. He said that he is not acquainted with LEE HARVEY OSWALD or JACK LEON RUBY or any other individual connected with the assassination or the subsequent killing of OSWALD.

HIDELL stated that he had a brother JOHN HIDELL who died in 1961 and that he has two sisters JANE (Mrs. FRANK) MANNY, age 46, who resides on Avant Street in San Antonio and MARY (Mrs. ROLAND) GUARY, age 38, who resides in San Francisco, California. He said that he has an uncle by the name of ALEX HIDELL who is about 75 years of age and who operates a hardware store in Philadelphia, Pennsylvania. This individual has a son ALEX, who is ALAN HIDELL's cousin. ALEX HIDELL, JR., according to ALLEN HIDELL, works with his

father [illegible] the hardware store in Philadelphia. He was unable to furnish any additional or any specific information concerning ALEX HIDELL.

Mr. WILLIAM KLINE, Assistant Agent in Charge, United States Customs, Laredo, Texas, advised SA JOHN W. ROBERTS, JR. and DENNIS W. SHANAHAN on January 28, 1964, that he received a telephone call on the morning of November 23, 1963, from Mr. LESTER JOHNSON, Assistant Commissioner of Customs, Washington, D. C., at which time JOHNSON directed KLINE to make inquiry with the Mexican Immigration Officials, concerning the alleged trip by OSWALD to Mexico on September 26, 1963, and his return on October 3, 1963. JOHNSON indicated to KLINE that a Government Agency in Washington, not identified, had requested this inquiry.

KLINE immediately contacted Mr. TEJERINA (phonetic) Mexican Immigration at Nuevo Laredo, Mexico, and was told that such information constituted an investigation on Mexican soil. He was told that to obtain such information he must do so through the American Counsul. Mr. CASH, American Counsulate, Nuevo Laredo, was in the Mexican Immigration Office at this time and had in his possession some immigration cards from which he furnished information to KLINE. According to CASH, OSWALD had in fact entered Mexico at Laredo, on September 26, 1963, and exited at the same station on October 3, 1963.

U.S. CUSTOMS LAREDO, TEXAS

Inasmuch as this information fulfilled the inquiry made by Mr. JOHNSON, KLINE did not attempt to determine any further facts concerning OSWALD's mode of travel or other details. He was advised by CASH at this time that a final report of OSWALD's travel in Mexico was being compiled and would be available to proper United States Authorities at Mexico City.

KLINE stated that he had no knowledge whatsoever of any check made on OSWALD with the United States Public Health Service at Laredo, Texas, and had never so informed his superior, ORAN EUGENE PUGH. He did inform Mr. PUGH that he had learned from LOVELACK, United States Immigration and

Re memorandum Mr. Branigan to Mr. Sullivan 2-10-64 summarizing interview of Lonnie Hudkins, reporter for the Houston, Texas, "Post," who wrote an article in the "Post" entitled "Oswald Rumored as Informant for U.S."

In our interview with Hudkins 2-8-64 he stated a Government official, not a Federal official in Dallas, told him Oswald was on the payroll of either the FBI or CIA with Voucher Number 179 and that Oswald received no less than $150 per month nor more than $225 per month. Hudkins refused to divulge his source, declined to furnish a signed statement and stated that if called before the President's Commission, he would decline to furnish his source.

During our interview with Hudkins he also stated the only other information he received that Oswald might be a symbol informant was from "Joe Golden," a reporter with the "Philadelphia Inquirer." Hudkins mentioned to him a number, different from 179, that might have been a voucher number but Hudkins could not recall the number.

We have previously interviewed Joseph Goulden, reporter for the "Philadelphia Inquirer" concerning a news article he prepared in the 12-8-63 issue of the "Philadelphia Inquirer" wherein he pointed out Lee Harvey Oswald had at one time been contacted by the FBI to become an informant. Goulden stated he obtained this information from a law enforcement officer in Dallas whom he declined to identify. We reinterviewed him 12-16-63 in an effort to pin down his allegation and determine identity of his source, but Goulden declined to identify such source.

RE: LEE HARVEY OSWALD
105-82555

Upon instructions, Philadelphia Office recontacted Goulden 2-11-64 and confronted him with the statement Hudkins made to us that he received information from "Joe Golden" to the effect Oswald might be a symbol informant. Goulden admitted knowing Hudkins and stated they formerly worked together at Dallas. He also admitted having contact with Hudkins in Philadelphia 12-1-63 and stated that any discussion he had with Hudkins regarding the Oswald case would have resulted from Hudkins' covering the story on the scene in Dallas and what Goulden had heard and read in Philadelphia. Goulden stated he did not recall any conversation with Hudkins regarding Oswald's being an FBI informant.

OBSERVATIONS:

Both of these reporters have written scurrilous articles implying Oswald was a Government informant. We have interviewed both and attempted to determine the sources of their allegations. Both declined to identify their sources and were uncooperative. It is quite obvious that one or both are lying.

ACTION:

Attached is a letter to J. Lee Rankin setting forth results of our contacts with Goulden in this matter, it being noted we previously disseminated results of our interview with Hudkins to Mr. Rankin by letter February 11, 1964.

Synopsis:

Canadian Consul, New Orleans, La., advised that on 10/10/63, Rev. ALBERT ALEXANDER OSBORNE applied for and received a new Canadian passport valid until 10/10/68. Home address furnished as 1441 Doummond St., Montreal, Canada. OSBORNE claimed to be in transit and Consulate received letter from him 10/18/63 from Mexico. OSBORNE unknown at Jung and New Orleans hotels and to Baptist leaders in New Orleans. SHIRLEY LAMPRECHT, New Orleans, advised that ROLAND SPEDALE, New Orleans Public Service, Inc. (NOPSI), advised her that shortly after the assassination of President KENNEDY that the FBI had checked the records of NOPSI regarding gas and electric service to the apartment which had been occupied by OSWALD, and that no mention was made in the conversation re JACK RUBY. She repeated this conversation at a party at the home of Mrs. VINCENT LOCOCO. JOHN CIRAVOLO, JR., recalled OSWALD being in the Moisant unit of the CAP, but could not recall anything else about him. ALBERT GUY BOGARD has poor credit record, Shreveport, which includes [eight collections] and five judgments, but not known to have been involved in any fraudulent insurance claims. BOGARD has no arrest record Shreveport or Coushatta, La. Mrs. LOU WYLIE, New Orleans, advised that during late summer 1963 an individual boarded a S. Claiborne Ave. bus in New Orleans and announced to the riders that he had just come back from Cuba aboard an Army plane which landed at New Orleans airport and that in the future all matters referring to the release of U. S. prisoners would have to be handled through him.

This document contains neither recommendations nor conclusions of any kind. It is the property of the FBI, and is a loan to your agency; it and/or its contents are not to be distributed outside your agency.

SYNOPSIS CONTINUED -

Stated that following the assassination of President KENNEDY she saw pictures of the person accused as the assassin and said that he was identical with the person who was on the bus. WALTER COWAN, Managing Editor of the New Orleans States Item, recalls receiving a telephone call from Mrs. WYLIE sometime in the past during which she spoke about two Cubans on a bus. He said that she imagines things and he has come to have no reliance on information furnished by her. CONNIE T. KAYE said that in 5/63, or as far back as 9/62, she recalled Mrs. WYLIE using her phone saying she was going to call the FBI because she met a "red from Cuba" on the bus. Miss KAYE said that on one occasion, date unrecalled, she was chided by an individual while she was having a cup of coffee in the Bourbon House for anti-Castro comments she made as an entertainer at her place of employment, Pat O'Brien's Bar. When she saw OSWALD on television she though he was familiar and after four days of watching television she recalled that he was identical with the man who chided her in the Bourbon House. She asked Mrs. WYLIE whether this might be the same man she saw on the bus and Mrs. WYLIE was unable to say whether this was the same man.

GEORGE E. BLACKSTOCK, Canadian Consul, Suite 1710 225 Baronne Building, produced an application for a Canadian Passport which was signed by Reverend ALBERT ALEXANDER OSBORNE at the office of the Canadian Consulate General, New Orleans, Louisiana. This application was dated October 10, 1963 at which time OSBORNE furnished his residence address as 1441 Doummond Street, Montreal, Canada. The application contained the following descriptive data concerning OSBORNE: Born November 12, 1888; Sex Male; Place of birth Grimsley, Linco, England; height 5'10"; weight 200 pounds; blue eyes; brown and gray hair; marital status single; no visible scars and marks; occupation minister (clergy).

OSBORNE claimed that he resided in Canada from August 21, 1917 to the present time and is a naturalized citizen of Canada because of his services in the Canadian Armed Forces. OSBORNE's Canadian Passport #4-347367 which was issued in June, 1953, was cancelled and Canadian Passport #5-605377 dated October 10, 1963 was issued to him by Chief Clerk PERCY WHATMOUGH of the Canadian Consulate General's Office. This passport is valid until October 10, 1968 and was delivered to OSBORNE personally on October 10, 1963. At the time OSBORNE applied for a new passport, he exhibited his birth certificate and a record of service in the Canadian Armed Forces. In addition, he signed an affidavit claiming that no one knew him in New Orleans well enough to act as a guarantor because he was "in transit". OSBORNE's file contained a letter from OSBORNE dated October 16, 1963 at Mexico D.F., which was received at the Canadian Consulate General's Office on October 18, 1963. This letter thanked the office employees for their kindness and enclosed $5.00 with the instructions that BLACKSTOCK purchase a little present for the clerical employees at the Canadian Consulate General's Office. The $5.00 was returned to OSBORNE by letter dated October 18, 1963, explaining that the employees of the Consulate General's Office could not accept any gifts, which letter was addressed to "Reverend Albert Osborne, care of American Express Company, Niza 22 Mexico D.F.

PERCY WHATMOUGH, Chief Clerk, Canadian Consulate General's Office, Suite 1710, 225 Baronne Building, advised that he examined OSBORNE's application for a passport, cancelled his old passport, which was issued in June, 1953, and issued his new passport, number 5-605377, to OSBORNE on October 10, 1963. WHATMOUGH recalled that OSBORNE told him that he, OSBORNE, had come to New Orleans from his residence in Montreal, Canada by bus and that he was on his way to Mexico City by bus and that he was making this trip as part of his vacation.

OSBORNE did not tell WHATMOUGH what bus route he had taken from Montreal to New Orleans, nor did he tell him his intended route from New Orleans to Mexico.

AT NEW ORLEANS, LOUISIANA:

The following investigation was conducted by SA MILTON R. KAACK on January 31, 1964:

New Orleans, La.

JOHN A. DONALD, Canadian Consul., Canadian Consulate General's Office, Suite 1710, 225 Baronne Building, advised that in many instances natives of Great Britain who are naturalized citizens of Canada, claim dual citizenship and therefore continue to carry a British passport in addition to their passport issued by Canada.

HARWOOD HOLT, Auditor, Jung Hotel, 1500 Canal Street, advised that he had no record of ALBERT OSBORNE as an employee of the Jung Hotel during the past two years.

New Orleans, La.

GEORGE DAWSON, Manager, Hotel New Orleans, 1300 Canal Street, advised that ALBERT OSBORNE has not been employed by the Hotel New Orleans during the past two years.

New Orleans, La.

Reverend O. S. CHIOCCHIO, Pastor, Canal Boulevard Baptist Church, 5320 Canal Boulevard advised that the Reverend ALBERT OSBORNE is not known to him. Reverend CHIOCCHIO stated that if OSBORNE was engaged in missionary work for the Baptist Church in the New Orleans area, he would most certainly know him.

Miss DOROTHY PATERSON, Secretary, to Reverend JOHN GILBERT, Executive Secretary New Orleans Baptist Association, 3939 Gentilly Boulevard, advised that there was no record in her files concerning Reverend ALBERT OSBORNE. Miss PATERSON said that if OSBORNE were engaged in missionary work in the New Orleans area, he would be listed in her files.

SHIRLEY LAMPRECHT, 1040 Farragut Street, New Orleans, advised that ROLAND SPEDALE is an employee of the New Orleans Public Service and is her fiance. Shortly after the assassination of President JOHN F. KENNEDY, SPEDALE told her that the FBI had checked the records at the New Orleans Public Service, Inc. concerning the gas and electric service to the apartment which was occupied by LEE HARVEY OSWALD in New Orleans. SPEDALE made no mention whatsoever of JACK RUBY. Some time afterwards probably around Christmas time she and SPEDALE were present at a social gathering at the residence of Mrs. VINCENT T. LOCOCO, 3713 Dumaine Street, New Orleans, Louisiana, During this party she related to some of the girls present the information which had been given to her by SPEDALE. There was considerable speculative discussion not based on any fact concerning the OSWALD case and she recalled the the name of JACK RUBY entered into the discussion because the entire matter was of intense interest to the people of New Orleans particularly those who were in attendance at this social gathering. It was of particular interest to those who had been following the newspaper stories relating to OSWALD and RUBY. Miss. LAMPRECHT stated that to her knowledge she made no statement at this gathering or at any other time to the effect that RUBY and OSWALD had lived in the same apartment house in New Orleans and further that she had no knowledge whatsoever that this was true.

Mrs. LYNDA GOODIER LOCOCO, 3713 Dumaine Street, advised that during a telephone conversation with a girl friend SHIRLEY LAMPRECHT during early December, 1963, LAMPRECHT stated that she had learned from her boy friend ROLAND SPIZALE, an employee of the telephone company that the FBI was making inquiry in New Orleans regarding LEE HARVEY OSWALD. LAMPRECHT also stated that SPIZALE learned that his company's records (the telephone company) showed that OSWALD had resided in the same apartment building with a private detective and that in checking these records further it was discovered that JACK RUBY had once lived in the same apartment house. Mrs. LOCOCO was positive that the only information which she received regarding OSWALD was from her friend SHIRLEY LAMPRECHT who in turn said that she had obtained it from her boy friend ROLAND SPIZALE.

Mrs. LOCOCO said she furnished the above information to her husband VINCENT LOCOCO, an attorney in the law firm of Hubert, Baldwin & Zibilich, and that LEON D. HUBERT, JR., a member of her husband's law firm, was recently appointed as an investigator on the Presidential Commission appointed to investigate the assassination of President JOHN F. KENNEDY. She said that Mr. HUBERT is presently in Washington in connection with the hearings which are currently being held by the Presidential Commission.

Mr. JOHN CIRAVOLO, JR., 4313 South Carrollton Avenue, advised that he joined the Moisant Airport unit of the Civil Air Patrol (CAP) in 1954 and remained in the unit for two or three years. After assassination of President KENNEDY he watched a number of the television programs and thought that the face of LEE HARVEY OSWALD was familiar but could not place him. Subsequently, he saw a program on which EDWARD VOEBEL appeared and VOEBEL said during the program that he, VOEBEL, had taken OSWALD to a few meetings of the CAP. CIRAVOLO then recalled that OSWALD had been in the CAP for a short time and he believed OSWALD had been in long enough to have a uniform. He said that OSWALD must have been quiet, that the rest of them were a "noisy bunch" and that if OSWALD had been one of the "noisy bunch", he would have recalled him better. He said that he could remember nothing else about OSWALD.

Mr. CIRAVOLO said that prior to the shooting of OSWALD he had never heard of JACK RUBY and thus, would know of no possible connection between OSWALD and RUBY.

BACKGROUND ON ALBERT GUY BOGARD

NO 100-16601 /lyc

The following investigation was conducted by SA DELANE CHRISTIANSON:

AT BOSSIER CITY, LOUISIANA

On January 30, 1964, Captain WILLIAM THORNTON, Bossier City Police Department, advised his records contain no record of ALBERT GUY BOGARD.

AT COUSHATTA, LOUISIANA

On January 30, 1964, Sheriff SIDNEY A. JONES, Red River Parish Sheriff's Office, telephonically advised his files contain no record of ALBERT GUY BOGARD. Sheriff JONES advised that BOGARD's parents live near Coushatta, Louisiana and enjoy a good reputation. He said BOGARD left Coushatta over ten years ago and he has heard little about him since that time. He said prior to his departure from that vicinity, he also had a good reputation.

AT SHREVEPORT, LOUISIANA

On January 29, 1964, Major WILLIAM A. LANIGAN, Caddo Parish Sheriff's Office, and CHRISTINE WELLS, Identification Section, Shreveport Police Department, advised their respective files contain no record of ALBERT GUY BOGARD.

On January 29, 1964, MORRIS TURNER, Retail Credit Company, Medical Arts Building, advised his files contain no record to indicate that ALBERT GUY BOGARD is suspected of any fraudulent insurance claims. He suggested that the General Adjustment Bureau would be the most logical organization to furnish such information.

On January 30, 1964, Miss BILLIE JEAN ROSS, secretary, General Adjustment Bureau, 1533 Marshall Street, advised her files contain no record of ALBERT GUY BOGARD. She said her files contain records of insurance claims made during the past two years and if the person was suspected of making a fraudulent claim, they maintain the record permanently.

On January 30, 1964, JANICE PEPPER, Clerk, Credit Bureau of Greater Shreveport, whose office maintains credit files

A/K Bogard La.

for Bossier City, Coushatta and Shreveport, Louisiana, made available a file for ALBERT GUY BOGARD, 304 Brighton, Dallas, Texas. This file showed he had been known to their files since March, 1949. His trade was last checked on December 23, 1963. [At that time one account was prompt, one was being paid by his wife, two accounts were past due and one account showed a repossession.]

[The file showed eight collections reported to the credit bureau, three unpaid, three paid and two which were included in a bankruptcy which was filed on August 2, 1960.] The file showed that five judgments had been obtained against BOGARD as follows:

January 17, 1964 - BOGARD, AL, to Merchants Adjustment Bureau $170.56 plus 5% from 7/19/62 and costs;

August 8, 1962, BOGARD, AL, DBA Bogard Appliances, to Lavender Radio and TV Supply, $130.93 plus legal interest from judicial demand and costs;

December 21, 1962, BOGARD, AL, to Peoples Bank and Trust, $2,860.91 plus 6% from July 12, 1962 25% attorneys' fees and costs.

November, 1962, BOGARD, AL, dba Bogard Appliance Center to TOBY EATMAN and Associates/Farra Advertising Agency, $208, plus 5% from July, 1962, 12% attorney fees and costs, paid in full;

February, 1963, ALBERT GUY BOGARD to Newspaper Production Company, $772.72 plus 8% from July, 1962, 25% attorney fees and costs;

The file showed a suit filed January 6, 1963, ILA CHLORINE MIZELL BOGARD vs. ALBERT GUY BOGARD for separation, disposition unknown.

NEW ORLEANS, LOUISIANA, LATE SUMMER, 1963, THOUGHT
BY HER TO BE POSSIBLY IDENTICAL WITH
ASSASSIN OF PRESIDENT KENNEDY

NO (100-16601) /sw

By letter dated January 31, 1964, Mr. J. LEE RANKIN, General Counsel, President's Commission on the Assassination of President KENNEDY, forwarded to the FBI, Washington, D.C. a copy of a letter addressed to the Attorney General which was sent to Congressman HALE BOGGS, a member of the Commission by Mrs. LOU WYLIE HAYES. Congressman BOGGS, in his letter to Mr. RANKIN said in part:

"Mrs. Hayes is a thoroughly responsible person and information contained in her letter of December 11, 1963, should be checked out thoroughly by the Commission."

The letter from Mrs. LOU WYLIE HAYES read as follows:

"December 11th, 1963
925 Royal Street
New Orleans, La., 70116

"U. S. Attorney General Robert F. Kennedy
Washington, D. C.,

"Dear Mr. Kennedy:

"I am hesitant about writing you this letter as I do not know if the information it contains will be of any value, and at the same time unless I do, I shall always wonder if I might not have helped in some small way in the investigation of your wonderful brother's death.

"Let me introduce myself first. I am a 70 year old retired newspaper woman who worked here on the Times Picayune, until 1928 when I went to New York and served variously as associate editor of Our Navy Magazine, a reporter for several years on the old Brooklyn Eagle, and for a brief time, when Stanley Walker was an editor on the New Yorker magazine I did leg work on assignments which the big brass wrote up. At other times I handled publicity for hotels, and as a volunteer for the Catholic Big Sisters, and Brotherhood Week. Mr. Harold Klein (I believe he now spells it Kline) who holds an executive office with the Manufacturers Hanover Trust Co., in Manhattan,

and Mrs. Sarah DeForeest, executive Secretary of the National Layman's Committee which stages Bible Week each year and which has offices 156 Fifth Ave., will remember me, as also Mr. Thomas Deegan of Thomas Deegan Co. Inc., now publicizing the New York World's Fair.

"I returned to New Orleans in 1941, serving as publicist for Pan American Airways at a time when no reporters were allowed at the airport because of war time restrictions, also as an air raid warden instructor, during which time I worked with the F.B.I on several cases.

"With the above information I hope that you will realize I am not a crank, trying to get my name in the papers. What I have to tell you is this. I am a volunteer worker for Our Notre Dame Seminary Library, which is located on Carrollton Ave., and particularly during the warm weather I ride a Carrollton-Poydras Street bus to get back to town. This bus leaves at the junction of South Claiborne Ave., and Carrollton. On one particular day in September, the exact date of which I cannot recall, I boarded one of these buses, probably at 2:30 pm on a week day. I know that it was after school opened, and probably around the middle of the month. I took my favorite seat on the right hand, next the window, of the first crosswise seat in the bus, going back to the city. Either when I got on or shortly after a group of high school boys boarded the bus and took the front side seats on each side. A little later, at a stop I cannot recall, a slim young man in a rather rumpled but clean sport shirt, khaki trousers, and carrying a amsll overnight bag of soft canvas such as one can buy at the chain drug stores boarded the bus and sat down by me. He seemed to be in quite a state of elation and was looking eagerly at people's face in a way which indicated he wanted to start up a conversation. Evidently he felt the school boys had noticed him and he launched into a breathless and highly elated account of his visit to Cuba, which had just culminated at his arrival at the New Orleans Airport.

"'I saw Castro' he told them, 'He is a fine guy. A Great person. From now on no prisoners are going to be returned to the United States unless I say so.'

This of course startled me and I turned to look at him in the belief he was a hop head of some sort, but he simply appeared to be a highly pleased and excited young man. I asked him how he happened to be in Cuba.

"'I flew there' he said, 'The State Department is using me because of my contacts with Cuba. I spoke to the people and I told them Castro was a great man.'

"I then asked him how he got back.

"'In an army plane' he said. 'A U.S.Army plane. They flew me here, and the F.B.I met me and brought me to the corner of Canal Street (he gave the name of the other street but I don't remember it) and.....'

"I asked why they didn't take him all the way home.

"'They don't want to know where I live. They don't want anybody to know where I live' he said.

"The school boys were giggling and this seemed to anger him.

"'At the airport they shoved a mike in my hand' he said, doubling his fist like a mike and holding it in front of his face. 'I said hello to everybody. I told them Castro was a great guy and that we should all be friends.'

"At the time I thought he was referring to our own airport but now I believe he meant the airport in Cuba.

"I questioned him further about Castro and he said 'I never got to talk to him at all. He just shook hands with me and they rushed me right on out to the airport. From now on, I am going to Cuba and arrange every time the prisoners who are going to be sent back.'

He then got off the bus, at a cross street, possibly Napoleon Ave. for he had a transfer in his hand. We all had a laugh, but I was rather disturbed and so when I got to town I went to a friend's apartment and called the City Desk of the

New Orleans States, whose editor, Walter Cowan, told me no celebrity had arrived at our airport, and I then called the F.B.I and told them of the incident, saying that the man was probably a nut but that perhaps there might be something in their files on him and they would like to know he was back in town. I recognized this man as Oswald as soon as I saw a clear picture of him. For the benfit of the A.P. writer in New York who wrote that Oswald could not be a Marxist without being a Communist, I would like to point out that at the time I was keeping a couple of people under surveillance for the F.B.I here I was told that one of them, a lad named Bancroft, who now has a United Nations job, was one of the high ranking Communists and did not carry a card, as they removed from their files all information on their top flight operatives so they could not be identified as party members.

"My own unalterbale belief is that Oswald was a Communist, that he bungled his job and went haywire and that Ruble was assigned to remove him. The indignation over the murder of our president would be the logical out he would use in his defense.

"Dorothy Thompson, speaking before the New York Women's Press Club, of which I was a member, told us soon after the fall of France that all Communist take-overs followed a pattern. First, the people by a constant barrage of propaganda were caused to distrust their leaders. Then, which some controversial issue came up, both sides were infiltrated and a revolution started, during which time those of our people who were Communists and were in high places would engineer a take over of the Government. That pattern is pretty plain here. The only thing is that this country didn't react according to those in Europe--and Africa.

"From my own personal experience with the F.B.I it is easy for me to believe that Oswald told about them meeting him at the plane, and we could well have been using him through the State Department which has a pro-Castro record, without anyone being the wiser.

"I am sorry that I cannot remember the date, or the streets where the man boarded and left the bus, but after I called the

paper and the F.B.I I put this out of my mind until I saw Oswald's face on TV.

"sincerely,

/s/"Lou Wylie

FD-302 (Rev. 1-25-57) FEDERAL BUREAU OF INVESTIGATION

Date 2/7/64

Mrs. [illegible] WYLIE, Apartment 3, 925 Royal Street, advised that she works part time at the library at the Notre Dame Seminary, 2901 South Carrollton Avenue. She is presently employed doing publicity work for Coleman E. Adler and Sons, Inc., 722 Canal Street.

During the summer months of 1963 she was at the library nearly every week day. She usually leaves early on Thursday since that is the day the pest control man comes to her apartment.

One day toward the end of the summer months she boarded a South Claiborne bus at South Claiborne and South Carrollton Avenues. She recalled that the weather was still warm since she waited for a bus that was not air conditioned, as she does not like air conditioned buses. She recalled that the weather was clear that day. She does not recall whether this was her early day, and she could not recall the time. However, she recalled that some young males and females who appeared to be high school students got on the bus so she believes it was about 2:30 p.m. She did not know the identity of any of the persons on the bus or the identity of the driver for she paid little attention to them.

Mrs. WYLIE said that she sat in the first seat perpendicular to the window on the left side of the bus or on the driver's side. The students occupied the seats parallel to the window in the front of the bus. After the bus had proceeded on South Claiborne toward Canal Street for one or two stops, she noticed a young man who had apparently just gotten on the bus, though she said that it is possible he might have gotten on the bus just as it left South Carrollton Avenue. This man was wearing clean but rumpled clothing consisting of a sport shirt and khaki trousers. He was carrying a small canvas bag of the type that has the name of an airline on it, but this bag did not have any name on it and she does not recall the color. He appeared to be highly elated. He looked around for a seat and then sat down desides her. He announced to the students that he had just returned from Cuba aboard a U. S. Army plane having flown to

Cuba from Mexico. The students started to snicker, and she winked at the students. She surmised that the students figured this man to be a "nut." He gave no indication of having been drinking. She took a good look at him for the first time and decided to keep him talking. She asked the man whether he talked with CASTRO. He said no, that he just met him and shook hands with him. He said that CASTRO was a "fine guy and a great person" and that from now on he was going to be in charge of the release of U. S. prisoners by Cuban authorities. She asked him how he happened to be in Cuba and he said that the State Department arranged it because of his contacts there, that any future matters relating to prisoners would have to be handled through him.

Mrs. WYLIE said that she asked the man how he got back to the United States from Cuba and he said an Army plane brought him to the New Orleans Airport where he was met by the FBI. The FBI drove him to Tulane Avenue, but she is not certain whether he said Tulane or Canal Street. She said she did not know how he got from Tulane or Canal Street to a stop on South Claiborne Avenue, which is in the uptown section of New Orleans. He said at the airport in Cuba that someone shoved a microphone into his hand and he said hello into the microphone and said that he thought that CASTRO was a great guy.

Mrs. WYLIE said that after a short ride of about four or five minutes this individual got off the bus. She noted that he had a transfer in his hand so she thought that it might have been Napoleon Avenue, where it is possible to transfer to the Napoleon Avenue Bus Line.

Mrs. WYLIE said she was unable to furnish estimated height, weight, or other items of description and said all she remembered was his dress, the small bag he was carrying and his emotional state.

Mrs. WYLIE said that as soon as she got to Canal Street she went to a public telephone and called WALTER COWAN of the New Orleans States Item newspaper as she wanted to catch him before he left for the day,

which he usually does about 3 p.m. She asked him if there were any celebrities in town. She asked him this because in her experience as a newspaperwoman she had come to learn that the State Department "would do all sorts of outlandish things." She explained that she thought someome from the State Department might have brought this man into town. He said there were no celebrities in town that he knew of and she then told him about the young man who sat next to her on the bus.

Since she does not have a phone she stopped at the apartment of a friend, CONNIE KAYE, 711 Royal Street, and used her phone to call the FBI. She spoke to someone whose name she does not recall and related the incident regarding the man who sat next to her on the bus. She said that CONNIE KAYE is employed as a singer at Pat O'Brien's bar in the French Quarter.

Mrs. WYLIE said that she completely forgot about the matter until she saw the person on television accused of the assassination of President KENNEDY. She referred to this man in her conversation as "OAKDALE." She was pretty sure that this person was identical with the man who sat next to her on the bus. She told CONNIE KAYE about this and CONNIE KAYE said that this was the same person who had some words with her since CONNIE KAYE sang an anti-Catro song.

Mrs. WYLIE said that she could not be sure of the date that she saw the man on the bus. She said that she feels it was after the opening of school in September, which occurred in the first week of September in 1963. She recalled that it was still warm but noted that it stayed warm until about the middle of October in 1963.

Mr. WALTER COWAN, managing editor, New Orleans States-Item, a daily newspaper at New Orleans, Louisiana, advised that [illegible] Mrs. LOU WYLIE VAN SICKLEN, who used to be a newspaper reporter. She and her husband were divorced a number of years ago.

Mr. COWAN said that Mrs. WYLIE frequently calls him and tries to give him "longshot tips" on new items which he cannot check out or verify. He said that as a result of many years of talking to her on the telephone, he has come to the point where he places absolutely no reliance in the information furnished by her. He says that she is always dreaming up wild tales which she relates to him at length on the telephone and envisions "skulduggery" in many situations and imagines all sorts of dire happenings. He cited as an example that on one occasion she called him and reported an obscene conversation between two unknown teenagers. She wanted him to do something about it.

Mr. COWAN had a faint recollection of receiving a telephone call from Mrs. WYLIE sometime in the past about two Cubans she met on a bus. He had no idea how long ago he received the call. He could not recall any more of the details since he has gotten to the point where he does not pay any attention to her but just tries to be civil and to get off the phone as soon as he can.

FEDERAL BUREAU OF INVESTIGATION

Date February 7, 1964

Miss CONNIE T. KAYE, Apartment J, 711 Royal Street, New Orleans, Louisiana, singer and entertainer at Pat O'Brien's Bar, 718 St. Peter Street, advised she performs nightly at Pat O'Brien's and prepares much of the material used in her act. Miss KAYE said that since CASTRO has come into power in Cuba she has made jesting remarks about CASTRO during the course of her performance at the bar. She related that one of the comments she used was referring to CASTRO as "CASTRO BASTRO". Frequently during intermission times she goes over to the Bourbon House, which is on the corner of St. Peter and Bourbon Street, for a quick cup of coffee. She said that on one occasion, date and time of year not recalled, when she went to the House for a cup of coffee, a young man, whom she had observed around the Bourbon House on prior occasions, sat next to her on one of the stools at the counter and chided her for the slurring remarks she had made about CASTRO. Miss KAYE said that she does not recall the exact conversation that ensued, but they became involved in an argument which she concluded by telling this person to mind his own business. She said that this man did not identify himself by name and that she had no further contact with him at that time or later. However, she recalled seeing this man on one occasion in the standing room only crowd at Pat O'Brien's Bar. She also recalled having seen this same man around the Bourbon House on prior occasions with persons she believed were homosexuals. She said that she did not know the identity of any of these persons. She stated that the Bourbon House is a hangout for homosexuals and she does not associate with any of these people because they are not of her ilk. Miss KAYE said that following the assassination of President KENNEDY she watched her television set for four days following the events concerning the assassination. She related that when she first saw a picture of LEE HARVEY OSWALD on television, she knew that his face was familiar to her, but it was not until after the fourth day of watching television that she recalled he was identical with the individual with whom she had the argument at the Bourbon House.

Miss KAYE said that she has known LOU WYLIE over a period of a number of years and at one time they were very close friends. She related that while she and LOU WYLIE

were very friendly, LOU WYLIE on occasions used the telephone in her apartment to make calls. However, she has been forced to put a stop to this practice and to discontinue her close friendship with LOU WYLIE because LOU WYLIE was becoming "bossy" and "nosey". She pointed out that LOU WYLIE is about seventy years of age, is frustrated, and there is a tendency for an older woman to be jealous of a younger one.

Miss KAYE related that on one occasion, which could have been in May, 1963, or as late as September, 1962, LOU WYLIE came to her apartment, obviously angry and upset. LOU WYLIE told her she had met a "Red from Cuba" on a bus and she was going to notify the FBI. LOU WYLIE placed a call from her apartment and she assumed she talked to someone in the FBI.

Miss KAYE said after she identified OSWALD as the person with whom she had an argument at the Bourbon House, she contacted LOU WYLIE and suggested OSWALD might be identical with the "Red from Cuba" who she had seen on a bus. LOU WYLIE recalled the incident on the bus but was unable to say whether OSWALD was identical with the man on the bus and seemed to be avoiding making any decision in this regard.

The evidence listed below was received in the Laboratory today with a memorandum dated January 31, 1964, to Mr. Sullivan from W. A. Branigan.

Q475 Envelope postmarked "17 ENE. 64-17" "Mexico D.F 5:00 PM" addressed: "Sr, Robert Kennedy, Ministro de Justicia Washington, Estados Unidos"

Q476 Accompanying letter beginning: "Mexico D:F. Dic de 1963.." and signed, "Ernesto Flores Luna," followed by an illegible handwritten flourish resembling a capital "J"

Results:

It was found that the typewriter used to type specimens Q475 and Q476 was not used to type the pertinent previous typed specimens in this case, specimens Q232 through Q235 and Q350A through Qc353, which is correspondence signed "Pedro Charles," "Maro del Rosario Molina," and "Miguel Galban Lopez."

The typing on specimens Q475 and Q476, except the numerals (which are sometimes varied on special order), most closely matches Underwood Small Victoria, spaced ten letters to the inch.

The envelope Q475 and the sheet of paper of Q476 differ from the envelopes and paper of Q232 through Q235 and Q350A and Q351 previously submitted in this case. Specimens Qc352 and Qc353 are photocopies. However, from such examination as can be made from these copies, physical differences between Qc352 and Qc353 on the one hand and the current specimens Q475 and Q476 on the other hand were noted. Specimens Q475 and Q476 are retained in the Laboratory.

RECOMMENDATION: For information and appropriate action of the Domestic Intelligence Division.

record of a number of calls having been received from a Mrs. LOU WYLIE VAN SICKLEN during World War II, relating to national defense matters. At that time, she was the head of the Publicity Department of the Office of Price Administration (OPA). There is no basis for the alleged statement of the FBI bringing OSWALD from the New Orleans Airport to Tulane or Canal Street after an alleged flight from Cuba.

It is to be noted that when the interviewing Agents asked questions of Mrs. WYLIE she would give a fairly short answer and then would attempt to lapse into a long discourse about her newspaper and related activities of 25 years ago. It is to be further noted that Mr. COWAN places no reliance on the information she furnishes and said that she imagines all sorts of dire happenings. In view of this, New Orleans is making no further inquiry regarding this aspect of the investigation regarding OSWALD and will incorporate the FD-302's in the next report.

In order to attempt to resolve this matter further, the Washington Field Office should make inquiry at the Department of State and with the U.S. Army to determine whether there is any basis for the alleged trip of OSWALD to Cuba via Mexico and return to the U.S. by Army plane.

Reference is made to the letter from Mrs. Lou Wylie Hayes dated December 11, 1963, addressed to you which was furnished to this Bureau by your office on January 28, 1964, for any action deemed appropriate.

Enclosed for your information are three memoranda setting forth the results of interviews with Mrs. Lou Wylie, Mr. Walter Cowan and Miss Connie T. Kaye by Agents of this Bureau, which are self-explanatory. When interviewed on February 6, 1964, Mrs. Wylie advised that she usually uses the name Mrs. Lou Wylie; however, she signed the letter to you as Mrs. Lou Wylie Hayes. Mr. Walter Cowan, managing editor of the "New Orleans States-Item," a daily newspaper at New Orleans, Louisiana, advised when interviewed on February 7, 1964, that Mrs. Lou Wylie was known to him as Mrs. Lou Wylie Van Sicklen, as she was previously married and divorced. It is further noted that Mrs. Wylie would give short answers to questions proposed to her and would then attempt to lapse into long discourses about her former newspaper and related activities of twenty-five years ago.

NOTE:

Mrs. ~~Hayes~~ Wylie alleged that a person whom she now believes to have been Lee Harvey Oswald sat next to her on a bus in New Orleans during 9/63 (exact date not recalled) at which time he appeared very excited and told everyone on the bus he had just returned from a State Department assignment in Cuba on a U. S. Army plane and had been met at airport in New Orleans by the FBI. The FBI had taken him to a bus stop rather than his home for security reasons. Oswald praised Castro and stated he, Oswald, had now been given "say so" concerning the return of prisoners in Cuba to the U. S. She claimed she had furnished data to local FBI and Walter Cowan, city editor of local newspaper, at the time. Bufiles and Walter Cowan fail to confirm Mrs. Hayes' story. Cowan further advised he knew Lou Wylie Van Sicklen, who divorced her husband a number of years ago, as newspaper reporter; however, she frequently gives him "long shot" tips on items which cannot be verified and that as a result of many years of contact with her telephonically he places absolutely no reliance in her information, stating she is always dreaming up wild tales and envisions "skulduggery." No further action appears warranted. WFO has been instructed to disregard lead to contact State and Army concerning this matter, noting previous checks have been made with these Departments concerning Oswald. Separate communication also being furnished Honorable J. Lee Rankin, President's Commission.

[illegible], Apartment 3, 925 Royal Street, stated that she works part time at the library at the Notre Dame Seminary, 2901 South Carrollton Avenue.. She is presently employed doing publicity work for Coleman E. Adler and Sons, Inc., 722 Canal Street.

During the summer months of 1963 she was at the library nearly every week day. She usually leaves early on Thursday since that is the day the pest control man comes to her apartment.

One day toward the end of the summer months she boarded a South Claiborne bus at South Claiborne and South Carrollton Avenues. She recalled that the weather was still warm since she waited for a bus that was not air conditioned, as she does not like air conditioned buses. She recalled that the weather was clear that day. She does not recall whether this was her early day, and she could not recall the time. However, she recalled that some young males and females who appeared to be high school students got on the bus so she believes it was about 2:30 p.m. She did not know the identity of any of the persons on the bus or the identity of the driver for she paid little attention to them.

Mrs. WYLIE said that she sat in the first seat perpendicular to the window on the left side of the bus or on the driver's side. The students occupied the seats parallel to the window in the front of the bus. After the bus had proceeded on South Claiborne toward Canal Street for one or two stops, she noticed a young man who had apparently just gotten on the bus, though she said that it is possible he might have gotten on the bus just as it left South Carrollton Avenue. This man was wearing clean but rumpled clothing consisting of a sport shirt and khaki trousers. He was carrying a small canvas bag of the type that has the name of an airline on it, but this bag did not have any name on it and she does not recall the color. He appeared to be highly elated. He looked around for a seat and then sat down besides her. He announced to the students that he had just returned from Cuba aboard a U. S. Army plane having flown to

from Mexico. The students started to snicker, and she winked at the students. She surmised that the students figured this man to be a "nut." He gave no indication of having been drinking. She took a good look at him for the first time and decided to keep him talking. She asked the man whether he talked with CASTRO. He said no, that he just met him and shook hands with him. He said that CASTRO was a "fine guy and a great person" and that from now on he was going to be in charge of the release of U. S. prisoners by Cuban authorities. She asked him how he happened to be in Cuba and he said that the State Department arranged it because of his contacts there, that any future matters relating to prisoners would have to be handled through him.

Mrs. WYLIE said that she asked the man how he got back to the United States from Cuba and he said an Army plane brought him to the New Orleans Airport where he was met by the FBI. The FBI drove him to Tulane Avenue, but she is not certain whether he said Tulane or Canal Street. She said she did not know how he got from Tulane or Canal Street to a stop on South Claiborne Avenue, which is in the uptown section of New Orleans. He said at the airport in Cuba that someone shoved a microphone into his hand and he said hello into the microphone and said that he thought that CASTRO was a great guy.

Mrs. WYLIE said that after a short ride of about four or five minutes this individual got off the bus. She noted that he had a transfer in his hand so she thought that it might have been Napoleon Avenue, where it is possible to transfer to the Napoleon Avenue Bus Line.

Mrs. WYLIE said she was unable to furnish estimated height, weight, or other items of description and said all she remembered was his dress, the small bag he was carrying and his emotional state.

Mrs. WYLIE said that as soon as she got to Canal Street she went to a public telephone and called WALTER COWAN of the New Orleans States Item newspaper as she wanted to catch him before he left for the day,

NO 100-[illegible]1/sab

which he usually does about 3 p.m. She asked him if there were any celebrities in town. She asked him this because in her experience as a newspaperwoman she had come to learn that the State Department "would do all sorts of outlandish things." She explained that she thought someone from the State Department might have brought this man into town. He said there were no celebrities in town that he knew of and she then told him about the young man who sat next to her on the bus.

Since she does not have a phone she stopped at the apartment of a friend, CONNIE KAYE, 711 Royal Street, and used her phone to call the FBI. She spoke to someone whose name she does not recall and related the incident regarding the man who sat next to her on the bus. She said that CONNIE KAY is employed as a singer at Pat O'Brien's bar in the French Quarter.

Mrs. WYLIE said that she completely forgot about the matter until she saw the person on television accused of the assassination of President KENNEDY. She referred to this man in her conversation as "OAKDALE." She was pretty sure that this person was identical with the man who sat next to her on the bus. She told CONNIE KAYE about this and CONNIE KAYE said that this was the same person who had some words with her since CONNIE KAYE sang an anti-Castro song.

Mrs. WYLIE said that she could not be sure of the date that she saw the man on the bus. She said that she feels it was after the opening of school in September, which occurred in the first week of September in 1963. She recalled that it was still warm but noted that it stayed warm until about the middle of October in 1963.

FD-302 (Rev. 3-28-62) FEDERAL BUREAU OF INVESTIGATION

1 Date 2/7/64

Mr. WALTER COWAN, managing editor, New Orleans States-Item, a daily newspaper at New Orleans, Louisiana, advised that he knew Mrs. LOU WYLIE VAN SICKLEN, who used to be a newspaper reporter. She and her husband were divorced a number of years ago.

Mr. COWAN said that Mrs. WYLIE frequently calls him and tries to give him "longshot tips" on new items which he cannot check out or verify. He said that as a result of many years of talking to her on the telephone, he has come to the point where he places absolutely no reliance in the information furnished by her. He says that she is always dreaming up wild tales which she relates to him at length on the telephone and envisions "skulduggery" in many situations and imagines all sorts of dire happenings. He cited as an example that on one occasion she called him and reported an obscene conversation between two unknown teenagers. She wanted him to do something about it.

Mr. COWAN had a faint recollection of receiving a telephone call from Mrs. WYLIE sometime in the past about two Cubans she met on a bus. He had no idea how long ago he received the call. He could not recall any more of the details since he has gotten to the point where he does not pay any attention to her but just tries to be civil and to get off the phone as soon as he can.

Connie Kaye

Miss CONNIE T. KAYE, Apartment J, 711 Royal Street, [illegible] and entertainer at Pat O'Brien's Bar, 718 St. Peter Street, advised that she performs nightly at Pat O'Brien's and prepares much of the material used in her act. Miss KAYE said that since CASTRO has come into power in Cuba she has made jesting remarks about CASTRO during the course of her performance at the bar. She related that one of the comments she used was referring to CASTRO as "CASTRO BASTRO". Frequently during intermission times she goes over to the Bourbon House, which is on the corner of St. Peter and Bourbon Street, for a quick cup of coffee. She said that on one occasion, date and time of year not recalled, when she went to the House for a cup of coffee, a young man, whom she had observed around the Bourbon House on prior occasions, sat next to her on one of the stools at the counter and chided her for the slurring remarks she had made about CASTRO. Miss KAYE said that she does not recall the exact conversation that ensued, but they became involved in an argument which she concluded by telling this person to mind his own business. She said that this man did not identify himself by name and that she had no further contact with him at that time or later. However, she recalled seeing this man on one occasion in the standing room only crowd at Pat O'Brien's Bar. She also recalled having seen this same man around the Bourbon House on prior occasions with persons she believed were homosexuals. She said that she did not know the identity of any of these persons. She stated that the Bourbon House is a hangout for homosexuals and she does not associate with any of these people because they are not of her ilk. Miss KAYE said that following the assassination of President KENNEDY she watched her television set for four days following the events concerning the assassination. She related that when she first saw a picture of LEE HARVEY OSWALD on television, she knew that his face was familiar to her, but it was not until after the fourth day of watching television that she recalled he was identical with the individual with whom she had the argument at the Bourbon House.

Miss KAYE said that she has known LOU WYLIE over a period of a number of years and at one time they were very close friends. She related that while she and LOU WYLIE

were very friendly, LOU WYLIE on occasions used the telephone in her apartment to make calls. However, she has been forced to put a stop to this practice and to discontinue her close friendship with LOU WYLIE because LOU WYLIE was becoming "bossy" and "nosey". She pointed out that LOU WYLIE is about seventy years of age, is frustrated, and there is a tendency for an older woman to be jealous of a younger one.

Miss KAYE related that on one occasion, which could have been in May, 1963, or as late as September, 1963, LOU WYLIE came to her apartment, obviously angry and upset. LOU WYLIE told her she had met a "Red from Cuba" on a bus and she was going to notify the FBI. LOU WYLIE placed a call from her apartment and she assumed she talked to someone in the FBI.

Miss KAYE said after she identified OSWALD as the person with whom she had an argument at the Bourbon House, she contacted LOU WYLIE and suggested OSWALD might be identical with the "Red from Cuba" whom she had seen on a bus. LOU WYLIE recalled the incident on the bus but was unable to say whether OSWALD was identical with the man on the bus and seemed to be avoiding making any decision in this regard.

Re memo Mr. Rosen to Mr. Belmont 2/7/64 wherein it is reported that Mr. J. Lee Rankin asked Inspector Malley if this Bureau could furnish him with the affidavits which we have taken from our Agents who interviewed Oswald and our Special Agents in Charge in the field where these interviews were conducted. Mr. Malley informed Mr. Rankin that such affidavits would be made available to him promptly.

We now have affidavits from all the Special Agents who handled interviews or other pertinent investigation in the Oswald matter. We also received affidavits from SAC Shanklin of Dallas, ASAC Clark of Dallas, SAC Maynor of New Orleans, and SAC Lynum of San Francisco. However, these affidavits made reference to a confidential fund of the Bureau and as a result it was necessary to request each of the aforementioned individuals to submit new affidavits. Appropriate instructions in this regard were telephonically furnished the San Francisco New Orleans and Dallas Offices by Supervisor R. E. Lenihan approximately 7:15 p.m. 2/10/64. Each office was instructed to afford this matter immediate attention and have such affidavits forwarded to Bureau as soon as possible.

2/11/64

At approximately 10 a.m./Supervisor Lenihan recontacted each of the three offices to determine status of these affidavits. ASAC Sylvester of the New Orleans Office advised the affidavit of SAC Maynor was sent Airmail Special Delivery to the Bureau on the evening of 2/10/64 scheduled to arrive Washington, D. C., approximately 7:30 a.m. 2/11/64. SAC Lynum of San Francisco advised his affidavit was forwarded to the Bureau Airmail Special Delivery from San Francisco at 6 p.m. 2/10/64 to arrive Bureau prior to 9 a.m. 2/11/64.

SAC Shanklin of Dallas stated his affidavit and the affidavit of ASAC Clark were mailed from Dallas 9 a.m. 2/11/64 Airmail Special Delivery, Registry Number 676845, and should arrive Washington, D. C., in the late afternoon of 2/11/64. Mr. Shanklin added that ASAC Clark had been at Amarillo, Texas, on 2/10/64 and as a result submission of the two Dallas affidavits was delayed shortly until Clark got back to Dallas.

On 1-31-64, 2-1-64 and 2-3-64 books and literature of Lee Harvey Oswald, held as evidence at the FBI Laboratory, were examined by Special Agent John A. Yatteau for secreted material and writings by Oswald. The following items were noted:

A. Item Number 76: Libretto printed in Russian language for the opera, "Queen of Spades," by Petr Ilyich Chaikovsky. Inside the front cover were handwritten Russian words which in English mean, "Then, this means you are pronouncing a death sentence."

Bureau Russian language translator Mrs. Tatiana Nikonishin, confirmed that the above translation was correct and pointed out that these are words from one of the arias of the opera. In view of this, no action is deemed necessary.

B. Item Number 108: A Notebook. (Believed to be Oswald's)

January 29, 1964

I, H. G. Maynor, Special Agent in Charge of the New Orleans Office of the Federal Bureau of Investigation, being duly sworn, hereby make the following free and voluntary statement to Special Agent John T. Reynolds of the New Orleans Office of the Federal Bureau of Investigation.

I have been assigned as Special Agent in Charge of the New Orleans Office of the Federal Bureau of Investigation since June 12, 1961, and specifically during the period that Lee Harvey Oswald resided in New Orleans, Louisiana, during 1963. All matters relating to informants are my responsibility and at no time have I instructed any Special Agent of the Federal Bureau of Investigation to make any effort to develop Lee Harvey Oswald as an informant. During the above period, I am aware that no effort was made to develop Lee Harvey Oswald as an informant or to utilize Lee Harvey Oswald in any manner as an informant. In view of my responsibility and knowledge of all informant matters, I am aware that no money was paid to Lee Harvey Oswald for allegedly serving as an informant. Funds for payments to informants are personally handled by me and it would be impossible for Lee Harvey Oswald to have been paid any funds without my knowing of same.

I, John L. Quigley, being duly sworn, hereby make the following free and voluntary statement to Special Agent in Charge Harry G. Maynor of the New Orleans Office of the Federal Bureau of Investigation, concerning an interview of Lee Harvey Oswald.

On August 10, 1963, I questioned Oswald at the First District Station, New Orleans Police Department, New Orleans, Louisiana, for the purpose of obtaining data concerning himself and his activities. At this time Oswald was under arrest on a local charge of Disturbing the Peace. This was the only time I ever saw or questioned Oswald.

During the questioning of Oswald, I neither attempted to induce or suggest to Oswald that he become an informant; nor did I give any consideration to such action.

In view of the above, I did not at any time give Oswald money for serving as an informant.

Dear Sirs:

This letter is in regard to the development of techniques relative to the Lee Oswald Case in which it can be shown, cryptographically, that this man appears to have been using as a pseudonym the name "A. Hidell."

I have talked on the telephone to your San Francisco (FBI) Office and they say that there is no urgency about this matter and that I can forward this data to you leisurely. I am not sure since the public investigation is now in progress.

Were this information to be revealed at the aforesaid public investigation it would shatter it. Likewise, it may be that you may want to permanently keep this information out of the public eye since it suggests several themes:

(1) Oswald has had somewhere, cryptographic training, possibly in the USSR.

(2) It implies, as the above notes, that he may have been a trained agent of the USSR.

I am therefore suggesting to you that if there is anything urgent about this matter that you notify me by telegram and I will speed up forwarding the data to you.

REC 7 105-82555 EX-102 1973

It would be most appreciated if you would write me and indicate that you will keep the data I develope entirely and highly classified until such time as you deem it desirable to release it, publicly or not-publicly, that you will not reveal the techniques used and the person involved(*), and that I will have no access to the data developed for five years and will keep no carbon papers(**) or other records of the data.

This last no doubt seems very involved and I should add it is based only on some 4 years of duty in the USN as cryptographer-cryptanalyst and a total of 14 years duty in the USNR in that category plus involvement in esoteric communications-intelligence activities.

11 FEB 18 1964

Thank you for this opportunity to be of service and to be able to perform a necessary patriotic duty.

Very truly yours,

Sewall S. Brown Jr.

P.S. Am forwarding a copy of this to your S.F. (FBI) office.

ENCLOSURE

OSWALD and the FBI . . . . . Harold Feldman

The Warren Commission should, if possible, tell us how President Kennedy was killed, who killed him, and why. But beyond that, it *must* tell us if the FBI or any other government intelligence agency was in any way connected with the alleged assassin, Lee Harvey Oswald. At this moment, the possibility of such associations in the young man's life is intolerably a subject for speculation.

On the day after the assassination, the Dallas Chief of Police complained on television that the FBI had interviewed Oswald about a week earlier and had failed to inform the Dallas authorities of this fact — something the bureau would normally do after making contact with a suspicious Red. Drew Pearson also reported this but added, "In Washington, the FBI denied that they had interrogated Oswald recently."

However, Michael Paine, who with his wife helped take care of Mrs. Oswald and the two children, "claimed that FBI agents had visited Oswald more than one time after he returned to Dallas from a trip to Mexico City." Oswald returned to Dallas from Mexico on October 3, 1963. This report also is contradicted by another:

> *The FBI picked up the trail again in Dallas after Oswald's return there on Oct. 3. He was not interviewed, but agents checked twice with Mrs. Ruth Paine, who told them that Oswald had gone to work on Oct. 16 in the Texas State School Book Depository.* (The New York Times, *12/10/63.*)

The Minority of One (January, 1964) tells us:

> *William M. Kline, chief of the U.S. Customs Bureau investigative services in Laredo, Texas, stated on November 25 that Oswald's movements were watched at the request of "a federal agency at Washington."* (New York Post, *November 25.*) *Eugene Pugh, U.S. agent in charge of the Customs office on the American side of the bridge at Laredo, Texas, said that Oswald had been checked by American immigration officials on entering and leaving Mexico. Mr. Pugh admitted to the New York* Herald Tribune *that this was "not the usual" procedure. He said Americans were not required to check in with Immigration when crossing the border, "but U.S. immigration has a folder on Oswald's trip."*

One thing is clear: the FBI was in fairly constant touch with Oswald's activities. How far these contacts went is indicated in "the revelation that the Federal Bureau of Investigation tried to recruit Oswald as an undercover informant in Castro groups two months before Mr. Kennedy's death." This report, which appeared in a *Philadelphia Inquirer* dispatch from Dallas December 8, went on:

> *The FBI attempt to recruit Oswald as an informant, an informed law enforcement source said, was made in September, just after he had moved to Dallas from New Orleans.*
>
> *Oswald's mother said an "agent named Hosty" came to the Irving house and talked to the young man at length in his car.*
>
> *An FBI agent named Joseph Hosty handles investigations of subversives for the Dallas field office.*
>
> *The source said he did not know if the FBI succeeded in hiring Oswald; and the federal agency would not discuss the matter.*

On January 1, Lonnies Hudkins of the Houston *Post*, published a story under the headline: "Oswald Rumored as Informant for U.S." Hudkins found that Oswald did know agent Hosty. He had Hosty's home phone, office phone and car license number — this on the authority of William Alexander, assistant to Henry Wade, Dallas District Attorney. Alexander had attended the grilling of Oswald on November 22 and 23. Hudkins notes that if the FBI had Oswald under surveillance, the watch could not have been too close or they would have known about the rifle and other matters; but, as a sheriff deputy put it, "you just wouldn't think to check out one of your own stoolies." Hudkins quotes Wade, himself a former FBI agent, as saying: "It may be true, but I don't think it will ever be made public if it is."

What the public hears of the FBI's part in the Oswald case is usually a report that such and such a witness or authority has been asked, or ordered, to keep his mouth shut. Thus, Dr. J. J. Humes of the Naval Medical Center in Bethesda, Md., the man who conducted the autopsy on the President, seemed to be the best authority on the exact angle of entry of the murder bullets, but "Dr. Humes said he had been forbidden to talk." A thirty-four-year-old machinist named Malcolm Howard Price said he had looked through the telescopic sight of Oswald's rifle on a rifle range in suburban Dallas — but "Mr. Price declined to answer further questions because, he said, the FBI had asked him not to talk. The FBI here [Dallas] denied this." (*The New York Times*, December 10.) On December 6, the *Times* had observed:

> *Most private citizens who had cooperated with newsmen reporting the crime have refused to give further help after being interviewed by agents of the Federal Bureau of Investigation. Dallas city and county police withdrew their help the same way. One high officer said he wished he could answer questions "because it would save us a lot of work."*

The Western Union office in Dallas handled frequent messages for Lee Oswald, but inquiries there brought the reply that "any details or comment would have to come from Washington headquarters of the Federal Bureau of Investigation."

It is in the light of this official coyness that we must consider the possible connection of Oswald with the attempted shooting of General Walker. Oswald's widow is said to have declared that he boasted of shooting at that dastardly warrior. In view of her prolonged seclusion from the public, and even from relatives, under government supervision, we must infer that any statement alleged to be hers at this time is a deliberate "leak." It is interesting that a similar "leak" at the beginning of the case — that a rifle which Mrs. Oswald knew her husband had kept in a garage was missing on the morning of the assassination — proved to be false. The FBI is also reported to have found a document in Oswald's hand-

Harold Feldman is a translator and journalist, living in Philadelphia. As a translator, he has worked extensively for the Social Security Administration. Mr. Feldman is also a frequent contributor to psychoanalytic journals, one of his papers having been "The Hero As Assassin."

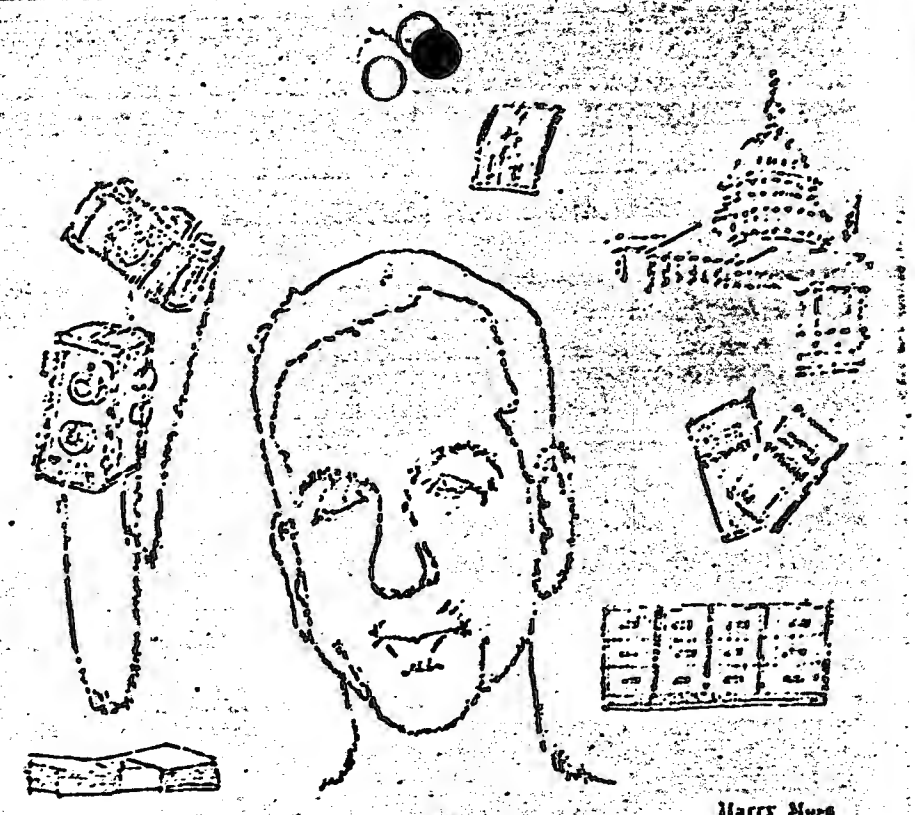
...ing that mentions his attack on Walker, but once again the document has not been produced for examination or reproduced in the press.

Incidentally, if "the loner" did try to shoot General Walker, we would be again confronted with questions like those raised about the killing of the President. "At the time of the Walker shooting," we read in the *Philadelphia Inquirer* of December 7, "Dallas police reported the bullet was from a .30-06 caliber rifle. The weapon used to kill Mr. Kennedy was a 6.5 millimeter weapon, equivalent to about .270 caliber." Moreover, an eyewitness in the Walker affair informed police that he saw at least two men enter the getaway car after the shooting. (Oswald never learned to drive a car.)

Was the alleged assassin of President Kennedy employed by the FBI? We have seen a news report that the agency tried to recruit him and that it has refused to say whether he accepted the offer. At present, all we know is that his history, as we have been able to piece it together, is *not inconsistent* with such employment. Indeed, his financial record seems entirely inexplainable unless we make some such hypothesis.

If there is anything constant in Oswald's life, it is his need of money. After three years on a marine private's pay, he goes to Russia. There he works in a factory for the pittance of 80 rubles a month. He returns to America with a wife and child in mid-1962 and thenceforward works at a series of jobs paying the legal minimum wage or less — when he is not unemployed. For months his only acknowledged source of income is the Texas unemployment compensation of $33 a week. His job at the School Book Depository, from whose warehouse he is supposed to have shot the President and Governor Connally, paid him $1.25 an hour.

Surely he was a pauper, a fellow whose monetary resources could only keep him swinging between want and destitution. But if there is another thing about Lee Oswald as certain as his indigence, it is that he was often capable of expenditures that would have cramped the purse of a suburban status seeker.



Harry Mace

After years of subsisting on a marine's pay, from which he occasionally sent money to his mother, he undertakes a trip to Russia with a capital of $1,600. How could he have put aside this nest egg? After years of low factory remuneration in the Soviet, he wants to return to the United States and, in a letter to his mother, estimates the cost at $800. He borrows $435.71 from the United States Embassy in Moscow but, *mirabile dictu*, he repays the loan between October, 1962, and January, 1963, during which time he was unemployed for several weeks and worked for a time as an unskilled developer of photostatic prints.

A Miss Pauline Bates, public stenographer, whom Oswald paid for typing his notes for a book about Russia three days after his return, has said that "he hinted he had gone to the Soviet as a U. S. secret agent." He allegedly told her then that "when the State Department granted my visa, they stipulated they could not stand behind me in any way," an admonition suggestive of instruction, to an undercover man.

Back in America, as impecunious as ever, he finds the money to rent an office for $30 a month, where he sets up in business as the New Orleans chapter of the Fair Play for Cuba Committee. He buys a rubber stamp, he prints 2,000 leaflets, he pays a $10 court fine, he buys a rifle and telescopic sight by mail, gets them assembled and boresighted — and in his *room* after his arrest the police find $150. This young man, untalented, it appears, for anything but finding odd windfalls of money, goes to Mexico City for a week to get visas for a trip to Cuba and Russia that would have cost at least $1,000. (The Cuban and Russian consulates did not issue the visas.) After the murder of the President, the police find in his room, in addition to the wad of money, "several expensive cameras and rolls of film."

Where did the money come from? The FBI and the Dallas police fail to supply information on the subject. For the Russian period, we have the unsupported assertion of *Pravda* that Oswald was an American spy who made numerous contacts with the American Embassy. This might indicate a CIA affiliation. He wrote his mother that, on his return, he would spend a day or so in New York and Washington for "sightseeing." After that, all is dark except for one hint. An Associated Press dispatch of November 30 from Dallas says in part:

> *"Someone telegraphed small amounts of money to Lee Harvey Oswald for several months before the assassination of President Kennedy, it was reported today," the*

Dallas Times Herald said. [illegible] identified source telegraphed $10 to $20 at a time.

Here apparently are some of the Western Union items about which the FBI has been so secretive — but why this secrecy? If the money came from the Communist Party, it is hard to understand why the FBI should cooperate in a falsely-evil plot. If it came from a right-wing or Fascist source, the FBI could not lose much by revealing it. But if the money came from a government source, then the agency's reticence is understandable.

Shortly before the assassination, Oswald seemed to be expecting better times:

Mrs. Ruth Paine, the woman with whom Marina was staying, said: "He seemed in exceptionally high spirits." [When he visited his wife the weekend prior to President Kennedy's arrival in Dallas,] Oswald told his wife "things are looking up" and that soon they would have enough to look for an apartment, buy furniture. (Sunday Bulletin, *Philadelphia, 12/15/63.*)

If the FBI did not employ Oswald or work with him, then who wrote the letters he addressed to the Fair Play for Cuba Committee in New York? Oswald alone certainly didn't. Whoever wrote the letters to New York was coherent, commanded a good vocabulary, rarely misspelled a word, and punctuated decently. Oswald himself wrote English that a sixth-grader would blush to acknowledge. Here is a letter he wrote to his mother from Russia on June 28, 1963. I preserve the original spelling and punctuation:

Dear Mother.

Recived your letter today in which you say you wish to pay me back the money you used last year, that, of course, is not nessicary however you can send me somethings from there every now and than.

If you decide to send a package please send the following:

One can Rise shaving cream (one razor (Gillet)

Pocket novels westerns and science fiction — Time or Newsweek magazine

Chewing Gum and chocolate bars.

Thats about all. Marina

I very much miss sometime to read you should try and get me the pocket novel "1984" by Wells.

I am working at the local Radio plant as a metal worker. We live only five minutes from there so it is very convenient.

Well thats about all for now. I repeat you do not have to send me checks or money!

Love XX

Lee

P.S. Marina sends a big Hello to you also

Now compare this semi-literate effusion with the following addressed to the Fair Play for Cuba Committee about two years later. (A *New York Times* report on the letters to FPCC indicates that they were handwritten, so presumably no public stenographer improved their style.)

Dear Mr. Lee:

I was glad to receive your advice concerning my try at starting a New Orleans F.P.C.C. chapter.

I hope you won't be too disapproving at my innovations but I do think they are necessary for this area.

As per your advice I have taken a P.O. Box (N.O. 20061).

Against your advice I have decided to take an office from the very beginning.

I [apparently meaning, as you see] from the circular I had jumped the gun on the charter business but I don't think it's too important. You may think the circular is too provocative, but I want it to attract attention even if it's the attention of the lunatic fringe. I had 2,000 of them run off.

The major change in tactics you can see from the small membership blanks, in that I will charge $1 a month dues for the New Orleans chapter only and I intend to issue N.O. F.P.C.C. membership cards also.

This is without recourse to the $5 annual F.P.C.C. membership fee.

However, you will lose nothing in the long run because I will forward $5 to the national F.P.C.C. for every New Orleans chapter member who remains a dues paying member for 5 months in any year. . . .

And so on for several more well-integrated paragraphs.

He now spells "receive" and "necessary" correctly. He has mastered the apostrophe. His ideas cohere. He tackles words like "innovations," "provocative," "recourse," "disapproving," "approaching" and "application" with success, something that would have been clearly beyond the powers of the voluntary exile in Minsk.

Until the authorship of the letters to FPCC is settled, I think it reasonable to suppose that Oswald did not compose them, at least not without help. Who, and where, is the invisible scribe? No associate of [illegible] New Orleans period has been found, or even hinted at. If Oswald was employed by the FBI to operate in "Castro groups," as the news report suggests, it is also reasonable to suppose that in the letters to FPCC his pen was guided by the FBI.

It is no simple matter any longer for a radical American to get a passport from his government. If he is a known Communist or subversive, it is almost impossible. Let a man be known as a do-gooder, bleeding heart or a nonconforming screwball, and his application for travel will be greeted with jaundiced eye and dragging feet. But Lee Oswald got one readily as late as June, 1963.

One day last June, he applied for a passport and — despite his record — got it in a single day. He called himself a "photographer"; he said he planned to take a long trip abroad — perhaps including Russia — late this year. (Newsweek, *12/9/63.*)

By that date, Oswald was known as a Soviet defector, had praised Castro on a radio program, and on November 2, 1959, had written an affidavit saying, "I affirm that my allegiance is to the Soviet Socialist Republic." But his passport application was granted—and posthaste! "It still isn't clear how it was processed so rapidly," commented the New York *Herald Tribune.*

Oswald's apartment, too, was filled with fascinating things. Besides the batches of leaflets with the legend "Hands Off Cuba!" and bearing the unauthorized imprint of the Fair Play for Cuba Committee, police found seven metal file boxes filled with names of Castro sympathizers. How did he manage, in so short a time, to compile so extensive a list?

The FBI appears once more in Oswald's news life during the last two days before he was killed. One report details two telephone calls made by FBI agents to the Dallas Police on November 24, warning them of threats against Oswald's life. The threats materialized later the same day under circumstances which raised a forest of questions throughout the world.

Equally puzzling, his mother, Mrs. Marguerite Oswald, has insisted that an agent of the FBI showed her a photograph of Jack

Ruby just about seventeen hours before Ruby shot her son.

It was understood, however, that Federal agencies had acknowledged that she had been shown a photograph that might be identification, but spokesmen would not disclose whether it was that of Ruby. (The New York Times, 12/2/63.)

The next day the FBI denied that the photograph was that of Jack Ruby but they would not comment further. Mrs. Oswald repeated her statement and has demanded that the pictures be produced again.

The following item completes, for the moment, this side of the weird Dallas story.

Washington, Dec. 9 — The Federal Bureau of Investigation gave the Secret Service a "risk" list of Dallas individuals in advance of President Kennedy's fatal trip, but the list did not include the name of Lee H. Oswald.

An official source explained today that Oswald's name, like many others in the Dallas file, had been omitted because the F.B.I. found nothing in Oswald's background to mark him as a potential assassin. . . .

Oswald was not under surveillance by the F.B.I. at the time of President Kennedy's visit to Dallas Nov. 21, the F.B.I. noted. Months of checking by the F.B.I. had indicated that Oswald was neither a spy nor a saboteur. That, it was said, covered the statutory area of F.B.I. responsibility. (The New York Times, 12/10/63.)

Lee Oswald, the twice-court-martialed marine who defected to Russia and renounced his American citizenship, the pro-Cuba activist who had been arrested a few months earlier while distributing leaflets, this erratic "Marxist" who was employed on the route of the President's motorcade—Lee Oswald did not qualify for the FBI's exclusive "risk" list. And why? Because the FBI's "statutory responsibility" was limited to suspected spies and saboteurs!

This sudden legalistic attachment to its self-interpreted "statutory" obligations must cause very wan smiles indeed among the many individuals and organizations (including the NAACP and the Unitarian Church in Texas) which have come under the beady-eyed surveillance of the Federal Bureau of Investigation.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

"The Nation" magazine, which has a long history of writing scurrilous articles about the Director and the FBI, has printed an article in its 1-27-64 issue entitled "Oswald and the FBI" (pages 86-89) by Harold Feldman. It identifies Feldman as a translator and journalist living in Philadelphia who previously worked extensively for the Social Security Administration (SSA).

Our files indicate we conducted a Loyalty of Government Employees investigation of a Harold Feldman in 1949 when Feldman was employed by the SSA in Philadelphia.

[redacted]

"The Nation's" current article entitled "Oswald and the FBI," is another bitter attack upon the Bureau. Using utter falsehoods, rumors gossip and newspaper reports taken out of context, the author leaves the impression that Oswald was an informant of the FBI. This is the line being taken by the Communist Party (CP) and other groups who are bitter in their opposition of the Bureau and is another attempt to discredit the Bureau. Oswald, of course, never was approached by us to become a Bureau informant.

Memorandum to Mr. Sullivan
Re: Lee Harvey Oswald
105-82555

Set forth below is a detailed analysis of the allegations and statements made by Feldman in his "Nation's" article:

Allegation

On the day after the assassination, the Dallas Chief of Police complained on television that the FBI had interviewed Oswald about a week earlier and had failed to inform the Dallas authorities of this fact -- something the Bureau would normally do after making contact with a suspicious Red.

Facts

The allegation is not entirely true and does not present the full picture. Dallas Police Chief Curry did make such statements on television approximately 11:25 a.m., 11-23-63. We immediately had SAC Shanklin contact Curry and tell Curry to get back on television and inform wire services these statements on his part were false. At 1:15 p.m., 11-23-63, NBC television quoted Curry as refuting such statements. We also confidentially requested our sources at United Press International and Associated Press to get Curry on record repudiating his false allegations. This was done. The fact is we did not interview Oswald one week earlier as alleged. We never interviewed Oswald in Dallas or Irving, Texas prior to the assassination.

Allegation

Michael Paine, who with his wife helped take care of Mrs. Oswald and the two children, "claimed that FBI agents had visited Oswald more than one time after he returned to Dallas from a trip to Mexico City." Oswald returned to Dallas from Mexico on 10-3-63.

Facts

The statement that FBI agents had visited Oswald after he returned to Dallas from a trip to Mexico City is false. We did not interview Oswald following his return from Mexico until after his arrest in connection with the assassination of President Kennedy. Furthermore, we have interviewed Michael Paine and he never made such a statement to us.

Allegation

William M. Kline, Chief of the U. S. Customs Bureau investigative services in Laredo, Texas, stated on November 25 that Oswald's movements were watched at the request of "a federal agency at Washington." (New York Post, November 25.) Eugene Pugh, U. S. agent in charge of the Customs office on the American side of the bridge at Laredo, Texas, said that Oswald had been checked by American immigration officials on entering and leaving Mexico. Mr. Pugh admitted to the New York Herald Tribune that this was "not the usual procedure. He said Americans were not required to check in with Immigration when crossing

the border, "but U. S. immigration has a folder on Oswald's trip."

Action

We have instructed the San Antonio Office to interview Kline and Pugh concerning statements attributed to them and to check U. S. Immigration, Laredo, Texas, to determine if they had folder on Oswald.

Allegation

Feldman alleges FBI tried to recruit Oswald as an undercover informant in Castro groups two months before Mr. Kennedy's death. He references a report which appeared in a "Philadelphia Inquirer" dispatch from Dallas, 12-8-63, which reported: "The FBI attempt to recruit Oswald as an informant, an informed law enforcement source said, was made in September, just after he had moved to Dallas from New Orleans. Oswald's mother said an 'agent named Hosty' came to the Irving house and talked to the young man at length in his car. An FBI agent named Joseph Hosty handles investigations of subversives for the Dallas field office. The source said he did not know if the FBI succeeded in hiring Oswald; and the federal agency would not discuss the matter."

Facts

We have previously run down this allegation and interviewed the Philadelphia reporter, Joseph Goulden, who authored the article in the "Philadelphia Inquirer." Goulden told us he received this data from an unidentified law enforcement officer in Dallas but refused to identify such source. This same law enforcement officer also informed Goulden that Jack Ruby had obtained entrance into the Dallas Police Department by posing as a television cameraman's helper on the day Oswald was shot. Investigation has failed to corroborate such statement.

Agent James P. Hosty of Dallas, of course, did not interview Oswald in September, 1963, at Irving, Texas. Bureau's last interview of Oswald, prior to the assassination, took place at Oswald's request on 8-10-63 by Special Agent John L. Quigley when Oswald was in jail at New Orleans, Louisiana, charged with disturbing the peace by creating a scene.

Allegation

Feldman also references article of Lonnies Hudkins in 1-1-64 issue of Houston "Post" entitled "Oswald Rumored as Informant for U. S."

He indicates Hudkins received information on the authority of William Alexander, assistant to Henry Wade, Dallas District Attorney, that Oswald had Agent Hosty's home and office phone and car license number; further that Hudkins indicated FBI coverage of Oswald was not too close or FBI would have known about the rifle, but as a sheriff's deputy put it, "you just wouldn't think to check out one of your own stoolies." Hudkins quotes Wade, himself a former FBI agent, as saying, "It may be true, but I don't think it will ever be made public if it is."

Facts

The Dallas office has advised that the address book of Oswald's showed Special Agent James P. Hosty's office telephone number and his car license number one digit off. Agent Hosty furnished his name and office phone number to Mrs. Ruth Paine when he interviewed her concerning the whereabouts of Oswald on November 1, 1963. Agent Hosty did not give Mrs. Paine the license number of the Bureau automobile and presumes that she may have jotted such number down on her own initiative unknown to him.

The fact that Agent Hosty's name appears in Oswald's address book has not yet been set out in our Dallas reports. To date, only those items in Oswald's address book needing additional identification and investigation have been set out in our Dallas reports. Agent Hosty's name and other items in Oswald's address book not pertinent to our investigation have not yet been reported. However, in view of "The Nation" article and the interest the Commission is showing in such article, the Dallas office is immediately including in its next report all data in Oswald's address book not already reported, including the item concerning Agent Hosty. * I think this was a mistake. A

We have interviewed both District Attorney Henry Wade and Assistant District Attorney William Alexander of Dallas concerning remarks attributed to them in Hudkins' article. Wade stated that reporter Hudkins was formerly a police reporter for both the Dallas "Times Herald" and the Dallas "Morning News." Wade stated Hudkins was a rather wild type of reporter and that he was in Dallas after the assassination of President Kennedy representing the Houston "Post." Wade remembers that some time in late December, 1963, Hudkins posed some leading questions to him, whether Oswald was an informant of the FBI, CIA or some Governmental agency. Wade stated he told Hudkins "I don't know anything about it" and that he possibly might have told Hudkins "even if he were, I don't think it ought to be publicized." Wade definitely denies the statement attributed to him by Hudkins.

* 2/19/64 -- This data reported in Dallas 2/11/64 report. RL

Assistant District Attorney William Alexander advised Dallas office that some time in December, 1963, Hudkins did appear and talk with him and he indicated that he was working on a real good story, trying to prove that Oswald was an informant of the FBI, CIA or some Governmental agency and that he had received information that Oswald's notebook which had been seized by the police had Agent Hosty's name and the telephone number of the local FBI office, and possibly a license number of a car and that Hudkins had asked Alexander if that did not mean Oswald was an informant of the FBI. Alexander claims that he told Hudkins that he did not know anything about Oswald's being an informant. When questioned about the notebook by Hudkins, Alexander told us that he told Hudkins "it looks like you have the story there." Alexander denied making any further statements to Hudkins.

Allegation

Feldman also intimates that what the public hears of the FBI's part in the Oswald case is usually a report that such and such a witness or authority has been asked, or ordered, to keep his mouth shut. The author then cites a number of individuals apparently contacted by him who failed to give him any information, including Dr. J. J. Humes of the Naval Medical Center who refused to furnish data on the autopsy of President Kennedy; Western Union authorities who refused to give information regarding data in their possession concerning Oswald; or witnesses who furnished data concerning Oswald or the assassination weapon.

Facts

It is entirely possible that Dr. Humes, Western Union officials and other people would not furnish information to reporters and to the general public. The FBI did not tell people to "shut up." Furthermore, records of the Naval Medical Center, Bethesda; Western Union records and the like could only be obtained through a subpoena.

Allegation

Feldman alleged that the statements of Oswald's widow regarding Oswald's attempt to kill General Walker were a deliberate "leak" and that though the FBI is reported to have found a document in Oswald's handwriting that mentions his attack on Walker, such document has not been produced for examination or reproduced in the press.

Facts

Our interviews with Marina Oswald, wife of Lee Harvey Oswald, have not been leaked by us to the press but have been reported to the President's Commission in accordance with the President's instructions. We also turned over the note left by Oswald which appears to tie him in on the attempt to kill Walker. However, at no place in the note does Oswald name Walker or indicate he planned to kill anyone.

Allegation

Feldman in questioning reports that Oswald had previously tried to kill General Walker states that an article in the 12-7-63 "Philadelphia Inquirer" reported that "Dallas police reported the bullet was from a .30-06 caliber rifle. The weapon used to kill Mr. Kennedy was a 6.5 millimeter weapon, equivalent to about .270 caliber."

Facts

Early reports indicated the bullet fired into General Walker's home was a .30-06. However, examination by FBI Laboratory revealed such report was not true and that the Walker bullet could not have been fired from a .30-06 rifle. The Walker bullet, however, could be fired from the Oswald rifle. It is the same caliber, same type of military bullet and the rifling impressions on this bullet are the same as those produced by Oswald's rifle. However, because of extreme mutilation and distortion of the Walker bullet and other factors, it was not possible to determine whether or not the Walker bullet actually was fired from Oswald's rifle.

Allegation

Feldman also attempts to show that Oswald had considerable money which enabled him to make expenditures which would have cramped the purse of a suburban status seeker. He states that Oswald had $1,600 when he went to Russia to defect in 1959 and that his trip to Mexico in September, 1963, would have cost him at least $1,000. He also alleges that Oswald repaid a State Department loan of $435.71 between October, 1962, and January, 1963, "during which time he was unemployed for several weeks."

Facts

Oswald's mother claimed Oswald had saved about $1,600 while in the U. S. Marine Corps. When he arrived in England, 10-9-59, he declared $700. His transportation fare from New Orleans to Southampton, England,

was $215, plus $5.75 tax. Oswald repaid the State Department loan between period 8-7-62 and 2-7-63. During the period of time in which the payments were made, Oswald is known to have earned about $1525 through employment he obtained. In connection with Oswald's trip to Mexico in September, 1963, we determined that a round-trip bus ticket from New Orleans to Mexico City would only have cost Oswald approximately $55.

While Oswald's income generally was very small, he managed, by utmost thrift, to live within it. In addition, Oswald contributed little to the support of his wife and children while they were residing at the home of Mrs. Ruth Paine.

Allegation

Feldman alleges that after the murder of the President, the police found in Oswald's room "several expensive cameras and rolls of film."

Facts

The Dallas Police Department has turned over to the Dallas office material belonging to Oswald which it obtained at the home of Mrs. Ruth Paine, Irving, Texas, and from the last known residence of Oswald at 1026 North Beckley Street, Dallas, Texas. This material included a Minox camera,* a Stereo Realist camera, and a Suera-Two camera. The list price of these 3 cameras if purchased new would cost approximately $325. If purchased used in the U.S. or if purchased in Europe, the cost would be considerably less. In addition, a quantity of exposed film, color slides and color film was obtained. This data has been examined by the FBI Laboratory and is being retained as evidence in this case. Included in this material were photographs of Oswald holding a rifle, wearing a pistol and holding the "Militant." Also, 24 negatives concerning Oswald's selective service card and Marine Corps certificate which he used to make new cards for false names.

Allegation

Feldman reports that an Associated Press dispatch of November 30 from Dallas says in part that someone telegraphed small amounts of money to Oswald for several months before the assassination of President Kennedy - $10 to $20 at a time. Feldman alleges FBI secretive about such payments and states if money came from a Government source, then FBI's reticence understandable.

Facts made

We have/a very thorough and painstaking search for evidence showing Oswald received or paid out money via Western Union. We developed no information to corroborate such activity on his part.

* 2/12/64 - Has been identified by Michael Paine as his. RL

Memorandum for Mr. Sullivan
Re: Lee Harvey Oswald
105-82555

Allegation

Feldman goes to great length to compare Oswald's language, spelling and grammar in a letter he wrote to his mother from Russia with a letter he wrote to Mr. Lee, Fair Play for Cuba Committee. He emphasizes that Oswald's spelling in his letter to Lee is correct and suggests that Oswald was aided by FBI in writing such letters which of course indicates he was under FBI control.

Facts

Feldman's reasoning here is ridiculous. Oswald possessed

an English dictionary and used it in some of his correspondence. It is quite apparent Oswald, in his letter to Lee, is attempting to impress upon Lee that he is a great organizer and valuable asset to the Fair Play for Cuba Committee. Furthermore, we obtained copy of letter in question through an anonymous source and there are numerous misspellings in the letter not shown in Feldman's article.

Allegation

Oswald's apartment, too, was filled with fascinating things. Besides the batches of leaflets with the legend "Hands Off Cuba!" and bearing the unauthorized imprint of the Fair Play for Cuba Committee, police found seven metal file boxes filled with names of Castro sympathizers. How did he manage, in so short a time, to compile so extensive a list?

Facts

Feldman does not state which residence of Oswald's is involved here. The statement, however, is completely false. The search by Police authorities in Dallas and Irving, Texas, home of the Paines where Oswald's wife, Marina Oswald, was residing, did not produce such data. Itemized lists of evidence turned over to Bureau by Dallas and Irving, Texas, Police Departments contain no listing of seven metal file boxes filled with names of Castro sympathizers.

Allegation

Feldman states "The FBI appears once more in Oswald's news life during the last two days before he was killed. One report details two telephone calls made by FBI agents to the Dallas Police on November 24, warning them of threats against Oswald's life. The threats materialized later the same day under circumstances which raised a forest of questions throughout the world."

Facts

At 2:30 a.m., Sunday 11/24/63, Dallas Office received anonymous telephone call from a man who indicated he represented a committee that was going to kill the man that killed the President. This information was relayed to Dallas Police Department and Dallas County Sheriff's Office at 3:00 a.m. 11/24/63. At 8:15 a.m. SAC, Dallas, personally followed this incident by informing Chief of Police Curry of the facts concerning the anonymous call.

Allegation

Feldman states that Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, has insisted that an agent of the FBI showed her a photograph of Jack Ruby just about 17 hours before Ruby shot her son.

Facts

It is true we exhibited a photograph to Mrs. Marguerite Oswald following Oswald's arrest in connection with the assassination of President Kennedy. Such photograph was not of Ruby but instead was a photograph of an unidentified individual in Mexico City whom Central Intelligence Agency (CIA) felt might be identical to Oswald. The photograph was shown to Mrs. Oswald to determine if the individual depicted in the photograph was identical with Lee Harvey Oswald. (It was not identical with Oswald.)

Allegation

Feldman concludes his article by quoting from a "New York Times" article for December 10, 1963, which he states reported the FBI gave Secret Service a "risk list" of Dallas individuals in advance of President Kennedy's fatal trip, but the list did not include the name of Lee H. Oswald; further, that an official source had explained Oswald was not under surveillance by the FBI at the time of President Kennedy's visit to Dallas November 21, 1963; and that months of checking by the FBI bad indicated Oswald was neither a spy nor a saboteur.

Facts

The FBI made no such release as above. This was another of the leaks of the Department giving information to Tony Lewis of the "New York Times." Obviously, the release does not set forth the complete statutory area of FBI responsibility in dealing with spies, saboteurs, subversives, criminals or other individuals engaged in activities inimical to the interest of the United States. We did disseminate to Secret Service prior to the assassination information concerning two incidents possibly having a bearing on the personal safety of the President. No "risk list" as such was furnished to the Secret Service.

Criticism of Other Agencies

Feldman, in his article in "The Nation" does not restrict himself to criticism of the FBI. He infers that Oswald may have been a CIA agent and supports his reasoning from data published in the Soviet

newspaper "Pravda" that Oswald was an American spy who made numerous contacts with the American Embassy in Moscow. He also reports that Miss Pauline Bates, a public stenographer who typed notes for Oswald shortly after latter's return from Russia stated that Oswald "hinted he had gone to the Soviet as a U.S. secret agent," and that "when the State Department granted my visa, they stipulated they could not stand behind me in any way." Feldman interprets this as an admonition suggestive of instruction, to an undercover man. Feldman also criticizes the State Department for issuing Oswald a passport in June, 1963, for travel outside the U.S. despite his past record.

Regarding Miss Pauline Bates, mentioned above, we interviewed Miss Bates at Fort Worth, Texas, where she is employed on November 30, 1963. During our interview with Miss Bates she said Oswald talked very little while in her office and confined it mostly to interpreting his notes. She asked him why he went to Russia and he replied that he took an elementary course in the Russian language and became interested in going to Russia to see what the actual living conditions were like in that country.

Miss Bates also told us that after her contact with Oswald she mentioned the incident to her friend, Caroline Hamilton, who is a reporter for the "Fort Worth Press." After President Kennedy was assassinated, Miss Bates stated she was contacted by Caroline Hamilton regarding Oswald. Miss Bates also told us that on the afternoon of November 29, 1963, she had a recorded interview with the television network in her office. She also told us that the story by Caroline Hamilton which appeared in the "Fort Worth Press" on November 29, 1963, regarding her contact of Oswald is correct in every detail with the one exception that Oswald never stated he was working for the U.S. State Department. She explained Oswald stated the State Department was reluctant to give him a visa and told him he would be on his own while in Russia. From this statement, she at first assumed he was working with the State Department but later realized her assumption was false.

Miss Bates also told us that approximately 3:30 p.m. November 29, 1963, she received a phone call at her office from a woman who stated that she was Mrs. Oswald, mother of Lee Oswald. Mrs. Oswald told her "I cannot tell you where I am because I am under tight security. I heard an interview of you on the radio regarding typing Lee's diary. I remember him saying he had a public stenographer type some of his notes. I wish you wouldn't talk with anyone about this until I can talk to you. Otherwise you may hurt his widow and the children."

Memorandum for Mr. Sullivan
Re: Lee Harvey Oswald

During our interview with Miss Bates on November 30, 1963, she did not make a statement that Oswald "hinted he had gone to the Soviet Union as a U.S. secret agent."

ACTION

None, except that the Director will be separately advised regarding results of our inquiries by the San Antonio office described herein. A copy of the January 27, 1964, issue of "The Nation" wherein article regarding Oswald appears, is attached.

ReLegat letter 1-24-64, two copies of which are enclosed for DL and NO.

Enclosed for Legat are four photographs of a silver colored bracelet given by subject to his wife, Marina, upon his return to DL from Mexico. It is believed that Oswald purchased this bracelet in Mexico City, for found among his effects subsequent to the assassination was a brief note to serve as a reminder to purchase a bracelet and to watch jai-lai game. Also enclosed for Legat are six photographs depicting the front and back of six color postcards depicting various scenes in Mexico, which most likely Oswald purchased in Mexico City. In addition, there is enclosed a copy of a pamphlet bearing the inscription on the cover page "Hipodromo de las Americas, S. A., Mexico, D. F."

Bear in mind the revelation of Mexico City sources re the concern expressed by Charles Small that Oswald may have visited his tourist-type store in Mexico City. It is desired that Legat, through available sources, endeavor to ascertain if, in fact, Oswald visited Small's store. It is suggested that through observation efforts be made to determine if the picture postcards, the bracelet and the pamphlet may have been acquired by Oswald at Small's establishment.

NOTE: Legat reports that Charles Small, a member of American communist community in Mexico City who runs a tourist-type jewelry shop has expressed concern that Oswald may have been in his shop when in Mexico. Advisable in view of items in Oswald's possession on his return from Mexico to look into this. [redacted] prominent in communist circles in Mexico City, has said to Legat's sources that only way Oswald could be linked to Mexico was through his activities before traveling to Soviet Union and she indicated that such activities occurred in NO. Oswald lived in NO for approximately two years when he was 15-17 years of age and it is doubtful that this is period to which [redacted] refers. He was in NO for only 3 or 4 days prior to his taking ship to Europe 9-15-59. Advisable, therefore, to insure we have not overlooked any pertinent activity of subject during this brief span of time. Patterson girl is daughter of William Patterson, member of National CP Committee who has been in Russia since 7-60 attending Friendship University. In view of her marriage in 1961, it is considered unlikely that [redacted] in referring to her now as Patterson has any current info. However, this material should be reported to the Commission.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

We have received information that the President's Commission plans to have Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, appear before the Commission some time during the week 2/9 through 15/64. Mrs. Oswald has made numerous statements to the press alleging that an Agent of the FBI exhibited a photograph to her on 11/23/63 which she claims now is a photograph of Ruby.

Agent Bardwell D. Odum of the Dallas Office did display a photograph of an unidentified individual to Mrs. Oswald 11/23/63. This photograph had been furnished the Bureau by the Central Intelligence Agency (CIA) and involved an unidentified individual in Mexico that CIA felt possibly could be associated with Oswald. The photograph definitely was not one of Jack Ruby.

Inasmuch as this photograph involved a sensitive CIA operation and coverage in Mexico, we have not given such information to the Commission.

ACTION:

1. Attached is a letter directed to the Commission setting forth the fact that we did exhibit a photograph of an individual to Mrs. Marguerite Oswald 11/23/63; that Mrs. Oswald could not identify the photograph; and that the photograph was definitely not that of Ruby. This letter should be delivered personally to the Commission by Inspector Malley, at which time Inspector Malley should inform the Commission's representative that the photograph displayed by this Bureau to Mrs. Oswald was furnished by the CIA and was obtained by CIA through its Mexican sources. If the Commission desires this photograph, they should obtain it through CIA.

On 2/7/64 the Director's affidavit, which refutes the allegation that Oswald was an informant of the FBI, was delivered to Mr. J. Lee Rankin of the President's Commission. Mr. Rankin was also shown the copies of the detailed vouchers and supporting receipts submitted by former Special Agent Henry M. Wade while he was serving in the Special Intelligence Service (SIS) in Ecuador. Mr. Rankin said that he would very much like to have a copy of this material and was advised that it would be prepared and furnished to him as soon as possible.

An extra set of the copies of the pertinent vouchers and receipts received from Wade has been prepared from our records and is available for delivery to Mr. Rankin.

ACTION:

If approved, this duplicate set of the vouchers and receipts of Wade will be delivered to Mr. Rankin with the attached letter of transmittal.

RE: LEE HARVEY OSWALD
Internal Security - R - Cuba

Relative to the rumor of Oswald's being an informant of the FBI, inasmuch as this has reached certain Senators we wonder if it might not be advisable for Assistant Director Evans to show a copy of our affidavit to the Attorney General. He is bound to hear about this rumor. We are reluctant to send a copy over to the Department, in view of their penchant for leaking information out. If the Director agrees, we can have Evans mention the situation to the AG and show him a copy of the affidavit.

Reference is made to my memorandum dated 2-5-64 captioned as above in which we forwarded for the Director's approval a proposed affidavit to be furnished to the President's Commission to refute the allegation that Lee Harvey Oswald was an FBI informant. In accordance with the Director's approval of same and his instructions, the affidavit has been properly dated, notarized, and prepared for the Director's signature for transmittal to Mr. J. Lee Rankin with the attached transmittal letter.

RECOMMENDATIONS:

1. That the enclosed affidavit be forwarded to the Director for execution.

2. That the affidavit be delivered to Mr. Rankin, with the attached letter of transmittal, by Mr. Malley.

OFFICE OF THE DIRECTOR

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION

WASHINGTON 25, D. C.

February 6, 1964

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to our conversation of January 23, 1964, concerning testimony furnished the Commission by Mr. Henry M. Wade, the District Attorney of Dallas County, Texas. You advised that Mr. Wade testified he had heard that Lee Harvey Oswald had been an informant of the FBI, had been assigned symbol number "179" and had been paid $200 monthly in this capacity. You further advised that Mr. Wade also indicated that FBI headquarters was not in a position to know in all instances whether an individual was an informant of this Bureau.

At the time, I advised you that Lee Harvey Oswald had never been an informant of the FBI and that this Bureau's procedure in regard to handling informants is such as to insure that FBI headquarters would have all necessary facts concerning the development and control of any and every informant.

Enclosed for your information and use in this regard is an affidavit in which I have categorically stated that Lee Harvey Oswald was never an informant of the FBI and have outlined our administrative procedures for the handling and the payment of confidential informants.

Sincerely yours,

J. Edgar Hoover

ENCLOSURE

AFFIDAVIT

CITY OF WASHINGTON)
) ss:
DISTRICT OF COLUMBIA)

J. Edgar Hoover, Director, Federal Bureau of Investigation, Department of Justice, being first duly sworn, deposes and says:

That he has caused a search to be made of the records of the Federal Bureau of Investigation, United States Department of Justice, by employees of the said Federal Bureau of Investigation acting under his direction, and that said search discloses that Lee Harvey Oswald was never an informant of the FBI, was never assigned a symbol number in that capacity, and was never paid any amount of money by the FBI in any regard.

Such a statement can be made authoritatively and without equivocation because of the close supervision FBI headquarters affords its security informant program and because of the safeguards established to insure against any abuse or misuse of the program.

FBI field offices cannot proceed to develop anyone as a security informant without authorization from FBI headquarters. An informant is assigned a permanent symbol number and code name to afford him security. The informant never knows the symbol number assigned to him. It is a number permanently assigned to him, and the same number cannot be used again by the field office under any circumstances for any other individual. The individual also is given a fictitious or cover name by the field office which he, of course, is made aware of, and he affixes it to his communications with the office. Every symbol number and code name is indexed at FBI headquarters.

If the services of an informant warrant payment on a regular basis, the field offices must also obtain authorization from FBI headquarters to make such payments.

Special Agents in Charge (SACs) of FBI field offices are authorized to make payments to individuals not utilized on

105-82555 1979

a regular basis as informants, but here too FBI headquarters controls this by limiting the amount an SAC can pay to any one individual in this category. FBI headquarters maintains control of such payments since they must be accounted for by the field offices at the end of each month through the submission of a detailed accounting to headquarters.

Had any of the FBI field offices made payments to Lee Harvey Oswald under the SAC's authority, these would have been shown in the receipts and vouchers submitted by each office. These records have been checked and no such payment was ever made. Had Oswald been assigned a symbol number, this would be a matter of record not only by number but also by name. As a matter of fact, the FBI can identify every symbol number used, past or present. Oswald could not have been assigned such a symbol number without approval by FBI headquarters. There is no record of any such request by any field office and no record of any such approval.

The only contacts FBI Agents had with Oswald prior to the assassination of President Kennedy involved three interviews FBI Agents had with him. The first was on June 26, 1962, at Fort Worth, Texas, shortly after his return home from the Soviet Union. The purpose was to assess the possibility of his having been given intelligence assignments by the Soviets. The second, on August 16, 1962, was in the same connection. The third was at his specific request on August 10, 1963, following his arrest in New Orleans the preceding day on a charge of disturbing the peace and creating a scene. At that time, he described some of his activities in connection with the Fair Play for Cuba Committee, the pro-Castro organization.

Oswald was again interviewed by FBI Agents at the Dallas Police Department following his arrest after the assassination of the President. This interview was aimed at eliciting any admissions he might make in connection with the assassination, as well as to obtain any information he might have been able to furnish of a security nature.

FBI headquarters has obtained affidavits from every Special Agent who was in contact with Oswald, as well as affidavits from their respective SACs. These affidavits show that none of these FBI Agents developed Oswald as an informant.

Mr. Henry M. Wade, a former Special Agent of the FBI and currently the District Attorney of Dallas County, Texas, reportedly testified previously to the Commission that he had

heard that Lee Harvey Oswald was an FBI informant with the symbol number "179" and was being paid $200 monthly. As the facts clearly show, this is not true.

Furthermore, the facts refute Mr. Wade's reported statement to the Commission that there is no record maintained in the FBI of informant funds expended or the purposes for which used by the FBI employee to whom they were furnished.

Mr. Wade reportedly stated that he had worked in the FBI's Special Intelligence Service (SIS) and that he was supplied from time to time with various sums of money for which he did not have to account and for which he did not have to obtain any receipts from the persons to whom he disbursed the money.

The emergency conditions that prevailed during World War II when the FBI conducted its SIS program did not permit the tight supervision that prevails currently in the FBI's informant operations. But this is true only in regard to the fact that SIS men necessarily were given the latitude to develop and pay informants on the spot without prior approval from FBI headquarters. Nevertheless, SIS men operated under a control system and adhered to it by advising FBI headquarters of payments made and the identity of the individuals paid. Such payments were supported by receipts in nearly every instance.

Mr. Wade, for example, entered on duty with the FBI on December 4, 1939. On July 6, 1942, he was advanced the sum of $1,075 in connection with an SIS assignment. This was for subsistence and travel in connection with his assignment in Ecuador as well as to provide him with some money with which to establish himself. His passage from New Orleans to Guayaquil, Ecuador, cost over $500 alone. In addition, he was required to make full restitution of the total amount which had been advanced him and subsequently did so. All of his expenditures of the total amount furnished him were substantiated by vouchers he submitted.

Mr. Wade arrived in Ecuador on August 16, 1942. He operated in an undercover capacity with a symbol number, specifically Number 345, and used the code name "James" in signing communications. Within Ecuador, he was referred to as Confidential Informant Number 6.

Although in an undercover capacity, Mr. Wade was required to submit vouchers twice monthly through the Legal Attache's Office in Quito, Ecuador. They were reviewed there and forwarded to FBI headquarters where they were checked prior to approval and the transmittal of funds to Mr. Wade's account.

In his operations, Mr. Wade handled a total of 11 informants. His vouchers clearly identify each expenditure made by him in connection with payments to any one of these informants. In all, Mr. Wade expended a total of $1,433.21 in payments to informants. In addition to identifying each informant paid and indicating the amount paid to each, he complied with the regulations to furnish separately summary data on all informants he was using and an evaluation of their services.

Five of the informants Mr. Wade was operating were the most productive. These five received a total of $1,284.94 in 52 separate payments made by Mr. Wade. Each of these payments was supported by a receipt. Six other payments unsupported by receipts were accounted for by Mr. Wade in vouchers submitted by him.

Mr. Wade left Ecuador on May 2, 1943, and in a letter dated May 25, 1943, submitted his resignation from the FBI. By letter dated June 13, 1943, Mr. Wade sought reinstatement, stating that he had made a mistake in resigning. However, this request for reinstatement was refused since the FBI's request for his deferment under the Selective Service Act already had been withdrawn.

Signed this 6th day of February, 1964, at Washington, District of Columbia

INTERNAL SECURITY - R - CUBA

In line with Mr. Belmont's memorandum of February 7, 1964, the Attorney General was contacted today on his return to the city. He was informed of the affidavit which had been filed by the Director with the Warren Commission denying that Oswald had ever been an informant of the FBI. The detailed facts contained in the affidavit clearly show the false nature of the rumors which have been circulated.

Robert F. Kennedy D.C.

The Attorney General stated he appreciated being advised in this regard and was in accord with the action which had been taken. He noted that there will undoubtedly be continued false rumors concerning the assassination of President Kennedy and it is always a good step to set the record straight.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS

JACK L. RUBY, aka.
LEE HARVEY OSWALD, aka - Victim (Deceased)
ICR

Pursuant to your instructions we have worked out a new procedure to insure the President's Commission has been furnished photographs of every piece of physical evidence received in any of the three captioned cases and/or to furnish photographs of new evidence that we receive. I have coordinated this procedure with Inspector Malley, SAC Shanklin in Dallas and Supervisor Lenihan in the Domestic Intelligence Division.

Henceforth as any new evidence is received in the Laboratory, subjected to examination and Laboratory report submitted, the Laboratory report will be directed to Dallas. Four 8 x 10 photographs will be furnished to Dallas along with Laboratory report. The photographs will have been assigned a listing number in the Laboratory and this number will appear on the photographs so that our master list of photographs furnished to the Commission will be complete. Dallas will be instructed to incorporate results of the Laboratory examination in an investigative report and attach three photographs to three copies of each investigative report. One photograph will be attached to the copy of the report that bears the SAC's initials and will eventually be the Bureau file copy. Dallas will flag the other two reports to which photographs are attached as "Commission" copies and in this manner the Commission will receive the photographs along with the report that sets forth the investigation to which the photographs pertain. The fourth photograph furnished to Dallas will serve as Dallas's file copy. Domestic Intelligence Division and the Investigative Division will be furnished copies of our outgoing Laboratory report along with duplicate photographs of those being transmitted to Dallas.

Memorandum to Mr. Conrad
Re: Lee Harvey Oswald

With respect to physical evidence currently being sent to the Bureau pursuant to field-wide instructions, it would be undesirable if photographs were transmitted to the Commission before the Commission had received results of investigation which pertained to such photographs. In furnishing photographs to the Commission in the future we will be alert to insure no photographs are sent from the Laboratory if the investigation pertaining to such photographs has not already been incorporated in an investigative report. If such investigation has been previously reported, we will transmit the photographs to the Commission under cover of letter as we have done in the past.

If we are unable to determine readily whether investigation which relates to a particular photograph has been incorporated in an investigative report, we will send four copies of the photograph to Dallas with a request that Dallas determine whether the investigation has been reported. If no investigative report has been submitted, Dallas will submit one and attach photographs as exhibits as indicated above. If the report has been previously submitted, Dallas will prepare a letterhead memorandum suitable for dissemination identifying the report in which the pertinent information is set forth and will attach three of the photographs as exhibits. The Seat of Government Supervisor will then disseminate the letterhead memorandum with exhibits attached.

There will be a number of instances when the Laboratory, as repository only of the physical evidence, has not conducted any examination of such evidence. In those instances, if the evidence has been referred to and described in an investigative report, the Laboratory will furnish the photograph to the Commission by letter. If it has not or we cannot determine readily, we will send photographs to Dallas and Dallas will resolve the problem in accordance with the above-described arrangements.

Synopsis: JOHN HOWARD BOWEN states he rode on bus from Nuevo Laredo, Mexico, to Mexico City, Mexico, 9/26-27/63, and sat next to unidentified young man whom he was unable to identify as subject OSWALD. BOWEN claims to be itinerant Baptist preacher for past 50 years, traveling extensively in the United States, and for past 20 years in Mexico. He claims he has never been to any other foreign countries, other that Bermuda. BOWEN acquainted with ALBERT OSBORNE, from Canada, who is about his same size and age, and who is also itinerant Baptist preacher or missionary who has traveled in Mexico, and who was reportedly in that country in December, 1963, and January, 1964.

FD-302 (Rev. 1-25-60)

FEDERAL BUREAU OF INVESTIGATION

Date 2/11/64

JOHN HOWARD BOWEN was interviewed February 8, 1964, and he furnished the following information:

BOWEN advised that he has been in the Russellville, Alabama, area, speaking at various rural Baptist churches, and has been residing at the residence of WYLIE UPTAIN, Rural Route, Russellville, Alabama. He stated he intended leaving the Russellville, Alabama, area February 11, 1964, en route back to Laredo, Texas, by way of New Orleans, Louisiana.

BOWEN stated to the best of his knowledge, he was born at Chester, Pennsylvania, on January 12, 1885, and his father's name was JAMES A. BOWEN, and his mother was EMILY BOWEN. He did not know his parents, but he was reared in an orphranage in Philadelphia, Pennsylvania. His grandmother, SARAH HALL, participated to a limited extent in giving him guidance and shelter during the early years of his life. His grandmother and relatives are all deceased, and he has no known relatives of any kind.

BOWEN attended elementary school intermittently in the Philadelphia, Pennsylvania, area, but took correspondence courses and has completed the equivalent of about two years of college. He also took a correspondence course in theology, which he completed in about 1914. About fifty years ago, he was ordained as a minister by the Plymouth Brethren Church, in Trenton, New Jersey, and about forty-five years ago, he was ordained as a minister by the Northern Baptist Convention at Binghamton, New York. He also is recognized as an ordained minister by the Missionary Baptist Convention and he currently considers himself associated with that church body.

BOWEN stated he considers himself an itinerant gardner and preacher. He was formerly a member of the First Baptist Church at Knoxville, Tennessee, and more recently was a member of the First Baptist Church at Laredo, Texas. He has visited and worshiped at the latter church intermittently for the past twenty years.

On 2/8/64 at Florence, Alabama File # BH 105-908

by SA ERVIN B. BRUNINGA:ela Date dictated 2/10/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

About thirty years ago, BOWEN applied for a job as a juvenile counselor, with the Tennessee Valley Authority at Knoxville, Tennessee, and recalled that he was fingerprinted on that occasion. From about 1929 to about 1934, BOWEN worked with juvenile delinquents for the City of Knoxville, Tennessee. While doing this work, he became well acquainted with Dr. A. D. MUELLER, who is now associated with the Veterans Hospital in Memphis, Tennessee, and lives at 4035 Tutwiler Road, Memphis, Tennessee. He also became well acquainted with Miss MARY ELLIOTT, who is a prominent social worker in the Knoxville, Tennessee, area.

BOWEN states since becoming ordained about fifty years ago, he has traveled extensively in the United States, particularly in the Stanton, Virginia, area, and in the Southern part of the United States, as an itinerant Baptist minister. During the past twenty years, he has also made numerous trips as an itinerant Baptist minister throughout Mexico. He stated he has never been to Canada or England or any other foreign country, except in about 1939, he once visited Bermuda. On these itinerant preaching tours, he resides in the homes of the host pastor, and he moves from place to place frequently. He considers his home to be the St. Anthony Hotel, Laredo, Texas, and he is well known there by the manager OSCAR FERRINA. He has been residing at that hotel intermittently for the past twenty years, and has made trips to Mexico for the past twenty years as an itinerant preacher.

BOWEN stated he has no passport, but carries for identification purposes, the following items:

Social Security Card in the name of JOHN HOWARD BOWEN, Social Security Number 449-36-9745.

Texaco Company Credit Card #T-11372, in the name of J. H. BOWEN, P. O. Box 3042, Knoxville, Tennessee.

Gold Star Insurance Company Card, Policy Number N3176.

Card from Laredo National Bank, in the name of JOHN HOWARD BOWEN, 920 Salinas Avenue, Box 308, Laredo, Texas, Account Number 10-7400-1.

BOWEN stated that in 1956, he contacted an unrecalled attorney in Philadelphia to apply for Social Security. This attorney experienced great difficulty in obtaining a date of birth for him. The attorney was not able to completely verify his birth, but furnished him with a card reflecting the following data:

Name:	JOHN HOWARD BOWEN
Born:	January 14, 1880
Father:	JAMES A. BOWEN
Mother:	EDITH MONTGOMERY
Place of Birth:	Chester, Pennsylvania
File Number:	D-869-1880
Filed:	March 6, 1956

The above card bore the signature of a person which appeared to be ERWIN F. WATKINS, as the person who executed the birth data form. BOWEN stated he doubted if the above was exactly correct, but it was the best birth data which the attorney could obtain through unknown sources. He could not recall the name of this attorney, and was not certain if WATKINS was his name or not. BOWEN stated he had been unable to obtain Social Security benefits because of his inability to obtain correct birth data.

BOWEN states that in about 1958, he was residing at the Reece Hotel, Oaxaca, Mexico, and also residing in that same hotel was ALBERT OSBORNE, who was a retired itinerant Baptist minister from Canada. OSBORNE was about 70 years of age, 5'8" tall, 190 pounds, hair gray and balding, and had an English or Scottish accent. BOWEN acknowledged that OSBORNE was about his same size and age.

A census of some type was then being taken by Mexican authorities, and BOWEN was unable to locate his identification papers. He therefore borrowed the identification papers of OSBORNE on that occasion, and exhibited them to the Mexican authorities. He thereafter returned these papers to OSBORNE. He later found his own identification papers, and states he has never before or since claimed to be anyone other than JOHN HOWARD BOWEN.

BOWEN stated he next saw OSBORNE in about the Spring of 1961 or 1962, at the Railway Express Company Office in Mexico City, Mexico. He pointed out he corresponds occasionally with OSBORNE, but has not seen him since the above occasion. He recalled having heard through friends in Mexico that OSBORNE was traveling in Mexico as an itinerant Baptist preacher in December, 1963, and January, 1964, but he was planning on returning to Canada, and possibly taking upon residence in the vicinity of Vancouver, Canada.

BOWEN observed a photograph of a man standing in front of a castle-like building, holding what appeared to be a camera, and he identified that person as being ALBERT OSBORNE. BOWEN explained that he has a copy of that same photograph, which was sent to him by OSBORNE, and it apparently was taken during a trip to England or Scotland.

BOWEN also observed a photograph of a man in a zippered jacket and a helmet, and identified that as being a photograph of himself, which had been taken about twenty years ago at Veracruz, Mexico.. BOWEN stated that ALBERT OSBORNE has traveled in the same areas in Mexico as an itinerant Baptist preacher, and OSBORNE has stayed at the two independent churches in Texmelucan, Mexico, where the churches maintain a home for ministers. These churches also distribute food for children from destitute families. He explained that it was entirely possible persons might confuse him with OSBORNE, because they are both itinerant Baptist preachers, are about the same size and age, and both travel extensively in Mexico.

BOWEN stated he was not interviewed in Mexico at Texmelucan or anywhere else by the FBI, regarding OSBORNE or subject OSWALD. He pointed out when he came to Laredo, Texas, recently, he learned that the FBI had been making inquiries there regarding his recent trip to Mexico. He stated that he thereafter looked through his papers and files at Laredo, and learned that he had made a trip by bus from Nuevo Laredo, Mexico, to Mexico City, on September 26-27, 1963.

BOWEN explained that at the bus station in Nuevo Laredo, Mexico, at about 3:30 P.M., September 26, 1963, he boarded a bus en route to Mexico City, and signed his own name, JOHN HOWARD BOWEN, to the roster of passengers. He sat in the third seat from the front on the right side. A young man who apparently boarded the bus at the same time sat in the seat adjacent to him. He described this person as follows:

Sex:	Male
Race:	White
Age:	29
Height:	5'8"
Weight:	150 pounds
Hair:	Blond and thin
Complexion:	Dark

He explained this passenger had a small zipper bag which he placed in the rack above his feet. He did not talk to this person or hear him speak to anyone else on the bus. He presumed this person was Mexican or Puerto Rican, because he was dark complected and did not appear to be an American. He recalled that directly in front of him was a man and a woman who were about sixty years of age. The man was retired from the Bermuda Police Department, and he apparently had been traveling extensively since his retirement. BOWEN recalled that two Mexican women and a small child occupied the seat directly behind him. He could not recall who the other passengers might have been on the bus. He did recall that the bus was fully occupied when it left Nuevo Laredo.

BOWEN stated the young man sitting next to him went to sleep shortly after getting on the bus, and did not converse with him or anyone else. At about 4:30 or 5:00 P.M. on September 26, 1964, the bus stopped for a lunch stop at Sabinas Hidalgo, Mexico. This young man went to the restroom and ate a lunch at the bus station. When he returned to the bus, he went to the rear of the bus where he reclined on a rear seat and went to sleep.

BOWEN stated he did not recall seeing the above person again during the trip to Mexico City, and has not seen him before or since that time. He did not know where the above person got off the bus. BOWEN stated he does not recall having specifically seen a particular photograph of subject LEE HARVEY OSWALD, but is rather certain he had seen some newspaper photographs of him. He stated he does not feel that the above person was identical to LEE HARVEY OSWALD, because the above person was quite dark complected and appeared to be a Mexican or Puerto Rican.

BOWEN stated he arrived in Mexico City on the above bus about 9:30 AM., September 27, 1963. He thereafter boarded another bus in Mexico City, and went to Puebla, Mexico, where he resided at the St. Augestine Hotel. The next day, he boarded a night train at Puebla and traveled to the Railroad Hotel in Jesus Carranga, which is north of Juchitan, Mexico. He remained in this area for about one week, contacting various native ministers, and delivering Bibles to them. He preached some in Juchitan, and Tehuantepec, area. He then returned to the area of Puebla, Mexico, where he resided with various persons connected with Baptist churches in that vicinity. He then traveled back to Laredo, Texas, in about the middle of November, 1963. While in Mexico City, he usually resides at the Canada Hotel Annex, which is on Cinco De Mayo Street. BOWEN stated at no time on this trip did he again see the above mentioned person who had been on the bus with him from Nouvo Laredo.

BOWEN stated he intends to travel from the Russellville, Alabama, area, to Laredo, Texas, by way of New Orleans, and expects to be at the St. Anthony Hotel, Laredo, Texas, about February 15-17, 1964, where he will remain indefinitely. He stated that at Laredo, he could locate the bus ticket which would verify the date of the above mentioned trip into Mexico in September, 1963. He stated he may also have there correspondence from ALBERT OSBORNE.

BOWEN stated he has never taught school, has never been to any foreign countries, other than Mexico and Bermuda. He stated he has never written a book, knew nothing about the Lisbon earthquake of 1775. He could not recall seeing any American girls on instant bus, and knew of no one on the bus who might have talked to the young man sitting in the seat adjacent to him.

BOWEN stated he definitely is not identical to ALBERT OSBORNE, and with the one exception, he has never posed as ALBERT OSBORNE. BOWEN stated he would cooperate fully in this matter. He volunteered to have his photograph and fingerprints taken on this occasion.

BOWEN furnished the following descriptive data regarding himself:

Name:	JOHN HOWARD BOWEN
Sex:	Male
Race:	White
Date of Birth:	January 12, 1885
Place of Birth:	Chester, Pennsylvania
Height:	5'8"
Weight:	190 pounds
Hair:	Gray and thin
Eyes:	Blue
Build:	Heavy
Complexion:	Medium
Scars and Marks:	Small round sore or scar on right temple.

Dear Mr. Rankin:

Reference is made to our letter dated February 11, 1964, setting forth results of our interview with Lonnie Hudkins, reporter for the Houston "Post" on February 8, 1964.

You will note that on page two of our February 11, 1964, letter to you we reported that Mr. Hudkins was questioned at length in an attempt to ascertain his source that Oswald was an FBI informant, but that Mr. Hudkins refused to divulge his source or to furnish a signed statement. We also reported that according to Mr. Hudkins, the only other information he had heard that Oswald might be a symbol number informant was from "Joe Golden," a reporter for the "Philadelphia Inquirer," who was in Dallas in late December, 1963.

We further advised that we had previously interviewed Mr. Joseph Goulden, a reporter for the "Philadelphia Inquirer," in connection with an article Mr. Goulden reported in the December 8, 1963, issue of the "Philadelphia Inquirer," wherein he alleged that Lee Harvey Oswald at one time had been contacted by the FBI to become an informant. Mr. Goulden claimed he obtained this information from a law enforcement officer in Dallas whom he declined to identify.

We reinterviewed Mr. Joseph Goulden on February 11, 1964, at which time we told Mr. Goulden that Lonnie Hudkins alleged that he had received information from Mr. Goulden to the effect that Oswald might be a symbol number informant.

Honorable J. Lee Rankin

Mr. Goulden admitted knowing Mr. Hudkins and stated that he had been visited by Hudkins in Philadelphia, December 1, 1963. Mr. Goulden stated that at the time of this visit with Hudkins he had not yet been to Dallas to write the assassination story. He added that any discussion he had with Hudkins regarding the Oswald case would have concerned Hudkins' on-the-scene account of the assassination and what Goulden had heard and read in Philadelphia.

Mr. Goulden stated he did not recall any conversation with Hudkins regarding the possibility that Lee Harvey Oswald was an FBI informant.

The above is for your additional information in this matter.

Sincerely yours,

J. Edgar Hoover

FEDERAL BUREAU OF INVESTIGATION

Date February 12, 1964

JOSEPH GOULDEN, Reporter, "Philadelphia Inquirer," advised that he and LONNIE HUDKINS, religion reporter for "Houston Post," several years ago both covered the courthouse beat in Dallas and as a result became associated in their work and also socially. HUDKINS was in Philadelphia in early December 1963 covering the Convention of the National Council of Churches. While here, HUDKINS was at the GOULDEN residence for dinner and a social evening. This conversation between GOULDEN and HUDKINS occurred prior to the time that GOULDEN went to Dallas, Texas, to write a story for the "Inquirer" regarding the assassination of President KENNEDY. Up to this time, GOULDEN had no direct, first-hand knowledge of the assassination and was aware of the assassination only from news media in Philadelphia.

HUDKINS had covered the assassination story in Dallas for his paper, the "Houston Post," and they did discuss the assassination. GOULDEN said he did not recall that they discussed the possibility of OSWALD's having been an informant of the FBI; however, they did discuss many phases of the case. He also pointed out that anything he (GOULDEN) might have said about the matter would have been based on what he had heard or read in Philadelphia.

[redacted] PSI, Milwaukee Division, advised on February 3, 1964 that a meeting took place on 1/31/64 at the store of NICK TOPPING located at 736 North 2nd Street, Milwaukee, Wisconsin. This meeting was apparently planned by members of the Citizens for Peace and Disarmament (CPD) in the Milwaukee area and was chaired by RALPH SACKS, a current member of the Communist Party of Wisconsin (CPW).

SACKS advised those present that a Milwaukee group would sponsor the appearance of Attorney MARK LANE, who was hired by Mrs. OSWALD, the mother of LEE HARVEY OSWALD, to clear her son's name. He stated that the sponsoring group for LANE's appearance could call themselves "The Milwaukee Friends of the National Guardian". He did not feel that the appearance would be profitable, monitarily speaking, but in the event that some profit was realized, it would be forwarded to the "National Guardian."

The group discussed the possible mailing of letters advertising LANE's appearance and hoped to get other publicity through student newspapers as well as the Milwaukee press. Halls holding six to eight hundred people were discussed as possible sites for the meeting, which should take place on or about February 17, 1964. Of the group of approximately 13 who were present, the majority have participated in CPD functions in the past. The meeting held at TOPPING's store received no publicity other than that the 1/31/64 meeting was the subject of a CPD discussion the previous night.

LEE HARVEY OSWALD

On February 10, 1964, Mrs. Ruth Paine, 2515 West 5th Street, Irving, Texas, furnished a representative of the FBI the following information:

From an examination of a photograph of her calendar for 1963, previously made available to the FBI, she was able to place her visit with Marina Oswald as being on April 11, 1963, due to the notation on the date of April 10 of Marina's name spelled in Russian, followed by an arrow to April 11, 1963, indicating to Mrs. Paine that the eleventh was the date she and Marina visited and that either the notation was originally put down by her on the wrong date, or that a tentative date for their visit was changed to a day later.

She advised that she does not recall Marina being nervous on April 11, 1963, and does not recall anything indicating that Marina was aware of any action by her husband Lee Oswald such as firing a shot at General Edwin A. Walker. Marina definitely did not discuss such an occurrence or the purchase of a rifle by Lee Oswald, on this date, or at any other time, with Mrs. Paine.

Mrs. Paine examined a photograph of her calendar for the month of March, 1963, and identified two notations at the top of the page as being entries made by her. One is a five-pointed star followed by "LHO purchase of rifle" and the other in the left-hand corner reads "OCT 23". The first indicates that Lee Harvey Oswald purchased a rifle, and the matching star on the date of March 20 indicates that this was the date of purchase. Mrs. Paine

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

stated that she made this notation after the assassination and after she heard on television the statement that the rifle used to shoot President John F. Kennedy was purchased by Oswald on March 20, 1963. Mrs. Paine then went back to her calendar and put the notation on the calendar to determine where it fitted in her acquaintanceship with Lee and Marina Oswald. The word "Marina" was already in the block for March 20, 1963, having been entered by Mrs. Paine in March, 1963, denoting a date on which she saw Marina Oswald.

Mrs. Paine cannot recall the significance of the entry reading "OCT 23" but believes it relates to the other entry reading "LHO purchase of rifle". She recalls that she thought about differentiating between the note put on the calendar after November 22, 1963, and the notes which were placed on the calendar in March, 1963, and now believes that she erroneously put "OCT 23" instead of "NOV 23" provided November 23, 1963, is the night that the information concerning the date Oswald purchased the rifle was released on news telecasts. She advised that it seems to her that it had been after November 23, 1963, that this information was released on television but that she might have been mistaken in this recollection, recalling now that November 22 and 23, 1963, were filled with many events.

Two photographs of Albert Osborne, also known as John Howard Bowen, were shown to Mrs. Paine and she advised that she has never seen this person before and has never heard either name to the best of her recollection.

On September 23, 1963, Mrs. Paine and Marina Oswald left New Orleans, Louisiana, in Mrs. Paine's station wagon taking with them many of the personal possessions of Marina and Lee Oswald. Lee Oswald loaded the station wagon and remained in New Orleans.

On arriving at the Paine residence in Irving, Texas, on September 24, 1963, Mrs. Paine and Marina Oswald unloaded the station wagon placing the Oswald possessions in the attached garage at the Paine residence. There were two duffle bags which were too heavy for them to remove. They left these in the station wagon and Michael Paine, husband of Ruth Paine, moved them into the garage at a later time.

Sometime in October, 1963, after Lee Oswald had arrived in Dallas, Texas, and about the time he went to work for the Texas School Book Depository, Mrs. Paine first recalls seeing a package consisting of something in a green and rusty-brown camping-type blanket. This package was about forty-eight inches in length and about eight or nine inches in diameter. It was tied in three or four places with string so that it would not come unwrapped and was tucked in at the ends. When she first recalls it, this package was lying on the floor of the Paine garage near the workbench and band saw which was against the west wall in the garage. The package was lying flat on the floor and Mrs. Paine did not pick it up.

Mrs. Paine cannot definitely account for this package being in her garage but it is her opinion that it was probably with the household goods of the Oswald's which she brought from New Orleans in her station wagon. She does not believe that she handled this package and does not recall seeing it at the time of the move. She is rather definite that she did not pick up such a package and put it in her garage and if this package was in her station wagon, she believes that either Marina Oswald moved it into the garage or that it was in one of the duffle bags which were too heavy for her and Marina to move. She stated that there is a possibility that Lee Oswald might have brought the package into her garage after returning to Dallas in the early October, 1963, but if this were true, she does not know where he could have stored it prior to this time and knows that he did not bring this package with him when he first came out to the Paine residence after returning to Dallas.

Mrs. Paine advised that at no time did she ever have a discussion with Marina Oswald about Lee Oswald owning a gun, in fact, she recalls that on the afternoon of November 22, 1963, when officers of the Dallas Police Department and Dallas County Sheriff's Office contacted her at her home, they asked if Lee Oswald owned a gun. She told them no, but that most of Oswald's possessions were in her garage. By this time, they had moved into the garage area and Mrs. Paine translated the question about the gun in Russian to Marina Oswald, at which time Marina indicated that Oswald did own a gun. This was the first time that Mrs. Paine had heard anything about Oswald having a gun. Marina then indicated the blanket-wrapped package described above as having the package containing Lee Oswald's gun. At this point, Mrs. Paine was standing on this package in her garage. She moved off of it and the police picked the package up noting it was limp and contained no gun. The package was not unwrapped at the Paine residence but was taken by the police as evidence.

On February 10, 1964, Eddie Barker, News Editor, KRLD-TV, advised a representative of the FBI that he personally recalls that the date March 20, 1963, was the date Lee Harvey Oswald ordered the rifle used in the assassination of President John F. Kennedy as released in a news conference by Chief of Police Jesse E. Curry, Dallas Police Department, in the early evening of November 23, 1963, and that this information was broadcast on KRLD-TV within a few minutes. Mr. Barker also stated that he recalls hearing this same information and the date March 20, 1963, as the date Oswald ordered the rifle, broadcast on KRLD-Radio around 7:30 or 8:00 PM, November 23, 1963.

On February 10, 1963, an examination of the file copies of editions of the "Dallas Times Herald", Dallas, Texas, by a representative of the FBI reflected the following paragraph in a front-page story of the Sunday, November 24, 1963, edition:

"Chief Curry said the FBI had compared the handwriting on the order of a rifle (dated last March 20) with that of the man accused of murdering the President".

This story indicates the information was furnished by Chief of Police Jesse E. Curry, Dallas Police Department, in the final press conference of the night of Saturday, November 23, 1963.

Reurairtel 2/3/64.

The Laboratory has arbitrarily assigned #D-123 to the four-page handwritten letter in the Russian language with the heading "2515 W. 5th Street, Irving, Texas, December 27, 1963," which is a letter to Marina Oswald from Ruth Paine.

Your airtel of 2/3/64 requested a translation of D-123 (your exhibit DL-31). A translation of D-123 was furnished to your office by Bureau letter of 2/6/64.

There are forwarded herewith four photographic copies of D-123. If an investigative report has been previously submitted regarding exhibit D-123, you should prepare a letterhead memorandum, suitable for dissemination, identifying the report in which the pertinent information is set forth. Two photographs should be attached as exhibits to the two copies of the letterhead memorandum designated for The President's Commission and one photograph should be attached to the copy of the letterhead memorandum which will become the Bureau's file copy. The fourth photograph is for the completion of your file. If no investigative report has been submitted regarding exhibit D-123, then you should prepare an investigative report and attach two photographs as exhibits to the two copies of the investigative report which will be furnished to The President's Commission and attach one photograph to the copy of the investigative report, signed by the SAC, which will become the Bureau file copy.

DETAILS:

AT MEMPHIS, TENNESSEE

The Press-Scimitar, a daily Memphis, Tennessee newspaper in its home issue of January 30, 1964, on Page 40 carried a story written by Staff Writer KAY PITTMAN captioned "OSWALD Was Paid Gunman for CASTRO, Visitor Says." This story commented that one JOHN MARTINO of Miami, Florida had on January 30, 1964, arrived in Memphis for purpose of speaking in Forrest City, Arkansas January 30 and in Memphis January 31, 1964, his speech being sponsored by the "Speakers For America" group. MARTINO was described as an American businessman who had worked in

electronics and who in July, 1959, had allegedly been imprisoned by the CASTRO forces while on a visit to Cuba and had subsequently been imprisoned in Cuba for 40 months. The story claimed that MARTINO had stated that LEE HARVEY OSWALD was paid by CASTRO to assassinate President KENNEDY and further quoted MARTINO as saying, "We know that OSWALD was in Mexico. We know that he left from a clandestine airport in Yucatan for Cuba and was there on the week of October 4, 1963." Miss PITTMAN's story indicated that MARTINO had claimed to be working with the Cuban Underground in the Miami, Florida area and that following his imprisonment in Cuba, MARTINO had written a book, "I Was A Prisoner of Castro."

On February 4, 1964, KAY PITTMAN, Reporter, Press-Scimitar Newspaper, 495 Union Avenue, on interview advised that actually her story concerning her interview with MARTINO on January 30, 1964, was somewhat misleading in that MARTINO did not actually say that he possessed any first-hand or direct information concerning a connection with FIDEL CASTRO by LEE HARVEY OSWALD and did not possess any direct information that OSWALD was paid by CASTRO to assassinate the late President JOHN F. KENNEDY in Dallas, Texas November 22, 1963. Miss PITTMAN stated that actually MARTINO had indicated to her that this information had been received by MARTINO from the "Cuban Underground" which alleged organization he did not further describe.

With regard to her statement in her story relating to MARTINO's claim that OSWALD had gone to Cuba from Yucatan, Miss PITTMAN stated that he told her that he had heard this from his alleged "Cuban Underground" sources.

Miss PITTMAN stated that at no time did MARTINO tell her that he had any first-hand knowledge relating to the assassination of the late President JOHN F. KENNEDY.

On February 4, 1964, Dr. MYRTLE P. WALKER, 3564 Park Avenue, Memphis, Tennessee, advised that on January 31, 1964, JOHN MARTINO stated in her presence that he had been grossly misquoted by Miss PITTMAN in her January 30, 1964, news story and that he had no direct knowledge relating to the assassination of President KENNEDY and had no direct knowledge concerning

LEE HARVEY OSWALD and that he had been merely conjecturing that OSWALD may have been paid by the CASTRO forces to assassinate President KENNEDY. T. 111

On February 4, 1964, CORNELIUS M. WHITAKER, 1788 Peabody, Memphis, who served as Chairman of a "paper group" known as "Speakers For America" for the purpose of bringing MARTINO to Memphis, advised that he had been invited to serve by WILLIAM A. NASH, also known as BILL NASH, West Tennessee representative of "American Opinion" a subsidiary of the John Birch Society. WHITAKER said he was present at the Memphis Municipal Airport January 31, 1964, when KAY PITTMAN interviewed JOHN MARTINO and that he did not recall MARTINO giving any indication that MARTINO possessed any direct knowledge concerning LEE HARVEY OSWALD or any knowledge concerning OSWALD's alleged connection with the CASTRO forces. He did recall Miss PITTMAN asking MARTINO if CASTRO could have hired OSWALD to assassinate President KENNEDY and that MARTINO had, to his recollection, stated that this was possible. WHITAKER could not recall MARTINO making any statement concerning the alleged plane trip to Cuba by OSWALD.

WHITAKER stated that on January 31, 1964, JOHN MARTINO, after reading Miss PITTMAN's story, was extremely upset stating that he had been misquoted by Miss PITTMAN on many facets of her story. WHITAKER stated that based on his limited contact he would appraise MARTINO as a loyal American citizen, a staunch Catholic and a fine Christian gentleman whom he felt was sincerely anti-communist.

On February 5, 1964, WILLIAM A. NASH, also known as BILL NASH, 4420 Powell Street, Memphis, who described himself as the West Tennessee representative of "American Opinion", a subsidiary of the John Birch Society, volunteered that the Speaker's Bureau of America was a temporarily formed "paper group" operating on behalf of the American Opinion Bureau, a clearing house for speakers and educational films operated as a subsidiary of the John Birch Society; that NASH had been responsible for bringing MARTINO to Memphis to speak. NASH added that he as well as MARTINO was most disturbed at the fact that various newspapers

have consistently misquoted JOHN MARTINO. As an example, he claimed that the "Nashville Tennessean", a Nashville, Tennessee daily newspaper in reporting a recent speech by MARTINO in Nashville, described him as "an ex-Cuban felon", when actually MARTINO is a native born United States citizen. NASH added that MARTINO on January 31, 1964, was most perturbed based on KAY PITTMAN's story and he told NASH that such divergent organizations as the FBI and the Communist Party on the other hand would probably be most angry with him for having such statements concerning the assassination of President KENNEDY attributed to him. MARTINO told NASH that he has tried to cooperate with the Federal Government in all areas of its investigation concerning internal security matters and that he had tried to furnish to Governmental agencies such as the FBI all information in his possession concerning possible Pro-Castro activities. NASH described MARTINO's permanent home address as 2326 Alton Road, Miami Beach, Florida.

that he had talked to an employee of the Drott Tractor Works, Wausau, Wisconsin, prior to November 22, 1963. The Drott employee said that a driver from Texas who was delivering steel at the plant made a remark to the effect that if President Kennedy would go to Texas the people of the United States would have to look for another president. NEWMAN furnished a description of the Coca Cola driver.

The following investigation was conducted by SA JOHN T. MC CARRIER:

At Wausau and Schofield, Wisconsin

On February 10, 1964 inquiry at the Coca Cola Bottling Company of Wausau, 1930 Grand Avenue, reflected their truck driver described as a prolific pipe smoker was one HUGO PENN, Route 5, Wausau.

On February 10, 1964 HUGO PENN advised that the Drott Manufacturing Company employee at Schofield, Wisconsin who advised him concerning a conversation involving a Texas truck driver in November, 1963, was PHIL L. SPLITT, shipping clerk.

On February 10, 1964 PHIL L. SPLITT advised that according to comments around the Drott firm which was circulated shortly after the assassination of President Kennedy, a truck driver from Texas in Wausau either delivering or accepting a shipment at the Drott firm had commented, allegedly just before the assassination, to several employees that "if Kennedy goes to Texas the people of the United States will have to look for another president," or words to such effect. Mr. SPLITT stated that he would review pertinent records of his firm in an effort to identify the truck driver who allegedly made such comment.

On February 12, 1964 Mr. SPLITT advised after a review of company invoices and shipping records that to the best of his knowledge the truck driver in question was a C & H Transportation Company driver named O. L. FORAL, O. L. FOREL or O. L. FORD (last name indistinct on the record); on November 20, 1963 this driver loaded a shipment of two crawler type power shovels on a drop deck trailer enroute the Texas Highway Department at El Paso, Texas. Mr. SPLITT believes this truck driver could be located through his employer at 1935 West Commerce Street, Post Office Box 5976, Dallas, Texas.

Dear Mr. Rankin:

Reference is made to your letter dated January 31, 1964, enclosing a carbon copy of a letter addressed to the Attorney General which was sent to Congressman Hale Boggs, a member of the Commission, by Mrs. Lou Wylie Hayes.

Enclosed for your information are three memoranda setting forth the results of interviews with Mrs. Lou Wylie, Mr. Walter Cowan and Miss Connie T. Kaye by Agents of this Bureau, which are self-explanatory. When interviewed on February 6, 1964, Mrs. Wylie advised that she usually uses the name Mrs. Lou Wylie; however, she signed the letter to the Attorney General as Mrs. Lou Wylie Hayes. Mr. Walter Cowan, managing editor of the "New Orleans States-Item," a daily newspaper at New Orleans, Louisiana, advised when interviewed on February 7, 1964, that Mrs. Lou Wylie was known to him as Mrs. Lou Wylie Van Sicklen, as she was previously married and divorced. It is further noted that Mrs. Wylie would give short answers to questions proposed to her and would then attempt to lapse into long discourses about her former newspaper and related activities of twenty-five years ago.

BY COURIER SVC.

COMM-FBI

The records of our New Orleans Office fail to indicate that Mrs. Wylie called the FBI at New Orleans concerning this matter, nor did Agents of the FBI meet Lee Harvey Oswald at the New Orleans airport upon his return from Cuba as alleged by her. Our New Orleans Office has a record of a number of calls having been received from Mrs. Lou Wylie Van Sicklen during World War II relating to national defense matters.

Enclosures (3)

NOTE: Mrs. ~~Hayes~~ Wylie alleged that a person whom she now believes to have been Lee Harvey Oswald sat next to her on a bus in New Orleans during 9/63 (exact date not recalled) at which time he appeared very excited and told everyone on the bus he had just returned from a State Department assignment in Cuba on a U. S. Army plane and had been met at airport in New Orleans by the FBI. The FBI had taken him to a bus stop rather than his home for security reasons. Oswald praised Castro and stated he, Oswald, had now been given "say so" concerning the return of prisoners in Cuba to the U. S. She claimed she had furnished data to local FBI and Walter Cowan, city editor of local newspaper at the time. Bufiles and Walter Cowan fail to confirm Mrs. Hayes' story. Cowan further advised he knew Lou Wylie Van Sicklen, who divorced her husband a number of years ago, as newspaper reporter; however, she frequently gives him "long shot" tips on items which cannot be verified and that as a result of many years of contact with her telephonically he places absolutely no reliance in her information, stating she is always dreaming up wild tales and envisions "skulduggery." No further action appears warranted. WFO has been instructed to disregard lead to contact State and Army concerning this matter, noting previous checks have been made with these Departments concerning Oswald. Separate communication also being furnished Attorney General concerning this matter.

McKenzie told our source that Robert Oswald is to appear before the President's Commission on February 20, 1964.

Mr. McKenzie also told our source that during his contact with Robert Oswald he learned that sometime during the week during which Marina Oswald, wife of Lee Harvey Oswald, testified before the President's Commission, Marina Oswald was forcibly made [redacted] with James Herbert Martin, her business manager. McKenzie also learned from Robert Oswald that Martin and Marina Oswald's attorney, John H. Thorne, had an adjoining room to Marina Oswald's room in Washington, D. C.

volunteered that the dismissal of himself and Martin probably came as a result of "some interplay" between Martin and Marina Oswald.

Mr. Thorne also told us that Marina Oswald is currently residing with Mr. and Mrs. Declan P. Ford, 14057 Brookcrest, Dallas, Texas.

For your added information, we have previously determined that Marina Oswald stayed at the Ford home from November 11, 1962, to November 17, 1962, when she was then separated from her husband, Lee Harvey Oswald. Mrs. Ford was born in Russia and became acquainted with Marina Oswald and her husband Lee Harvey Oswald through Russian emigre groups in the Dallas - Fort Worth, Texas, area.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

A confidential source who is [redacted], confidentially informed this Bureau on February 13, 1964, that he had learned from [redacted] McKenzie, [redacted] attorney in Dallas, that McKenzie had been in contact with Robert Oswald, brother of Lee Harvey Oswald, on February 13, 1964. McKenzie told our source that Robert Oswald is to appear before the President's Commission on February 18, 1964.

Mr. McKenzie also told our source that during his contact with Robert Oswald he learned that sometime during the week during which Marina Oswald, wife of Lee Harvey Oswald, testified before the President's Commission, Marina Oswald was forcibly made [redacted] with James Herbert Martin, her business manager. McKenzie also learned from Robert Oswald that Martin and Marina Oswald's attorney, John H. Thorne, had an adjoining room to Marina Oswald's room in Washington, D. C.

Our source got the impression from Mr. McKenzie that Marina Oswald had dismissed Martin as her business manager and Thorne as her attorney.

For your information, we contacted John H. Thorne on February 16, 1964, to confirm previous arrangements for interview of Marina Oswald by this Bureau on February 17, in matters of interest in the Lee Harvey Oswald investigation. At this time Mr. Thorne advised us that he had received a

registered letter from Marina Oswald dismissing him as her attorney. He also stated that Mr. Martin had also received a letter from Marina Oswald dismissing Martin as her business manager. Mr. Thorne volunteered that the dismissal of himself and Martin probably came as a result of "some interplay" between Martin and Marina Oswald.

Mr. Thorne also told us that Marina Oswald is currently residing with Mr. and Mrs. Declan P. Ford, 14057 Brookcrest, Dallas, Texas.

For your added information, we have previously determined that Marina Oswald stayed at the Ford home from November 11, 1962, to November 17, 1962, when she was then separated from her husband Lee Harvey Oswald. Mrs. Ford was born in Russia and became acquainted with Marina Oswald and her husband Lee Harvey Oswald through Russian emigre groups in the Dallas - Fort Worth, Texas, area.

Results of our interviews with Mr. and Mrs. Declan P. Ford are set out on pages 253 through 261 of the report of Special Agent Robert P. Gemberling dated November 30, 1963, at Dallas, Texas, in the Lee Harvey Oswald matter. Two copies of this report have previously been furnished to the Commission.

Sincerely yours,

J. Edgar Hoover

O
Lee Oswald

I returned an earlier call from Honorable J. Lee Rankin, General Counsel of the President's Commission on the Assassination of President John F. Kennedy. Mr. Rankin stated he wanted to thank me for sending the [illegible] message about Mrs. Marina Oswald up by courier and for getting it to them so promptly. I stated I thought he ought to know about it.

Mr. Rankin commented that it does not make their problems any easier, nor ours either, but the Commission felt that the Secret Service had a special problem here or right to make inquiry in the first instance because of the fact it was not clear whether this could have happened while they were supposed to have her under surveillance, and, furthermore, they asked if before referring it back, they could not check it out to see if it happened while their people were on duty. Mr. Rankin stated Secret Service did do this and they talked to her and she said it was not a forceful act, that she consented to it. They also learned a curious thing in that she said she called Mrs. Martin and told her about it. She also said it happened after the surveillance was over and that the Secret Service people, which I may not have known, were in that room and then they moved out and John W. Thorne moved in and James Herbert Martin moved in later, and it was during that period that it occurred and she also told Secret Service that Robert Oswald found out about it and he was complaining about her staying here in Washington that long so he practically ordered her to get back to Dallas. Then she went back to Dallas and was staying at Martin's and Robert Oswald was asking her how everything went and he got her away from there, but apparently she did not tell him, and he got her to his house and then got this other counsel and fired Thorne and Martin. Mr. Rankin said they are asking us to check the whole thing out and get affidavits, et cetera, on the thing and a letter is being sent to us. Mr. Rankin said this is what she has told the Secret Service and it presents all kinds of problems as to what she is up to and what Martin was up to.

Memorandum for Messrs. Tolson, Belmont, Mohr, Evans, DeLoach

I stated that Thorne in the conversation we had with him on the 16th claimed he received a registered letter from her dismissing him as her attorney and Martin also received a similar letter from her dismissing him as her business manager. I continued that Thorne volunteered that the dismissal of him and Martin probably was as a result of some interplay between Martin and her.

Mr. Rankin asked if there was any indication that had gone on before, and I stated there was not, but we have not at any time had her in our custody or under surveillance, so we did not know. I stated she is living now, according to Thorne, with some people named Ford in Dallas.

Mr. Rankin stated that Mr. Forrels (phonetic) of Secret Service is down in Dallas and was the one who went out to see Mrs. Oswald and our people may want to talk to him. Mr. Rankin also stated that he had told Mr. Kelly of Secret Service and our people may want to talk to him. Mr. Rankin further stated that he is sending us a letter, but he wanted to tell me of their appreciation for the message. I told Mr. Rankin we would get on it as soon as his letter is received.

TO : Mr. A. H. Belmont

DATE: 2-5-64

FROM : Mr. W. C. Sullivan

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

In accordance with the Director's request, we have prepared the enclosed affidavit incorporating facts which clearly refute the allegation that Lee Harvey Oswald was an FBI informant and which also refute testimony given to the President's Commission by Mr. Henry M. Wade that (1) the FBI does not account for money paid to informants and (2) Wade, while serving in the FBI's Special Intelligence Service (SIS), was provided with funds to pay informants and was not held accountable for the money.

The affidavit is sound and constitutes an unequivocal refutation of the false allegations. The Director may desire to use this affidavit in connection with an appearance before the President's Commission.

RECOMMENDATION:

That the enclosed affidavit be forwarded to the Director. This affidavit should be dated when executed.

ENCLOSURE

ADDENDUM, 2/5/64 (AHB:csh) -
Please note this affidavit goes into detail as to Wade's activities in SIS. The purpose is to show that our records, even 20 years ago, show accountability for monies expended. I wonder, however, if we don't labor this too much, as it fills two pages of a 4-page affidavit. Also, we mention the country where Wade was assigned undercover, namely Ecuador. Possibly this will raise a fuss in Ecuador and South America. I suggest we eliminate the name of the country.

Re: Lee Harvey Oswald, IS-R-Cuba

Addendum, continued:

In addition, this affidavit goes into detail, i.e., that headquarters must authorize the field to develop an informant; he is given a permanent symbol and code name; headquarters must authorize payments; and receipts and vouchers are submitted by the field to headquarters. In Federal Court trials against the Communist Party and individual communists, the defense has repeatedly made every possible attempt to explore our handling of informants and get its hands on our records, under the Jencks decision, etc. This public affidavit may provide the basis for the defense to demand further records, such as our vouchers or blue slips and all correspondence between the Bureau and our field offices dealing with the development and handling of an informant who is used as a witness.

I suggest we show this proposed affidavit to Assistant AG Yeagley to see whether it would provide a basis for the defense to demand and secure such Bureau records at a trial. If he thinks it will result in such action, it is suggested we rewrite this affidavit to make it as strong as possible and yet eliminate such particulars.

A. H. Belmont

I think affidavit is adequate & don't want to quibble with Commission re it & make. Prepare it for notarizing & date it & mail original. It should then be transmitted & Rankin relying on his conference with me. ?

I, J. Edgar Hoover, Director of the Federal Bureau of Investigation, do hereby swear and depose that Lee Harvey Oswald was never an informant of the FBI, was never assigned a symbol number in that capacity, and was never paid any amount of money by the FBI in any regard.

Such a statement can be made authoritatively and without equivocation because of the close supervision FBI headquarters affords its security informant program and because of the safeguards established to insure against any abuse or misuse of the program.

FBI field offices cannot proceed to develop anyone as a security informant without authorization from FBI headquarters. An informant is assigned a permanent symbol number and code name to afford him security. The informant never knows the symbol number assigned to him. It is a number permanently assigned to him, and the same number cannot be used again by the field office under any circumstances for any other individual. The individual also is given a fictitious or cover name by the field office which he, of course, is made aware of, and he affixes it to his communications with the office. Every symbol number and code name is indexed here at FBI headquarters.

If the services of an informant warrant payment on a regular basis, the field offices must also obtain authorization from FBI headquarters to make such payments.

Special Agents in Charge (SACs) of our field offices are authorized to make payments to individuals not utilized on a regular basis as informants, but here too FBI headquarters controls this by limiting the amount an SAC can pay to any one individual in this category. FBI headquarters maintains control of such payments as they must be accounted for by the field offices at the end of each month through the submission of a detailed accounting to headquarters.

Had any of our offices made payments to Lee Harvey Oswald under the SAC's authority, these would have been shown in the receipts and vouchers submitted by each office. These records have been checked and no such payment was ever made.

ENCLOSURE

Had Oswald been assigned a symbol number, this would be a matter of record not only by number but also by name. As a matter of fact, we can identify every symbol number used, past or present. Oswald could not have been assigned such a symbol number without approval by FBI headquarters. There is no record of any such request by any field office and no record of any such approval.

The only contacts FBI Agents had with Oswald prior to the assassination of President Kennedy involved three interviews FBI Agents had with him. The first was on June 26, 1962, at Fort Worth, Texas, shortly after his return home from the Soviet Union. The purpose was to assess the possibility of his having been given intelligence assignments by the Soviets. The second, on August 16, 1962, was in the same connection. The third was at his specific request on August 10, 1963, following his arrest in New Orleans the preceding day on a charge of disturbing the peace and creating a scene. At that time, he described some of his activities in connection with the Fair Play for Cuba Committee, the pro-Castro organization.

Oswald was again interviewed by FBI Agents at the Dallas Police Department following his arrest after the assassination of the President. This interview was aimed at eliciting any admissions he might make in connection with the assassination, as well as to obtain any information he might have been able to furnish of a security nature.

We have obtained affidavits from every Agent who was in contact with Oswald. In addition, we also have secured affidavits from their respective SACs. These affidavits show that none of these FBI Agents developed Oswald as an informant.

I have been advised that Mr. Henry M. Wade, a former Special Agent of the FBI and currently the District Attorney of Dallas County, Texas, previously testified to the Commission that he had heard that Lee Harvey Oswald was an FBI informant with the symbol number "179" and was being paid $200 monthly. As the facts clearly show, this is not true.

Furthermore, the facts refute Mr. Wade's reported statement to the Commission that there is no record maintained in the FBI of informant funds expended or the purposes for which used by the FBI employee to whom they are furnished.

Mr. Wade reportedly stated that he had worked in the FBI's Special Intelligence Service (SIS) and that he was supplied from time to time with various sums of money for which he did not have to account and for which he did not have to obtain any receipts from the persons to whom he disbursed the money.

The emergency conditions that prevailed during World War II when the FBI conducted its SIS program did not permit the tight supervision that prevails currently in our informant operations. But this is true only in regard to the fact that SIS men necessarily were given the latitude to develop and pay informants on the spot without prior approval from FBI headquarters. Nevertheless, SIS men operated under a control system and adhered to it by advising FBI headquarters of payments made and the identity of the individuals paid. Such payments were supported by receipts in nearly every instance.

Wade, for example, entered on duty with the FBI on December 4, 1939. On July 6, 1942, Wade was advanced the sum of $1,075 in connection with an SIS assignment. This was for subsistence and travel in connection with his assignment in Ecuador as well as to provide him with some money to finance his operations. His passage from New Orleans to Guayaquil, Ecuador, cost over $500 alone. In addition, he was required to make full restitution of the total amount which had been advanced him and subsequently did so. All of his expenditures of the total amount furnished him were substantiated by vouchers he submitted.

Wade arrived in Ecuador on August 16, 1942. He operated in an undercover capacity with a symbol number, specifically Number 345, and used the code name "James" in signing communications. Within Ecuador, he was referred to as Confidential Informant Number 6.

Although in an undercover capacity, Wade was required to submit vouchers twice monthly through the Legal Attache's Office in Quito, Ecuador. They were reviewed there and forwarded to FBI headquarters where they were checked prior to approval and the transmittal of funds to Wade's account.

In his operations, Wade handled a total of 11 informants. His vouchers clearly identify each expenditure

MAIL ROOM ☐ TELETYPE UNIT ☐

made by him in connection with payments to any one of these informants. In all, Wade expended a total of $1,438.21 in payments to informants. In addition to identifying each informant paid and indicating the amount paid to each, he complied with the regulations to furnish separately summary data on all informants he was using and an evaluation of their services.

Five of the informants Wade was operating were the most productive. These five received a total of $1,284.94 in 52 separate payments made by Wade. Each of these payments was supported by a receipt. Six other payments unsupported by receipts were accounted for by Wade in vouchers submitted by him.

Wade left Ecuador on May 2, 1943, and in a letter dated May 25, 1943, submitted his resignation from the FBI. By letter dated June 13, 1943, Wade sought reinstatement, stating that he had made a mistake in resigning. However, this request for reinstatement was refused since the FBI's request for his deferment under the Selective Service Act already had been withdrawn.

In connection with the inquiry of the Commission, we thought that you might be interested in the attached summaries, which deal with two other United States citizens who went to Russia and returned to the United States.

Both of these individuals, Libero Ricciardelli and Robert Edward Webster, have advised that at no time did the Soviets attempt to obtain classified information from them or to recruit them for intelligence work in the United States.

LIBERO RICCIARDELLI

Libero Ricciardelli lived in Russia from February, 1959, until June, 1963, along with his wife and three children. On his return to the United States, he was interviewed by Agents of this Bureau and furnished information concerning himself and his life in Russia. A summary of these interviews is set forth as follows.

Ricciardelli was born in Needham, Massachusetts, June 18, 1917, and was educated through the tenth grade. After serving in the United States Army Air Corps from 1942 to 1947, he was demobilized and became a plasterer. He married in 1944 and has three children born in 1946, 1948, and 1950.

In 1953 Ricciardelli was having domestic problems and when his wife refused to visit a psychiatrist, he began unsupervised reading in the fields of psychology and philosophy. As a result, he decided to take his wife and three children on a visit to Russia, a socialistic state. They traveled to Russia February, 1959, on round-trip tickets.

After arriving in Moscow, Ricciardelli ran out of money in a short time and then became hospitalized for a period of 21 days. When he returned from the hospital arrangements were made with the International Red Cross for financial assistance. Ricciardelli stated that during the next few months his family problems, mental worries, and poor health caused him to become mentally disturbed. Finally, his wife stated that she was going to return with the children to the United States and at this time Ricciardelli decided to stay in Russia. By this act he felt that he was cutting away from the past and was also making certain that his children would be given an education. He requested that he be sent to a climate more beneficial to his health and he was sent to Kiev. His wife and children refused to accept Soviet passports.

ENCLOSURE

Libero Ricciardelli

In the Summer of 1960 Ricciardelli was on vacation in a Russian Government vacation resort. One night he stayed out of the hotel after midnight and found himself locked out. When he attempted to climb the wall and enter the hotel by the balcony, he was stopped by a policeman who demanded an explanation. This act made Ricciardelli feel that he was actually in prison rather than on a vacation.

As a result of his general disappointment with life in Russia and the above incident, he and his wife began to plan to leave the Soviet Union. They decided to go to Czechoslovakia which they considered to be more Westernized than any of the other satellites. He visited the Czechoslovakian Embassy in Moscow and applied for visas to enter that country. After a period of complete confusion for the next two years, Ricciardelli was finally informed that visas would be granted for travel to Czechoslovakia. However, they were then informed by the Soviet Government that they would not be permitted to leave the Soviet Union.

In August, 1962, Mrs. Ricciardelli decided she would return to the home of her parents in Illinois and Ricciardelli would return to the home of his parents in Massachusetts. Since Mrs. Ricciardelli still had her American passport, she was able to leave Russia on March 27, 1963.

When Ricciardelli applied for his passport at the American Embassy in Moscow, he was told that he was no longer an American citizen. He then filed an application for a visa to return as an alien to the United States. The visa was issued on June 14, 1963, but he was required to remain in Moscow for fourteen days because of confusion over the status of his oldest daughter's citizenship. His problem was finally resolved and he left Russia June 28, 1963.

At no time did anyone ever ask Ricciardelli anything about his service in the United States Air Force. In addition, no attempt was made to have him join the Communist Party. He was requested on several occasions to make a speech to groups of workers at the plant where he was employed but he refused to do so. He was urged to vote in Soviet elections but he never did so. Before his departure from Russia he was not interviewed by any official of the Russian Government nor by any members of the Soviet press. At no time did anyone ever attempt to recruit him to act on behalf of the Soviet Government after his return to the United States.

ROBERT EDWARD WEBSTER

Robert Webster lived in Russia from August, 1959, until May, 1962, when he returned to the United States. He has been interviewed by this Bureau and the following is a summary of the information he furnished.

Webster was born October 23, 1923, at Tiffin, Ohio. He served in the United States Navy from August, 1947, until May, 1950. In November, 1957, he began employment with the Rand Development Company, Cleveland, Ohio.

In 1959 Webster made three trips to Russia to represent his employer at the American National Exhibition in Moscow. In March, 1959, he was in Moscow for one week, in May, 1959, and June, 1959, he was there for seven weeks and his third visit began in July, 1959. At this time he was married and the father of two children. During his third trip to Russia, he requested permission to remain there.

The thought of remaining in Russia came to Webster during his second trip in 1959; however, at that time he made no effort to remain there. Shortly after his arrival in Moscow in July, 1959, he discussed this with Alexander Shiskin, an English-speaking Russian official at the exhibition, and Shiskin arranged for an interview with one Popof. At this meeting Webster filled out a questionnaire furnishing his background and expressing his wish to remain in Russia to better himself in the plastics industry. Popof did not accept this reason and Webster then changed it to state that he wanted to stay in Russia since all business in the United States was controlled by the Government.

FEB 14 1964

Webster was interviewed on four occasions by Popof and other persons. The interviews were aimed at determining if Webster was certain that he wanted to stay in Russia and to determine his technical qualifications and experience. Three days before he was scheduled to leave Russia, he received permission to remain there. In company with a male Intourist guide, he traveled to Leningrad, Russia.

Robert Edward Webster

Webster has stated that his decision to remain in Russia was based on several things. First, he desired to escape his family responsibilities in the United States. Secondly, his wife had objected to the travel necessitated by his job and, finally, he was seriously in debt.

In addition to the above reasons, when Webster was in Moscow on his second trip, he had met one Vera Platonova, who was separated from her husband. Their friendship was surreptitious, as Soviet nationals were not supposed to mingle with foreigners. After Webster had received permission to remain in Russia and had been in Leningrad for two weeks, he was permitted to telephone Platonova and she was permitted to visit him in Leningrad. Webster then traveled to Moscow where he officially renounced his American citizenship to American officials and then went on a one-month vacation with Platonova.

After this vacation Webster and Platonova returned to Leningrad and he became employed at the Plastics Institute, with Platonova as his interpreter. His job was to establish a Fiberglas Department since there was none in the institute. During this time he and Platonova resided in a common-law relationship which resulted in a daughter being born on August 13, 1960. He also attempted to design a Fiberglas resin depositor, but due to the lack of parts and equipment, the machine did not work.

About December of 1960 Webster received a letter from his father informing him that his mother had suffered a mental breakdown and that he was needed at home. This letter disturbed Webster and in May, 1960, he traveled to Moscow accompanied by Platonova on official business. While in Moscow he contacted the American Embassy to determine the necessary procedure to return to the United States. When he returned to Leningrad, he began steps to obtain the required Soviet documents and in August, 1960, made his first application for a Soviet exit visa. About two months later he was told the request had been denied and that he would have to wait one year before reapplying. One year later he again made an application and the exit visa was granted in February, 1962. On March 12, 1962, the American Embassy advised him that his Soviet exit visa was approved and he was given instructions regarding the obtaining of an American visa.

Robert Edward Webster

Regarding his efforts to leave Russia, Webster stated that Vera Platonova made no effort to persuade him to remain in the Soviet Union, but she assisted him in preparing forms and obtaining various documents which he needed. When it became known that Webster wanted to leave Russia, two men from Moscow interviewed him for about fifteen minutes and asked him to reconsider his decision. He told these men he wanted to return to his wife and children and to see his sick mother. No pressure was exerted on him and no political matters were discussed.

Webster has stated that he was not aware of any participation of Soviet intelligence personnel in his interviews or otherwise either before or after his defection. He was not aware if Vera Platonova was ever contacted by Soviet intelligence. Further, to the best of his knowledge Soviet intelligence exhibited no interest in him before his departure to the United States. No requests were made of him and no agreements were made in return for his exit visa. The only question concerning American defense matters occurred when some engineers from Moscow asked him what Government work was handled in the Rand Company and Webster denied any knowledge of this, which he said was true.

Webster arrived back in the United States on May 20, 1962, as an alien admitted under the Russian quota.

Lee Oswald

Dear Mr. Rankin:

Reference is made to our conversation of January 28, 1964, concerning testimony furnished the Commission by Mr. Henry M. Wade, the District Attorney of Dallas County, Texas. You advised that Mr. Wade testified he had heard that Lee Harvey Oswald had been an informant of the FBI, had been assigned symbol number "179" and had been paid $200 monthly in this capacity. You further advised that Mr. Wade also indicated that FBI headquarters was not in a position to know in all instances whether an individual was an informant of this Bureau.

At the time, I advised you that Lee Harvey Oswald had never been an informant of the FBI and that this Bureau's procedure in regard to handling informants is such as to insure that FBI headquarters would have all necessary facts concerning the development and control of any and every informant.

D.C. of J. Edgar Hoover

Enclosed for your information and use in this regard is an affidavit in which I have categorically stated that Lee Harvey Oswald was never an informant of the FBI and have outlined our administrative procedures for the handling and the payment of confidential informants.

INTERNAL SECURITY - R - CUBA

Reference is made to my memorandum dated 2-5-64 captioned as above in which we forwarded for the Director's approval a proposed affidavit to be furnished to the President's Commission to refute the allegation that Lee Harvey Oswald was an FBI informant. In accordance with the Director's approval of same and his instructions, the affidavit has been properly dated, notarized, and prepared for the Director's signature for transmittal to Mr. J. Lee Rankin with the attached transmittal letter.

RECOMMENDATIONS:

1. That the enclosed affidavit be forwarded to the Director for execution.

2. That the affidavit be delivered to Mr. Rankin, with the attached letter of transmittal, by Mr. Malley.

CITY OF WASHINGTON)

J. Edgar Hoover, Director, Federal Bureau of Investigation, Department of Justice, being first duly sworn, deposes and says:

That he has caused a search to be made of the records of the Federal Bureau of Investigation, United States Department of Justice, by employees of the said Federal Bureau of Investigation acting under his direction, and that said search discloses that Lee Harvey Oswald was never an informant of the FBI, was never assigned a symbol number in that capacity, and was never paid any amount of money by the FBI in any regard.

Such a statement can be made authoritatively and without equivocation because of the close supervision FBI headquarters affords its security informant program and because of the safeguards established to insure against any abuse or misuse of the program.

FBI field offices cannot proceed to develop anyone as a security informant without authorization from FBI headquarters. An informant is assigned a permanent symbol number and code name to afford him security. The informant never knows the symbol number assigned to him. It is a number permanently assigned to him, and the same number cannot be used again by the field office under any circumstances for any other individual. The individual also is given a fictitious or cover name by the field office which he, of course, is made aware of, and he affixes it to his communications with the office. Every symbol number and code name is indexed at FBI headquarters.

If the services of an informant warrant payment on a regular basis, the field offices must also obtain authorization from FBI headquarters to make such payments.

Special Agents in Charge (SACs) of FBI field offices are authorized to make payments to individuals not utilized on

a regular basis as informants, but here too FBI headquarters controls this by limiting the amount an SAC can pay to any one individual in this category. FBI headquarters maintains control of such payments since they must be accounted for by the field offices at the end of each month through the submission of a detailed accounting to headquarters.

Had any of the FBI field offices made payments to Lee Harvey Oswald under the SAC's authority, these would have been shown in the receipts and vouchers submitted by each office. These records have been checked and no such payment was ever made. Had Oswald been assigned a symbol number, this would be a matter of record not only by number but also by name. As a matter of fact, the FBI can identify every symbol number used, past or present. Oswald could not have been assigned such a symbol number without approval by FBI headquarters. There is no record of any such request by any field office and no record of any such approval.

The only contacts FBI Agents had with Oswald prior to the assassination of President Kennedy involved three interviews FBI Agents had with him. The first was on June 26, 1962, at Forth Worth, Texas, shortly after his return home from the Soviet Union. The purpose was to assess the possibility of his having been given intelligence assignments by the Soviets. The second, on August 16, 1962, was in the same connection. The third was at his specific request on August 10, 1963, following his arrest in New Orleans the preceding day on a charge of disturbing the peace and creating a scene. At that time, he described some of his activities in connection with the Fair Play for Cuba Committee, the pro-Castro organization.

Oswald was again interviewed by FBI Agents at the Dallas Police Department following his arrest after the assassination of the President. This interview was aimed at eliciting any admissions he might make in connection with the assassination, as well as to obtain any information he might have been able to furnish of a security nature.

FBI headquarters has obtained affidavits from every Special Agent who was in contact with Oswald, as well as affidavits from their respective SACs. These affidavits show that none of these FBI Agents developed Oswald as an informant.

Mr. Henry M. Wade, a former Special Agent of the FBI and currently the District Attorney of Dallas County, Texas, reportedly testified previously to the Commission that he had

heard that Lee Harvey Oswald was an FBI informant with the symbol number "179" and was being paid $200 monthly. As the facts clearly show, this is not true.

Furthermore, the facts refute Mr. Wade's reported statement to the Commission that there is no record maintained in the FBI of informant funds expended or the purposes for which used by the FBI employee to whom they were furnished.

Mr. Wade reportedly stated that he had worked in the FBI's Special Intelligence Service (SIS) and that he was supplied from time to time with various sums of money for which he did not have to account and for which he did not have to obtain any receipts from the persons to whom he disbursed the money.

The emergency conditions that prevailed during World War II when the FBI conducted its SIS program did not permit the tight supervision that prevails currently in the FBI's informant operations. But this is true only in regard to the fact that SIS men necessarily were given the latitude to develop and pay informants on the spot without prior approval from FBI headquarters. Nevertheless, SIS men operated under a control system and adhered to it by advising FBI headquarters of payments made and the identity of the individuals paid. Such payments were supported by receipts in nearly every instance.

Mr. Wade, for example, entered on duty with the FBI on December 4, 1939. On July 6, 1942, he was advanced the sum of $1,075 in connection with an SIS assignment. This was for subsistence and travel in connection with his assignment in Ecuador as well as to provide him with some money with which to establish himself. His passage from New Orleans to Guayaquil, Ecuador, cost over $500 alone. In addition, he was required to make full restitution of the total amount which had been advanced him and subsequently did so. All of his expenditures of the total amount furnished him were substantiated by vouchers he submitted.

Mr. Wade arrived in Ecuador on August 16, 1942. He operated in an undercover capacity with a symbol number, specifically Number 345, and used the code name "James" in signing communications. Within Ecuador, he was referred to as Confidential Informant Number 6.

Although in an undercover capacity, Mr. Wade was required to submit vouchers twice monthly through the Legal Attache's Office in Quito, Ecuador. They were reviewed there and forwarded to FBI headquarters where they were checked prior to approval and the transmittal of funds to Mr. Wade's account.

In his operations, Mr. Wade handled a total of 11 informants. His vouchers clearly identify each expenditure made by him in connection with payments to any one of these informants. In all, Mr. Wade expended a total of $1,438.21 in payments to informants. In addition to identifying each informant paid and indicating the amount paid to each, he complied with the regulations to furnish separately summary data on all informants he was using and an evaluation of their services.

Five of the informants Mr. Wade was operating were the most productive. These five received a total of $1,234.94 in 52 separate payments made by Mr. Wade. Each of these payments was supported by a receipt. Six other payments unsupported by receipts were accounted for by Mr. Wade in vouchers submitted by him.

Mr. Wade left Ecuador on May 2, 1943, and in a letter dated May 25, 1943, submitted his resignation from the FBI. By letter dated June 13, 1943, Mr. Wade sought reinstatement, stating that he had made a mistake in

Dear Mr. Rankin:

There are enclosed two sets of twelve photographs of a 1963 calendar maintained by Mrs. Ruth Paine which has been utilized by Mrs. Paine in fixing many of the dates to which she has referred during our interviews of her. There are also enclosed two copies of a memorandum in the Lee Harvey Oswald matter dated February 11, 1964, at Dallas, Texas, setting forth in part the results of our interrogation of Mrs. Paine concerning a handwritten notation appearing on the top of the page of Mrs. Paine's calendar for the month of March, 1963.

REC'D-READING ROOM FBI PHOTOGRAPHIC COPY

We intend to reinterview Mrs. Marina Oswald concerning the entry in question with particular reference to any conversation she may have had with Mrs. Paine at any time concerning the ownership of a gun by Lee Harvey Oswald. Mrs. Marina Oswald's attorney has advised us that she will be available for reinterview on February 17, 1964. When the results of the reinterview of Marina Oswald are received, they will be furnished to you.

The asterisk was to key the notation at the top of the page to the March 20th date which she believed was the date of the purchase (this was actually the date the gun was shipped by the Chicago firm). It has been established as enclosed letterhead shows that it was announced in Dallas on 11-23 that Oswald had ordered a gun on March 20th. Advisable to furnish this material to Commission immediately as Mrs. Paine according to news accounts is to be next witness before Commission.

Dear Mr. Hoover:

I would like to acknowledge your three letters dated February 1, 1964 received by Courier Service and transmitting photographs of items of physical evidence in the possession of the Federal Bureau of Investigation, the results of the handwriting examinations made of certain exhibits and translations of various items requested by members of my staff. We also received on February 1, 1964 numerous exhibits requested by members of my staff for use in the interrogation of Marina Oswald.

On behalf of the Commission I would like to thank you for the special effort made by agents in the FBI Laboratory to prepare these materials and deliver them to the Commission on short notice. As usual, the work of your agents was of the highest caliber and I know that these materials will be of great value during the next several days.

"The Nation" article for 1-27-64 reports that Houston "Post" reporter Lonnies Hudkins prepared an article entitled "Oswald Rumored as Informant for U.S." On 2-7-64 Inspector J. R. Malley, during a discussion with Mr. Rankin, brought up the allegation of Hudkins. Mr. Rankin stated that the Commission had no objection to the Bureau going right ahead with the contemplated interview with Hudkins in order to nail this situation down. Mr. Rankin requested that if Hudkins were interviewed, he would appreciate it if a signed statement could be obtained from him. He also stated in the event Hudkins attempted to rely on some source of his for the story and would not disclose the source, he had in mind calling Hudkins' employer and Hudkins before the Commission in order to obtain the true facts.

Dallas Office interviewed Hudkins 2-8-64 concerning the article he reported. Hudkins stated he came to Dallas in late December, 1963, to check out rumors Oswald may have been FBI informant. He stated this was based on information he had received from Assistant District Attorney William Alexander to the effect that Oswald's address book contained the name of Agent Hosty of the Dallas Office with home and office telephone numbers and automobile license number. Hudkins added he also interviewed Marguerite Oswald, mother of Lee Harvey Oswald, who said that Oswald was doing subversive work for the Government.

Hudkins further stated he contacted a Government official not a Federal official in Dallas who told him that Oswald was on the payroll of either the FBI or CIA with voucher number 179 and that Oswald received no less than $150 per month nor more than $225 a month. Hudkins related that this official had furnished him reliable information in the past which he had been able to print; however, he did not print anything stating Oswald was an FBI or CIA informant but merely raised this question in his article. He stated he had only this official's word and did not see any supporting documents of any kind to substantiate same.

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD

Hudkins further stated he made inquiries of friends in Houston whose names he would not divulge and also asked his Washington headquarters to attempt to check this story out. Hudkins related it could not be verified and, therefore, was not printed. Hudkins was questioned at length in an attempt to ascertain his source that Oswald was an FBI or CIA informant but Hudkins refused to divulge his source or to furnish signed statements. He stated when his source furnished him the alleged information that Oswald was an FBI or CIA informant, he was alone and no other reporters were present.

Hudkins further stated only other information he received that Oswald might be a symbol informant was from Joe Golden, a reporter with the "Philadelphia Inquirer." Hudkins stated Golden mentioned to him a number, different from 179, that might have been a voucher number but Hudkins could not recall the number.

At conclusion of interview of Hudkins he said that even if he were called to appear before the President's Commission, he would decline to furnish the source of the information alleging Oswald was an FBI or CIA informant.

We have interviewed Joseph Goulden, reporter for the "Philadelphia Inquirer," concerning a news article he prepared in the 12-8-63 issue of the "Philadelphia Inquirer," wherein he pointed out Lee Harvey Oswald had at one time been contacted by the FBI to become an informant. Goulden stated he obtained this information from a law enforcement officer in Dallas whom he declined to identify. Philadelphia Office reinterviewed Goulden on 12-16-63 in effort to pin down his allegation and determine identity of his source but Goulden declined to identify the law enforcement officer. Goulden claimed that his local enforcement officer source in Dallas told him the matter was being "handled through proper channels." Extensive inquiries by Dallas at Dallas Police Department failed to disclose any information that such allegation made a matter of record.

We have previously interviewed William Alexander concerning the allegation that Oswald was an FBI informant and Alexander has claimed that he overheard a group of reporters talking at the conclusion of the bond hearing for Jack Ruby in Dallas. He stated he heard one of these reporters whom he believed to be from the north and other reporters discussing the possibility Oswald was a counterspy for the FBI, CIA or some governmental agency. He remembered hearing the words special service mentioned and also remembered hearing some reporter make the statement Oswald was supposedly on the payroll of the Government at $200 a month beginning

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD

in September, 1962, and that he had heard payroll number 179 or voucher 179 mentioned. Alexander stated he did not know the names of these reporters.

We have interviewed Joseph Goulden on two occasions and he refused to give the name of his source wherein he alleged that Oswald had at one time been contacted by the FBI to become an informant. However, inasmuch as the information from Hudkins which he attributes to Goulden is a little different and alleges Goulden aware that Oswald had symbol number, we are instructing Philadelphia recontact Goulden in this matter. Also, inasmuch as it appears William Alexander may well have been the source of the allegations that Oswald was an FBI informant with symbol number 179 and was on the Government payroll at $200 a month, we are having Dallas confront Alexander and ask him point blank if his statements are true that he obtained such information from unnamed informant as he previously has alleged.

This reviews an article concerning the assassination of President Kennedy in the March, 1964, issue of "Saga" magazine by former Special Agent William W. Turner (E.O.D. 2-5-51 - Dismissed 7-19-61) who is presently appealing his dismissal before the Circuit Court in the District. Turner's self-centered, embittered, illogical attitude is well known to us and his article is what we might expect from him.

SUMMARY

Turner attempts to argue that the blame for the assassination should be laid to FBI bungling by way of not prewarning the Secret Service of Oswald's potential as an assassin and that the cause of this was a lack of cooperation and communication between the Bureau and the Secret Service. In the lead paragraph of the article, Turner claims that he went to Dallas "just a few hours" after the assassination to conduct a personal FBI-type inquiry as he sensed that "there were too many questions unanswered, too much information concealed." This is patently crystal-ball nonsense and at the outset shows his true motivation. In light of his stated conviction that Oswald was indeed the assassin and that he acted on his own without left wing, right wing or crime syndicate plotting, the article is particularly vicious in its suggestion that someone other than Oswald is basically to be blamed for the deed. Turner's case is pure sophistry the inaccuracies of which are hereinafter reviewed point by point. His argument consists of part fact, largely inaccurate and irresponsible newspaper reports and outright falsehoods. He endeavors to lend credence to his argument by trading on his past experience as a Bureau Agent and it is in this realm that he clearly lies in discussing Bureau investigative techniques in this case. He concludes his article with a four-point appeal to effect that 1. Presidential appearances henceforth not be in open cars and that the President be required to wear a bullet-proof vest when appearing in public. 2. That an attempt on the President's life be made a Federal offense. 3. That President's route in and out of city not be publicized and 4. That a permanent Federal Commission be established to insure proper cooperation and communication between agencies such as Bureau and Secret Service and that the Commission be empowered to override the Bureau when necessary to guarantee proper

dissemination of FBI information. There is nothing in this article that we have not seen before in inaccurate distorted newspaper accounts other than Turner's outright falsehoods dealing with his Bureau experience which is put forth to lend credence to his vicious conclusion.

POINT BY POINT ANALYSIS OF INACCURACIES

Statement: FBI Agent interviewed Oswald only ten days before the assassination.

Fact: Oswald was interviewed at New Orleans, Louisiana, on August 10, 1963, and at no time between that date and the assassination was he reinterviewed.

Statement: Two FBI men had originally talked to Oswald's mother in an attempt to locate him in Dallas. She told the FBI where Oswald lived.

Fact: Prior to the assassination, Oswald's mother was interviewed on April 28, 1960, April 10, 1961, and October 13, 1961, on which dates Oswald was in Russia. She was not interviewed subsequent to his return to the United States in June, 1962, and prior to the assassination.

Statement: Mrs. Ruth Paine, Oswald's landlady, reported that FBI twice visited Oswald's wife Marina during the month of October and that Mrs. Paine served as interpreter during both interviews.

Fact: Marina Oswald was not interviewed by the FBI prior to the assassination. Mrs. Ruth Paine was briefly interviewed on November 1, and November 5, 1963, to determine Oswald's residence and employment. She furnished his employment address, but was unable to say where he was living. Marina Oswald appeared during the first interview of Mrs. Paine and appeared to be apprehensive over the presence of FBI Agents.

Statement: FBI Agents assured Marina Oswald her husband's new job at the Texas Schoolbook Depository would not be endangered by the FBI.

Fact: As stated above, Marina Oswald was not interviewed. During the November 1, 1963, interview of Mrs. Paine, Marina Oswald entered the room and was introduced to the Bureau Agent. As she appeared apprehensive, she was told by the Agent that it was not his purpose to harass her in any way and that she had nothing to fear from the FBI.

Statement: FBI gave the Secret Service a "Risk List" of people the Bureau thought might harm the President, but Oswald's name was not on it.

Fact: We did not give the Secret Service a "Risk List." On October 30, 1963, Dallas advised Secret Service that one Norman Lee Elkins had reportedly made a statement that if President Kennedy made a trip to Texas, that a "reception" was planned for him. On the same date Secret Service interviewed our original source of that information and Elkins himself. In addition, on the morning of November 21, 1963, an Agent of the Dallas Office found in Dallas a bundle of leaflets captioned "Wanted For Treason," which contained seven separate criticisms of President Kennedy's policies. These leaflets and further information subsequently received by Dallas concerning the origin of these leaflets were furnished to Secret Service on November 21, 1963. It is true that Secret Service was not furnished any information concerning Oswald since we had no information which would suggest in any way that he represented a threat to the personal safety of the President.

Statement: According to a "New York Times" December 10, 1963, article, an FBI spokesman was quoted as saying Oswald's name was not furnished to the Secret Service as Oswald was not a spy or saboteur, that keeping him under surveillance would have been a "terrifying waste of manpower" and that there was nothing in his background to indicate he was a threat to the President.

Fact: No such statement was made by any Bureau representative and Mr. DeLoach advises this was another leak given by the Department to Tony Lewis of the "New York Times."

Statement: FBI investigation of Oswald was instituted in October, 1959, at the urging of State Department Security Unit.

Fact: Our case was opened in November, 1959, on basis of newspaper reports that subject had appeared at the American Embassy, Moscow, and had attempted to renounce his American citizenship. At no time has State Department urged the Bureau to conduct any investigation in this matter. In fact, State Department was only too willing to accept his return to the U. S. and advanced travel funds for Oswald, his wife and child.

Memorandum to Mr. Sullivan
Re: LEE HARVEY OSWALD
105-82555

Statement: Oswald prudently transferred his political activities to New Orleans (date not indicated) as Dallas is a city that leans to the right and because of local Dallas police vigilance against communist-type activity.

Fact: Oswald left Dallas and traveled to New Orleans in late April, 1963, as he was out of work and at the urging of his wife due to his having attempted to assassinate General Walker on April 10, 1963. The inference that Oswald feared Dallas police vigilance is nonsense for he returned to the Dallas area five months later to live.

Statement: It is FBI responsibility to make dissemination to Secret Service but there is historical evidence that proper dissemination is not always made at the Washington level. In support he cites that in 1945 the Royal Canadian Mounted Police (RCMP) told the Bureau about Klaus Fuchs who they suspected was a Soviet agent, however, the FBI took no action. He also cites that in 1960 the FBI collected damaging information about Bernon F. Mitchell and William H. Martin, National Security Agency (NSA) employees, and again failed to alert anyone after which Mitchell and Martin fled to Cuba thence to Russia where they compromised U. S. secret codes throughout the world.

Memorandum to Mr. Sullivan
Re: LEE HARVEY OSWALD
105-82555

Statement: A routine check of Oswald's Marine Corps service record showed that he qualified as a marksman and revealed the more startling information that a military investigation resulted after Oswald wrote to John Connally, then Secretary of the Navy, that he (Oswald) would "'employ any means' to get even for what Oswald felt was an unjust dishonorable discharge from the Marines."

Fact: Oswald's service record does show he qualified as a marksman. No investigation was conducted by military authorities following Oswald's letter to Connally. That letter was misquoted by Turner in that Oswald wrote that he would employ "all means to right this gross mistake or injustice to a boni-fied U. S. citizen and ex-serviceman." Moreover, Oswald was not given a dishonorable discharge.

→ Didn't he later get a dishonorable discharge after he defected? A

Statement: During the routine credit, criminal, and background inquiry, by inference conducted prior to the assassination, it was learned that a New York psychiatrist had examined Oswald and concluded he was "disturbed and potentially dangerous."

Fact: This is false as Oswald's psychiatric record in New York at age of thirteen was protected against disclosure by New York law and was made available to us only after the assassination by instruction of the New York Court in the national interest.

→ Did the record indicate Oswald was potentially dangerous?

Statement: That in any continuing FBI security investigation of an individual such as Oswald, it is a rigid rule that his residence and employment be verified "at least once every 30 days" and that usually this is done [redacted]

Fact: There is no such Bureau rule requiring verification of residence and employment every 30 days. (cases involving Security Index subjects require that such information be verified every six months.) It is true that we frequently utilize [redacted] to verify this type information.

Statement: In security investigations such as the Oswald matter, the FBI, unknown to the public, asks the [redacted] to establish [redacted] under which procedure incoming [redacted] to Oswald would have been recorded along with [redacted] Accordingly, through this means the FBI would have been aware that Oswald [redacted] the Fair Play For Cuba headquarters in New York and that "he had volunteered to serve as a double agent by infiltrating anti-Cuban groups and reporting on their activities to the Fair Play organization."

Fact: We did not utilize [redacted] in this case. Turner's statement that through a [redacted] we would have been aware of the contents of Oswald's [redacted] is completely false, as he well knows.

Statement: Following Oswald's return from Mexico on October 5, 1963, the Dallas Agent handling the case requested FBI headquarters in Washington for permission to interrogate Oswald, which permission was granted and the interview was conducted during the last week of October.

Fact: This is not true and as previously stated, Oswald was not interviewed subsequent to August 10, 1963, in New Orleans.

Statement: Three weeks before the assassination, Oswald practiced at a Dallas rifle range where he was seen by witnesses on the weekend of November 9-10, 1963, and again on November 17. Another rifle range patron, Garland C. Slack, was greatly impressed by Oswald's marksmanship.

Fact: We have conducted numerous interviews in an effort to establish whether or not Oswald ever practiced with a rifle and we have not been able to verify that such activity took place. Garland C. Slack advised he saw a man he believes identical with Oswald at the Sports Dome Gun Range near Grand Prarie, Texas, on November 10, 1963. Slack also claimed that this individual had a rifle similar to the assassination weapon, a picture of which he saw in the Dallas newspapers. The target on which this particular individual was shooting was an especially good one and was obtained and submitted to the Identification Division. No latent fingerprints identifiable with Oswald's were developed. Empty shell casings collected from the above-mentioned range were examined by the Bureau Laboratory but no identification with the murder weapon was established.

Memorandum to Mr. Sullivan
Re: LEE HARVEY OSWALD
105-82555

Statement: For years there have been recurring rumors of rivalry between the FBI and the Secret Service and to Turner, as a former FBI Agent, these are more than rumors. "Sooner or later, I believe the whole story will come out."

Fact: This is completely false, as Turner should know. Historically, we have enjoyed excellent working relationship with the Secret Service. Turner cites no specifics upon which to base his ominous inference gained through his former FBI employment that there is a rivalry between the Bureau and the Secret Service.

Statement: Throughout the article, in an obvious attempt to lend authenticity and credence to his "investigation," Turner cites that he obtained information concerning the assassination from various Dallas police officers; namely, T. F. Moore, an officer assigned to receive telephone calls relating to the assassination; Traffic Patrolman W. E. Barnett, who was allegedly at the scene of the assassination, and Captain Glen King, who told him that the Dallas Police Department had no prior record of Oswald.

Fact: The information Turner allegedly received from these three police officers is insignificant and does not add any weight to his argument. We are not aware of the nature of his dealings with these officers and Dallas has been instructed to look into this determining if, in fact, they were contacted by Turner, when, how Turner identified himself and what information, if any, was furnished to him on Oswald.

Statement: Turner's argument throughout this article is that there was ample evidence to establish Oswald's potential as an assassin and that the Bureau was negligent in failing to make such information available to the Secret Service. In summary, he states that through his investigation and his knowledge of the Secret Service, he is convinced the Secret Service would have stepped in to neutralize Oswald - "if only they then had the information they have now."

Fact: This article makes no effort to distinguish between the information available prior to the assassination and the facts developed subsequent thereto. It contains inaccuracies and falsehoods, as cited herein, which are woven together in an attempt to support his conclusion. The fact that he has not considered the information which was available prior to the assassination is clear from his stated assurance that the Secret Service would have neutralized Oswald if they had available before the assassination the information they now have. Much of this information,

SECRET

including Oswald's psychiatric report, his erratic writings, which were recovered on the basis of legal searches after the assassination, and his attempted shooting of General Walker, was not available prior to the deed. These are the factors that would have pointed to Oswald as a potential threat. The fact remains that prior to November 22, 1963, the information available to the FBI did not suggest in any way that Oswald represented a threat to the personal safety of the President.

My memorandum 1-25-64 reviewed the article dealing with the assassination of President Kennedy by former SA William W. Turner which appeared in the March, 1964, issue of "Saga" magazine. The review set forth the inaccuracies in Turner's article, one of which was that Oswald wrote to former Secretary of the Navy John Connally that he would employ "any means" to get even for what he felt was an unjust dishonorable discharge from the Marines. We pointed out that Oswald was not given a dishonorable discharge and the Director has asked if Oswald was not so discharged after he attempted to defect to the Soviet Union.

When information was received that Oswald had taken steps in Russia to renounce his American citizenship, the Marine Corps gave him an undesirable discharge effective 9-13-60. This is distinguishable from a dishonorable discharge in that the undesirable discharge is administrative in nature and is issued on the authority of the chief of the service; whereas, a dishonorable discharge is the result of a judicial (court martial) proceeding.

Another inaccuracy in Turner's article was his statement that through routine background inquiry, inferentially conducted prior to the assassination, it was learned that a New York psychiatrist concluded Oswald was "disturbed" and potentially dangerous. The Director has inquired if this is so.

The psychiatrist who examined Oswald when subject was 13 years of age said Oswald was "quite disturbed" and diagnosed him as a "personality pattern disturbance with schizoid features and passive-aggressive tendencies." The psychiatrist's report was not obtained

It should be noted that no residence of OSWALD has been established for the period October 19 through November 2, 1962, but that records at Jaggars-Chiles-Stovall Company reflect OSWALD worked every day during the period October 19 to November 2, 1962, except for Saturdays and Sundays, and that he did work on Saturday, November 3, 1962. This would appear to preclude the possibility that OSWALD made a trip to Mexico during this period.

DALLAS:

AT DALLAS, TEXAS:

1. Will make inquiry of MARINA OSWALD to determine if she can furnish any information concerning OSWALD's residence during period October 1962 through November 2, 1962. She has previously been questioned concerning this period but will be reinterviewed.

2. Will endeavor to arrange to have GARY E. TAYLOR accompany Agents to Fort Worth, Texas, for the purpose of having him specifically point out the location where he states he rented a trailer, on which date he states he moved OSWALD and his wife's effects to 604 Elsbeth Street, Dallas, Texas.

In the event TAYLOR is able to point out the location where he rented this trailer, efforts will be made to determine the exact date such trailer was rented.

The copies of the above-described 302s and insert are being furnished per instructions of Mr. BRANIGAN, and these will be included in the next Dallas report.

Mr. GARY E. TAYLOR, 4115 Falls Drive, Dallas, Texas, furnished the following information:

He lived at 3519 Fairmount, Apartment 12, from March through December 1962. LEE OSWALD never resided with TAYLOR at this address or any other address. He first met the OSWALDS in September 1962. He subsequently brought MARINA OSWALD to live with him. He believes LEE OSWALD lived at the Y.M.C.A. at Dallas, Texas, from the early part of September to the early or possibly the middle part of October 1962. He states he called LEE OSWALD two or three times during this period and never had any trouble getting him to the telephone at the Y.M.C.A. He indicated he would call OSWALD at the Y.M.C.A. in order to make arrangements to pick OSWALD up and bring him to his apartment to visit with MARINA.

He recalled MARINA OSWALD moved back to Fort Worth when a woman--he now believes to be a Mrs. HALL--had a serious automobile accident. He recalls he once met this woman's ex-husband and his name was JOHN HALL. He indicated the HALL woman lived at the south edge of Fort Worth off the South Loop of the Expressway. He advised around the early part or possibly the middle of October 1962, possibly on a Sunday, LEE OSWALD called him and asked him to pick him up at the Y.M.C.A., Dallas, Texas, take him to Fort Worth and move him and MARINA to an apartment in Dallas.

He picked up LEE OSWALD later that day at the curb of the Y.M.C.A., Dallas, and drove him to Fort Worth to the HALL residence, where MARINA OSWALD was living. OSWALD had a suitcase with him, and he believed OSWALD had been living at the Y.M.C.A.; however, he reiterated he picked up OSWALD at the curb of the Y.M.C.A., did not see him come out of the Y.M.C.A. building and can only assume that OSWALD had been living there.

He then drove LEE OSWALD to Fort Worth, where he rented a trailer from a service station on University Drive east of the

Expressway. He believes it was a Nationwide trailer. He and LEE OSWALD then picked up MARINA and their personal belongings and he moved them to an apartment house which he believed to be one block west of the intersection of Davis and Zangs, being in the southwest corner of that block. He described the building as a 2-story, red brick apartment building on the corner of Elsbeth Street. He then looked at a street map of the City of Dallas and pointed out the northeast corner of the intersection of Elsbeth and Davis as the exact location.

He further advised around March or April 1963 he went to the apartment on Elsbeth and observed that OSWALD's name was no longer on the mail box. He spoke to a man who was sitting in the front yard in front of this building. He believes the man was the manager of the apartments, and this man told him the OSWALDS had moved to another apartment about one block over on Neely Street. He went to this apartment on Neely, which he described as being in the upper part of a 2-story white frame house which he thinks was almost directly behind one block of the apartment on Elsbeth. The OSWALDS were not in at this time.

He further advised he went back to this apartment during the latter part of May or early June 1963, at which time he visited with MARINA.

The following investigation was conducted by SA B. TOM CARTER and JOSEPH M. MYERS at Fort Worth, Texas, on January 28, 1964:

It should be noted that University Drive in Fort Worth, Texas, does not run East and West but does run North and South.

A check of the Fort Worth telephone and city directories failed to reflect a Nationwide or other trailer rental company on University Drive.

FRANK HEFLIN, Owner, AAA Trailer Rental, 500 Henderson Street, advised that he formerly operated a Nationwide Trailer Rental in Fort Worth, Texas; however, after searching his records for 1962, he failed to find a trailer contract for a trailer rented by GARY E. TAYLOR of Dallas. Mr. HEFLIN stated that he knew of no Nationwide Trailer Rental Company on University Drive, however, suggested the Westside Trailer Rental which is located just off of the East West Freeway in Fort Worth.

On January 29, 1964, EMMITT L. WILSON, Westside Trailer Rental Company, 5430 Camp Bowie Boulevard, advised that he is the Nationwide Trailer Agency for Fort Worth. WILSON stated he knew of no trailer rental on University Drive in Fort Worth. WILSON failed to locate a record of a trailer rental by GARY E. TAYLOR in 1962.

A physical check of University Drive, Fort Worth, on January 28, 1964, failed to reflect a trailer rental company North or South of the East West Freeway.

Mr. W. F. TOBIAS, SR., Manager of the apartment house located at 602-604 Elsbeth, Dallas, Texas, made available rent receipts which when examined revealed the following information:

LEE HARVEY OSWALD paid $68.00 rent for Apartment # 2, 604 Elsbeth, on November 3, 1962. Mr. TOBIAS verified this date as being the date on which the rent was paid but stated he did not actually observe OSWALD to move into this apartment on that day. He indicated he did not see MARINA for at least one week after OSWALD rented the apartment.

He stated the OSWALDS occupied this apartment until March 3, 1963, at which time they moved to 214 Neely, Dallas. The rent receipts for Apartment # 2 reflect that this apartment was vacant from September 29, 1962, until November 3, 1962, the date OSWALD paid TOBIAS one month's rent.

Mr. TOBIAS further advised apartment regulations forbade anyone from moving in before their rent had been paid.

TOBIAS exhibited the above-described apartment, which is a furnished apartment, at which time it was noted that the front door to this apartment was not locked. TOBIAS was asked if this was the policy to leave the front door unlocked, and he stated that since he lives directly across the court from this apartment, he could easily see whether or not anyone had been occupying the apartment. He did state, however, that the back entrance to this apartment was kept locked at all times when vacant.

In addition to the above, TOBIAS recalled that OSWALD came to look at this apartment around the first part of October 1962, at which time he indicated to TOBIAS he would probably rent the apartment; however, he wanted to talk it over with his wife.

Mr. ROBERT L. STOVALL, President, Jaggars-Chiles-Stovall Company, 522 Browder, furnished the following information as reflected by the time records of LEE HARVEY OSWALD while he was employed by Mr. STOVALL's company:

LEE HARVEY OSWALD filled out a Withholding Exemption Certificate on October 12, 1962, at which time he listed his residence as 3519 Fairmount, Dallas, Texas. Mr. STOVALL advised that this was the date OSWALD first started working for Jaggars-Chiles-Stovall Company. These records revealed the following information concerning the occupants of room 415, which had been occupied by LEE HARVEY OSWALD from October 15 to October 19, 1962:

ALTON HERRING occupied room 415 from October 19, 1962, until October 21, 1962;

GEORGE CROFTON moved into room 415 on October 22, 1962, and moved out on October 24, 1962;

HUGH BROGAN moved into room 415 on October 25, 1962, and moved out on October 26, 1962;

WILEY OWENS moved into room 415 on October 26, 1962, and moved out on October 28, 1962;

STEPHEN MC EACHRAN moved into room 415 on October 28, 1962, and moved out on October 29, 1962;

FRANK COX moved into room 415 on October 30, 1962, and moved out on October 31, 1962.

The YMCA records revealed that room 415 was vacant from the time FRANK COX moved out on October 31, 1962, until November 3, 1962, when ALBERT CUNNINGHAM moved into this room.

Mr. JOE MC REE advised that he had checked LEE HARVEY OSWALD out of the YMCA on October 19, 1962, but he could not remember whether OSWALD had paid his room bill himself.

GEORGE A. BOUHE, 4740 Homer Street, Apartment O, was reinterviewed and furnished the following information in addition to information furnished by him during prior interviews, November 23 and 28 and December 27, 1963:

Concerning the residence of LEE HARVEY OSWALD after he moved from the Y.M.C.A. in Dallas on or about October 19, 1962, he next recalled that OSWALD was living at 602 Elsbeth in the Oak Cliff Section of Dallas. While still residing at the Y.M.C.A., OSWALD obtained a job at Jaggars-Chiles-Stovall and OSWALD called him on a couple of occasions after getting the above job to tell him he was doing all right.

BOUHE, in thinking back, recalled that at some time or other, possibly after OSWALD left the Y.M.C.A., OSWALD may have mentioned that he had obtained a room possibly on Madison Street from someone named CARLTON.

BOUHE checked the current Dallas Telephone Directory and noted that the Madison-Carlton Hotel was listed at 1159 North Madison, Dallas.

BOUHE advised further that he had not given OSWALD any money to pay his rent at the YMCA and had no information as to the exact date OSWALD left the YMCA or his mode of transportation.

He pointed out that prior to that time, when OSWALD was residing in Fort Worth and when he and his wife MARINA were practically destitute, he and some friends had purchased a baby bed for their baby, as well as a $5.00 pair of shoes for MARINA, and he gave OSWALD $5.00 cash.

BOUHE could furnish no further information concerning the period of OSWALD's residence from October 19, 1962, to November 2, 1962.

Dallas has determined that certain photographs seized by the Dallas Police Department during search of subject's residence and the Paine residence were taken of General Edwin A. Walker's residence, and it is recommended that Laboratory attempt to determine whether these photographs were made with subject's cameras.

In interview on 1-31-64, Marina Oswald stated subject told her that he had once photographed General Walker's residence in Dallas, Texas. Although she stated she had never seen the Walker residence or any photographs which subject may have made of that residence, she suggested the possibility that certain photographs seized by the Dallas Police Department might be of the Walker residence.

Agents of the Dallas Office have observed Walker's residence and have determined that Item 14, photograph 1, and Item 369 are photographs taken of the rear of General Walker's residence. No definite conclusion could be reached regarding Item No. 7, photograph 2.

These three photographs are enclosed.

RECOMMENDATION:

That the FBI Laboratory examine these photographs and attempt to ascertain whether they were made with either of subject's two cameras, both of which are currently in possession of the Laboratory (Laboratory Item No. 378).

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad DATE: 2/11/64

FROM : W. D. Griffith

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

In the memorandum from Mr. W. A. Branigan to Mr. W. C. Sullivan dated February 3, 1964, the Laboratory was requested to examine photographs of General Edwin A. Walker's residence that were seized by the Dallas Police Department during search of subject's residence and the Paine residence, for the purpose of determining whether or not these photographs were taken with one of Oswald's cameras. The only photographs available for such a comparison are copies of the original photographic prints since the original pictures were previously delivered to the Commission and have been retained by them.

The identification of a photograph with a camera is based on the characteristics of the edges of the picture area. The negative is normally needed to make such a comparison unless this edge shows in the prints. The negatives of the photographs of Walker's house were not recovered with the photographs and therefore, a comparison of Oswald's camera with the negatives could not be made. Although the copies of the photographs available for examination are quite lacking in detail, there is no evidence of the edge characteristics in these prints. Since it is normal to mask out the edge of the picture area when making prints, it is highly unlikely that examination of the original prints retained by the Commission would show any edge characteristics not visible in the copies. When the original photographs are returned from the Commission, they will be examined for any characteristics of value.

The Domestic Intelligence Division may wish to consider having Dallas determine whether or not the original negatives can be located for comparison with Oswald's cameras.

RECOMMENDATION: That this memorandum be furnished to the Domestic Intelligence Division and the General Investigative Division for their information.

Reairtel 2-1-64 forwarding copies of photographs exhibited to Marina Oswald on 1-31-64.

Your particular attention is directed to photographs identified as Item 14, P-1 and Item 369 which Marina Oswald indicated might be photographs taken of General Walker's residence by Lee Harvey Oswald. Agents of your office corroborated that these two photographs are those of the rear entrance to General Walker's residence. Bureau desires to ascertain if these two photographs taken of General Walker's residence were taken by Oswald with one of the cameras that belonged to him which are now maintained as evidence in this case by the FBI Laboratory. The copies of such photographs do not contain sufficient detail to enable the Laboratory to arrive at a positive conclusion in this regard. In your next interview with Marina Oswald you should determine if she possesses any negatives of photographs taken by Lee Harvey Oswald and, in particular, negatives of these two photographs. If she does have such material, please obtain it and forward it to the Bureau for additional Laboratory examination.

In regard to the photographs forwarded to the Bureau by your office as enclosures to reairtel, please advise if you desire these photographs returned to your office.

NOTE: Dallas exhibited a number of photographs to Marina Oswald 1-31-64 for identification by her if possible. She picked out two as possibly being those of General Walker's residence and this was

In order to add a further link to Oswald and General Walker, the Laboratory is attempting to determine if the photographs of Walker's residence shown to Marina Oswald were actually taken with one of the two cameras belonging to Oswald now in custody of the FBI Lab as evidence. Bureau has duplicated the photographs sent by Dallas to Bureau as enclosures in reairtel and desirable we determine if Dallas wants the original photographs back. Dallas may have a second copy of such photographs and it may not be necessary for Dallas to have the original enclosures back.

This will recommend we not furnish the President's Commission and the Central Intelligence Agency (CIA) with twenty-eight corrected pages of a 12-23-63 Dallas report, which has been previously disseminated, since the corrections essentially show only changes in page numbers assigned to Oswald's address book. Corrections are matters of form and all substantive information was included in report previously disseminated. Attached airtel advises Dallas and New Orleans that corrected pages not being inserted in report and future reference to report should be to pages as originally submitted.

BACKGROUND:

On 11-27-63 Dallas Police Department made available an address book found at the residence of Oswald in Dallas, Texas. This address book contained handwriting and handprinting in both the English and Russian languages. Some of the writing was hardly legible. There were numbers and notations that had little apparent significance. The pages in the address book were not numbered.

Investigative action was instituted where warranted. Summary translations were made of that portion requiring translation, and data was sent to the Dallas Office. The report of Special Agent Robert P. Gemberling, 12-23-63, set out data concerning the address book on pages 672 through 701. All information then believed to be pertinent was included in the 12-23-63 report.

Subsequently, additional photographs of the entire notebook in exact page for page sequence, including blank pages, were forwarded to Dallas, so that Dallas would have exactly the same information, in exactly the same form, as that which was being furnished to the Commission. On receipt of the complete photographs of the address book, Dallas detected that page numbers reported in the 12-23-63 report were not in exact conformance with the complete set of

photographs which was received in Dallas 2-1-64. Therefore, by airtel 2-7-64, Dallas has submitted a corrected set of [redacted] pages 672 through 701 with changes which primarily involve designated page numbers. There is no new information. The information previously disseminated is in a sequence that generally follows that on the new pages, and it is believed that anyone interested in comparing photographs of the complete address book could readily locate related information on pages in the 12-23-63 report which has been furnished to the President's Commission and to CIA.

RECOMMENDATION:

1. That we take no steps to furnish corrected pages to the President's Commission or to CIA since the new pages contain no substantive information not previously furnished.

2. That the attached airtel be sent to Dallas and New Orleans advising that the corrected pages are not being inserted in the report, and that future reference to the report should be to pages as originally submitted.

The report mentioned above has also been furnished to the Central Intelligence Agency.

Bureau has reviewed the new pages and those originally submitted, and since the changes primarily involve designated page numbers of subject's address book, and there is no change in substantive information, it has been decided that we will not insert the corrected pages in the report.

In view of this, any future reference to the 12-23-63 report should be made to pages of the report as originally submitted. The Presidential Commission, by 2-12-64 letter, asks to be furnished with the bus manifest covering the trip of Oswald from Mexico City to Nuevo Laredo October 2-3, 1963. They also ask that if names, destinations and other information on the passengers on this bus are available, effort be made to contact as many of Oswald's fellow passengers as possible for whatever relevant information they may have.

We have the bus manifest which is designated Exhibit D-105 and photographs of which were furnished to Dallas 2-12-64 with instructions that a letterhead memorandum or report be prepared setting forth pertinent data concerning the manifest. As has been our practice when this letterhead or report is received, it will be furnished to the Commission. The legibility of the manifest is extremely poor and we have already checked the names of all the passengers destined to Nuevo Laredo against the Mexican immigration records at Nuevo Laredo and found that none of them exited Mexico on that date. There is no identifying data concerning Oswald's fellow passengers beyond the names and it appears that all of them were probably Mexicans.

ACTION:

1. Attached is brief reply to the Commission advising them that we have the manifest and that investigation pertinent thereto ~~is underway~~ has been completed and will be furnished to them when received.

2. Also attached is teletype to Dallas, setting forth reporting instructions and a cable to Legal Attache.

to the El Paso Division in view of the fact that ROBERT J. KAYE was interviewed by the Secret Service at that city.

ADMINISTRATIVE:

For the information of the Bureau, during the course of a searching interview with ROBERT KAYE it was determined that he is at times vague beyond belief, and when pressed to be more specific he becomes obviously annoyed and arrogant. He is a man of under average stature; gives all the appearances of having an inferiority complex, and strives vainly to make up for his insufficiencies by an overactive imagination.

Title: LEE HARVEY OSWALD

Character: INTERNAL SECURITY - R

Synopsis: ROBERT J. KAYE reinterviewed at Tucson, Arizona on 1/30/64. Advised that when he observed picture of OSWALD on TV he was of the opinion that OSWALD was identical with LEE (LNU), but that he is not now certain of this identification and could well have been mistaken. KAYE advised that he appeared on radio and TV in Denver, Colorado and was interviewed concerning his experiences during the war. KAYE claims he entered U. S. at Portland, Maine, and that he always thought he was a citizen of the United States, being under the impression that he had been naturalized at Portland, Maine. He was unable to produce any evidence of naturalization. KAYE advised that he was unable to recall what disposition he had made of the map and calendar and was still of the opinion that he had given these items to the Secret Service agent in El Paso. When questioned as to the veracity of his story, KAYE admitted that he may have been mistaken but denied that he was lying. Inspector GLENN CHOATE, INS, Tucson, Arizona advised that the story told by KAYE would indicate that KAYE is not a naturalized citizen of the United States. CHOATE advised that he would send for KAYE's file and review it before taking any action.

On February 10, 1964, the facts in instant case concerning the naturalization of KAYE were discussed with GLEN CHOATE, Agent in Charge, U. S. Immigration and Naturalization Service (USINS), Tucson, Arizona. CHOATE advised that the story told by KAYE would indicate that KAYE is not a naturalized citizen of the United States. CHOATE stated that he would send for KAYE's file and intended to review it before taking any action.

FD-302 (Rev. 1-25-60)

FEDERAL BUREAU OF INVESTIGATION

Date 2/3/64

ROBERT J. KAYE was interviewed at the office of the Tucson Resident Agency. He was advised that he had the right to consult an attorney, that he did not have to make any statement unless he desired to do so and that anything he said could be used against him in a court of law.

KAYE advised that he is still residing in Apartment 9, 2116 East 17th Street, Tucson, Arizona, and that his telephone number is 624-2102. He is still employed as a vending machine service mechanic by Falcon Automatic, Inc., 727 South Campbell Avenue, Tucson, Arizona.

KAYE insists that he met the man known to him only as LEE (LNU) at Denver, Colorado. When he saw the picture of LEE HARVEY OSWALD on TV, he was of the opinion that OSWALD was identical with LEE (LNU). He now admits that he is not certain of this identification and that he very well could have been mistaken. KAYE was still unable to furnish the exact date of his meeting with LEE (LNU) at Denver, Colorado.

When questioned as to the identity or description of the man whom he was to meet in Mexico City, KAYE could not recall any details other than that LEE (LNU) told him that the man he was to meet had black hair, and a mustache, and would be wearing a trench coat and dark glasses. He denied that he had ever told the Secret Service Agent in El Paso that the man's name was "Francis," that he was six feet, four inches tall, skinny and had a long nose. He was unable to explain why he had furnished no description of this man at the time of his previous interview at Tucson, Arizona.

KAYE stated that he had forgotten to mention that he had appeared on TV and radio while in Denver, Colorado. He advised that these appearances were based on his experiences during the war. A few years ago, about the year 1960 or 1961, he had been interviewed on the "STARTY (Phonetic) ALLEN" show on Channel Seven in Denver, Colorado. Around the same time he was interviewed on two occasions on the LEE BURMAN show on Channel Two, also Denver, Colorado. KAYE also stated that about the same time he was interviewed by a BILL BARKER on NBC radio in Denver, Colorado. KAYE was unable to be more specific regarding these appearances.

KAYE advised that he had been with the U. S. Army in Europe and later with a tank battalion in Africa. He advised that he knew ROMMEL, the German Commander, very well and that because of this he was sent behind the German lines to determine when the Germans intended to attack. He advised that he obtained this information and that he sent it back to the Americans even though he was shot while doing so. He claimed to have been shot nine times during the war.

KAYE denied that he had been born in Russia and insisted that he was born in Poland. He advised that he was in England prior to being admitted to the United States through the intercession of President Truman. He finally entered the United States at Portland, Maine. While in England, he claimed that the Russian officers attempted to persuade him to return to Russia and on one occasion, promised him a motor bike. He claimed that the American soldiers hid him from the Russians whenever they would come around looking for him. When he arrived in the United States, he lived with Sergeant EDDIE KLONOWSKI at 4621 or 2146 Gray or Grace Street, Chicago, Illinois. KAYE advised that he had used the name KLONOWSKI when he had entered the United States.

KAYE lived with KLONOWSKI for about a year and then was placed in a home for orphans in the Chicago area. He claimed to have been in the Illinois Research Hospital, Chicago, Illinois, for about a year, during the years 1946 or 1947, where he received treatment for wounds suffered during the war. He denied any history of mental instability or ever having been hospitalized in a mental institution.

KAYE claimed to be a citizen of the United States but was unable to furnish any details as to the date or place of naturalization. He stated that he thought he had been naturalized in Portland, Maine when he entered the United States, but was unable to produce any evidence of this fact. He finally made the statement that he never failed to fill out a card and leave it at the U. S. Post Office every year. When advised that this would indicate that he was not a citizen, he offered no explanation other than to say that he thought he was a citizen.

PX 105-1529
GJF/mcl

KAYE repeated that LEE (LNU) had stated at the time of their first meeting that he had recognized KAYE from having seen him on TV in Denver, Colorado. KAYE advised that he thought nothing of this statement since he had become quite famous as a result of his exploits during the war.

When told that the Secret Service Agent in El Paso, Texas had stated that KAYE had not given him a map and a calendar, KAYE said, "I was sure that I had given them to him." He could offer no other explanation as to the disposition of the alleged map and calendar.

When it was suggested that his story was not true, KAYE became obviously upset and entered into a long discourse about his loyalty to the United States and the many services which he had rendered to the American Troops during World War II. He admitted that he might have been mistaken, but denied that he was lying.

KAYE's only explanation for the difference in the stories which he told to the Secret Service Agent in El Paso and the interviewing agents in Tucson, Arizona, was that he had a very poor memory and had great difficulty in recalling details. He was unable to explain why he considered his memory to be accurate in this instance.

REC- 124

Re report of SA Gerald J. Flynn dated 2-17-64 at Phoenix which reported results of reinterview of Robert J. Kaye.

You should immediately resubmit rereport to set forth more specific details concerning Kaye's background and particularly his activities immediately prior to and subsequent to his claimed visit to Mexico City. In addition, initiate sufficient investigation to resolve conclusively whether or not Kaye is lying. If not previously done, leads should be set out immediately to review his INS file and military records.

On page four of re report only one short paragraph is devoted to reporting information from Kaye concerning his alleged friendship with the German Commander Rommel and Kaye's activities on behalf of the American Forces. This information would appear obviously false since Kaye would have been less than ten years of age at that time. You should develop sufficient information and report in such manner that the inconsistencies in his story will be readily obvious.

Handle immediately, reinterviewing Kaye if necessary to resolve this matter.

NOTE:

Kaye has told story of having met unknown man named Lee (LNU) at Greyhound Bus Terminal, Denver, Colorado, in early October, 1963; that Lee gave him $300 for travel money and promised him another $3,000 if Kaye would go to Mexico City to obtain package from man who would contact him at a certain building in Mexico City. Kaye claims did make trip but was not met. Kaye believes Lee identical with subject. He claims to have been born in 1935, in Poland and served in U.S. Army during war. Kaye is undoubtedly lying but we should more conclusively prove it than has been done by Phoenix to date.

INTERNAL SECURITY - CUBA

Memorandum DeLoach to Mohr 2-11-64 indicated subject, [redacted] had sent four taped reels to Congressman Claude Pepper (D-Fla.) which allegedly contained information dealing with Panama situation and assassination of President Kennedy and that tapes had been obtained for review.

Tapes are addressed to "State Senator Claude Pepper"; are poorly prepared and contain rambling, disjointed, and sometimes unintelligible material apparently prepared by subject and several unidentified individuals on variety of subjects. Tapes contain no pertinent data concerning Panama.

Concerning assassination, subject stated that when Oswald named "the New York lawyer" (probably John Abt who has represented communists in past) and then mentioned he was from New Orleans, subject knew Oswald had direct connections with Castro. Subject wondered who had hired Oswald, but, when Ruby appeared and killed him, subject knew "he" was the leader. Subject stated, when the bondsman showed up and indicated he had connections in Los Angeles, California, that clinched the deal that they were all communists. Subject stated that all the books Oswald read were communist-type books.

The following summarizes the additional pertinent data contained in tapes:

Individual (apparently subject) claims he warned Navy in January, 1962, of missile build up in Cuba and that there was "Castro-Russian" plan in Fall of 1962 whereby Castro, using Soviet submarines would land tanks on east coast and southern U. S. ports which landings would be coordinated with sabotage by Communist Party; Russian invasion of Alaska; and Cuban missile attack. Subject claims plans used during

Cuban blockade were the ones he sent Secretary of Defense on October 15, 1962. Concerning Communist Party, subject claims Kansas City, Missouri; Los Angeles, California; and New York City serve as Central, Western and Eastern Communist Party headquarters respectively.

In discussing racial situation, he states that CORE (Congress of Racial Equality) stands for Communist Resistance of Equals and that colored girls are easier to train in communist tactics than colored boys.

In discussing anti-Castro activities, subject claims to head Cuban exile group and would be willing to accept leadership of anti-Castro groups. He wonders why anti-Castro exiles and anticommunists are being attacked (in Miami, Florida area) and states latest report received indicates Castro man working for FBI in Miami. He highlights claim that communists can get all support needed while no one supports anticommunists. Subject urges that Congressman Pepper be designated contact man in anti-Castro field and urges Congress to approve his plan for Castro's overthrow which he identifies as "Operation Box In."

Subject also claims he withheld data concerning location of Castro bases in U. S. because his men keep these bases under observation when they have time to do so. He also touched on situation in Latin America. With reference to Mexico, he stated General De Gaulle of France would be assassinated if he went there in March, 1964. Subject indicated he has been in touch with our Chicago and Miami Offices.

In conclusion subject claims that during World War II he, as private, was in charge of 3,000 men, including commissioned and noncommissioned officers.

OBSERVATIONS:

Subject was interviewed by Chicago Office in June, 1963, concerning anti-Castro activities. At that time Chicago noted subject [redacted] made statements concerning his ability as military genius, but, when asked for details, became vague and uncertain. Chicago source at time advised subject apparently [redacted] have obsession to discuss liberation of Cuba. The information in tapes, particularly that which pertains to subject's claim that his plans had been used for blockade of Cuba and his claim to have headed, as private, 3,000-man force, would appear to corroborate information [redacted]

Memorandum Mannall to Sullivan
RE: [redacted]

ACTION:

(1) If you approve, substance of information in tapes will be orally furnished representative of Congressman Pepper's office by Mr. DeLoach's office when the tapes are returned. The tapes have been separately forwarded to Mr. DeLoach's office.

(2) If you approve, in view of subject's threat to publicly disclose data in tapes, attached letter will be sent to the President's Commission containing the Oswald data, together with brief summary of the information pertaining to subject's claim that he furnished the plans for the blockade of Cuba; his claim to have led a 3,000-man force as private; and comment of Chicago source indicating subject apparently mentally confused. The information being furnished the Commission will also be separately furnished to State, Central Intelligence Agency, military intelligence agencies, Secret Service and Internal Security Division of the Department.

EX-117

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to our letter of February 11, 1964, reporting results of our interview on February 8, 1964, with Mr. Alonzo F. Hudkins III, also known as Lonnie Hudkins. Mr. Hudkins is the reporter who wrote an article in the Houston "Post" entitled "Oswald Rumored as Informant for U.S." During our interview with Mr. Hudkins on February 8, 1964, he refused to identify the source of his information that Oswald was on the payroll of either the Federal Bureau of Investigation or the Central Intelligence Agency. He claimed he was told this by a Government official, not a Federal official, in Dallas, Texas.

For your information, Assistant District Attorney William Alexander was interviewed by this Bureau January 25, 1964, in this matter. Mr. Alexander told us that he was acquainted with Lonnie Hudkins and that Hudkins had contacted him sometime in December, 1963, and had indicated he was working on a real good story, trying to prove that Oswald was an informant for the Federal Bureau of Investigation, Central Intelligence Agency or some governmental agency. According to Mr. Alexander, Hudkins stated he had received information that Oswald's address book, which had been seized by the police, had Agent Hosty's or Hasty's name and the telephone number of the local Federal Bureau of Investigation office and possibly a license number of an automobile.

Mr. Alexander further advised that Lonnie Hudkins then asked him if this did not mean that Oswald was an informant of the Federal Bureau of Investigation. Mr. Alexander stated he told Mr. Hudkins that he did not know anything about Oswald being an informant. Mr. Alexander stated that when Hudkins questioned him about the entry in Oswald's address book, Alexander told Hudkins "It looks like you have the story there." Mr. Alexander denied making any further statements to Hudkins.

For your information, during our interview with Mr. Alexander on January 25, 1964, he informed us that he had appeared before the President's Commission on January 24, 1964, in Washington, D. C., and that he had told the Commission that he had no information as to Oswald being an informant for the Federal Bureau of Investigation, Central Intelligence Agency or any other governmental agency. He stated he did point out to the Commission that in an address book of Oswald's seized by the police Agent Hosty's name appeared along with many others. Mr. Alexander also told us that during his meeting with the Commission January 24, 1964, he told Chief Justice Warren and you that on the afternoon of January 21, 1964, after conclusion of the bond hearing in Dallas for Jack Ruby and while the reporters were waiting for some statements from the judge, there were a number of reporters talking about the possibility that Oswald was a counterspy for the Federal Bureau of Investigation, Central Intelligence Agency or some governmental agency. He added that he also stated that he recalled hearing the words "special service" and also remembered some reporter making a statement that Oswald was possibly on the payroll of the Government at $200 a month, beginning September, 1962, and that he heard payroll number 179 or voucher 179 mentioned.

For your additional information, we reinterviewed Mr. Alexander February 13, 1964, in a further effort to pin him down on his source of the allegation that Oswald may have been a counterspy for the Federal Bureau of Investigation, Central Intelligence Agency or some governmental agency and was on the payroll of the Government. Mr. Alexander claimed that he overheard a number of reporters discussing the possibility that Oswald was a counterspy for the Federal Bureau of Investigation, Central Intelligence Agency or some governmental agency and that he remembers hearing some reporter make the statement that Oswald

Honorable J. Lee Rankin

was supposedly on the payroll of the Government at $200 a month, beginning September, 1962, and had payroll number 179 or voucher 179. Mr. Alexander stated that he has no idea as to the source of this information and that he considered it only rumor at the time. He further stated that when he heard this discussion there were present a number of reporters and that he has no idea who originated the remark.

During our interview with Mr. Alexander at this time we asked him if he could supply the name of anyone who might be the originator of these false allegations, and he stated he could not. He further stated that much speculation and rumors of all kinds concerning Oswald have cropped up from time to time and that he had reached the point of not paying any attention to them.

In conclusion Mr. Alexander stated that should he determine the identity of the originator of these false allegations he would immediately notify this Bureau.

Sincerely yours,

J. Edgar Hoover

Date 2-13-64

Lonnie Hudkins, the reporter who wrote article in Houston "Post" entitled "Oswald Rumored as Informant for U.S.," has advised us his story based on information he received from Dallas Assistant District Attorney William Alexander. Dallas teletype 1-25-64 reported interview of Alexander at which time he stated he told Hudkins he did not know anything about Oswald being an informant. Alexander also told us that during his meeting with the President's Commission 1-24-64 he told Commission representatives that on 1-21-64 following conclusion of bond hearing for Jack Ruby, he overheard a number of reporters discussing possibility Oswald was counterspy for FBI, CIA, or some Government agency. He added he remembered hearing some reporter make statement Oswald on Government payroll at $200 a month and heard payroll number 179 or voucher 179 mentioned. Alexander claimed he did not know names of these reporters. In view of Hudkins' claim on 2-8-64 that his story was based upon information received from Alexander, we instructed Dallas to immediately contact Alexander and pin him down on his allegations and determine identity of his sources. Attached teletype sets forth results of such interview. LETTER TO HUDKINS BEING PREPARED.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

At 3:55 p.m., 2-18-64, SAC Gordon Shanklin, Dallas, was requested to clarify dates of 1-30 and 1-31-64 appearing on page 32 of Dallas report by SA Gemberling dated 2-11-64. Shanklin subsequently advised both dates should be 1-30-64.

Dallas was referred to their teletype of 2-18-64 reporting results of interview of Marina Oswald 2-17-64. It was pointed out that referenced teletype reported that Marina Oswald had stated that Lee Harvey Oswald had told her after the Walker incident that he had practiced with a rifle in a field and that one night in January, 1963, when they resided at the Neeley Street address Oswald was cleaning his rifle and told Marina he had been practicing that day.

Marina also recalled that in March, 1963, Oswald had his rifle when he boarded a "Love Field bus" and that he later told her he had practiced firing this rifle. Since investigation has disclosed Oswald purchased the assassination rifle from Klein's Sporting Goods of Chicago, Illinois, in March, 1963, and that he was residing at 604 Elsbeth Street, Dallas, at that time, the Dallas Office was requested to immediately determine if Oswald had a rifle in January, 1963, as reported in referenced teletype and if so, to determine full particulars re such weapon. Dallas was likewise instructed to conduct appropriate inquiries at Love Field to determine if there is a firing range there which Oswald could have used in his practice in firing his rifle. Dallas was also requested to determine if there are other public ranges near Love Field which could have been utilized by Oswald in practicing with this weapon.

Memorandum

TO : DIRECTOR, FBI

DATE: 2/11/64

FROM : SAC, WFO (62-0)

SUBJECT: GERTRUDE GREGORY, aka Mrs.
Harold Delancey Gregory
426 Central Avenue,
East Orange, New Jersey
INFORMATION CONCERNING

Bureau teletype 12/4/63 under the LEE HARVEY OSWALD caption (Bufile 105-82555) reported how one HAROLD DELANCEY GREGORY requested to speak to Mr. TOLSON on the OSWALD matter. GREGORY at that time stated he had attended George Washington Law School with Mr. TOLSON. GREGORY stated his wife, the subject, had seen OSWALD in East Orange, New Jersey in late August or early September, 1963. She then advised telephonically concerning her believed observation of OSWALD during CORE demonstrations in New Jersey, requested to be interviewed re same.

In accordance with her request and Bureau instructions, she was interviewed by SAs JAMES F. MORRISSEY and STUART W. ANGEVINE, WFO. The results of her 12/5/63 interview and that of her husband are set forth in the report of SA MORRISSEY dated 12/9/63 under the OSWALD caption. During interview she explained that she had observed a seething unrest among the Negro citizenry of East Orange, New Jersey during the last two years; was reporting this fact since she thought same might have some unknown bearing on the President's assassination. She also pointed out that because of incidents that had involved her with members of the Negro race, she thought that she was the one to be assassinated; and then had apprehensions about her own personal safety in that area.

Subsequently, Mrs. GREGORY forwarded a letter to SA MORRISSEY reporting an incident with current international overtones involving a Negro which occurred on her return trip from Washington, D. C. This information was furnished to Newark by letter dated 1/24/64 under her caption. The observation

was made at that time that Mrs. GREGORY appears to have been so disturbed by Negro civil rights activities in her area that it may have affected her judgment on the subject.

On 2/7/64, SA MORRISSEY received another communication from Mrs. GREGORY. The contents consisted of a piece of legal yellow paper (blank) within which was a newspaper clipping. Enclosed for the Bureau and the Newark Office is a copy of that clipping. It would tend to support the previous observation that Mrs. GREGORY has been emotionally disturbed on the subject matter of civil rights and the Negro.

The above is submitted for the information of the Bureau and the Newark Office.

"WE WILL OVERCOME": VOODOO DEATH CHANT.

WASHINGTON (AP) — President Johnson has told businessmen how discrimination against Negroes affects his own household.

Appealing to a group of businessmen to stamp out employment discrimination, the President spoke of Zephyr Wright, the Johnsons' longtime family cook. In a speech made Wednesday in the White House East Room and released in transcript form yesterday, Johnson said:

"One of the great women that I know lives in my home, whose advice I probably value more than anybody's except my mother and wife, a college person, highly trained.

"If she has a title, I guess you would call her chief of staff of my operation.

"She finds that when she comes from Texas to Washington, she can't go to a bathroom without taking three or four hours out of a drive to try to locate one in sections of the town. She finds out that she never knows when she goes into a cafe whether she can get a cup of coffee or not — not because of lack of dignity, because she is possessed with more of it than the President! not because of lack of money, because she is thrifty, frugal, has invested and has savings; not because of lack of ability, because she commands the respect of people who have the power to get the best.

"But it is all because of color and because of tradition, because of custom . . .

"You would not want that to happen to your mother, your wife, or your daughter . . .

"That is what we have tried to do something about. Thank God we have done something about it, with your help and God's help we are going to do more about it."

CAPELL stated that the two newspapermen who have the most information concerning the assassination are DONALD JANSON and PAUL P. KENNEDY.

(2) Concerning the information on page 2, column 2, paragraph 3, dealing with a reprint from the 11/29/63 issue of "Deutsche National Zeitung" CAPELL furnished the original information in the form of a news release on the letterhead of "National Soldiers Newspaper," A German Veterans Organization publication. He advised that he did not see the original release in the "Deutsche National Zeitung" of 11/29/63 and assumes that it does exist under such date.

(3) With respect to the information appearing on page 3, column 1, paragraph 3, which dealt with a telephone call by Mrs. RUTH PAYNE, to Attorney JOHN ABT on behalf of LEE HARVEY OSWALD, CAPELL stated that this information appeared in print and he believes it was obtained as a result of a press conference with Mrs. PAYNE. CAPELL stated that he received the press release of DONALD JANSON, NY Times" correspondent in Dallas,

Texas, and used JANSON's story in his own publication. CAPELL advised that he is unable to quote when the news item originally appeared but stated that it was written by JANSON.

The identities of the Agents both of the Dallas Office and from surrounding offices participating in this investigation are reflected in this report.

In connection with this report, it should be borne in mind that the Dallas Office has a separate case in connection with the shooting of LEE HARVEY OSWALD captioned "JACK L. RUBY, aka; LEE HARVEY OSWALD, aka (Deceased) - VICTIM, CR", Dallas file 44-1639.

During the initial preparation of reports in instant matter, the material was being submitted under Dallas file 89-43, and for this reason certain of the FD-302s and inserts contained in this report may bear that file number, rather than 100-10461.

The overlap in the period of this report with that of previous reports in this matter was occasioned by the fact that material with respect to certain phases of the investigation was withheld until such time as the complete resolving of the particular phase could be included in one report.

Furthermore, a review of the Dallas files in instant matter has reflected certain information not previously reported, which it is now felt should be included in report form.

DL 100-10461

ADMINISTRATIVE

No local dissemination of this report is being made to either the U. S. Attorney or the local U. S. Secret Service or any other agency. Extra copies have been made by the Dallas Office for use in the event the Bureau directs dissemination.

It should be noted that only one agent witnessed the signed statement of RICHARD RANDOLPH CARR set forth in this report. This was due to the fact that no other Agent was available at the time.

The information from the records of the Southwestern States Telephone Company, Irving, Texas, contained in this report was made available by [redacted] District Manager.

In connection with a 21 page FD-302 containing results of an interview with MARINA OSWALD on January 31, 1964, it will be noted that pages 2 through 21 of this FD-302 contain the name LEE HARVEY OSWALD at the top of the page and do not contain Dallas file number and number of the page of the FD-302. This is due to the fact that the contents of this FD-302 were furnished the Bureau in a letterhead memorandum. At the specific request of the Bureau and to avoid retyping, extra copies were made of pages 2 through 21 at the time of the preparation of the letterhead memorandum.

ADMINISTRATIVE

By airtel to Dallas dated January 15, 1964, the Bureau authorized interview with ALBERT GUY BOGARD with the use of the polygraph.

On January 24, 1964, BOGARD appeared at the Dallas Office and advised he was willing to be interviewed with the polygraph. He related to SAs ARTHUR E. CARTER and C. RAY HALL that on Saturday night, January 11, 1964, while working as manager of the Bent L-Bow Tavern in Dallas, Texas, several men came into the tavern, asked to see the manager, and when BOGARD appeared, they proceeded to hit him about the head with a beer bottle, then knocked him down and stomped him about the head.

He said he had never seen these men before, could not identify them, and he had no idea why they assaulted him. He said he was hospitalized at Baylor Hospital, Dallas, Texas, for concussion and head cuts, from January 11, 1964, to January 18, 1964. He was treated by Dr. [redacted] Since release, he has been taking Dramamine, for dizziness, and last took this medication at about 11:00 PM on January 23, 1964. He also advised he was hospitalized at the North Louisiana Sanitarium, Shreveport, Louisiana, following a car wreck in 1951, for a fractured skull. He also alleged that on June 6, 1959, he had a "light heart attack" at Shreveport, Louisiana, but did not consult a doctor for two days afterward. He then contacted a Dr. [redacted] Sanders Clinic, Kings Highway, Shreveport, Louisiana, who examined him and had an electrocardiogram made, then gave him some pills and told him to go to bed for about a week.

BOGARD said that since that time he has had chest pains from time to time. While he was in Baylor Hospital at Dallas, Texas, in January 1964, he told his doctor about these pains, and an electrocardiogram was made, but his doctor told him this showed that everything was normal.

D

ADMINISTRATIVE

On January 24, 1964, SA HALL telephonically contacted Dr. [redacted] Medical Towers Building, 712 North Washington, Dallas, Texas, who advised that as a surgeon, he treated ALBERT GUY BOGARD for a head injury at Baylor Hospital, in January 1964. He said BOGARD had a traumatic injury to the middle ear, which has caused dizziness. He prescribed Dramamine for the dizziness and has not seen BOGARD since release from the hospital. Dr. [redacted] suggested that if BOGARD had taken Dramamine at about 11:00 PM on January 23, 1964, this medication would probably interfere with a polygraph examination on January 24, 1964, in that the results would be inconclusive.

After BOGARD complained of chest pains, Dr. [redacted] had an electrocardiogram made, and his study of that showed no previous heart damage or present indication of any heart disorder. He suggested, however, that Dr. [redacted] be contacted as Dr. [redacted] had previously treated BOGARD and could furnish more information regarding any heart trouble BOGARD might have.

BOGARD was then advised that he would be contacted later regarding a polygraph examination after he had had an opportunity to recover more fully from his recent hospitalization.

On January 24, 1964, SA C. RAY HALL telephonically contacted Dr. [redacted] Medical Arts Building, Dallas, Texas. Dr. [redacted] advised he last saw ALBERT GUY BOGARD as a patient on September 18, 1963, and BOGARD was complaining of a whiplash injury to his neck following an automobile accident. Dr. [redacted]' examination showed no basis for such a complaint. BOGARD has been to see him a number of times and appears to be a chronic complainer. Dr. [redacted] has never found any physical basis for any of his complaints. He once had an electrocardiogram made on BOGARD and found no evidence of any heart damage or disease.

In view of BOGARD's chronic complaints, he has suspected that BOGARD may be attempting to fake injuries and collect from insurance companies. However, he knows of no such attempts to defraud any insurance company.

DL 100-10461

Prior to further consideration of a polygraph examination with BOGARD, additional investigation into his background is being conducted.

On January 23, 1964, [redacted] (PROTECT IDENTITY) [redacted] Dallas Police Department, who stated under no circumstances should his name be revealed as the source of this information, advised SA ROBERT P. GEMBERLING that a source of his, on January 22, 1964, had advised that Dallas District Attorney HENRY WADE had supposedly received a call from the President's Commission to appear immediately in Washington, D. C., concerning information that WADE supposedly had to the effect that OSWALD was on the payroll of the FBI at $200.00 a month and had a code name and number assigned to him; and that SA HOSTY (SA JAMES P. HOSTY, JR.) was supposedly a non-existent person; and that this was just a code name used by the FBI.

On January 23, 1964, District Attorney HENRY WADE, in a conversation with SAC J. GORDON SHANKLIN, stated he had never received any such information that OSWALD was an informant of the FBI, and had never given out any such information and knew nothing about it. WADE did state that back sometime in late December 1963 LONNIE HUDKINS, a reporter for the "Houston Post," came over to him and posed some leading questions about whether OSWALD was an informant of the FBI or some governmental agency. WADE claimed he told HUDKINS he knew nothing about it, had no information concerning it, and that he was not the source of any information along this line. WADE advised SAC SHANKLIN that if he learned any information to this effect he would let SAC SHANKLIN know so that the source could be checked.

On January 24, 1964, [redacted] (PROTECT IDENTITY), [redacted] Dallas Police Department, advised SA ROBERT P. GEMBERLING that he could not reveal his source for the information furnished by him on January 23, 1964, but that his source was reliable. [redacted] was advised that the story concerning OSWALD being on the FBI payroll was erroneous and that he should so instruct his source. At the time of this contact, [redacted] stated that his source had advised him on the evening of January 23, 1964, that D.A. HENRY WADE and his

ADMINISTRATIVE

assistant, BILL ALEXANDER, had departed for Washington, D. C., in late afternoon, January 24, 1964, and were scheduled to leave Washington, D. C., at 5:30 PM, January 24, 1964, to return to Dallas.

On January 25, 1964, District Attorney HENRY WADE advised SAC J. GORDON SHANKLIN and SA VINCENT E. J. DRAIN that with respect to the quote of WADE and his assistant, ALEXANDER, appearing in "The Nation" magazine of January 27, 1964, that reporter LONNIE HUDKINS, mentioned in the article, was formerly a police reporter for both the "Dallas Times Herald" and the "Dallas Morning News," and that HUDKINS was rather a "wild" type of reporter. WADE stated that HUDKINS was in Dallas after the assassination, representing the "Houston Post."

WADE recalled that sometime in late December 1963 HUDKINS posed some leading questions to him about whether OSWALD was an informant of the FBI, CIA or some governmental agency. He stated that he told HUDKINS, "I don't know anything about it," and that he possibly might have said, "Even if he were, I don't think it ought to be publicized." WADE denied the statements attributed to him in the article.

E. William Alexander

On January 25, 1964, Assistant District Attorney WILLIAM ALEXANDER advised SAC J. GORDON SHANKLIN and SA VINCENT E. J. DRAIN that sometime in December 1963 HUDKINS did appear and talk with him, and that HUDKINS indicated he was working on a real good story, trying to prove that OSWALD was an informant of the FBI, CIA or some governmental agency and stated he had received information that OSWALD's notebook, which had been seized by the police, had Agent HOSTY's or HASTY's name and the telephone number of the local FBI office and possibly a license number of a car, and HUDKINS asked ALEXANDER if they didn't mean OSWALD was an informant of the FBI. ALEXANDER claimed that he told HUDKINS that he didn't know anything about OSWALD being an informant. When questioned about the notebook, ALEXANDER states he said, "It looks like you have the story there." ALEXANDER denied making any further statements to HUDKINS.

H

COVER PAGE

ADMINISTRATIVE

In addition, on this occasion, WADE and ALEXANDER were interviewed concerning their appearance before the President's Commission in Washington, D. C., on January 24, 1964. Mr. WADE advised that he did appear before the Commission on January 24, 1964, and furnished the following information:

On January 22, 1964, at about 10:00 PM, WAGGONER CARR, Attorney General for the State of Texas, called WADE and mentioned something about an article appearing in a magazine regarding the possibility that OSWALD had been an informant of the FBI, CIA or some other governmental agency, and that supposedly WADE and ALEXANDER had been quoted in this article. According to WADE, CARR advised him that the President's Commission wanted him to appear. WADE then stated that he talked to the Commission and told them that he didn't know anything, but that CARR later called him and said they wanted him to appear anyway and that arrangements were first made to send an Air Force plane down to take them up to Washington, but that later this was canceled, and he and his assistant, BILL ALEXANDER, along with WAGGONER CARR; ROBERT STOREY, former Dean of Southern Methodist University, and LEON JAWORSKI, Houston attorney employed by CARR in connection with this matter, all went to Washington, D. C., on January 23, 1964.

They all appeared at the Texas Commission Headquarters and had an informal-type discussion with Chief Justice WARREN and Chief Counsel LEE RANKIN. They were questioned regarding the information in "The Nation" article, at which time WADE advised the Commission that he had been misquoted by this reporter, that he had no information to the effect that OSWALD was an informant of the FBI or any governmental agency, and that he had at the time expressed the opinion that even if OSWALD were, he didn't think it ought to be publicized.

WADE's assistant, BILL ALEXANDER, was also questioned by the Commission, and he states that he told the Commission that he had no information as to OSWALD being an informant for the

ADMINISTRATIVE

FBI, CIA or other governmental agency. He said he did point out that in a notebook of OSWALD's seized by the police Agent HOSTY's name was in the notebook along with many others and, in addition, the telephone number of the Dallas FBI Office and the license number of a car.

ALEXANDER stated that, in addition, he told Chief Justice WARREN and RANKIN that on the afternoon of January 21, 1964, after conclusion of the bond hearing in Dallas for JACK RUBY and while the reporters were waiting for some statement from the Judge, there were a number of reporters discussing the possibility that OSWALD was a counterspy for the FBI, CIA or some governmental agency. He remembers hearing the words Special Service mentioned. He also remembers some reporter make the statement that OSWALD was possibly on the payroll of the Government at $200.00 a month, beginning September 1962, and that he heard Payroll No. 179 or Voucher 179 mentioned. ALEXANDER purportedly alleges that he does not know the names of these reporters.

Under date of February 5, 1964, affidavits of SAC J. GORDON SHANKLIN, ASAC KYLE G. CLARK, SAs KENNETH C. HOWE, B. TOM CARTER, ARNOLD J. BROWN and JAMES P. HOSTY, JR., were submitted to the Bureau by the Dallas Office, which affidavits were to the effect that none of these individuals had ever made any payments to LEE HARVEY OSWALD, nor did they have any knowledge indicating he was ever an informant or source of information for the FBI.

Under date of January 29, 1964, the Houston Office advised that former SA JOHN W. FAIN, Houston, Texas, had furnished a sworn affidavit on that date recalling he had interviewed OSWALD on two occasions in June and August 1962 at Fort Worth, Texas. He certified that no payments had been made or offered to OSWALD, no effort was made to recruit him in any capacity for the FBI or any other governmental agency, and that no

suggestion, either expressed or implied, was ever made that OSWALD act as an informant or employee for the U. S. Government. Mr. PAIN certified that OSWALD exhibited an arrogant and hostile attitude during the interviews.

Under date of February 5, 1964, the San Francisco Office made available a copy of an affidavit signed by SAC CURTIS O. LYNUM to the effect that while he was SAC of the Dallas Office from December 1958 to April 18, 1963, OSWALD was not paid anything or used as an informant or source by the FBI.

Under date of February 7, 1964, SAC HARRY G. MAYNOR and SA JOHN L. QUIGLEY, of the New Orleans Division, executed affidavits to the effect that OSWALD was never paid anything nor did he serve as an informant for the FBI.

On January 25, 1964, Mr. [redacted] Supervisor of Reservations, American Airlines, Dallas, Texas, telephone TA 1-3221, telephonically advised that the only air lines serving Dallas direct from San Francisco, California, are American Airlines and Delta Air Lines. He advised that the following air lines serve Dallas from San Francisco but connect with American Airlines or Delta Air Lines at Los Angeles, California: Western Airlines, United Air Lines and West Coast Air Lines.

He advised that any records of reservations or travel on the part of a passenger from San Francisco to Dallas on American Airlines would be reflected in the records of the American Airlines Company at New York City, New York. He advised that he would make inquiry at the home office to determine if one WILLIAM W. TURNER, 35 Alpine Terrace, San Francisco, California, traveled on American Airlines from San Francisco to Dallas during the period November 22 to 25, inclusive, 1963, and would advise SA ALBERT SAYERS of the results.

On January 25, 1964, Mr. [redacted] Supervisor of Reservations, Delta Air Lines, Dallas, telephone FL 7-6161, advised SA SAYERS that he would contact his home office at Atlanta, Georgia, to determine if one WILLIAM W. TURNER, 35 Alpine Terrace, San Francisco, California, had been a passenger on any Delta flight or connecting flight from San Francisco, California, to Dallas, Texas, during the period November 22--25, inclusive, 1963.

A short time later, Mr. [redacted] telephonically advised that his company could find no record of WILLIAM W. TURNER having made any flight as described above. He further advised that he would check the connecting companies at Los Angeles, California, for the same purpose as described above.

On January 25, 1964, Mr. [redacted] advised that he had been informed by the Los Angeles, California, office of United

ADMINISTRATIVE

Air Lines that one M. TURNER, no address known, had left San Francisco, California, on United Air Lines Flight 752-R at 10:00 AM, November 23, 1963, arriving at Los Angeles, California, at 11:04 AM the same date. He then connected with Delta Air Lines Flight 884-R, leaving Los Angeles, California, at 12:05 PM and arriving in Dallas, Texas, at 4:39 PM, November 23, 1963.

He advised that he was unable to furnish any identifying information with regard to M. TURNER. He advised that the Los Angeles office of the Delta Air Lines Company had informed him that their office had received the booking for the Delta flight from the San Francisco office of United Air Lines at 11:50 AM, November 23, 1963, after the United Air Lines Flight 752-R had already arrived in Los Angeles from San Francisco. He said the late receipt of this booking was merely a delay in communications from United Air Lines in San Francisco to Delta Air Lines in Los Angeles, and the time difference has no particular significance.

On January 31, 1964, Mr. [redacted] telephonically advised SA ALBERT SAYERS that he had made inquiry at the home office of American Airlines in New York City, New York, and had received information that one W. TURNER had been a passenger on American Airlines Flight No. 128, leaving San Francisco, California, at 8:05 AM, November 25, 1963, and arriving at Dallas, Texas, 12:56 PM, November 25, 1963. The reservations for this flight were made at about 10:00 PM on November 24, 1963. No address was shown in San Francisco for W. TURNER; however, home telephone AT 2-8374 and business telephone UN 3-4760 were furnished by TURNER as verification for the reservation. The ticket was a one-way ticket from San Francisco to Dallas, with open return.

Mr. [redacted] advised that this was the only TURNER the company records reflected as having made a flight from San Francisco to Dallas during the period November 22-25, inclusive.

The following investigation was conducted by SAs PAUL L. SCOTT and RICHARD E. HARRISON:

On January 25, 1964, [redacted] Sheraton-Dallas Hotel, Dallas, Texas, advised after checking his records that a WILLIAM W. TURNER, 35 Alpine Terrace, San Francisco, California, with MacFadden Publications, registered at that hotel at 1:39 PM on November 25, 1963. He checked out at 8:31 AM on November 27, 1963. The records showed a long-distance telephone call by TURNER on November 26, 1963, to a "WARNER," Washington, D. C., telephone number WO 4-5985, at 2:39 PM for 2 minutes, charge $2.92.

The records showed another telephone call by TURNER on November 27, 1963, at 8:41 AM to "SILVERMAN," New York City, telephone number 532-9050, time 11 minutes, charge $7.10. The records reflected 80 cents for local calls on November 27, 1963, but the numbers to which the calls were made were not recorded by the hotel. The record bore a notation AE 001-205-212-2, and Mr. [redacted] advised that this was an American Express card used by TURNER for identification.

On January 27, 1964, Mr. [redacted] advised SA PAUL R. SCOTT that after checking reservation records, he had determined that reservations were made November 24, 1963, by Hotels-Motels Reservation Center, 98 Post Street, San Francisco, California, for TURNER, scheduled to arrive at Dallas at noon on November 25, 1963. Reservations were requested for three nights.

Mr. [redacted] advised that the registration card contained no notation that TURNER was issued a courtesy parking card, and, therefore, it was assumed by the hotel that TURNER arrived by means other than automobile.

Mr. [redacted] made available the original registration card from Hotels-Motels Reservation Center, San Francisco, California, and Xerox copies of the reservation card, long-distance telephone records and the ledger sheets showing charges made to TURNER. Copies of these items are being retained in the Dallas file.

Under date of January 28, 1964, the New York Office advised that New York telephone number 532-9050 is listed to MacFadden Publications, 205 East Forty-Second Street, New York City. AL SILVERMAN is the editor of Saga magazine, which is one of the MacFadden publications.

Under date of January 28, 1964, the Washington Field Office advised the telephone line WO-4 is a direct in-dialing government code for the Treasury Department at Fifteenth and Pennsylvania Avenue NW, Washington, D. C., and that number 5985 is an extension for this line in Room 1422 of the Main Treasury Building at this address.

The following individuals were interviewed on January 25, 1964, by SAs WALLACE R. HEITMAN and RICHARD L. WEHL for information concerning a possible registration for a W. W. TURNER in Dallas during the last week in November 1963: Mr. [redacted], desk clerk, Mayfair Hotel; Mrs. [redacted] Auditor, Southland Hotel; Mr. [redacted] owner, Whitmore Hotel.

The above individuals advised that their records contained no registration for a W. W. TURNER during the period November 20 through November 30, 1963.

In connection with the interview of Captain GLEN D. KING (NA), 519 Goldwood, Dallas, Texas, telephone CA 4-4162, Administrative Assistant to the Chief of Police, Dallas, Texas, on January 25, 1964, by SAs MANNING C. CLEMENTS and ALBERT SAYERS, it is pointed out that Captain KING said the name of WILLIAM W. TURNER was not specifically recalled by him. He stated, however, that on an unrecalled date, an individual was in his office representing he was a magazine writer and that shortly afterward an FBI Agent not personally known to him, (who was believed to be from some office of the FBI other than Dallas) had contacted him after he had talked to the individual in question. The FBI Agent had told KING he felt Captain KING should know the individual who had just left his office was an ex-FBI Agent who had left the FBI under a cloud of some type and was understood to be under some type of controversy with the FBI currently.

On January 25, 1964, the following hotels were checked by SAS JOSEPH J. LOEFFLER and RAYMOND C. ECKENRODE in an effort to locate a registration for a W. W. TURNER during the period November 20-30, 1963:

1. Travis Hotel, 1611 Canton Street, Dallas
2. Loma Alto Hotel, 4518 Lemmon, Dallas
3. Lynn Hotel, 3401 Gaston Avenue, Dallas
4. Lawn Hotel, 3718 Lemmon, Dallas
5. Melrose Hotel, 3015 Oak Lawn, Dallas
6. Lennox Hotel, 112 N.W. 2nd, Grand Prairie

Under date of February 6, 1964, the FBI Laboratory advised as follows concerning a document examination requested by the Dallas Office on January 28, 1964:

Item 1 Registration card of the Sheraton-Dallas Hotel, # Z38152, bearing the signature "William W. Turner"

Result of examination:

It was concluded that the questioned handwriting on Item 1 was written by former Agent WILLIAM W. TURNER, whose known handwriting specimens are available in the Bureau.

On January 24, 1964, Assistant Director A. H. BELMONT telephonically advised SAC J. GORDON SHANKLIN that one DON REYNOLDS (the insurance salesman connected with the gift of a stereo to President LYNDON B. JOHNSON), when interviewed in connection with another matter, had alleged that when Governor CONNALLY was in ~~Dallas~~ Washington, D.C. in October 1963 he was in touch with OSWALD while OSWALD was in the YMCA. It was requested that all telephone calls be checked from the YMCA during the period OSWALD was there, to see if there were any calls to or from OSWALD.

Investigation at the YMCA, Dallas, Texas, on January 27, 1964, by SAs RICHARD E. HARRISON and PAUL L. SCOTT determined that OSWALD stayed there on the night of October 3-4, 1963, but that there are no telephones in the rooms at the YMCA and no records are kept of long-distance calls made to the YMCA and guests are not permitted to make long-distance calls out of the YMCA. The main telephone number at the YMCA was determined to be RIverside 2-3251, and an extension for this telephone is on the sixth floor, where OSWALD resided, which extension is No. 19. It was determined that there is one other public telephone on the sixth floor, which has number RIverside 2-0722 and would be the only telephone on that floor that OSWALD could have used to make a call.

The records for any prepaid long-distance telephone calls to OSWALD at either of these phone numbers would be maintained at the telephone company location from where the call was placed.

It was pointed out that the information furnished indicated Governor CONNALLY allegedly was in Dallas when he was in contact with OSWALD, which would indicate a possible local call, and that no record was available of such a call.

On January 27, 1964, [redacted] (PROTECT IDENTITY), [redacted] "Dallas Morning News," confidentially advised SA WILL HAYDEN GRIFFIN that American International Films of Hollywood, California, had held auditions at the Holiday Inn Central Motel on January 25, 1964, and was to discreetly shoot a movie in the Dallas area entitled, "The Trial of LEE HARVEY OSWALD."

On January 29, 1964, the Los Angeles Office advised that DOYLE NAVE, Assistant Business Agent, International Photographers Local 659, I.A.T.S.E., 7715 Sunset Boulevard, Los Angeles, California, had furnished the following information to SA JOHN M. CASHEL on January 29, 1964:

American International Pictures, Inc., and American International Records are both located at 7165 Sunset Boulevard, Los Angeles, California. American International Pictures Company is headed by JAMES H. NICHOLSON. It is a small independent motion picture company which usually produces low-budget pictures (formerly referred to as "B" pictures). These films feature unknown performers or some who can be obtained for modest fees. Films are produced for distribution to small theater chains and they cater to limited clientele.

American International Pictures has a quite active production schedule and often produces many of their films on locations away from Hollywood.

Mr. NAVE advised that on January 29, 1964, he had contacted JOE WONDER, Productions Chief, American International Pictures, Associated Producers, Inc., and the company is not contemplating shooting any picture relating to LEE HARVEY OSWALD in Dallas.

The Los Angeles Office advised that a Dun & Bradstreet report of January 28, 1963, reflects that JAMES H. NICHOLSON was

James H. Walker

president of American International Pictures Corporation. He was born in the United States in 1916. He has been in the motion picture business for about twenty-five years. In October 1953 NICHOLSON himself filed a voluntary petition in bankruptcy and was adjudged bankrupt in 1958.

A Dun & Bradstreet report of October 4, 1963, reflects American International Pictures Corporation, on October 1, 1963, filed a notice of intention to assign all Accounts Receivable to the Bank of America at Los Angeles.

On February 5, 1964, ROBERT O'DONNELL, Film Distributor, Dallas, Texas, advised SA WILL HAYDEN GRIFFIN that LARRY BUCHANNAN is the person who was shooting the movie, "The Trial of LEE HARVEY OSWALD," but has now changed the title of the film to "The Day the President Was Shot."

Mr. O'DONNELL advised that this film is being shot at Southwest Film Laboratories, Dallas, Texas, and will possibly be released by him.

On February 6, 1964, [redacted] (PROJECT IDENTITY), [redacted] "Dallas Morning News," advised SA WILL HAYDEN GRIFFIN that LARRY BUCHANNAN would finish shooting the movie, "The Trial of LEE HARVEY OSWALD," at 3024 Fort Worth Avenue, Dallas, on February 9, 1964.

He stated BUCHANNAN then will attempt to sell the film to a film distributor.

Mr. ZOPPI advised that the movie is to be a court room scene, starting with the arrest of LEE HARVEY OSWALD and continuing through the trial, pointing out what would have happened if OSWALD had gone to trial.

On February 1, 1964, SAC J. GORDON SHANKLIN contacted Deputy Chief of Police CHARLES BATCHELOR in the absence of Chief of Police JESSE E. CURRY, for the purpose of obtaining the clothing worn by LEE HARVEY OSWALD at the time he was allegedly shot by JACK L. RUBY, in order that same could be made available to the President's Commission for viewing. Deputy Chief of Police BATCHELOR stated he had no objections to the FBI taking this clothing and would release same to SA VINCENT E. DRAIN but that he definitely could not permit this evidence to be retained by the President's Commission because it would be needed in Dallas by the end of the week of February 8, 1964. He stated that the clothing, held as evidence in the RUBY case, was located at the Dallas Police Department Crime Laboratory at Parkland Hospital.

On February 2, 1964, Dallas District Attorney HENRY WADE was contacted by SAC J. GORDON SHANKLIN, at which time he stated it would be permissible for SA VINCENT E. DRAIN to take the items of clothing to Washington, D. C. for inspection by the President's Commission but that he could not release these items to the President's Commission because they were important evidence in the JACK L. RUBY murder case, and that he definitely must have them returned by February 11, 1964.

On February 2, 1964, SA VINCENT E. DRAIN obtained the following items of clothing worn by LEE HARVEY OSWALD at the time he was allegedly shot by JACK RUBY, from the Crime Laboratory of the Dallas Police Department, at Parkland Hospital:

1 black slip-on sweater--cut open;
1 pair of dark-colored socks;
1 undershirt--cut open;
1 pair of dark-colored trousers;
1 shirt--cut open;
1 pair of black slip-on shoes, which he personally delivered to the FBI Laboratory on the same date.

Under date of February 3, 1964, the FBI Laboratory advised that the following described clothing of LEE HARVEY OSWALD was delivered to the FBI Laboratory on February 2, 1964, by SA VINCENT E. DRAIN:

1. 1 pair of black shoes
2. 1 pair of black trousers
3. 1 gray flannel shirt
4. 1 T-shirt
5. 1 black sweater
6. 1 pair of black socks

The above listed items of clothing were examined by the FBI Laboratory for visible and invisible laundry and/or dry cleaning markings but none were found. All of the items appeared to be of domestic manufacture with the exception of the shoes which were manufactured in Japan.

On February 7, 1964, SA VINCENT E. DRAIN personally delivered the above-described items, over which he had retained custody and control since February 2, 1964, to the Dallas Police Department Crime Laboratory at Parkland Hospital, Dallas, Texas.

Per instructions of Inspector JAMES R. MALLEY, the above information concerning the clothing of LEE HARVEY OSWALD worn by him at the time he was allegedly shot by JACK RUBY is not being reported in the details of this report.

Under date of February 3, 1964, the Bureau advised that a small piece of white paper bearing the following notations which appear to be telephone numbers, was found in the right side pocket of the pair of black trousers delivered to the FBI Laboratory on February 2, 1964, by SA VINCENT E. DRAIN:

OR 9-9450
RI 8-9711
AC 2-4611
CO 7-3110
CH-7

The "CH-7" had been crossed through. All numbers appeared to have been written with a ball-point pen with the exception of the RI 8-9711 telephone number which was written with a pencil. The significance of these numbers was unknown to the FBI Laboratory.

Under date of February 5, 1964, the Bureau advised that the handwritten telephone numbers appearing on the small piece of white paper which was found in the right side pocket of the black trousers of OSWALD were too limited and too inconsistent for an adequate comparison with the known writings of LEE HARVEY OSWALD and that accordingly no conclusion could be reached whether OSWALD prepared the writings in question.

On February 3, 1964, Mr. [redacted] (protect identity), Special Agent, Southwestern Bell Telephone Company, Dallas, provided the following information to SA ROBERT C. LISH concerning subscribers to the telephone numbers listed below:

Telephone No. AC 2-4611 is ACademy 2-4611, Area Code 212, New York City. Subscriber JESSICA SMITH, residence 444 Central Park West. This number was connected in 1957. JESSICA SMITH has a business telephone listing CH 3-0666.

Title: LEE HARVEY OSWALD

Character: INTERNAL SECURITY - RUSSIA - CUBA

Synopsis: Identity of individual resembling OSWALD depicted in several magazine and newspaper photographs as standing in doorway on the left at Texas School Book Depository (TSBD) at time of assassination established as BILLY NOLAN LOVELADY, employee of TSBD. Additional assassination witnesses interviewed who heard shots but did not observe window at TSBD from which shots fired. Movie camera of ORVILLE O. NIX used by him in taking pictures of Presidential motorcade obtained for examination by FBI Laboratory. RICHARD RANDOLPH CARR reinterviewed to clarify alleged statement attributed to him that OSWALD had not assassinated President KENNEDY and he furnished signed statement that any statements made by him to this effect were merely expressions of his opinions. Additional efforts to trace ammunition and sling for assassination weapon negative. No general registration law pertaining to firearms in state of Texas and city of Dallas uses statutes of state with respect to sale, acquisition and registration of all types of firearms. Three 35 mm. slides depicting arrest of OSWALD at Texas Theater obtained. Two Russian language postcards and two photographs of unknown buildings found in Russian language book at residence of Mrs. RUTH PAINE, Irving, Texas, obtained. Significance of "no admittance" sign found in search at PAINE residence unknown to Mrs. PAINE. Two cameras taken in search identified as Cuera-2, serial number 627250, and Stereo Realist, serial number A60979. Minox light meter also taken in search.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

(Synopsis Continued)

Mrs. PAINE made available Minox III camera, serial number 27259, belonging to her husband. Mr. and Mrs. PAINE after viewing photographs state Stereo Realist camera and Minox light meter appeared to be property of MICHAEL PAINE. Mrs. PAINE unable to recall significance of "OCT 23" notation appearing on March page of calendar made available by her. States she made notation on March page of calendar concerning OSWALD's purchase of rifle after assassination when she learned he had purchased rifle March 20, 1963. States she and MARINA OSWALD had never had discussion about OSWALD having rifle. Typewriter specimens taken from Mrs. PAINE's Smith-Corona portable typewriter, serial number 4A 303942. FBI Laboratory examination of additional evidence fails to reflect any information indicating possible use in espionage. Articles of clothing belonging to OSWALD made available by his brother, ROBERT, examined. Two letters from Russia dated 9/9/63, and 10/28/63, written in English, addressed to OSWALD, obtained from Dallas PD. ALBERT GUY BOGARD advised he was positive he made demonstration ride of an automobile to an individual he believed to be OSWALD on 11/9/63, and states he is sure of date because car demonstrated available for his use only on that date. Previous interviews of Mrs. PAINE have indicated OSWALD did not leave PAINE residence for period of time long enough for him to have taken demonstration ride on 11/9/63. Two individuals positively identified photograph of OSWALD as person leaving area where Dallas Police officer J. D. TIPPIT was shot. Toll calls charged to BL 3-1628, Irving, Texas, reflect only one call between this number and CR 5-5211, Arlington, Texas, during period 11/22-26/63, and this call was 11/22/63. LONNIE HUDKINS, reporter for the Houston Post, in Dallas latter part December, 1963, endeavoring to obtain information indicating OSWALD was informant of U. S. Government. HUDKINS's article appearing in Houston Post, 1/1/64, quoted in part in "The Nation" magazine article. Mrs. RUTH PAINE states she gave OSWALD name and office telephone number of SA JAMES P. HOSTY, JR., on 11/1/63, but did not give license number of automobile driven by SA HOSTY. She states license number could easily have been observed by MARINA OSWALD from her bedroom. "$150.00" reportedly found by Police according to "The Nation" article not seized by

(Synopsis Continued)

officers during search of PAINE residence as money belonged to MARINA OSWALD and represented savings. WILLIAM W. TURNER alleges in "Saga" magazine article that he was in Dallas on 11/22/63, few hours after assassination. Three Dallas Police officers quoted by him in article do not recall dates they were interviewed by TURNER, or specific details or their remarks to him. One such officer denies making statements attributed to him in the article to the effect the sniper was obviously a stranger. Numerous allegations indicating activities of OSWALD disproved. Additional allegations of acquaintanceship between OSWALD and JACK L. RUBY received and investigation concerning same fails to reflect any such association or acquaintanceship existed. Additional investigation to determine residence of subject during period 10/19-11/3/62, conducted with negative results. Subject determined to have been employed during this period at Dallas. All available clothing of OSWALD obtained from ROBERT OSWALD, brother. Additional data contained in subject's address book reflects name of SA JAMES P. HOSTY under date of 11/1/63. MARINA OSWALD identified handwriting in rough draft letter reflecting OSWALD had been in Mexico City as appearing to be OSWALD's, but denied seeing letter previously. MARINA stated she did not know subject intended to make trip to Mexico in September-October, 1963, nor did she know he had taken such a trip. MARINA stated she and subject owned two cameras; one a Russian camera purchased by subject in Minsk, September, 1961, and the other a U. S. made camera owned by subject prior to his entry into USMC. She identified photograph of two cameras seized in search of PAINE residence as appearing to be the two cameras she and OSWALD owned. Numerous photographs found in personal effects of subject exhibited to MARINA and identifications made on many. Two photographs believed by her to be of General EDWIN A. WALKER's residence in Dallas and physical observation by Agents determined this appears to be true. Mrs. PAINE states that on 11/10/63, she observed letter in English obviously written by subject reflecting he had been in Mexico City recently. She stated she never heard subject say anything about having been to Mexico and MARINA OSWALD never said anything to indicate she was aware of subject's trip to Mexico. This letter reflects information indicating OSWALD in contact with Russian Embassy in Mexico City.

Mr. MIKE SHAPIRO, Manager, WFAA-TV, exhibited to SAs ALFRED D. NEELEY, J. CALVIN RICE and JOSEPH G. PEGGS an enlarged photograph taken by an Associated Press photographer on November 22, 1963, showing President JOHN FITZGERALD KENNEDY in his car immediately after he was shot. This photograph also showed an individual standing in the entrance of the Texas School Book Depository Building, 411 Elm Street, Dallas, Texas, who was wearing similar clothing and had some general physical characteristics similar to those of OSWALD. This photograph was described as "DN 5, 11/22/63, Dallas, Texas."

Mr. SHAPIRO advised that immediately after this photograph was taken, it was forwarded by wire to the Associated Press at New York City, New York, and subsequently distributed to other AP offices throughout the country. He stated an individual in the Associated Press office at Pittsburgh, Pennsylvania, had noted the similarity between the individual in the doorway and LEE HARVEY OSWALD.

Mr. SHAPIRO made available a copy of this photograph for immediate use by Agents, and this photograph was returned to him on the same day.

On November 25, 1963, Assistant Director A. H. BELMONT advised Inspector JAMES R. MALLEY that the Associated Press in New York had a photograph that bore the number on the bottom: "FK 61345 STF," with the note, "Editor, this is a blowup of DN 2, making images larger DN 5, Dallas, Texas, 11/22."

According to Mr. BELMONT, in this photograph there was a man who appeared to be standing in the doorway of the Texas School Book Depository who resembled OSWALD.

Mr. BILLY NOLAN LOVELADY, 7722 Hume, Dallas, was exhibited an Associated Press photograph described as "DN 5, 11/22/63, Dallas, Texas," depicting an individual standing in the entrance of the Texas School Book Depository Building who resembled LEE HARVEY OSWALD.

Mr. LOVELADY advised that he is an employee at the Texas School Book Depository and is acquainted with OSWALD. LOVELADY immediately identified himself in the above-described photograph as being the individual who resembled OSWALD and stated that he had observed himself previously in this photograph in the newspaper and was saving it. LOVELADY stated that there was no question whatsoever but that this was a photograph of him.

A copy of magazine entitled "Four Dark Days in History," published by Special Publications, Inc., Los Angeles, California, was obtained, and a photograph on pages 4 and 5 of the Presidential Motorcade passing the Texas School Book Depository, Elm and Houston Streets, Dallas, November 22, 1963, was exhibited to WILLIAM H. SHELLEY, Assistant Manager, TSBD, who readily identified an individual standing just inside the entrance of TSBD on the left as TSBD employee BILLY N. LOVELADY.

SHELLEY advised that he was actually standing next to LOVELADY when this photograph was taken, but he was not in view of the camera. He pointed out that he had seen the photograph before and there had been much comment on the fact that in the photograph BILLY N. LOVELADY resembled LEE HARVEY OSWALD.

On January 9, 1964, ARTHUR STEVENS, Deputy District Court Clerk, Dallas County District Court, 505 Main Street, advised SA GEORGE T. Mr. SAMUEL BURTON PATERNOSTRO, Assistant District Attorney, Dallas County, Texas, advised he resides at 3050 Cridelle, Dallas, Texas, and his telephone number at home is FL. 7-2900. He said his office is in the Dallas County Records Building, and his telephone number there is RI. 7-6351. He said he recalled that on November 22, 1963, he viewed the Presidential parade in Dallas, Texas from the second floor of the Dallas County Criminal Courts Building in Criminal District Courtroom No. 2, with RUTH THORNTON, a clerk for Criminal District Court No. 4, and he believed that a Dallas Police Officer, E. R. GADDY, was possibly present when he and Mrs. THORNTON were watching the Presidential car and they heard a report or shot which he believed came from the Texas School Book Depository (TSBD) building or the Criminal Courts Building or the triple overpass.

He said he estimated several seconds, possibly four or five or more, elapsed between the first report and the second and third reports. He said he observed President JOHN F. KENNEDY when he appeared to grab his head and thought at the time "he is well-trained"; then when the other reports followed in quick succession, he realized that the President had been shot and it was not a practiced action on the part of the President when he fell against Mrs. KENNEDY and later into the rear part of the vehicle he was riding in. Mr. PATERNOSTRO said he did not observe any person or persons in the window of the TSBD building; in fact, he said he doubted that he could have seen anyone in the window where the alleged assassin was reported to have fired the shots from.

He said he knew nothing more about the assassination of the President. He said he had discussed the fact that he viewed the parade with ARTHUR STEVENS, Deputy District Court Clerk, Dallas County, but he had not been interviewed by any FBI Agents regarding his viewing the assassination.

Mr. PATERNOSTRO advised he has never known LEE HARVEY OSWALD or JACK RUBY personally. He does know RUBY when he sees him and has spoken to him personally, but has no knowledge concerning RUBY's background.

Mr. E. R. GADDY advised he is a Detective Investigator with the Dallas Police Department who is assigned as a liaison contact with the Dallas County District Attorney's Office. He said he recalled he was in Criminal District Courtroom No. 2 at Dallas County together with SAMUEL PATERNOSTRO and Miss RUTH THORNTON at the time the Presidential parade was passing down Main Street on November 22, 1963, and he left the courtroom when the parade turned onto Houston from Main Street, and as he was leaving the courtroom he heard three reports or shots; however, he said he went to a window in the courtroom and looked toward the triple overpass just in time to observe the Presidential car being driven away at a high rate of speed.

He said he did not observe anyone with a rifle or any persons who appeared to have fired the shots and he only knew what had been reported in the news media, radio, TV, etc.

Mr. GADDY advised he has never known LEE HARVEY OSWALD and has had no social or business acquaintance with JACK RUBY and has never attended either of RUBY's clubs and knows of no association between OSWALD and RUBY.

Mrs. W. L. "JACK" THORNTON (RUTH THORNTON), advised that she is a Deputy District Clerk in Criminal District Court No. 4, Dallas County, and she recalled that on November 22, 1963, she observed the Presidential parade from Criminal District Courtroom No. 2 in the Dallas County Court Building, and had been observing it for about ten minutes before the motorcade turned off of Main Street. She said she was looking out of a window on the Main Street side of the building and then walked over to a window on the Houston Street side, as the Presidential car drove toward the triple overpass.

1 exc

She said she heard a report which she believed was a car backfiring, until somebody said "that was a shot!" Then she said two more reports followed in quick succession and she observed Mrs. KENNEDY as she stood up in the rear seat of the Presidential car, and about that same time she observed a plainclothes officer jump on the rear part of the Presidential car just before it was rushed away.

She said she did not look toward the Texas School Book Depository building, and after thinking the event over, she doubted that she could have seen the window from where the assassin is alleged to have fired the shot that killed President KENNEDY. She said the only person that she recalled that was present while she was watching the shooting of the President was SAM PATERNOSTRO.

Mrs. THORNTON said she has never known LEE HARVEY OSWALD or JACK RUBY. She said she had never visited either the Carousel or the Vegas Club and that she knows of no association between OSWALD and RUBY except that released by the news media subsequent to the assassination of President JOHN FITZGERALD KENNEDY.

"I am here on business (oil business) and was walking down Elm Street trying to get a cab and there wasn't any. I heard people talking saying 'My God the President has been shot.' Police cars were passing me coming down toward the triple underpass and I walked up among many other people and this building was surrounded by police officers with guns and we were all watching them. I moved on up to the building across the street from the building that was surrounded and I ask one of the girls if there was a telephone that I could use and she said 'Yes, there is one on the third floor of the building where I work'. I walked through a passage to the elevator they were all getting on (freight elevator) and I got off on the third floor with all the other people and there was a lady using the pay telephone and I ask her if I could use it when she hung up and she said it was out of order and I tried to use it but with no success. I ask her how I can get out of this building and she said that there is an exit right there and then she said wait a minute here is the elevator now. I got on the elevator and returned to the ground floor and the colored man who ran the elevator said you are a stranger in this building and I xx was notsuppose to let you up and he ran outside to an officer and said to the officerthathe had just taken me up and down in the elevator and the officer said for me to identify myself and I presented him with a credit card and he said well we have to check out everything and took me to his superior and said for me to wait and we will check it out. I was then taken to the Sheriffs office and interrogated.

WILLIAM SHARPER, 3439 Detonte Street, who is employed by Beer & Co., as an elevator operator in the Dallas-Tex Building, located at the corner of Houston and Elm Streets, voluntarily furnished the following information in response to inquiry:

SHARPER related that on November 22, 1963, he had left the Dallas-Tex Building to observe President KENNEDY, whose car he thought was to pass by the corner of Houston and Main Streets. According to SHARPER a short time after the President's car had passed by that point he heard several shots and subsequently crossed to the East side of Houston Street and walked to the corner of Houston and Elm immediately in front of the Texas School Book Depository where he remained standing for a very short time. He advised that he saw nothing of pertinence and could furnish no information that would be of assistance in this investigation. He then returned to the Dallas-Tex Building.

Approximately ten minutes later, a white male, age 30 to 35, attired in a light colored overcoat and a light colored felt hat, entered the Dallas-Tex Building by the freight entrance and asked to use the telephone in the building. SHARPER related that there was a pay phone on the third floor and used the freight elevator to carry this man to the third floor where he left him. After SHARPER had made several trips in the elevator, he returned to the third floor and picked up the same man returning him in the elevator to the first floor. He explained about seven minutes elapsed between the time he left this man on the third floor and the time that he picked him up. As the man was leaving the building, SHARPER advised a police officer, who was by the building, that this particular man had been in the building and did not belong in the building. He stated that this man then voluntarily departed with the police officer for questioning. SHARPER advised that this is all the pertinent information he has regarding this incident and the assassination.

Under date of January 15, 1964, the Bureau advised that the November 23, 1963, issue of "The Shreveport Journal", Shreveport-Bossier City, Louisiana, on Page A3, contained an article captioned "Local Man Near Kennedy's Car At Time Of Shooting". This article indicates in part that H. LEE MUDD of Spring Ridge Road, was in Dallas at the time President KENNEDY was assassinated and was standing approximately 25 feet in front of the car at the time of the shooting. It is indicated MUDD was in Dallas on a business trip and had taken time out to watch the parade. He was quoted as stating, "I heard two reports that sounded like fire crackers."

Date 1/28/64

Lee Harvey Oswald

Mr. F. LEE MUDD, Route 1, Box 109, Keithville, Louisiana, advised as follows:

On November 22, 1963, he was in Dallas, Texas, on a business trip to purchase clothing for his store. He operates the Southside Ranch, 9066 Mansfield Road, Shreveport, Louisiana, a western store. While in Dallas he decided to watch the parade for President KENNEDY. At about noon he was watching the parade from a position on the north side of Elm Street and some 75 to 100 feet west of a building, which he later learned was the Texas School Book Depository. He saw the President's car approaching from the east on Elm Street in the parade, and he recognized President KENNEDY and saw him waving to the crowd. When the President's car was some 50 or more feet away from him, he heard what sounded to him like two gunshots, and he saw the President slump. Immediately thereafter, he observed the President's car pull out of the line of the parade and continue west on Elm Street toward the underpass. When the President's car came abreast of MUDD, he could see the President slumped down toward his wife, who was leaning over him. He recalled seeing another man in the car, whom he did not recognize at the time but whom he later learned was Governor CONNALLY and this man appeared to be holding one arm to his side. However, he did not notice this man much because his attention was focused on the President.

Mr. MUDD stated he definitely recalls hearing two shots, probably less than a second apart. He said there may have been a third shot fired, but he could not be sure of this. He stated that immediately after the shots were fired, some of the spectators along the side of the street dropped to the ground, and he did so himself, inasmuch as the shots alarmed him and he did not know what had happened or where the shots had come from. He looked around him, and he recalled that in looking toward the building nearby, he noticed several broken windows on about the fourth floor; and the thought occurred to him that possibly the shots had been fired through these broken windows. However, he did not observe any smoke, nor did

he see anyone at the windows, nor did he notice any motion within the building. He said the building appeared to be abandoned. Subsequent to the shooting, he did not notice anyone enter or leave the building. Mr. MUDD stated that when the shots were fired, they sounded as if they came from the direction of the building.

Mr. MUDD stated that he remained in the vicinity for possibly three or four minutes, after which he walked back toward the main part of town, where he had parked his car. He did not remain to talk to police or Secret Service men because he did not feel he had seen anything that would be of assistance to them.

Mr. MUDD said he was not with anyone else at the time this occurred. He said he later made another trip to Dallas, accompanied by his wife, and he showed her the place where the assassination occurred, and he observed the Texas School Book Depository building and he is confident this is the same building he was standing near at the time of the assassination.

Mr. MUDD said he could furnish no further information regarding this matter.

ORVILLE O. NIX, 2527 Denley Drive, employee General Service Administration, voluntarily turned over to SA JOE B. ABERNATHY an 8 millimeter colored movie film taken by him near the northwest corner of the intersection of Main and Houston Streets in Dallas on November 22, 1963. The film depicts the Presidential motorcade making the turn on Houston Street and approaching the Elm Street intersection to the north. NIX then moved west on Main Street and the film picks up the motorcade subsequent to the firing of the first two shots. NIX believed the film depicts the third shot hitting President KENNEDY and the sequence of events immediately after including Mrs. JACQUELINE KENNEDY reaching out over the back trunk lid to assist a Secret Service Agent who is running to her aid.

NIX further advised that the camera speed with which he took the above movie was believed to be 40 frames per second. He was using a Keystone Zoom lens, 8 millimeter camera and had the speed set on normal. It was also set on automatic eye.

Mr. ORVILLE O. NIX, 2527 Denley, Dallas, Texas, made available for examination by the FBI Laboratory his Keystone Auto Zoom, Model K-810, 8-mm movie camera in a black leather carrying case, Keystone No. 702.

In addition to information previously furnished by him on December 1, 1963, he said the setting was at 40 and he was using the zoom lens with Type A film when he photographed the Presidential Motorcade in Dallas on November 22, 1963.

He recalled that the first series were made at the corner of Main and Houston just as the Motorcade turned north on Houston and he was at a position near the curb on the southwest corner of the intersection and made the pictures of the left side of the Presidential car.

After the car got by, he then proceeded to a point about 20 feet west of Houston Street on the south side of Main Street and made the latter series across an open area which was in view of his position, using the zoom lens completely open.

As to whether or not the camera was wound tightly, he pointed out that he could not recall specifically, but his experience had been that it would only run at a slower speed when the spring was almost run down.

Mr. NIX advised the FBI was welcome to use the camera for experimental purposes and that he would be available as a witness if needed.

RICHARD RANDOLPH CARR, 738 North Bishop, Dallas, was reinterviewed to clarify information previously furnished by CARR on January 4, 1964, in connection with an alleged statement attributed to CARR that LEE HARVEY OSWALD had not assassinated President KENNEDY. CARR furnished the following signed statement on February 3, 1964:

"February 3, 1964

"I, Richard Randolph Carr, make the following voluntary statement to Paul L. Scott who has identified himself to me as a Special Agent of the Federal Bureau of Investigation. I understand this statement is being furnished in connection with an official investigation being conducted by the FBI.

"I am a Steelworker and am presently employed on a construction project at SMU, Dallas.

"On the morning of 11/22/63 I had taken my wife and child to Parkland Hospital, Dallas, arriving there at approximately 11:30 AM. I left my wife and child at the hospital and proceeded to the downtown area of Dallas to attempt to locate employment, being temporarily without employment at that time. Shortly after noon on 11/22/63 I went to the site of the new court house being constructed at the corner of Houston and Commerce Sts., Dallas. I was attempting to locate the foreman in charge of the steel construction on this building. I made inquiry of one of the workers at the site and was told he was on the ninth floor and I started walking up the steel stairway of the building which stairway was on the west side of the building next to Houston Street. As I reached a point at approximately the sixth floor of the building framework I looked toward the Texas School Book Depository

Building located at the corner of Houston and Elm Sts. and at that time I observed a man looking out of a window of the top floor of the Texas School Book Depository building. This man, a heavy set individual, who was wearing a hat, a tan sport coat and horn rimmed glasses, was not in the end window next to Houston St. but was I believe in the second window over from Houston St. I continued on up the stairway and a minute or so later I heard a noise which I took to be the backfire of an automobile or a firecracker. There was a slight pause after the first report and then two reports in quick succession. From where I was standing on the framework of the new court house building I looked toward the triple underpass just west of Houston and Elm Sts. It seemed to me that the noises I had heard came from this direction. As I looked I saw several individuals falling to the ground. I do not recall that I looked toward the Texas School Book Depository building after hearing the three reports. I immediately proceeded down the stairway of the building with the intention of going over to the triple underpass to see what had happened. When I reached the ground I walked to Houston St. and down Houston St. to the Commerce St. intersection. I did not walk over to the site where I had previously seen people falling to the ground due to the large crowd which was already there.

"While I was on Houston St. near the Commerce St. intersection I saw a man whom I believe was identical with the man I had earlier seen looking out of the window of the Texas School Book Depository building. This man, walking very fast, proceeded on Houston St. south to Commerce St., then east on Commerce St. to Record St. which is one block from Houston St. This man got into a 1961 or 1962 Grey Rambler Station Wagon which was parked just north of Commerce on Record St. The station wagon, which had Texas license and was driven by a young negro man, drove off in a northerly direction.

"I proceeded to my car which was parked near the new county court house bldg. and drove by the residence of my brother and then to Pete Cates, All State Trailer Park, Zangs Blvd. and Clarendon St. My sister in law was watching TV and she come and told me the President had been shot and Pete Cates and I then watched TV until it was announced the President had died. This was the first time I realized that the noises I had heard while on the new county building had probably been gun shots.

"I wish to state at this point that I did not see anyone in the Texas School Book building with a gun; I did not see the assassination of President Kennedy and I did not at any time tell anyone that I had seen the assassination of President Kennedy.

"Sometime after the shooting of Lee Harvey Oswald, exact date not recalled, I was talking to Elsie Johnson, her sister, Mary Sue (LNU), and another woman by the name of Gentry. My wife was also present during this conversation. It is my understanding that the way the conversation came up - Elsie Johnson and Mary Sue were discussing Jack Ruby and the shooting of Oswald. They mentioned they were acquainted with Ruby and had been interviewed by the FBI. In addition there was a general discussion of the assassination of President Kennedy and the subsequent shooting of Oswald. It is my recollection that during this discussion I expressed the opinion that Lee Harvey Oswald did not fire the shots that killed Kennedy. I was basing this opinion on various statements I had heard on radio and TV concerning the assassination and how it was supposed to have occurred. I also based this opinion on reported accounts of the shooting of Officer Tippit and my comparison of the accounts of the Tippit shooting and the assassination reports. I may,

have mentioned during this conversation the individual I had seen on 11/22/63 while I was on the new court house building. However, I did not state at any time that this man I had seen from the building and later on the street was the man who had shot President Kennedy. I did not have any specific information concerning the assassination of President Kennedy at the time of this conversation with Elsie Johnson and her sister and I do not at the present time have any information concerning the assassination. Any statements I made to the effect that Lee Harvey Oswald was not the person who shot Kennedy were merely expressions of my opinions.

"I have read the above statement & it is true to the best of my knowledge.

Mrs. LILLIAN (RAY) BRANTLEY, 103 Highland Street, co-proprietor of Ray's Hardware Store, also known as Ray's Gun Shop, 736 Singleton Boulevard, Dallas, advised that she and her husband had discussed the stories of LEE HARVEY OSWALD, which appeared in the Dallas newspapers in detail, and that they did not believe that OSWALD had even been a customer in their store, and that OSWALD had never purchased any 6.5 mm ammunition at their store. She stated, however, they have numerous customers during the hunting season and that OSWALD could have been a customer of theirs, but that neither she nor her husband have any recollection of this.

WILLIAM R. MC EWAN, Branch Manager, United-Carr Fastener Corporation, 1066 West Mockingbird Lane, was shown the sling used on the rifle in the assassination of President JOHN F. KENNEDY and he was unable to furnish any additional information as to who manufactured this sling or for what purpose this sling may have been used.

He stated, however, that his company had manufactured the "Pull The Dot" fasteners which bear the stamp "United-Carr" on the reverse side. He said that these were military fasteners with their number AN 227-68B and were manufactured for the Army and Navy. Mr. MC EWAN stated that it was quite possible that the sling was some type of military equipment possibly used by either the U. S. Army or U. S. Navy. He suggested that this sling be displayed to several officers of the U. S. Army and U. S. Navy in an effort to identify for what this sling was used.

III. FIREARM STATUTES IN STATE OF TEXAS AND CITY OF DALLAS

DL 100-10461
RPG:gj
1

The following investigation was conducted to ascertain information concerning what gun laws control the registration, purchase, sale and possession of all types of guns in the state of Texas and what city ordinances or regulations are in existence in the city of Dallas:

By communication dated January 30, 1964, the San Antonio Office advised that on January 30, 1964, Mr. MURRAY JORDAN, Assistant Attorney General, Enforcement Division, Attorney General's Office, State of Texas, Austin, Texas, advised that there was no general registration law pertaining to firearms in the state of Texas. The Texas laws pertaining to firearms are found in articles 483 through 489 of Vernon's Penal Code.

Article 483 is a misdemeanor and prohibits the carrying of a hand weapon such as a pistol, dirk dagger, sling shot, black jack, hand chain, night stick, pipe stick, sword cane, spear knuckles, bowie knife or any knife that may be used offensively or defensively or in general a weapon capable of being concealed.

Article 484 relates to exceptions of above article, such as police officers, game wardens or any peace officer of a political subdivision of a state.

Article 485 states it is against the law to carry any kind of firearm into an assembly including dirk dagger, sling shot, sword cane, spear knuckles, bowie knife or any other knife made for the purpose of offensive or defensive use.

Article 486 provides that the preceding article should not apply to peace officers.

Article 487 states that any person violating above may be arrested without warrant and any peace officer who fails to carry out his duty may be fined, not to exceed $500.00.

Article 488 states it is against the law for anyone to possess a pistol or any kind of narcotics at the same time and he may be sentenced to ten years.

HEAD

Article 489 relates to the sale of weapons and whoever should knowingly sell, give or barter or cause to be sold to any minor, a pistol or any other weapon or arm mentioned in Article 483, without written consent of parent or guardian shall be find not less than $25.00 or not more than $200.00, ten to thirty days in jail, or both.

Article 489A relates to any person who sells or gives a pistol to a minor under heat of passion shall be guilty of a misdemeanor.

Article 489B was held unconstitutional in a case "Doucette vs. State", 317 Southwest Second 200.

Article 489B defines a machine gun and states that whoever possesses or sells one may be sentenced to two to ten years in prison. Machine gun is a weapon that will fire more than five shots automatically. An exception is peace officers or military forces or individuals who may keep unusable machine gun as curiosity, ornament, or keepsake.

Article 489C makes it a violation for an individual who has been convicted by state or U. S. court of a felony involving firearms to possess pistol or revolver or any firearm capable of being concealed on person. The sentence on this is one to five years imprisonment.

In 1961, Article 489 was amended to include switchblade knife, springblade knife or knuckles made of hard substance.

There is no such thing as a permit to carry a gun in Texas and there is no law in Texas prohibiting purchase, sale or carrying of a rifle or shotgun except into assemblies as set forth in Article 485 above.

On January 30, 1964, City Attorney HENRY KUCERA, the Chief legal official for the City of Dallas, advised SA VINCENT E. J. DRAIN that the City of Dallas used state statutes with respect to the sale, acquisition and registration of all types of firearms and that there were no city ordinances governing the sale, registration or possession of guns or any other regulations pertaining to same.

On November 26, 1963, information was obtained by SA HENRY J. OLIVER at the Dyna Color Corporation, Dallas, Texas, that that organization had some 35 millimeter slides submitted by STUART J. REED. SA OLIVER ascertained that REED's daughter had determined that REED was at that time at the St. Charles Hotel, New Orleans, Louisiana, and was sailing by unknown ship at 4:00 PM, November 26, 1963, for the Canal Zone.

Under date of November 26, 1963, the New Orleans Office furnished two copies of a letter granting permission by Mr. STUART L. REED to obtain and utilize the 35 millimeter slides being developed at the Dyna Color Corporation, Dallas, Texas.

Mr. REED advised that the slides could be utilized in any manner desired by the FBI and requested that after they had served their purpose, they should be returned to him at Box 196, Balboa Heights, Canal Zone.

Mr. REED stated that the slides contained photographs taken of the building from which President KENNEDY was shot approximately one hour after the shooting and on-the-scene photographs of LEE HARVEY OSWALD being arrested at the Texas Theater by the Dallas Police.

Mrs. F. A. HOLLEY, 1207 Sunnyside Place, Dallas, Texas, made available a box of Kodachrome slides which she had received on that date from Dyna Color Corporation at Dallas. Mrs. HOLLEY said these 35 millimeter Kodachrome pictures had been made by her father, Mr. STUART L. REED, during his recent visit to Dallas. Mrs. HOLLEY said her father, as of November 29, 1963, had proceeded to Balboa Heights, Canal Zone. She stated she had been told by her father it would be permissable for a representative of the FBI to examine these Kodachrome pictures because some of the pictures depicted scenes made on the day of President KENNEDY's assassination on November 22, 1963.

These photographs were examined in the presence of Mrs. HOLLEY and it was determined 10 pictures in the group were pictures made on the day of President KENNEDY's assassination. The remainder of the pictures were of a family nature, not pertaining to matters connected with the assassination. Mrs. HOLLEY released 10 pictures to the FBI.

J. W. Fritz

Captain J. W. FRITZ, Homicide and Robbery Bureau, Dallas Police Department, was interviewed concerning the following:

J. W. Fritz

(1) Whereabouts of all outer garments and shoes which were worn by LEE HARVEY OSWALD at the time of his arrest November 22, 1963,

(2) Where was the "No Admittance" sign, evidence Item #107 on the Dallas Police Department inventory list obtained from.

Captain FRITZ stated the shirt that OSWALD was wearing at time of his arrest November 22, 1963, had previously been turned over to the FBI. Captain FRITZ stated that the pants and shoes which OSWALD was wearing at time of being killed November 24, 1963, were the same pants and shoes which he was wearing at time of arrest November 22, 1963. These pants and shoes and other articles of clothing worn by OSWALD November 24, 1963, are being held in possession of the Dallas Police Department Crime Laboratory (Parkland Hospital) in connection with the murder case pending against JACK RUBY.

Captain FRITZ explained that the black sweater, which photograph of killing November 24, 1963, reflects OSWALD to be wearing, was given to OSWALD by the Dallas Police Department, November 24, 1963, from his clothes previously obtained in search of his room at 1026 North Beckley.

Captain FRITZ stated that the "No Admittance" sign had been obtained in the search of the premises of Mrs. RUTH PAINE, 2515 West Fifth Street, Irving, Texas, by officers of the Homicide and Robbery Bureau, Dallas Police Department, and was turned over to the FBI with numerous other articles obtained at time of search.

Mrs. RUTH PAINE, 2515 West 5th Street, Irving, Texas, advised that her husband formerly owned a Minox camera but that several years ago he dropped it in salt water off the coast of Cape Cod, Massachusetts. She stated that thereafter it rusted and became unworkable and she is sure that he threw it away since she has not seen it for several years.

She advised that she would determine from her husband if he still has this camera and if so where it might be located.

She stated items taken by the Police from her home on November 22, 1963, probably included a camera case for a Minox camera and cans of film for same and a light meter. She stated that she knows MICHAEL PAINE had a light meter but she does not know if it was a Minox light meter.

Mrs. PAINE advised that she only had one conversation with LEE HARVEY OSWALD about his uncle having given him driving lessons. This was about May 11, 1963, when she arrived in New Orleans, Louisiana while bringing MARINA OSWALD to join LEE HARVEY OSWALD.

LEE HARVEY OSWALD had been in New Orleans for a period before their arrival and had been living with an uncle named MURRET. At this time LEE HARVEY OSWALD mentioned, apparently with pride, that his uncle had permitted him to drive the uncle's car in downtown traffic. This apparently occurred a short time before and apparently occurred in New Orleans. Mrs. PAINE stated LEE HARVEY OSWALD made no other reference to driving the uncle's car or receiving driving lessons from the uncle either at this time or at any subsequent time.

Mrs. PAINE stated that there was an older man and a younger man both living in the same house where LEE HARVEY OSWALD had been staying. Mrs. PAINE believed that one of these men was LEE HARVEY OSWALD's uncle and the other his cousin since they both had the same name MURRET. She stated that it is possible that OSWALD may have been referring to a cousin but her impression was that he stated it was his uncle who allowed him to drive the car.

Mr. MICHAEL PAINE, Arlington, Texas, employed by Bell Helicopter Research Laboratory, residence 2515 West 5th Street, furnished the following information:

He owns a Minox camera and that camera is at his home at Irving, Texas. Several years ago he dropped this camera in salt water off the coast of Cape Cod, Massachusetts and after retrieving it, soaking it in kerosene and cleaning same, it appeared to be in good working condition. Thereafter, someone bent the shutter by pulling the lens out too far and to the best of his knowledge it is not now in working condition.

He stated that he did have some cans of film and that some of them were probably exposed film but that the pictures made on this film would be at least five years old.

He stated that he had a case for the camera and other accessories including a light meter. He is not sure that this was a Minox light meter, but believes it was. He stated that when the Police came to his house on November 22, 1963, they took the entire contents of a drawer containing photographic equipment which included the items mentioned above with the exception of the camera. He stated that this camera was in his garage at that time and that although he mentioned the camera to the Police, they did not seem interested in it. He stated that he is sure that LEE HARVEY OSWALD never used this camera and he is of the opinion that it is not in working condition at the present time.

Mr. PAINE advised that he has no knowledge about a "no admittance" sign which was picked up by the Police at his residence. He stated this sign is not his and he has never seen it.

Mrs. PAINE was unable to recall the exact serial number of her husband's camera, however.

Mrs. PAINE, on viewing the photograph of a Cuera-2 camera, serial number 627250, advised that this appeared to be a Russian camera which she had never seen before. Mrs. RUTH PAINE, 2515 West 5th Street, was interviewed concerning certain notations and markings appearing on a calendar which she had previously made available to the FBI.

Mrs. PAINE stated she is unable to recall the significance of "OCT 23" appearing in the upper left hand corner of the month of March on this calendar, but believes it has no connection with an entry concerning the rifle purchased by LEE HARVEY OSWALD.

Mrs. PAINE advised that the entry "MARINA" on March 20 was made in March and refers to a visit with MARINA on that date. Mrs. PAINE stated that she had previously mentioned visiting MARINA OSWALD at MARINA's residence, 214 West Neeley Street, Dallas, Texas, on that date.

Mrs. PAINE explained that the asterisk or star on the date March 20 was entered by her sometime after November 22, 1963, after she had learned from television that LEE HARVEY OSWALD had purchased a rifle on that date. She stated she placed a matching asterisk or star at the top of the page on the calendar and made a notation beside this star that OSWALD had purchased a rifle. She stated the notation following the star about OSWALD purchasing a rifle was merely a key or explanation for the star placed under the date of March 20 on the calendar.

Mrs. PAINE stated that she and MARINA OSWALD have never had a discussion about LEE HARVEY OSWALD having a rifle.

Mrs. PAINE stated she may be able to recall what the "OCT 23" is if she could see the calendar page or a good clear photograph of it.

Mrs. PAINE commented that it is possible that there may be asterisks in this calendar approximately 28 days apart which have no connection whatsoever with the OSWALD case.

Result of examination:

It was concluded that the handwritten notation inside the front cover of Q348 was written by LEE HARVEY OSWALD, K3 and K4 in this case.

The bracelet Q452 was examined for cavities of possible use in espionage and none were found.

The inscription "Japan" was found stamped on the inside surface of one of the links of the bracelet. It was not possible to determine whether the bracelet was sold in the United States or a foreign country.

Specimens received January 31, 1964

Q453 Gray long-sleeved shirt
Q454 U. S. Marine Corps overcoat liner
Q455 Beige long-sleeved shirt
Q456 Pair of blue jeans
Q457 - Q458 Two pairs of Marine Corps trousers in green wool
Q459 Beige short-sleeved sport shirt
Q460 Pair of blue outdoor shorts
Q461 Blue and white print short-sleeved shirt
Q462 Brown and white flannel type shirt, long-sleeved
Q463 Fatigue jacket - U. S. Marine Corps
Q464 - Q465 Two pairs of khaki-colored trousers
Q466 - Q470 Five khaki-colored long-sleeved shirts, one with two Marine Corps collar insignias
Q471 - Q472 Pair of high top shoes
Q473 - Q474 Pair black Russian boots

Results of examination:

White cotton dry cleaner's tags have been sewed to the bottom left shirt tail of specimen Q469 and to the left side pocket of specimen Q465. The numerals "03230" appear on both tags as well as some additional markings which appear to be in Russian.

Labels in the collars of specimens Q455 and Q462 have what appears to be printing in the Russian language. Neither of these specimens appears to have been manufactured in the United States.

The Q473 and Q474 boots also have printing in the Russian language stamped to the inside portions indicating they were probably manufactured in Russia.

The name "L. H. OSWALD" appears on many of the other items of clothing in this submission.

No other visible markings of significance and no invisible markings of the laundry or dry cleaners type were found on any of the submitted items.

K61 Keystone Auto Zoom, Model K-810, 8mm movie camera #5094T in black leather carrying case

Result of examination:

It was determined that the average film speed of the K61 camera is approximately 18.5 frames per second. This average does not include the last 5 seconds of running time of the camera, since the camera slows down during the last 5 seconds. When the last portion is considered, the average running time of the cammera is 17.825 frames per second. Since the pertinent portions of Mr. NIX's assassination film were exposed prior to the last 5 seconds of running time, the 18.5 frames per second average film speed is the most realistic figure to use in relation to the assassination portion of this film.

H. TWO LETTERS FROM RUSSIA DATED SEPTEMBER 9, 1963, AND OCTOBER 28, 1963, ADDRESSED TO OSWALD

FD-302 (Rev. 3-3-59)

FEDERAL BUREAU OF INVESTIGATION

Date February 6, 1964

Captain WILL FRITZ, Dallas Police Department, made available on February 4, 1964, two letters, each with envelopes, addressed to LEE H. OSWALD. Such letters were a part of the evidence acquired by the Dallas Police Department in the search of the RUTH PAINE residence at 2515 West Fifth Street, Irving, Texas and OSWALD's room, 1026 North Beckley, Dallas, Texas, by police officers.

The envelopes and letters are described as follows:

(1) Envelope postmarked Minsk, September 11, 1963, addressed to "LEE H. OSWALD, P. O. Box 30061, New Orleans, La., USA." with return address "E. PITOVJETS, Leningradskaya, 1-11, Minsk, BSSR, USSR", with enclosed letter dated September 9, 1963, at Minsk, which reads as follows:

Exhibit No. 13

"Minsk,
September 9, 1963

"Dear Aleck,

"It has been quite a long time since I wrote to you last. You know I've been rather busy those months (my exams and everything). I will write to you more accurately now.

"So my career has been started. I'm a post graduate now and entered the post graduate courses at the Biochemichal Department at the Medical Institute. My professor is a brick. He tells me what to read at this is mostly in English (I mean the books).

"I like your idea of sending books. I think it's going to be a rare occasion that I shall need a scientific book sent to me. We have had a sad experience with our sendings so far. I'll send you a book soon.

"I hope Marina is O.K. now and will have a son soon. You know what it was for me to hear that you were planning to come to this country. Will it take any long to have everything settled there? Can I do anything for you?

Mr. JOHNNIE REYNOLDS, owner and operator of Johnnie Reynolds Used Cars, 500 East Jefferson Avenue, Dallas, Texas, advised that his brother, WARREN REYNOLDS, and a man named RUSSELL, who works with him, were present at the car lot on November 22, 1963 when OSWALD allegedly killed Patrolman J. D. TIPPIT of the Dallas Police Department approximately a block from this car lot. RUSSELL and WARREN then observed OSWALD running down the street toward Jefferson Avenue carrying a pistol in his hand and unloading and reloading it as he ran. WARREN then followed OSWALD down Jefferson Avenue at a discreet distance to try to help the police locate OSWALD when they arrived.

WARREN REYNOLDS, part owner, Johnny Reynolds Used Car Lot, 500 Jefferson Street, Dallas, advised on the afternoon of November 22, 1963, while sitting in his office, he had observed an individual running south on Patton Avenue toward Jefferson Street and then walking at a fast rate of speed west on Jefferson. As the individual was running down Patton Avenue, he had a pistol or an automatic in his possession and was apparently attempting to conceal same in his belt while he was running. REYNOLDS advised he had previously heard shots coming from the area of Tenth and Patton Streets and, thinking that possibly a marital argument had occurred and a shooting had taken place, he attempted to follow the individual in order that he could inform the Dallas Police Department of the individual's location.

He advised he stayed at a safe distance behind the individual and last observed the individual to turn north by the Ballew Texaco Service Station, and from this point he did not again observe the individual. He advised he made inquiry at Ballew's Texaco Service Station, and they informed him the individual had gone through the parking lot.

REYNOLDS advised approximately five or ten minutes later he was informed by an unknown source that the individual whom he had been "tailing" had shot and apparently killed a uniform officer of the Dallas Police Department.

REYNOLDS was shown a photograph of LEE HARVEY OSWALD, at which time he advised he is of the opinion OSWALD is the person he had followed on the afternoon of November 22, 1963; however, he would hesitate to definitely identify OSWALD as the individual.

HAROLD RUSSELL, employee, Johnny Reynolds Used Car Lot, 500 Jefferson Street, Dallas, Texas, advised that on the afternoon of November 22, 1963, he was standing on the lot of Reynolds Used Cars together with L. J. LEWIS and PAT PATTERSON, at which time they heard shots come from the vicinity of Patton and Tenth Street, and a few seconds later they observed a young white man running south on Patton Avenue carrying a pistol or revolver which the individual was attempting to either reload or place in his belt line. Upon reaching the intersection of Patton Avenue and Jefferson Street, the individual stopped running and began walking at a fast pace, heading west on Jefferson.

RUSSELL advised that he and PAT PATTERSON proceeded to the area of Tenth and Patton Avenue and that L. J. LEWIS went into the office of Reynolds Used Car Lot to call the Dallas Police Department.

RUSSELL advised upon arriving at the intersection of Tenth and Patton he observed a Dallas uniform police officer lying on the ground in front of a Dallas police car, and from all indication the Dallas police officer was apparently dead. RUSSELL advised the police officer's weapon was lying on the front seat of the Dallas police officer's car. At this point an unknown individual stated to RUSSELL, "Let's take the police officer's gun and go get the S.O.B. who is responsible for this."

RUSSELL advised he informed the unknown individual that he would remain at the police car so he could advise the other police officers upon their arrival of the direction in which the person responsible for the shooting had gone. RUSSELL advised approximately five minutes later Dallas police officers arrived, at which time he informed them of the general direction in which the person apparently responsible for the shooting had gone and also the fact that WARREN REYNOLDS and PAT PATTERSON, employees of Johnny Reynolds Used Car Lot, had attempted to follow the individual as he headed west on Jefferson Street.

RUSSELL advised he had furnished the foregoing information to the Dallas Police Department on the afternoon of November 22, 1963. RUSSELL advised he was not a witness to the actual shooting of the Dallas police officer and could only testify

L. J. LEWIS, 7616 Hume, Pleasant Grove, Texas, advised he is presently self-employed as a wholesale car dealer. LEWIS advised that on the afternoon of November 22, 1963, he was on the used car lot of Johnny Reynolds Used Cars together with HAROLD RUSSELL and PAT PATTERSON, during which time they heard approximately three or four gun shots coming from the vicinity of Tenth and Patton Avenue, Dallas, Texas. Approximately one minute later he observed a white male, approximately thirty years of age, running south on Patton Avenue, carrying either an automatic pistol or a revolver in his hands, and while running was either attempting to reload same or conceal the weapon in his belt line.

Upon reaching the intersection of Patton Avenue and Jefferson Street, Dallas, Texas, the individual then proceeded west on Jefferson, at which time LEWIS advised he went into the office of Johnny Reynolds Used Cars and called the Dallas Police Department to advise them of the fact that the shooting had just occurred just north of the intersection of Jefferson and Patton Avenue.

LEWIS advised PAT PATTERSON and WARREN REYNOLDS attempted to follow the individual, and to the best of his knowledge, HAROLD RUSSELL had gone in the direction of Tenth and Patton Avenue to determine what had happened. LEWIS advised he later was informed that a Dallas uniform police officer had been shot at the intersection of Patton and Tenth Street in Dallas, and that in all probability the individual they had seen running south on Patton Avenue with a gun in his possession was the individual responsible for same.

LEWIS was shown a photograph of LEE HARVEY OSWALD, New Orleans PD No. 112723, dated August 9, 1963, at which time Mr. LEWIS advised due to the distance from which he observed the individual he would hesitate to state whether the individual was identical with OSWALD.

ROGER BALLEW, operator of Ballew's Texaco Service Station, 600 Jefferson Street, Dallas, Texas, advised he was on duty the afternoon of November 22, 1963, when an individual apparently responsible for the shooting of a uniform Dallas, Texas, police officer had passed the station and entered the parking lot of Ballew's Texaco Service Station.

BALLEW advised he had not seen the individual go into the parking lot. However, MARY BROCK, wife of ROBERT BROCK, an automobile mechanic employed by Ballew's Texaco Service Station, had observed the individual passing the station and entering the parking lot.

ROGER BALLEW advised the Dallas, Texas, Police Department had located a jacket underneath a 1954 Oldsmobile which was parked in parking space # 17, which was believed to be the jacket worn by the individual who had earlier shot the Dallas police officer.

BALLEW advised he could furnish no further information concerning this matter.

ROBERT BROCK, 4310 Utah, Dallas, Texas, advised that on November 22, 1963, he was employed as a mechanic at Roger Ballew Texaco Service Station, 600 Jefferson Street, Dallas, Texas. He advised that at approximately 1:30 PM, November 22, 1963, a young white man passed him, BROCK and his wife, and proceeded north past the Texaco Service Station into the parking lot, at which time the individual disappeared.

Approximately five minutes later, WARREN REYNOLDS and another individual from Johnny Reynolds Used Car Lot came to the Texaco Service Station and informed him, BROCK, of the fact that a police officer had been shot approximately two blocks away, and that the individual responsible for the shooting had been observed turning north off Jefferson Street past the Texaco Service Station.

BROCK advised he, WARREN REYNOLDS and various police officers from the Dallas Police Department had searched the parking lot directly behind Ballew's Texaco Service Station in efforts to locate the person responsible for the shooting, with negative results. BROCK advised, however, a Dallas, Texas, police officer, name unknown, had located a jacket underneath a 1954 Oldsmobile which was parked in parking space # 17. This jacket apparently had belonged to the person who had shortly before shot a Dallas police officer.

ROBERT BROCK was shown a photograph of LEE HARVEY OSWALD, at which time he advised he could not positively identify same as being identical with the individual who had passed him at Ballew's Texaco Service Station.

Mrs. MARY BROCK, 4310 Utah, Dallas, Texas, advised that on the afternoon of November 22, 1963, she was at the Ballew Texaco Service Station located in the 600 block of Jefferson Street, Dallas, Texas. She advised that at approximately 1:30 PM a white male described as approximately 30 years of age; 5 feet, 10 inches; light-colored complexion, wearing light clothing, came past her walking at a fast pace, wearing a light-colored jacket and with his hands in his pockets.

Approximately five minutes later two individuals from Johnny Reynolds Used Car Lot, 500 Jefferson Street, appeared at Ballew's Texaco Service Station, making inquiry as to whether she had noticed the young white man come by the station. She indicated she had, at which time they informed her that this individual had in all probability shot a Dallas police officer. She advised she informed them that the individual proceeded north behind the Texaco station and she last observed him in the parking lot directly behind Ballew's Texaco Service Station.

Mrs. BROCK was shown a photograph of LEE HARVEY OSWALD, New Orleans PD # 112723, dated August 9, 1963, which she identified as being the same person she observed on November 22, 1963, at Ballew's Texaco Service Station.

Mrs. BROCK advised at the time she saw OSWALD on November 22, 1963, she was unaware of the fact that President JOHN FITZGERALD KENNEDY had been assassinated, and she was unaware that Dallas Police Officer J. D. TIPPIT had been shot.

The following investigation was conducted by SA ALFRED D. NEELEY:

On January 27, 1964, Mr. RAY ZAUBER, Editor, Oak Cliff Tribune, 3333 Tribune, Dallas, Texas, advised that WARREN REYNOLDS, white male, age 28, whom he described as being the person who followed OSWALD after Officer TIPPIT was killed on November 22, 1963, was shot on the night of January 23, 1964, while he was in a telephone booth at his brother's (JOHNNIE REYNOLDS) used car lot, 500 East Jefferson Street.

According to Mr. ZAUBER, REYNOLDS was shot through the head with a .22 rifle, and neither the assailant nor the rifle had been identified. ZAUBER stated that REYNOLDS was in a critical condition and in one of the Dallas hospitals.

Mr. ZAUBER stated that after he learned of this shooting, he telephoned Captain WILL FRITZ, Dallas Police Department, and asked him if there was any connection between the shooting of WARREN REYNOLDS and the OSWALD case, and Captain FRITZ stated that they were considering that as a possibility.

Date February 4, 1964

Captain O. A. JONES, Forgery Bureau, Dallas Police Department, advised that he was the individual and not Captain J. W. FRITZ who was investigating the assault to murder offense wherein WARREN A. REYNOLDS was the victim. Captain JONES furnished a copy of offense report No. F-95871, which reflects that on January 23, 1964, at approximately 9:15 PM, WARREN A. REYNOLDS, while in the basement of the JOHNNY REYNOLDS Motor Company, 500 East Jefferson, had been shot in the head by someone using a .22 Caliber rifle. Captain JONES stated that the prime suspect in this offense was DARRELL WAYNE GARNER, white male, age 24, also known as "DAGO", and that the apparent motive was a falling out between GARNER and REYNOLDS involving the efforts of GARNER to sell REYNOLDS a used automobile.

Captain JONES stated that nothing had been developed in the investigation to connect this matter in anyway with the LEE HARVEY OSWALD investigation. Captain JONES stated that should any information be developed in the future connecting same with the OSWALD case that he would immediately advise the FBI.

FRANCIS KINNETH, 1425 Caldwell, Dallas, Texas, advised he was employed on a construction job at the intersection of Denver and Tenth Street, Dallas, on the afternoon of November 22, 1963. He advised at approximately 1:00 PM he had heard approximately two or three shots and, looking in a westerly direction, he saw a parked police car and a uniform police officer lying on the ground in front of same. At the same time he observed an individual running west on Tenth Street turning south on a street, the name of which he does not know.

KINNETH advised he did not go down to the scene of the shooting for fear that additional shots might be fired.

KINNETH was shown a photograph of LEE HARVEY OSWALD, at which time he advised he could not identify OSWALD as being the individual he had observed leaving the scene of the shooting of the Dallas police officer.

KINNETH advised PERRY HOLMES, brick mason tender, was at the rear of the apartment building when the shooting of the Dallas police officer occurred and did not go to the scene of the shooting.

ELBERT AUSTIN, 817 Fourth Avenue, Dallas, advised that on the afternoon of November 22, 1963, he was working on a construction job at the intersection of Tenth and Denver Street, Dallas, Texas. He advised he was a brick mason's helper and was assisting in the construction of an apartment house. He stated sometime after 1:00 PM he was on a scaffold in front of the aforementioned apartment house when he heard approximately two or three shots and, looking in a westerly direction, he saw a policeman lying in front of a police car on the left front side.

He also observed an individual running west on Tenth Street and then turning left and going down another street, name unknown. AUSTIN advised he did not go down to the scene of the shooting for two reasons, one being that he was afraid to go down there because he was afraid of being shot, and the second being that he did not consider it any of his business.

AUSTIN was shown a photograph of LEE HARVEY OSWALD, New Orleans Police Department # 112-723, and advised he could not identify OSWALD as being the person who shot the Dallas police officer inasmuch as he was approximately one block away and the individual who did the shooting was running in the opposite direction.

AUSTIN advised PERRY HOLMES, brick mason tender, was at the rear of the apartment building when the shooting of the Dallas police officer occurred and did not go to the scene of the shooting.

Extensive investigation has been conducted in an effort to locate PERRY HOLMES, Dallas, Texas, with negative results. HOLMES reportedly may have witnessed the shooting of Officer J. D. TIPPIT in the vicinity of the 500 Block of East 10th Street, Dallas, Texas, on November 22, 1963. Fellow employees on interview have indicated HOLMES was not located in a position whereby he could have possibly observed the shooting of Office TIPPIT therefore no further investigation is being conducted to locate HOLMES.

Mrs. RUTH PAINE, 2515 West 5th Street, Irving, Texas, telephonically advised that a reporter for the Houston Post, by the name of LONNIE HUDKINS, had returned to see her in the afternoon of December 28, 1963. Mrs. PAINE furnished the following information concerning this contact by HUDKINS:

HUDKINS referred to an article which he stated had appeared in the New York Times, either December 26 or 27, 1963, which article conjectured that LEE HARVEY OSWALD probably made a deal with the U. S. Government to work in its behalf in anti-subversive endeavors in return for being granted permission to return to the United States. She stated that the article reportedly goes on to bring out that OSWALD probably was not being watched any more closely than he was by the FBI because OSWALD was working for or on behalf of the government.

Mrs. PAINE stated that HUDKINS said that a "socially prominent" (not further identified) person for whom OSWALD's mother had worked in Ft. Worth about a year or so ago, was supposed to have been told at that time by OSWALD's mother that OSWALD was doing important anti-subversive work for the government.

Mrs. PAINE stated that HUDKINS' primary purpose of seeing her was in an effort to get some confirmation, if possible, of the possibility OSWALD was actually working on behalf of the U. S. Government prior to the assassination. Mrs. PAYNE told HUDKINS she knew of no such situation and ventured the opinion to HUDKINS that the story was highly unlikely since she could not imagine anyone having that much confidence in OSWALD.

It is noted that the January 27, 1964, issue of "The Nation" magazine reflects an article by HAROLD FELDMAN entitled "OSWALD and the FBI", wherein on page 87, it is reflected "and in his room after his arrest the police find $150.00".

Captain J. W. FRITZ, Homicide and Robbery Bureau, Dallas Police Department, was interviewed concerning whether or not during the investigation of LEE HARVEY OSWALD, $150.00 had been found during the search of the premises at 2515 West 5th Street, Irving, Texas, the residence of Mrs. RUTH PAINE, or 1026 North Beckley, on November 22 or 23, 1963.

Captain FRITZ advised he had no personal knowledge or official record concerning $150.00 having been found in OSWALD's room and that the only money of OSWALD which had ever been in possession of the Homicide and Robbery Bureau, was the approximately $13.00 which was taken from OSWALD's person at the time of his arrest November 22, 1963.

Captain FRITZ stated his Detectives H. M. MOORE, G. F. ROSE, R. S. STOVALL and J. P. ADAMCIK were the individuals that had conducted the above searches. Captain FRITZ interrogated MOORE, ROSE and STOVALL in the presence of reporting agents and ascertained the following information:

ROSE, STOVALL, ADAMCIK and Dallas County Deputy Sheriffs E. W. WALTHERS, HARRY WEATHERFORD and J. L. OXFORD conducted searches on November 22, 1963, and ROSE, STOVALL ADAMCIK and H. M. MOORE and an officer of the Irving, Texas Police Department conducted searches on November 23, 1963.

ROSE and STOVALL advised Captain FRITZ they recalled observing approximately $85.00 in a bureau drawer located in the room of MARINA OSWALD, 2515 West 5th Street, Irving, Texas, on November 22, 1963. It was their belief that this money consisted of three $20.00 bills, two $10.00 bills and one $5.00 bill. Both Mrs. RUTH PAINE and MARINA OSWALD were present at the time of the search and stated this money belonged to MARINA OSWALD, accordingly same was not taken into possession as evidence by said officers and

was never brought to the Dallas Police Department. MOORE advised Captain FRITZ that he recalled seeing the money in a bureau drawer at said residence on November 22, 1963, and also observed several $10.00 bills in a small jewelry type box on top of the bureau; it was his recollection that the total of both, was approximately $130.00 to $140.00.

According to Captain FRITZ, the officers advised him that no other money was observed elsewhere during the searches by said officers and none was taken into possession.

Captain FRITZ was also interviewed concerning an interview of MARINA OSWALD by SA WALLACE R. HEITMAN on November 30, 1963, wherein she stated "when she was at the police station in Dallas, following the assassination of the President, she talked to Mrs. PAINE and asked her to bring some things to her at the Police Chief's residence where she was spending the night. She told Mrs. PAINE that OSWALD had been saving money in a wallet which was in one of the drawers of a chest in the PAINE house, and asked Mrs. PAINE to bring that to her also. She said the wallet and the other things were brought to her at the police station and she extracted the money from the wallet, counted it, and found it to be $170.00. A Life reporter who was standing nearby threw in $10.00 and that made $180. She said this is the money that OSWALD had saved, beginning in New Orleans." Captain FRITZ stated he had no personal knowledge as to where MARINA OSWALD spent the night of November 22, 1963, or any other night, except he recalls having heard that MARINA and OSWALD's mother reportedly stayed one night at a motel close to Love Field.

Captain FRITZ stated that MARINA OSWALD was interviewed at Dallas on the night of November 22, 1963, but she did not receive any money while there to his knowledge or according to his official records and that if she had spent the night at the Dallas Chief of Police's residence, he believes he would have heard about it.

Captain FRITZ stated he believes he read in a local newspaper that MARINA OSWALD spent the night of approximately November 22, 1963, at the residence of the Chief of Police at Irving, Texas, and possibly the money was delivered to her at the Irving, Texas Police Department.

Mrs. RUTH HYDE PAINE, 2515 West 5th Street, Irving, Texas, advised at approximately noon on the day of November 24, 1963, she received a telephone call from MARINA OSWALD from an unknown location. MARINA OSWALD requested that Mrs. PAINE turn over to the Irving, Texas Police Department all of her clothes and personal effects. MARINA OSWALD requested that her wallet or purse containing money be included with these personal effects. MARINA OSWALD then told Mrs. PAINE that this wallet or purse was located in the top drawer of the bureau located in the bedroom where MARINA OSWALD had been living. Mrs. PAINE stated that she readily located this wallet or purse and also noticed a $10.00 bill on top of the dresser which was added to this money. Mrs. PAINE stated that she did not look at the money or count the money and believed that perhaps there was only $20.00 or $30.00, although she could not be certain, since she did not check the money. Mrs. PAINE stated that she then turned the money and the personal effects of MARINA OSWALD over to an Irving, Texas Police officer, name unrecalled.

Mrs. PAINE pointed out that during the entire period in which MARINA OSWALD and her children resided with her, she, Mrs. PAINE, took care of all of their expenses, purchases of food and bought all of their clothing. Mrs. PAINE stated she only recalls one instance where LEE HARVEY OSWALD made a very small purchase with his money, buying some baby powder for his child. Mrs. PAINE stated that MARINA OSWALD had absolutely no expenses at the time of the birth of her baby since her hospitalization at Parkland County Hospital at Dallas was free and she, Mrs. PAINE, handled all other expenses in connection with the birth of MARINA OSWALD's baby. Mrs. PAINE stated that MARINA OSWALD indicated on one occasion, exact date not recalled, that LEE HARVEY OSWALD had given her $10.00 out of his paycheck and that he did not let her spend this money but that she was just to keep it.

Chief of Police CHARLES J. WIRASNIK, Irving, Texas Police Department, advised that after the shooting of LEE HARVEY OSWALD on November 24, 1963, he heard that the Secret Service was en route to Irving, Texas with MARINA OSWALD, her two children, and Mrs. MARGERITE OSWALD, mother of LEE HARVEY OSWALD. Chief WIRASNIK advised that he radioed one of his squad cars to intercept the Secret Service and to direct them to go to his residence in Irving, Texas, since there were numerous reporters and curiosity seekers congregating near the residence of RUTH PAINE. Chief WIRASNIK advised that the OSWALDs were brought to his residence around noon on November 24, 1963, at which time a telephone call was placed to Mrs. RUTH PAINE and MARINA OSWALD asked her to give all of her personal effects to the Irving Police, who would deliver them to her. Chief WIRASNIK stated that Secret Service Agent, CHARLES KUNKEL, and another unknown Secret Service Agent, and an unknown Russian interpreter, not an employee of Secret Service, accompanied the OSWALDs.

Irving Detectives JOHN MC CABE and DON PROFFER picked up the personal effects of MARINA OSWALD at the PAINE residence and brought them to MARINA OSWALD at his residence. Chief WIRASNIK stated that he did not see any money in the personal effects of MARINA OSWALD, nor did he notice any of the other items she might have. Chief WIRASNIK advised that apparently MARINA OSWALD did not have any money because he recalls on November 25, 1963, MASON LANGFORD, Tarrant Fire Marshal, bought MARINA OSWALD a dress for the funeral of LEE OSWALD with his money since MARINA OSWALD apparently had no money.

Detective JOHN A MC CABE, Irving, Texas Police Department, advised that on November 22, 1963 at 5:19 PM he received a telephone call from Dallas Police Detective G. F. ROSE, Homicide Section. Detective ROSE requested that the Irving, Texas Police Department take BUELL WESLEY FRAZIER of Irving into custody since he, FRAZIER, was involved in the assassination of President KENNEDY in Dallas on November 22, 1963. Detective MC CABE advised that he and Irving Police Captain MC CARLEY took FRAZIER into custody and turned him over to Detective ROSE at 5:35 PM on November 22, 1963. Detective ROSE and Detective R. S. STOVALL then took FRAZIER to Dallas for questioning.

On November 23, 1963, at 12:30 AM, Detective ROSE advised that FRAZIER had been cleared and released from custody by the Dallas Police Department.

On November 23, 1963, at 2:45 PM, Detectives ROSE and STOVALL contacted Detective MC CABE of the Irving Police Department and requested that he accompany them to the PAINE residence at 2515 West 5th Street in Irving to execute a search warrant in an attempt to find any additional evidence in connection with the investigation of LEE HARVEY OSWALD. At 3:20 PM, while searching the PAINE garage, Detective MC CABE advised that he found an envelope containing some pictures which he turned over to Detective ROSE. This envelope contained a photograph of LEE HARVEY OSWALD standing with a rifle in his hand and a pistol visible on OSWALD's right hip. Detective MC CABE further advised that while searching the bedroom where MARINA OSWALD had stayed, he noticed that there was some money in the top bureau drawer, exact amount unknown. Dallas County Sheriff's Office Deputy, E. W. WALTHERS, who accompanied the Dallas police officer and Detective MC CABE on this search counted the money and stated that there was $150. MC CABE advised that he recalled finding one gray metal square shaped camera which was the property of LEE and MARINA OSWALD in the garage at the PAINE residence. He also noticed a box in the living room in the PAINE residence, which contained a camera and other photographic equipment, exact description unrecalled. MC CABE stated it was obvious to him that this was the property of MICHAEL and RUTH PAINE and he therefore left this camera equipment and did not take it.

Detective MC CABE further advised that he recalled Mrs. RUTH PAINE stating that the reason MARINA OSWALD had been residing with her was so that she, RUTH PAINE, could improve her Russian speaking ability, since she was a teacher of the Russian language.

Detective MC CABE stated that on November 24, 1963, when he heard that LEE HARVEY OSWALD had been shot he contacted Detective DON PROFFER and they both went on duty immediately. They went to the residence of RUTH PAINE at 2515 West 5th Street in Irving where a large crowd was gathering. Detective MC CABE advised that he went to the residence of Mrs. PAINE and with her permission placed officer JOHN RICHARDS and reserve officer A. J. PHILLIPS inside the residence of Mrs. PAINE. On November 24, 1963 at approximately 12:15 PM it was determined that the Irving Police had taken a Secret Service unit with Mrs. MARINA OSWALD and Mrs. MARGERITE OSWALD to the home of Irving Chief of Police CHARLES J. WIRASNIK. A short time later Officer RICHARDS came out of the PAINE residence and advised Detective MC CABE that Chief WIRASNIK had called and requested that the clothing for Mrs. MARINA OSWALD and her children together with other personal effects be brought to his residence. Officer RICHARDS brought out a plastic clothes hamper full of clothing from the residence of RUTH PAINE, which Detective MC CABE advised he and Detective PROFFER then took to the residence of Chief WIRASNIK. MC CABE advised that he did not look inside the hamper to see what was there and he does not know if there was any money with the clothing. After delivering the clothing it was determined that Mrs. LEE OSWALD and Mrs. MARGERITE OSWALD insisted on going to Parkland Hospital to see the body of LEE HARVEY OSWALD. Detective MC CABE advised that on instructions of Chief WIRASNIK, he accompanied U. S. Secret Service Agents CHARLES KUNKEL and MICHAEL HOWARD in taking the OSWALDs to Parkland Hospital. An individual named PETER GREGORY, an English speaking Russian interpreter not an employee of the Secret Service, also accompanied them. After Mrs. MARGERITE OSWALD viewed the body of LEE HARVEY OSWALD she turned to all of the persons present and said, "As the mother of this boy I would like to make a statement. I think that now the truth should be known." Before Mrs. OSWALD was able to continue the statement the family was escorted from the room and taken out the emergency exit of the hospital. Present at this time in addition to the Irving

detectives, the Secret Service agents, and the interpreter PETER GREGORY, was a Dr. ROSE, Dallas County Medical Examiner. After making arrangements for removal of the body from Parkland Hospital, Detective MC CABE advised that he and Detective PROFFER accompanied the Secret Service agents and the OSWALDs to Six Flags Inn in Arlington, Texas. There they were met by Tarrant County Fire Marshal MASON LANGFORD, Tarrant County Sheriff LON EVANS, and Arlington Detective BOB PARSONS, Arlington, Texas. MC CABE advised that he departed from this motel at 5:15 PM, on November 24, 1963, and has not seen the OSWALDs since this date.

Detective DON PROFFER, Irving, Texas, Police Department, advised that he was on duty at the residence of RUTH PAINE at approximately noon on November 24, 1963, when Irving Police Officer JOHN RICHARDS, who had been stationed inside the PAINE residence advised Detective JOHN A. MC CABE and himself that Irving Chief of Police CHARLES J. WIRASNIK desired that they take certain clothing and personal effects of MARINA OSWALD and her children from the residence of RUTH PAINE to the residence of Chief WIRASNIK. Shortly thereafter, Officer RICHARDS brought out a plastic clothes hamper full of clothes. Detective PROFFER advised he did not see what was inside this clothes hamper and does not know if there was any money with the clothing.

Detective PROFFER advised that after this clothing was delivered to the residence of Chief WIRASNIK the Chief instructed that he and Detective MC CABE accompany U. S. Secret Service Agents CHARLES KUNKEL and MICHAEL HOWARD, together with MARINA OSWALD and her two children and Mrs. MARGUERITE OSWALD, and PETER GREGORY, a Russian speaking interpreter, but not a Secret Service employee. They went to Parkland Hospital to view the body of LEE HARVEY OSWALD. Detective PROFFER advised that while he was in Parkland Hospital he heard Mrs. MARGUERITE OSWALD state after viewing the body of LEE OSWALD: "As the mother of this boy I would like to make a statement. I think that now the truth should be known." Before Mrs. OSWALD was able to continue, the family was escorted out the emergency exit of the hospital where they met ROBERT OSWALD, the brother of LEE OSWALD, and after making arrangements for the transfer of LEE OSWALD's body from Parkland Hospital the OSWALD family was taken to Six Flags Inn in Arlington, Texas. Detective PROFFER advised that he departed from this location at 5:15 PM on November 24, 1963.

Captain GLEN D. KING (NA), 519 Goldwood, Dallas, telephone CA 4-4162, advised he is Administrative Assistant to Chief of Police JESSE E. CURRY, Dallas Police Department, and was so employed during the period including November 22, 1963, and continues in that capacity.

Captain KING said he had, on January 24, 1964, observed the March 1964 issue of Saga magazine, which had been exhibited to him by a Dallas newspaper reporter. This magazine included an article purportedly written by a former FBI Agent who, as KING recalled, had been "fired." He said his attention had been specifically called to the quotation in the article attributed to him to the effect that he had stated the Dallas Police Department had no record of LEE HARVEY OSWALD prior to the assassination and that there was no reason why the police should have had a previous record inasmuch as there had been no indication OSWALD engaged in any criminal activities, which would have been normally brought to the attention of the police.

Captain KING stated that he, on November 22, 1963, and subsequent days, was contacted by innumerable representatives of various news media. He stated he is quoted substantially correctly inasmuch as he had given this same answer to numerous reporters who had inquired as to whether the Dallas Police had a previous record of OSWALD.

A copy of the March 1964 issue of Saga was exhibited to KING, along with a photograph of WILLIAM W. TURNER, purportedly the writer of the article in question. KING stated he is reasonably sure he recalls TURNER as one of the many persons who contacted him although he might not have been able to select his photograph if it had been exhibited among other photographs. He said the name WILLIAM W. TURNER was not recalled specifically. He said, however, he recalls that an individual was in his office on an unrecalled date representing he was a magazine writer.

TROY E. MOORE, 1802 Mecca, Dallas, Texas, telephone TA 7-6007, advised telephonically on the night of January 24, 1964, he is an aide to Captain GLEN D. KING, Administrative Assistant to Chief of Police JESSE E. CURRY. MOORE stated he worked on Friday, November 22, 1963, from 8:00 AM until 1:30 or 2:00 AM, November 23, 1963.

He said that immediately following reports that shots had been fired at the Presidential Motorcade, hundreds of local and long-distance calls began to come in to the Dallas Police Department, these calls being from "crackpots and drunks," well-meaning citizens, public officials, news media representatives from all over the country, and others. He said he was assigned to assist in receiving such calls, working part of the time in Captain KING's office and a part of the time just out of KING's office at the clerk's desk.

He said he was extremely busy in that when he had finished a particular call three or four others were awaiting his attention. Accordingly, he is unable to recall definitely the time of any particular call and, in many cases, the details.

MOORE related that on January 24, 1964, GEORGE CARTER, police reporter, Dallas Times Herald newspaper, exhibited to him the March 1964 issue of Saga, a magazine which MOORE termed "crackpot." He said he scanned the article hurriedly but did not read it in detail. He did read a quotation attributed to him by the writer of the article, whose name he did not know at the time of interview, this quotation having been called to his attention by reporter GEORGE CARTER. He said as he recalled it, the writer of the article had represented he was sitting by the desk of Officer MOORE and that following a particular telephone call MOORE had turned to the unidentified writer and stated in substance, "This guy says that we have the wrong person in connection with the assassination of the President. He says he will call us later and tell us who the right one is."

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

MOORE stated that the name WILLIAM W. TURNER is not familiar to him, TURNER being identified to MOORE as the purported writer of the article in question. MOORE said he had viewed a photograph of the writer which accompanied the article and that he had no recollection of having seen this person. He recalled the individual was allegedly an ex-FBI Agent who had been fired and that he, in his own mind, wondered as to the purpose and truth of the article. He specified that he could not say positively he had not seen TURNER on November 22, 1963, since there were literally scores of newspapers, radio and television reporters, FBI and Secret Service Agents and others, many not personally known to him, in and out of the area where he was working.

He said he did not work on Saturday or Sunday, November 23 or 24, 1963, and that, accordingly, if TURNER did hear his telephone call, as referred to above, it would have been on November 22, 1963. MOORE said he believes he recalls the telephone call to which the writer of the article was apparently referring but does not recall at what time of day or night the call came in. He said he believed the call came from a male individual, apparently drunk, from Tennessee or Kentucky. MOORE speculated he may well have, on completion of the call, made the remark that the caller had said that the police had the wrong man and that he would call the man back later to tell the police who the man was. He said if he did make a statement it was not "sarcastically, as alleged by the magazine writer, but perhaps in a tone of disbelief."

WELCOME EUGENE BARNETT, Traffic Officer, Dallas Police Department, residence 6018 Menger, Dallas, telephone EV 1-0726, TEXAS advised he is regularly assigned to direct traffic at the intersection of Akard and Commerce Streets, Dallas. During the month of November 1963, he worked a 3:00 PM to 11:00 PM shift and on December 1, 1963, was switched to a 7:00 AM to 3:00 PM schedule.

BARNETT stated on November 22, 1963, he was instructed, as a part of the Security Detail in connection with the travel of the Presidential Motorcade, to a station at Houston and Elm Streets, Dallas. He took his position at 10:00 AM. His specific instructions were to observe crowds of people for any demonstrators or other persons who might appear bent on causing trouble and, as the Motorcade approached his position, he was to stop all traffic moving west on Elm Street, a one-way street, until the Motorcade had passed. He said Officers J. M. SMITH and another SMITH (FNU) were assigned at the same location. Dallas Texas P.D.

BARNETT said as the Presidential Motorcade turned from Main Street to Houston Street and came within his view, he stepped from his position near the southeast corner of the Texas School Book Depository Building, toward the middle of Elm Street and held the Elm Street traffic back. After the Motorcade had passed and made a left-hand turn on the approach to Stemmons Freeway, he heard a shot. He said he was bewildered as to the point from where the shot came, due to the "echos", but as further shots continued he conceived in his own mind the shots must have come from the top of the Texas School Book Depository Building.

He said he could not, from his position close to the building, see any persons in the windows. Accordingly, without instruction from anyone, he raced to the rear of the building to determine if there was a fire escape or rear exit, having previously noted a fire escape on the east side of the building. Noting no fire escape to the rear, he returned to the front of the building and was shortly assigned to prevent entrance of any persons into the front part of the building. He remained at this post until 3:00 PM.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

BARNETT stated several reporters--newspaper, radio and television--appeared at the entrance he was guarding, some no doubt local reporters. He said it is no doubt probable at that time, in answer to questions, he told of having gone to the rear of the building at the outset.

BARNETT stated he had not at that time or at any subsequent time told any person that he was certain the sniper was a stranger since the Police Department had not been informed that any employee in the Texas School Book Depository was potentially dangerous. He said accordingly that any statement attributed to him in this latter regard by any writer, was false. He said, as he recalled, his name appeared in an issue of the Dallas Morning News immediately following the assassination as one of the officers who was on duty on November 22, 1963, near the Texas School Book Depository Building.

BARNETT stated he remained at the post described until 3:00 PM, November 22, 1963, when he returned to his regular traffic post at Akard and Commerce. He remained there until 11:00 PM. He was on duty again at that station November 23 but did not work on Sunday and Monday, November 24 and 25, 1963. He returned to duty on November 26, 1963.

BARNETT stated he does not recall the names of any reporters of any type who have interviewed him concerning his activities on November 22, 1963. He said he recalls specifically that two Life magazine reporters, a Spaniard representing a foreign newspaper and a person representing himself to be with, as BARNETT recalls, the "Washington Post," interviewed him at Akard and Commerce Streets during his tours of duty there following the assassination, dates and times of day not recalled.

With regard to the reporter believed to have represented a "Washington Post" connection, BARNETT described this individual as being about 35 years of age, 6 feet, 160 pounds, bareheaded, sandy hair, nice-looking, neatly dressed in what he recalls as probably a flannel suit, 3-button, probably wearing a vest. He conceived this individual was staying at the Baker Hotel, at the intersection of Akard and Commerce Streets, near BARNETT's traffic post.

This person talked to him on two or three different occasions and, in BARNETT's language, "gave him trouble" in "trying to put words in my mouth." He said the gist of what the reporter was trying to do was have BARNETT say the shots came from two or three different points in the vicinity of Houston and Elm Streets, with the logical inference more than one person was involved in the shooting.

BARNETT stated he had been off duty due to recent surgery and had not been informed that he was quoted in an article by WILLIAM W. TURNER in the March 1964 issue of Saga magazine. He said the name of TURNER was not familiar to him. He said he does not recall that any person representing himself to be an FBI Agent, except Special Agents of the Dallas FBI Office known to him personally, or on one occasion a Special Agent not known to him but who exhibited proper credentials, has interviewed him. He said he does not recall any person representing himself as a former FBI Agent as contacting him.

On January 26, 1964, a copy of the March 1964 issue of Saga magazine was exhibited to BARNETT. On observing the photograph of WILLIAM W. TURNER, purportedly the author of an article in the publication, BARNETT stated this individual is not recognized by him as being any person with whom he had been in contact. On observing the portion of the article in which he was quoted, BARNETT reiterated that while he did in fact go to the rear of the Texas School Book Depository Building following the shots at the Presidential Motorcade, he went there for the reasons previously stated. He again denied that he had made the statements attributed to him to the effect that the sniper was obviously a stranger, etc.

Under date of January 31, 1964, the Los Angeles Office advised that the following investigation was conducted by SA CLARENCE E. NEWTON, JR.:

AT CASTLE AIR FORCE BASE, CALIFORNIA

On January 28, 1964, HAROLD KORSLUND, Office of Special Investigations, advised that Lt. JAMES R. OSWALD, Air Force Serial No. 70450A, was temporarily assigned to the 329th Bomb Squadron as a student until March 5, 1964. From a review of records regarding OSWALD at this base, there is no indication of any connection between him and deceased subject.

On January 28, 1964, Lt. JAMES R. OSWALD advised that he was assigned to Carswell Air Force Base at the time of the assassination of former President KENNEDY, and in fact, was attempting to obtain a transfer from this base because of having the same name as OSWALD. He said he is no relation whatsoever to the subject, has never been remotely acquainted with him, and had no connection whatsoever with LEE HARVEY OSWALD.

JGS/atd

DL 100-10461

On January 24, 1964, Chief of Police JESSE E. CURRY advised SAC J. GORDON SHANKLIN that he had received information from a Mr. MORROW, 2334 McAdams, Dallas, Texas, telephone FE 1-1346, to the effect that LEE HARVEY OSWALD had applied for a job at the All Right Parking Station, 1208 Commerce Street, five or six days prior to the assassination of President KENNEDY.

Chief CURRY stated that according to MORROW, OSWALD had a paper in his hand and when he applied for the job he asked someone how high the building was.

Chief of Police CURRY stated that Mr. MORROW had indicated that OSWALD may have talked with CLAUDE HALLMARK, EMMETT MONTGOMERY and CHARLIE DOBBS, or DOBBOS or DOBBIS, at the All Right Parking Station at 1208 Commerce Street.

HUBERT ANDERSON MORROW, JR. advised he resides at 2334 McAdams in Dallas, telephone FEderal 1-1346. He advised he had been employed at the Southland Hotel Garage (Allright Parking System), 1208 Commerce Street, Dallas, Texas, for about five months as the day manager. He said he works there from 7:00 AM to 6:00 PM daily.

MORROW advised that shortly after LEE HARVEY OSWALD was allegedly killed by JACK RUBY, he observed a photograph of OSWALD in the paper and on television and recalled that a person who strongly resembled OSWALD, and whom he believed to be identical, came to the Southland Hotel Garage early one morning about two weeks before the assassination of President KENNEDY on November 22, 1963, in answer to an ad for help to work at the garage. He said he wrote the name of this man down on a pad of paper and put it down, "LEE HARVEY OSBURN", and the individual said, "No, my name is OSWALD". He said he did not keep the paper and it had been thrown away with the trash. He said that he recalled this man asked him how tall the building was and if it had a good view of Dallas and he recalled that this man had a "Dallas Morning News" newspaper under his arm, was dressed in a football-type sweatshirt and blue jeans. He said this man left the name which he recalled to be OSWALD, but no address, and waited around about 45 mintes or one hour and departed, about 7:30 or 7:50 AM, but was not interviewed. He said that there were two other people working with him at the time this man came into that garage, CHARLES DOBBS, a Negro driver, no longer employed by the Allright System, and EMMETT MONTGOMERY. He said that these drivers were busy parking cars and would not have heard any conversation between him and OSWALD and possibly did not have an opportunity to see him; however, he believed MONTGOMERY saw him. He said that he told Detective CARROLL of the Dallas Police Department about it on Thursday, January 23, 1964. He said the Detective told him that he had learned from some other source that he, MORROW, had information about OSWALD applying for a job.

MORROW was asked who he had discussed this with and at first he said no one, but Detective CARROLL then upon reflection, said, "Well, I guess I was excited and told a lot of people about it." He said he could not recall the identities or names of any of these persons. He said he had never known OSWALD before.

MORROW advised that he has known JACK RUBY as a customer at the Nichols Brothers Parking Garage, which is near the Southland Hotel Garage, but he has never been with him socially and has never known of any association between OSWALD and RUBY and he had never been into the Carousel or the Vegas Clubs when they were being operated by JACK RUBY. He said that he could furnish no other description concerning OSWALD and he did not ask him if he had a driver's license or if he was able to operate an automobile.

Claud K Hallmark

GARRETT CLAUD HALLMARK advised he lives at 831 Quanah Street in Dallas, Texas, and is employed by the Allright Parking System, Inc., at 701 Wilson Building, telephone RIverside 8-5943. He said he placed an ad for help for the Southland Hotel Parking Garage in the "Dallas Morning News", first run on October 28, 1964, for four days, Monday through Thursday, and the second ad was run from November 3 to 6, 1963, and he confirmed this fact through Mrs. McKNIGHT of the 'Dallas Morning News", Ad Section.

He said he had no record of LEE HARVEY OSWALD ever applying for a job but Mr. H. A. MORROW, JR., the day manager of the Southland Hotel Garage, a branch of the Allright Parking System, did claim that a person he believed to be LEE HARVEY OSWALD, had been interviewed for a job by HALLMARK. MORROW told him this applicant came in after the second ad was run, namely after November 3, 1963, possibly a week before the assassination.

HALLMARK said he immediately searched his records and was unable to find where anyone named LEE HARVEY OSWALD had ever applied for a position and he was certain that he had not interviewed anyone by that name. He said that MORROW first made mention of the fact that OSWALD was an applicant about Tuesday or Wednesday following the assassination of the President at Dallas, Texas, on November 22, 1963.

HALLMARK said as far as he was concerned, he believed the entire story concerning LEE HARVEY OSWALD, as told by MORROW, was a fabrication on the part of MORROW. He said that when MORROW first talked to him, he recalled that MORROW said he had run LEE HARVEY OSWALD off because he, MORROW, did not think HALLMARK would hire OSWALD.

HALLMARK said on the contrary, he would have possibly been interested in getting a young man as clean cut as the pictures of OSWALD reflected him to be, at least to interview him, had he made application. He also noted that Mr. MORROW comes to work at 7:00 AM and finishes his day at 6:00 PM daily and the early hours, 7:00 to 9:00 require that all of the men at the garage be on the go parking customers' automobiles in the downtown area.

EMMETT FULTON MONTGOMERY, 1803 Fuller Drive, advised he has telephone number DAvis 7-1086, and is employed at the Southland Hotel Parking Garage, which is a branch of the Allright Parking System, located at 1208 Commerce Street, Dallas, Texas. He had been working there since August, 1963.

MONTGOMERY said he recalled that the day manager, Mr. MORROW, told him a person applied for a job about a week before the President was assassinated and MORROW asked him if he recalled seeing this man applying for the job and he said he believed he did.

MONTGOMERY said he did not talk with this man but Mr. MORROW told him the man asked him how many floors of parking the garage had and MORROW replied 7. He said MORROW told him that the man asked what the working hours were and was told that the hours were from 7:00 AM to 6:00 PM.

He said he believed this man came to the garage to seek employment about 8:00 AM, but he did not know when he left because he, MONTGOMERY, was busy taking cars up the ramps and did not have time to pay attention to people coming and going in the rush hour. He said he did not know what this man looked like but when he saw a photograph of LEE HARVEY OSWALD, and MORROW discussed it with him, he seemed to recall someone resembling OSWALD might have been at the garage, but he could not have been at all sure. He said he did not know anyone else at the garage who might have seen this person.

MONTGOMERY said he knew JACK RUBY as a customer, but never did speak to him or know him in any other way and did not know LEE HARVEY OSWALD or of any association between RUBY and OSWALD. MONTGOMERY said he had never been in the Vegas or Carousel Clubs when they were operated by JACK RUBY.

"Mr. Morrow stated that approximately six or seven days prior to the assassination of the President of the United States John Fitzgerald Kennedy SUBJECT came to the parking lot asking for a job. Mr. Morrow stated that while talking to him about the job, SUBJECT asked him how high the parking lot building was and if it afforded a good view of Dallas. Mr. Morrow stated that at the time SUBJECT was applying for employment he was dressed in a dirty white T shirt and blue jeans, and was carrying a newspaper, and that it was during the early morning hours. Mr. Morrow stated that the last time he saw SUBJECT he was waiting to talk with Mr. Claude Hallmark another one of the managers. Mr. Morrow states that the reason he remembers SUBJECT so well is that he wrote SUBJECT'S name down, and that he thought the name was Osburn, but that when he called SUBJECT Mr. Osburn, SUBJECT corrected him and told him that the name was Oswald. Mr. Morrow related that two of the employees also observed SUBJECT while he was at the parking lot. These employees are: Emmett Montgomery, N/M and Charlie Dabbs, C/M. Emmett Montgomery is still employed at the parking lot, but Charlie Dabbs is no longer there. Mr. Morrow did not know the residence addresses of these two employees and the personel files were not available at the time of this interview.

"On January 23, 1964, the undersigned officer attempted to contact Mr. Claude Hallmark for interview, but Mr. Hallmark was not available. An interview was obtained with Mrs. Viola Sapp, cashier at the parking lot, whose residence address is 2728 Mateur, FE-7-8264. Mrs. Sapp stated that she knows for a fact that SUBJECT did not ever talk with Mr. Hilmark and that SUBJECT never made a written application for employment.

JOHN JUNIOR SIMPSON advised he lives at 312½ Akard Street, Dallas, Texas, and has no telephone. SIMPSON is employed at Simons Parking Garage, Field and Jackson Streets, telephone RIverside 8-2641. He recalled about a month ago, the night attendant at the Southland Hotel Parking Garage on Commerce Street, told him that LEE HARVEY OSWALD had made application for work there with the day manager, Mr. MORROW. He said that according to MORROW, this man, believed to be OSWALD, made application for work about a week or two prior to the assassination of President KENNEDY on November 22, 1963. SIMPSON said he immediately called Detective B. K. CARROLL, Dallas Police Department, as soon as he heard the story and that is all he knew about the matter.

SIMPSON said he had seen JACK RUBY and knew him when he saw him. He advised he did not know LEE HARVEY OSWALD and knew of no association between RUBY and OSWALD. SIMPSON advised he has never attended the Vegas or Carousel Clubs in Dallas, formerly operated by RUBY.

BASILISA ESTHER ~~ALVAREZ~~ RAMIREZ, Mexican citizen and United States resident who entered the United States at Brownsville, Texas, October 1, 1957, and was born May 25, 1931, Torreon Coahuila, Mexico, having United States Alien No. 10 821 635, residing at 3101 Fairmont Street, Dallas, Texas, with her sister and brother-in-law, Mr. and Mrs. EFRAIN LOPEZ, was interviewed at the Dallas Office of the FBI. She stated she is employed at Curtis Mathes Company, Dallas, and has been so employed since 1959.

She advised she attends the Guadalupe Catholic Church on Harwood Street in Dallas, Texas. At this church during the latter part of May, 1963, she met a woman by the name of ESTHER SEGURA, who is about 43 years of age, and lives with her two minor children near the corner of Collette and Tremont Streets in Dallas. Mrs. SEGURA's husband, a Cuban, resides in Cuba. Mrs. SEGURA is a Cuban refugee in the United States. She is employed at Neiman-Marcus as a hand-finisher on dresses and other clothing items.

She also met at this church a person by the name of JOSE SORIA PEREZ, age 25, of Mexican descent, a United States citizen who was born in Harlingen, Texas. He is employed in an electronics factory in Richardson, Texas.

ALVAREZ stated that she, SEGURA and PEREZ are all members of a choral group of the Guadalupe Church. She stated this choral group had on a number of occasions practiced at her house. She said Mrs. SEGURA had on many occasions urged ALVAREZ to marry PEREZ but she did not want to do so. She said that because she had refused to marry PEREZ, PEREZ had been following her around in a car and she believed other people were also following her around in cars. She stated she has continued to resist the advances of PEREZ and she believes that both PEREZ and SEGURA are mad at her. She thinks that PEREZ and SEGURA believe she is in some way connected with the police because she once knew a deputy sheriff from Fort Worth, Texas. She stated she is afraid that SEGURA and PEREZ mean to do her harm.

ALVAREZ advised her purpose in coming to the FBI Office was to reveal information she had received from both SEGURA and

PEREZ in connection with the assassination of President KENNEDY.

She said she recalls on one occasion about a month before President KENNEDY visited Dallas, Mrs. SEGURA told her that President KENNEDY was coming to Dallas and would not leave alive. She could not recall where Mrs. SEGURA told her this, but definitely recalls her making the statement.

She further advised that PEREZ had on one occasion taken her to his car which was parked outside of her house and showed her a pistol which was in the car and also told her that he had been selected for a very dangerous mission. Later PEREZ told her that another person had been selected to carry out this mission and that this person was an Anglo-Saxon. She said PEREZ showed her the gun and told her about his dangerous mission about two weeks before President KENNEDY came to Dallas.

She said that about a week after the President's assassination, PEREZ had told her that he knew OSWALD and that he had dinner with OSWALD and some important people on the night before the assassination.

ALVAREZ advised she had related these matters to her attorney, ROBERT BENAVIDES, with offices in the United Fidelity Building in Dallas and he had advised her to go to the FBI with the story but she had not done this until now because of fear of PEREZ and SEGURA.

She was advised that due to the serious nature of these charges, immediate investigation would be made and that both SEGURA and PEREZ would be interviewed in this connection. She was advised that it would be entirely possible that these persons would know that she had come to the FBI with this information. ALVAREZ advised she understood. She insisted that she was telling the truth.

ROBERT BENAVIDES, Attorney, offices at 1002 United Fidelity Building, Dallas, telephone RIverside 2-7604, home telephone ANdrew 2-1404, was interviewed on January 31, 1964. He advised that he knows BASILISA ESTHER ALVAREZ RAMIREZ, as he and his law partner, PHILEMON VALDEZ, handled a personal injury case for her. He said a good settlement had been obtained on behalf of ALVAREZ. He stated the settlement arose from a serious automobile accident in which ALVAREZ had been involved. He advised that a few days before Christmas, 1963, ALVAREZ had come to his office and had talked to him at length about some personal problem she had.

BENAVIDES advised this problem involved a Cuban woman who works at Neiman-Marcus in Dallas and teaches English to Latin-Americans in Dallas, and a Mexican youth by the name of PEREZ. According to him, ALVAREZ told him the Cuban woman was trying to get her to marry PEREZ but she refused to do so. The Cuban woman and PEREZ had become angry with ALVAREZ for this refusal and as a result PEREZ was following her around in a car. Also, he said ALVAREZ told him that other people were also following her around. She stated she was very afraid of the Cuban woman and PEREZ and, in fact, feared for her life.

He said ALVAREZ had told him that about two weeks before President KENNEDY came to Dallas PEREZ took her to his car and showed her his pistol. He said he had a dangerous mission to perform. He had later told ALVAREZ that somebody else had been selected to do the job instead of him. ALVAREZ further told him that about a month before President KENNEDY came to Dallas, the Cuban woman had told her of the impending visit of President KENNEDY and that President KENNEDY would not leave Dallas alive.

He further advised ALVAREZ told him that PEREZ had said approximately a week after the assassination of President KENNEDY that he (PEREZ) knew OSWALD and had had dinner with OSWALD and other important people the night before the assassination.

When he heard these matters, BENAVIDES told ALVAREZ to go to the FBI, but she said she was afraid to go because she feared for her life. She stated the Cuban woman and PEREZ would try to kill her. She told BENAVIDES the Cuban woman and PEREZ

thought she was connected with the police in some way because she had at one time known a deputy sheriff from Fort Worth, Texas.

PHILEMON VALDEZ, Attorney, in partnership with ROBERT BENAVIDES, with offices at 1002 United Fidelity Building, Dallas, Texas, telephone RIverside 2-7604, home telephone TR 5-3944, Ennis, Texas, said he remembered BASILISA ESTHER ALVAREZ RAMIREZ very well. He said he and his partner had handled a personal injury suit for her and had been successful in effecting a good settlement in her behalf.

He said that when the suit was settled, he had been perhaps a little abrupt in dismissing her because he needed to attend to other work. He said that whereas their relationship up to that time had been very pleasant, she became somewhat resentful because he did not spend more time with her after the suit was settled.

He said based upon his relationship with her, he believes she is a very lonely person who needs attention and seeks to gain that attention by conversing with and presenting problems to persons of importance, such as his law partner and now possibly with Agents of the FBI.

He stated in hisopinion ALVAREZ is a "screw-ball". He said he discounts her entire story about the statements made by the Cuban woman and JOSE SORIA PEREZ to her as related by Mr. BENAVIDES.

He stated his judgment of ALVAREZ is his own personal opinion based upon his contact with her and not upon any medical evidence.

Father LUIS, Our Lady of Guadalupe Church, Dallas, advised he has been acquainted with Miss ESTHER ALVAREZ and Mrs. ESTHER SEGURA for a period of several months, during which time they have been associated with his church and have been members of the choir in this church. Father LUIS said to his knowledge, Miss ALVAREZ has never shown any emotional instability nor has she given any indication of mental sickness. Without knowing the reason for the question being asked, Father LUIS volunteered information he had heard through other members of the church that Miss ALVAREZ on one occasion several weeks ago had quite an argument with Mrs. SEGURA, which argument resulted in considerable raising of voices. Father LUIS continued, it is his understanding the disagreement arose as follows:

Mrs. SEGURA had selected a boy friend for Miss ALVAREZ which did not meet with the approval of Miss ALVAREZ. It seems Miss ALVAREZ already had a boy friend and Mrs. SEGURA was attempting to push her selection on Miss ALVAREZ. Miss ALVAREZ resented Mrs. SEGURA's intrusion and took exceptional offense at Mrs. SEGURA's actions in this regard.

Father LUIS concluded by advising he had never known of any other disagreements between the two women.

Dr. SERGIO L. MURRILLO, Office 3116 Fairmont Street, residence 5020 Rexton Street, Dallas, Texas, furnished the following information:

Dr. MURRILLO is well acquainted with ESTHER ALVAREZ. She has been a patient of his since May, 1959. She last visited his office on October 28, 1963. Dr. MURRILLO was questioned as to whether or not in his treatment of Miss ALVAREZ and during a period of acquaintance with her, if she had shown any sign of emotional instability or whether she had ever given any indication of being mentally upset. He stated at no time during his treatment of ALVAREZ has he observed in her any overt psychosis but at times she has shown signs of emotional instability. He stated ALVAREZ was thrown from a car as a result of a collision in November, 1962, at which time she suffered severe injury to her neck, back and abdomen and was unconscious for a period. He believes her recovery from this accident is complete. He stated that although she has had no overt psychosis during the short time he has treated her, that such could occur without previous indication. He described Miss ALVAREZ as extremely conscientious and as being employed in a job where it requires intense effort on her part at all times to meet production quotas, which in his opinion has lead to her emotional instability in the past.

B-Affair #1

Mrs. ESTHER SEGURA, 5003 Tremont, Dallas, Texas, after being advised that she did not have to make any statement, that any statement made could be used against her in a court of law and that she was entitled to an attorney, furnished the following information: Cuba

Mrs. SEGURA, a Cuban refugee, came from Cuba with her two children in August, 1962. She was formerly a teacher of English in a Cuban school and resigned her position and came to the United States claiming ill health. She had tried to leave Cuba for two years prior to this time. She stated the reason she left Cuba was because she wanted to get her children away from Communism. Her sponsor in Dallas, Texas, was ELENA ESTEVANEZ, Lemmon Avenue. Her husband and other members of her family still remain in Cuba.

Mrs. SEGURA is a devout Catholic and has been attending Our Lady of Guadalupe Church on Harwood Street, in Dallas, since coming to Dallas. While in Dallas and since becoming an active member in this church, she joined the church choir where she became acquainted with ESTHER ALVAREZ and JOSE PEREZ. She became acquainted with them approximately five months ago.

ALVAREZ was unable to speak English and since becoming acquainted with her, SEGURA has tried to help ALVAREZ learn English. In this connection, she has visited the ALVAREZ home on several occasions and ALVAREZ has visited in her home. Shortly after she became acquainted with ALVAREZ and began teaching her English, mutual friends told SEGURA she was wasting her time in "fooling" with ALVAREZ, since ALVAREZ is "sick"; SEGURA indicated ALVAREZ was sick mentally. SEGURA stated that in her opinion, ALVAREZ was a frustrated woman.

About one month ago, for some unknown reason, ALVAREZ became angry with SEGURA and has not spoken to her since that time. ALVAREZ also became angry with two other girls who had been residing with ALVAREZ and has refused to speak to them. ALVAREZ also became angry with JOSE PEREZ, a mutual friend. Mrs. SEGURA stated ALVAREZ's

change of attitude had bothered Mrs. SEGURA and on one occasion she approached ALVAREZ and told her if she (Mrs. SEGURA) had done anything to hurt Miss ALVAREZ, she was sorry, however, ALVAREZ did not change her attitude according to SEGURA or indicate to her why she no longer was speaking to her.

SEGURA said she and most of her acquaintances were greatly saddened by the assassination of President KENNEDY and had occasionally discussed the assassination since. She recalled that on one Sunday, after the assassination, there was a general discussion of the assassination by a group including Miss ALVAREZ. She said she had read in the paper where 1963 would possibly be a fatal year for President KENNEDY since President ABRAHAM LINCOLN had met a similar fate almost 100 years ago. She stated on that afternoon, she made some comment regarding this statement which she had seen in the newspaper. As far as she could recall, this was the only time she had discussed the assassination of President KENNEDY when Miss ALVAREZ was present. Mrs. SEGURA was questioned regarding a statement which she allegedly made one month before President KENNEDY's visit to Dallas, which was that the President was coming to Dallas but he would not leave Dallas alive. Mrs. SEGURA was shakened by this accusation and stated at no time has she ever made such a statement or insinuated such a thing. It was noted while questioning Mrs. SEGURA, she expressed interest at two or three points in the reason for the questions being asked her. When she was asked if she knew Miss ALVAREZ, she immediately replied by stating "now I see the reason". She continued "I have attempted to help her learn to speak English, I have been kind to her, and now she is stabbing me in the back".

Mrs. SEGURA appeared extremely upset that such accusations had been made against her and she stated she was going to speak about this with her Priest.

Mrs. SEGURA said she had no knowledge of the assassination of the President except what she had heard on radio, television and seen in the newspapers. She stated she did not know JACK RUBY and had never heard of or seen him. She did not know LEE HARVEY OSWALD and had never seen or heard of him.

JOSE SORIA PEREZ, 5204 Junius, Apartment 8, Dallas, Texas, after being advised that he did not have to make a statement, that any statement made could be used against him in a court of law, and that he had the right to consult an attorney, furnished the following information:

B Appx 1957 Washington Times

PEREZ is employed as an electronic assembler, Power Engineering Company, Richardson, Texas, and has been so employed since April 28, 1963. He came to Dallas in April, 1963, from Rio Hondo, Texas. He formerly served in the U. S. Air Force from April, 1955, to October, 1962, under serial number 18479958, receiving an honorable discharge.

PEREZ is acquainted with ESTHER ALVAREZ and her sister BEATRIZ ALVAREZ, having met them at Our Lady of Guadalupe Church, Harwood Street, Dallas. PEREZ said during the past few weeks, Miss ALVAREZ has been unfriendly toward him and in fact has not even spoken to him for some reason which is unknown to PEREZ. PEREZ stated as far as he knew, he had not done anything to incur the enmity toward him and was at a loss to understand her present attitude toward him. He stated in the past he has been present on social occasions when Miss ALVAREZ and Mrs. SEGURA were members of the group. He stated there was some discussion of the assassination of President KENNEDY which took place among the members of the group after the assassination occurred, however, all discussions were based on news received from the radio, television and the newspapers concerning this event. PEREZ advised he has no knowledge of the assassination of President KENNEDY except what he has heard through the news media. He is not a member of any group in Dallas other than Our Lady of Guadalupe Church. He does not own a pistol or any other type of gun and has never possessed a gun since residing in Dallas, Texas. He stated he was not acquainted with and had never seen LEE HARVEY OSWALD and did not attend any dinner or meeting at which OSWALD was present. PEREZ denied making any statement to anyone that he had been given a dangerous assignment and that his assignment had later been given to another person. He

Dr. SERGIO L. MURRILLO, Office 3116 Fairmont Street, Dallas, Texas, advised that he had occasion to visit the home of Miss ESTHER ALVAREZ and her sister, BEATRIZ ALVAREZ, on the night of February 1, 1964. During this visit, he had a long conversation with Miss ALVAREZ and at this time, she complained to him of persons having been following her and also related stories concerning men watching her from the building across the street from her residence. As a result of this conversation with Miss ALVAREZ, Dr. MURRILLO is of the opinion that ALVAREZ definitely has symptoms of emotional disturbance and symptoms of impending psychosis and mental disorder. He stated as a result of this and his belief that she has symptoms of impending mental disorder, he intends to consult with her further.

C. ALLEGATION - LEE HARVEY OSWALD SEEN AT BEAUFORT, SOUTH CAROLINA, ABOUT TEN OR TWELVE DAYS PRIOR TO ASSASSINATION

FEDERAL BUREAU OF INVESTIGATION

Date January 20, 1964

Mr. LONNIE E. MULLIGAN, owner, Mulligan's Firestone Store and Texaco Service Station, 510 Carteret Street, advised that about ten or twelve days before President JOHN F. KENNEDY was shot in Dallas, Texas, an unknown man had come into his place of business at about 8:00 a.m. one morning. He further advised that he was of the opinion the unknown individual resembled photographs he had seen of LEE HARVEY OSWALD, the person who allegedly assassinated President KENNEDY. Mr. MULLIGAN stated that WILLIAM BROWN, JR., who is employed at his Firestone Store and Texaco Service Station, also observed the unknown individual and also was of the opinion that the unknown individual who came into the Firestone Store resembled LEE HARVEY OSWALD.

Mr. MULLIGAN stated that upon entering the store, the unknown individual went directly to a point near the cash register. The unknown man then asked Mr. MULLIGAN for a map of Texas and in reply, Mr. MULLIGAN told the unknown man that no map of Texas was kept in stock in the Firestone Store because of the very limited demand for such maps of Texas in this part of the country. He said he gave the unknown man a map of Georgia and offered him information on how to find the way to Savannah, Georgia, where he could get on U. S. Highway 80 which if it were followed westward, would eventually take the unknown man to Texas.

Mr. MULLIGAN apprised that the unknown man then left the Firestone Store and walked toward the main street of Beaufort, South Carolina, instead of in the direction which Mr. MULLIGAN had indicated the unknown man should take to travel to Savannah, Georgia, and U. S. Highway 80.

Mr. MULLIGAN stated that he had never observed the unknown man since that original contact and had not talked with anyone else who had seen the unknown man.

Mr. MULLIGAN described the unknown man as follows:

WILLIAM BROWN, JR., 807 North Street, Beaufort, South Carolina, was located at Mulligan's Firestone Store and Texaco Service Station, 510 Carteret Street, BROWN advised that he was on duty one morning at instant store and service station where he is employed. He said that he recalled that he and Mr. MULLIGAN, owner of Mulligan's Firestone Store and Texaco Service Station, had just opened for business that morning at about 8:00 a.m.

BROWN stated that it was about ten or twelve days before President JOHN F. KENNEDY was shot in Dallas, Texas. On this particular morning, an unknwon man entered the Firestone Store, walked directly to a point near the cash register, which is in from the door about fifteen feet. He said the unknown man, after looking around the store, addressed himself to Mr. MULLIGAN, owner of the store who was standing nearby. BROWN stated the unknown man asked for a map of Texas and was advised by Mr. MULLIGAN that he had no maps of Texas since there was a very limited demand for such maps in this part of the country.

BROWN stated that Mr. MULLIGAN then offered the information that if the unknown man wanted to travel to Texas the best way was to go to Savannah, Georgia, get on U. S. Highway 80 and follow it westward to Texas. He said that the unknown man was given a map of Georgia by MULLIGAN and then left the store.

BROWN advised that because of the strange actions of the unknwon man in going to a point near the cash register, he stopped what he was doing and moved over closer to the man and observed him closely during the remainder of the time he was in the store. BROWN stated he was of the opinion that the unknown man closely resembled photographs of LEE HARVEY OSWALD which he had seen in the newspapers since the assassination of President KENNEDY and the subsequent shooting and killing of OSWALD.

Mr. LONNIE E. MULLIGAN, owner, Mulligan's Firestone Store and Texaco Service Station, 510 Carteret Street, was displayed a photograph, Number 112 723, taken August 9, 1963, by the Police Department, New Orleans, Louisiana, of LEE HARVEY OSWALD. Instant photograph was displayed to Mr. MULLIGAN in view of the fact that he had reported that he and WILLIAM BROWN, JR., an employee of Mulligan's Firestone Store and Texaco Service Station were of the opinion that LEE HARVEY OSWALD had been observed in Beaufort, South Carolina, about ten or twelve days before the assassination of President JOHN F. KENNEDY.

Mr. MULLIGAN was advised that LEE HARVEY OSWALD'S time had been accounted for during the period in which Mr. MULLIGAN allegedly observed an unknown man who resembled OSWALD and that it would be almost impossible for OSWALD to have been in Beaufort, South Carolina, about ten or twelve days prior to November 22, 1963.

Mrs. MULLIGAN then stated that the resemblance of the unknown man to LEE HARVEY OSWALD was remarkable.

Captain JAMES W. MARLIN, Webb Air Force Base, residing at 104A Gunter Circle, voluntarily furnished the following information: Big Spring, Texas

MARLIN advised while on a sightseeing trip to Washington, D. C., he took a picture of a group of pickets in front of the White House, on September 22, 1962. He stated he recently viewed the slide picture on his projector and believes one of the individuals in the picket line as shown by the picture to be LEE HARVEY OSWALD. He advised the slide shows a man carrying a sign, "Don't Make Cuba Our 51st State," whom he feels, after some study, is OSWALD.

MARLIN further advised the man whom he believes to be OSWALD is partially hidden behind a man in the exact center of the slide wearing a grey suit carrying a sign against his chest. Captain MARLIN further advised he desired the slide picture be returned to him at the above address via registered mail.

MARLIN advised that OSWALD was unknown to him and that the picture was a complete happenstance. He stated he was aware of the identity only after comparing the slide with pictures of OSWALD appearing in the local newspaper. He stated he is unaware of any connection between LEE HARVEY OSWALD and JACK RUBY, and that both men are not known to him.

The following investigation was conducted by SA ALBERT J. F. MURPHY, Jr.:

AT BROADUS, MONTANA

On January 16, 1964, Mrs. LEONA LULL, Post Office Box #253, Broadus, Montana, advised that JUDIE LORAINE DUFF is her daughter and currently resides at 234 North Lincoln, Monterey Park, California.

Mrs. LULL stated that WILLIAM McEWAN DUFF is her daughter's ex-husband, her daughter separating from DUFF approximately two years ago and her divorce becoming final, in California, about six months ago. Mrs. LULL advised she has no idea as to the present whereabouts of DUFF and in fact, she is aware that her daughter is also seeking him as he is well in arrears on his support payments.

Mrs. LULL advised that her ex-son-in-law is not an American citizen, having come to this country from Scotland about five years ago. He married her daughter after he had been in the United States for about a year. She stated that DUFF is shiftless, "lazy, foolish and a liar"; however, to her knowledge his relatives in California are "good-living respectable people". Concerning DUFF's relatives, Mrs. LULL advised that she believes DUFF's mother, name unrecalled, currently resides with her son ROBERT DUFF, who is either an accountant or a tax consultant in Long Beach, California. She is aware ROBERT DUFF is employed as an accountant or tax consultant as she has heard it mentioned he makes his living aiding people in preparation of their State and Federal taxes.

Mrs. LULL continued that DUFF also has a sister ALICE, last name unknown, residing in California, and a sister MARGARET, who is recently remarried. She stated ALICE was living in the San Gabriel, California, area but does not know if she still resides there. She advised that she believes her daughter has maintained contact with some of the members of the DUFF family and can probably advise of the exact location of at least some of them.

Mrs. LULL informed that during the day time her daughter is employed by a bank, she believes named THE FIRST SECURITY BANK, located about one mile from Monterey Park, California.

Concerning DUFF, Mrs. LULL advised that in the few conversations she has had with him he has never mentioned having any friends in Texas, nor does she recall him ever mentioning anyone named OSWALD, nor did he ever discuss politics of any kind with her.

Mrs. LULL stated that she could think of no other information which would aid in the location of her ex-son-in-law.

She was introduced to a SCOTTY McDUFF at the wedding reception. McDUFF was a guest of ROBERT PENCAL, brother of the groom, who advised he had met McDUFF and felt sorry for him as he was in the United States by himself.

Following the reception, the group went to a night club north of Lancaster where they danced and drank. While there, McDUFF expressed interest in FAIRCHILD and asked to see her again. She advised him she was leaving Lancaster the following day to return to college and wrote her name and address as Monte Vista, Colorado on a card which she gave to McDUFF.

She advised she left Lancaster the following day and has had no subsequent contact with McDUFF. She states she knows nothing concerning his background, acquaintances or possible whereabouts.

She advised she has lost contact with ED and CONNIE PENCAL; however, several years ago she heard PENCAL was employed in a rodent control program for the State of California.

Under the date of January 23, 1964, the Los Angeles Office advised that the ex-wife and all relatives of WILLIAM MC EWAN DUFF in the Los Angeles area had been interviewed and none had any knowledge of his present whereabouts. It was determined that DUFF was last in Los Angeles in 1962 and was last heard from by telephone in July, 1963, when he advised his mother he was going into the U. S. Army. DUFF was described as a masterful liar and reported to have attempted suicide in June, 1960, in Monterey Park, California.

Under the date of January 23, 1964, the Washington Field Office advised on January 23, 1964, Mrs. SOPHIA D. MATZ, Administrative Assistant, Special Verification Section, Department of the Army, Pentagon, Washington, D.C., had advised IC NORMAN A. NOLAN that Army records revealed that as of October 13, 1963, WILLIAM M. DUFF was a Private assigned to U. S. Army Artillery and Missile Center (transfer point), Fort Sill, Oklahoma.

Under date of January 24, 1964, the Oklahoma City Office advised that WILLIAM MC EWAN DUFF had been interviewed on that date at Fort Sill, Oklahoma in the U. S. Army Hospital where he was a patient for surgery.

DUFF denied ever meeting or knowing LEE HARVEY OSWALD or JACK RUBY or having any information about either of them. He stated he had seen photographs of both RUBY and OSWALD and claimed he had never seen either of them.

DUFF further advised that he had no information regarding the attempted shooting of General EDWIN A. WALKER or the assassination of President KENNEDY. He stated that on the date of the assassination of President KENNEDY he was stationed at Fort Polk, Louisiana.

WARREN BOSWORTH, staff writer for the Dallas Times Herald, advised that shortly after the assassination of President JOHN FITZGERALD KENNEDY on November 22, 1963, at Dallas, Texas, JOSEPH HUMMEL, who advised that he was a former undercover agent for the New Orleans Police Department, had on numerous occasions observed LEE HARVEY OSWALD in the New Orleans French Quarter and Irish Channel District while working there.

HUMMEL also reportedly advised some weeks ago he had spotted OSWALD in a downtown restaurant, Dallas, Texas, and had also seen OSWALD at the Y.M.C.A. on Ervay Street, Dallas, Texas.

BOSWORTH advised HUMMEL had informed him that OSWALD reportedly stayed to himself while in New Orleans but occasionally talked with longshoremen and others who hung around the bars and joints of the French Quarter. OSWALD reportedly talked to the longshoremen and others in Spanish. OSWALD reportedly drank moderately during most of his tours of the dives and joints. Sometimes he would get too much under his belt and would get loud and boisterous and then take part in a Spanish dance. OSWALD reportedly never discussed politics but usually spoke Spanish.

BOSWORTH advised HUMMEL, in all probability, could be located at the Y.M.C.A. in Dallas, Texas, or possibly through the Dallas, Texas, Police Department.

BOSWORTH advised that inquiry made by him revealed the information furnished by HUMMEL relates to an individual other than OSWALD.

On January 20, 1964, a letter dated November 27, 1963, from C. L. SMITH, Detective, Burglary and Theft Bureau, Dallas, Texas Police Department, to J. E. CURRY, Chief of Police, was received by the Dallas FBI Office from Assistant Chief of Police M. W. STEVENSON.

This letter related that EDNA WALKER, owner and operator of a barber shop at the intersection of Zang's Boulevard and Beckley Street, stated that she recognized LEE HARVEY OSWALD on television as the same person who daily stood in front of her barber shop waiting for the light to change to cross the street. She said a leathery, swarthy complexioned female accompanied him in most instances. She did not know if this female was a companion or a discharged passenger from the bus which usually left the northwest corner of this intersection. She said in her mind at the time she observed OSWALD and the female companion, she classified the two as Cuban refugees.

Mrs. EDNA WALKER, owner and operator of Oriental Barber Shop, located at the intersection of Zang's Boulevard and Beckley Street, Dallas, Texas, advised that she recognized LEE HARVEY OSWALD on television as the same person she had seen on several occasions standing in front of her barber shop waiting for the light to change to cross the street. She said that she had seen OSWALD on several occasions at this intersection prior to November 22, 1963. She stated that several weeks prior to November 22, 1963, she saw a female standing beside OSWALD waiting to cross the street. She assumed that this female and OSWALD were together since they appeared to be conversing. She described this female as a white female, 140 pounds, 5' 10", dark swarthy complexion and dark hair. She said that when she observed these two individuals she classified them as Cuban refugees. She said after the light changed and they started across the street, she did not see or pay further attention to them and did not notice which direction they walked after crossing Zang's Boulevard.

Mrs. WALKER stated that this was the only instance that she had observed this female either before or after the assassination of President JOHN FITZGERALD KENNEDY on November 22, 1963. She said that since she only saw this female for a few seconds she did not believe that she would be able to identify her if she ever saw her again. Mrs. WALKER again stated that she did not know whether the female and OSWALD were together and she did not know whether they had gotten off the bus together or if OSWALD met this individual at the street corner. She said that this was early afternoon and that as she recalled each time she saw OSWALD it was during the early part of the afternoon and not during the period of time that people generally come home from work.

She believes that about two or three months before the assassination of President JOHN F. KENNEDY, LEE and MARINA OSWALD accompanied by both children came to this office seeking aid. She believes they used a different name but remembers them because MARINA could speak only Russian. She recalls MARINA gave her father's name in Moscow and LEE HARVEY OSWALD gave a Mrs. PAINE as references. OSWALD indicated they were living with Mrs. PAINE in Irving, Texas.

He told Mrs. MARTINEZ he met the PAINE woman in New Orleans. She further advised she would have referred the OSWALDs to a case worker for appropriate action. To the best of her recollection, LEE HARVEY OSWALD never stayed at the Salvation Army and never returned. She does not recall if the OSWALDs were given aid. She checked her records under OSWALD's true name and all known aliases with negative results. She could furnish no additional information.

Mr. HENRY BIAS, Logan, West Virginia, appeared at the Dallas Office to furnish the following information:

He was informed that he did not have to make any statement at all, that anything he said could be used against him in court and that he had the right to consult an attorney if he so desired. No threats or promises were made to him.

He hitchhiked into Dallas, January 31, 1964, and spent that night at the Salvation Army. He was born October 31, 1927, at Logan, West Virginia, and has spent most of his life there.

In approximately March, 1956, he met LEE HARVEY OSWALD, his mother and his wife on North Park Street in Columbus, Ohio, when he, BIAS, was employed at White Cross Hospital as a truck driver with duties of hauling off cinders and trash.

He talked to LEE HARVEY OSWALD on two or three occasions and talked to his mother and wife on one occasion. He stated that they were having financial trouble and he, BIAS, gave them approximately $25.00 cash to pay expenses in returning to Texas.

BIAS's purpose in contacting the Dallas Office was to learn the address of OSWALD's mother and widow.

He was informed that this information could not be made available to him.

BIAS described OSWALD as approximately 18 years of age, unemployed, tall and slender. He described OSWALD's mother as approximately 40 to 45 years of age, tall and slender. He described OSWALD's wife as approximately 20 years of age, 120 pounds, light complexion, reddish hair. He stated he had observed a photograph of OSWALD's wife on television and she was the same person he had met in Columbus, Ohio, in 1956.

He further advised that LEE HARVEY OSWALD was driving an old model Chevrolet when he, his mother and wife left

Columbus, Ohio, for Texas. It was pointed out to BIAS that the descriptions of OSWALD, his mother and his wife did not fit those furnished by him; that OSWALD was actually born in 1939 which would make him only 16 years of age; and that OSWALD's wife did not enter the United States until June, 1962.

After considerable discussion of the information above furnished by BIAS, he pointed out that his story did not sound very factual, and that his main purpose in coming to the Dallas Office was to attempt to obtain the address of OSWALD's mother and widow in order to obtain their assistance in finding a job. Although, he did not admit the above statement was false he stated it would not be necessary or practical for the FBI to attempt to verify the above information. He stated he was enroute to Grants, New Mexico, where he had previously worked in a mine, to seek employment.

DL 100-10461

Concerning statements made by HENRY BIAS of Logan, West Virginia, on February 1, 1964, it is pointed out that LEE HARVEY OSWALD's wife was not in the United States and did not enter until June, 1962, and the description of age 20, 120 pounds, and reddish hair, in 1956, certainly could not have been her description.

It is further pointed out that Mrs. MARGUERITA OSWALD, OSWALD's mother, is not tall and not slender. Prior investigation has reflected in March, 1956, LEE HARVEY OSWALD resided in New Orleans, Louisiana, and there is no indication that he or his mother have ever resided in Columbus, Ohio. It is further noted that investigation has reflected LEE HARVEY OSWALD had never been able to drive a car whereas BIAS stated he was driving an old model Chevrolet from Ohio to Texas.

Mr. H. H. ANDERSON, Managing Director, Adolphus Hotel, advised that about one and one-half or two weeks ago, he had occasion to make personal contact with ANDREW L. SMITH, Vice President of Smith Protection Services, Inc., 2818 Maple Avenue, Dallas, Texas, in connection with some business matters. He said that after conducting his business with Mr. SMITH, the conversation turned to a discussion of the publicity concerning the assassination of President KENNEDY at Dallas on November 22, 1963. He said SMITH advised him that when the WARREN Committee comes to Dallas, he (SMITH) would be among the first to be called because he had some information that would be of value to them. He said that SMITH told him he believed OSWALD married in Russia in order to bring a Communist Agent into the United States and he was of the opinion that JACK RUBY was called on to do a job. He said RUBY had to do his job and inferred that this "job" was the murdering of LEE HARVEY OSWALD.

Mr. ANDERSON said that SMITH also intimated that he had been working in South America and Mexico for our Government.

Mr. ANDERSON advised that he did not feel at the time that this information was important but upon reflection he said it became apparent to him that it could have some importance and that was his reason for furnishing it to the FBI Office, so that they might interview SMITH concerning the foregoing statements and expressions.

He said that he had no reason to doubt Mr. SMITH's truthfulness and he had no reason to keep his identity from Mr. SMITH if and when the FBI decided to interview SMITH..

Mr. ANDREW LOUIS SMITH, also known as ANDREW L. SMITH, "ANDY", advised he resides at 6318 Joyce Way in Dallas, Texas, where his telephone number is EM 8-2222 and he is Vice President of the Smith Protection Services, Inc., 2818 Maple Avenue, Dallas, Texas, with telephone number RI 8-7611. He said that he has been engaged in the corporation's many business ventures since 1927. He explained that the business consists of the following divisions:

DPAB Office Dallas, Texas

"Truth Verification"
"Janitor Service"
"Janitor Supplies"
"Shopping Service"
"Guard Service"
"Control Service"
"Investigations"
"Burglar Alarm Systems"
"Sprinkling Supervisory"
"Fire Extinguishers"
"Fire Alarms"
"Radio and Telephone Answering Service"
"Watchman Supervisory"

He said as a result of his long association in these services, he had come in contact with "thousands" of persons who furnished him with political, historical and economical background material on many organizations both national and international and that during World War II he was a civilian member of the Coast Guard and had assignment in the Sixth, Seventh and Eighth Naval Districts throughout the United States and he had traveled extensively in Cuba, Mexico and South America.

He said that he had no information whatsoever that would be of value in the investigation of the assassination of President KENNEDY but he had reached conclusions and drawn assumptions from the various publicity media that had been used to portray the assassination of President KENNEDY and the murder of LEE HARVEY OSWALD and the arrest and coming trial of JACK RUBY at Dallas, Texas. to carefully recall and immediately report to and make available to the FBI any information that might assist the FBI in their investigation of the assassination of the President and the murder of LEE HARVEY OSWALD. He said that he had not received any information personally that he believed would be of value to the FBI.

He said he recalled a discussion that he had with H. H. "ANDY" ANDERSON, Managing Director of the Adolphus Hotel, Dallas, Texas, about one and one-half to two weeks ago and during the course of this discussion, he remarked to ANDERSON that he had traveled in Cuba, Mexico and South America and that his opinions concerning the assassination of President KENNEDY on November 22, 1963, at Dallas, Texas, were purely personal and were assumptions that he drew as a result of his wide experience in the investigative field and his knowledge of international events and the historical background of Russia in particular as relates to this case.

He said that he has not established any known association or connection between LEE HARVEY OSWALD and JACK RUBY and that he has never known either of these individuals and has never visited either the Carousel Club or the Vegas Club which were formerly operated by JACK RUBY at Dallas, Texas.

He said that he told Mr. ANDERSON that Mr. WARREN (Chief Justice WARREN) would have some information for the people when he (WARREN) came to Dallas. SMITH said he did not state that he had any information for Mr. WARREN or for the Committee when they come to Dallas. He furnished the following descriptive data concerning himself:

Mrs. VERDELLA MONTGOMERY, a Negro born February 23, 1917 at Many, Louisiana, furnished the following information:

She was raised and lived in San Francisco, California, until 1956, when she moved to Willis, Michigan. On December 25, 1962, she moved to her present address, 603 Moore, Marshall, Texas. She has one daughter, FLORINE MONTGOMERY, age 30, two young boys, ages 11 and 12, and a granddaughter age 14, all of whom live with her. Her husband died 20 years ago, and her two young sons were born out of wedlock. In San Francisco she did factory work, and later worked at various hospitals. In 1956, she and her daughter, FLORINE, became Spiritualists, and were then able to communicate with God, and with the spirits of the dead. Since then, both she and FLORINE have received visions and messages from God, along with instructions as to what they are to do with this information.

Prior to the assassination of President JOHN F. KENNEDY, both she and FLORINE had visions from God, which they did not recognize until later were instructions they should warn President KENNEDY.

Since the assassination, God has told them that the assassination was planned during a drunken party in Dallas, Texas, with four men and one woman in on the plot. LEE HARVEY OSWALD and JACK RUBENSTEIN were two of the men, and the others have not been identified by the law. There were actually three men firing three rifles at the time President KENNEDY was killed, and not just one by OSWALD. One of the men who is still loose had a full beard when she saw him in a vision. She and FLORINE became very disturbed over the visions, and wrote President JOHNSON a few letters, and also called him on the telephone when he was at his ranch recently.

As a result of her call to President JOHNSON, a Secret Service Agent and two other men came to see her and FLORINE on January 10, 1964, and she gave them all the information she had.

Since then God has shown her and FLORINE a vision of the man with the beard, and he is now clean shaven. Also, the spirit of OSWALD visited her and FLORINE recently and warned them not to reveal the information they possess, and implied they would both be harmed if they did. She and FLORINE have also had recent visions from God telling them there are three men following President JOHNSON, and they intend to assassinate him. God has given them the names of all these men and the one woman, the "fingerprint" of one of them, their present whereabouts, and has made all their faces visible to both her and FLORINE.

She continued that she and FLORINE are extremely afraid they would be killed by one of the above if they revealed the information they possess while still in Texas. On January 20, 1964, she wrote President JOHNSON again and asked him to send "passes" so she and her family can go to Washington, D. C., and then she will feel free to disclose the information she possesses. She also told President JOHNSON in the letter that the Secret Service had visited her and that she now possesses additional information.

The following investigation was conducted by SA ROBERT J. STEVENS:

AT MARSHALL, TEXAS

During the interview of Mrs. VERDELLA MONTGOMERY, 603 Moore, on January 23, 1964, her 30 year old daughter, FLORINE MONTGOMERY, was also present in the room. FLORINE would either nod or audibly agree that both she and her mother had received the same visions, and what her mother said was correct. Both were somewhat incoherent at times during the interview. Further, they exhibited their expressed fear by keeping all the window shades pulled all the way down, double locking the front door, and having no lights on in the house.

On January 23, 1964, Detective W. D. STANFIELD, Marshall Police Department, advised he and Detective Sergeant RICHARD WAUGH had accompanied a Secret Service Agent on an interview of VERDELLA MONTGOMERY on January 10, 1964. It was their opinion after the interview was concluded, that VERDELLA and FLORINE MONTGOMERY were both mentally ill.

He said this material had been obtained by one of his deputies, BILLY J. PRESTON, on January 23, 1964, and it was furnished to HENRY WADE, District Attorney, Dallas County, for appropriate examination to see if it would assist Mr. WADE in his handling of the LEE HARVEY OSWALD murder case.

Mr. LOVE stated he would make the material available to the FBI on January 28, 1964.

On January 28, 1964, ROBIE LOVE was contacted and furnished his office telephone as RI 1-1483, home telephone TA 3-1186. He said BILLY J. PRESTON, who is his Executive Deputy, had obtained a quantity of documents from Mrs. MARY SIMS, who is employed by the Warner Theater Corporation of Dallas, Texas, which he thought might be of interest in the LEE HARVEY OSWALD--JACK RUBY case.

Mr. BILLY J. PRESTON, Executive Deputy, Precinct 1, Dallas County, Dallas, Texas, advised that he is an executive deputy in Precinct 1 under ROBIE LOVE, Constable, Dallas County, Dallas, Texas, and he obtained thirty-three documents, including one 2- by 4-inch spiral-bound notebook from Mrs. MARY SIMS, who resides at 4311 Cole, Apartment E, telephone LA 1-4764. He stated Mrs. SIMS is employed as a clerical secretary for the Stanley Warner Management Corporation, Dallas, Texas, telephone number RI 8-0781, Extension 28.

He said that Mrs. SIMS told him these documents were obtained by her from one BILLY LEE JONES, also known as H. L. JONES, who claimed to be a great-great grandson of WILLIAM H. (BILLY THE KID) BONNEY. He said that Mrs. SIMS told him that JONES, a transient, stays at the City Mission on South Ervay in Dallas and allegedly resides at an unknown address in San Antonio, Texas. She told him that she wanted to check up on this man inasmuch as he claimed to be formerly connected with the office of Naval Intelligence and she recalled typing a report for him concerning JACK RUBY's going to Cuba.

Mr. PRESTON advised that the documents had been turned over by him to the District Attorney of Dallas County and believed that Assistant District Attorney FRANK WATTS had examined them and made photostats of them for any interest they might have in the trial of JACK RUBY in Dallas County for the murder of LEE HARVEY OSWALD.

He also advised that this subject called Mrs. SIMS twice on the night of January 27, 1964, advising her that he was in Myrtle, Mississippi, at Camp Zion. He said Mrs. SIMS told him that the subject told her something about the Marine Corps--Love Field, and mentioned Serial No. 634168.

He said that Mrs. SIMS resides with a girl whose nickname is "PUTSY". He was unable to supply additional information

FD-302 (Rev. 3-3-59) FEDERAL BUREAU OF INVESTIGATION

1 Date 2/3/64

On January 29, 1964, examination was made of a folder containing 33 documents reportedly the property of BILLY LEE JONES, also known as H. L. JONES.

Included was an article, Lewisville, Texas, dateline, from the January 6, 1964, issue of the "Denton Record-Chronicle" newspaper. A photograph of BILLY LEE JONES accompanied the article. In substance, it was reported JONES was born June 22, 1929, Del Rio, Texas, claimed to be the great, great grandson of WILLIAM H. BONNEY, also known as "BILLY the Kid", that he had been trained in the use of a pistol from age 10 by his uncle "Three Fingered JACK CHANEY". It was stated JONES had run away from home at age 16, gone into the mountains of Central Mexico and had become a "pistolero" in the employ of the Mexican government. JONES was said to speculate he had killed more persons than had his ancestor, "BILLY the Kid".

It was stated JONES had during previous week been converted to Christianity by Reverend IVAN KER, pastor of the Bethel Baptist Church, Lewisville. JONES was quoted as saying if he ever went back to Mexico, he would be "packing a Bible instead of a gun". He had reportedly abandoned his career as a "pistolero" after marriage to a girl from Dallas, Texas, who had left him after a narrow escape involving gunfire. The article includes accounts of many narrow escapes.

The papers tend to indicate the owner had interested himself in the assassination of President KENNEDY and related matters and had made numerous notes, many of which appeared to be longhand transcriptions of newspaper articles relative to the assassination.

It also appears from the examination of the documents that the owner considered himself an investigator. One document purports to be a report to JONES from Liberal, Kansas, from his agent number 47979. The "agent" had reported JACK RUBY had registered at the Horseshoe Motel (presumably Liberal, Kansas) September 11, 1963, at the same time LEE HARVEY OSWALD was at the Silver Saddle

Motel. The "agent" reported RUBY and OSWALD were seen talking and drinking together and that both had checked out of the motelsSeptember 15, 1963. The report showed OSWALD made three long-distance telephone calls (1) "to the Russian Ambestor on September 9, 1963", (2) "to Cuba Ambestor in Mexico City", and (3) "to party identyfed as JACK (illegible) CI 9-1748 in Mimia, Florida".

Another document of one and one-half pages is captioned "Agent Asinment". This list includes names of persons in the left-hand column, what appears to be their code designations in the next column, and supposedly their duty stations in the third column.

Still another document, typed, with a heading "Case No." appears to indicate the author's synopsized version of the incidents involving the President's assassination. Under a heading "Confidential and Positive Evidence", among other statements is following:

"After return (from Mexico) OSWALD contacted JACK B. ARMSTRONG, Canal Hotel, Room 53, 1157 Canal Street, Houston, Texas. Believed to have recieved small payment and instructions for assassin of KENNEDY".

Another item was "visited RUBY's Carousal Club twice. Last visit, witnesses saw OSWALD in Office. Was in office an hour and a half".

Under the heading "Criminal Record of RUBY" appeared the following:

"Was raised in Chicago - at age of 15 convicted of assault and battery - served six months in reform school. Four weeks after release was convicted on charge of car thief. Served one year in reform school. At age of 17, RUBY was card-holder of Nazi Party. Was arrested April 7, 1942, for conspiracy with enemy country. Was released for lack of evidence. From 1943 to 1962, records show JACK RUBINSTEIN card-holder No. 52 of Comminust 'Fair Play for Cuba', also during this period he has been suspected of using 'striptease' places for contact to smuggle guns to CASTRO. In 1951, a letter written to CASTRO from RUBY is

as follows: 'have shipment of rifles, sub-thompsons and grenades. Will arrive in a few days.' This letter was dated June 1, 1951."

It was observed that some of the "reports" were on stationery of Paramount Pictures used for Inter-Communication purposes.

Mrs. MARY SIMS, also known as Mrs. CARL LEE SIMS, 4311 Cole Avenue, Apartment E, telephone LA 1-4764, employee of Stanley Warner Management Corporation, 1505 Federal, RI 8-0781, advised she is thirty-three years of age, was born in Dallas, Texas, is estranged from CARL LEE SIMS, who is employed by the Lanai Motel, Harry Hines Boulevard. They have two sons, ages 9 and 11, who live with her. She said she has been employed by the above concern since March, 1963. This business is a distributor for motion picture film.

Mrs. SIMS said she resided at 1210 Avenue L, Lubbock, Texas, previously and in January, 1960, she separated from her husband. BILLY LEE JONES was "rodeoing" in the area. She met him. He told her he was with "Marine Intelligence" and working on a case in Lubbock. He learned of her estrangement from her husband and invited her and her children to live on the ranch of his uncle, A. J. MC CULLEY, Utopia, Texas. She accepted the invitation and lived in a house on the ranch. She said JONES lived in a separate house on the nearby farm.

Mrs. SIMS related that after about three months, JONES told her he had to go to Arizona "on a case" in connection with his being with "Marine Intelligence". This would have been April or May, 1960. He told her he would like for her and her children to go with him which would provide him with a better "front" for his intelligence activities. She agreed and they left in Mrs. SIMS' car. At some small town in West Texas, JONES left the car in a garage temporarily and subsequently told her he had had a "two-way radio" installed in the car. Thereafter, JONES would occasionally talk into a "speaker" while driving down the road. He wore a set of headphones to receive but she never heard receipt of transmissions. She never observed any badge or credentials of any sort. During the trip from Utopia to New Mexico where they finally arrived, he wore a khaki or beige uniform which she thought was that of the Marine Corps.

The group arrived at a farm in the vicinity of Truth or Consequences, New Mexico, where JONES was employed on a farm and she and her children lived in a house with him.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

She specified that while they represented themselves as man and wife, they had no marital relations. She said JONES claimed to have several other persons working as "agents" with him but she never saw any of these alleged agents. She recalled he had mentioned the name FRED GILMAN as being an agent and had said he and GILMAN had been together in "Carlson Raiders". JONES had no communications to her knowledge with any of his "agents" during their stay of a few months in New Mexico. Periodically, however, during the daytime, sometimes at night, JONES would be absent for 15 or 20 minutes and upon his return would explain they he had been out making a contact with one of his "agents". She said she never saw a weapon in JONES's possession, although he professed to have two "derringers".

Mrs. SIMS said the group returned to the ranch near Utopia where she and her children remained for about one and one-half months. Thereafter, in October or November, 1960, she left the area and returned to Dallas. She said she was unemployed until securing her present employment.

Mrs. SIMS said she did not hear anything from or concerning JONES after she left Utopia in October or November, 1960, until on or about January 2, 1964, when she was advised he had called her at her place of employment and left a number for her to call. She said he had located her employment by calling various film distributing companies in Dallas, JONES being aware that she had worked for United Artists in Lubbock, Texas. She found the telephone number JONES had left for her was the Dallas City Mission. JONES had told persons at the Mission he had come to Dallas to try to find his "wife". Mrs. SIMS said she was the person JONES was referring to, although they were never married or had marital relations.

She said JONES came to her office on or about January 3, 1964, and that she saw him over a period of about ten days at lunch, for coffee and her apartment. JONES did a lot of writing at her apartment. He told her he was supposed to be accompanying Secret Service Agents at the time President KENNEDY had come to Dallas and that

he continued to be with "Marine Intelligence". She said that she supposed she had never really believed JONES's story of being a "secret agent", however, stated she had assisted him by typing some of his reports. She identified a typewritten document concerning LEE HARVEY OSWALD and JACK L. RUBY as having been dictated to her by JONES. She observed a "report" from an agent of JONES at Liberal, Kansas, and identified the handwriting to be that of JONES.

Mrs. SIMS said JONES left Dallas about two weeks prior to January 27, 1964. He was supposed to have come by her apartment, but did not do so. She said she subsequently received a telephone call from a person posing as the Sheriff of Lewisville, Texas (but whose voice was recognized as that of JONES) who represented JONES, JONES's grandfather and Attorney DAVE SCARBOROUGH (phonetic) of Abilene, Texas, had been in a wreck and were being treated at a Fort Worth, Texas hospital.

She said JONES called her on the night of January 27, 1964, at which time he said that he, his grandfather and the Attorney had been on "secret work" and their car had been fired on between Dallas and Fort Worth, Texas. His grandfather was killed, the Attorney received bullet wounds which necessitated amputation of the leg, but JONES had escaped with only minor injuries. He represented he was at Myrtle, Mississippi, at Camp Zion. She stated she believed this was a "religious camp".

Mrs. SIMS said when she met JONES in Lubbock, he wore cowboy clothes but in January, 1964, he was wearing a business suit. She described him as 34 to 35 years of age, 5' 10", slender build, brown hair, gray-green eyes, unusually thick nails on right hand. She said she has no information that JONES had in fact conducted any investigation into the assassination of President KENNEDY or the background of JACK RUBY. He told her one of his agents had seen RUBY and OSWALD together at the Carousel Club in Dallas sometime three and one-half weeks prior to the assassination. She said one of her small sons had recently asked JONES if he had a badge or any identification in connection with his work. He told the child he carried his credentials in the heel of his shoe but did not exhibit them. She said JONES

is "poorly educated". She said he told her that he had supposedly been converted to Christianity recently and that this was a front for his intelligence operation. She said she knows nothing of his true background. He claimed to have been a "pistolero" in Mexico and said that his "blood brother" is the "big chief" in Mexico. She said a "blood brother" is one who had with JONES opened their veins and allowed their bloods to mix. His twin brother is still in Mexico and is also a "pistolero".

Mrs. SIMS said that she was recently advised by the City Bank and Trust Company, Dallas, that they had a $22.00 forged check on her account. She found it was made out to JONES and had been cashed by JONES at a Piggly-Wiggly Store in Lewisville, Texas.. She said that JONES had apparently stolen one of her personalized checks from her purse. She said his connection with Lewisville, Texas, is, to the best of her knowledge, confined to his association with a "preacher" from the Mission who lives in Lewisville. The check had cleared through Lewisville Bank.

She stated during her conversation with JONES on January 27, 1964, she mentioned that one of her children needed dental work. He told her to go to "Love Field-Marine Guard Attachment" and ask for the "O. D.". She was to give serial number 634168 and JONES's name. The child would be given free dental attention. She said JONES had never demanded any money of her although she had given him $2.00 on one occasion. He bought food for them when they lived in the same house, and has occasionally bought clothing for the children.

On February 1, 1964, Mrs. SIMS telephonically advised SA CLEMENTS she had received a telephone call from JONES on the previous night. He said he was leaving Myrtle, Mississippi, at 11:00 PM, January 31, 1964, and would arrive in Dallas in about twelve hours. He arranged to meet her at the 505 Restaurant at Federal and Ervay Streets, at 3:00 PM, February 1, 1964.

Mr. HERMAN LEE JONES advised he is commonly known as BILLY LEE JONES, "BILLY THE KID," and he presently resides at Lewisville, Texas, care of the East Side Garage on Highway 121 East.

He was advised that the interview was occasioned by some thirty-three documents which purportedly were his property, and upon examining same he admitted that all of the handwriting on these documents, with one exception was prepared by him. He further advised that he had acquired this material and information as result of reading news clippings, observing television and listening to radio accounts of the assassination of President KENNEDY at Dallas, Texas, on November 22, 1963.

He stated that he had never been an investigator, nor had he ever employed an investigator to work for him and said that he just liked to collect news items and was particularly interested in the assassination items and the items dealing with the murder of LEE HARVEY OSWALD by JACK RUBY.

He examined a document which was a 2-page autostat copy of typewritten material which was entitled "CASE NO. _____" and bore two subtitles, "Confidential and Positive Evidence," and "Criminal Record of RUBY."

Mr. JONES advised that the material contained in this Case No. had been gathered by him as result of his reading and listening to the newspaper, radio and television accounts, and with regard to the items that could not be documented by newspaper articles, radio or television accounts, they were conjecture and assumption on his part.

He said that the "JACK ARMSTRONG" mentioned in some of the documents is a person whom he knew in the harvest fields in Kansas and who he believed had served possibly three prison terms in the Texas Department of Corrections at Huntsville, Texas. He believed that ARMSTRONG had received sentences from Harris

County, Texas, and Beaumont, Texas, and possibly one other town or county not recalled.

He described ARMSTRONG as a white male American, age 50-55; height 5 feet, 8 inches to 9 inches; 155 to 160 pounds; black hair, gray temples.

He said he last saw ARMSTRONG in Abilene, Texas, on about December 29, 1963, at a hotel which formerly was known as "Uptown Hotel." He believes the current name is Big Town Hotel. He said he registered there using the name BILLY JONES and an address of General Delivery, Terrell, Texas. He believed ARMSTRONG registered as JACK ARMSTRONG, with a permanent address of Houston, Texas.

He stated that he was not sure of the date but believed it was three or four days after Christmas 1963.

The following description was obtained from observation and interrogation:

On January 24, 1964, Dr. GEORGE M. JONES, 3601 Swiss Avenue, Dallas, Texas, telephone TA 1-1520, telephonically advised SA ROBERT C. LISH that there is an apartment next door to a Mrs. LOOMIS where it is alleged by Mrs. LOOMIS, the wife of a Dallas attorney, that LEE HARVEY OSWALD and JACK L. RUBY met about a week before the assassination of President KENNEDY.

The November, 1963 Dallas Yellow Page Telephone Directory reflects an attorney RICHARD F. LOOMIS, JR. with offices in the Mercantile Bank Building, telephone RI 7-5552.

In connection with the investigation pertaining to JACK L. RUBY it is noted that RICHARD LOOMIS, an attorney with offices at 801 Mercantile Bank Building, Dallas, Texas, was interviewed on December 9, 1963, by SA VINCENT E. DRAIN at which time LOOMIS stated that he originally thought he knew JACK L. RUBY but stated that after doing some checking he was certain that he did not know RUBY, nor had he ever seen him in his life. According to LOOMIS when interviewed, the first time he heard of RUBY was after he shot LEE HARVEY OSWALD.

He stated it has been determined that RUBY resided at 223 North Ewing Street, Apartment 207, and that he had made inquiry relative to background information concerning RUBY and the fact that he subsequently had $2,000 or $3,000. He stated that he was unable to verify any background information concerning RUBY but in the event he did he would immediately furnish it to the FBI.

Dr. GEORGE M. JONES, M.D., with offices at 3601 Swiss, Dallas, Texas, advised that his telephone number is TA 1-1520, and he said on January 23, 1964, his wife made a talk before a Fine Arts Club in Oak Cliff, a suburb of Dallas, where a Mrs. LOOMIS sat at the same table with his wife and other persons who were unknown to Mrs. JONES. However, Mrs. JONES stated she heard Mrs. LOOMIS make a remark to the effect, "OSWALD had an apartment in Oak Cliff other than the one on Beckley, a week before the assassination."

Mrs. LOOMIS also stated she had observed a woman resembling MARINA OSWALD walking with her children from an apartment adjacent to her home in Oak Cliff. She also stated she saw RUBY visit OSWALD at the apartment about a week before November 22, 1963. She said LOOMIS further advised that RUBY wore a black coat with a fur collar on it when he visited the person whom she believed to be OSWALD next door to her home in Oak Cliff about a week before the assassination.

He said that his wife had no other information concerning the conversation and that neither he nor his wife had ever known RUBY or OSWALD or of any connection between them, and he said they had never visited the Vegas Club or the Carousel Club when they were operated by JACK RUBY. He said he believed that Mrs. LOOMIS was the wife of DICK LOOMIS, SR., an attorney in Dallas, and believed that they had property in Oak Cliff.

Mrs. WILHELMINA LOOMIS was interviewed at Dallas and advised that her true name is Mrs. WILLIAM HENRY LOOMIS (named after her grandfather), and she is the wife of DICK LOOMIS, SR., and resides at 511 East Tenth Street, Oak Cliff, Texas. She said she has never known LEE HARVEY OSWALD or anything about him, but a young man resided in the apartment at 507 East Tenth Street in Oak Cliff about a week prior to the assassination of President KENNEDY. She recalled this after seeing LEE HARVEY OSWALD's photograph on television and in the newspapers after the assassination of President KENNEDY at Dallas on November 22, 1963.

She advised that by reading the papers and listening to radio and television, she learned that OSWALD lived near her in Oak Cliff, as did RUBY. However, she said she had never known either of them, but she said they must have been close friends.

She said she never saw these persons together, meaning RUBY and OSWALD, but she saw a fat man visit the apartment next door about a week before the assassination of the President, and she presumed it was RUBY. She said that she is president of the Oak Cliff Fine Arts Club and the club met on January 23, 1964, and the guest speaker was Mrs. GEORGE M. JONES, the wife of Dr. GEORGE M. JONES, M.D., Dallas, Texas, and after the meeting, while seated next to Mrs. JONES, she discussed the tragic death of President KENNEDY with Mrs. JONES and remarked that she believed she had seen MARINA OSWALD and her infant child in front of her home about a week prior to the assassination of President KENNEDY.

She said she did not describe the person she believed to be MARINA OSWALD to Mrs. JONES, but she recalled this person whom she believed to be MARINA OSWALD had jet black hair. She said she wore very plain clothing, on one occasion a light blouse and plaid skirt and on another occasion, a dark blouse and the same plaid skirt. She said that actually she believed these people

"Gallup, New Mexico

"TO WHOM IT MAY CONCERN:

"It is my belief that if you take a poll of the Country about eighty five per cent will be of the conviction that the assassination of our beloved President was planned by the authorities of Dallas (Police Department) - a plan jelled in Rudy's joint and Oswald was just their stool.

"It is clear that the police deliberately let Rudy in among them to kill Oswald and thus forever seal his lips. The thing to do now is torture Rudy until he tells the truth - who in high places wanted the President killed. How could Oswald have a map of the route of the parade had not someone in high places given it to him.

"A person here in this town has a daughter who at the time was working in the hospital where the President was taken and she stated that the whole atmosphere of Dallas was pregnant with the expression 'kill the s.o.b', the day of the parade in Dallas.

"The motive is too obvious to the majority of people and a search should start for the planner of such a dastardly crime right in the Police Department.

"Texans are capable of anything and it was the greatest treason of the Twentieth Century not to have warned the President to keep away from such a snake pit.

DE WITT FLETCHER, Ridgewood Furniture Company, 336 Ridge Center, Garland, Texas, who allegedly stated that LEE HARVEY OSWALD attempted to purchase furniture at the Ridgewood Furniture Company on November 15, 1963, at which time OSWALD gave RUBY as a reference, furnished the following information:

Sometime in November 1963, exact date not recalled, a woman who did not identify herself called FLETCHER at the store and inquired concerning rental of a washing machine. It is FLETCHER's recollection that this woman said she was calling for a Mrs. OSWALD. As usual, he asked the woman calling about credit reference, and the woman said Mrs. OSWALD could furnish only one credit reference, and he understood her to furnish the name "RUBY" (Last Name Unknown) as the name of the reference. FLETCHER furnished information to the woman concerning rental charges and terminated the conversation.

Subsequent to the assassination of President KENNEDY and the shooting of LEE HARVEY OSWALD by JACK RUBY, FLETCHER recalled this telephone call and mentioned it to the salesman, name not recalled, who was in the store. There was some speculation between him and the salesman as to whether the Mrs. OSWALD referred to in the telephone call had any connection with LEE HARVEY OSWALD. FLETCHER said he did not believe it had any connection and thought nothing further about the matter.

FLETCHER advised, to his knowledge, LEE HARVEY OSWALD had never attempted to purchase furniture at the Ridgewood Furniture Company, and he had not made any statements to this effect to anyone. FLETCHER is not acquainted with JACK RUBY. He did not know LEE HARVEY OSWALD and has no knowledge of any connection between RUBY and OSWALD.

On January 6, 1964, VIRGINIA VERES, employee of Middlebrook Employment Service, Arlington, Texas, was interviewed by SA JOSEPH M. MYERS based on information furnished by Mrs. JO FISCHER, Personnel Director, Statler-Hilton Hotel, Dallas, Texas, who stated that Mrs. VERES had mentioned to her that LEE HARVEY OSWALD had placed application for employment with a commercial employment agency in Fort Worth, Texas. Mrs. VERES stated that she did not know what employment service OSWALD was supposed to have placed his application with, but Mrs. NEDRA MIDDLEBROOK, her employer, would have that information. Mrs. VERES added that she had checked her records and did not find any application for OSWALD.

Mrs. NEDRA MIDDLEBROOK, Middlebrook Service, Arlington, Texas, advised SA MYERS on January 6, 1964, that she had been in a conversation with Mrs. SIDNEY RICHEY, owner of Commercial Employment Agency, Fort Worth National Bank Building, Fort Worth, Texas, shortly after the assassination of President KENNEDY, and RICHEY had mentioned to MIDDLEBROOK that LEE HARVEY OSWALD had made application at Commercial Employment Agency for a job for sheet metal work about one or two years ago. Mrs. MIDDLEBROOK stated that RICHEY would have all of the information regarding this and she had no further information herself concerning OSWALD.

Mrs. SIDNEY RICHEY, owner, Commercial Employment Agency, Fort Worth National Bank Building, was interviewed based on receiving information that LEE HARVEY OSWALD had placed an application with her agency one or two years ago for a sheet metal job in Fort Worth.

Mrs. RICHEY stated that her records reflected an application card for LEE H. OSWALD, 7313 Davenport Street, Fort Worth, telephone PE 2-3245, and dated June 26, 1962.

Mrs. RICHEY stated that she recalled OSWALD coming in to the employment agency and that she herself had interviewed him. She stated that he appeared to be a quiet young man and was reluctant at first to give any information concerning where he had been employed previously doing sheet metal work. She stated that on further questioning of OSWALD he stated that he had done sheet metal work abroad, and when she finally pinned him down he stated that he had been in Russia and had returned to the United States in 1962. She said that he told her he had worked in a sheet metal factory in Moscow.

Mrs. RICHEY furnished the application, which she stated was signed by OSWALD and which she witnessed on June 26, 1962. She stated that this is the only record that she has concerning OSWALD being in her employment agency. She added that she did not get OSWALD a job and did not have any further contact with him after the initial meeting.

Mr. GARY E. TAYLOR, 4115 Falls Drive, Dallas, Texas, furnished the following information:

He lived at 3519 Fairmount, Apartment 12, from March through December 1962. LEE OSWALD never resided with TAYLOR at this address or any other address. He first met the OSWALDS in September 1962. He subsequently brought MARINA OSWALD to live with him. He believes LEE OSWALD lived at the Y.M.C.A. at Dallas, Texas, from the early part of September to the early or possibly the middle part of October 1962. He states he called LEE OSWALD two or three times during this period and never had any trouble getting him to the telephone at the Y.M.C.A. He indicated he would call OSWALD at the Y.M.C.A. in order to make arrangements to pick OSWALD up and bring him to his apartment to visit with MARINA.

He recalled MARINA OSWALD moved back to Fort Worth when a woman--he now believes to be a Mrs. HALL--had a serious automobile accident. He recalls he once met this woman's ex-husband and his name was JOHN HALL. He indicated the HALL woman lived at the south edge of Fort Worth off the South Loop of the Expressway. He advised around the early part or possibly the middle of October 1962, possibly on a Sunday, LEE OSWALD called him and asked him to pick him up at the Y.M.C.A., Dallas, Texas, take him to Fort Worth and move him and MARINA to an apartment in Dallas.

He picked up LEE OSWALD later that day at the curb of the Y.M.C.A., Dallas, and drove him to Fort Worth to the HALL residence, where MARINA OSWALD was living. OSWALD had a suitcase with him, and he believed OSWALD had been living at the Y.M.C.A.; however, he reiterated he picked up OSWALD at the curb of the Y.M.C.A., did not see him come out of the Y.M.C.A. building and can only assume that OSWALD had been living there.

He then drove LEE OSWALD to Fort Worth, where he rented a trailer from a service station on University Drive east of the

Expressway. He believes it was a Nationwide trailer. He and LEE OSWALD then picked up MARINA and their personal belongings and he moved them to an apartment house which he believed to be one block west of the intersection of Davis and Zangs, being in the southwest corner of that block. He described the building as a 2-story, red brick apartment building on the corner of Elsbeth Street. He then looked at a street map of the City of Dallas and pointed out the northeast corner of the intersection of Elsbeth and Davis as the exact location.

He further advised around March or April 1963 he went to the apartment on Elsbeth and observed that OSWALD's name was no longer on the mail box. He spoke to a man who was sitting in the front yard in front of this building. He believes the man was the manager of the apartments, and this man told him the OSWALDS had moved to another apartment about one block over on Neely Street. He went to this apartment on Neely, which he described as being in the upper part of a 2-story white frame house which he thinks was almost directly behind one block of the apartment on Elsbeth. The OSWALDS were not in at this time.

He further advised he went back to this apartment during the latter part of May or early June 1963, at which time he visited with MARINA.

The following investigation was conducted by SA B. TOM CARTER and JOSEPH M. MYERS at Fort Worth, Texas, on January 28, 1964:

It should be noted that University Drive in Fort Worth, Texas, does not run East and West but does run North and South.

A check of the Fort Worth telephone and city directories failed to reflect a Nationwide or other trailer rental company on University Drive.

FRANK HEFLIN, Owner, AAA Trailer Rental, 500 Henderson Street, advised that he formerly operated a Nationwide Trailer Rental in Fort Worth, Texas; however, after searching his records for 1962, he failed to find a trailer contract for a trailer rented by GARY E. TAYLOR of Dallas. Mr. HEFLIN stated that he knew of no Nationwide Trailer Rental Company on University Drive, however, suggested the Westside Trailer Rental which is located just off of the East West Freeway in Fort Worth.

On January 29, 1964, EMMITT L. WILSON, Westside Trailer Rental Company, 5430 Camp Bowie Boulevard, advised that he is the Nationwide Trailer Agency for Fort Worth. WILSON stated he knew of no trailer rental on University Drive in Fort Worth. WILSON failed to locate a record of a trailer rental by GARY E. TAYLOR in 1962.

A physical check of University Drive, Fort Worth, on January 28, 1964, failed to reflect a trailer rental company North or South of the East West Freeway.

Special Agents ALLAN D. BRAY and RAYMOND P. This location was the place previously described by Mr. GARY E. TAYLOR as the place where he moved LEE and MARINA OSWALD into sometime during the early part or possibly the middle of October 1962. The address of the above-described building was noted to be 602-604 Elsbeth Street.

Mr. W. F. TOBIAS, SR., Manager of the apartment house located at 602-604 Elsbeth, Dallas, Texas, made available rent receipts which when examined revealed the following information:

LEE HARVEY OSWALD paid $68.00 rent for Apartment # 2, 604 Elsbeth, on November 3, 1962. Mr. TOBIAS verified this date as being the date on which the rent was paid but stated he did not actually observe OSWALD to move into this apartment on that day. He indicated he did not see MARINA for at least one week after OSWALD rented the apartment.

He stated the OSWALDS occupied this apartment until March 3, 1963, at which time they moved to 214 Neely, Dallas. The rent receipts for Apartment # 2 reflect that this apartment was vacant from September 29, 1962, until November 3, 1962, the date OSWALD paid TOBIAS one month's rent.

Mr. TOBIAS further advised apartment regulations forbade anyone from moving in before their rent had been paid.

TOBIAS exhibited the above-described apartment, which is a furnished apartment, at which time it was noted that the front door to this apartment was not locked. TOBIAS was asked if this was the policy to leave the front door unlocked, and he stated that since he lives directly across the court from this apartment, he could easily see whether or not anyone had been occupying the apartment. He did state, however, that the back entrance to this apartment was kept locked at all times when vacant.

In addition to the above, TOBIAS recalled that OSWALD came to look at this apartment around the first part of October 1962, at which time he indicated to TOBIAS he would probably rent the apartment; however, he wanted to talk it over with his wife.

Mr. ROBERT L. STOVALL, President, Jaggars-Chiles-Stovall Company, 522 Browder, furnished the following information as reflected by the time records of LEE HARVEY OSWALD while he was employed by Mr. STOVALL's company:

LEE HARVEY OSWALD filled out a Withholding Exemption Certificate on October 12, 1962, at which time he listed his residence as 3519 Fairmount, Dallas, Texas. Mr. STOVALL advised that this was the date OSWALD first started working for Jaggars-Chiles-Stovall Company. The time records of LEE HARVEY OSWALD while working for above company, reflected that he had worked every day during the period October 19 to November 2, 1962, except for Saturdays and Sundays. He did, however, work on Saturday, November 3, 1962.

The records of Jaggars-Chiles-Stovall Company also revealed that LEE HARVEY OSWALD listed a new address of 602 Elsbeth, Dallas, on January 11, 1963. On April 1, 1963, OSWALD listed a new address of Post Office Box 2915, Dallas.

These records revealed the following information concerning the occupants of room 415, which had been occupied by LEE HARVEY OSWALD from October 15 to October 19, 1962:

ALTON HERRING occupied room 415 from October 19, 1962, until October 21, 1962;

GEORGE CROFTON moved into room 415 on October 22, 1962, and moved out on October 24, 1962;

HUGH BROGAN moved into room 415 on October 25, 1962, and moved out on October 26, 1962;

WILEY OWENS moved into room 415 on October 26, 1962, and moved out on October 28, 1962;

STEPHEN MC EACHRAN moved into room 415 on October 28, 1962, and moved out on October 29, 1962;

FRANK COX moved into room 415 on October 30, 1962, and moved out on October 31, 1962.

The YMCA records revealed that room 415 was vacant from the time FRANK COX moved out on October 31, 1962, until November 3, 1962, when ALBERT CUNNINGHAM moved into this room.

Mr. JOE MC REE advised that he had checked LEE HARVEY OSWALD out of the YMCA on October 19, 1962, but he could not remember whether OSWALD had paid his room bill himself.

GEORGE A. BOUHE, 4740 Homer Street, Apartment O, was reinterviewed and furnished the following information in addition to information furnished by him during prior interviews, November 23 and 28 and December 27, 1963:

Concerning the residence of LEE HARVEY OSWALD after he moved from the Y.M.C.A. in Dallas on or about October 19, 1962, he next recalled that OSWALD was living at 602 Elsbeth in the Oak Cliff Section of Dallas. While still residing at the Y.M.C.A., OSWALD obtained a job at Jaggars-Chiles-Stovall and OSWALD called him on a couple of occasions after getting the above job to tell him he was doing all right.

BOUHE, in thinking back, recalled that at some time or other, possibly after OSWALD left the Y.M.C.A., OSWALD may have mentioned that he had obtained a room possibly on Madison Street from someone named CARLTON.

BOUHE checked the current Dallas Telephone Directory and noted that the Madison-Carlton Hotel was listed at 1159 North Madison, Dallas.

BOUHE advised further that he had not given OSWALD any money to pay his rent at the YMCA and had no information as to the exact date OSWALD left the YMCA or his mode of transportation.

He pointed out that prior to that time, when OSWALD was residing in Fort Worth and when he and his wife MARINA were practically destitute, he and some friends had purchased a baby bed for their baby, as well as a $5.00 pair of shoes for MARINA, and he gave OSWALD $5.00 cash.

BOUHE could furnish no further information concerning the period of OSWALD's residence from October 19, 1962, to November 2, 1962.

Mr. ALEXANDER KLEINLERER, 3542 Kent, was reinterviewed at his place of business, Loma Industries, Inc., Highway 81 South, Fort Worth, Texas, and furnished the following information:

He advised that he had been asked by Mrs. ELENA HALL, 4760 Trail Lake Drive, Fort Worth, Texas, at the time of her automobile accident around the middle of October, 1962, to look after her house and to check in on MARINA OSWALD and her baby from time to time to see if he could be of any service. He agreed to do this inasmuch as he was courting Mrs. HALL at this time. He explained she was divorced from her husband and remarried him in New York in early November, 1962. He recalled that shortly after Mrs. HALL went to New York City, he believes this would have been early November, 1962, he received a telephone call from LEE HARVEY OSWALD on a Friday night. OSWALD told him that he was calling from Mrs. HALL's residence and he requested that he (KLEINLERER) come by the following day, which would have been Saturday, at 1:00 PM to assist him in moving MARINA and their personal belongings out of the HALL residence. He stated the following day at approximately 1:00 PM, he went to the HALL residence where he observed LEE and MARINA OSWALD moving their furnishings into a U-Haul trailer. The OSWALDs were with ALEXANDRA and GARY TAYLOR of Dallas, who had apparently brought the trailer with them. KLEINLERER could furnish no information as to a possible place of residence for LEE HARVEY OSWALD for the period October 19 through November 2, 1962. In addition, he suggested that possibly GEORGE BOUHE of Dallas may know where OSWALD stayed during this time.

Mrs. JOHN R. (ELENA) HALL, 4760 Trail Lake Drive, was reinterviewed at her place of business, Crown-Bridge-Porcelain Company, 1313 East Seminary Drive, Fort Worth, Texas, and furnished the following information:

Around the first week of October, 1962, she borrowed a pickup truck and moved MARINA OSWALD and her daughter from a duplex located at 2703 Mercedes, Fort Worth, Texas, to her home on Trail Lake Drive. LEE HARVEY OSWALD was present during the move and as soon as MARINA and the baby were settled on the day of the move, he went to Dallas. Around the middle of October, 1962, Mrs. HALL had an automobile accident and she was hospitalized at St. Joseph Hospital, Fort Worth, for approximately ten days. She recalls coming home from the hospital around three or four days before the end of the month. On October 31, 1962, she went to New York for a visit with friends. MARINA OSWALD and her daughter were still living at her home. She recalls that on a Sunday afternoon, around the end of October, 1962, after she got out of the hospital, and before she went to New York, LEE HARVEY OSWALD came to visit MARINA. He was accompanied by Mr. and Mrs. GARY E. TAYLOR of Dallas, Texas. They returned to Dallas that same day. Around November 15, 1962, Mrs. HALL returned from New York, at which time she discovered MARINA and the baby had moved out of her home. She does not know the exact date they left, however, she stated it had to be between October 31 and November 15, 1962.

Mrs. HALL further advised she had no information concerning the residence of LEE HARVEY OSWALD for the period October 19 through November 2, 1962.

1

Date 2/3/64

ROBERT OSWALD was interviewed at his residence, 1009 Sierra, and furnished the following information:

He stated that he believes he has all of the remaining clothes of LEE HARVEY OSWALD and that he does not believe that his mother has any of the clothes. He made available all of the clothes of LEE HARVEY OSWALD that he has. They were stored in a closet in the carport. From these clothes the following items were obtained:

1. Long-sleeved grey shirt
2. Overcoat liner- (USMC)
3. Beige long-sleeved shirt
4. 1 pair blue jeans
5. 2 pairs Marine Corps trousers - green wool
6. 1 Beige short-sleeved sport shirt
7. 1 pair blue outdoor shorts
8. 1 blue and white print short-sleeved shirt
9. 1 brown and white flannel-type short-sleeved shirt
10. 1 fatigue jacket - (USMC)
11. 2 pairs khaki-colored trousers
12. 5 khaki-colored long-sleeved shirts
13. 1 pair high-top shoes
14. 1 pair black Russian boots

ROBERT OSWALD stated that about 1957 or 1958, LEE HARVEY OSWALD left a small camera with him and picked it up when he got out of the Marine Corps about 1959. He described this camera as a cheap American-made camera worth probably less than $10.00, about 6 inches high, 3½ inches wide with a view-finder on top which opens to permit looking at the scene to be snapped. He recalled it was an off-brown color. He never used it himself and cannot recall the brand name or the size of film but knows it used roll-type film.

He advised that he does not know anything about any Russian camera that LEE HARVEY OSWALD owned.

On January 24, 1964, Mr. EDDIE BARKER, Director, KRLD Television and Radio, advised that WARREN FULKS had interviewed Mr. ILYA MAMANTOV, 6911 East Mockingbird Lane, on December 5, 1963, at the KRLD Television Studio. BARKER advised that MAMANTOV is employed as a Geologist for Sun Oil Company and teaches at Southern Methodist University.

BARKER stated that prior to filming the interview FULKS and MAMANTOV discussed the interview and arranged several of the questions in order to make the interview interesting. BARKER advised that part of the interview was shown on their news programs on December 6 and December 7, 1963, and that they were re-runs of the previous showing. BARKER stated that they taped the entire interview, however, only one part of the interview was actually used in the news program.

BARKER made available the sound film of the entire interview with MAMANTOV for review by the FBI.

FD-302 (Rev. 3-3-59)

FEDERAL BUREAU OF INVESTIGATION

1

Date February 5, 1964

On February 5, 1964, SA ALLAN D. BRAY reviewed the sound film obtained from EDDIE BARKER, KRLD Radio and Television, of an interview between ILYA MAMANTOV and KRLD announcer WARREN FULKS, on December 5, 1963, in the KRLD Television Studio.

MAMANTOV stated that the Communists tried to show the world that Dallas was a "hot spot" politically and tried to create "confusion" by the assassination of President KENNEDY. When asked what he meant by this, he replied that if OSWALD had not been caught, the South would have been blamed for former President KENNEDY's assassination, and this would enable the Communists to show that the United States was politically unsound. He felt the Communists would take advantage of this situation in several years, possibly even as long as ten years from now.

When asked if the pattern followed by OSWALD was similar to other Revolutionaries, MAMANTOV replied that the pattern was similar to that followed by Revolutionaries in Paris, Berlin and other countries in Europe.

MAMANTOV stated that JACK RUBY was part of the "underground conspiracy", because when OSWALD gave a press conference at the Dallas City Hall, he grabbed the microphone and yelled, "I would like to see JACK ABT", and this was his (JACK RUBY) code call. He stated that RUBY had received his "assignment" from the "higher-ups" in the "underground conspiracy" to assassinate OSWALD, and the purpose was to keep OSWALD from talking and to eliminate him.

MAMANTOV stated that when he was younger, he had met young, uneducated individuals similar to OSWALD, who went to Russia from Latvia and came back to Latvia as free lance photographers. MAMANTOV stated that these persons later became top officials in the Communist party in 1940 and 1941.

Concerning OSWALD's easy access to Russia, MAMANTOV stated this was part of the "underground conspiracy".

He stated that no one with OSWALD's financial standing could go to and leave Russia after having married a Russian woman as easily as OSWALD had done. MAMANTOV stated he believed OSWALD had been sent to different schools while in Russia, including an "underground conspiracy school", in order that he could leave Russia as easily as he did. He described OSWALD as an agent waiting for an assignment in America after he had left Russia.

When queried concerning the benefit the Communists would derive from the assassination of former General WALKER, MAMANTOV stated that the assassination of WALKER, if they had succeeded, would have eliminated one more speaker against Communism. MAMANTOV stated that WALKER had spoken all over the United States, and was considered as an "unwilling element" by the Communists.

When asked about the developments arising from the assassination, MAMANTOV replied that the United States should henceforth be more careful in its political accusations, and careful as to the people they trust. It was his opinion that the assassination would bring the American people more closely together.

FD-302 (Rev. 3-3-59)

FEDERAL BUREAU OF INVESTIGATION

Date 2/7/64

ILYA A. MAMANTOV, 6911 Mockingbird Lane, Dallas, Texas, was interviewed at his place of employment, Sun Oil Company, Research Laboratory, Richardson, Texas. He said that he had no first-hand information to indicate that LEE HARVEY OSWALD had ever attended any "underground conspiracy" schools" while in Russia and said he never knew OSWALD personally. He said he also had no first-hand information to indicate that JACK RUBY had received any "assignment" to assassinate OSWALD or that he was part of any conspiracy.

He said his statements over Television Station KRLD when interviewed by announcer EDDIE BARKER concerning the above were personal conclusions drawn by him, MAMANTOV, from his knowledge of Communism and Russia. In substantiation of his conclusions, he related the following:

When he, MAMANTOV, was in grade school in Lithuania he was acquainted with two boys who were exactly the same type as OSWALD. He said they were all raised near the Russian border and no difficulty was encountered in crossing back and forth across the border. These two boys disappeared from the town one day without explanation, but their parents did not seem concerned. They were not seen again in the town until eight to ten months later, when they were allegedly expelled from Russia for being "undesirable persons".

After returning home they both held all types of jobs, never holding any one job very long, and moved frequently from place to place. They were in constant trouble with the police for disturbing the peace, malicious mischief, and various other minor troubles. This went on from approximately 1924 to 1940, at which time their country was taken over by the Soviet Union. They immediately thereafter were given good jobs and became substantial citizens in the community. MAMANTOV found out from mutual friends that when these boys disappeared, they had gone to Russia and had attended Communist schools, where they were taught, among other things, disruptionist tactics and ways and means of creating disturbances, which they thereafter did when returning home from the school, until Russia took over their country.

on 2/7/64 at Richardson, Texas 272 File # DL 100-10461

by Special Agent W. JAMES WOOD - gj Date dictated 2/7/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

MAMANTOV said that OSWALD acted the same as the two boys above, i.e., he had traveled around from place to place and from job to job, causing trouble whenever he could, and generally creating trouble wherever he went. Because of the similar pattern of OSWALD and the two boys, he felt this was an indication that OSWALD had attended the same type schools in Russia as had the two boys.

He related other instances where men had gone to Russia and had attended Communist training schools. He said he knew another man who was a free-lance photographer who had reportedly attended an underground school in Russia and had thereafter worked as a photographer until the Russians took over his country, at which time he was made District Attorney of the district in which he lived. MAMANTOV pointed out that OSWALD had also worked as a free-lance photographer.

He also said it is common knowledge that when a Communist assassin gets caught or gets in trouble with the police, he is often "liquidated" by the Communists to keep him from talking or revealing his Communist connections. He said he felt that this was the pattern in the killing of OSWALD, and that therefore RUBY must have been a part of a Communist conspiracy.

MAMANTOV also said he had observed that it is a pattern of Communist agents to try to mix with the police whenever possible and become friendly with them, as had been the case with RUBY.

MAMANTOV stated that he had absolutely no first-hand knowledge of OSWALD, RUBY or the assassination of President KENNEDY in addition to that already furnished the Federal Bureau of Investigation.

On November 23, 1963, Mrs. JOHN O. THOMPSON, Manager, Austin Motel, 1220 South Congress Street, Austin, Texas, advised SA H. T. BURK that BILL RANDLE, 2439 West Fifth Street, Irving, Texas, had arrived at that motel at approximately 7:00 PM, November 22, 1963, with one BERRY J. CASTER, 214 West Shady Grove, Irving, in a 1963 Chevrolet pick up, bearing 1963 Texas license 3F8823. They both claimed to be employees of the Irving Counter Top Company, no street address given.

RANDLE claimed that he lived two or three doors from LEE HARVEY OSWALD and that RANDLE's wife worked in the same building as OSWALD. RANDLE also mentioned that it had been rumored in Dallas that if the President came to Dallas, he would be killed on account of the Veterans Administration offices being moved out of Dallas, Texas. RANDLE indicated a personal acquaintanceship with LEE H. OSWALD but did not indicate the degree of association.

RANDLE attempted unsuccessfully to contact one MARVIN RANDLE, telephone number BL 3-9040, at Irving, Texas, about 7:30 PM, November 22, 1963.

Mrs. THOMPSON advised that subsequently, on the same date, RANDLE returned to the motel and placed a long-distance call to the same number, and reported that he had learned that his wife had been called in for questioning concerning the assassination of President KENNEDY. RANDLE checked out of the motel and reportedly returned to Dallas by plane, at 11:05 PM, on November 22, 1963. Mrs. THOMPSON reported that BERRY J. CASTER checked out of the motel at 7:00 AM, November 23, 1963, with stated destination of Irving, Texas.

LINNIE MAE RANDLE, 2439 West Fifth Street, Irving, Texas, was interviewed on December 1, 1963, by SAS BARDWELL D. ODUM and GIBBON E. MC NEELY. She advised that she was the sister of BUELL WESLEY FRAZIER, who was employed by the Texas School Book Depository and who has also been interviewed. She also furnished other information of value which has been reported.

W. E. (BILL) RANDLE, 2439 West 5th Street, advised that he was in Austin, Texas on November 22, 1963 in connection with business for the Irving Counter Top, and had told his wife that he would call her from Austin on the evening of November 22, 1963.

According to RANDLE, he had learned that his wife, LINNIE MAE, had gone down to Police Headquarters in Dallas as she had some information of interest regarding LEE HARVEY OSWALD whose wife had resided in the neighborhood at the home of Mrs. RUTH PAINE.

RANDLE related that he personally has no knowledge of LEE HARVEY OSWALD except what he has seen on television and in the news media. He explained that he never saw OSWALD prior to when his picture appeared in the local newspapers. He also related that his brother, MARVIN, who lives at 2819 West 11th Street in Irving, has never seen OSWALD and has no pertinent information regarding him. RANDLE stated that he also contacted MARVIN RANDLE by telephone from Austin on November 22, 1963. He explained that MARVIN is the owner of Irving Counter Top, and that he had wanted to talk to him about business matters.

He related that he does not recall ever making the statement to the effect that the President (KENNEDY) would be killed if he came to Dallas, because Veterans Administration offices were being moved out of Dallas, Texas. In short, he had no pertinent information concerning either LEE HARVEY OSWALD or JACK RUBY.

Mrs. RUTH PAINE, 2515 West 5th Street, Irving, Texas, furnished the following information:

She received a letter from J. P. MC CULLOUGH, Insurance Department, Texas Employment Commission, TEC Building, Austin, Texas, dated January 8, 1964, in which the writer relates the following:

He recalled receiving a letter from a young man in Irving or Dallas, in late October, 1961, in which the young man referred to Mr. OSWALD as a person who appealed to Governor CONNALLY to have his discharge rescinded. The young man said he thought it was useless to appeal to the Governor regarding his unemployment problem since "the other person" had not received the consideration he sought from Governor CONNALLY. He then implied that he was resigned to desperate action in obtaining his rights in the unemployment problem presented in the letter. He further indicated that he knew OSWALD and had been befriended by him.

In his letter, Mr. MC CULLOUGH stated that he had been attempting to determine the name of the individual who had written him sometime in late October but had been unable to do so since his stenographer had destroyed her shorthand notebook. Mr. MC CULLOUGH inquired as to whether Mrs. PAINE might possibly know who this person could be.

Mrs. PAINE advised that on January 31, 1964, she had written a reply to Mr. MC CULLOUGH in which she indicates that she has no idea who this person might be but that the thought occurred to her that LEE HARVEY OSWALD himself might have written such a letter. She also suggested that he contact the local office of the FBI.

AT DALLAS, TEXAS:

On January 28, 1964, Mrs. MARTHA KNOWLES, Hidell Hardware Company, 4507 Travis, advised WILLIAM H. HIDELL (deceased) was formerly connected with Hidell Hardware Company, and his wife, Mrs. WILLIAM H. HIDELL, also known as JACKIE HIDELL, had an interest in the company until about two years ago when her interest was purchased by KNOWLES.

WILLIAM H. HIDELL, JR., son of WILLIAM H. HIDELL (deceased), is an architect with offices at 3000 Turtle Creek Plaza, Dallas. WILLIAM H. HIDELL, JR., has never been connected with Hidell Hardware Company.

According to Mrs. KNOWLES, there is no ALEX HIDELL, JR., connected with this hardware company, and, to her knowledge, there has never been an ALEX HIDELL in Dallas, Texas.

On January 28, 1964, WILLIAM H. HIDELL, JR., 3000 Turtle Creek Plaza, furnished the following information concerning the HIDELL family:

His father, WILLIAM H. HIDELL, SR., (deceased) had three brothers, HENRY ROBINSON HIDELL, CHARLES MAXWELL HIDELL and ALEX HIDELL. The family name was originally HEIDELBERG but was changed to HIDELL.

WILLIAM H. HIDELL, JR., age 42, was born in Dallas, Texas, and has lived his entire life in Dallas, with the exception of a short time as a small boy in Fort Worth, Texas. His uncle, ALEX HIDELL, oldest of the four HIDELL brothers, has never been in Dallas, Texas, to his knowledge, and it is his recollection that the family lost touch with ALEX HIDELL approximately thirty years ago, at which time he was reportedly on the West Coast and had some connection with the yacht business.

WILLIAM HIDELL, JR., does not know if his uncle, ALEX HIDELL, had any children, and he has never known of an ALEX HIDELL, JR.

Mr. ALEXANDER KLEINLERER, 3542 Kent Street, telephone WA 3-2525, who is employed at Lomo Industries, Inc., Highway 81 South, advised that approximately three years ago he was stationed in Europe as the foreign representative for Lomo Industries, Inc., commonly referred to as Lomo Plastics.

For the purpose of obtaining catalogs from competitors in Europe, he was authorized by his company to use Post Office Box 11333, registered in the name of Texas Import-Export Company, Fort Worth, Texas. This was necessary to conceal his connection with Lomo Industries, Inc., from competitors.

After KLEINERER returned to the United States, he did not use Post Office Box 11333 to receive any mail, or use it as a return address in any correspondence, personal or for Lomo Industries, Inc. He stated that as far as he knows, this post office box is still maintained by Lomo Industries, Inc., in the name Texas Import-Export Company. He stated Lomo Industries also presently has Post Office Box No. 11277 at Fort Worth, Texas.

KLEINERER advised that sometime in about the fall of 1962 he was dating ELENA HALL, who was then divorced from her husband, and that he had a lot of his personal belongings at her residence in Fort Worth, Texas. When ELENA HALL was in New York after her automobile accident in the fall of 1962, MARINA OSWALD occupied ELENA HALL's home for a short period. He stated LEE HARVEY OSWALD visited MARINA on occasions at the HALL residence.

When ELENA HALL remarried her former husband, KLEINERER left a lot of his personal belongings at the HALL residence, among which was stationery bearing address of Texas Import-Export Company, Post Office Box 11333, Fort Worth, Texas.

KLEINERER stated that neither LEE HARVEY OSWALD nor MARINA OSWALD had any connection whatsoever with the Texas Import-Export Company and could not have received any mail at Post Office Boxes 11333 or 11277 in Fort Worth, Texas.

F. MARINA NIKOLAEVNA OSWALD, NEE PRUSAKOVA, AKA MRS. LEE HARVEY OSWALD - INTERVIEWS WITH

FD-302 (Rev. 3-3-59)

FEDERAL BUREAU OF INVESTIGATION

Date January 22, 1964

1

MARINA OSWALD was interviewed at her residence, 11611 Farrar Street. She was questioned concerning the trip of LEE HARVEY OSWALD to Mexico in September-October, 1963. She recalls seeing the English-Spanish dictionary and the other dictionary along with some picture postal cards of Mexico scenes in the RUTH PAINE residence, and she knows that these were the property of LEE OSWALD, but she did not think anything about the origination of the articles nor did she know that they had come from Mexico.

She said the bracelet given her by OSWALD had been given to her immediately after OSWALD returned to Dallas in early October, 1963. She did not ask OSWALD where he had acquired the bracelet and she did not know where he acquired it. It did not occur to her that this bracelet might have been purchased in Mexico as she did not know that OSWALD had been to Mexico.

Shortly after the assassination of President KENNEDY, she showed a coin to Mrs. PAINE which coin had a hole in it. She said this coin had been given her by OSWALD after his return to Dallas in early October, 1963, but not immediately after his return. She cannot recall the exact date that he gave her the coin. She read the inscriptions on the coin and knew that it was a Mexican coin, but she did not think about it being acquired by OSWALD in Mexico.

She stated she does not recall OSWALD ever mentioning to her that he saw a jai alai game or intended seeing one or was interested in jai alai. She does not recall that OSWALD brought a phonograph record with him to Dallas in early October, 1963.

MARINA was exhibited the rough draft handwritten letter of OSWALD in which information was set out that he had been to Mexico City. She said this handwriting appeared to be OSWALD's. She could not remember ever seeing the letter before. She said she cannot read English and had not read the letter.

MARINA expressed surprise that Mrs. PAINE knew the contents of the letter. She said Mrs. PAINE had never discussed with her this letter nor its contents. She said Mrs. PAINE had not discussed with her a trip made by OSWALD to Mexico.

Concerning this trip by OSWALD to Mexico, MARINA said that she did not know that he intended going to Mexico nor did she know that he had taken a trip to Mexico. She said OSWALD was most secretive and close-mouthed about many things. She said there was much that OSWALD did or thought about that she knew nothing about. She said she had in times past asked OSWALD questions to which he had replied words to the effect, "none of your business". For this reason, she always hesitated to ask him questions about anything even though she might want to ask him.

Date 2/1/64

MARINA OSWALD was interviewed at her place of residence 11611 Farrar Street, Dallas, in the English language.

She stated she could not furnish any information as to where OSWALD had resided during the period October 19, 1962 to November 2, 1962, when they had moved into 602 Elsbeth Street, Dallas, Texas. She stated that prior to living at 602 Elsbeth Street with her husband, she had resided with Mrs. JOHN R. HALL at Fort Worth, Texas. On the day she moved into their residence on Elsbeth Street, she spent that day until the night at the residence of Mrs. FRANK HENRY RAY, who lives at 4524 Alta Vista Lane, Dallas. She did not, however, spend the night at the RAY home. She estimated she spent six or eight hours there.

MARINA advised that LEE HARVEY OSWALD had not owned a brown and white pull-over sweater or white dungarees or white canvas shoes.

MARINA was questioned concerning cameras which were owned by LEE HARVEY OSWALD and her. She said that they had owned two cameras. One of these cameras was a Russian camera which had been purchased by LEE HARVEY OSWALD at Minsk in September, 1961. This camera had been cheap in price but it was a good camera. This was a box-type camera. This camera was brought by the OSWALDs to the United States when they returned from Russia and was among the effects of the OSWALDs at Dallas on November 22, 1963. MARINA said OSWALD had purchased this camera after he had left another camera in a cafe in Minsk and had lost it.

The other camera owned by the OSWALDs was a United States made camera which LEE HARVEY OSWALD had owned prior to his entry into the U. S. Marine Corps and this was the camera which he had taken pictures with when he was in the Marine Corps. When he went to Russia, OSWALD left this camera with his brother ROBERT OSWALD. When OSWALD and MARINA returned from Russia, ROBERT returned the camera to OSWALD and it was among the effects the OSWALDs had on November 22, 1963.

MARINA was exhibited a photograph which is item 378 of an inventory list prepared by the FBI which photograph depicts two cameras, one a "Cuera - 2" and the other a "Realist". She said the cameras depicted in this photograph appear to be the cameras which were owned by her and her husband. She said the "Cuera - 2" camera appears to be the Russian camera and the "Realist" appears to be the American made camera.

MARINA stated OSWALD also had a light meter she believes. She said she does not know much about light meters or cameras. She said this light meter had probably been left by LEE HARVEY OSWALD with his brother, ROBERT, along with the Realist camera, when OSWALD went to Russia. She does not know what the name of this light meter is.

MARINA traced some of her activities again for the dates November 22-24, 1963. She said on Friday, November 22, 1963, she had spent the night at the home of Mrs. PAINE and that MARGUERITE, the mother of her husband, had also stayed there that night. On the night of November 23, 1963. Saturday, she and her children stayed with MARGUERITE OSWALD in a hotel in Dallas. On Sunday night, November 24, 1963, she spent the night at The Inn of Six Flags in Dallas-Fort Worth, Texas. She recalls that on Saturday, November 23, 1963, in the morning, she went to see LEE HARVEY OSWALD at the Police Station at Dallas. She recalled on Sunday morning, November 24, 1963, she went to Chief JESSE CURRY's house in Dallas for a period of one and one-half to two hours for the purpose of changing her children's clothes and to make a telephone call. She said while she was at the CURRY home, she called Mrs. PAINE and asked the latter to bring to the Police Station, some of her clothes, some baby clothes and bottles, her husband's wedding ring and the wallet with money, which was in the dresser drawer in the room occupied by MARINA OSWALD at the PAINE home.

On Monday, November 25, 1963, while she was living in The Inn at Six Flags, a Secret Service man, whose identity she cannot now recall, gave her the wallet with the money. She counted the money and found that it contained $180.00. $170.00 of this money had been saved by her husband LEE HARVEY

OSWALD in New Orleans and Dallas. $10.00 of this money had been given to Mrs. PAINE for MARINA on Saturday, November 23, 1963. Mrs. PAINE gave the money to MARINA on that day and MARINA placed it on top of her dresser in the room in which she stayed in the PAINE home. Later Mrs. PAINE put the money in the wallet with the $170.00.

After receiving the $180.00 at The Inn of Six Flags, MARINA OSWALD kept it and it is now spent.

Date 2/1/64

MARINA OSWALD was interviewed in the English language on January 31, 1964. She was questioned concerning a letter which had been received by her from "ANITA", which letter had been addressed to "Dear MARINA, ALEC and JUNE MARIE". This letter was written in Russian. In the letter "ANITA" mentioned ALFRED" from Cuba and another person named "FREDERICK".

MARINA advised the writer of this letter was ANITA ZIEGER, one of the daughters of Mr. and Mrs. ALEXANDER ROMANOVICH ZIEGER, who were friends of the OSWALDs in Minsk. She said that "ANITA" in this letter was indulging in a bit of "girl talk" about her boy friends.

MARINA stated "ALFRED", whose last name she did not know, is a Cuban citizen and a resident of Cuba who for some time has been studying in Russia. He studied at the University of Minsk for about six months and later studied at the University of Moscow, where he is believed to presently be studying.

MARINA said "ALFRED's" parents have visited him in Russia both in Minsk and Moscow. She said although she did not personally know "ALFRED", LEE HARVEY OSWALD had known him as he had met "ALFRED" at Minsk through ANITA ZIEGER on one occasion when they visited at the University of Minsk to attend some social or scholastic affair. MARINA also related "ALFRED" had wanted to marry ANITA but the latter had not wanted to marry him.

Concerning "FREDERICK", MARINA said this young man had worked in the same television and radio factory as had LEE OSWALD and he and LEE OSWALD were acquaintances. "FREDERICK" is a Hungarian and at the present time he lives with his parents in a part of Russia other than Belorussia, believed to be the Ukraine. She believes "FREDERICK" is the person depicted in the photograph, which is photograph No. 2 in inventory item No. 37. This photograph depicted three individuals, "FREDERICK" believed to be the person on the left, ANITA ZIEGER the person in the middle, and LEE OSWALD the person on the right. MARINA said she had met "FREDERICK" but does not recall under what circumstances she first became acquainted with him. She also advised "FREDERICK" at one time had been interested in marrying ANITA, but she had not been interested in marrying him.

On February 1, 1964, physical observation of the rear of the residence at 4011 Turtle Creek was made by SAs IVAN D. LEE and W. JAMES WOOD. It was noted that the rear of this residence appeared to be identical with photograph Item # 369 and photograph 1 of Item # 14.

Photographs were taken of the rear of the residence at 4011 Turtle Creek for comparison with Item # 369 and photograph 1, Item # 14.

Previous investigation by the Dallas Division of the Federal Bureau of Investigation has ascertained that Major-General EDWIN A. WALKER (Retired), U. S. Army, resides at the residence located at 4011 Turtle Creek, Dallas, Texas.

Physical observation indicates the building in photograph # 5 of Item # 1 is not a photograph of the WALKER residence. It cannot be determined that photograph # 5 of Item # 6, or photograph # 1 of Item 70, which are scenes of a railroad track, are scenes near the WALKER residence.

MARINA OSWALD was interviewed in the English language, at her residence 11611 Farrar Street.

She was exhibited four photographs which appeared to be of street scenes in Russian cities. These four photographs are appropriately identified as DL - 7, DL - 8, DL - 9, and DL - 10. She identified these photographs as depicting the following scenes or buildings:

DL - 7: The white building in the background of this photograph is identified as the Palace of Culture for Professional Unions in Minsk, where she first met LEE HARVEY OSWALD.

DL - 8: This photograph depicts the Minsk Circus in the right background and a monument to a Russian hero in the left foreground. This photograph was taken by LEE HARVEY OSWALD in Minsk.

DL - 9: This is a close-up of the Palace of Culture for Professional Unions at Minsk. PAVEL GOLOVACHEV took this picture.

DL - 10: This is a photograph of the Admiralty Office in Leningrad.

MARINA OSWALD made available a four-page hand-written letter in the Russian language dated December 27, 1963, 2515 West 5th Street, Irving, Texas, to MARINA OSWALD from RUTH PAINE. This letter is being forwarded to the FBI Laboratory for appropriate translation and will thereafter be recorded in its English translation.

IX. INVESTIGATION RELATIVE TO SUBJECT'S TRAVEL TO MEXICO

FD-302 (Rev. 3-3-59) FEDERAL BUREAU OF INVESTIGATION

1 Date January 23, 1964

Mrs. RUTH PAINE, 2515 West Fifth Street, furnished the following information:

She never heard LEE HARVEY OSWALD state or indicate at any time that he had been to Mexico and, in fact, he indicated when he first showed up in Dallas, Texas, that he had been in Houston, Texas, looking for a job.

She never had any conversation with MARINA OSWALD regarding LEE HARVEY OSWALD's trip to Mexico and MARINA never said anything to indicate that she was aware of LEE HARVEY OSWALD's trip to Mexico.

On Sunday, November 10, 1963, she observed a letter, apparently in a first-draft form, lying on top of her desk-secretary along with an English language dictionary in the living room of her home. This letter was in English and mentioned that LEE, the obvious writer of the letter, had been in Mexico recently. She stated that this letter remained on top of her desk-secretary for a day or so and that she then put it inside the desk-secretary. MARINA does not read English and therefore if MARINA saw this letter, Mrs. PAINE feels sure that she would not have been aware of its contents. She never had any conversation with MARINA regarding this letter.

Mrs. PAINE stated that she herself was not aware of the picture postcards depicting Mexican scenes and the Spanish-English dictionary in the bedroom occupied by MARINA OSWALD until sometime after November 22, 1963. She stated that these items were in a drawer of a chest of drawers in the bedroom occupied by MARINA OSWALD in Mrs. PAINE's home and that the cards themselves were inside of the Spanish-English dictionary. She stated that she does not know that MARINA was aware of these items but presumes she was since they were in the area occupied by MARINA.

She stated that shortly after the assassination of President JOHN KENNEDY, MARINA showed her a silver Mexican peso with a hole drilled in the center of it and stated that LEE HARVEY OSWALD had drilled this hole for her so that she could wear the coin as an ornament. MARINA

did not state specifically that she was aware that this was a Mexican coin. Mrs. PAINE stated that MARINA had studied Latin and French but does not know how to read, speak or understand Spanish, although Mrs. PAINE is of the opinion that MARINA would be able to recognize the Spanish language when she saw it written.

Under date of January 22, 1964, the Springfield Office advised that the following investigation was conducted by SA CLABORN R. CHEATHAM in connection with efforts to determine OSWALD's mode of transportation from Laredo, Texas, to Dallas, Texas, on October 3, 1963:

On January 21, 1964, Mrs. W. P. PEARSON, 117 Country Club Acres, Belleville, Illinois, viewed a photograph of LEE HARVEY OSWALD and immediately recognized photo as being that of OSWALD. She stated she has never seen OSWALD but recognized photograph from publicity and photographs appearing in newspapers and on television.

Mrs. PEARSON stated that her father resides in Laredo, Texas, and in September, 1963, suffered a heart attack. She stated she went to Laredo to visit him on approximately September 23 or 24, 1963, stayed ten days and then returned to Belleville, Illinois. Mrs. PEARSON stated that she departed Laredo on about October 3, 1963, via Trans-World Airlines to Dallas, Texas, where she changed planes to continue her trip.

Mrs. PEARSON advised that she recalled a Mr. BORCHERS and a Mrs. NEBLETT as being passengers on the same flight from Laredo. She stated she knew no other passengers. She further advised that she sat with Mrs. NEBLETT on this flight.

Mrs. PEARSON stated she cannot recall ever seeing OSWALD, either in Laredo or as being on the same flight from Laredo, Texas.

The following investigation was conducted by SA JAMES P. HOSTY, Jr.

AT IRVING, TEXAS

On November 23, 1963, Mrs. RUTH HYDE PAINE, 2515 West Fifth Street, Irving, Texas made available to Special Agents JAMES P. HOSTY, Jr., and JOE B. ABERNATHY a rough draft of a letter in the handwriting of LEE HARVEY OSWALD, which she found in her residence sometime during the middle part of November, 1963. This letter read as follows:

"Dear Sirs

"This is to inform you of events since my interview with comrade Kostine in the Embassy of the Soviet Union, Mexico City, Mexico.

"I was unable to remain in Mexico City (because I considered useless - crossed out) indefinitely because of my (visa - crossed out) Mexican visa restrictions which was for 15 days only. (I had a - crossed out) I could not take a chance on applying for an extension unless I used my real name so I returned to the U. S.

"I and Marina Nicholyeva are now living in Dallas, Texas. (You allready Ma - crossed out)

"The FBI is not now interested in my activities in the progressive organization FPCC of which I was secretary in (New Orleans, La. - crossed out) New Orleans, Louisiana since I (am - crossed out) no longer (connected with - crossed out) live in that state.

(November the November - crossed out) the FBI has visited us here in Texas on Nov. 1st. Agent of the FBI James P. Hasty warned me that if I attempt to engage in FPCC activities in Texas the FBI will again take an 'interest' in me. The agent also 'suggested' that my wife could 'remain' in the U. S. under FBI protection', that is, she could (refuse to return to the - crossed out) defect from the Soviet Union. Of course I and my wife strongly protested these tactics by the notorious FBI.

(It was unfortun that the Soviet Embassy was unable to aid me in Mexico City but - crossed out) I had not planned

to contact the Mexico City Embassy at all so of course they were unprepared for me. Had I been able to reach Havana as planned (I could have contacted - crossed out) the Soviet Embassy there (for the completion of would have been able to help me get the necessary documents I required assist me - crossed out) would have had time to assist me, but of course the stuip Cuban consule was at fault here. I am glad he has since been replaced by another."

XI. APPENDIX

FAIR PLAY FOR CUBA COMMITTEE

The April 6, 1960, edition of "The New York Times" newspaper contained a full-page advertisement captioned "What Is Really Happening in Cuba," placed by the Fair Play for Cuba Committee (FPCC). This advertisement announced the formation of the FPCC in New York City and declared the FPCC intended to promulgate "the truth about revolutionary Cuba" to neutralize the distorted American press.

"The New York Times" edition of January 11, 1961, reported that at a hearing conducted before the United States Senate Internal Security Subcommittee on January 10, 1961, Dr. CHARLES A. SANTOS-BUCH identified himself and ROBERT TABER as organizers of the FPCC. He also testified he and TABER obtained funds from the Cuban Government which were applied toward the cost of the aforementioned advertisement.

On May 16, 1963, a source advised that during the first two years of the FPCC's existence there was a struggle between Communist Party (CP) and Socialist Workers Party (SWP) elements to exert their power within the FPCC and thereby, influence FPCC policy. However, during the past year this source observed there has been a successful effort by FPCC leadership to minimize the role of these and other organizations in the FPCC so that today their influence is negligible.

On May 30, 1963, a second source advised that the National Headquarters of the FPCC is located in Room 329 at 799 Broadway, New York City. According to this source, the position of National Office Director was created in the Fall of 1962 and was filled by VINCENT "Ted" LEE, who now formulates FPCC policy. This source observed LEE has followed a course of entertaining and accepting the cooperation of many other organizations including the CP and the SWP when he has felt it would be to his personal benefit as well as the FPCC's. However, LEE has indicated to this source he has no intention of permitting FPCC policy to be determined by any other organization. LEE feels the FPCC should advocate resumption of diplomatic relations between Cuba and the United States and support the right of Cubans to manage their revolution without interference from other nations, but not support the Cuban revolution per se.

The CP and the SWP have been designated pursuant to Executive Order 10450.

For the information of the Bureau, only two Agents, namely ARNOLD J. BROWN and B. TOM CARTER have actually ever talked to or seen LEE HARVEY OSWALD prior to the assassination of President JOHN F. KENNEDY. Both of these Agents actually sat in on an interview of OSWALD which was conducted by former Special Agent JOHN W. FAIN (retired). My understanding is that FAIN is presently in Houston, Texas and acts as a business manager of a clinic there operated by his brother, Dr. ROBERT FAIN. Affidavit has been secured from SA JAMES P. HOSTY, JR. however, since case was assigned to him immediately prior to the assassination. KENNETH C. HOWE is the

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter to you dated February 11, 1964, advising that the FBI Laboratory had determined that the Ansco flash equipment recovered in this investigation does not fit any of Lee Harvey Oswald's cameras.

It has now been established through Mrs. Ruth Paine in Dallas that the Ansco flash equipment fits a Minoltaflex camera that is now in Mrs. Paine's possession. Mrs. Paine advised that the camera and flash equipment are her property.

Sincerely yours,

J. Edgar Hoover

NOTE: This is based on an inquiry from the Commission requesting additional information about the Ansco flash equipment. SA L. L. Shaneyfelt called Dallas on 2/11/64 and requested that they determine the source of the Ansco flash equipment.

Dear Mr. Rankin:

While being contacted by this Bureau on another matter, Frank A. Capell, editor of a weekly publication entitled "The Herald of Freedom," 45 Bay Street, Staten Island, New York, voluntarily furnished the following information:

A friend, whom Capell did not identify but did describe as an individual with sources close to the President's Commission, advised him that an attorney for John W. Stanford, an official of the Communist Party of Texas, apparently Maury Maverick, Jr., of San Antonio, Texas, had told Senator Ralph Yarborough of Texas that Stanford had definite information that Lee Harvey Oswald was an agent of the Central Intelligence Agency. According to Capell's source, Senator Yarborough reportedly turned this information over to the President's Commission. Capell furnished no dates for the above information.

The files of this Bureau indicate that in sworn testimony before the Subversive Activities Control Board in 1963 Stanford was identified as Executive Secretary of the Communist Party of Texas and a member of the Communist Party, USA. As a result of hearings before the Subversive Activities Control Board Stanford was ordered on December 20, 1963, to register as a Communist Party member with the Attorney General of the United States under the provisions of the Internal Security Act of 1950.

On December 27, 1963, several cartons of material including pamphlets by Communist Party, USA leaders were seized by Texas authorities in a search of Stanford's home in San Antonio, Texas, under a State of Texas search warrant. A Texas court has denied Stanford a writ seeking release of the items seized. Maverick, who has been publicly identified as attorney for Stanford, is reportedly in the process of appealing this verdict to the United States Supreme Court.

Maverick is reported as representing Stanford as part of his obligation as a member of the American Civil Liberties Union. Stanford requested the American Civil Liberties Union to represent him in attempting to obtain the release of the items seized in his home by Texas authorities.

The above is being submitted to you for your information.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

New York advised in teletype 2-10-64 that Frank Capell, editor of "The Herald of Freedom" had voluntarily furnished the following information when contacted re sources for his 1-17-64 article on the assassination of the late President Kennedy.

Capell stated that a friend of his, unidentified but described as an individual with sources close to the Presidential Commission, informed him that an attorney for John W. Stanford, Communist Party (CP) of Texas official, known only as "Mayerick, Jr.," of San Antonio, Texas, went to see Senator Ralph Yarborough of Texas and told the Senator that his client, referring to Stanford, had definite information that Oswald was a Central Intelligence Agency (CIA) agent. Senator Yarborough reportedly turned this information over to the Presidential Commission. Capell furnished no dates re the above information.

The files of this Bureau indicate that in sworn testimony before the Subversive Activities Control Board (SACB) in 1963 Stanford was identified as the executive secretary of the CP of Texas and a member of the CPUSA. As a result of the hearings before the SACB, Stanford was ordered on 12-20-63 to register with the Attorney General of the U.S. under the provisions of the Internal Security Act of 1950. On 12-27-63 several cartons of material were seized by Texas authorities searching Stanfords home in San Antonio under a State of Texas search warrant. A Texas court has denied Stanford a writ seeking release of items seized. Stanford's attorney, identified in the press as Maury Mayerick, Jr., of San Antonio, is reportedly in the process of appealing this verdict to the U.S. Supreme Court. Mayerick is shown in press reports as representing Stanford as part of his obligation as a member of the American Civil Liberties Union (ACLU). Stanford reportedly requested the ACLU to represent him in the matter concerning the seizure of material in his home.

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD
105-82555

Maverick, son of former U.S. Congressman Maury Maverick, Sr., ran in the Democratic primaries in Texas in 1960 seeking the U.S. Senate seat vacated by President Lyndon B. Johnson. Maverick has admitted receiving several hundred dollars from Billie Sol Estes as a campaign contribution and using Estes' airplane occasionally during the campaign. Maverick, however, has denied any business relations with Estes and has claimed he made no promises of favors to Estes if elected. Maverick's name and address appeared in the possession of the Fair Play for Cuba Committee in New York City in 1961, according to a confidential source.

Capell [redacted] Capell has described his weekly publication, "The Herald of Freedom," as devoted to combating communism, socialism and un-American activities. In 1943 Capell was arrested by this Bureau for accepting a $1,000 bribe in violation of an order of the War Production Board. He received a sentence of a year and a day but this sentence was suspended and he was put on probation for two years.

The 1-17-64 issue of "The Herald of Freedom" which was furnished to the New York Office by Capell is devoted to the assassination of President Kennedy. Capell has advised New York that the article was written from public source material. Capell has been requested to provide his sources on several points in his article.

In regard to Capell's reference to Senator Yarborough, it is believed that unless the Commission asks us to pursue further the allegation re Oswald's relationship with CIA, it will not be necessary at this time to contact the Senator with whom we have had generally cordial relations. However, the Presidential Commission and CIA are being advised of the material furnished us by Capell as well as brief background information re Stanford.

(From a Lyrical Diary)

I lived in hotels a great deal
And got off at various stations;
Anything stretching out ahead of me
Would eventually be left behind.
I was not bored in the provinces
And was pleased with changes;
I did not give the name of unfaithfulness
To my small transgressions.
I was looking for a remote one,
Unfaithful one, even if she would be
But a passer-by,
As long as she resembled you -
One like that, who probably does not even exist,
Someone whose eyes are sometimes grey, sometimes dark-blue,
Between the eyelashes sprinkled with snowy hoar-frost,
Which I would suddenly dream about.
Your tired face
Which does not resemble portraits,
Lips upon which snow melts,
Warmed up by me.
And your glance lazily thrown my way,
Which has always meant
That I was not the one you were seeking,
That I was simply someone
You were kind to,
Because on a snowy night,
When it was cold,
I warmed you, my good one,

That you, too, are not the one I desire,
But merely someone who resembles her?

* * *

I am pining away; I would like to find
Another one like you rather than go back,
But where can I find the arms
That I would miss so in separation?
Where can I find eyes filled with the same anger,
But rarely with tears?
The one who would always make me afraid that she will not come?
Where can I get another one like this, the one whom I forgive
anything?
With whom I would live risking to lose her at any time?
So that with every dawn, arising after a sleepless night,
To be as arrant as she is?
To spend the night
With the one so dissipated, yet so sweet,
And then not being able the next day
To take her either by force or caress?
So as to curse oneself next day with a longing
And to hear nothing but a hollow,
"Don't touch me!"
So as, on meeting her glance,
In a sleepless stillness,
To love two souls living within her, side by side.
Not to know what may happen between morning and night,
What soul would she turn to have;
Exhausted by her, I do not know how to live;
I would like to make my lot easier with another one,
But to replace her with another
That other one would have to be exactly like her,
Wicked and priceless,
And accursed like her.
No, there is no second one like her
In the entire universe.

* * *

I write to you every evening;
I tell you about everything
According to our long-time habit,
But when we meet in the daytime,
We are strangers who do not need each other.
It is terrible to think about what had been,
All that had already been.
Sometimes I am ready to think
That you did not love me;
It is possible to give a kiss without love;
Lips lie in the heat of passion;
But I saw your tears
And know your lips did not lie.

* * *

It is for the best, that you are not angry
Because in order to save myself trouble,
I write only from time to time.
Different letters are written -
Tearful, filled with pain;
Sometimes - beautiful,
More often - useless.
You cannot tell everything in letters
Neither can you hear everything in them;
We keep feeling that we cannot
Express ourselves in letters the way we should.
Should I come back, you would not have
To scold would-be husbands (?)
And should I die - there is nothing worse
Than rereading old letters.
It would not be difficult for you;
You would not have to cart them in wheelbarrow;
They would travel with you in a thin bundle.
And when you got married,
And would cry for me,
It would be easy for you to get them out
And to hide them
From him, the jealous one,
Locking yourself in your room.
And you would remember me, the lazy one,
With a kind word.
You would say that it was for the best
That without torturing your memory
He wrote to you only from time to time.

A SON

He was not young but brave;
He went toward the bullets without a long preparation;
He built bridges and crossings
And never lagged one step behind his soldiers.
He died on the very threshold of Berlin,
In the last mine field,
Without saying good-bye to his companion,
Without learning that she would bear him a son.
His wife was left in Tambov
And in the field-engineer regiment remained
The one who became his love
In forty-one, a year black with misery;
The one who did not think far ahead
Wondering what her future would be;
But marched through the entire war by his side
Without fear for her own life...
She did not want anything from him;
She did not ask him anything for herself,
But covering him from bullets with her own body,
She brought him out of the line of fire.
She nursed him nights on end,
Without taking any promises from him,
Neither to marry, nor to divorce,
Nor to write any wills for her.
She was not very beautiful,
With nothing remarkable about her womanly figure,
But, apparently, this did not matter;
But then, he had never even seen her wearing a dress;
Mostly, wearing boots,
With a medical bag, and wearing a forage cap,
On the stormy roads of war,
Where guns bray at the top of their voices.
Where did he see beauty in her?
Was it in the way she courageously conducted herself?
Or in the way she sympathized with the people?
Or the way she could love?
But she did love him very much,
Giving him her life irrevocably;
This is true; it cannot be denied...
Although he did not conceal from her the fact that he was married.
.....The colonel's widow receives her pension
For the dead one;
His eldest son is already independent and working;
Even his daughter has been married for a year.

But somewhere still lives another woman
Who was called his "war wife."
Only to her alone
Nothing was promised, nothing was willed.
Only to her alone and a little boy
Who is reading his first books,
Whom it is hard to clothe without patches
On her hospital nurse's salary.
Sometimes he hears about his father,
That he was kind, brave, and stubborn,
But he does not write his father's surname
Upon notebooks purchased by his mother.
He has a sister and a brother,
But what good is in this for him?
He does not ask for presents from them,
As long as they do not abuse his mother.
Even if she were guilty of something,
Before someone, long time ago,
But what hypocrite would worry about
Slapping a child's face?
Do not touch his soul with gossip!
The boy has the right to know in peace
That his father fell at the front
And his mother was twice wounded.
There is pinned to a wall rug, over his head,
A photo of an Oder crossing,
Where his mother stands by right
Next to his late father, the colonel.
She did not forget; she did not marry;
No one else needs her.
She is carrying her sorrow silently.
Kiss her hand when you meet her!

1955.

II

What has happened that we can no longer
Be together?
When was it that we said a wrong thing,
Made a wrong step and went on,
And at what hour,
At what thrice-accursed place
Did you and I make a mistake
And could we no longer correct it?
If we did know this place,
Then, perhaps, we could come back?
But we cannot find it,
And, moreover, it has never existed,
In our book of complaints
No complaints will be written down;
No matter how you leaf through it,
You would not be able to read anything.

* * *

If it so happens
That a woman does not love you,
You will only suffer shame
Hanging on to friendship.
Fortunate is the one
Who cuts off everything at once
And goes away, never to return...

("First Love")

Better to struggle in convulsions,
To be in delirium at death's door at night,
Than to take yesterday's murderer
As a family doctor.
Better than a slothful treatment
And your patience, (?)
That my poor heart
Die in suffering.

* * *

Not everyone can understand his own life;
One has to experience a great deal in life;
One could make a mistake, but not twice;
Otherwise, it would be difficult to live.
Life is boring, empty and uninteresting,
If you are unable to fall in love;
To fall in love with all your heart, honestly,
And be devoted only to your friend.
Beware of sudden infatuations,
The ardour will pass, but you cannot regain honor;
There will be too much distress
If you are unable to understand life's truth.
Do not deceive yourself with success
Among many young men;
They need you only for amusement,
But for life you need only one.
And when you meet him in life,
When you will feel that he is the right one,
You will realize that the others were only passing fancies,
The others were only a dream.
Perhaps your friend would not believe at once;
You understand, one must not trust chance;
But when you believe in his love,
Give yourself to him completely and forever,
Because your friend is jealous.
(Who among us was never jealous, friends!)
You will never be happy
Unless you give yourself wholly, (?)
If you have no friend by your side,
You are the only one to blame, (?)
You must not be angry with him,
All secrets of life are so simple.

If life makes you a victim of a crude joke,
And blocks the road ahead of you,
Just the same, stubbornly clenching your teeth,
Do not leave the road upon which you started.
You have the right to reproach him;
Although there are people who are worse,
But it is the way you look at it.

Broader or narrower point of view.
Narrower: oh, well, that is all right,
He is not a bad fellow, after all;
Do not demand too much of him,
Be grateful for what he is.
A broader view: alas, it is cruel;
You were not with him, my friends!
A Philistine in friendship
Is just a ...friend.

* * *

I may curse later
Your features;
To love you is like a disaster
To which there is no end.
There is no friend, no comrade
Who could drag me out of this conflagration
In the broad light of the day.
Despairing of salvation,
I dream in the daytime
And live near you
As near an earthquake.
When I get myself free of a phantom,
I will say in reply to a
Criticism against you:
"Why count her sins?
She is neither good, nor evil."

S. ESENIN

You do not love me; you are not sorry for me;
Am I not young and handsome?
You get rosy with passion
Without looking at my face,
Putting your hands on my shoulders.
Young one, with a sensual grin,
I am neither tender nor rough with you;
Tell me, how many did you caress,
How many lips do you know, how many lips?
I know, they passed like shadows,
Without touching my flame.
You sat in many a man's lap,
And now you are sitting in mine.

Let your eyes be half-closed,
You are thinking about something else.
I myself am not very fond of you,
Losing myself in the far-away dear things.
Do not call this ardour - fate;
A hasty bond is fickle;
As we meet by chance,
I will smile, calmly separating.
You, too, will go your own way,
To scatter joyless days.
Only do not touch the unkissed ones,
Do not entice the ones who have not burned!
And when you walk along the lane
With another, chattering about love,
Perhaps, I will go out for a walk
And we will meet again.
Turning your shoulders closer to another one,
And bowing slightly,
You will say low to me: "Good evening,"
And I will answer, "Good evening, Miss."
And nothing will trouble my soul,
And nothing will make her tremble,
One who loved cannot love again;
One who was burned, can no longer be ignited.

Good day, Marinochka,

I received your letter. Thank you for the photo. We all liked your husband very much and I am particularly happy for you, my little housewife and mother. I can imagine how much work and cares you have, but, just the same, I am happy for you, because you are quite well established and, according to you, your husband is an intelligent (*) man and, apparently, you have a delightful apartment, and since you are in good spirits, it is a pleasure to work. It is a shame, however, that you are so thin; you should try somehow to gain a little; and your hair, too, changed; it was better before, or is it just a different style? Main thing, this will be a hard year for you, but then the girl will get older and things will get easier and better for you. Now, a little about us and our family. Oleg is working this year in the same town with Galya; this is my last year of work before retirement. So far, everybody is in good health. I do not know how we will spend our vacation which comes in July. Marinochka, you write about some visa. Apparently, I did not get your letter and do not know anything about your trip. If you will have time, write about yourself and your family. I will be glad to know about your family and your health, but now you should eat more and keep calmer, otherwise your baby will be nervous, too, if she sucks nervous (sic) milk.

I kiss you.

/s/ E. N.

Dear Aleck!

So you are a father now. It is even nice that we have a girl. The delivery went off very well and fast. June was born at 10 o'clock. They sewed up only four small outside cracks. I myself did not expect that everything would be so fast. Aunt Valya will probably come to see you this evening. She has been here already today. Do not bring anything today. And tomorrow, bring only kefir (*) and some dessert. I no longer can have chocolates. You already know the rest.

I kiss you,

Hello Dear Marina and Alek!

We received your congratulations. We were very pleased and extremely grateful. It fell into my hands at the beginning of May. I don't know when it was sent, because Inna (Inesa) did not come to me. I don't know why, and I am not able to read the date.

Our Yulya is fully four months old; (born February 11, also 2 weeks earlier than expected, after the example of June) weight 3,100 (kilograms).

From the very beginning, she ate much, and accordingly grew a lot, but I thought maybe all that would be proven in the course of time.

From the beginning of the second month she was weaned. Now I give her juices, cereal, cod liver oil, vitamin D2.

I very much want to know, how your daughter June is growing. Did you have much trouble up to the first year? Now she is probably already running.

Great greetings from your unknown Aunt Olya and Uncle Kolya and small friend Yulya who live on the other side of the world.

Yulya likes to babble, and strongly works her arms and legs, and enjoys basking in the sun and smiles. (I already am dressing her in small overalls. She is so happy in them.)

That is so Marina. It is unbelievable that I have a daughter already. How unexpectedly and comparatively easy this happened. My husband has become a tender father and a more attentive husband.

Dear Marina!

Your letter is in front of me. I still cannot believe it. Goodness gracious, America! You know, I would be less surprised if you sent me a letter from space. At first I could not understand, why the U. S. A. (?) and who Marina Oswald was; then, after I opened the letter, everything fell in place. That is what I call a staggering surprise! I have always supposed that you can go far, but you surpassed all my expectations. In short, I congratulate you and wish tremendous (grossimus) happiness to all your family. Be sure and send me your photograph.

Well, and now, get ready. I am going to ask you an endless number of questions (after all, I belong to the female sex.)

I will begin with this: how did Aleck get to be in Minsk; where did he graduate from and, generally, what sort of a family has he? Is one dollar equal to our new ruble? Is it 200 dollars a week or do you speak of monthly earnings? Generally, write about everything in more detail; customs and manners of the local population. What is this state like? In short, put yourself in my place and answer all questions arising in your mind. Agreed? In my opinion, this is not too many questions for a start.

Oh, yes, most important: how about your citizenship? My advice - keep ours and register the girl in ours. Life is too complicated and different things may happen.

Well, now about me and everything else. I have just returned from my vacation. I traveled through the Northern Caucasus. It was wondorful. I bought a tourist pass and went. Of course, you only vaguely imagine me as a tourist, but a fact is a fact. I walked in the mountains and even carried a knapsack. The mountains were splendid. In short, recall paintings by Roerich the elder and there would be no need to describe anything for you. Afterwards, I licked my scratches in Sukhumi, on the shore of the Black Sea. I had a wonderful rest. On my way back I spent eleven days in Moscow; I covered it all, in length and breadth. All in all, I shook myself up in one respect and shook myself out in another. I am stony broke. Do not worry about the 500 dollars of debt you owe. Mine is only slightly smaller, a total of 200 rubles. All this is of no consequence.

Greetings Lee and Marina! Regards to your little girl!

Hope you arrived. How did you arrive? How does June feel?

Well, she "discovered" America at an early age. I received your card from Moscow very late as Lee put the wrong apartment number on the card. By the time the matter was cleared up May was over. According to the card you were to leave Moscow at the end of May. It is a shame I did not know when you passed through Minsk as I could have come down to the train. The day following after your departure for Moscow, Erik came to me. He said that he was not at home on that day and for that reason was not aware of your departure and did not visit you. A couple of days after you left, we visited your apartment. I am sending some photographs. I am glad you received the pictures I took at the train and the station. Unfortunately when I took photos of June, the camera was not set properly, and I'm lucky they came out.

I took several pictures to "Mister Ziger", and asked his daughter to give some of them to Tolya when she sees him. I don't know where he lives.

If the "Boeing 707" carrying this letter does not fall in the ocean, you will receive the pictures enclosed. The negatives will be forwarded in the next mail. Friend I found some more pictures for you.

Hello, papa!

It is the sixth day today since we have been at the hospital. June lost 200 grams in weight. Now (she weighs) 2,700 gr. plus 20 gr. which she gained yesterday. Aleck, I did not think it was so difficult to nurse a baby. June eats through your cover. But the milk rises before each feeding time and should be drawn off. It is so painful that it would be better if I gave birth to one more baby. Dear Aleck, immediately, this very day, buy for me and send me a breast pump (a portion of the line is torn off), so that the rubber bulb is taut, not soft.

I am afraid to get mastitis. Aleck, I became so awful looking that you would not recognize me. This is all because I worry about June not taking the breast. Also, they do not let you have enough sleep here - only from 2 a.m. to 5 a.m. I cannot imagine what I will do at home. Aleck, I also urgently need 1 ruble 20 kopecks. After all, I cannot walk around without a brassiere. Someone bought two for a woman here and she sold me one of them. I must pay her back. This is not for making myself beautiful, but to keep milk from getting stagnant. You all there do not even think about bringing me what I need. All you are doing is just asking what I need. After all, I wrote that you buy me some "Lilac" cologne or toilet water. I cannot bathe here. Bring me my ---(one illegible word). What are you doing; did you go to the movies? See to it that there is perfect order at home. Inessa and Olya and Aunt Lyuba visited me. Aunt Valya never came again; you, too, do not come, considering that you are doing me a favor. Oh, well, enough of this, I close.

A note addressed to "Oswald, Marina, 51st Ward, 3rd Floor":

Doar Marinka! Mamma Marinka!

We congratulate you on the birth of the little June. You are a brick - you did it so fast, you deserve an "A." How do you feel in your role of a parent? Your child is not spoiled yet?

The entire Minsk is excited and humming with joy. I am dragging behind me a whole train of greetings and good wishes, as follows: from Golfond, Zhelobo, (Olga?) Petrovna (who came especially from the rest home) Rita, myself, my parents, Smol, Lyusha (?), (for whom you procured akrofollin (acrifoline?) (*), and many others.

If you can, write something. Who does she look like?

Greetings Marina

I congratulate you on the new arrival in the family; may she grow into a good daughter (later, if you wish a son). How do you feel? How is the daughter?

I just returned from the factory and don't know if they will accept my message. It is already six o'clock.

This evening I'll stop in to see your better half. If you need anything please write. I am waiting. Hope to be home soon.

AUTOBIOGRAPHY

I, Oswald, Marina Nikolaevna, born Prusakova, Marina Nikolaevna, was born July 17, 1941, in Molotovsk, Arkhangelskaya Oblast. I entered the Russian Secondary School at Zguritsa, Moldavian SSR, in 1948. In 1952 I moved to Leningrad with my parents, where I finished seven classes of the 374th Secondary School for Girls. In 1955, I entered the Leningrad Pharmaceutical School from which I graduated in 1959. Up to 1957, I was supported by my parents, but from 1957 to 1959 I received a pension for my deceased mother and a scholarship at the school. On graduating from the school, I came to work in Minsk and at present I am working as an assistant at the Pharmacy of the 3rd Clinical Hospital of the City of Minsk.

I have relatives in the USSR:

Husband:	Lee Harvey Oswald, born 1939 in New Orleans, Texas (sic), U. S. A., and employed at the Minsk radio factory.
Stepfather:	Aleksandr Ivanovich Medvedyev, born 1915 at Leningrad and employed at the Leningrad Kokso gas works.
Mother:	Klovdiya Vasiliyevna Medvedyeva, born 1917, Archangel, worked for the Warsaw Railroad in Leningrad, died 1957.
Brother:	Petr Aleksandrovich Medvedyev, exact date of birth unknown, but born sometime after 1943 in Archangel.
Sister:	Tatyana Aleksandrovna Medvedyeva, born around 1949 and resident in the Moldavian SSR.

Hello, Marina,

I received your letter (long ago). You are already writing with an accent, often using the word "packet" (package)! They say in Russian "posylka" or "banderol", although it is "a packet" in English. Usually I show your letters to Inna, Paulik or the Zigers; to the latter - as occasion arises. After Inna read your letter, she decided to write to you; so did her mother. You probably have already received these letters.

It seems that everything here is the same as before. Lately we had -25-26° C. It is warmer now: -4-6° C.

I am graduating from the institute in a few months; I wonder, where I will have to work.

I feel that this letter is rather short. But to write about everything in detail would end in a whole notebook, a feat which I am incapable of (terribly lazy). It would be better if you ask questions. This way it would be simpler and faster.

How is June? She will be one year old soon. Quite a big girl! She ought to resemble you. I do not want to say that Aleck is not handsome, but, generally, I liked you better. You have regular features, etc., which I cannot say about Aleck (you do not have to show him this portion of the letter).

You, probably, already speak English well. I envy you. I am poring over my dictionaries and textbooks, but this is a far cry from a living speech.

I will write something for Aleck.

Dear Aleck,

Here is a letter to your wife. I wrote something about your face but I really didn't mean that. I always believed you to be a most attractive chap. I hope you are doing O.K. with your job and everything.

My best wishes to all you.

My dear Marinochka, we received your letter and a greeting card. Thank you very, very much for not forgetting us. I wept wholeheartedly when I received your letter the way you did when you received mine. Uncle Ilya was away on a business trip, so, in my excitement, I ran over to the Andrianovs and we all read it together. We are very pleased that Aleck is such a decent fellow. You know we liked him and now I like him twice as much as before in my thoughts. The photograph is beautiful. You look fine; little Marishka has grown a lot. I wanted so much to hold her in my arms. She does not look like you; she seems to me to be the very image of Aleck.

We were very glad to get your photograph. I look at it every day and it seems to me as though you are here, next to me. I will preserve it. You know that I love you, too, although I did scold you sometimes; but in my heart I was sincere. For me you took the place of a daughter and a friend. We are very sorry that you went so far away, but what can one do? Now we wish you only the best in life. Now you have an heiress growing up; someone to live and work for.

Everything is fine at home; everybody is alive and well. We had a wonderful New Year's Eve party as we always do. During the school vacation we had Aunt Musya's children and Misha from Borisov. Only yesterday I took home Aunt Musya's Marinka. She spent about 4 days with us; she is growing into a very interesting girl - intelligent and determined. She asked me, "Aunt Valya, show me the picture of Marina; I will look at it again and remember it forever."

We received a letter from Aunt Polina; she invites us to Sasha's wedding which will take place on February 16. I have not decided yet, whether to go or not. Marinochka, I asked you whether or not you put in a tooth; I am worried about it. Also, why do you not write anything regarding Aleck's relatives? How do they treat you? Please write.

Marinochka, we received your greeting card only yesterday. You are not writing the address correctly. Write it down and remember: Minsk 29, ulitsa Kommunisticheskaya, No. 42, apartment 20. Write letters more often; I will always gladly answer them. I like your letters very much and the way you write.

We have unusually cold weather this year; frosts started a long time ago and still persist. I am staying at home; as soon as I go out, my hands and feet freeze, although I am dressed very well for winter. Here is our news in brief.

Dear Maryasha, write to me the dates of your family's birthdays. I do not know the date when Marishka was born; I think you were born on June 15. We did not see any of your friends. Warm regards to you and Aleck from all the Andrianovs; they were very glad to be remembered. Lyalya has not married yet; right now she is in Riga, in practical training; she meets with Aleck (?).

We hug and kiss you,

/s/ Aunt Valya and Uncle Illya.

Kiss my "granddaughter" for me.

Today I received your post card, thank you dear, only I do not like your talk that you have a feeling that you will lose me. You will never lose me and that's all!

Today also I received a letter from mother. She sent me several books. She also tells me that you should learn to speak English.

I wrote back and told her that you do not want and (unintelligible). I sent her regards from you.

You can't tell when you will return. Tell me as early as you can. The weather is here cold and rainy.

And our personal affairs: I went, but they say, "no answer yet."

But that's alright. You will be home soon again. It will be so good to be with you.

I am glad that the baby is so active; that's good.

Hello, Lee and Marina!

I received your letter today after returning from work. I am answering it immediately, as I am overflowing with joy. I am already going to school. I am studying in my second year. Tomorrow I will go to work for the last time - I quit because I am studying in the daytime, with separation from production.

Marina, you won't regret if you subscribe to "Izvestia" with a Sunday Supplement, "Nedelya" instead of "Sovietskaya Belorussia." There is much of interest in this supplement because it is large in volume, approximately equal to ten newspapers. It contains some interesting stories, too. Apparently, you will receive magazines in the nearest future. The fact of the matter is that I sent them not via airmail (they are rather heavy for airmail) but by boat. So you will get them soon. I prepared another lot of magazines. I'll send them tomorrow. I have not yet received books in two packages which Lee sent me but, apparently he only sent them a short time ago; therefore, they have not had time to arrive. I think they will come soon.

By the way, Marina, please send me in a letter some technical article from the press about space ship "Mariner 2." I would like to know about it in more detail.

The incident of the crocodiles about which you wrote me is rather amusing; I like it. It even somehow resembles an anecdote; such an unexpected event. Marina you should not tell me that you are unable to fix the record player; we are not speaking of repairs, just a remodeling. It's too bad that

there are no uniform standards in the world for the most important things. In Europe 50 cycles originated in Germany and in your hemisphere 60 cycles - (originated) in America. The easiest thing would be to buy a small motor which would resemble ours in construction and size and to put it into that box.

Lee could do metal work better than I; after all I was a metal worker for only eight months. (This should only be doné in extreme case.) The speed of revolution may not coincide, and then you will have to match diameters of bushings just the same. For the beginning try to take off from the axle of the motor a small brass bushing. (A drawing of a motor follows with the following designations from top to bottom: bushing, notch to prevent sliding, axle of the rotor, motor. There is another statement in brackets. "The dotted line shows that axle is going through the entire bushing.")

So if you take it off, the speed of revolution of the disk will be diminished. I don't remember exactly the brand of your record player but if it is the most common its motor should be of this construction.

Marina, you are asking what kind of weather we have in Minsk. It is good for Fall but generally it's better than summer in the daytime. We had an exceptionally bad summer this year. We had snow in June exactly like the saying goes, "The snow on your head." Marina, you know that people write about the weather basically for two reasons: When there is no great desire to write, and when there is nothing to write about except the weather. They write in such cases: "and the weather here....(good or bad)." And further on: "the sun is shining (or it rains)." That's why I personally do not like very much to write about the weather.

I promised in this letter to send you Zhanna's address. Here is her address: Leningrad, Novgorodskaya street, Number 14, apt. 3, Zhanna Shishkova.

By the way, Marina, try to explain to Paul, that the basic idea of Pogodin's play "A Man With the Rifle," is contained in words: "Now we do not have to fear a man with the

rifle." This, as doctors say, is a quintessence. Thank you for sending me several numbers of "Amerika"; they will come soon. But if you want to see the magazine "Amerika" very badly, you can see it here; but you know "Amerika," just as the magazine "Soviet Union" (USSR) are not ordinary weekly magazines. From the beginning these magazines are prepared for abroad (for export). I would prefer to get from you the technical ones (of the type of our magazines "Knowledge Is Power," "Technology For Youth"), radio technical ones and the ordinary weekly magazines of the "LIFE" type, i.e., like our "Ogonek."

Goodbye, I am waiting for your letters

in my upbringing. This is a big boast. The other day I called up Nadya; I forgot her surname (you remember her, she was the only one among us, the inimitable one). She has troubles with her husband. Her girl is growing; right now she lives with her mother and is trying to put her nerves in order. Judging by a conversation with her, she hasn't changed a bit. As before, she likes to exaggerate everything and, just as before, she gets carried away with her own stories. She is sending you her warmest greetings. She expressed a wish to write to you but for some reason I didn't give her your address but tried to skirt around this question tactfully. How do you look at this?

I saw Tanya Boltenko and Zaitseva; the latter is so fat that I felt myself very svelte. Tanyusha is charming. She has blossomed out. They both work in pharmacies and I believe it suits them. Nadya works now at the chemical pharmaceutical plant in the shipping department as a comptroller. As far as I know this work it cannot bring much moral satisfaction but it seems it suits her.

Everything is fine at home. On Wednesday I am going to Moscow for three or four days. I have some compensatory leave and I am taking it. Most likely I'll go by air. You know it's cheaper than train, since they give 50 per cent discount to students. The round trip would cost me only eleven rubles. And I have someone to stay with; in short this will raise my morale; better mood and more energy; life is gayer. I am anxious to get into the Palace of Congresses and the Kremlin. I saw it from the outside but I didn't get inside at that time. Because there was a Congress at the time. I will write to you about everything in detail.

The weather is typically Leningrad weather. At first it snows, then melts, then slush. Dank humidity. Fie! I am waiting for snow. We rented a room in Toksovo; we will ski. You can imagine what kind of skier I am! I have "unusual abilities" along this line. Oh well, I'll show you yet! Yes, indeed.

Your sister hasn't called me. I am waiting for a letter from you, and, if there will be something for her, I'll visit her.

ENCLOSURE

Page 3 of letter dated 12/10/62

That's how it is, dear girl. By the way, did you know my neighbors? I don't recall. Well a neighbor died. Can you imagine? 31 years old. Nephritis. It's a terrible pity. Ancient grandmothers are still walking and here is quite a young man (died). But what will be, will be and, after all, how weak medical science still is. The human intellect reaches into the universe but the man dies because of some miserable human organs. This is stupid. Well let's not talk about this; it sounds like a requiem.

And how are things with you? What's new? Where do you go? In short (I want to know) about everything. I am waiting with impatience for your letter with June's photograph. Once more I wish you a happy New Year and raise the first glass of champagne for you.

Regards to Alek and June. Regards from all my family.

SUBJECT: BRIEF ON FBI INVESTIGATION OF THE ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

Lee Oswald

In connection with the captioned Brief prepared for the Director, there are attached new pages 95y and 95z which include information regarding the refusals of Lonnie Hudkins of the "Houston Post" and Joseph Goulden of the "Philadelphia Inquirer" to divulge the sources for their articles alleging Oswald was a FBI or Central Intelligence Agency informant. In addition, information is set forth regarding Bureau's contacts with Assistant District Attorney William Alexander of Dallas County and his denial of being a source for the allegation.

Also attached are notarized affidavits of pertinent Special Agents-in-Charge and Special Agents to replace the previously obtained unnotarized affidavits (Exhibit 2) which deny FBI attempts to develop Oswald as an informant.

Other revised pages attached include the cover page with date of February 14, 1964; page ii of the table of contents; and pages 180, 181, 183, 184, 185 and 190 of the index.

Revised pages are attached for inclusion in the Director's copy of the Brief and copies of the same pages are being furnished to other officials by ticklers.

Re Dallas airtel to Bureau, 2/5/64, and Bureau airtel to Dallas, 2/12/64.

Captain WILL FRITZ, Dallas PD Homocide and Robbery Bureau, advised on 11/23/63, of receipt by Dallas PD of telegram addressed to LEE OSWALD from HAROLD E. MC DERVID, Attorney, Chicago, on that date, but that telegram had not been delivered because OSWALD had expressly requested the services of JOHN ABT in New York City, or if ABT was not available, wanted to seek counsel from American Civil Liberties Union.

It was subsequently determined from Captain FRITZ that the telegram was delivered to OSWALD, that OSWALD took no action on it, and whereabouts of the telegram not known.

Captain FRITZ said the telegram was an offer by MC DERVID to act as counsel for OSWALD.

Records of Western Union, Dallas, reflect above telegram was delivered to Dallas PD and no copy maintained by local Western Union Office. Local office reflects telegram was from HAROLD E. MC DERMID, rather than MC DERVID.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20530

Dear Mr. Hoover:

The reports furnished the Commission by the Federal Bureau of Investigation reveal the following information regarding Oswald's trip to Mexico:

1. The report of Special Agent John M. Kemmy dated December 4, 1963 at San Antonio, Texas, at pages 10-18, indicates that 90 persons entered Mexico at Nuevo Laredo on September 26, 1963;

2. The same report, at peges 18-21, reveals that 24 persons departed Mexico at Nuevo Laredo on October 3, 1963;

3. Mexican tourist card No. 24085 was issued to "Lee, Harvey Oswald", showing that he entered Mexico at Nuevo Laredo on September 26, 1963, and departed Mexico at Nuevo Laredo on October 3, 1963 (Federal Bureau of Investigation Memorandum dated December 23, 1963, regarding Lee Harvey Oswald);

4. The report of Special Agent Warren C. DeBrueys dated December 8, 1963, at Dallas, Texas, at page 316, reflects Mexican Immigration Service records which show that on October 3, 1963, Lee Harvey Oswald departed Mexico at Nuevo Laredo, "Method of Travel: automobile, Destination: New Orleans, Louisiana".

We would like to bring to your attention the fact that although the tourist card issued to Oswald and the Mexico Immigration Service records both show that he entered Mexico at Nuevo Laredo on September 26th and left Mexico at Nuevo Laredo on October 3rd, neither the list of persons entering Mexico on September 26th nor the list of persons

departing Mexico on October 3rd shows Oswald's name. Yet both lists are purportedly complete.

We would appreciate further investigation in connection with the foregoing reports, and, in particular, an effort by the Federal Bureau of Investigation to resolve the following questions:

(1) Why does Oswald's name not appear on either the September 26 list of persons entering Mexico or the October 3 list of persons departing Mexico at Nuevo Laredo?

(2) Are these lists in fact complete except for the absence of Oswald's name?

(3) If both lists are complete except for Oswald's name, how can the disparity in number of persons on the two lists be explained?

(4) What is the explanation for the reference to Oswald's method of travel as being by automobile in the Mexican Immigration Service records? Does this mean that Oswald was actually in an automobile when he crossed the border, or does it mean simply that he stated his intention to travel to New Orleans by automobile after he had crossed the border?

(5) Is there any way from the information available that we can determine who might have been in any automobile with Oswald at the time he crossed the border or thereafter?

Thank you for your assistance.

Sincerely,

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORT

Date February 17, 1964

On February 16, 1964, WILLIAM S. SHIVELY, JR., 6650 North Clippinger Drive, Cincinnati 43, Ohio, advised he was unacquainted with any ALBERT OSBORNE or any JOHN HOWARD BOWEN.

He said he is a third-year student at the University of Cincinnati and had hitchhiked from Cincinnati to Laredo, Texas, during September, 1963, and bought a railroad ticket from there to Mexico City, Mexico, on September 22, 1963. He said he lived at the Royal Prince Hotel while in Mexico City and had also visited Veracruz, Mexico, for several days, staying at the Emporio Hotel. On October 2, 1963, he left Mexico City for Laredo, Texas, via a bus line, name unrecalled, since he failed to make train connections. At Nuevo Laredo, Mexico, Mexican authorities checked out the passengers on the bus by taking their Tourist Cards that were issued upon entering Mexico. He said his Tourist Card was taken also.

Upon being shown the photograph of ALBERT OSBORNE, he said he merely recalled seeing someone who looked like that person either at the bus station in Mexico City or on his bus ride from Mexico City to Laredo, Texas, on October 2, 1963. SHIVELY said he had no conversation with OSBORNE who was not recalled as traveling with anyone else. Also, SHIVELY stated he was unacquainted with the other passengers on the bus, which had about thirty passengers. He stated he could not remember where OSBORNE departed the bus and did not know his destination or whereabouts. Also, he said he was unable to recall what luggage, if any, OSBORNE had, or the type of clothing he wore.

SHIVELY advised he was unable to recall ALBERT OSBORNE's height, weight, color of eyes, color of hair other than greying, or any peculiarities. He said that had he had any conversation with OSBORNE, SHIVELY would have been able to furnish more information.

I. INFORMATION CONCERNING ALBERT OSBORNE, Also Known As JOHN HOWARD BOWEN

Mr. HOWARD GUNZ, Postal Inspector, Room 219 Federal Building, Detroit, advised that any mail which came to Detroit addressed to anyone merely by the address of General Delivery would be held at the Fort-Shelby Branch of the United States Post Office, which is located in the Federal Building.

This document contains neither recommendations nor conclusions of any kind. It is the property of the FBI, and is a loan to your agency; it and/or its contents are not to be distributed outside your agency.

Mr. HARRY PHILLIPS, Clerk, United States Post Office, Fort Shelby Station, Detroit, advised on February 14, 1964, that any mail which came addressed to anyone at General Delivery, Detroit, would be maintained at the General Delivery Window at that station. Mr. PHILLIPS advised that there is presently no mail for ALBERT OSBORNE or JOHN HOWARD BOWEN, and he cannot remember any mail having been there for anybody by that name in the recent past. Mr. PHILLIPS also advised that there had been no change of address card left there for anyone by that name.

On February 14, 1964, Detective Sergeant RAY HOWELL, Special Investigations Squad, Detroit Police Department, advised SA RICHARD J. DONOVAN that that squad handles confidence game and fraudulent scheme investigations for the Detroit Police Department. He advised that from his personal knowledge of recent cases handled and from inquiry with other detectives on the squad, he had no knowledge of any investigation concerning OSBORNE being conducted by the Detroit Police Department.

Sergeant HOWELL advised SA DONOVAN that the Detroit Police Department has a record, number 39577, for one ALBERT OSBORNE, but that this record is for the period sometime between 1935 and 1940; and, in view of the lack of identifying information, he could not determine if this record pertained to the Subject of this inquiry.

Mr. JOHN TAYLOR, Staff Executive, Better Business Bureau (BBB), 150 Michigan Avenue, Detroit, advised that if OSBORNE was making a legitimate solicitation for funds for missionary work in Mexico, he would, in all probability, register with the BBB inasmuch as most business places would not honor such a solicitation unless he were registered. He advised that BBB records contain no information of any such registration by OSBORNE. Mr. TAYLOR further advised that if any inquiries came to the BBB concerning such a solicitation, that they would be answered by him and that he could recall no such inquiry having been received.

Mr. TAYLOR also advised that records of the BBB indicate that one ALBERT H. OSBORNE, SR., age 46 in 1954, had been indicted on a mail fraud charge filed by the United States Post Office Inspectors on September 30, 1955, which charges arose from the Orange Frosty Corporation, San Antonio, Texas. He said these records indicate that OSBORNE was at that time in the United States Reformatory, Terre Haute, Indiana, for Income Tax Evasion. Mr. TAYLOR advised that these records contained no further identifying information concerning this individual, and he was unable to determine if he was identical with the Subject of the present inquiry.

Mr. DOUGLAS MULLER, Detroit Board of Commerce, 320 West Lafayette, Detroit, advised on February 14, 1964, that the Board of Commerce occasionally receives inquiries from various business places and individuals concerning solicitation of funds when such are being conducted in Detroit. He advised that he usually receives such inquiries and that he recalls having received no indication that OSBORNE is in the Detroit area making any type of solicitation for funds.

Miss MARGARET MC GREGOR, Social Services Department, Detroit Council of Churches, 65 East Columbia Street, advised on February 14, 1964, that her office occasionally receives inquiries concerning the legitimacy of solicitation for funds concerning religious matters. She advised that her office has received no information that OSBORNE is in the Detroit area making any type of solicitation for funds.

Reverend JAMES A. MOONEY, Catholic Missions Office, Archdiocese of Detroit, 1234 Washington Boulevard, Detroit, advised that his office receives inquiries for information concerning the solicitation of funds for religious purposes in foreign areas. He said he had received no information indicating that OSBORNE is in the Detroit area.

II. INFORMATION CONCERNING A SPEECH BY MARK LANE CONCERNING THE OSWALD CASE ON FEBRUARY 14, 1964, AT DETROIT

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

Date February 18, 1964

On February 14, 1964, in the second floor auditorium of the Central Methodist Church, Woodward and Adams Streets, Detroit, Michigan, MARK LANE, who described himself as a lawyer from New York and the attorney for Mrs. MARGUERITE OSWALD, made a speech concerning the LEE HARVEY OSWALD case.

LANE said that he did not have any confidence in the WARREN Commission which is investigating the assassination of President KENNEDY because it is obvious the Commission has arrived at the conclusion that LEE HARVEY OSWALD is guilty of the assassination, and the Commission is going to concern itself with questions other than the guilt or innocence of OSWALD. LANE said, however, that his investigation of the facts surrounding the assassination has led him to believe that there are serious doubts concerning OSWALD's guilt. In response to a question after his speech, LANE said he did not believe there was enough evidence of OSWALD's guilt to warrant bringing any action against him in a court of law, had OSWALD not been murdered.

LANE said that he became interested in the OSWALD case because over the years he has become alarmed at the erosion of the "presumption of innocence" concept which is supposed to be the cornerstone of American justice. He said the OSWALD case represents the degree to which this concept has been replaced by a presumption of guilt since OSWALD is considered guilty without the benefit of a trial, the right to cross examine witnesses and present evidence in his own behalf. He said that his subsequent inquiry led him to believe that OSWALD was guilty of neither the assassination of President KENNEDY nor the murder of Dallas police officer, J. D. TIPPITT.

LANE said the factors which most caused him to believe that OSWALD was innocent was the manner in which certain important stories bearing on the case were altered by either the Dallas District Attorney, the Dallas Police Department, or the Federal Investigating Agencies to conform with the actual facts as they were later discovered or developed. LANE cited as an example of an instance in which stories were changed, the fact that when the KENNEDY murder weapon was first found, the Dallas District Attorney identified it as a German 7.65 mm rifle. He said the Dallas District Attorney later changed his story to the effect that

the murder weapon was actually an Italian rifle of 6.5 caliber when it was discovered that OSWALD owned a rifle of the latter type.

LANE cited as another example of a changed story a statement given by Dr. PERRY of Parkland Hospital, Dallas, who stated he had inserted a breathing tube in the President's throat through the wound in his throat, that the wound had been an "entry" wound and that the wound had coursed downward into the chest cavity. LANE said that Secret Service Agents had later shown Dr. PERRY an autopsy report from Bethesda Naval Hospital, and Dr. PERRY changed his story that the wound in the President's throat had been an "entry wound" without explaining the reason for changing his story. LANE said that if the wound in KENNEDY's throat had, in fact, been an entry wound, it would have been impossible for OSWALD to have fired the shots from the Book Depository Building because photographs showed that KENNEDY was facing forward or slightly to his right when he was hit.

LANE said he believed that the shots which killed the President had, in fact, been fired from the overpass which had been in front of the car at the time the President was hit. He said that the first reports on the Dallas Police radio were to the effect that three shots had been fired from the overpass and that police officers were pursuing someone in that direction.

LANE said that another indication that OSWALD was innocent were the results of paraffin tests conducted on his hands and face. He said these tests indicated the presence of nitrates only on OSWALD's hands, however, he said this test is not positive proof that a gun has been fired since other common products will also give positive results in this type of test. He said further that the paraffin test on OSWALD's face was negative, and this was definite proof that OSWALD had not fired a rifle because if he had the paraffin test on his face would not have been negative.

LANE said that the factors which caused him to believe that OSWALD was innocent of the murder of Officer TIPPITT were the questionable information concerning OSWALD's location after the assassination and discrepancies in information given by a woman who was an eye-witness to the murder. LANE said he had a copy of an affidavit this woman had furnished to the Dallas Police Department, and this affidavit contained no description of the person she had seen shoot TIPPITT. He said that, however, when this woman had been interviewed by reporters, she had given a description of a person she had seen that was at complete variance with OSWALD's actual description. He said this discrepancy had never been explained.

U.S.

LANE said he is presently engaged in a nationwide speaking tour to publicize his findings in the OSWALD case and to raise funds so he can continue his investigation in the matter. He said his tour is sponsored by the "National Guardian" and also said that an earlier issue of that publication had carried a complete copy of the brief he had prepared concerning the OSWALD case. He said that all of the points he had discussed in his speech, as well as other points, were contained in this brief.

In response to a question from the audience, LANE said that in about two weeks he was going to attempt to get an appointment with the United States Attorney General KENNEDY and present the brief he had prepared, as well as other evidence he had developed concerning OSWALD's innocence to that official.

The entire program lasted from 8:15 P.M. until 10:30 P.M. and, in addition to the speech by LANE and a question and answer period by him, consisted of an introduction which lasted about eight minutes, a collection speech for the "National Guardian" and the passing of collection plates, lasting about fifteen minutes; and another speech urging the members of the audience to subscribe to that paper, lasting about five minutes. The latter talk also urged donations for LANE to continue his investigation into the OSWALD case, and it was indicated that such donations could be made to an individual seated at the back of the auditorium where LANE presented his speech.

A characterization of the "National Guardian" is contained on the appendix page attached hereto.

Memorandum

TO : Mr. DeLoach

DATE: 2-12-64

FROM : M. A. Jones

SUBJECT: ALLEGATION THAT LEE HARVEY OSWALD WAS AN FBI INFORMANT; INQUIRY FROM [redacted]

By memorandum dated February 12, 1964, you (Mr. DeLoach) advised Mr. Mohr that [redacted] had called you from New York concerning the communists' efforts to convey the impression that Lee Harvey Oswald was an FBI informant.

In your memorandum of February 12th, you noted that public source material was being compiled for [redacted] possible assistance in preparing a column which would expose the fact that the communists are attempting to spread this rumor as a smoke screen since Oswald was a self-described Marxist.

In connection with this matter, the Director noted, "Help him [redacted] all we can."

Attached is a 15-page blind memorandum containing public source information about this communist campaign. This contains information regarding various maneuvers in the communist campaign to label Oswald an FBI informant while, at the same time, denying or belittling any evidence of his sympathies for the Communist Party, the Soviet Union, or Castro-dominated Cuba.

RECOMMENDATION:

That the attached blind memorandum be made available to [redacted] through your (Mr. DeLoach's) office.

STEPPED-UP CAMPAIGN OF THE COMMUNISTS TO PAINT "FBI INFORMANT" LABEL ON LEE HARVEY OSWALD

When Lee Harvey Oswald assassinated President John F. Kennedy in Dallas, Texas, on November 22, 1963, he instantaneously became an enigma to the communists, at home and abroad. Had Oswald not lived in the Soviet Union from October, 1959, through June, 1962? Had he not visited the U. S. Embassy at Moscow in the Fall of 1959, and in the presence of news representatives declared (1) that he was completely disillusioned with the United States; (2) that he had become interested in Marxism at the age of 15, had studied Marxist economic theories, and regarded "Das Kapital" by Karl Marx as his bible; and (3) that he wanted to spend the rest of his life in the Soviet Union?

After his return to the United States in June, 1962, with his Russian bride, had Oswald not carried on sympathetic correspondence with the Communist Party, USA, and its East Coast newspaper, "The Worker"? Had he not helped to promote the cause of Fidel Castro by becoming an active member of the Fair Play for Cuba Committee?

In fact, while participating in a radio program on New Orleans Station WDSU on August 21, 1963, had he not identified himself as Secretary to the New

Orleans chapter of the Fair Play for Cuba Committee and acknowledged that he (Oswald) was a Marxist?

The publicity afforded these and other Marxist-inspired activities of Lee Harvey Oswald proved highly embarrassing to the Soviets and the Communist Party, USA. Late in November and early in December, 1963, to create the illusion of showing "good faith," both the Soviets and home-grown Party leaders furnished the United States Government copies of correspondence concerning their association with the then-deceased assassin.

And almost simultaneously, an intensive campaign was launched by the communists to label Oswald an FBI informant and create the false impression that he had special FBI-inspired motives for declaring himself to be a Marxist.

SPEARHEADED BY "THE WORKER"

The November 26, 1963, edition of "The Worker" published several articles setting the stage for sensational charges that, prior to the assassination, Oswald had been cooperating closely with the FBI. Page 2 of this issue contains an article captioned "Pravda Sees Racist Hand in the Murder." This quotes "Pravda's" New York correspondent, Boris Strelnikov, as saying:

"After the arrest of Lee Oswald, a 24-year old ex-Marine, it was announced that he had been

in the Soviet Union and was allegedly associated with the local organization of the 'Fair Play for Cuba' Committee. Oswald was officially charged with the murder of the President. However, Oswald categorically denied this charge.

"The more details are reported, the darker and more suspicious all this story becomes. Reports based on statements of Dallas police officials so far indicate only that the police are trying to implicate, with obviously, provocative purposes, the Communist Party of the United States.

"But the very method of this terroristic act is not new for the U.S. It is reminiscent of other, smaller acts of gangsters, whose connections often lead to high-place extreme right-wing quarters."

Page 7 of the November 20th issue of "The Worker" contains part of an article captioned "Dallas Coverup, but U.S. Wants Real Probe." This states, in part, "As late as last July, according to press accounts, Oswald turned up in Miami and sought to join the Cuban Student

Directorate, an anti-Castro outfit, but Jose Antonio Lanuza, spokesman for the student outfit, said his group (also defying U.S. policy on Cuba) was suspicious of Oswald as possibly an FBI or CIA agent 'trying to find out what we might be up to.'"

Page 1 of the December 3rd issue of "The Worker" contains an article captioned "Was Oswald an Agent? Was FBI Tipped on Ruby?" This states, "A description of Lee Howard Oswald's notes scribbled on scraps of paper...lent strong evidence that the suspected assassin was an agent of rightist groups and possibly of U.S. government intelligence."

Having deliberately published false theories and reports of its own, as well as unsubstantiated rumors from other sources, "The Worker" now moved into the next step of its campaign to paint the label of "FBI Informant" across the coffin of Lee Harvey Oswald. The December 10th issue of this East Coast communist newspaper carried the banner headline: "Report FBI Tried to Recruit Oswald for Undercover Work." The lead article on page 1 began:

> "The seven-man commission headed by Chief Justice Earl Warren gets to work this week on its investigation of the assassination of the President, and one of the many questions it will probably sift is whether Lee Harvey Oswald, the suspected assassin,

was an undercover informant of a government agency.

The commission's request from Congress of sweeping subpoena powers, is seen as an indication of plans to do more than just pass judgment on evidence already submitted by the FBI or the Dallas police.

"The Federal Bureau of Investigation tried to recruit Oswald as an 'undercover informant' last September about two months before the assassination of President Kennedy, the Philadelphia Inquirer disclosed Sunday in a Dallas dispatch of its reporter, Joseph C. Golden, but the story does not throw light on whether the FBI succeeded.

"The FBI approached Oswald after he shifted to Dallas from New Orleans, where among his operations was an effort to enter the Cuban Student Directorate, an outfit of refugees working for invasion of Cuba, and later, without authorization, to pose as 'chairman' of the Fair Play for Cuba Committee."

The December 17, 1963, issue of "The Worker" contains another page 1 article about Oswald which states, in part:

"Many newspapers in the country, although usually heeding the tune from FBI headquarters, have

been doing some independent reporting on events surrounding the assassination. And much of this reporting has been clearly not to the liking of the FBI and, apparently, some other U. S. agencies. The reports were throwing more light on the character of Oswald--and the increasingly strong evidence that he was an undercover agent of one of several government outfits in the field.

"The 'enigma' of Oswald might be cleared up if the FBI, State Department, Central Intelligence Agency, Dallas police or the government's agencies handling the pro-invasion Cubans in this country, would at least reply to published evidence that Oswald was an undercover agent.

"Why has the government, or the CIA, remained silent on a story of the news services and the special correspondents in Dallas of many newspapers published from coast to coast on Nov. 29 and 30, giving clear indication that Oswald went to the Soviet Union as a secret anti-Soviet agent?"

An editorial on page 2 of the December 17th issue tells readers of "The Worker" that "revelations are being made that pointedly suggest that Lee Harvey Oswald was in the service of Hoover's FBI and of the CIA."

Page 7 of this issue contains an article asking, "Why hasn't the FBI answered the disclosure in the Philadelphia Inquirer of Dec. 8 that the FBI 'tried to recruit Oswald as an undercover informant in Castro groups two months before Mr. Kennedy's assassination?'" The article also asks, "Was Oswald recruited (by the FBI)? Or was he already serving another agency?" It poses numerous other questions--all designed to create the impression that Oswald was employed by, or working in close cooperation with, the G-Men--and offers a ready answer: "The only possible explanation...is that Oswald was an agent 'all right'...."

Page 7 of the December 17th issue puts aside Oswald's Marxist background with the statement:

> "That Oswald should proclaim himself a 'Marxist' as he had on occasions, and that he should write letters to left or liberal organizations to give himself the 'image' of someone interested in

the left shouldn't surprise anyone. Every plant of the FBI, CIA, or any other agency that uses hired informants in Communist or other progressive groups is REQUIRED to profess adherence to left and even Marxist views, to be accepted and effective in the groups he infiltrates."

"The Worker" continues this smoke screen in its December 22nd issue with statements such as:

"...is it true that Oswald was an undercover man?

"The FBI's silence on this appears to suggest eloquently that there is more to those reports than meets the eye."

Gus Hall, General Secretary of the Communist Party, USA, prepared an article for the December 29, 1963, issue of "The Worker" in which he flicks aside the un-American sympathies of Oswald by stating, "Needless to repeat he (Oswald) never was a Communist or Marxist. He wrote letters to the Communist Party asking for literature and information, as did thousands of others from all walks of life. The pattern he displayed of writing to every possible organization, of attempting to get into all types of organizations, both Right and Left, is not uncommon. This behavior is either that of a mentally deranged individual, or it fits

the pattern of the many who have appeared as petty government informers in political trials and witchhunts, and who are paid according to the number of organizations or individuals they report on."

In its January 5, 1964, issue, "The Worker" told its readers that Mrs. Marina Oswald, widow of the President's assassin, "could possibly throw light on much reported evidence of her husband was an informer for the FBI, or was in some other undercover service for one of the State Department's agencies."

Page 1 of the January 12, 1964, issue of "The Worker" contains a double-bank headline reading, "Texas Paper Cites More Evidence On Oswald's Link to U.S. Agencies." This states:

"More evidence has come to light to confirm the theory that Lee Harvey Oswald was an undercover informer for a U.S. agency.

"The Jan. 1 issue of the Houston, Tex., Post displayed on its front page a report by Lonnies Hudkins, its staff correspondent, under the headline, 'Oswald Rumored as Informant for U.S.' This report is the strongest yet published on Oswald's possible informer role."

The article continues, "The Worker has been running material pointing to Oswald's possible role as an informer for the FBI, the CIA or other U.S. undercover agencies." It also states, "That Oswald may have been an undercover informer does not mean that he was the actual killer or had even knowledge of the plans to kill the President. He may have been a 'patsy' chosen to be the victim precisely because he was known to be an informant and could be given a 'Marxist' image, and then be silenced."

On January 19, 1964, "The Worker" reiterated previous conjecture regarding Oswald and carried the "plot" a step further:

> "Numerous questions remain unanswered. Was Oswald an undercover agent for the CIA or the FBI that sought to recruit him? Much evidence has appeared to support that contention....
>
> "Where would the planners (of the assassination) look for a 'fall guy' if not through their notoriously numerous contacts in the FBI, secret service and Dallas police and their stables of paid informers and provocateurs? Is it not well known that the rash of ultra-rightist organizations, some like the

Minutemen who boast they bear arms, even machine-guns, and the Birchites, Rockwell's Nazi Party and the Nationalist Party, have a relatively higher percentage of support among military and police forces than among other sections of the population. Many of them have top military men in leadership.

"Oswald may have been an undercover agent for the U.S. and not necessarily guilty, or even fully aware of the plans. He may have been used like the drugged and witless Van Der Lube who was used by Hitlerites to set the Reichstag on fire in 1933, and then labeled a Dutch Communist."

"POLITICAL AFFAIRS" AGREES

"Political Affairs" is self-described as the "Theoretical Organ of the Communist Party, USA." Therefore, it comes as no surprise that "Political Affairs" has energetically espoused the same "line" concerning Lee Harvey Oswald as "The Worker."

In its December, 1963, issue, "Political Affairs" attempted to place responsibility for the assassination of President Kennedy at the feet of "the pro-fascist ultra-Right forces." It flatly

denied "all insinuations or declarations by anybody that the suspect now arrested, Lee Harvey Oswald, has any association with the Communist party."

The January, 1964, issue of "Political Affairs" contains an article concerning the President's assassination by Herbert Aptheker, who has appeared on a number of college and university campuses on behalf of the Communist Party in recent years. Aptheker's article states, "Features in the known behavior of Oswald strongly suggest the pattern created by agents and informants of the FBI. He joined, communicated with, subscribed to and contributed money towards (again the availability of cash is strange) a whole gamut of organizations, efforts and publications; this included organizations sympathetic to the New Cuba and groups seeking the violent overthrow of that Cuba, it included the Communist Party, the Trotskyites, the American Civil Liberties Union--and all this rather feverish activity in a matter of a few months. During this period, also, it is now firmly established, Oswald was interviewed several times by agents of the FBI." And it continues, "Other features of Oswald's behavior just prior to the awful week-end also suggest unsavory informer or intelligence connections."

"THE NATION"

"The Nation"--one of the most consistently and outspokenly anti-FBI publications in the United States--eagerly seized the opportunity to reiterate the mounting number of unfounded rumors, as well as to add some of its own, when it published an article by Harold Feldman entitled "Oswald and the FBI." This article appears in the January 27, 1964, issue. It demands that the Presidential Commission "must tell us if the FBI or any other government intelligence agency was in any way connected with the alleged assassin, Lee Harvey Oswald."

Feldman's article in "The Nation" is woven around such statements as:

> "Was the alleged assassin of President Kennedy employed by the FBI? We have seen a news report that the agency tried to recruit him and that it has refused to say whether he accepted the offer. At present, all we know is that his history, as we have been able to piece it together, is not inconsistent with such employment. Indeed, his financial record seems entirely inexplainable unless we make some such hypothesis."

The article reaches so far into the depths of distorted reporting as to pose the multipronged question: "If the FBI did not employ Oswald or work with him, then who wrote the letters he addressed to the Fair Play for Cuba Committee in New York?"

RUMORS PUBLISHED ABROAD

False reports inferring that Oswald was an FBI informant have been picked up by correspondents of foreign newspapers and published abroad. In Italy, for example, articles were published by several newspapers early in February, 1964, under headlines reading, "CIA Sent Oswald to USSR"; "FBI Used Oswald as Provocateur"; "Lee Oswald Employed by FBI"; and "Oswald in Service of FBI." Among the Italian leftist newspapers to publish such false reports was "Unita," a Communist Party publication.

COMMUNISTS IN TEXAS

John William Stanford, Jr., 39-year-old resident of San Antonio, Texas, and long-time adherent to communism, was afforded a hearing before the Subversive Activities Control Board at Washington, D. C., in September, 1963; and on December 20, 1963, the Board ordered Stanford to register with the Attorney General in compliance with the Internal Security Act of 1950.

Although he has declined to admit being a leading Texas Communist, Stanford has been most emphatic in denying that Oswald was affiliated with the Communist Party in Texas. On December 2, 1963, he publicly stated at San Antonio that Lee Harvey Oswald could not have been welcome in the Communist Party. He continued, "From what I understand, the National Communist Party has said he had no connection with the Party.... From what I know of the Party, I am sure anyone with his (Oswald's) ideas would be persona non grata in Texas." (Washington Capital News Service, 12/2/63)

BEST DEFENSE IS AN ALL-OUT ATTACK

Here, then, is the time-honored tactic which the Communist Party, USA, has used to cloud and confuse the true background of Lee Harvey Oswald:

(1) Deny and defend. ("Of course, Oswald wasn't a Marxist. His sympathies didn't lie with the Communist Party, the Soviet Union, Castro's Cuba or other causes supported by true progressive-minded liberals.")

(2) Raise a smoke screen of false charges and go on the attack. ("There is a preponderance of evidence to show that Oswald was an FBI Informant--a fascist agent provocateur.")

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA

At 10:45 a.m. today, in the absence of Malley, SA G. H. Scatterday received a telephone call from Mr. Charles N. Shaffer of the President's Commission. Shaffer stated that one of the staff members of the President's Commission, Melvin Eisenberg, desired to examine the Oswald rifle, which could either be sent to the Commission or Eisenberg could call at the Bureau.

It was ascertained that the rifle is maintained in the Laboratory and had previously been examined by staff members of the Commission and there would be no objection to its again being examined by Commission representatives.

Arrangements were made with the Laboratory for a representative of that Division to deliver the rifle to Mr. Shaffer today.

SUBJECT:

LEE HARVEY OSWALD
Internal Security - R - Cuba

At 11 a.m. on 2/16/64, SAC Shanklin called from Dallas to advise that Attorney Pete White, former Assistant District Attorney, who is a friend of our Dallas office, advised that his law partner, William A. McKenzie, is going to represent Robert Oswald at his appearance before the President's Commission this coming Thursday, 2/20/64.

After Marina Oswald testified before the Commission, she was turned loose by Secret Service, which had up to that time afforded her protection. She stayed in Washington a day or so and returned to Texas where she stayed for several days with Robert Oswald. She is now living with Mrs. Katherine E. Ford, in Dallas, who is an acquaintance of hers (we have previously talked to Mrs. Ford--see page 258, report of SA Gemberling, Dallas, dated 11/30/63).

According to Attorney White, Marina was accompanied by her attorney, Thorne, and her business manager, James Martin, in Washington, D. C., and they had adjoining rooms in a hotel. One night after Secret Service turned her loose [redacted]. SAC Shanklin said that Attorney White was advising us, not as a complainant, but because he thought we should be aware of this.

SAC Shanklin said that we are interviewing Marina Oswald on 2/17, and also Robert Oswald on 2/17, concerning matters involved in the Oswald case. He said Attorney Thorne had been contacted, and Thorne said that Marina Oswald had sent her business manager, Martin, and Attorney Thorne, registered letters discharging them.

ACTION:

105-82555 UNREC.

I told SAC Shanklin to go ahead with the interviews of Marina Oswald and Robert Oswald on the matters concerning the Oswald investigation, but not to question them concerning this alleged incident between Marina and her manager in Washington, D. C. If either one of them volunteers information, the agent should, of course, accept it.

Attached are letters to the Department and the President's Commission, reporting this incident.

Dear Mr. Hoover:

I have been revieving several Bureau reports in connection with our investigation of George and Jeanne De Mohrenschildt and their possible connection with either the assassination of the late President, John F. Kennedy, or the subsequent killing of Lee Harvey Oswald, or both. In this connection, I have particularly reviewed the reports of Special Agent Gemberling, dated November 30, 1963, December 10, 1963, December 23, 1963, January 7, 1964, and January 22, 1964; as well as the report of Special Agent DeBrueys dated December 8, 1963.

To the extent not covered in the above listed material, the Commission has asked me to request that your Bureau initiate a full-scale background intelligence type report of the De Mohrenschildts if you have not already done so. If you are agreeable to this request, I would suggest that the proposed investigation include the background data on the De Mohrenschildts' marriages, education, employment, relatives, associates, travel and financial activity.

Your continued assistance in the work of this Commission is greatly appreciated.

Sincerely,

Mr. Melvin Eisenberg, attorney with the President's Commission, telephonically advised today that the Commission was desirous of re-examining the available films in connection with the assassination of President Kennedy. Eisenberg states that arrangements have now been worked out by the President's Commission so that the original film taken by Abraham ZaPruder, which was sold to Life, Time, Inc., will be available, and he desired Mr. Shaneyfelt of the Laboratory, as well as a representative of the Exhibits Section to be present.

After checking with Mr. Shaneyfelt concerning his availability, as well as Inspector Gauthier, appropriate arrangements were made for the group to get together at 10:00 a.m., Tuesday morning, 2-25-64, at the offices of the President's Commission where the scale models would be available for discussion, if they were necessary.

You will be advised of any items of interest that develop from the showing of these films.

On February 10, 1964, Mr. Robert A. Bennett, 8813 Holbrook, Pico Rivera, California advised that he had recently written a letter addressed to the editor "Mining Journal", Ishpeming, Michigan expressing the opinion that Supreme Court Justice Earl Warren would not give a fair and impartial investigation concerning the Lee Harvey Oswald case.

Mr. Bennett stated that he is a member of the John Birch Society and that this letter merely expressed his opinion concerning this matter. He stated that he does not have any information concerning the assassination of President John F. Kennedy and did not know Lee Harvey Oswald or his wife Marina Oswald. He said that the only information that he has is what he has obtained through reading newspapers and other publications such as the Dan Smoot Report.

The following investigation was conducted by SA HORACE H. WILLIS:

Mrs. WILEY UPTAIN, Route 2, Leighton, Alabama, advised February 13, 1964, JOHN HOWARD BOWEN lived at her home during most of approximately two weeks he visited North Alabama, in late January and early February, 1964. She advised she did not know details of BOWEN's itinerary en route back to his home in Mexico; however, she said she transported BOWEN to Russellville, Alabama, on February 10, 1964, where he said he planned to board a Greyhound Bus at 11:32 A.M. February 10, 1964, en route to Mexico, the exact place she did not know, stating she understood BOWEN conducted much of his business at Laredo, Texas. She said BOWEN indicated he intended to contact friends at Birmingham, Alabama, and at New Orleans, Louisiana, en route. He never identified these friends by name or address. She stated she expected BOWEN to reach Mexico on or before February 17, 1964.
